WEST TEXAS NOTES

Fathers Day

In the average American home, dad receives about as much attention as the weather. Everybody talks about him, but no one does much of anything about him, until Father's Day. Sunday will be observed as Father's Day throughout the nation. According to tradition, the family gathers around showering him with gifts for all he's done and he will receive many cards with a sentimental verse something like this:
You rate a day of comfort,
So relax and puff away,
And let your troubles and your cares
Go up in smoke today.

General Douglas MacArthur in 1955 wrote: "By profession I am a soldier, and take pride in that fact. But I am prouder, infinitely prouder, to be a father. A soldier destroys in order to build. The father only builds, never destroys. The one has the potentialities of death, the other embodies creation and life. And while hordes of death are mighty, the battalions of life are mightier still. My hope is that my son, when I am gone, will remember me not from the battle, but in the home repeating with him our simple daily prayer, 'Our Father who art in heaven.'"
Fathers everywhere, it seems, are their work cut out for them as they are to continue this illustrious tradition. And that probably explains why, in 1924, a Wilkesburg, Pa. Bible class chose the dandelion as the official Father's Day flower because "The more it is trampled on, the more it grows."

Ballinger's 70th birthday anniversary will not go unnoticed. The Ballinger Jaycees and the Ballinger Rodeo Association are teaming up to stage a program which is expected to draw a large crowd. It will not be a full day program but the two features planned will have a crowd appeal. At the noon hour, the Jaycees will stage a barbecue dinner in City Park to which everyone is invited to attend. They will have delicious hot barbecue with all the trimmings at \$1 per plate. All facilities at the park will be available and the crowd may come early and enjoy the playground, swimming pool and other entertainment. At 2 p. m. the rodeo association will stage a calf roping contest at their arena on the Bronte highway. Admission for the feature will be 75 cents for adults and 35 cents for children. Good talent will be on hand for the afternoon roping and a bunch of new calves are being purchased for the contests.

A contract was let at Stephenville last week for the construction of a new Safeway Store. The B & H Construction Co. of Fort Worth was awarded the contract and work will get underway at once. The new building will have 7,500 square feet of floor space and will be more than double the size of the present store. It will include an off-the-street parking area which will be convenient for loading. It will have year round air-conditioning and numerous other features for the benefit and comfort of customers.

The Santa Fe depot at Miles will remain open according to information received there last week. Some time ago a hearing of the Texas Railroad Commission was held at Ballinger at which time the Santa Fe Railroad asked to discontinue service at Miles and close the depot there. After deliberating over the evidence, members of the commission have denied the request of the railroad and ordered service continued at Miles. The depot will be open from 5 a. m. to 2 p. m. in the future. This will give service as requested by the people of Miles.

The election of officers was the main item of business for the Knights of Columbus meeting at Rowena last week. Harvey Droll was elected grand knight and A. W. Strube, Jr., deputy grand knight. Other officers were: Werner Lange, chancellor; Gerald Lange, recorder; Andrew Wilde, treasurer; Eugene Kasberg, advocate; David Lange, warden; Quinten Halfmann, inside guard; Harold Franke, outside guard; Robert Brunner, director. Hold over directors are Richard Book and Earl Crockett. A social was held at the close of the business session and re-

Local people are urged to attend both programs.

It's an easy matter to get a pocketful of candidate cards now when you walk out on the street. This year there are more local candidates than there has been for a number of years and most of the office seekers have started their final campaign in an effort to contact every voter. The primary election this year will be interesting for local people as most of the offices have one or more seeking position. This newspaper will handle the tabulations on election night at the first primary and will supply the results to the Texas Election Bureau at Dallas. The vote this year should be large due to heavy poll tax payments in the county. Ballots for the first primary will be printed soon in order to start absentee voting 20 days before the election.

The Comanche Roping Club has announced that all plans have been completed for the staging of the 18th annual rodeo on July 5, 6 and 7. Rodeo stock has been contracted from Tough Lloyd and Sandy Woodley of Lampasas and many of the best performers in the southwest will be on hand to provide the program. This year bulldogging has been added to the program to make it a better balance. Ed Davis has been booked to provide the clown acts and numerous other features will be included. New stock pens have been constructed at the arena.

