

# THE BALLINGER LEDGER

VOL. 71

BALLINGER, TEXAS, THURSDAY, JUNE 20, 1957

NO. 34

## Celebration Plane Near Completion for June 29

Ballinger Jaycees were running in high this week getting last minute plans made for the annual celebration here June 29, Ballinger's 71st birthday anniversary.

New features were being added to the one day program and final details worked out for handling the crowd.

Announcement was made that a sound truck had been secured from Meads Bakery and would be here Friday afternoon and all day Saturday for use at any location. The same company will also send a 1911 truck to be used in the morning parade.

The first event of the day will be the fly-in breakfast of the Texas Flying Farmers. They will arrive at the airport around 9 a. m. and will hold a breakfast downtown for the members only.

The big event opening the celebration will be the parade at 10 o'clock with Sheriff Don Atkins in charge. Parade features have been coming in fast and will continue to be added until actual time for the marchers to start. It will be headed by the Webb Air Force band from Big Spring. The Ballinger band will also be given a prominent place in the line of march and invitations are out to other bands in the area.

Some of the most interesting features in the parade will be three entries from the Lazy N Stables at Winters furnished by John Norman, owner. The Brady July Jubilee float, the Coleman Riding Club and float, several sheriff's posse groups from over West Texas, the 40-8 locomotive and box car from San Angelo, several old car entries, a clown feature by Bell's Grocery and many other local entries including the national guard, boy scouts, cubs, and other local groups.

Registration of guests will start at 12 noon and continue until 5 p. m. Those who have lived in the county for 65 years or more will be registered separately and given special honor badges which will give them special attention and also be guests of the Jaycees at the barbecue at 6 p. m. All those registering will be eligible for prizes to be awarded from 7 to 8 p. m. at which time pioneers will be given special recognition.

At 1:30 p. m. an air show will be the feature for the opening of the afternoon program. This show will be presented by planes and pilots from Goodfellow Field at San Angelo.

From 2 to 5 p. m. the main attraction will be staged in the large hangar at Bruce Field where entertainment acts, free motion pictures, and concessions will be in operation. There will also be a number of exhibits by local firms and organizations which will be of special interest.

In the concession lineup will be bingo games, a cat rack, cork gun, oil and teddy bear stand, dart game, baseball rack, fish pond for kiddies and a novelty stand. In addition, the Jaycees will operate a stand with cats and drinks on sale all during the afternoon and evening.

From 7 to 8 p. m., immediately following the barbecue, the door prizes will be awarded and there will also be prizes for the oldest couple, oldest man, oldest woman, and the newest resident to the county.

The barbecue will be free to those who have lived in the county 65 years or more and others may secure tickets at \$1 each.

The final program of the day will be a square dance starting at 8 p. m. on the big concrete slab at the airport.

### OIL COMPANY MEN TALK TAX VALUES

A large number of representatives of oil companies and drilling operators and land owners were here Monday to meet with members of the Runnels County Commissioners' Court and with the engineering firm of Thos. Y. Pickett. The purpose of the meeting was to discuss oil valuations in this county for tax purposes.

The representatives went over proposed rendition values with the engineering firm employed by the county, and later will come to definite understanding on the exact values for this year.

County officials stated that they expected the oil values to be around \$29,500,000 when discussions are completed.

## Officers Report Numerous Cases Filed Past Week

Law enforcement officers were busy the past week handling a number of new cases and making numerous investigations.

Leo Freeman was charged with non-support and a warrant mailed to officers at Roswell, New Mexico.

Buddy Watson paid an old fine of \$20.30 and was released Sunday.

Bertin L. Braden paid a fine of \$20.50 for disturbing the peace and another for \$20.50 for speeding.

Bobby Havalak, Wilber Jost, Howard Kvapil, Frank Gerngross, and Leon Hedmann all paid fines of \$20.50 for disturbing.

Luther Hickman paid a fine of \$47.30 on a checking charge. Mary Ann Sims received a five year adult parole sentence Saturday in district court on a charge of burglary by assault. This was in connection with the burglary of a grocery store at Winters some time ago.

Some one did considerable damage at the Texaco Station on the Coleman Highway, operated by Clarence Hallmark, last Friday. Two nozzles were cut from hose on gasoline pumps and one nozzle was taken. Other damage was reported at the station. Officers have finger prints and are working on the case.

Pearl Lee James was brought here Monday to face a burglary charge. He was arrested in New Mexico by a U. S. Marshal.

Mr. and Mrs. Jake Ivy were involved in a wreck last week-end near Wingate and three small children were thrown from the car and received minor injuries. Mrs. Ivy received a broken arm and an injured back and after being taken to Winters, was transferred to the hospital at Bronte.

The Triple J Grocery at Winters was entered last Friday night and 24 cartons of cigarettes and 10 cartons of gum were reported missing.

One patient from here was transferred to the hospital at Big Spring last week-end.

James Ray Turner, given a five year sentence back in 1952 for hauling a safe from a drug store at Wingate, will be returned here to face that sentence. After his conviction here he was tried in another county and has been serving a sentence from that place.

Mrs. Donald New was charged with checking at San Angelo and a warrant sent to local officers.

Joseph, Ralph Watson was injured in a wreck last Thursday and received an injury to his back and spine. He was transferred from the Winters Hospital to Hendricks Hospital at Abilene.

Gilbert Planagan was charged with driving while intoxicated following a car accident here last Wednesday night. He has been a hospital patient since that time.

Louis Garcia Costello, a minor, was charged with possession of beer and fined \$21.70. Arturo Lopez was fined \$12.70 in city court for having no drivers license.

George W. Thompson paid a fine of \$87.50 on a checking charge.

Pearl E. James was transferred from New Mexico to the Runnels County jail this week to face a burglary charge.

Elmer Fritze was transferred from Tom Green County here on a charge of non-support.

A county car left Wednesday to take Elmer Nelson to a state hospital at Austin and also to deliver H. C. Cope, convicted of forgery, and Manuel Perez, convicted of burglary, to the state prison at Huntsville.

### GOOD LIVESTOCK RUN AT SALE HERE MONDAY

There was a nice run of cattle and sheep Monday afternoon at the livestock sale at the Runnels County auction barns. A small crowd was on hand but the market was strong and active.

Butcher calves topped at 24 cents, cutter and fat cows brought 12 to 14 cents and yearling lambs 15 cents. There were no hogs in the sale Monday.

## Crimemobile Unit Here June 29

The Texas Law Enforcement Foundation Crimemobile is a 50-foot rolling classroom of scientific crime detection devices. The unit is touring the state to demonstrate modern crime fighting tools used by law enforcement forces. All exhibits are free.

Sheriff Don Atkins received definite information Wednesday that the Texas Crimemobile Unit of the Texas Law Enforcement Foundation would be in Ballinger June 29 as a feature on the program sponsored by the Ballinger Jaycees observing Ballinger's 71st birthday.

