BALLINGER, TEXAS, THURSDAY, JUNE 23, 1955

NO. 15

Other Counties in State Road Improvement Plan

Runnels county citizens who live in road district No. 3 are studying provisions of two bond issues to be presented in an election set for Saturday, July 2. Both issues total \$350,000 and are for securing right-of-way for proposed expansion and improvement programs by the state highway department.

Citizens of other West Texas counties also are being called on to purchase land for new construction on highway 67.

The Brown County commissioners' court is preparing to purchase the right-of-way for a four-lane road from the northern edge of Brownwood to the Comanche County line.

The Comanche County commissioners' court also is preparing to close deeds for additional land needed for a four-lane highway from the western border of Comanche County to the Brown County line.

Both of the above projects on highway 67 are to be started as soon as all deeds are signed and are approved by the state highway department.

In Coleman County the commissioners' court has bought land for a cut-off four-lane route from Valera to Santa Anna. This route will miss Coleman by about 5 miles and will shorten the distance for traffic on 67.

In Runnels County the state authorities have proposed a four-lane highway from the Coleman County line to the Tom Green County line and a new bridge across the Colorado River in Ballinger. For this project a bond issue is sought in the amount of \$275,000. The issue is not county-wide but applies only to those living in the southern half of the county and the boundaries defined in road district No. 3, already established.

Tom Green County officials also are planning for improvements on highway 67 which call for a four-lane route from San Angelo to the Runnels County line, connecting with the new road being planned in this county.

A second road improvement project proposed for Runnels County is a new route on highway 83 from Hatchel to Ballinger. The July 2 election submits an issue to approve \$75,000 in bonds to acquire the new right-of-way.

The total road program proposed by the state highway department for this county calls for spending 5 to 6 million dollars of state and federal money.

The bond issues to be approved must receive a two-thirds majority in the district. They will be tax bonds and will call for about a 20 cent increase on the \$100 valuation. While the two issues are for \$350,000, county officials believe they can meet the state requirements with the sale of about \$250,000 of the bonds. Since the election was ordered, changes have been made on the routing of the road through Rowena which will save about \$100,000.

The 11 voting boxes in the district will be open from 8:00 a. m. to 7:00 p. m. Polling places are Ballinger No. 1, Ballinger 24, Ballinger 28, Ballinger 29, Benoit, Bethel, Offen, Rowena, Miles, Hagan, and Brookshier.

Two Counties' 4-H Girls To be Here June 28-30

A large number of 4-H club girls of two counties will hold their annual encampments in Ballinger next week.

Miss Laura Sharp, home demonstration agent, will accompany Concho County club girls here June 28 for a two-day meeting at the American Legion hall and in city park. Miss Sharp and the girls will move into the Legion hall Tuesday morning and remain there until after breakfast Wednesday, when they will go to the park to complete their program.

Miss Ollie Chenoweth and the Runnels County club girls will move into Legion hall Wednesday at 10:00 a. m. and remain there Wednesday and Thursday. Girls who attended the district encampment at Buffalo Gap will have charge of the recreational program for the county encampment and will

Fuqua to Operate Municipal Airport; Storage Provided

A deal was concluded by the Ballinger city commission and Ray Fuqua Tuesday whereby Mr. Fuqua takes over the municipal airport on a month to month basis.

J. W. Longnette, who has operated the airport for a number of years, recently turned it back to the city government to accept other employment.

Mr. Fuqua stated that he would station a man at the airport to service incoming planes and to provide storage. He will not employ a maintenance man but will give gasoline, oil and other services for planes.

The large hangar will be used for storage and Mr. Fuqua said Tuesday after making the contract with the commission that any automobile dealer in Ballinger may store new cars there without charge. He pointed to the need for this storage as shown in the hail storm at Winters recently when a large number of new cars on the outside were severely damaged. He will use the hangar for his own storage and makes the proposition to other dealers for new cars only.

Mr. Fuqua also stated that city authorities would have the privilege of storing equipment in the hangar.

The commission opened bids Tuesday and placed an order with Frank & Lanham Flynt Motors for a new pickup.

Enforcers on Go During Week-End On Various Cases

Law enforcement officers were kept busy the past week-end, making a number of arrests, conducting trials and investigations.

J. C. Steele was charged with worthless checking and a warrant for his arrest has been mailed to Blackwell.

Ted Edward Claborn paid a fine of \$163 for this county at Evanston, Wyoming, last week on a worthless checking charge.

R. E. Clayton Warren was fined \$150 on a reckless driving charge.

K. W. Touchstone was fined \$43.80 on a worthless checking charge.

Harry L. Walker and Erwin Ross were returned to the state penitentiary the past week-end. Walker received a two-year sentence after entering a plea of guilty to an oil field theft charge. Ross will be returned here later for trial.

L. C. Williams has been charged with child desertion. Officers said he was under bond on a theft charge but had not been rearrested.

Juan Escobar, charged with driving while intoxicated, was fined \$72.80 and remanded to jail for three days.

M. H. May paid a fine on a charge of worthless checking.

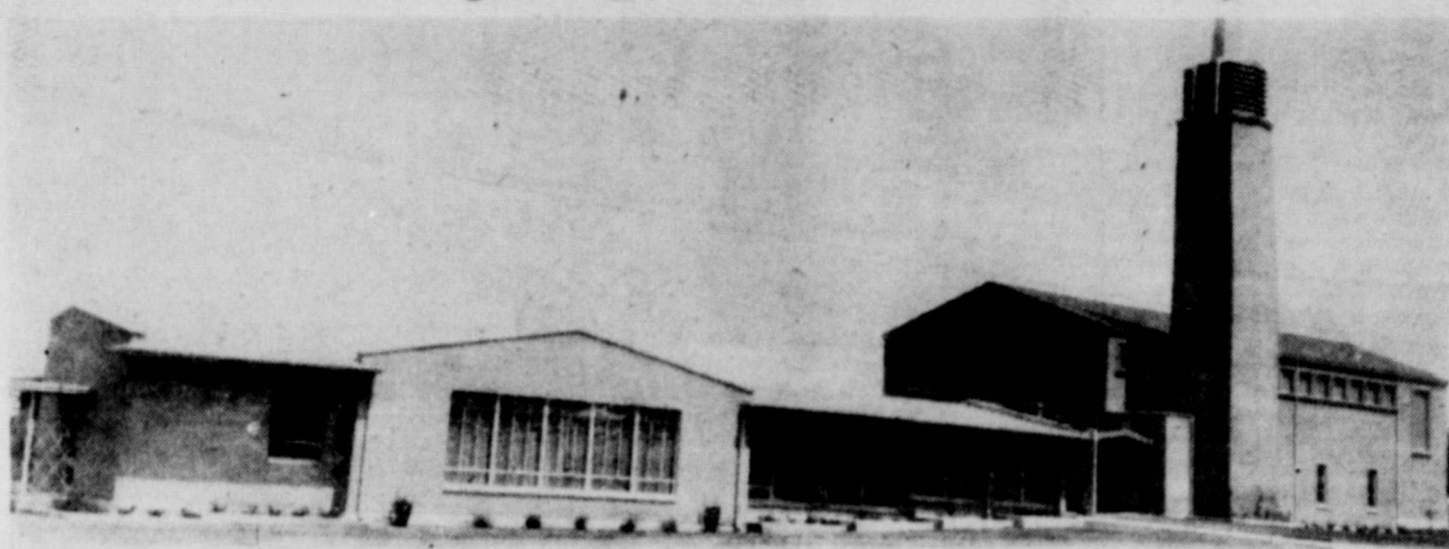

Jose Tina was confined to jail on an attempted burglary complaint.

The building committee said many items in the church have been contributed by friends and by individual members.

The new church covers an entire block and has a church school plant which will permit steady growth for many years. It is one story and there are no steps at any place in the building. A very modern kitchen and a large fellowship hall will provide facilities for any kind of social gatherings of the church membership and its young people. Eleven new pianos have been installed in the various departments which will permit musical programs in all phases of church meetings. Children's departments have every facility for teaching and entertaining the youngsters.

The sanctuary is modern, having beautiful lighting, art-glass windows in colors, foam-rubber upholstered pews and many other features that must

Formal Opening and Dedication Sunday

The new First Methodist Church, completed at a cost of more than half a million dollars, will be formally opened and dedicated Sunday. Services have been planned for the entire day. There will be an open house from 5:00 to 7:00 p. m., when the public is invited to tour the building and inspect departments and equipment. Special ushers will conduct visitors through the building.