The go-ahead signal has been received for the construction of a new telephone system by the Coleman County Telephone Cooperative, Inc. The approval from REA headquarters in Washington was to proceed with construction on a section basis. Money has been appropriated for the project and will be available when needed. It was announced that the first section for construction will be at Flisk, Gouldbusk, Mozelle, Leaday, Shields, Rockwood, Trickham, Whon, Valera and Voss, all in the south part of Coleman County.

The new telephone exchange at Winters was placed in use Saturday night with a special ceremony. John D. Allen, division manager, was on hand for the start of the new service for the people of Winters. The new building, new equipment and new lines has been underway for a year and service with dial telephones was started at 9 p. m. Saturday. New directors with dial numbers were distributed to the people of Winters last week. An open house for the public is being planned for a later date.

The Lions Club has set June 20 as the date for their annual sale of brooms. The Lighthouse of the bin will furnish the merchandise which will include several sizes of brooms, ironing board covers, door mats, mops and numerous other items. Eden Lions will work in pairs and will visit each home in that city offering the merchandise for sale. They will also sell on the streets all day June 20 to business firms and out of town shoppers.

The Colorado City Country Club has announced that construction of a swimming pool will get underway at once. This is a part of a \$12,000 improvement program launched by the club members. Other items will include a wading pool and tennis courts. The club recently completed a 20 by 24 foot tile game room which is an addition to the club house. The golf shop and service area of the club house has also been improved and remodeled. Plans call for a 50 foot swimming pool with a modern recirculation filter system.

A crowd of 1,100 can be seated at football games at the Bronte high school this fall. The new seats have been arranged by bringing the south side of the Lakeview stadium to Bronte. The Bronte school purchased the seats several weeks ago and they are being moved and erected on the Bronte football field. The purchase of the Lake View stands also included the press box which will be moved as soon as all bleachers are in place. A large amount of volunteer labor has been used in erecting the seats.

The soil conservation service has announced the awarding of contract for dam No. 38 in the Brady Creek flood prevention program. The site of the dam is in Concho County on the East Maverick Branch on the Ed Carter place. The contract requires the clearing of 11 acres, 114,000 cubic yards of excavation and 106,000 cubic yards of placing and rolling embankment. The dam is on the watershed of Brady creek. This project has been underway for the past three years.

Post Office Department officials, postmasters and postal employees from 10 neighboring towns joined the people of Haskell Friday to dedicate a new post office building. At a brief program Postmaster Harold Spain announced that the Haskell office would be advanced to first-class rating on July 1. The new rating was earned on a basis of annual receipts which now exceeds \$40,000 annually. At the close of a flag raising ceremony, officials cut the ribbons to the entrance and visitors were given a tour through each department of the new office.

Best Seller that's hard to beat

This '56 Buick is packed with new features—and priced close to the smaller cars!

WANT SOME QUICK FACTS on the big news in automobiles today—news that can guide you to a smart move and a real smart buy? Then listen—it won't take long.

The 1956 Buick has so many new developments—in styling—in power—in performance—in ride and handling—that it is, literally, the best Buick yet. That's Fact No. 1.

And Fact No. 2 proves it: Buick today is more strongly entrenched than ever in the top three of the nation's best sellers—outselling all other cars in America except two of the well-known smaller cars.

One big reason for this success is the strapping new Buick SPECIAL—like the one pictured here.

It's priced right close to those smaller cars—but, like every '56 Buick, it's a whale of a lot more new car for the money.

It cradles a big, new 322-cubic-inch V8 engine that's record-high in power and compression, and crammed with engineering news even the costly cars can't claim.

It makes the most of every bit of power with a new version of Variable Pitch Dynaflo* that's the most efficient yet. With a new development the engineers call "double regeneration," Dynaflo gives you great new acceleration from the first thrifty inch of pedal pressure. Even before you switch the pitch.

And this '56 Buick cushions you in the softest ride ever. Shows an uncanny sense of direction on every curve and turn. Puts a whole new feeling of safety, security and solidity into every mile you drive.

So before you buy any car—catch up on the latest news. Come try a '56 Buick. When you see how much new automobile you money can buy, we don't think you'll ever settle for less.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

ACCIDENTAL FUN—Child psychology invades the bandage business with marketing of these new, cartoon-decorated first-aid bands. Tears disappear in a hurry, the manufacturer claims, when small fry spot-illustrated bandages.