The unit will arrive in time to take part in all features of the day and will be open for inspection of the public. Bill Squier, Crimemobile supervisor, will be in charge of the unit and will be assisted here by local law enforcement officers.

The Crimemobile was conceived as a graphic means of portraying modern law enforcement. This scientific crime detection exhibit is equipped with more than a dozen modern-day apparatuses and devices used by officers in solving crimes and

apprehending criminals.

The exhibit, housed in a 48-foot trailer, serves as a rolling classroom to impress Texas citizens—particularly young ones—in every corner of the state with the efficiency and ingenuity of modern police techniques. It travels 100,000 miles each year, moving from one community to another by invitation of schools, civic clubs or local enforcement officers.

The Crimemobile strips away the false glamour of the criminal. It gives the public a view of the coldly efficient machinery used in modern law enforcement. Graphic illustrations also help install a new respect for the efforts of our peace officers in their protection of lives and property. An average of 32,000 Texans view this extremely

popular exhibit each month.

The Crimemobile is a free exhibit. There is never an admission charge and no funds are collected with its showing.

Some of the equipment which will be seen in the exhibit is: Polygraph, commonly known as a lie-detector. Scientific glassware, designed for blood tests and other crime detection. X-Ray machines used for locating bullets and paths of bullets. Ultraviolet light for finding bloodstains, laundry marks and other hidden substances in clothing. Comparison microscope for ballistic purposes. Short wave radio for sending police calls. Handwriting and fingerprinting equipment. Plaster casts, firearms, speed photo-transceiver, drunk-o-meter and a panel of photo murals.

## Hobbs Here Friday To Meet Westerners

The Westerners registered their second straight win against the Carlsbad Potashers Wednesday night to take a three game lead in the Southwest conference. Bob Leach kept hits well scattered to go all the way for a 9 to 4 win.

The Westerners will come home tomorrow (Friday) night to open a two game series with Hobbs. This is a schedule change which was announced this morning from the league office at San Angelo. According to the old schedule El Paso was due here for three games. The new schedule announced this morning will carry through July 2 and is as follows:

June 21 and 22—Hobbs at Ballinger, San Angelo at Midland, El Paso at Carlsbad.

June 23, 24 and 25—El Paso at Ballinger, Carlsbad at Hobbs, Midland at San Angelo.

June 26 and 27—Ballinger at Hobbs, San Angelo at Carlsbad, El Paso at Midland.

June 28, 29 and 30—Ballinger at El Paso, Hobbs at Midland, Carlsbad at San Angelo.

July 1 and 2—San Angelo at Ballinger, Midland at Hobbs, Carlsbad at El Paso.

With only a few days left in the first half and the Westerners out in front, fans are urged to fill Runnels Field and help them hold that lead during the remaining 12 games. Game time each night will be 8 p. m. and at 2:30 Sunday.

Thursday, June 13 Behind the steady pitching of Eddie McKay, the Westerners took a 10 to 6 win over Carlsbad in the opening of a three game series.

Tuesday, June 18 The Westerners, behind the three-hit pitching of Eugene Lippold, took the first of a three game series from Carlsbad Tuesday night and also moved into first place in the Southwest League standing by a few percentage points. Ballinger scored two in the fourth when singles by Ron Kiser and Stubby Greer were followed by a wild pitch putting runners on third and second. Long files by Jim Moore and Walter O'Neal scored Greer and Kiser. Another was added in the fifth when Lippold and Frank Cafone singled and two walks forced Lippold across the plate. The final runs came in the eighth when Greer doubled, Moore singled, and Moore came home on a double by Bill Stenger.

WATER TROUBLE OVER AT SWIMMING POOL

Dick Richey, manager of the Ballinger swimming pool, stated this week that all water trouble has been solved at the pool and right now, he added, the water is the best it has ever been.

Early this year the water looked colored and the pool was drained and the inside given a new paint job. After it was refilled the water remained perfect and business has been increasing, even though there have been few warm days for perfect swimming.

A number of special events are being planned at the pool and these will be announced as soon as they are perfected.

Mr. and Mrs. Herman Price, Mrs. Sam Conner and daughters, Karen and Janabeth, spent the past week-end at Hunt visiting Pamela Price who is spending a month at Heart of the Hills Camp.

## Golf Tournament Is Started Here For Club Members

The first matches of the Ballinger Country Club golf tournament are underway this week and must be played and reported by the end of play Sunday.

Second round matches will be played starting June 24 and through Sunday, June 30.

All finals will be played on July 4 and each match will be for 18 holes.

Players qualified last week and pairings were arranged Sunday after scores were posted. Those paired for games this week are:

Championship Flight Sam Conner vs. Alvin Holbrook Truman Conner vs. Doyle St. John

Teddy Triplett vs. A. J. Thorp Jr. Max McCrary vs. Buster Parrish

First Flight Clifford Cook vs. Gene Ischar Haney Atyia vs. Allen Davis D. B. Crockett vs. Walter Moss Bill Clark vs. Lanham Flynt

Second Flight Wayne Fiveash vs. George Newby Gene Keel vs. Ebb Grindstaff Dick Owens vs. Spike Dykes R. D. Travis, E. B. Underwood and Mac St. John will play 18 holes medal score to see who advances to the second round.

GROUND OBSERVERS WILL MEET SUNDAY

The Ground Observer Corps will meet Sunday from 1:30 to 5:30 for an exercise alert. The local corps will assemble at the football field for the afternoon of sky watching.

Ballinger has been selected as a relay point and when alerts are issued in the future, Ballinger will be called and then eight other calls will be made from here. This is being done in order to speed up the sending of alerts since there are now over 260 posts in the Dallas area to be notified.

Mrs. Ed Curry and daughters, Lesa and Gretchen, have returned to Bay City after a visit here with Mrs. Curry's parents, Mr. and Mrs. Sam Behringer, and other relatives and friends. Karen Curry remained for a longer visit with her grandparents.

Leaving Tuesday for a vacation in Las Vegas, Nevada will be Mr. and Mrs. Albert Purifoy, of Fort Worth; Mr. and Mrs. Gene Keel and Mr. and Mrs. Lanham Flynt.

## Watershed Control Project On Valley Creek Completed

An application for planning assistance under the watershed protection and flood prevention act has been prepared on the

Valley Creek watershed in this county. The application will be signed by a large number of organizations, cities and other

### Oil Activities Slow Past Week In This County

The W. U. Paul No. 2-Harry Lynn is drilling past 3,500 feet to test production in the Fry. In the Palo Pinto a good showing of oil was reported with about ten feet of pay. Testing of production at that pay may be tried if the Fry fails.

Humble Oil & Refining Co. No. 1-C Rufus Allen, four miles northwest of Hatchel, pumped 5 1/2 barrels of oil in a six hour test. Testing at the location is being continued.

Humble Oil & Refining Co. and G. W. Strake No. 1-Willbanks, in the Winters, Southwest multipay field, flowed 22 1/2 barrels of oil on a 24 hour test. Testing is being continued.