First Methodist Church Opening And Dedication Service Sunday

Bishop William C. Martin

Dr. J. W. Whitefield

Dr. Wayne Reynolds

The new half a million dollar First Methodist Church of Ballinger will have its formal opening Sunday, with dedication by Bishop William C. Martin scheduled in the afternoon.

Final work on the church was done this week when the new \$25,000 Kilgen organ was installed and tested. Other work on the building has been finished for two weeks and all the furniture has been installed to receive the first session of the church school Sunday morning.

The ground-breaking ceremony for the new church was held in May, 1953. Construction began soon afterwards and was continued without interruption since. It was originally planned to have the church finished by Easter of this year, but changes, added features and improvements not included in the original contract, caused the delay.

The new church is a gift to the local membership by Mrs. J. F. Currie and Mr. and Mrs. Conda Wylie. In addition to the building, they also have given the year-round air-conditioning, carpets, much of the draperies, the organ, landscaping, lots and numerous other items.

The membership has provided the furniture, which is all new from the front to the rear of the building. Members also have provided the concrete walks and a number of other features.

Invitations have been sent to many former members and out-of-town friends of the church as well as all former pastors of these invitations have been received and large congregations are expected to attend all the services Sunday.

In the afternoon an open house and an organ recital are planned and the public is invited.

The building committee said many items in the church have been contributed by friends and by individual members.

The new church covers an entire block and has a church school plant which will permit steady growth for many years. It is one story and there are no steps at any place in the building. A very modern kitchen and a large fellowship hall will provide facilities for any kind of social gatherings of the church membership and its young people. Eleven new pianos have been installed in the various departments which will permit musical programs in all phases of church meetings. Children's departments have every facility for teaching and entertaining the youngsters.

The sanctuary is modern, having beautiful lighting, art-glass windows in colors, foam-rubber upholstered pews and many other features that must

be seen to be fully appreciated. Rev. Wayne Reynolds, pastor, has announced the following program for Sunday.

9:30 a. m., church school, all departments and classes to meet in their assigned spaces.

10:50 a. m., morning worship, Bishop William C. Martin to deliver the message. J. W. Whitefield, new Brownwood district superintendent, will offer the morning prayer. The pastor will read the scripture.

Dr. Francis Hinkel, head of the music department at McMurry College, Abilene, will direct the choir at the morning service and be at the organ. Mrs. Betty Berry Spain, of Fort Worth, sister of Mrs. Wayne Reynolds, will be guest soloist.

At the noon hour dinner will be served all the congregation in the fellowship hall.

At 2:30 p. m. the dedication service will be held in the sanctuary, Bishop Martin directing.

At 4:00 p. m. there will be an organ concert by Dr. Hinkel. From 5:00 to 7:00 p. m. there will be open house and a tour of the building. Members will be present to escort visitors through the entire church plant.

At 7:30 p. m. the pastor will bring the message for the evening worship and the choir will furnish special music.

Ballinger Students Register for Band School at McMurry

The annual summer vacation band school at McMurry College, Abilene, will have five students from Ballinger this year. Those who are pre-registered are Pati Cockrell, daughter of Mr. and Mrs. Frank S. Cockrell; Barbara Shapes, daughter of Mr. and Mrs. H. T. Shapes; Midge Adair, daughter of Mr. and Mrs. Cal Adair; Patricia Davis, daughter of Mr. and Mrs. Allen Davis; and Danny Baker, son of Mr. and Mrs. J. H. Baker.

Gary DeShazo, Ballinger high school band director, will serve on the 18-member instrumental staff at the summer school. An instructor on the cornet, he will be with the school the full time.

More than 150 high school and college bandmen and twirlers will attend the McMurry school. It will begin July 17 and close on July 30. Final enrollment is expected to exceed that of 1954 when 343 were registered.

Students will be housed in the dormitories at the college and will receive instructions in all phases of band.

Swim Program To be Started At Munny Pool

A summer swimming program has been announced by the operators of the municipal swimming pool. The program is to offer swimming instruction for the boys and girls of the community.

The instruction will be divided into ten lessons for those under 14 years of age. Twenty-five cents per lesson, or \$2.50 for the ten lessons, will be charged. This is for maintaining the pool during the morning hours merely to pay expenses.

Borden Worsham, a life guard at the pool, will have charge of the classes. He is a certified Red Cross and Y. M. C. A. swimmer. The lessons will be given on Tuesday, Wednesday, Thursday, Friday and Monday mornings of each week.

The following lessons have been scheduled:

First series, July 5 through July 18

Second series, July 19 through August 1

Third series, August 2 through August 15

Fourth series, August 16 through August 29

From 9:00 to 10:00 each morning will be for intermediates, 10:00 to 11:00 for one group of beginners, and from 11:00 to noon for the second group of beginners.

Those interested are asked to make application at the pool and sign application cards.

Wheat Referendum Carded Saturday In 6 Voting Boxes

The referendum to determine whether marketing quotas will be in effect for the 1956 wheat crop will be held in Runnels County Saturday.

M. W. McShan, chairman of the county agriculture stabilization and conservation committee, has made all arrangements for holding the referendum. Six polling places have been designated—at the court house, Ballinger, the city hall at Winters, the city hall at Miles and at Crews, Wingate and Norton.

Wheat growers have been notified of their wheat acreage allotments. All wheat producers who will have more than 15 acres of wheat to harvest in 1956 are eligible to vote. The quota program does not affect those who have less than 15 acres for harvesting in 1956. The program will be in operation only in the commercial wheat states.

If two-thirds of the wheat growers voting in the referendum approve, marketing quotas will continue in effect for the 1956 crop. This means price supports within a probable range of 75 to 82 per cent of parity will be available to those who stay within their farms' wheat acreage allotments. Any who exceed the larger of the farmer allotment or 15 acres will be subject to penalties to 45 per cent of parity on the excess production, and price support will not be available for any of their 1956 wheat crop.

If more than one-third of voters disapprove quotas, there will be no quotas or penalties for the 1956 crop but the available price support to farmers who do not exceed their farm wheat allotments will be 50 per cent of parity, as provided by law.

New officers are Joe Perry, worshipful master; Marvin Bird, senior warden; Eskell Powell, junior warden; J. B. Parker, Jr., senior deacon; E. T. Rodgers, junior deacon; Mack Bowers, secretary; George Mader, treasurer; Ralph Ballou, tiler.

Installation will be at a called meeting on June 28 at 8:00 p. m. in the Masonic hall.

Legion Post's 36th Anniversary Party Scheduled Monday

The Ballinger American Legion post will observe its 36th birthday anniversary Monday, June 27, at the post home, Bruce Field. The post was organized on June 28, 1919, and the annual celebration is being held one day early this year because of other reservations at the clubhouse.

Members are invited to come to the clubhouse any time they desire Monday afternoon and enjoy the fellowship of their buddies the remainder of the day.

W. B. Woody is chairman for the barbecue dinner which will be served starting at 6:30 p. m. and continue as long as members or guests arrive. The committee stated excellent beef had been secured for the dinner and arrangements are made for all the trimmings.

This celebration was first announced for June 28, but was changed to June 27 when the Concho County 4-H club girls asked to occupy the building on June 28, 29 and 30.

Letters are being mailed this week to all members of the post urging them to attend this meeting. In addition, there will be a number of visitors from other posts of the area and a number of former service men who desire to become members.

The barbecue dinner and meeting has been an annual affair more than 20 years.

Gardner Discovery Believed Indicated In Norton Vicinity

A Gardner sand discovery is indicated in West-Tex Drilling Co. No. 1-M. J. Barnhill, three miles east of Norton. On a drill-stem test between 4,547-55 feet, gas surfaced in two minutes and oil in 60 minutes. The project flowed oil seven minutes and was then closed. Operators were to drill a few feet deeper and test again.

Kenner Bros. Drilling Co. has set 5 1/2-inch casing to 4,334 feet, total depth in the Cambrian sand, in its No. 1-Hattie M. Harris, wildcat, in extreme southeastern Runnels County. The operator will perforate and test at this depth. Interest has centered on the well since rumors of a Cambrian showing. The location is 9 1/2 miles southeast of Ballinger.

Ballinger Tennis Players Take Matches By Default

The Jaycee tennis tournament for second division contestants, held at Stamford Saturday, resulted in all local players winning by default. Entered by the Ballinger Jaycees were Michael Murchison, Kenneth Wington, Buddy Stasney and Skeeter Pearce.