COMMISSIONERS' COURT MEETS OIL OPERATORS

The Runnels County commissioners' court met last week to act as an equalization board for oil groups operating in this county. About 20 firms were represented at the two day session and a number of changes were made in values of leases in the county. Members of the court stated at the close of the meeting that oil values would be less this year than last because of the number of wells showing less production.

The exact total of the oil values will not be known before the end of the week. The court will have a meeting later in the year at which time property owners seeking changes in values may appear. This meeting will not be scheduled until after the new rendition sheets are prepared and studied by members of the court.

The court was in session here Monday to attend to regular routine business and approve all bills for payment. No special items were brought before the court.

CITY COMMISSION BUYS FARM PRESSURE PUMP

The City Commission Tuesday paid their regular monthly bills and approved the installation of a pressure pump at the city farm. The pump, costing \$147.50 exchange, removed one of the objections to the farm qualifying as a Grade A dairy. The windmill and tower tank which existed on the farm was in bad condition, the commission was told, and would not permit the farm renter qualifying the dairy.

BRADBURY FUNERAL IN NORTH DAKOTA

Kenneth Bradbury, husband of the former Kathryn Hays, of Ballinger, died at 8:30 a. m. Sunday after a long illness.

Marion Hays, father of Mrs. Bradbury, left here Monday to attend the funeral service and be with his daughter.

Funeral services were held at 2:30 this afternoon at the Lutheran Church at Wheelock, North Dakota. Burial followed in the Winston Cemetery.

Survivors are his wife, a daughter, Eileen, 29 months old who is here with Mrs. Marion Hays, and his parents, Mr. and Mrs. Orlo Bradbury of Wheelock.

TEENAGE BALL CLUB STARTS WORKING OUT

With successful Little and Pony Leagues operating here, boys above 15 years of age have asked for the opportunity to have teams. This week about 30 boys of high school age and some who have graduated started working out and games will be arranged for them in the near future.

Games will be played at the Runnels County Field when the

Westerners are on the road.

After July 1, Cleb Brown and Glenn Morrish will have charge of the team and at present a number of local Little League managers are helping with the practice sessions.

Teenage teams in nearby towns are being contacted for games.

Joe Forester returned this week from Athens where he at-

tended a school reunion last Sunday. The reunion is an annual affair and attracted people from many states. He remained there the first of the week for a little fishing with a brother.

Popular Summer Picnic Recipes

By Ollie Chenoweth

Summer is not summer without plenty of outdoor meals. Whether they're cooked in the back yard, in the park fireplace, over a portable barbecue pit, or in the kitchen, picnic meals are always popular.

To keep work to a minimum make your own pans from heavy aluminum foil and discard them when the meal is finished. These pans can be placed on a grate or directly over coals. Corn and potatoes can be wrapped in aluminum foil and cooked in a bed of hot ashes with few coals.

Beef and bean casserole is nutritious and easy to prepare for a main picnic dish. Here's the recipe:

- 1 pound hamburger meat
- 1/4 cup chopped onions
- 2 tablespoons fat
- 1 1/4 teaspoons salt
- 1/2 teaspoon pepper
- 1 teaspoon chili powder (optional)
- 1/2 cup chopped green pepper
- 2 cups canned tomatoes
- 1 (1-lb) can pork and beans
- Brown ground beef and

onions in fat. Add seasonings, green pepper and tomatoes. Simmer for 20 minutes. Add pork and beans and simmer 10 minutes longer. (Makes four generous servings.)

Another favorite is "Frankfurter Bacon Bundles."

For each frankfurter have ready one strip of bacon and one strip of sharp cheese. Split frank and stuff strip of cheese in each. Wrap a strip of bacon around each frank—secure with tooth pick and roast until bacon is cooked. Serve with onions, pickle slices, mustard and bun.

For dessert one of the following will delight the picnic crowd.

"Some Mores"

Toast marshmallows over live coals—place on graham cracker. Top with part of a thin chocolate bar and another graham cracker.