Bridwell Oil Co. of Abilene will drill a 4,600 foot rotary wildcat which will be their No. 1-Lena Spill, four miles southeast of Winters.

Sidney H. Davis of Abilene has filed application to re-enter and back to 3,782 to test the Morris sand and the Palo Pinto line in the No. 1-Walter Adams, opener and lone producer in the Misti (Strawn) field, six miles southeast of Winters.

### Curbing Underway For Pavement Job On Fourth Street

Concrete curbing is being built on Fourth Street between Phillips and Railroad Avenues with paving planned later. This has been a very bad block on that street near the hospital for many years due to it being all on a steep hill. The city has worked the street many times but any added material soon washes away.

Within a short time after the curbing is completed, it is planned to pave the street with asphalt to make it a permanent street. The hill street on Fourth which connects with the Coleman highway is needed often by ambulances making emergency calls on that highway.

Several other projects are being planned and will likely come up later in the summer. In the meantime, street maintenance is being rushed as fast as possible to get dirt streets back in condition after the long wet weather which left them in bad shape.

City officials stated that it would be necessary to take time out soon for a complete overhauling of the city grader. The big machine is in need of a repair job and as soon as emergency street work is caught up, this will be done.

The city plans to do some pavement patching and to smooth places where water lines have been placed across streets causing pavement to be disturbed.

### COUNTRY CLUB WILL HAVE ANNUAL MEET TUESDAY, JUNE 25

The stockholders of the Ballinger Country Club will hold their annual meeting on Tuesday, June 25, at 7:30 p. m., at the club house. Cards have been mailed all stockholders advising them of the meeting, and directors and officers have made a schedule of business to come before the group at that time.

Committees will make their annual reports which will show a number of items handled during the past twelve months. It will also show a reduction in the outstanding indebtedness and the securing of a loan to pay outstanding bills and get all the indebtedness in one loan.

Under the head of new business, two new directors will be elected to serve on the board, and later in the evening the board members will meet to elect officers and name standing committees.

Plans will be made for the annual July 4 celebration at the club. This date has been observed for many years by local club members with activities planned for all ages during the day and a barbecue dinner at the noon hour. No definite announcement has been made in regard to the program for this year other than the finals in the golf tournament for that afternoon.

Mr. and Mrs. Dennis Paschal and children and Miss Wanda Paschal of San Antonio were weekend visitors with Mr. and Mrs. Harry Paschal.

Paul Williams, who underwent major chest surgery at Baylor Hospital in Dallas recently, has returned home and is doing nicely.

branches of local government, and filed with the State Soil Conservation at Temple, asking that they join in requesting the United States Department of Agriculture to provide assistance in developing a work plan for the watershed.

The application has compiled much information in regard to the watershed and the amount of damage that has resulted over a ten year period from floods. It shows damages in the millions and also points out much more damage which will result unless something is done to curb the flood waters after heavy rains.

Valley Creek heads in Nolan County some 39 miles above the junction with the Colorado River near Ballinger. The total fall of the creek is about 900 feet from an elevation of 2,500 feet at the head to 1,600 feet at the entrance into the Colorado River.

It points out the maximum annual runoff of 63,892 feet or 258.5 acre feet to the square mile. The annual precipitation is 24.4 inches with the maximum recorded 50.5 and the minimum 10.7. The maximum rainfall recorded for a single day amounted to 11.8 inches.

In 1946 the firm of Parkhill, Smith and Cooper, engineer firm at Lubbock, made an extensive survey for the City of Ballinger, after which it was decided by the city to place a water reservoir on the creek to provide water for municipal use.

The lake originally had a capacity of 4,500 acre feet. Since it was constructed, it is estimated that it is silted up at the rate of 20 inches per year. At this rate it will be useless in 10 to 15 years which would cause a loss of \$446,700 to the city of Ballinger. Since 1930 floods have occurred on Valley Creek 18 years.

In making up the information to prepare the application, the Runnels County Farm Bureau made a survey of 13 farmers who live along the creek and in the watershed to try and get their actual flood damages over a period of ten years. When this was actually set down into dollars, it was astounding.

There are about 40 road crossings on the creek and three major highways. These have suffered damages in the past ten years of some \$190,000. There is extensive oil development along the creek and great loss has been reported by these companies by flooding and overflows.

The watershed covers a large area of some 153,600 acres in Runnels, Nolan and Taylor Counties.

The application points out many ways in which damages occur and also how a watershed program could save these damages and, in addition, help increase production because of possible irrigation and other similar benefits.

One point that is stressed is that because of possible pollution by salt water, it will be only a matter of time before the water of this creek will become useless for fish, wildlife, etc. It is believed that this problem could be eliminated if a watershed protection and flood prevention program was installed on its watershed. It also points out that the Ballinger city lake might be saved for many years.

The application offers a large number of project objectives, one of which would be the straightening of banks, cutting away of brush and other matter which retards the flow of the water.

The big need is the construction of water control lakes on branches and smaller creeks of the watershed to catch the water runoff after heavy rains and release it slowly over a period of time. It points out that all organizations and individuals in the county are in favor of the project and that there is no known opposition.

This is a similar project to that on the Brady Creek watershed in McCulloch and Concho Counties which has been under construction for several years. A large number of the ponds or lakes have already been built on ranches and are proving highly successful in controlling the flood waters of Brady Creek which has provided many damaging floods in that area.

Mrs. Warren Lynn is at home after a visit with relatives and friends in Tulsa, Oklahoma.

### Golden Wedding Anniversary

Mr. and Mrs. O. K. Jacob

Mr. and Mrs. O. K. Jacob, residents of Ballinger since 1929, observed their 50th wedding anniversary, Father's Day, and their birthday anniversaries, which are on the same day. Hosts for the open house were their children and included

around 225 friends in the Jacob home from 3 until 5 p. m. Mrs. Otis Jacob greeted guests and presented Mr. and Mrs. Jacob. Receiving with them were their children, Mrs. R. M. Cathey of Wingate, W. A. Jacob of Abilene, E. B. Jacob of San Antonio, Otis and Roy, both of Ballinger.

Misses Sue Ann Jacob of San Angelo, and Edna Carol Cathey of Wingate, granddaughters of the couple, registered guests, and Mrs. W. A. Jacob spoke goodbyes.

The dining table was laid with lace over gold and centered with a four-branched gold colonial candelabrum holding gold tapers. Yellow roses and garlands of gold leather leaves and the numerals "50" completed the centerpiece on a mirrored reflector. The buffet was centered with the white cake, decorated with gold roses. Single white tapers in gold holders, accented with garlands of gold sparkled leaves and valley lilies, were at each side. Other rooms were decorated with daisies and yellow roses. These flowers were compliments represented by friends as far away as New York.