The Ballinger boys were not opposed and were automatically qualified.

Mr. and Mrs. Jimmy Russell and son, Mike, of Odessa, and Mrs. V. Hicks, of Fort Worth, were week-end guests in the home of their parents, Mr. and Mrs. Bob McFarland.

Runnels County Farm Bureau Plans Annual Barbecue Events

Directors of the Runnels County Farm Bureau held their regular monthly meeting here last Thursday night. After routine business was transacted discussions were held on a number of new items.

It was decided that the 1955 barbecue would be held in the Ballinger city park on August 17. Each Farm Bureau family will receive two free tickets and all pre-school children will be free. Others who attend will be charged 50 cents a plate.

A county-wide meeting was set for July 7, when plans for the queen's contest, a tractor-driving contest and other features will be considered. This program will be arranged and presented at the annual barbecue.

Each Bureau family will be mailed a letter with a return

The Hillcrest Drive-In Theatre was damaged \$10,000 or more late last Thursday afternoon when a small twister dipped in the area and blew down the tower and screen.

In destroying the big tower, twelve large telephone poles were snapped off even with the ground and two other large poles pulled from the ground. Guy-wires were snapped and the big screen piled into the driveway in a mass of wreckage.

Jack Scales, manager, stated that playground equipment immediately in front of the screen was unmovable and a large number of steel chairs, loose on the terrace, were not moved by the wind. People living in the vicinity were watching the cloud and stated they saw the funnel dip into the theatre and the big tower go down. Electric wires built into the screen were a mass of broken pieces after the storm.

A large crew began dismantling the tower Friday and will salvage all material worth using again. Mr. Scales stated that he would contact a special screen crew and get it here as soon as possible and that he hoped to be back in operation within about three weeks. In the meantime the program at the Hillcrest has been cancelled and an announcement of the reopening date will be made as soon as possible.

Mr. Scales stated Friday that the only insurance was a small amount carried on the neon sign on the entrance side of the tower. He estimated his loss at \$10,000 or possibly a little more.

Other damage in the city from the wind storm Thursday included a number of roofs having shingles blown off. Some trees were sheared of limbs and a number of antennas were blown down or badly bent.

Heaviest losses in this section were at Winters, where hail and wind combined to damage practically every house in the city. The new school building, completed only a few months ago, sustained about \$100,000 loss in smashed windows and water damage to the interior. The best crops in the county, just east of Winters, were beaten into the ground.

Insurance adjusters were in demand at Winters early Friday and will be kept busy several weeks before all claims are settled. Lumber yards were opened Thursday night to supply material needed to protect homes and business houses. It was reported Friday morning that all glass in stock at Winters had been sold and shipments were being rushed there to take care of the demand.

From two to four inches of rain accompanied the wind and hail at Winters.

Dr. and Mrs. Wayne Fowler, Jr., and son, Doug, of Dallas were here the past week-end for a visit with Mrs. Fowler's parents, Mr. and Mrs. Fred Holliday, and other relatives. Dr. Fowler left the first of the week for a few days fishing in Louisiana. Mrs. Fowler and son will join him at Dallas this week-end for a vacation cruise to Nassau and other points. After their return Dr. Fowler will enter the air force for two years service. Mrs. Fowler is the former Dorothy Holliday.

Mr. and Mrs. Jimmy Russell and son, Mike, of Odessa, and Mrs. V. Hicks, of Fort Worth, were week-end guests in the home of their parents, Mr. and Mrs. Bob McFarland.

Carpenter New Pastor of 7th St. Baptist Church

The membership of the Seventh Street Baptist Church in session Sunday, extended a call to Rev. O. D. Carpenter, formerly of Sweetwater. Rev. Carpenter accepted the call this week and will be here for his first service on July 3.

Rev. Carpenter has been pastor of the Westside Baptist Church, Sweetwater, where he has served for the past 20 months. Just before going to

Sweetwater he was pastor of the First Baptist Church of Bangs for more than four years. He is a graduate of Howard Payne College, Wood, and has training in Southwestern Baptist Theological Seminary, Fort Worth.

Rev. and Mrs. Carpenter have three daughters, two in junior high school, one a sophomore in high school, and a son one year old.

A revival for the church will start on July 8 and continue through July 17. Rev. Carpenter will do the preaching and Rev. Darwin E. Welsh, of Artesia, Colorado, will have charge of the music.

Available in 3 grades—SAE 10W, SAE 20/20W, SAE 30. Lets you follow your car manufacturer's recommendation for each season.

...the **only** motor oil in the world **super-refined** by the Alchlor Process for modern high-compression engines.

Not a compromise, multi-viscosity oil that tries to be an "all-season," "three-grades-in-one" oil. Contains no artificial thickeners that break down in your engine and increase oil consumption.

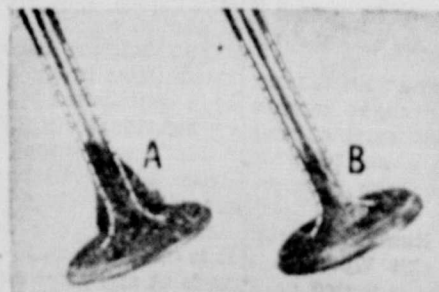

This completely new kind of motor oil—made possible by Gulf's exclusive Alchlor Process—is available in 3 grades to give you the finest protection, the best oil mileage for your make of car—in every season.

- **Controls carbon**—cause of knock, pre-ignition, valve failure and loss of power in high-compression engines.
- **Combats corrosive acids**, rust and deposits that build up on engine parts. Keeps hydraulic valve lifters quiet and free-acting.
- **Assures lower oil consumption** than the multi-viscosity "all-season" motor oils, because it has natural viscosity and contains no artificial thickeners that break down in your engine.
- **Provides the toughest protective film** ever developed in a motor oil . . . assures better engine protection for all cars under all driving conditions.

Your First National Bank is proud of its record of sixty-nine years of safe banking in Ballinger.

Starting on the birthday of Ballinger, this bank has rendered continuous service to the people who came to this section and who have been responsible for its growth, progress and development. During these 69 years this area has progressed from the open range to a highly diversified farming and stock raising section. In recent years oil development has come to the county and this industry has done much during the dry years to keep our prosperity alive. Officers and directors of this bank have kept abreast with the fast changing developments and have always advocated better living conditions for the people we serve.

On this, our 69th anniversary, we desire to again express our appreciation to the many loyal patrons and true friends who have made our successful operation possible. May we again wish for each of you a full share of health and prosperity.

Activities Planned For Country Club Members July 4th

Ballinger Country Club members and their families are preparing for a full day of activities at their annual Fourth of July party this year. The program will start at 6:00 a. m. when women golfers tee off in their tournament. They will start early in order to clear the course for the men's tournament, which will begin at 7:00 a. m. and continue the rest of the day.

More than 30 golfers are expected to compete in four flights for the club championship. Sam Conner, defending champion, will occupy the No. 1 slot in the championship flight. George Newby, chairman of the fishing contest committee, states that some attractive prizes have been posted and that the biggest catches in several classes will be declared the winners.

The bridge tournament will commence at 9:00 a. m. and

scores will be checked and prizes awarded just before noon. All who desire to play are urged to be on hand by the time set.

Dominoes and other games for men will be under the direction of A. McGregor and will be in progress all day. A full barbecue dinner is to be served at the noon hour and at night a dance will be sponsored by a club committee.

Directors have voted that members may bring out-of-town guests free and local guests are permitted by making reservations and paying for their meals.

RED CROSS RELIEF OFFICE FUNCTIONING AT WINTERS

The disaster committee of the American Red Cross has opened an office at Winters to assist those who sustained damages in the hail and wind storm there last Thursday.

An office was opened the past week-end after a survey by the county disaster chairman and co-workers. A field representative arrived Tuesday morning and will keep the office open until Saturday noon.

All those who cannot recover from their losses without undue hardship will receive Red Cross assistance. Applications will be taken until noon Saturday and will then be passed on by a board.

Mr. and Mrs. Joe Forester will leave this week-end on their annual vacation trip. They will stop at Memphis, Washington, D. C., New York city, and will go from there into Canada and return home by another route. They also plan to visit relatives en route.

