Civic Garden Club Clinic Well Attended

The Ballinger Civic Garden Club held its second annual flower clinic and workshop last Wednesday and Thursday in the Methodist Fellowship Hall with Mrs. J. W. Barr, club president, and Mrs. B. W. Claunch, program chairman, supervising.

Mrs. Walter Boswell of Beaumont was in charge of the two-day sessions. She is a nationally accredited flower show judge and named the high winners who received a score of 98. They were Mrs. B. W. Claunch, Mrs. E. A. Saunders, Mrs. Tom A. Crockett and Mrs. A. O. Bartlett. Fifteen door prizes were donated by local merchants. Grand prize was a lamp from the West Texas Utilities Co which was won by Mrs. Barr.

Approximately \$40 proceeds derived from the clinic will be donated to the Ballinger civic projects.

Mrs. Boswell devoted the Wednesday and Thursday sessions to lectures concerning the over-all quality of flower arrangements, stressing design, harmonies in color combination, distinction and originality, conditioning, and the appropriate relationship of materials used.

Christian Discipleship
W. S. C. S. Program

"Christian Discipleship" was the program lesson for the circle meetings of the Methodist Woman's Society of Christian Service, held Monday afternoon in homes.

Mrs. Lee Evans was hostess to the Ettie Grossett Circle in her Eighth Street home. Mrs. C. P. Shepherd, chairman, conducted the business and gave the opening prayer. Mrs. Tom Caudle gave the devotional, taken from Psalm 67. Mrs. E. C. Tinsley presented the lesson. Circle members voted to present a gift

to Mrs. L. F. Gressett for whom the circle was named.

Mrs. O. R. Lasater assisted in serving angel food cake and ice cream in rooms decorated with bouquets of garden flowers. Others were: Mmes. W. E. Midgley, O. R. O'Neill, Tom Crockett, R. A. Dickinson, Bob Crockett and T. L. Hebert.

Mrs. Bill Moore was hostess to members of the Ida Campbell Circle in her home in Wilke Terrace. Mrs. Tom Agnew, chairman, directed the business. Mrs. Hatton Laxson brought the devotional and Mrs. R. W. Barnshaw presented the lesson.

At the social hour a plate was served with cookies and punch in rooms decorated with irises and roses. Others were Mmes. Sam Behringer, L. T. Allen, Felix Itz, W. R. Clark, Sid Caskey, and Jack Nixon.

The same devotional and lesson were given by Mrs. R. D. Midgley and Mrs. J. C. Reese when the Sally Odom Circle was entertained in the home of Mrs. A. O. Strother on Ninth Street. Mrs. J. L. Davis was co-hostess.

Mrs. Davis gave the opening prayer. Mrs. D. L. Vestal, chairman, was in charge of the business when Mrs. E. L. Rampy was presented an adult Life Membership pin from the circle. Mrs. Paschal Dietz was introduced as a new member.

Hostesses served a sandwich plate with cookies and fruit punch to those previously mentioned and to Mmes. Arch Brooshier, O. L. McDaniel, John Lovelless, Oliver Cochran, B. C. Collom, Sally McShan and Ewing Holt.

Tea Compliments Guests In Pearce Home

Honoring Mrs. Charles Wellington Pearce and Miss Rose De Renzo, both of Houston, and Mrs. Andrew De Lorenzo of New York, a group of guests called the home of Mrs. Frank Pearce on Eighth Street Tuesday between 4:00 and 6:00 p. m. Mrs. Charles Wellington Pearce, the former Dorothy De Renzo, her husband, Dr. De Lorenzo, and other honorees are guests in the home of Dr. Pearce's parents, Mr. and Mrs. M. Pearce. Hosts were greeted by Mrs. Bailey. Receiving guests in living room were Mrs. F. M. Pearce who presented her daughter-in-law, Mrs. De Lorenzo and Miss Rose De Lorenzo.

The dining table was laid with an imported pale beige linen organically embroidered with dusty pink floral designs. The centerpiece was pink Rochester rosebuds in a silver bowl, flanked by pink tapers in triple silver candelabra. Pink tapers in silver holders, rose pink snapdragons and pink tea roses were on the buffet and serving table. An arrangement of Hills of Home hydrangeas was on the piano and a huge bowl of wine colored peonies was also in the living room. A bowl of Vogue roses in mauve tones was in the den.

Punch was served from a silver punch bowl by Mrs. Bob Northington and Mrs. John Earnshaw; and Mrs. Claude R.

Stone and Mrs. Bob Sykes presided at the silver coffee service. Sandwiches, decorated candies and mints were served by Miss Anne Stagny and Miss Mary Jo Forman. Table appointments were silver and milk glass.