Presiding at the table were Mrs. Roy Jacob, Mrs. E. B. Jacob, Mrs. J. Dexter Eoff and Lt. Mayme Ruth Boothe, formerly of Ballinger, and now of Kansas City, Missouri. They were assisted by Miss Norma Jean Ohlhausen and Mrs. J. O. Doshier of Moody.

Others in the houseparty were the couple's other grandchildren, Kay Jacob, Tommy and Johnny Jacob, Ernest Mack Cathey of Wingate and Kenneth Jacob of San Antonio, and their son-in-law, R. M. Cathey.

The couple was married June 20, 1907, in Temple in the home of the bride's parents, the late Mr. and Mrs. W. T. Little. Mrs. Jacob is the former Edna Little. Mr. Jacob, the son of Mr. and Mrs. W. W. Jacob, was also a resident of Temple. The Jacobs moved to Ballinger February 13, 1929, when Mr. Jacob opened this territory as representative of Saffold-Yerby Cotton Co. In 1936 he went into cotton business for himself and had office in the Zappe Building for the next 20 years.

Last year he was joined in the firm by his son, Roy, and they now maintain an office near the campus.

Mr. and Mrs. Jacob and all their children are members of the Church of Christ. Mr. Jacob has been an elder for more than 30 years and enjoys directing singing at the services at the Eighth Street Church of Christ. Mrs. Jacob is also an active

church worker. Both have been active civic workers in Ballinger. He is a member of the Texas Cotton Association, for which he serves as a committeeman on compresses and warehouses.

He is currently serving the Ballinger Independent School as a member of the board of equalization and is a contributor to the Chamber of Commerce.

**First Presbyterian USA Women's Council Meets**

Mrs. Bill Dean was leader for the program, "Christ's Way Everyday in the Community," at the regular missionary meeting of the Women's Council of the First Presbyterian USA held in the church parlors Monday afternoon.

Mrs. Pierson Corder brought the devotional and Miss Eva Lilly read the names in the Yearbook of Prayer and gave the prayer for missions. Miss Virginia Lange played the accompaniments for the program songs.

At the social hour, Mrs. Ad Urban and Mrs. Harper McFarland were hostesses and served a sandwich plate with cake and iced tea in rooms decorated with arrangements of gladioli.

Others present were: Mmes. Rufus Allen, H. B. Fowler, Calvin Howell; Misses Maggie and Eunice Lilly.

**Miss Berryhill To Become Bride of John Duke**

Mr. and Mrs. Ramon Berryhill have announced the engagement and approaching marriage of their daughter, Miss Betty Louise Berryhill, to John Walter Duke, son of Mr. and Mrs. Walter S. Duke.

The couple will be married July 27 at the First Methodist Church with the Rev. E. R. Gordon officiating.

Both Miss Berryhill and her fiancé are graduates of Ballinger High School. Miss Berryhill completed a business course at Brantley-Draughton Business College at Fort Worth. Mr. Duke attended Rice Institute at Houston and North Texas State College, Denton.

**Fancy Doers Has Meeting At City Park**

The Fancy Doers Club held their regular meeting at the City Park Monday night. Hostesses were Fanny Stokes and Dorothy Lange.

Bartlett, Mrs. Robert Lee, a guest, was presented and she gave a talk on antiques, stamp collections and old relics. In discussing the topic, Mrs. Lee displayed old books, antique glass and china and other collections.

Mrs. Woods was assisted by small Roger Keys in serving angel food squares and ice cream. Plate favors were daisy corsages encircled with yellow ribbon loops.

Others present were Mmes. Chester Cherry, O. C. Sykes, E. A. Saunders, Sam Behringer, J. W. Barr, O. R. O'Neill, O. R. Lasater, E. P. Talbot, A. B.

Stobaugh and Tom Caudle.

**BALLINGER HOME DEMONSTRATION CLUB**

Mrs. Felix Itz was hostess to members of Ballinger home demonstration club Tuesday afternoon in her Eighth Street home.

Mrs. Alvin Spreen, president, was in charge of the business after the club prayer was read in unison. Members answered roll by recalling "Thoughts From Memory Lane." Plans were completed for the county Rally Day program to be held at the National Guard armory on July 25. The club will display exhibits at Ballinger's birthday celebration on June 29.

For the program, Miss Ollie Chenoweth, county agent, gave a talk on "Your Home, An Adequate One," in which she stated that the home is adequate if it meets the needs of the family.

Mrs. Itz served cake and iced tea.

The next regular meeting will be on June 27 in the home of Mrs. G. A. Morrish on Eighth Street.

John Brian and Mack Albert Purifoy of Fort Worth are here with their grandparents, Mr. and Mrs. W. B. Woody.

# These Forty Years!

Forty years ago, in June of 1917, the Humble Company received its charter from the State of Texas.

The Company was formed through a merger of the properties of a number of independent oil operators. Its founding brought together a remarkable group of men who occupy an important place in the annals of the oil industry:

R. S. Sterling and his brother, F. P. Sterling, the principal organizers of Humble Oil Company from which the present company acquired its name; W. S. Farish and R. L. Blaffer composing Blaffer and Farish; H. C. Wiess with assets from Paraffine and Reliance Oil Companies; Walter W. Fondren and C. B. Goddard, producers; and L. A. Carlton and E. E. Townes as lawyers.

All of these men contributed greatly in adopting the principles, in shaping the policies, and in laying out procedures that have guided the Company's

progress through these forty years. Their influence will survive as long as the Company continues.

They possessed courage and business judgment. They established high standards of performance. They built a strong organization of competent men and women.

The Company, as it stands today, is a tribute to the leadership, the vision, and the work of its founders.

But it is doubtful that these men, with all their foresight, visualized the changes that have occurred in the oil industry since 1917, or the size and complexity of Humble's present operations, or the extent of the Company's contributions through the years to the progress of our society.

To all who have made those contributions possible—employees, customers, shareholders and the people of the states in which the Company operates—Humble extends its thanks.

### Council Meeting Friday Afternoon Is Well Attended

The Runnels County Home Demonstration Council met Friday afternoon in the conference room at the court house for their regular June session. The group voted to hold rally day in Ballinger at the national guard armory on July 25. A program will be arranged for the day and a covered dish luncheon served at the noon hour.

Announcement was also made that the council would have a display at the exhibit building at Bruce Field during the program sponsored by the Ballinger Jaycees on Ballinger's 71st birthday, June 29.

Mrs. Clyde Simmons presided Friday and the club prayer was recited in unison at the start of the meeting. A letter was read from 4-H club girls and Miss Peggy Schwartz, thanking the clubs for their donations to help pay expenses to district encampment.

Mrs. B. M. Baits, finance chairman, announced that a new shipment of yearbooks had been received and could be obtained at the office of Miss Ollie Chenoweth.

Mrs. H. O. Vogelsang, yearbook chairman, suggested that material for the 1958 yearbook be collected through each club.

Miss Schwartz reported on the 4-H club camp at Hunt. There were 224 4-H club boys and girls, agents and adult leaders present.