T-B Association Committee Meets

Rev. Felix Keys, president, conducted the business when the Runnels County Tuberculosis Association executive committee held a special meeting in the office of County Judge W. H. Ramey at the court house Tuesday afternoon. At this meeting the association recognized its joint responsibility with physicians of the county on the tuberculosis program, and adopted the following policies with regard to joint efforts. Recommendations: financial policies, that the association

assume joint financial responsibility until funds are depleted, not to exceed \$5.00 on X-rays in the county. No allowance is made for laboratory work at this time. Bills to be rendered on 30-day basis. The association will assume expenses of charity cases treated by the county's physicians. All charity cases will be investigated for approval or disapproval for their status by the executive secretary with recommendations from the case finding committee. This in no way changes the established policy that school children shall be referred for charity treatment to their family physician recommended by the

school health nurse and school authorities. All medical bills must be approved by the executive board. And it was recommended that the Christmas seal supplies for the coming year be paid by the secretary, Alvin Holbrook. The committee voted to hold quarterly meetings on the third Thursday of each quarter. A directors dinner meeting will be held at 8:00 p.m. on Thursday, June 30, at the Acapulco Cafe. The county case finding committee is composed of Judge Ramey, Dr. John E. Green, Jr., Dr. L. L. Downing, Mrs. Aurelia Webb, all of Ballinger; and Dr.

Henry McCreight and Mrs. Fred Young, both of Winters. **COMPTON FAMILY REUNION TO BE HELD ON JUNE 25, 26** Descendants of the L. W. Comptons will assemble at the

Ballinger city park for a two-day family reunion on June 25 and 26. This is the first time in several years that the family has held a get-together. Children to be present with their

families are: Mr. and Mrs. Claude Compton, of California; J. R. Compton and Bruce Compton, both of Houston; Lloyd Compton and Ernest Compton, both of Winters; Mrs. R. R. Holstead and Mrs. A.

Willingham, both of Ballinger. Other relatives attending will be here from Ranger, Kerrville, Lubbock, Winters, Colorado City, El Paso and New York. Friends of the Compton fam-

ily who wish to visit with them will find them at tables 6 and 9 at city park. Mrs. J. D. McNutt and Mrs. L. L. Stroble returned home Friday from a visit to relatives and friends at Brenham.

BUICK SPECIAL 2-Door, 6-Passenger Riviera, Model 462

They're making it the **BIGGEST-SELLING BUICK OF ALL TIME**

Maybe you'd better see for yourself why folks just won't do without this great car

PEOPLE say success makes success—but we say people make success, and how!

It's people—just like you—who are snowballing Buick sales this year to an all-time peak.

It's people—just like your neighbors down the street—who are snapping up these gorgeous new Buicks almost as fast as we get them from the factory, and causing Buick production to climb to new levels every month, to handle the unparalleled demand.

And it's people—just about from every walk of life—who keep Buick sales soaring without letup—and who have moved Buick more solidly than ever

into the charmed circle of America's top best sellers.

But why? Why this phenomenal swing to Buick on the part of people who can choose any new car?

Because Buick's a buy—definitely.

And because it's a bold beauty that catches the eye and holds it—that's for sure.

And certainly because it's supremely level of ride—and a sweet joy to handle—and a mighty bundle of high-voltage V8 power to melt away the miles and the high hills.

But most of all, because Buick this year is a performer like no earthbound vehicle ever was before...

Because Buick—and only Buick—has the airplane-principled magic of Variable Pitch Dynaflo* where you switch the pitch for big gas savings in cruising—or for whip-quick getaway response and acceleration when you need a sudden safety-surge.

It's sheer thrill, and pure pleasure, and a big boon to your gasoline budget—and you really ought to try it.

Come visit us soon—this week, at the latest—and see for yourself why this is the car folks just won't do without—the biggest-selling Buick of all time.

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

SOCIETY

Mrs. Olsak Hostess to Sewing Club

Mrs. Charles Olsak was hostess to the Art and Needle Club Tuesday afternoon, entertaining in her home in Wilke Terrace, which was decorated with bouquets of daisies and other garden flowers.

Mrs. E. C. Schott was the birthday celebrant and a gift was presented her from the club. Games of bingo provided diversion. A sandwich plate was served with cake and punch to members and the following visitors: Mmes. E. F. Krc, Paul Harral, and Kenneth Feist, of Rowena.

Individual sewing will be done at the next meeting on July 19, in the home of Mrs. Schott on Fourth Street.

Atkins-Doescher Marriage Vows Read in Columbus Church

In St. Albans Episcopal Church, Columbus, Ohio, at 3:30 p. m., June 11, Miss Lois Marilyn Doescher became the bride of First Lieutenant Marvin C. Atkins, son of Mrs. J. F. McCullough, of Mesquite; and the late Marvin C. Atkins, of Ballinger. Lt. Atkins' parents moved from Ballinger to Bryan and he graduated from Texas A. & M. College, receiving a B. S. degree. Later Lt. Atkins received a Master of Science degree in Physics from the University of Illinois and was a member of Phi Kappa Phi fraternity. He is now serving with the United States Air Forces and is stationed at Wright-Patterson AFB, Dayton, Ohio.

The bride is the daughter of Mr. and Mrs. Wilfred C. Doescher, of Houlton, Maine. She graduated from the University of Maine, where she was a

Following a wedding trip, Lt. and Mrs. Atkins will be in Cambridge, Massachusetts; where Lt. Atkins will do research studies at Harvard. After August 1, the couple will be at home at 5078 Cobb Drive, Dayton, Ohio.

Following a happy get-together, individual gifts were presented Mrs. Wesson. Ice cream was served with cake. The Wessons have made home here for several years. Mr. Wesson, employed by Ace Drilling Co., is being transferred to Abilene.

Current Book Club Has Picnic at Park

Members of the Current Book Club included their husbands for their annual picnic supper, held at City Park.

Following the covered dish menu, the group played forty-two in the home of Mr. and Mrs. J. W. Barr on Seventh Street, which was decorated with arrangements of zinnias and other garden flowers.

Attending were: Messrs. and Mmes. Chester Cherry, James A. Wear, K. V. Northington, A. B. Stobaugh, J. O. Satterwhite, Tom Caudle, O. R. O'Neill, J. W. Barr, Jack Nixon, Sam Behringer, E. A. Saunders; and Mrs.

Gertrude Woods. Visitors were: Mrs. R. D. Sanderson, of Brownwood; Mrs. Edna Tillery, of Lawton, Oklahoma; Mrs. E. L. Williamson, Mrs. Sally Tillery, and Mr. and Mrs. A. H. Dallinger.

Louisiana Visitors Entertained at Supper, Theatre Party

Lawrence Melancon, Warren Wax and Jessie Searles, house guests in the home of Mr. and Mrs. C. A. Berry, were entertained at a picnic supper in City Park Monday night. A theatre party followed.

Others were: Carol Sue Berry, Jo Ann Gard, Mary Ann Buchanan, Mary Mauldin, Carolyn Davidson, and Linda Gorman, of San Antonio.

Other visitors in the Berry home were Mr. and Mrs. Mack Melancon, of San Antonio; and Mrs. S. N. Baggett, of Abilene.

A-3c Hallmark Named Honor Guest

A-3c Daniel Hallmark, who had been stationed at Lackland AFB, San Antonio, is leaving today for San Francisco, where he will depart for overseas duty in Korea.

While visiting his parents, Mr. and Mrs. I. N. Hallmark, several weeks he was honored at two family get-togethers. One affair was a dinner in the home of his parents on Twelfth Street last Sunday.

Attending were: Messrs. and Mmes. Herman Hallmark and family, Eugene Baker, Raymond Holland; and Miss Mildred Hallmark, all of Ballinger; Mr.

and Mrs. Thomas Alexander, of San Angelo; Mr. and Mrs. Curtis Patton and daughter, of Norton; Mr. and Mrs. Dudley Atwood, of Paint Rock.

On Tuesday night another farewell party was hosted by the honor guest's brother-in-law and sister, Mr. and Mrs. Eugene Baker, in their home on the Paint Rock highway. Mr. and Mrs. I. N. Hallmark and all the relatives attending the Sunday dinner were present. Mrs. Otto Wood was an added guest.

Garden Club Members Asked to Help in Library Project

All members of the Ballinger Civic-Garden Club who are willing to participate in launching the library project, by volunteering to help with the cataloging and classifying of books, are urged to call Mrs. J. W. Barr, 5802, or Mrs. C. A. Berry, 9131.

FUNERAL FOR PIONEER TO BE HELD TOMORROW

Mrs. W. W. Embry, 92, died at the home of a daughter, Mrs. Sellers, at Marfa Wednesday.

The body will be brought here today in a Newby-Davis funeral coach and burial will be in Evergreen Cemetery Friday.