Miss Hoelscher, Alton Halfmann To Marry

Mr. and Mrs. Reinhold Hoelscher of Norton have announced the engagement and approaching marriage of their daughter, Miss Francine Hoelscher to Alton Halfmann, son of Mr. and Mrs. Leo Halfmann of Rowena.

Miss Hoelscher graduated from Norton High School in 1955. Mr. Halfmann has recently received his discharge from the armed service where he served two years.

The wedding will be June 19 at St. Mary's Catholic Church in Ballinger with the Rev. Pat-

rick Ryan, O. M. I., reading the nuptial rites.

Michalewicz, Strube Vows Read in Church at Wall

The St. Ambrose Catholic Church at Wall was the scene Wednesday morning for the wedding of Miss Sherline Elizabeth Michalewicz of Ballinger to Pfc. Daniel A. Strube.

The bride is the daughter of Mr. and Mrs. Andrew Michalewicz of Ballinger. The bridegroom is the son of Mr. and Mrs. A. W. Strube, Sr., of Wall.

The Rev. Jerome Vitek, church pastor, read the double nuptial Mass. Acolytes were Warren Michalewicz, brother of the bride, Walter Wilde, Donnie Plagens and Wayne Halfmann. Altar decorations were Easter lilies and cathedral candles in candelabra.

The bride's father gave her in marriage. Chantilly lace and

net over satin fashioned her bridal gown which had been worn by her twin sister, Mrs. Olen Weishuhn of San Angelo at her wedding. The closely molded bodice was styled with lace scallops forming an Elizabethan collar and brief sleeves complemented by matching lace mitts. The bouffant skirt, accented by shaped hip paniers of lace over the underskirts of satin and net, swept to chapel length train.

Her finger-tip veil of illusion fell from a crown of lace outlined with ruffled tulle embellished with seed pearls. She carried a bouquet of white carnations and lily of the valley centered with an orchid atop a white prayer book. For something borrowed she carried her mother's crystal white rosary. Her jewelry was a necklace and earrings, a gift from the bridegroom.

Mrs. Weishuhn was her twin

sister's matron of honor. Bridesmaids were Miss Doiores Michalewicz, sister of the bride, Miss Merien Wilde, Mrs. Acil Halfmann, and Mrs. David Fuchs.

The attendants were identically attired in gowns of coral taffeta and lace nylon. The strapless bodices were encrusted with seed pearls, and topped with lace jackets. Their head-dresses and gloves were of matching lace and nylon net. They carried bouquets of mint green carnations.

Olen Weishuhn of San Angelo, was best man. Groomsmen were Cecil Halfmann, Don Michalewicz, David Fuchs, and Leon Halfmann.

A reception followed the ceremony in St. Ambrose Hall, and a dinner was served at noon.

Those in the house party were: Mmes. Herbert Jacob, Marvin Strube, Walter Jacob, A. W. Strube, Jr., Bernie Michalewicz, Ed Wilde, Florence Wilde, R. B. Wilde, Mack Halfmann, Gilbert Strube, and Virgil Gray. When the couple left on a wedding trip, Mrs. Strube was wearing a navy linen suit with white accessories, and a corsage from the bridal bouquet.

They will be at home at Fort Lewis, Washington, where the bridegroom is stationed in the army.

Mr. and Mrs. Ed Wilde were hosts at a rehearsal dinner on Tuesday evening in their home in Wall.

(The following reminiscence editorial was written especially for the Ballinger Ledger by Frank Grimes, longtime editor of the Abilene Reporter-News.)

Fifty years ago, lacking a few months, this writer saw his first "West Texas peach orchard." We were on the way from Belton to the wilds of West Texas, and riding the Santa Fe nearing Ballinger we saw what to our 14-year-old eyes was the prettiest sight we had ever seen up to that moment, a mesquite-speckled pasture, knee-high in native grasses, with a scattering of fat and contented cattle lifting their heads to watch the varnished cars go by, for all the world like so many small-town human beings who spent a part of each day doing the same thing.

Here and there en route we were entranced by our first sight of prairie dogs, diving for their dens, their tails snapping behind them.

We were not the first to mistake a mesquite flat for a peach orchard, but from that day to this the mesquite has been the very symbol of the ruggedness and the never-say-die spirit of West Texas to us.

We have been in, out of and through Ballinger many times since 1906. As a young man we fished practically every creek and river in that area, from Concho and Paint Rock to Christoval, from the Middle to the north fork to the south fork. Black bass and what was then called white perch skulked in the shadow of the lily-pads, lying in wait for the hook of the fisherman. We slept under the stars and indited our souls under the spreading

peacans. Alas, such joys depart with youth, just as many other wonders and delights pass away, leaving only memories behind.