Mrs. J. C. Jarrell reported on the civil defense training school held on May 27.

A total of 22 members from 10 clubs were present at the council meeting. Programs on "Citizenship and Juvenile Delinquency" and "Milk Three Times a Day" were given to the club by leaders. Miss Ollie Chenoweth gave a demonstration on "Your Home, An Adequate One," since the last council meeting. Pressure cookers were also tested.

Mrs. J. L. Ohlhausen read a letter from Mrs. C. E. Barfield regarding the state meeting. She also collected work sheets filled out by club presidents.

The council adjourned and Mrs. Ohlhausen presided for the THDA meeting that followed when the following delegates were elected for the state meeting: Mrs. Ohlhausen, Mrs. E. S. Morgan and Miss Peggy Schwartz. Alternates: Mrs. L. C. Hill, Mrs. Marvin Hale, Mrs. O. V. Cooper.

### 30 Local Scouts Troop 34 Leave Sunday For Camp

Ballinger boy scout troop No. 34, sponsored by the Baptist Brotherhood of the First Baptist Church, will be well represented at Camp Sol Mayer this week. A total of 30 boys left Sunday morning and will spend the week taking the special training program and enjoying the recreation program offered at the camp.

Accompanying the boys was R. A. Young and Bill Bisbee, assistant scoutmasters. Jim Flynt, Jr. is scoutmaster and E. E. King is the institutional representative and both were unable to attend camp.

The boys left early Sunday in time to arrive at camp for a morning devotional service. This troop has almost fifty boys enrolled and has made excellent records the past years in advancement and other types of scouting.

Boys attending the camp this year are: Bobby Joe Gray, Cecil Pasley, Dale Keel, Frankie Gray, Henry Nieto, Jerry Lee, Danny Gard, Tom Meador, Chris Bissett, Mickey Darby, Gary Gard, Bill Clark, Raymon Batchelor, Johnny Parks, Joel Bisbee, Tommy Jacob, Don Roy, Butch Young, Bobby Tom Bailey, Floyd Wimberley, Glenn Brunson, Ivan Estes, Ronny Crockett, Donald Bailey, Glenn Tabor, Larry Clark, Mike Clark, Phil Turner, Harley Wheeler, Henry Wheeler.

The camp will close Friday and the Ballinger boys will return home at that time.

Evangelical and Reformed Churches trace their origins back to continental Europe. Both groups have different forms of organization. The Congregationalists giving the local church full autonomy, while the Evangelical and Reformed body vests more authority in synod organizations.

The Congregational Christian Churches have 5,361 congregations and 16,342,045 members. The Evangelical and Reformed Church has 2,750 congregations and 775,000 members. The United Church of Christ will rank about seventh in the list of church bodies in America.

### SPECIAL INFORMATION ON CHURCH CONFERENCE

Zoar Evangelical and Reformed Church of Rowena will give recognition in the Sunday service at 10:00 a. m. to the United General Synod being held in Cleveland, Ohio, June 25-27. This meeting will carry out a merger of the Evangelical and Reformed Church with the Congregational Christian Churches to form what will be known as the United Church of Christ. It will be the first union in America of groups that do not have a common background.

The Congregational Christians had English origins, while the

### NORTON LIONS CLUB IN MEETING JUNE 13

The Norton Lions Club met for its regular supper meeting on June 13. A delicious barbecue meal with all the trimmings was served by members of the Norton Home Demonstration Club. All Lion members, with exception of two, were present.

In the business meeting that followed, a report was given on the purchase of glasses for one of the school students. The club also voted to buy a coffee maker for use at the community gatherings and to purchase some equipment for the Norton Little League baseball club.

The next meeting of the Lions will be ladies' night with installation of officers for the ensuing year.

John Barry Williams of Austin is visiting here with his grandmother, Mrs. Tom Agnew, while the parents, Dr. and Mrs. Barry Williams, are vacationing in Taos, New Mexico.

D. Wylie of Dallas and Mrs. A. C. Hunnevell of Weatherford; 14 grandchildren and 16 great-grandchildren.

**William H. Smothers**  
William H. Smothers, 83, died at 2:30 p. m. Saturday in the Sadler Clinic-Hospital at Merkel where he had been a patient for the past six weeks.

Decedent was born in Bells, Tennessee, June 11, 1874. He lived in Ballinger several years before moving to Merkel in 1951 and later moving to Trent.

Funeral services were held at the First Methodist Church in Ballinger at 10:30 a. m. Monday with the pastor, Rev. E. R. Gordon, officiating. Burial was in Evergreen Cemetery with Newby-Davis Funeral Home in charge.

Survivors are one son, L. G. Smothers, Oklahoma City; a daughter, Mrs. Pauline Richardson, Ballinger; two sisters, Mrs. C. B. Hill and Mrs. Emma Smith, Wynne, Arkansas and two grandchildren.

**Mrs. D. L. Brevard**  
Mrs. D. L. (Betty) Brevard, 79, died at 1:15 a. m. Wednesday in Scott and White Hospital, Temple, after an illness of a few days.

Mrs. Brevard was born in Bell County. She was married to D. L. Brevard in 1902 and lived in Runnels County near Ballinger until 1950 when she moved to Belton. She has been a member of the Baptist Church for more than 60 years.

Surviving are one son, Flay Brevard of Ballinger; one daughter, Mrs. J. W. Pittman of Belton; four grandchildren, Weldon, Jane and David Brevard and Mike Pittman; five sisters, Mrs. Cassie Mobley of Cisco, M. J. Jessie Moore of Rogers, Mrs. C. D. Ernest of Spofford, Mrs. W. M. Watson of Itasca and Mrs. Herbert Puckett of Falfurrias; seven brothers, S. H. McGinnis, Kerrville; Lawson, Henry and Mason McGinnis of Cleburne; Glenn McGinnis of San Antonio, Russell McGinnis of Barksdale and R. G. McGinnis of Uvalde. She was preceded in death by her husband in 1952.

Last rites were held at 3 p. m. today at the First Baptist Church in Ballinger. Dr. James Basden, pastor of the First Baptist Church of Brownwood, officiated, assisted by Rev. Le-Ray Fowler, pastor of the First Baptist Church in Ballinger.

Burial was in Evergreen Cemetery with Newby-Davis Funeral Home in charge.

Pallbearers were Arlis Tountget, Bill Witter, Malone Gallant, Clyde Brevard, S. J. Brevard and Marvin Hale.

**At the Texas**  
Filmed against the background of present-day Hollywood and starring William Campbell, Karen Sharpe and Anita Ekberg, "Man in the Vault," opening Thursday, Friday and Saturday matinee at the Texas Theatre, is a taut, nerve-jarring suspense drama based on top flight mystery writer Frank Gruber's novel, "The Lock and the Key."