"Angel" Cake

Cut crust off white bread (preferably unsliced) cut bread into inch cubes. Dip first into sweetened condensed milk, then into shredded coconut. Toast over fire as for marshmallows.

Celesta Damron, Nelan Bahiman Exchange Vows in Home Rites
Double ring vows united in marriage Miss Celesta Damron and Nelan Bahiman of Robert Lee, Friday evening at 7:30.

The wedding was in the home of the bride's parents, Mr. and Mrs. Fred Damron, 309 Twelfth Street. The bridegroom is the son of Mr. and Mrs. Otto Bahiman of Winters.

Elvis Fischer, minister of the Church of Christ in San Angelo, read the ceremony in the living room decorated with arrangements of white gladioli.

Given in marriage by her father, the bride wore a dress of white lace over polished cotton. The fitted bodice featured a mandarin collar, three-quarter length sleeves, and came to a point both front and back. The full skirt was ballerina length. Matching mitts were lace. She wore a lace cap accented with a bandeau of nylon flowers which held a shoulder length veil of illusion. She carried a white Bible topped with a pink and white carnation bouquet set in clusters of pink and white ribbons. She wore white kid pumps and for something old and borrowed she wore her mother's wedding band. She wore a blue garter given to her by a friend, Gay Nell Jarrett. Her only jewelry was pearl and rhinestone earrings.

Miss Peggy Damron, sister of the bride, was maid of honor. Billy Jack Isabel of Abilene, was best man. The maid of honor wore a dress of pink dotted nylon fashioned with a pink satin sash. The bodice featured a low neckline and cap sleeves. She wore a small white hat and pink pumps, and a corsage of white carnations.

A reception followed in the home. The bride's table, laid with lace over pink, was centered with a bride doll encircled with fern trailers garlanded with clusters of lily of the valley, flanked by white tapers burning in china holders, decorated with hand painted designs. At one end of the table was the crystal punch bowl and at the other, the three-tiered wedding cake decorated with pink rosebuds and green-

The Gospel of Christ Rightly Dividing The Bible

Last week under this same title we learned that the Old Testament is divided into two dispensations, the Patriarchal and Mosaic. We saw that both of those laws have ended and that today we are under Christ's law. Hebrews 10:9-10 states: "... He taketh away the first, that he may establish the second. By which will we be sanctified..." Matthew 5:17, Colossians 2:14, Galatians 3:24-25 etc. show plainly that the law of Moses has been "fulfilled" or "accomplished," "taken out of the way," "nailed to the cross" and that "we are no longer under a schoolmaster (the law)." The Old Testament contains the record of God's laws and dealings with people under two ages that are past and gone forever. The Old Testament is inspired and the record therein is correct but the laws do not apply to people today in the Christian age. We are under Christ's law, not Moses' law. Christ is our authority (Matthew 28:18 Revised Version) not Moses (Romans 7:1-4). Moses himself said concerning Christ "him shall ye hear in all things whatsoever he shall say unto you" Acts 3:22.

The laws of the Old Testament could be compared to the early laws of our state or nation. They are applicable to the people back then but many of them are now out of date and abolished. Some of the early civil laws are still binding because they are needed and have been carried on till now. A few of the Old Testament laws (for example nine of the ten commandments) are binding today, not because they are in the Old Testament but because Christ has seen fit to restate them and incorporate them into his law. ONLY THE OLD TESTAMENT LAWS RESTATED IN THE NEW TESTAMENT ARE BINDING ON US TODAY.

It is sensible to enforce civil laws still on the statute books handed down from earlier years but it would be absurd to try to bind laws today that applied only to yesterday and have long since been abolished, for example earlier laws concerning speed limits prohibited moving vehicles from going over fifteen miles or twenty miles an hour. What would you think of an officer trying to enforce such old, out of date, abolished laws today? It would be just as absurd to try to bind the abolished laws of Moses on people today. What would you think of people going back to the abolished pioneer laws of frontier days and trying to enforce them as civil laws today? What do you think of the practice of going to the abolished laws of the Old Testament for authority to disregard Sunday, and worship instead on Saturday, the seventh day? What is the difference in that and going to the abolished Old Testament laws for authority for sprinkling, infant church membership, instrumental music in worship, etc. today? What is the difference? Consistency and inspired Paul demand that if we bring over part of the old law we should bring over all of it (Galatians 5:3) and live as Jews.