Mrs. Embry made home in Ballinger a number of years ago but had been living at Marfa the past ten years.

No other information was available here this morning.

CREWS HOME DEMONSTRATION CLUB

Members of the Crews home demonstration club answered roll call at the meeting Friday with "A Person I Admire in the News." Mrs. Ed McMillan read the minutes and Mrs. Bunn Jeffreys gave the council meeting report. The Rally Day menu and skit were planned.

Mrs. Owen Bragg showed kitchen linens and gave an interesting talk on the most useful and practical linens.

Mrs. Marion Wood served German sweet chocolate cake and drinks to six members. Visitors were Mrs. Clara Fisher and Mrs. Jim Floris, of San Jose, California.

Card of Thanks

The recent bereavement which visited our home has brought to us a greater appreciation of our many friends. Especially do we thank Dr. Green, Newby-Davis Funeral Home, friends and members of the Church. Such kindness and neighborly thoughtfulness can never be forgotten.

Get on the BANDWAGON!

We're "Sell-a-brating" with Leadership Deals on brand new '55 **Fords!**

Summer Bandwagon Sell-a-bration Now going on!

All year long we've been selling new Fords at a Leadership pace. Now we're "Sell-a-brating" in advance what looks like the most successful sales year in Ford history. We're offering Leadership Deals on all '55 Fords—so you share the benefits.

Why not hop on the Ford Bandwagon—join the big swing to Ford—get in on a deal that spells savings to you—now while our summer "Sell-a-bration" is in full swing—now while your present car is worth its top dollar—now while you can enjoy a full summer of fun in America's trend-setting, "GO"-leading, "worth-more" car—the brilliant '55 Ford. Come in at your earliest—come get our "best"!

V-8 POWER from the V-8 leader... that's what you get in a Ford. And Ford's Trigger-Torque "go" means more than just trigger-quick action on take-offs. It gives you a whole new feeling of confidence and security in traffic or on the open road.

YEARS-AHEAD LOOKS... you see it in every Thunderbird-inspired line. For, this '55 Ford is truly the styling "trend-setter." Perhaps you've noticed, too, you see more and more Fords in front of homes where formerly only costlier cars were parked.

SMOOTHER GOING... and you'll go more places! The reason? Ford's revolutionary Ball-Joint Front Suspension is better than ever. For '55, springs are fitted back to absorb bumps from the front as well as up and down. You'll find even the smooth roads seem smoother!

Golden Wedding Anniversary Celebrated by Couple

Mr. and Mrs. W. L. Berry celebrated their Golden Wedding anniversary Sunday with open house at their home from 2:00 until 6:00 p. m.

The couple married at Comanche on June 18, 1905. They moved to Rannels County in 1921 and have been residing in the county ever since.

Their children were hosts at the open house. The four sons and two daughters and their families were: Mr. and Mrs. Eargle Berry and six children, of Clovis, New Mexico; Mr. and Mrs. Charles Berry and daughter, Claudine, of Crews; Mr. and Mrs. Earl Berry and daughter, Caranita, of Houston; Mr. and Mrs. Lawrence Berry and two sons, of Houston; Mrs. A. W. Pape and children of Portales, New Mexico; and Mrs. O. L. Curbo and Mr. Curbo and three daughters, of Hobbs, New Mexico.

Arrangements of daisies were used to feature the golden anniversary theme. The three-tiered cake was decorated with yellow rosebuds and topped with the golden numerals "50" and a miniature bride and groom.

Granddaughters of the honored couple registered guests, served the cake and punch, and displayed the many gifts.

There are 27 grandchildren and 7 great-grandchildren.

Methodist Philathea Class Meets in Richardson Home

Mrs. Paul Richardson, Mrs. R. P. Virden and Mrs. R. L. Bell were hostesses to the Philathea Class of the First Methodist Church Monday evening, enter-

taining in the Richardson home on Tenth Street, which was decorated with arrangements of summer garden flowers.

Mrs. Claude R. Stone, president, was in charge of the business. Plans for the morning worship service in the new church were discussed and the class period was planned. Mrs.

Guy Middleton gave the opening prayer and Mrs. Tom Caudle presented the lesson, "Jesus Our Ideal in Temptation," from the study book, "Jesus Our Ideal," by W. P. Whaley.

Birthday celebrants were Mrs. Richardson, Mrs. E. E. Avey and Mrs. W. M. Gray.

The hostesses served cookies and fruit punch to those previously mentioned and: Mmes. J. H. Martin, Sam Behringer, Sid Caskey, Marion Hays, Lemmie Davis, O. R. O'Neill, Felix Itz, Mack Setzer, J. E. Smith, Troy Simpson and E. L. Williamson.

Carrier pigeons fly from 20 to 30 miles an hour.

Mr. and Mrs. Herman Price and son, Paul, returned home Monday night from Dallas. Paul underwent bone surgery at Baylor Hospital last week, and because of his rapid recovery, was able to be brought home.

Nine Hostesses at Gift Party for Miss Davidson

A miscellaneous gift party in the home of Mrs. Joe Hambricht, 707 Third Street, Tuesday afternoon honored Miss Carolyn Jane Davidson.

Miss Davidson will be married Friday evening at 8:00 o'clock to Leroy Armstrong in the

First Baptist Church.

Hostesses with Mrs. Hambricht were Mmes. Flay Breward, Stanley Price, Lee Tabor, Ray Summers, C. A. Berry, Bill Manning, Don Atkins and Toni Queen.

Greeting guests was Mrs. Hambricht, who presented Mrs. M. A. Davidson and her

daughter, the honoree.

The tea table was laid with a cutwork cloth and centered with yellow Majestic daisies intermingled with white wedding bells topped with yellow maline bows on yellow chenille stem holders. The bride-elect's chosen colors, yellow and white, were used for the decorating theme.

Mrs. Price ladeled punch and Mrs. Summers served cake squares iced in white and decorated with yellow rosebuds. Others assisting in the dining room were Misses Jo Ann Gard and Carol Sue Berry.

Miss Mary Ann Buchanan registered friends of the honoree. More than 100 were included.

Omicron Psi Chapter Entertained by Mrs. Reneau

Omicron Psi Chapter of Beta Sigma Phi met in the home of Mrs. J. D. Reneau on Monday evening.

After the opening ritual was repeated Mrs. E. Y. Bailey, president, conducted the business period. Final plans were made for a Bake Sale to be held at the Lone Star Gas Co. office Saturday, June 25, from 8:00 a. m. to noon. Names were drawn for secret pals to be disclosed on Founders Day, April 30. The closing ritual was repeated.

KILLS FLIES LIKE MAGIC!

We've never seen anything like it! This new Purina Fly Bait kills flies while you watch—and keeps it up for weeks on end. You just scatter the little dry particles where flies congregate—in barns, feed rooms, poultry houses, even outside—and Purina Fly Bait does the rest.

Before you buy any fly control, stop by the store and see this brand new product kill flies while you watch. It comes in handy 2-lb. shaker-top cans or in 10- and 25-lb. bags. And say, you'll like the low, low price tag on Fly Bait. Stop by the first chance you get.

Wilson President Quarterback Club; Projects Planned

The Bearcat Quarterback Club held its first meeting of the year Monday night. Reports for the past year were heard and the retiring president, E. B. Underwood, called for the election of officers.
Dock Wilson was selected as the new president; Weyman Mason, vice-president; and Otis Jacob, secretary-treasurer. The standing committees will be named in the near future.
A committee was appointed to investigate the purchasing of an oxygen tank and mask to be used by the football team.
The club will again provide a chartered bus for all out-of-town trips for the team.
The members voted to again stage a football preview this year and set the night of September 8 for this program. The band, yell section, coaches and all teams from the seventh grade up will be presented to the fans on this occasion.
The club will make an effort to form a women's auxiliary and will strive for a larger membership. Dues were set at \$2 and fans may join now by seeing the secretary and paying the fee.
During the football season the club will see pictures of each game the week after it is played.
Coach Bill Scoggins talked to the members Monday night and gave a preview of prospects. The coach stated that there would be eleven good men but reserve material was short.