**At the Hillcrest . . .**  
"The Searchers," starring John Wayne, opens Friday, Saturday and Sunday at the Hillcrest Drive In Theatre. It returns to the screen the great actor-director team of Wayne and John Ford, which has thrilled audiences so many times with motion pictures such as "Stagecoach" and "The Quiet Man."

**Dean Martin's** first starring role in M-G-M's "Ten Thousand Bedrooms," which shows Friday, Saturday and Sunday at the Hillcrest Drive In Theatre, gives him a big opportunity to prove his versatility. In addition to singing four songs and making love to two beauties, Anna Maria Alberghetti and Eva Bartok, he does a comedy dance routine with Jules Munshin as a high spot of the new musical romance.

**DEATHS**

**Mrs. W. D. Donham**  
Mrs. W. D. Donham died Tuesday night at Uvalde where she has been making her home with a daughter for the past ten years. Funeral services were held at 3 p. m. today at the Spill Memorial Chapel in Winters with Rev. E. L. Craig officiating. Burial was in Fairview Cemetery.

Decedent moved to Runnels County with her family in 1907 and lived in and near Winters until they moved to Ballinger in 1931. In 1941 they moved to Haskell where Mr. Donham died in 1944.

**Passer-by**—Fullback Cervato of the Italian soccer team appears to be watching the game as he strolls by on air, driving the ball away during a match against Northern Ireland at the Olympic Stadium in Rome. Cervato starred offensively as well, leading his team to a 1-0 victory during eliminations for the 1956 world tournament to be played in Sweden.

## SOCIETY

**Ruby Lee Fuchs Becomes Bride of Richard Buskemper**  
St. Boniface Catholic Church at Olfen was the setting Thursday morning at 8:30 o'clock for the wedding of Miss Ruby Lee Fuchs of Olfen and Richard Buskemper of Ballinger.

The bride is the daughter of Mr. and Mrs. Leo Fuchs of Olfen, and the bridegroom is the son of the late Mr. and Mrs. G. A. Buskemper.

The Rev. Norbert Wagner, church pastor, officiated at the double ring service and the nuptial mass before the altar decorated with white gladioli and cathedral candles burning in a branched candelabrum. Side altars were decorated with sunburst arrangements of white gladioli and family pews were marked with white satin bows accented with gladioli. Acolytes were the bride's brothers, Leon and Norbert Fuchs, and her cousins, David Ocker and James Fuchs.

Miss Jeanie Halfmann, organist, played the pre-nuptial selection; and also accompanied Mrs. Leo Fuchs, the bride's mother, when she sang "Ave Maria." She also played the accompaniments when the church choir sang the mass of "The Holy Family."

Miss Rose Marie Fuchs, cousin of the bride, was maid of honor. Bridesmaids were Misses Helen Halfmann and Joyce Ocker, cousins of the bride. They were identically attired in ballerina-length gowns of aqua lace and net over taffeta, fashioned with long bodices of lace with shirred net off-shoulder necklines with taffeta binding trim. They wore headpieces of matching lace and net, and wore white kid pumps and lace mitts. They carried colonial bouquets of white feathered carnations showered with aqua satin ribbons.

The bride was given in marriage by her father. Her gown was of chantilly lace and tulle over taffeta. The molded bodice of tulle was designed with a yoke of tulle finished with a stiffened brief collar of lace and jeweled with pollettes of pearls, which framed the scalloped wide petal neckline. The long tight sleeves formed points at the back of her hands. The very bouffant skirt was enhanced with appliques of lace and veiled at the sides with wide panels of scalloped lace which swept to the back to form a chapel length train.

Her veil of silk illusion fell in tiers to fingertip length from a scalloped lace calotte enhanced with clusters of iridescent sequins and pearls. She carried a cattleya orchid encircled with feathered white carnations.

James Buskemper, brother of the bridegroom, was best man, and groomsmen were Harvey Fuchs, brother of the bride, and Bernie Koberg.

At the close of the mass, Misses Jeanie Halfmann and Annie Mae Halfmann presented a statue of the Blessed Virgin Mary to the bride from the

Sodaloty of Children of Mary. Following the wedding, a reception was held in the parish hall. The bride's table was laid with a floor length ruffled white net cloth over satin. The corners of the table featured

clusters of valley lilies. Center-piece was the four-tiered white wedding cake, decorated with blue florals and white roses and valley lilies, and topped with a miniature bridal couple. Triple silver candelabra holding white tapers were at each side. Mrs. Charles Dankworth Jr. of Paint Rock served the cake. Mrs. Alfred Multer and Mrs. Kenneth Fuchs presided at the

punch and coffee service. Miss Geneva Eggemeyer of San Angelo, cousin of the bride, and Mrs. Louis Beuerlein of Snyder registered guests. Parents of the bride were hosts for the wedding luncheon at the parish hall at noon, at which relatives and close friends were included. Mrs. Buskemper is a graduate of St. Joseph's School in Row-

ena. The past three years she has been employed at Adams Abstract in Ballinger. Her husband is a Ballinger High School graduate and served four years in the Air Force. Following a short wedding trip, the couple will be at home on their farm near Ballinger. The rehearsal dinner Wednesday evening was hosted by the bride's uncle and aunt, Mr.

and Mrs. Gilbert Ocker, in their home on the San Angelo highway. The bride's chosen colors of blue and white were featured in flower arrangements on the table. Others besides the wedding attendants were Mr. and Mrs. Leon Fuchs, Mr. and Mrs. David Haliburton, Mr. and Mrs. James Buskemper, Leon, Norbert and Ray Fuchs, Michael and Carolyn

Haliburton. First Presbyterian USA. Services Announced Tom Willbanks, a supply minister during the summer months for the First Presbyterian Church, USA, has announced that the subject for the 11 a. m. service next Sunday, June 23, will be "The Great Encounter." Sunday school will be held at

9:45 a. m. each Sunday. No evening services have been planned for the summer months. Miss Eunice Lilly will be leader for the Family Night program which will be held next Wednesday evening at the church. Mr. and Mrs. G. M. Beard are at home after a three weeks trip on the West coast and at Port Arthur.

Ballinger has as many beautiful yards at this time as was ever seen here before. The rains have made growing conditions ideal and has forced most people to do more yard work than in past years. Grass lawns, shrubs, flower gardens and trees have done excellent this spring and a large percentage of the places are worth seeing. When growing conditions are good there is always one drawback. Those who do not fight the weeds get behind and some yards and many vacant lots are high in all kinds of weeds, Johnson grass and other vegetation. These conditions should not be permitted. The rank growth provides a harbor for flies, mosquitoes and other insects and are a health hazard. They are also unsightly and later will provide a fire hazard which will cause trouble. There are some sections where one yard which has had no care spoils the beauty of several nearby. Most Ballinger people are proud of their yard efforts and would like to see all places, including vacant property and alleys, kept clean. It is now annual clean up time and there is a fair sized job here for a few people.