Who is wise enough to know what portion of the Old Testament should be bound on Christians today? Christ alone! He restated all he desired in the perfect New Testament (2 Timothy 3:16-17; 2 Peter 1:3; James 1:25). We are warned against changing his perfect will, subtracting from, or adding to it (from the Old Testament or any where else) Revelation 22:18-19; 2 John 9; Galatians 1:8-9. Christ knew what he wanted in his will and he placed it there. Who is wise enough to improve upon Christ's perfect law? ? ?

Paul shows the great danger of going to the law of Moses for religious authority today. He shows that it is spiritual adultery to be married to Christ (as Christians are) and then try to be loyal to the laws of the dead husband Moses too (Romans 7:1-4). Paul taught the Galatian Christians a lesson we need today. They (as some today) wanted to bind the Old Testament practice (circumcision) on people under the law of Christ. Paul told them they would void the benefits from Christ and that those who did such were fallen from grace (Galatians 5:1-4). Let us heed the warning and not be guilty of going to the Old Testament for religious practices today. CHRIST IS OUR AUTHORITY (Matthew 28:18 R. V.).

First Bulletins On New Soil Bank Are Studied Here

First information regarding the new soil bank program was received Wednesday by the local ASC office. The information does not cover the entire program and it is hard to figure out how it will work here until additional information is received.

Buddy Gray called those in charge of the program at College Station and was informed that a number of changes had been received by telegram from Washington and it would be several days before the working plan could be given to all counties. They also stated that because of the lateness of the season for 1956 the plan would not have a fair opportunity.

The acreage reserve program will cover wheat, cotton and peanuts. Prices on the three crops will be determined by multiplying the unit rate by the yield factor.

The unit rate on cotton was set at 15 cents, wheat \$1.20 per bushel and peanuts at 3 cents per pound. This applies to crops not harvested. Wheat acreage not planted in 1956 because of adverse weather will receive payments of about \$4 per acre. Wheat planted but not harvested because of dry weather would bring about \$6 per acre. It was believed that all unharvested

wheat in this county will come under the program this year. It was stated that the yield factor on cotton would have to be determined by the county ASC committee.

Mr. Gray stated that it would be impossible to sign up local farmers until additional information was received.

ROAD BOND TALK FOR LIONS FRIDAY
Allen Davis was speaker for the Ballinger Lions Club last Friday and talked on the coming road bond election on June 30. Mr. Davis gave a number of figures dealing with the issues and urged that all local people work to get a full vote to the polls that day.

Jack Moore gave a report of the Lions convention held at Brownsville. The speaker attended the convention along with some eight delegates from the Ballinger club. Later this month Mr. Moore, incoming president, will go to Miami, Florida to attend the international convention.

Steady Population Growth

When farm surpluses are a major problem, it is hard to believe that the time may come when there will not be enough of many things. But a look ahead indicates that in future years the situation may be reversed, and then there may be shortages.

It is estimated that by 1975 the United States will have a population of 175 million. Our 5,300,000 farmers will be called upon to feed more people. The greater demand for all farm products will then solve the surplus problem—also the price problem. There are dynamic factors which make the future of agriculture secure.

We give particular attention to banking needs of farmers and stockmen. They find understanding service and ready co-operation here.

A THRILLER with a difference!

ALFRED HITCHCOCK'S THE TROUBLE WITH HARRY

EDMUND GWENN - JOHN FORSYTHE - SHIRLEY MACLAINE

spectacular musical in their incredibly long line of successes. As a sheriff's lieutenant who directs the hunt for two boys believed to have been kidnapped and held hostage in the wastes of the Southern California coastal range, star Neville Brand registers a decided hit in "Bobby Ware is Missing," a well-made, well-played family type drama from Allied Artists, at the Texas Theatre Friday and Saturday.

A taut and gripping tale of raw passions and deeds of violence unfolds on the Technicolor screen in Universal-International's "Star in the Dust" which opens at the Texas Theatre Sunday, Monday and Tuesday with John Agar, Mamie Van Doren and Richard Boone heading the cast.