Ballinger in those days was a honey town, a place where one felt instinctively welcome. It has changed a great deal physically, but the spirit abides. We wonder how they're biting on the main Concho, about ten miles above Paint Rock, where we caught that big one in the long, long ago? We wonder if Bethel is still there, where our brother Mark taught school? And Doctor Fowler's horse's grave by the roadside? and all the multitude of wonderful things that could be seen in proper perspective through the eyes of a 14-year-old-boy?

STATEMENT BY SECRETARY HUMPHREY

In the 15 years since its introduction to the public on May 1, 1941, the Series E Savings Bond has helped fulfill the hopes of countless American families.

Popular participation in our Nation's war financing stimulated to new highs the habit of regular saving among millions of households. It encouraged the principle of thrift -- one of the basic virtues which have made America great.

Today, Savings Bonds are paying for college educations, new homes, retirement and other important family needs. Meanwhile the Savings Bond Program has been an important factor in the Government's debt management operations.

On the occasion of the 15th anniversary of the Series E Savings Bond I extend congratulations to the 40 million owners of these bonds -- for what, through their savings, the owners have accomplished for themselves, and for the part their savings have played in the building of a stronger, safer America.

The Bible Teaches:

WHY PREACH THE GOSPEL OF CHRIST

NO. 8 IN A SERIES. SAVE EACH ONE. YOUR QUESTIONS AND COMMENTS INVITED

Twelve reasons have already been given. This week we notice another important reason why we preach the gospel of Christ and not the doctrines, commands, and gospels of men. If we were to preach the gospels of men, not only would we be lost, as we have seen in lessons before, but also:

13. THOSE WHO OBEY FALSE TEACHINGS WILL BE LOST!

Christ is our authority for this statement. The Pharisees taught some truth but much error (as those who teach human gospels today). They held their traditions (human doctrines handed down) as binding as God's law (as some today with their human creeds). Along with some truth, the Pharisees taught doctrines of human origin therefore Christ said of them (and all who would teach and follow human gospels today): "but IN VAIN they do worship me", Matthew 15:9. (In vain means: fruitless, futile, to no avail, worthless, not acceptable, no profit from). Why did Christ pronounce their worship vain? Read the remainder of the verse for the answer... "but in vain they do worship me, TEACHING FOR DOCTRINES THE COMMANDMENTS OF MEN" Matt. 15:9. The American Revised Version reads: "But in vain they do worship me teaching AS THEIR DOCTRINES THE PRECEPTS OF MEN."

Concerning their traditions (human commands) Christ said also (verse 6): "Thus have ye made the commandment of God of NONE EFFECT by your TRADITION." Of none effect means: void, worthless, no good, without power, useless. How did the Pharisees make the commands of God of none effect? "BY YOUR TRADITION" (human commands), Christ said. They "watered down" the truth. They mixed with it additions, subtractions, changes, and substitutions (as some do today) and Christ said that such tampering (as some do today) and Christ said that such tampering with God's perfect commands render them imperfect and of none effect. The gospel of Christ is perfect as it is in the Bible (James 1:25). Any human tampering and changes render it imperfect, void, and of none effect.

But that wasn't all Christ had to say about doctrines which originate in human mouths, rather than from God's word. Christ said: (speaking of doctrines originating from human mouths) "that which cometh out of the mouth DEFILETH A MAN" verse 11.

"The Pharisees were offended after they heard this saying..." verse 12 (as often today false teachers and their followers are offended at the gospel of Christ). But Christ gave the proper attitude toward such when he said in verse 14: Let them alone... What did Christ mean? He couldn't have meant "don't oppose or rebuke them" because that was the very thing Christ, our example, was doing. The words can also be translated "give them up." They mean: don't appease them; just disregard them and have no religious connections with them; just disregard their opposition and offense; they are unworthy of notice; don't change the truth just for them.

But hear Christ further. Concerning their religious organization (or church as some today would say) and all such today of human origin Christ said: "... Every plant (meaning every religious plant, human, man-made churches, Adam Clarke says: "plantation... religious body")—"Every plant which my heavenly Father hath not planted" what will happen to them Christ? hear His answer: "SHALL BE ROOTED UP" Matthew 15:13. Well, what does "rooted up" mean? It means forcibly pulled up by the roots and cast aside to wither and die. Christ is comparing God to a Gardener. He plants his plant, his church, in his garden and then the weeds (useless plants, human religious organizations) spring up and Christ gives their fate: they "shall be rooted up." (See also Matthew 13:24-36-43).