The Ballinger Jaycees have undertaken a huge job in the staging of the Ballinger birthday program on June 29. They

are doing a good job and have booked a large number of fine attractions for the one day program. Ballinger people, especially merchants, can help the Jaycees, and, without being solicited, should arrange special show windows, welcome signs and do whatever they can to make the day a success and the visit of the out of town people more enjoyable. The barbeque dinner will be a charge affair for all who have not lived in the county 65 years or more. Cooperate with the Jaycees by attending and purchasing a ticket for \$1. They have prepared for a certain number and if their crowd falls short they will have to take a loss. See the parade, the afternoon show and be on hand for each special attraction on the program.

Last Friday was flag day. On the street was less than a dozen flags on display. In past years each store in Ballinger had a flag of standard size and on special occasions and at city-wide programs all the flags were placed in the holes along the sidewalk to form a pretty good decoration. Many of the flags have become dirty, torn or lost and some local organization would perform a good deed if they would stage a sale of flags in the sidewalks. Next time flags are sold to the merchants it would be wise to include a case or wrapper for the flags so they can be properly kept and will always be ready to display. Veterans can secure flags at a very cheap rate through their organizations and could sell and also make a little money on the deal. It would be nice on June 29 if all stores had flags in front of their places of business.

## WEST TEXAS NOTES

Menard is making plans for their annual chamber of commerce banquet and expect to handle a large crowd this year. A barbeque dinner will be served after which Jack Stamper of Hugo, Oklahoma will speak to the crowd. His message will be on bringing new industry to Menard. He gained a national reputation on his fine work at Hugo and through his newspaper, The Daily News. For several years he has been speaking at many gatherings on securing of new industries and payrolls for small towns.

Vandalism by two teenage boys at Pecos resulted in nearly \$600 damage to automobiles there last week. Police stated the father of one of the boys had posted \$575 in damages and had deposited money to take care of other bills not reported. The boys, recent graduates of Odessa High School, are now residents of Kermit and Pecos. They slashed tires, threw rocks through windshields and windows and did other damage. Officers secured a written statement from one of the boys admitting the vandalism.

The Coleman City Park is coming in for much use this summer with family reunion groups having reservations for each week-end and some during the middle of the week. The park family stated last week that several family groups were in the park at the same time. Some new equipment has been added and is helping to attract local crowds. A announcement was made that a large building had been purchased and moved to the negro park and will be turned into a recreation center. Efforts are being made to complete this job by June 19 when a celebration was scheduled.

Stephenville Jaycees have a big program for the summer and fall months and met last week to make definite plans on future work. They have just completed a junior golf tournament at the municipal course. They are sponsoring the Pony League for boys and will continue play the rest of the summer. They are also promoting an improved street marking plan for the entire city. In the fall they plan to stage a carnival in connection with the fall fair and have plans well underway for this big event.

Open house for the new home-making cottage of the Winters school was held for the public last Saturday. Officers of the Future Homemakers of America at Winters served as hostesses and showed school patrons and friends through the new home. The cottage and furnishings were built from funds saved from a recent building program and no bond issue or increased taxes was assessed for the new building. It is modern in every detail and provides rooms and equipment for the teaching of all homemaking courses. Plans at Comanche are about

complete for the staging of their annual rodeo on June 27, 28 and 29. The Comanche Roping Club is sponsor of the show and they have secured the Loyd Woodley stock from Lampasas for the 1957 performances. Those in charge stated that about 150 top rodeo hands would be attracted by the program and purses. Comanche Jaycees will look after the decorations of the town and will also handle concessions at the rodeo grounds. A record attendance is expected this year.

The old survey of a proposed sewer system at Eden was brought back to light last week when the city council met to study the measure. They also had Bill Leach of Coleman present to give estimates of cost of the project. Mr. Leach made the original survey with estimated costs at the time it was made. After checking into the increased costs, the city officials were informed that the job with a few extensions could be done for approximately \$160,000. The city plans to complete the survey as soon as possible and have asked for a federal loan of \$2,000 to do the job.

Bronte's new water tower was up and ready for use last week giving the city storage for 85,000 gallons at a time. City officials stated that they expected the new storage to prevent the low pressure which has occurred during periods when the use of water reached a peak load. The new tank was given to the city by the Santa Fe Railroad and was moved from Merzon to Bronte. The city moved it along country roads when it was impossible to get a permit to travel highways because of the size and the hazard to traffic. The tank was erected by a Big Spring firm.

**PRIZE FASHION**—This youngster doesn't seem overly impressed that she's modeling a prize-winning pinafore which follows the pyramid line. The ensemble, designed by Quilwie Blomgren of Seattle, Wash., won the Helen Lee Silver Thimble Award of the Parsons School of Design. It is the first time the award has been given for children's fashion.

Officials have asked that the meeting be called and have also stated that they were concerned at the small number of requests serviced through the office as compared with the high cost of maintaining the office. The report pointed out that during the last nine months there had only been ten requests for aid with six of them routine referrals from county court. That left only two valid complaints handled by the office for the nine month period.

The Brady National Bank held open house last Saturday to show their newly remodeled banking quarters to the public. Officers, directors and employees of the bank were hosts from 1 to 5 p.m. and a large number inspected the bank and its modern facilities. The bank interior has been remodeled with mahogany panel walls, glass brick and

Western League has quite a shakeup since Saturday with two teams going up and the league being moved to a six-club circuit. Plainview and Clovis closed last Friday night and returned franchises to the league players were sent to other clubs. Hobbs took five players from Clovis with the remainder to a class B league in the state of Washington. Two Plainview players, catcher Art Bow and pitcher Benedict returned to Shreveport of the Texas League.

The biggest jolt felt around the circuit was the resignation of J. Green, president of the Western League. Green has tied club owners that he is going with a successor to be named not later than July 1. He has been the one outstanding promoter of baseball in this area and has devoted much time and money in his effort to maintain a strong league. Last year he successfully operated a club circuit which ended the season in the black. He started the year with what appeared to be a strong eight-team league

but has been in trouble several times and finally lost Plainview and Clovis who was leading the league by seven games.

Right now fans are wondering what a new schedule will bring forth. They hardly know when to expect the Westerners home and who they will be playing when they come. Definite announcement has been made that the split-season will be used with the winner of the first half meeting the winner of the second half for the league championship. The Westerners have a chance to win the first half.

Rumors keep bobbing up that Stubby Greer and associates will take over the San Angelo Colts. Greer has been a successful manager for many years and would be a good man to put the Colts in the first division during the second half. Not only is he a good manager but he can still field and hit. Should Ballinger lose his services at shortstop, it would take a good man to replace him here.

Ballinger fans are cooperating with the local management and will have a number of special attractions in an effort to increase local attendance the rest of the year. A number of at-

tractive prizes will be given away during each home series with a jack pot award near the end of the 1957 season.