Within the brief span between sun-up and sun-down are compressed all the story elements of the frontier drama, set in the turn-of-the-century town of Gunlock where the citizenry is split asunder in a conflict between farmers and cattlemen.

The upturned toes of a very dead man named Harry Worp point the way toward the newest and most unusual of Alfred Hitchcock's masterful screen yarns, "The Trouble With Harry," Wednesday and Thursday at the Texas Theatre, with Edmund Gwenn and John Forsythe the starred, and introducing the delightful Shirley MacLaine. This suspense drama about a body that won't stay buried is Hitchcock in a new vein—murder with highly humorous overtones.

At the Horseshoe . . .

Warner Bros. "Rebel Without A Cause," starring James Dean, which opens Thursday, Friday and Saturday at the Horseshoe Drive In Theatre, tells a story of youth's wild rage to live. The picture is in CinemaScope and Warner-Color.

Dean plays a boy who tries to find love and affection, denied him at home, as the member of a juvenile gang.

One of the year's most suspenseful thrill dramas, combined with a vibrant love story, is brought to the Horseshoe Drive In Theatre Sunday and Monday with the showing of "Bedevilled," starring Anne Baxter and Steve Forrest.

One of the most exciting scenes ever filmed for a motion picture, the "Hurralling" of a frontier town, is a highlight of "Wichita," Allied Artists' CinemaScope attraction at the Horseshoe Drive In Theatre Sunday and Monday.

The torrid combination of a man with a lust for power and a woman with a genius for murder is brought to the screen in Columbia Pictures' roaring story of gangdom's heyday, "Joe Macbeth," opening Tuesday and Wednesday at the Horseshoe Drive In Theatre. Starring Paul Douglas and Ruth Roman, "Joe Macbeth" reportedly depicts the savage life and crimes of the greatest public enemy of all, and the woman who inspired his most notorious deeds.

Co-stars Allison Hayes and Rod Cameron are romantically teamed in "Double Jeopardy," exciting drama from Republic Studios which arrives Tuesday and Wednesday at the Horseshoe Drive In Theatre. Gale Robbins is also starred.

At the Hillcrest . . .

"The Scarlet Hour," to show at the Hillcrest Drive In Theatre tonight, is the story of an unhappily married woman and her lover who hijack a gang of jewel thieves in order to get money to run away. During the fracas, the woman kills her husband because he has tailed them. Ultimately she goes to prison for murder, while her lover goes up for hijacking.

Is This God's Country?

The Communists say it isn't.
The atheists say it isn't.
But George Washington said it was . . . and he looked to God for guidance before and after Valley Forge.

Abraham Lincoln said it was . . . and he sought Divine aid to preserve our nation.

Our nation's founders had faith in God's wisdom . . . and with His help created a government unique in history . . . a government based on the idea that man's rights are God-given . . . that government's powers are derived only from the people.

Since Plymouth Rock, God has shaped the destiny of our nation by His presence in the councils of our leaders . . . and in the quiet corners of our lives. He has guided us through every crisis . . . always leading America forward.

Today, as in generations past, our people have Faith in Themselves . . . knowing God gave them strength to meet any challenge.

They still have Faith in Freedom . . . for they know God fashioned Freedom to give them dignity . . . to let them enjoy the fruits of their labors.

Past and present . . . we are surrounded by proof that God shed His Grace on America.

Let us pause a moment each day to give thanks . . . and to renew our Faith in America and the things it stands for.

Let's keep it God's Country!

Ford's New Customline Victoria

Open-air smartness of a convertible... carefree GO of Ford's great V-8!

If you've admired the wide-open beauty of hardtops but have always been a little "gun shy" of their price, then this new Ford Customline Victoria was meant for you.

You'll ride like royalty in the luxurious interior of the Ford Customline Victoria. Virtually a "living room" on wheels, it features deep-cushioned seats upholstered in exquisite new fabrics.

Advertisement for Ford's performance, safety, and economy features, including the slogan 'Ford goes first!' and a comparison of air conditioning costs.

Like its Fairlane running-mate, this Customline hardtop has quarter windows that roll down completely, leaving nothing between you and the view but fresh air.

Better arrange for your "driving date" soon. Slide behind the wheel and head for the wide open spaces. When you return you'll understand why Ford is the V-8 with the world's biggest following.