Local Soil District Enters National Conservation Plan

The Runnels County soil conservation district has entered the national soil conservation awards program sponsored by the Goodyear Rubber Co. of Akron, Ohio. This was announced the past week-end by W. J. Halfmann, district chairman, of Olfen.
Members of this county's district will compete against other districts in the state. Non-partisan judging committees, selected from outstanding exponents of the soil conservation movement in Texas, will determine the state's outstanding district for the period of May 1, 1955, to March 31, 1956, on a basis of total points scored in performance of regular district duties.
Grand award for one member of each winning district and the top cooperating farmer or ranchman named by the district, will be a one-week, free-expense vacation trip to Goodyear's fabulous winter resort, the Wigwam guest ranch, Litchfield Park, Arizona. This trip will be in December, 1956.
Members of the Runnels County governing body who will compete for the award are: W. J. Halfmann, Kirby Robinson, Bill Minzenauer, Jake Pressley and H. Giesecke, Jr.
National winners of the awards will be honored at the seven regular area meetings and at the meeting of the National Association of Soil Conservation Districts. Plaques will be awarded at state meetings to the hundred first and second place winning districts.

Winters Showdeo Boosters Perform In Publicity Tour

A delegation of Winters citizens visited Ballinger Monday afternoon on an advertising trip for the annual Showdeo which opens tonight and continues through Saturday night.
Performances will be presented at the Blizzard football field and an excellent program is booked for each night. Features are all the usual rodeo contests plus a number of the best specialty entertainment acts available.
The show will open with a huge parade late this afternoon in which all livestock will be featured as well as decorated cars and other entries.
The boosters in Ballinger Monday stopped for a short street performance with a band and other entertainers. During their stay, young women distributed publicity in all local stores and to spectators on the streets.
Ballinger will be well represented each night of the show. Buster Berryhill, of Ballinger, will be one of the clowns in the three performances.
Mrs. Roy Worley and sons, of Big Spring, visited Mr. and Mrs. Bill Moore the past week-end.

Mrs. M. J. Lawless died at Hendricks Memorial Hospital, Abilene, Tuesday afternoon following illness of three weeks.
Decedent made home in Ballinger from 1949 until January of this year. She moved to Ballinger from McCamey.
Funeral services will be held at 3:00 p. m. today at the First Methodist Church of McCamey and interment will follow there.
Survivors are three daughters, Mrs. Jake Cole, and Mrs. A. L. Corley, Erwin, Mrs. O. D. Uecker, Cross Plains; three sons, M. M. Lawless, Abilene; J. T. Lawless, Louisville, Kentucky; G. H. Lawless, Midland.

MISS WOOL CONTEST DATES ANNOUNCED
The Texas Sheep and Goat Raisers Association and the San Angelo Board of City Development are seeking entries for the 1955 Miss Wool contest. Girls between 18 and 25 are eligible to enter.
Miss Wool will be designated queen of the wool industry during Wool Fiesta Week at San Angelo, August 31 to September 3. Coronation ceremonies will highlight the event.
Requests for contest entry blanks should be addressed to Miss Wool, Box 712, San Angelo. Applications must be returned and postmarked not later than July 31.
Miss Wool will be awarded a \$4,000 all-wool wardrobe plus expense-paid tours of the style centers of America as goodwill ambassador for the wool industry. She will be spotlighted at conventions, on state and national television shows and will model at some of the nation's top fashion shows.
Talent is equally important with beauty to win. Candidates must wear a size 12 garment, be at least 5 feet 6 inches tall and have never been married.

BIRTHS
Mr. and Mrs. W. F. Robison, of Burkburnett, are parents of a son, Jerry Lynn, born June 18. The young man weighed 8 pounds 1 ounce at birth. Mr. Robison formerly was employed by several firms here and the family made home in Ballinger.
Mr. and Mrs. J. W. Morrison and grandson, Bill Morrison, of Bell, California, will visit in the home of Mrs. Lemmie Travis this week-end and attend the dedication of the new Methodist Church.

In Program Here Tuesday

The Starlight Sisters, of Abilene, and the Gatin Trio will appear in a special program at 8:00 p. m. Tuesday at the high school gymnasium. This program is sponsored by the Virginia Douglass Sunday school class of the First Methodist Church. Admission prices are 25 and 50 cents.

M-O-O-ONA LISA—Metropolitan Opera singer Herta Glaz displays that enigmatic smile to match your wonderment at what she's doing with a glass of milk. As costumed for the role of the countess in Giordano's opera, "Andrea Chenier," something more bubbly would seem to be in order. However, no matter what the role, Herta sings the praises of milk as a quick-energy drink. Her favorite formula: one cup milk, one teaspoon coffee extract, two drops vanilla, sugar to taste. Mix well.

of the local church and Rev. and Mrs. A. O. Rue also were present. Good reports were submitted by churches of this district.

At noon a barbecue dinner was served at the Menard church for all delegates and visitors.

'12-Mile Reef,' 'Tarzan Escapes' Twin Features at Horseshoe Opening Today

The first film to combine the wonders of nature and the CinemaScope panoramic process in Technicolor is 20th Century-Fox's "Beneath the 12-Mile Reef," to be shown on the twin-bill at the Horseshoe Drive-In Theatre today, tomorrow and Saturday. The film story which tells of the rugged men who gather sponges off our Florida coast is filled with breathtaking, actionful undersea episodes. Robert Wagner, Terry Moore and Gilbert Roland are starred.

The No. 2 feature at the Horseshoe today through Saturday is "Tarzan Escapes," an original M-G-M Tarzan hit. In this film Johnny Weissmuller, the swimming champion who became a film star, competes against the all-star athletes of the African jungle, beating them at their own game. As part of the thrilling action, Weissmuller leaves a school of saw-toothed crocodiles so far behind that they remain in the primary class.

Universal's "Chief Crazy Horse," in Technicolor, is one of two feature attractions at the Horseshoe Sunday and Monday, June 26, 27. The picture was filmed in CinemaScope against authentic backgrounds in South Dakota. Victor Mature, Suzan Ball and John Lund are starred in the action film, with Mature cast in the title role.

"Her Twelve Men," the M-G-M comedy-romance starring Greer Garson, Robert Ryan and Barry Sullivan, is the second attraction for the Sunday and Monday program. Miss Garson discloses her comedy talent as the only woman teacher in a boys' boarding school, a "creep" to her class, but in a class by herself when the lesson is romance. The Anasco Color picture also

marks a radical departure for Ryan, who is seen as a "hep" teacher who not only knows how to keep the boys in line, but has the girls forming one from the right. Sullivan enacts the father of one of Miss Garson's pupils, who ends up paying more attention to teacher than to his son. Prominent in supporting parts are Barbara Lawrence, Richard Haydn, James Arness and a group of outstanding juvenile actors.

The double-bill at the Horseshoe Tuesday and Wednesday, June 28, 29, is composed of "Act of Love," starring Kirk Douglas, and "The Iron Mistress," starring Alan Ladd and Virginia Mayo, a Technicolor production.

Lions hear humorous address by minister. Orland W. Rury, minister of the Eighth Street Church of Christ, was guest speaker at the Ballinger Lions Club program Friday noon. The speaker took a humorous theme for this talk and gazed into his crystal ball to give his version of a number of local members.

E. B. Underwood, president, stated that the program next Friday would be the installation of officers. The new leaders will assume their duties at the first meeting in July and all new committees will start functioning at that time. Lions were urged to attend the meeting which will conclude the year's work.

Lintz's PRESENTS FOR FALL '55

WOW!
ONLY \$15.95

- 2-pc. 100% WOOL suits
- Fully lined jackets
- New H-line styling
- Fashion-right colors

They're newly relaxed in line, detailed in a very 1955 manner, and ready to go on the campus, on the job or on the town. The jackets are fully lined, the skirts are arrow-narrow, pocketed, and have a walking pleat in back. They're of fine all-wool flannel or all-wool tweed that tailors nicely, looks expensive and wears well. Good basic colors that take to accessories. Truly the suit buy of the year!

When it comes to Protection ... it pays to have the BEST

A good, big placard could often prove a friend indeed to the old-time song and dance man—but it was too late to order a bigger sign after the eggs had started flying. Dependable insurance is like that, too. It's one thing you can't buy when you need it most. After an accident or loss has occurred, it's too late to get better insurance if the policy you have proves unsatisfactory. So don't gamble with "cheap" insurance. Buy only the BEST—and buy it today.

Latest Method for Canning Vegetables

By Miss Ollie Chenoweth
County Home Demonstration Agent

The one-step cold pack method is making the job of home canning for certain vegetables easier than ever.

Extension food and nutrition specialists say that this new method can now be used for canning fresh lima beans, snap beans, carrots, cream style corn, whole kernel corn, blackeyed peas, English peas and summer squash.

Following are instructions for the one-step, cold pack method for canning certain vegetables:

Fresh Lima Beans
Can only young, tender beans.