Another plan for later in July calls for the purchase of the park one evening by local firms, when all people of the county will be invited free. This is being done hoping that a capacity crowd will jam the park and that many will enjoy the game and will return. The Westerners are providing excellent baseball and it is hoped that better support can be had for the rest of the season.

**TALENTED BEAUTY ENTERS 1958 MISS WOOL CONTEST**

Miss Betty Virginia Lee, third place winner in the 1957 Miss United States Contest, is the first Miss Wool applicant to send complete application and pictures.

Miss Lee, who hails from Austin, is 5' 9½" tall and 22 years old. She attended one year at the University of Texas where she listed among her honors as being one of five top finalists for freshman beauty and one of the finalists for Bluebonnet Belle. She was elected as Miss Austin in 1953, followed as Miss Texas of 1954 and, as mentioned, went on to place third in the Miss United States Contest.

She then accepted a contract to appear in the Moulin Rouge Show, Hollywood, California. While in Hollywood she appeared on the Bob Hope Show, the Jack Carson Show, Climax, People are Funny, and with Ted Lewis in Las Vegas. For the last 18 months Miss Lee has been performing in Mexico City, singing in Spanish and English.

Miss Wool will receive an all-wool wardrobe valued at approximately \$4,000 and will travel to different style centers around the nation, including a trip to New York, as the representative of the Wool Industry. During her itinerary she will be guest on numerous national TV and radio shows and will receive other nation-wide publicity, both for herself and the group from which she comes.

In order to qualify, the applicants must be from 18-25 years of age, have completed at least one year of college, be a resident of Texas, and wear a size 12 garment.

Applications and further information may be obtained by writing the San Angelo Chamber of Commerce, Box 712, San Angelo, Texas.

IT CROSSES 3 MOUNTAIN CHAINS, wades through shifting sand, picks its way over boulder-strewn passes—places where no sane horse would set foot. The deal includes climbing up a 65% grade. But—"It hasn't even breathed hard yet," says the Sheriff.

# How tough could you make it for this GMC 4-WHEEL DRIVE?

YOU probably never would push a GMC truck this far.

But it's great to know that GMC's can do incredible jobs, beyond all normal requirements for their class—and still run longer, cheaper and with fewer repairs than other trucks.

Got some tough assignments for this GMC 4-wheel drive? It's just about the handiest truck ever built—goes anywhere, makes its own roads, has full traction in muck

or deep snow, has clearance on high-crowned roads.

With a few accessories, it pulls stumps, drills postholes or wells, stretches fence, pumps water, hoists anything. It takes a king-size cargo and—in 2-wheel drive—gives you full road speed.

The GMC 4-wheel drive is really two trucks in one—and it costs surprisingly little. Just ask your GMC dealer!

## Now is the Time to Rest Our Pastures

By Woodrow W. Hoffman  
Work Unit Conservationist  
Soil Conservation Service

It has been said many times, that "it is better to get into the grass business before we get into the livestock business." If we study this statement, we will find much truth and common sense in it.

Since we have had good rains, a lot of our grasses, such as sidecoats grama, buffalograss, little and cane bluestem are trying very hard to reestablish themselves. These grasses should be encouraged to increase because of their high forage production and protection that they offer our soil from wind and water erosion.

Our native grasses have taken a terrific beating for the last seven years because of the drought and overuse. We might compare them to a man who has been sick for seven years and now has recuperated. In such a case, we should and would not expect him to go back to hard labor until he has

had a chance to convalesce. The same is true with our grasses. They are a living thing, which requires air, moisture and minerals to exist. According to research, a grass plant will get 90 per cent or more of its food from the air. For the past seven years many of our grasses have hardly made enough top growth to maintain themselves, much less reproduce themselves.

Now is a critical period in a grass plant's life cycle. It is sending up leaves and runners trying to get enough top growth to repair its health or vigor. If these grasses are protected this growing season from grazing animals, they can and will regain their vigor and reproduce themselves by seed and vegetative means.

The end product will be what we are looking and hoping for, which is a covering-up of the bare soil for protection against wind and water erosion and an increase in forage production.

### Ballinger Rebekah Lodge Election of Officers

Ballinger Rebekah Lodge No. 48 met in regular session last Thursday evening with Mrs. Lena Mae White, vice-grand, presiding.

The nominating committee reported the names of new officers and they were elected as follows: Mrs. Lena Mae White, Noble Grand, and Mrs. Cora Bush, vice-grand. Other officers are appointed.

Installation ceremonies will be held in the Odd Fellow Hall on July 18, and Mrs. Margaret Gayley, district deputy, of San Angelo, will be the installing officer. All members are urged to attend this service.

### TALPA BAPTIST CHURCH INSTALLS AIR COOLERS

Installation will be completed this week on the air-conditioning system in the Immanuel Baptist Church of Talpa. A complete system, to air-condition the entire building, is being installed by the Acme Sheet Metal Company of Ballinger. Two units, one 5500 CFM and one 4000 CFM, will furnish washed air for the education building through ceiling openings in each room. Two 5500 CFM units will furnish air for the auditorium. Each unit has been installed with a two-speed motor for more economical

"The Incredible Shrinking Man" is a literally descriptive title for the novel science-fiction shocker from Universal-International, the studio that has long been pre-eminent in this field of movie-making, which opens Tuesday and Wednesday at the Horseshoe Drive In Theatre with Grant Williams and Randy Stuart in the co-starring roles.

As the titular character, Williams plays a six-foot man who is stricken with a mysterious malady and then inexorably shrinks and shrinks until at the end of the picture he is less than an inch in height. As he diminishes in size, the normal world becomes a more terrifying place in which to exist.

This unusual screenplay is the work of Richard Matheson, who adapted it from his own novel. The picture was directed by Jack Arnold and produced by Albert Zugsmith.

## Teacher Leaving On Summer Tour; N. E. A. Convention

Miss Zaza Chenoweth will leave Abilene Monday with two bus loads of teachers who will attend the annual meeting of the National Education Association in Philadelphia, Pennsylvania. Teachers from West Texas will assemble in Abilene to make a planned tour which has been arranged by the class room teachers of Abilene.

Their first stop will be in Tulsa, Oklahoma, and from there they go to St. Louis where their first sight-seeing trip has been arranged. The next day they will be in Indianapolis where, among the places of interest, will be a visit to the home of James Whitecomb Riley.

They will spend a night in Pittsburg, Pennsylvania and from there will go to Philadelphia where they will be six days and nights at the convention. Their buses will be available for side trips all during their stay in Philadelphia and several have been arranged.

After the convention, they will be in New York for two days where interesting tours have been planned. In Washington they will spend two nights with visits to interesting places including the White House.

One of the most interesting stops will be for three days in Richmond, Virginia to attend the Jamestown Festival. They will also attend the outdoor drama, "The Common Glory," with a revolutionary setting.

Following this they will have stops at Asheville, North Carolina, Lookout Mountain, Birmingham, Alabama, and two days and nights for trips in New Orleans, Louisiana. They will return to Abilene on July 17.