In the next verse (14) Christ said: "... they be blind leaders of the blind. And if the blind lead the blind, BOTH SHALL FALL INTO THE DITCH." Christ here gives the eternal fate of not only all false teachers but also those who follow such. Some think that sincere followers of false teachers will be saved but such ideas contradict Christ. He says, "BOTH (the teachers and followers) SHALL FALL INTO THE DITCH."

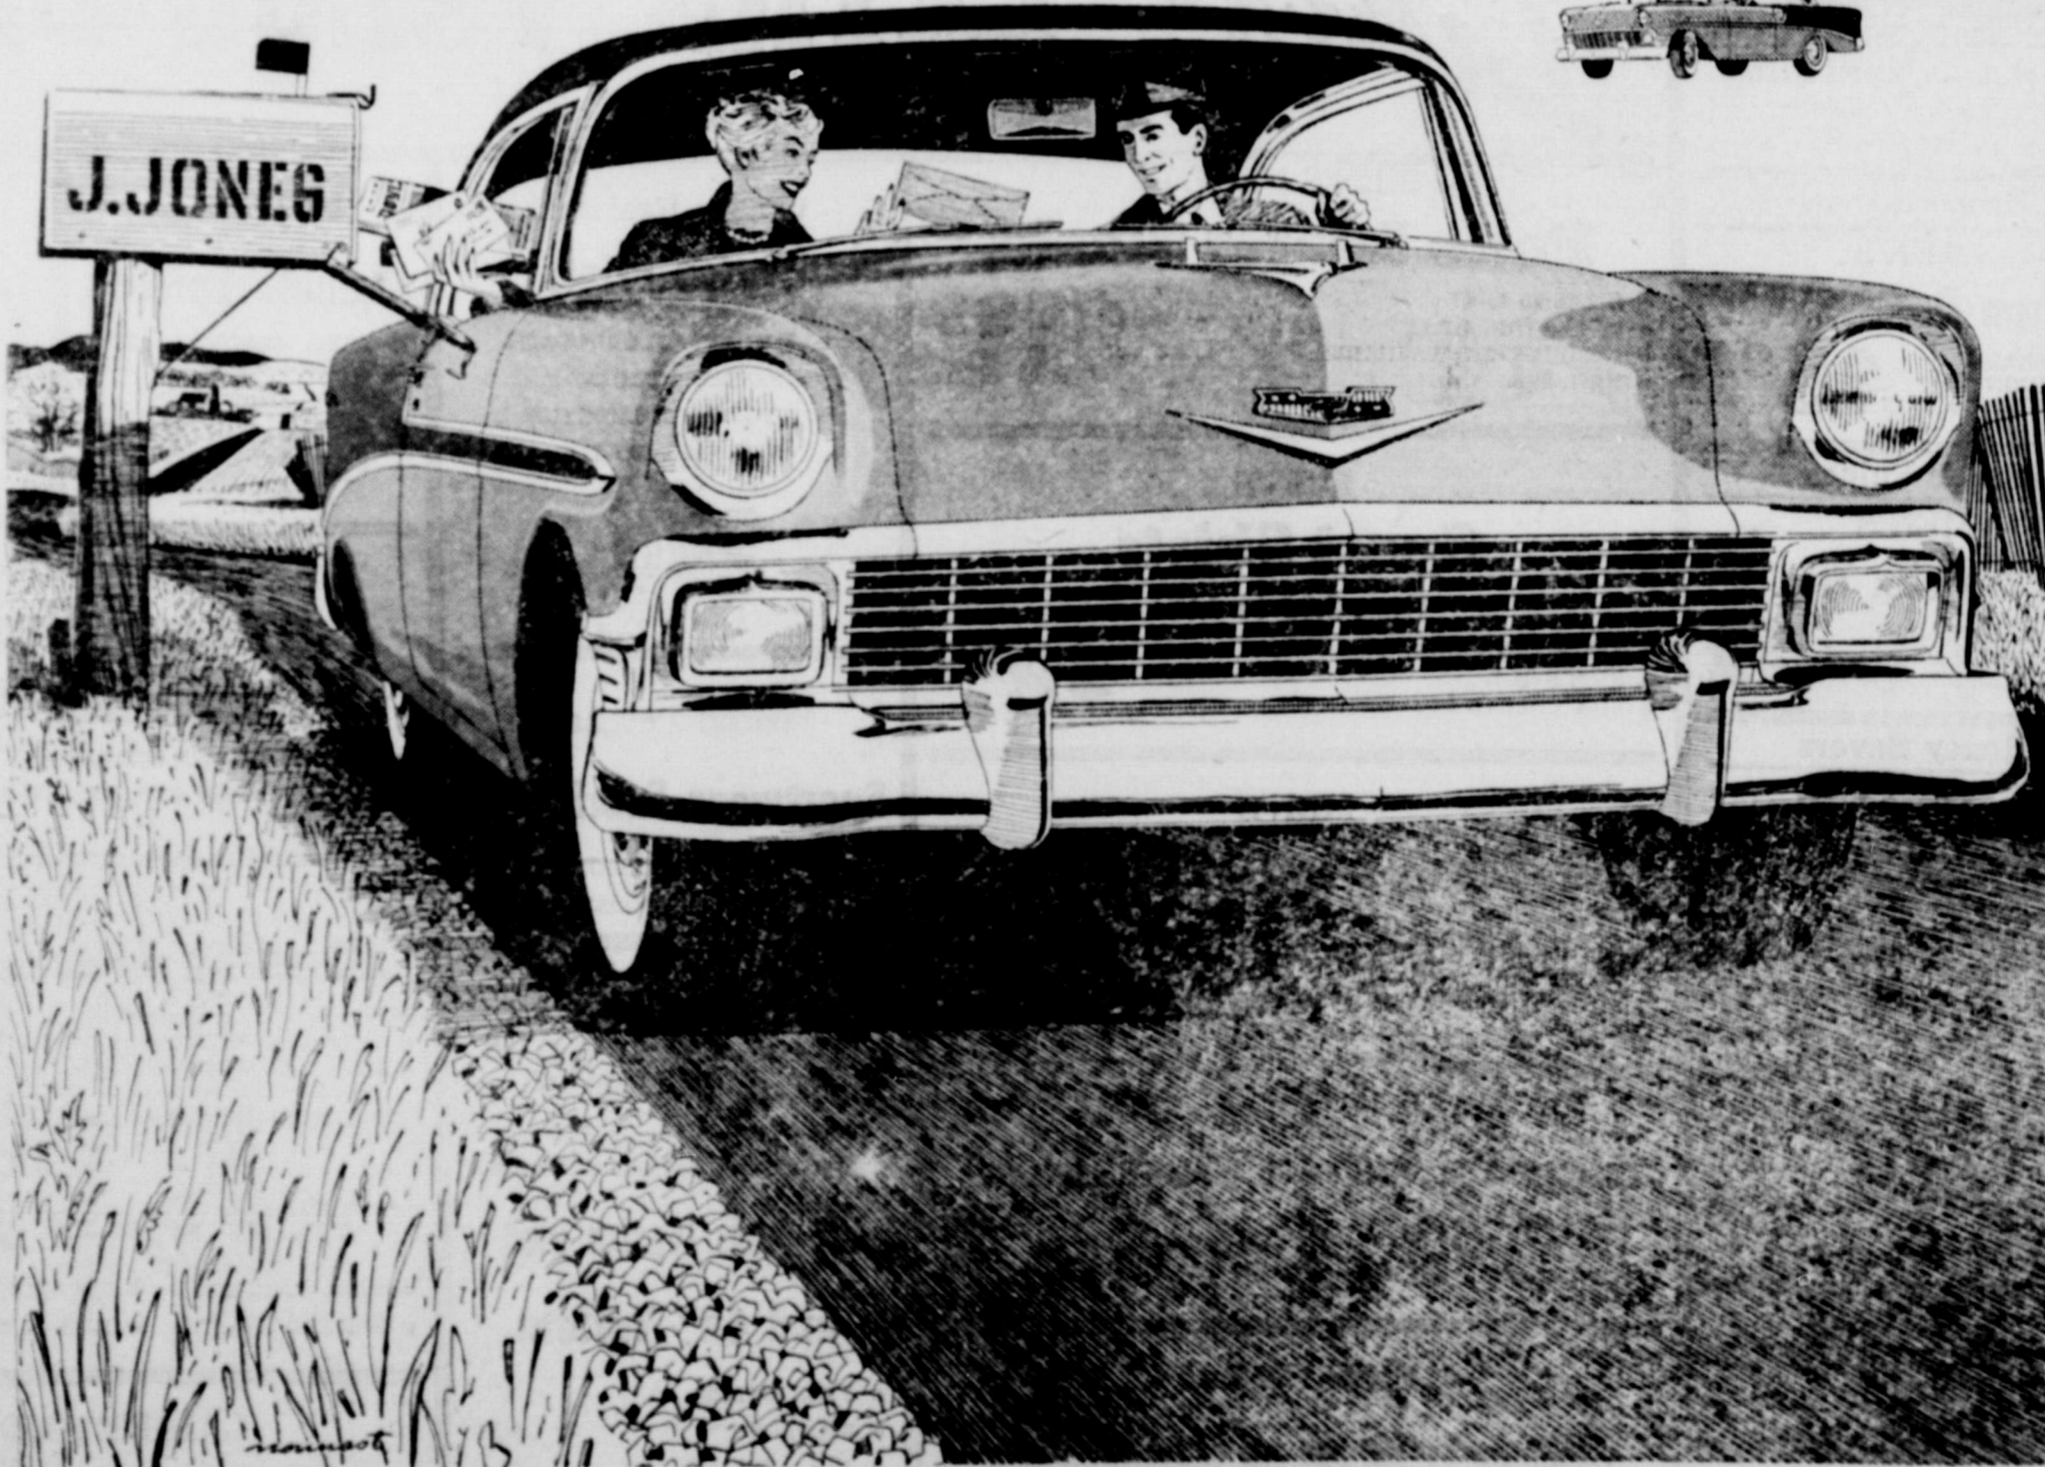

Since Christ said that human gospels (1) make the gospel of Christ void (2) result in vain worship (3) defile (4) and that the resulting religious organization will be rooted up (5) and that false teachers and their followers will both fall into the ditch (Matthew 15:6-14) do you begin to see why the church of Christ insists on the GOSPEL OF CHRIST and not those of men?

IT'S TORQUE THAT MAKES THE WHEELS GO 'ROUND!