Shell and wash. Without pre-cooking pour beans into a clean jar to one inch of top for pints and 1½ inch of top for quarts for the small bean type. For the large beans of the "baby potato" type fill to ¾ inch of top for pints and 1¼ for quarts. Beans should be raked level with fork before measuring, but should not be pushed or shaken down. To do so would increase the amount of beans in the jar and give a poor fill. Add ½ teaspoon salt to pints and 1 teaspoon to quarts. Fill jar level full of boiling water. Seal with two-piece closure, being careful that no food particles remain on top of jar to cause a poor seal. Process in pressure canner at 10 pounds pressure, 240 degrees, 40 minutes for pints and 50 minutes for quarts.

Snap Beans
Trim edges, cut into 1 inch pieces and pack raw beans to ½ inch of top. Cover with boiling water, leaving ½ inch space at top of jar. Add ½ teaspoon salt to pints and 1 teaspoon to quarts. Adjust jar lids and process in pressure canner

MAMALESS MEAL—This little piggy is going to market, but not until long after he's been weaned on a new, dry-meal diet developed by Petrus J. Geering, who is holding him. The Chicagoan says that feed tubs pictured represent sufficient food to wean one piglet, could increase pork production by 25 per cent at less cost than usual weaning methods.

at 10 pounds, 240 degrees, 20 minutes for pints and 25 minutes for quarts. As soon as you remove jars from canner, complete seals if closures are not self-sealing type.

Carrots

Wash and scrape carrots. Slice or dice. Without pre-cooking, pour carrots slowly into clean jars, shaking and bumping to get a tight pack. Press carrots under neck of jar until they

Runnels County 4-H Club News

Olle Chenoweth
John A. Barton
Jim Harralson

The 4-H clubs of the county are busy getting judging teams lined up to participate in next year's judging contest.

The Ballinger, Cochran and Drasco clubs are working on methods to raise money for educational tours. They have not decided where they will go on these tours, but as a whole they want to visit registered herds and flocks and also to study other farming and ranching methods. It was suggested at the Drasco club meeting that money be raised by having a watermelon supper.

Bob Webb, of the Drasco 4-H club, is feeding three fine Hereford calves for next spring's shows.

Obie Dee Bradford, of the Cochran club, is home from college. He won a scholarship to Texas A. & M. College while a 4-H club member.

Boys who will act as insect reporters for the county are: James Schroeder, John Jackson and Morris Carl Shott, Cochran club; Hilmer Halfmann, Clyde Halfmann and Leon Franke, St. Joseph's senior club; James Englert and Patrick Halfmann, Olfen club, and two members of the Drasco club.

Colored films on Wildlife and sheep shearing were shown to the club members. Roundup

Your 4-H emblem symbolizes worth-while ideals and goals — and the combination of get-up-and-go and stick-to-it-iveness that makes for successful farmers and responsible citizens. You bring that quality to your Club work, and the work helps to develop it.

BALLINGERITE'S FATHER PASSES AWAY AT BRADY
Funeral services were held Tuesday, June 14, in Wilkerson Funeral Chapel at Brady for Guy Smith, 97, Brady resident 47 years, who died at his home the day before.

Born December 14, 1857, in Hill County, decedent came to Brady in 1908. One of the oldest men in McCulloch County, he was a nephew of Gen. Ben McCulloch, for whom the county is named.

Survivors include two sons, both residing in California; Mrs. M. A. Davidson, of Ballinger, one of the five daughters surviving; 14 grandchildren and 11 great-grandchildren.

Dr. and Mrs. John E. Green, Jr., and daughter, Peggy, were in Dallas the past week end.

**WEST TEXAS
NOTES**

Runnels County has been hit hard by weather this year and now, at the very end of the planting season, has poor prospects for crop production. Dry weather prevailed until planting in most sections of the county was postponed later than usual. The northern portion of the county got sufficient moisture for regular planting and had fair prospects until a hail storm wiped out much of the acreage last Thursday. A dust storm, driven by a fierce wind, a week before had cut most of the tender plants off even with the ground and farmers have been working day and night to reseed fields where there was enough moisture. Damage other than to crops also has been heavy all over the county from wind, sand and hail. It will take continuing summer rains and a late fall to permit replanting and making a crop. Coming after five dry years it is a hard blow to the county's economy.

Citizens of the southern part of Runnels County must decide an important question on July 2 when they are given the opportunity to approve a \$350,000 bond issue which would insure a highway building program during the next several years and expenditures by the state and federal governments of five to six million dollars. Authorization of the bonds requires a two-thirds majority and so far there has been little talk about the proposals either for or against. It is a matter of such importance that practically every eligible voter should cast a ballot. Approval of the bonds will increase local taxes a small amount. It is estimated that 20 cents on the \$100 valuation will be necessary to take care of the interest and retire the bonds in a 20-year period. While \$350,000 is the total for the two issues, county officials now believe only about \$250,000 will be needed to meet requirements of the state highway department in providing right-of-way. Since the first estimates were made, a saving of \$90,000 to \$100,000 has been made on the routing of the highway through Rowena. This will make it necessary only to issue and sell about \$250,000 of the bonds. Eligible property owning citizens are entitled to vote in this election.

All Ballinger civic organizations are doing some excellent work and each is striving for the progress of Ballinger. The Rotary and Lions clubs and the Jaycees have put over some worthwhile things in recent years but it seems that if their work were coordinated a little better they could provide the civic leadership which the town

The Stephenville city council took steps last week in a called meeting to bring to conclusion two long discussed projects. An engineer was employed to make a sewer need survey and plan extensions to serve all residents in the corporate limits. A four-man committee was appointed to get right-of-way for an overpass to be built by the state highway department at the southern edge of town. The state department, which has spent \$12,000 on preliminary plans, informed city officials it would do no more until the city council met requirements.

Brady committees have everything in order for the 1955 July Jubilee, to be held on July 2, 3 and 4. A large number of boosters will make trips over a wide area of West Texas to advertise the show. The parade committee reveals that 50 decorated floats have been booked and are being built for the opening feature. Five out-of-town girls have been entered for the coronation of the queen on the opening night. Some of the fleetest horses in the Southwest have been entered for the racing events.

Garland Black has been elected superintendent of the Bronte schools and will assume his duties at once in preparation for the next term. Mr. Black has been with the Bronte schools several years as head coach and high school principal. Oscar Dorsey has been promoted to head coach and will have charge of the athletic program. The only vacancies on the faculty at present are for a high school principal and a band director. Several applicants for these positions will be interviewed within the next few weeks.

Winters citizens were digging out the past week-end from the hail storm which damaged practically every building in town, and also putting up decorations for the 1955 Showee which starts this week. Boosters were on trips this week to a number of nearby towns to invite visitors to the three-day program. Tickets went on sale Tuesday and all plans were being perfected. The opening parade is set for 6:00 p. m. today. Besides the usual rodeo events, a number of specialty acts will be presented.

A group of Menard ranchmen needs. A number of local leaders have suggested that the directors of the three principal organizations hold a joint meeting once a month to consider issues of interest to all. The chamber of commerce is doing good work without the services of a manager, but the three service organizations offer a better representation of all ages and all business interests. There is a healthy rivalry but this is forgotten when a project for the betterment of Ballinger is at stake.

attended a Field Day sponsored by the Texas section of the American Society of Range Management last week. The meeting was held on the Flat Top Ranch near Walnut Springs. A tour of the ranch was made in the morning and the growth of vegetation was studied. Supplemental grazing and the control of undesirable invading plants were discussed.

Similar meetings are being held at a number of places in the state to keep ranchmen informed on better range management and the best practical methods of improving grassland.

All plans have been made for the fourth annual DeLeon Jubilee on July 4, and publicity has been put out over a wide area. The program committee has booked some top talent, including a personal appearance of Elvis Presley, star performer on the Louisiana Hayride, of Shreveport. Slim Willetts, popular television star, of Abilene, also will appear with his western band and vocalists. Five male quartets will have a battle of harmony in the afternoon.

Plans are well underway at Comanche for the annual amateur rodeo on July 7, 8, and 9. Various committees have the program planned and a number of performers have returned signed entry blanks. More parade entries were being urged last week and other special acts were being secured. The Comanche show has been presented for the past 14 years

and the 1954 show was the most successful staged to date. Leaders believe they have a better program lined up for this year.