... And the High-Torque Output of Oldsmobile's Famous Rocket Engine is Instantly Translated into Outstanding Performance at the Rear Wheels!

LET'S TALK TORQUE! In plain language, torque is "twist"—like turning a door knob. It's the force that makes the wheels go 'round. So it follows... the more torque your engine has, the more go power your car has the more getaway at the light... the more action on the open road!

That's why, when it comes to power, there's nothing like Oldsmobile's Rocket T-350 Engine—because the Rocket is torque TNT! Figures prove it: 350 pound-feet at 2300 rpm (340 pound-feet at 2400 rpm in "88" models).

OLDS CHASSIS IS ENGINEERED TO HANDLE HIGHER TORQUE!

Oldsmobile has the chassis to take Rocket torque... a skillfully engineered Oldsmobile chassis with an extra-sturdy, dynamically balanced drive shaft, and an extra-rigid frame that resists twisting and weaving.

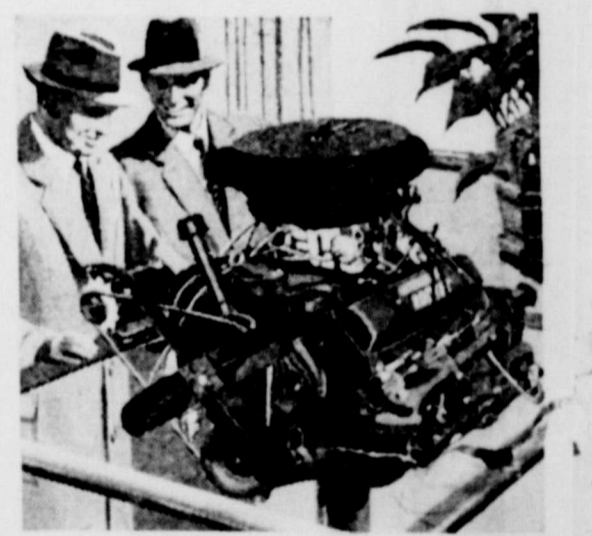

What's more, the Rocket's got horsepower

—to spare! And with Oldsmobile, it's high, usable horsepower... a by-product of engine design aimed straight at the wheels—design that translates horsepower into terrific torque at normal engine rpm's.

TOP TORQUE MEANS TIP-TOP PERFORMANCE!

The result is higher torque—silken, responsive Rocket action. Touch the accelerator, ever so gently, you "go"... and we do mean "GO!" You thrill to smoother, swifter bursts of power in medium speed ranges—tip-top performance for everyday use—spectacular performance when you need it... when you want it.

Any way you look at it, you can't top the Rocket for thrills for the money—or for top return when it's time to trade. Stop by soon. Rocket 'round the block... or around the town if you like!

OLDSMOBILE'S ROCKET—a double winner in 1936 Mobilgas Economy Run. Get the feel of top horsepower, top torque in the engine that's an economy champion, too!

Makes Friends with the Meanest Roads

(Have you tried Buick's great new ride?)