Four new dams recently completed on the Brady Creek flood control project have been turned over to the Concho soil conservation district for upkeep. Vegetation will be planted on the earthwork of the dams and in the spillways. Recent heavy rains in the vicinity revealed the need for vegetation to prevent erosion. The Concho district has entered into a contract for building 46 dams of the flood control program.

The Paint Rock Lions Club sponsored a barbecue at Fuller Park Tuesday night to raise funds for the Paint Rock fire department. The need for housing the new fire truck and for items of fire fighting equipment was pointed out at the barbecue. A large crowd was on hand at \$1 each to enjoy the meal and help the new organization which is training to save property.

district Baptist convention will open at Lake Brownwood this week-end and will continue several weeks. Boys and girls 9 to 16 will be in the camp and a full program of religious activities and recreation has been planned. The Coleman boys and girls will be housed in cabins belonging to that county and all facilities of the district association will be used. Swimming, baseball and other activities have been planned for the afternoons.

E. C. Grindstaff, of Ballinger, installed new officers of the Talpa Lions Club at a special meeting last Thursday night. In his address Judge Grindstaff praised the Talpa Lions for their fine program and their assistance to the community in a number of recent projects. Topsy Beaver is the new president of the club and other officers and directors have been named. The dinner meeting was held in the school cafeteria.

A warning was issued at Miles last week that any person guilty of breaking windows in the American Legion hall would be prosecuted. The building is used for meetings of the Legionnaires and Boy Scouts as well as for community socials. Recently windows have been broken by

stones thrown or shot out with rifles.

A novel plan is being used at Iraan for purchasing a new ambulance. A group is being formed to receive free ambulance service within a radius of 125 miles of Iraan by the member paying a fee of \$10. Already a large number have joined to receive the free one-year service but leaders stated last week that \$1,600 more was needed before the ambulance could be delivered. Fire chief Frank Lindsey is heading the drive for the special fund.

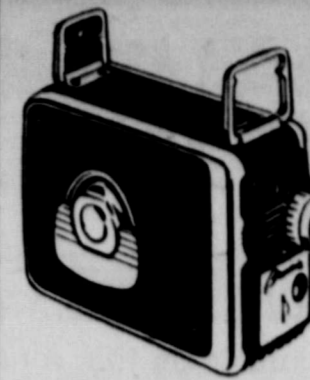

OLDFEN HOME DEMONSTRATION CLUB

The Oldfen home demonstration club met last Thursday afternoon in the home of Mrs. Ferd Rohmfeld. The meeting was opened with prayer by the president, Mrs. J. J. Hoelscher.

A report on the last county council meeting was given and plans were completed for Rally Day.

Mrs. Alfred Multer presented the program, "Signs of Health and Safety" and "Kitchen Towels."

At the social hour, the hostess was assisted by Mrs. Harry Halfmann in serving ice cream, cake and punch to ten members.

MOST Modern V8 FOR YOUR JOB !

**NOW...THE SHORTEST STROKE V8's
IN ANY LEADING TRUCK !**

Now new Chevrolet Task-Force trucks bring you the industry's most advanced V8 engines* with an ultra-short stroke for reduced friction and wear. Here are some of the features that make 'em the most modern V8's money can buy!

Modern 12-volt electrical system

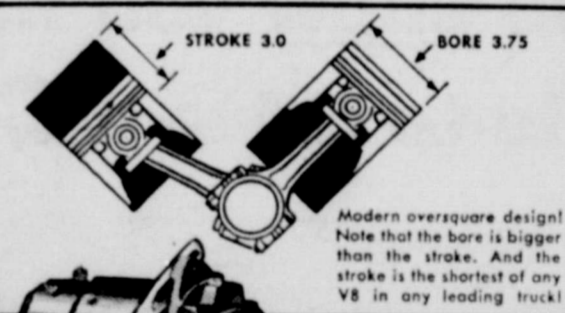

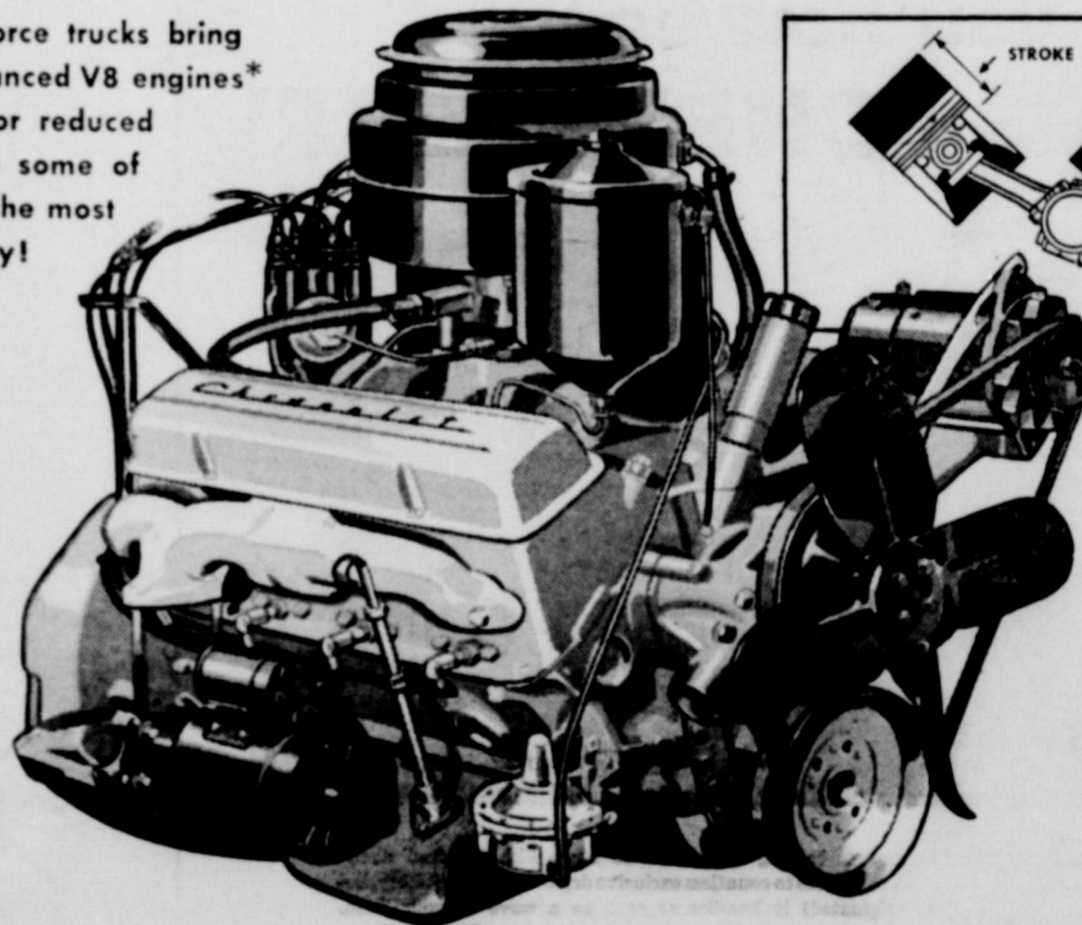

You get double the punch for quicker starting (up to 30% faster cranking speed) and more efficient ignition for finer performance. Also, you have a greater reserve of electrical power.

Gas-saving high-compression ratio

With a high 7.5 to 1 compression ratio, Chevrolet's new V8 truck engines squeeze extra power—and work—out of every tankful of gas. Your ton-mile hauling costs go down with this modern V8 power on the job!

Extra-high power per pound

The compact, super-efficient design of these advanced V8's results in high power output per pound of engine weight. This means that more of the power is actually available for hauling.

Advanced aircraft-type valves

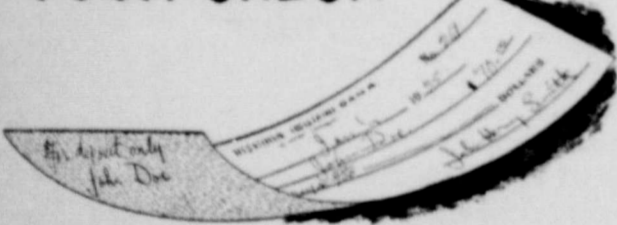

A completely new valve train design permits each valve to function independently—as in modern aircraft engines. Valve action is more positive at all speeds for finer, smoother performance.

Floating oil intake... full-pressure lubrication

New floating oil intake selects the cleanest oil for engine lubrication. Full-pressure lubrication system provides positive protection for vital engine parts... extends engine life.

*V8 standard in the new L.C.F. models, an extra-cost option in all others except Forward-Control models.