THE SWEET WAY a '56 Buick rides on all sorts of roads is something you find nowhere else on wheels. Capricious roads that twist and turn - unruly roads that rock and roll - tired roads, battered and beaten - they all seem to wear company manners the moment a Buick approaches. Why? Simply because Buick comes with what it takes to put any road on its best behavior - the completely ride-engineered combination of chassis, engine and automatic drive that is obtainable in no other car. And that's gospel truth whether you drive a new SPECIAL, CENTURY, SUPER or ROADMASTER. No other car matches the firm, true tracking of Buick's own ride foundation - buttressed by brawny X-braced frame and torque-tube drive - cushioned on coil springs and deep-oil shock absorbers. No other has such width of tread and length of

wheelbase within dimensions so trim and tidy that Buicks turn, park and garage more easily than smaller cars. No other duplicates the assurance of steering, brakes and rear axle so precisely geared and gaited for the nimble handling that's a safety "must" in modern cars. And certainly no other name plate promises the soaring sweep of power that wells from the big 322-cubic-inch V8 beneath every new Buick bonnet. Nor does any other automatic drive put power to its car's rear wheels with the swift, unruffled pace of Variable Pitch Dynaflo* - and that goes double every time you "switch pitch" for whip-quick, safer passing.

But why stop to count reasons - when results are what you're after? Wouldn't you rather really feel Buick's new "sense of direction" on straightaways, curves and corners? Wouldn't you rather relax in supreme comfort while tooling this powerful performer over roads you always hated to travel? Well, sir, we cordially invite you to drop in on us and do just that. Make it this week, won't you? Sample the ride that has charms to win any old road - and get first-hand figures on prices that make Buick owning a more positive pleasure.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century - optional at modest extra cost on the Special.

Mrs. John Miller and John I. Guion sang a duet, "Oh Happy Home, Where Thou Art Loved the Dearest." Mrs. Estes M. Lynn played the accompaniment. Mrs. Alex McGregor directed the assembly singing.

Mrs. Claunch closed the program with a short devotional. Arrangements of roses and prizes were used to decorate the parlors and the supper table.

Pitch Him a Strike

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benediction and a stronger influence for a better citizenship and a stronger democracy. In the church the men today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" - form a combination for good.

DADDY, the count is on you... not the batter. You're not pitching him strikes. If he gets on base it will be a miracle. You are doing both the pitching and umpiring the game. Quite a novelty setup you have there daddy. How is that youngster to learn to play the game of life in GOLDEN RULE FASHION when his own daddy throws him nothing but 'balls' and calls 'em strikes? W-h-y, your son never will have a chance. You have set the pace daddy... blazed the trail of your own blood to a life of dishonesty, greed, and foul pay when you fail to put 'em over the plate.

YOUR church has a remedy for this sort of conduct. It upholds the better way of life through the teaching of God's word. The church aids you in establishing a principal... the GOLDEN RULE PRINCIPAL and to build a faith strong enough to play the game of life in strict GOLDEN RULE FASHION.

THE church is universal language... it's teachings will bring nations together and prepare the way for His kingdom to come on earth. Go to your church on Sunday and take a friend.

Unfiled Forms May Penalize Employers

Texas employers who had four or more persons employed for as many as 20 weeks last year must file wage returns with the Texas Employment Commission not later than April 30.

After that date the employers face possible penalties if they have not filed the wage return and paid unemployment taxes for January, February and March.

The beginning tax rate is three per cent - 2.7 per cent going into the state's unemployment compensation fund. The other 0.3 per cent is collected by the Federal Government for administrative purposes.

A spokesman for the commission estimates that more than 10,000 of the 30,000 employers liable for the taxes have not yet reported.

Forms are available at any local TEC office or can be secured from the Texas Employment Commission at Austin.

Seventy cents out of every dollar spent on disaster relief by the American Red Cross, is used for long-term help to the victims, including the repairing and rebuilding of homes and small businesses, the replacing of household furnishings, and extended medical aid. ART WITH A PUNCH—Hair-armed swipe by artist Vincent Pizzitola adds a slam-bang touch to one of his canvases. The New York City artist says that he paints "from the tip of the pinkie to past the elbow." His slapping, punching technique makes it necessary for him to mount canvases on strong wood backing which will stand up under Pizzitola's forceful interpretation of finger painting.

Mesquite-Brush Steals Moisture from Grass

So you think you're not getting enough moisture. True. But did you know that you were not using what you do get?

According to the United States Dept. of Agriculture's Soil Conservation Service, 75 per cent of all moisture can be discounted to "run-off" on pasture land. In other words, three-fourths of the moisture hurt rather than help, because it takes soil with it when it "runs off."

Of the 25 per cent remaining, mesquite brush shared 50-50

with the grass. To put it even more simply, grasses get to use only 12.5 per cent of the moisture falling on the pastures.

"Run-Off" is a major problem, but co-operators in the Runnels Soil Conservation District are fighting "undesirable plants" in varied ways.

Some are hand-grubbing, root-cutting, tree-plowing, and tree-sawing. All are successful if they get the mesquite and brush out. Pete Giesecke, ranching nine miles southeast of Ballinger, has found drilling mesquite and treating them

with 24 5-7 chemicals mixed with diesel oil a successful operation.

One of the easiest and most effective methods is pouring a mixture of kerosene and diesel oil around the base of the tree. A sufficient volume is necessary.

Oils are contact killers. But to kill with oils, it should be applied in sufficient volume around the underground bud-zone. This zone usually ranges from 6 to 8 inches below ground level. Before starting such an operation, the depth should be checked since the volume of oil will vary with the depth of the bud-zone.

Small single-stemmed mesquites require a pint of oil. Larger trees need as much as a

quart. Apply oils in dry seasons, which would be easy in Runnels County.

FARM BUREAU ACCEPTS DIRECTORS RESIGNATION

The Runnels County Farm Bureau last week accepted the resignation of Pat Pritchard, Wingale, as a director. In other business of the monthly meeting, the bureau elected A. T. During the annual Baptist Convention, a church will be selected to receive a special plaque and scroll award for the pastor, Association and District Award winners will also be presented an engraved scroll going to the church's pastor.

Each church that participates in the Achievement and Recognition Program is sent a "Development Packet" for enrollment. Awards are given on the church's participation in community projects, church growth, and the church's contribution to world missions.

Approximately 23 out of 29 Southern Baptist churches are in the rural communities, and there are two and one-half times as many full-time rural pastors as there are city pastors for Southern Baptist churches.

The purpose of the Achievement and Recognition Program is to encourage more active participation by rural and village churches in economic development of their areas, and also to stimulate interest in their participation in a program of world evangelism and stewardship. This is the second year the Baptist General Convention of Texas has sponsored a program of this type.

R. C. Terry has been made chairman of the local General Progress Committee. Rev. Jesse E. High is pastor of the church.

services were in constant demand. His work in this medium shortly attracted the attention of Broadway producers and at 13, Skippy was chosen to play the lead in the controversial "Tomorrow the World."

At the Hillcrest

Clark Gable takes over a gaudy gold-mining town of the pioneer West and Lana Turner takes over Clark Gable in slum-bang drama with a fistful of action in every reel.

The memorable hit, showing at the Hillcrest Drive-In Theatre Thursday, Friday and Saturday as an M-G-M masterpiece reprint, casts Gable as a "con" man, in the rugged, devil-may-care type of role that has made him one of the world's most popular film stars, and he has a perfect foil in Lana Turner, playing a Boston school teacher who comes out West and succeeds in teaching the rough-and-tumble card sharp the rudiments of conventional courtship.

Dana Andrews was "lynched" in a previous Western, "The Ox-Bow Incident." Andrews, who stars with Donna Reed and Dianne Foster in Columbia Pictures' "Three Hours to Kill," at the Hillcrest Drive-In Theatre Thursday, Friday and Saturday in color by Technicolor, again is strung up in the first reel but escapes. He sends the rest of the gripping Western epic tracking down the "friends who put the lynch rope around his neck."

Girls, girls, and more lovely girls are the order of the day in Dean Martin and Jerry Lewis' goofy and hilarious new film, "Artists and Models," opening Sunday at the Hillcrest Drive-In Theatre. From the leading ladies right on through the glamorous and luscious models who surround Dean and Jerry throughout the picture, the feminine cast is one of the most stunning ever assembled.

The screen "monster" today is a streamlined product! Back when Lon Chaney was frightening movie audiences and Dr. Jekyll was chasing Mr. Hyde, it usually was a secret serum that changed men into monsters of

a potter, that bubbled and hissed in its beaker. But monsters must move with the times. In Columbia Picture's new shock-thriller, "Creature with the Atom Brain," starring Richard Denning and featuring Angela Stevens at the Texas Theatre Friday and Saturday afternoon, a story of dead men restored to "life," the "creatures" have atomic electrodes planted in their heads and their movements are observed by their creator on a television screen.

Skip Homeier, who portrays the trigger-happy brother of John Payne in Republic's exciting Trucolor production, "The Road to Denver," has been a star for 14 years although he's still a "tender 24 years of age." The new picture is at the Horseshoe Drive-In Theatre tonight, Friday and Saturday

Born October 5, 1930, in Chicago, Illinois, Homeier was taken to New York by his parents, Mr. and Mrs. G. V. Homeier, while still a toddler.
At 10, Skip then known as Skippy, made his debut in radio and once he had started, his
