SEVENTY-FOURTH YEAR

NUMBER 28

CROWELL, FOARD COUNTY, TEXAS, THURSDAY, JANUARY 14, 1965

TEN PAGES

**REPRESENTATIVES IN AUSTIN**—Pictured above are Foard County's two representatives in state government who are both in Austin for the regular session of the 59th Legislature. On the left is State Senator Jack Hightower of Vernon, who is beginning his first term in that office replacing retired veteran Senator George Moffett, and Rep. W. S. (Bill) Healy of Paducah, a veteran on the Austin political scene.

## Cage Teams Drop Games Last Week

Crowell's boys basketball teams were handed non-conference losses here last Friday night by the Quanah Indians.

The Quanah B team defeated the Crowell B team 38-32. Steve Gray, with 10 points, was top scorer for the Wildcats. Members of the B team are Tommy Kajs, Steve Bell, Ronny Evanson, Lynn Rader, Rockne Wisdom, Gary Tole, Joe Ray Burkett, Larry Hughston, Bob Bird, Dale Bradford and Michael Eubanks.

Quanah A team won their game 69-47. Dan Mike Bird scored 18 points for the losers to be high point scorer.

Crowell's A team roster is composed of Ken Ferguson, David Denton, Bill Harris, Mike Gamble, Don Mike Bird, Lee Looney, T. F. Lambert, Tommy Carpenter, and Steve Gray.

Members of the CHS girls' basketball team are Evelyn Fiske, Scherry Goodwin, Suella Smith, Linda Whitley, Gayle Russell, Cheryl Thompson, Merida Taylor, Cindy Erwin, Janis Whitley, Pam Borchardt, Mary Sue Carpenter, Kay Looney, Ann Russell and Janis Whitley.

**District Play Begins Jan. 19**  
District play begins Tuesday, Jan. 19, when the A girls and boys and the B boys play Paducah there.

## Heart Specialist to Speak at Meetings Here

Dr. Paul R. Ellis Jr., well known Dallas heart surgeon, will be in Crowell on Thursday, Jan. 21, for a series of speaking engagements under the sponsorship of the Foard County Heart Association.

Dr. Ellis will address a combined luncheon meeting of the Lions and Rotary Clubs at noon, and a county-wide gathering of women's clubs at 2 p. m. Later in the evening, he will address the Foard, Hardeman, Cottle, Motley, King, Dickens Counties Medical Society.

In making the announcement of Dr. Ellis' visit, Dr. Walter Stapp, president of the Foard County Heart Association, expressed his pleasure over the planned activities. "Dr. Ellis is an excellent speaker," Stapp said, "and we are very happy to have been able to get him for this series of programs. I am sure all those who attend these meetings will find them informative and worthwhile."

Dr. Stapp also explained that programs such as this are made possible through the continued support of the Heart Fund, and are a part of the public and professional education programs carried on by the Texas Heart Association and its affiliates.

Dr. Ellis attended Texas A&M, graduating in 1949, and graduated from Southwestern Medical School in Dallas in 1953.

He is director of surgical research at Baylor Hospital in Dallas and is also clinical professor of thoracic surgery at Southwestern Medical School. Dr. Ellis is certified by the American Board of Surgery and the American Board of Thoracic Surgery.

Presently, Dr. Ellis is being supported in research projects at Baylor Hospital by the Texas, Dallas and Tarrant County Heart Associations.

## Football Banquet to Be Held Tonight

Tickets are still available from members of the Crowell Lions Club for the banquet honoring the Crowell High School's 1964 football team to be held at 7 p. m. tonight in the school cafeteria.

Speaker will be Berl Huffman, member of the coaching staff at Texas Tech. Award jackets will be presented to the players by Coach Thayne Amonett.

Winner of the fourth annual Denny Todd Memorial trophy will be announced at the banquet. The award is presented annually to the outstanding Crowell player by the Washington Redskins professional team in memory of the son of one of their players and coaches, Dick Todd.

## Band Boosters to Meet Tuesday

The regular meeting of the Band Booster Club will be held at the band hall Tuesday night, January 19, at 7:30 p. m. All those interested in promoting the grade and high school bands are urged to attend.

## Nine New Vehicles Registered Last Week

Nine new vehicles were registered in the tax assessor-collector's office last week:

Jan. 4, Jim W. Hammonds, 1965 Chevrolet sport coupe; Jan. 4, Builders Supply, 1965 Oldsmobile 4-door; Jan. 4, Clarence Garrett, 1965 Ford pickup; Jan. 4, Stanton Brown, 1965 Chevrolet sport coupe; Jan. 4, Lela Glasgow, 1965 Chevrolet pickup; Jan. 4, Don Morgan, 1965 Ford 2-door; Jan. 4, H. C. Chapman, 1965 Chevrolet pickup; Jan. 6, A. M. Bryson, 1965 Ford 4-door; Jan. 7, W. F. Bradford, 1965 Chevrolet 4-door.

## Lions Club Meeting

Rev. Glenn Willson, pastor of the First Baptist Church, spoke on "Remember the Sabbath Day" at the Lions Club meeting Tuesday. He was introduced by R. C. McCord. The club will have a joint meeting with the Rotary Club on Thursday, Jan. 21.

Tickets are still available for the football banquet tonight and may be obtained from Charles Branch, Mike Bird, Robert Kincaid or Ray Shirley. The tickets are \$3.00. The price of the ticket pays for the person's meal who bought the ticket, a football player and his date or guest.

# CATTLE KILLED AS TRUCK OVERTURNS

The driver of a double-deck 6-wheel cattle truck lost control of the vehicle about 11:30 p. m. Saturday night about half way between Crowell and Paducah; the truck was wrecked and the 79 head of cattle aboard the truck were dumped out on the highway. In addition to a number of the cattle being crippled, seven were killed in the wreck, and another was killed when struck by a 1965 Ford before officers could move the cattle from the highway.

The driver of the truck, which was en route from West Point, Mississippi, to Texaco, Texas, was not injured seriously, but a passenger in the truck was brought to the Crowell hospital suffering from head and leg injuries, Sheriff W. F. Bradford reported.

Investigating Highway Patrolmen estimated damage of \$11,000 to the 1961 International diesel truck and trailer, not counting the loss of the cattle.

A local wrecker service brought the truck and trailer to Crowell. The automobile which struck one of the calves following the overturning of the truck was also heavily damaged. The driver took a bus on to his home in Lubbock, Sheriff Bradford said.

## News About Our Men in Service

Miss Delores Abston, daughter of Hayes Abston of Vernon and the late Mrs. Abston, has recently joined the Women's Army Corps (WAC). She took training at Ft. McClelland, Alabama, and is now taking further training at Fort Monmouth, N. J., before being assigned to overseas duty. Miss Abston was home for the Christmas holidays and has returned to New Jersey. While home, she visited her aunt, Mrs. H. W. Banister, in Thalia.

R. C. Schlagal was promoted to major on Dec. 22. Major Schlagal is presently stationed at Holloman Air Force Base, New Mexico. R. C. graduated from Crowell High School in 1947, from Texas Technological College in 1952, and the University of Michigan in 1955. He is presently the chief of the Missile and Drone Division at the Air Force Missile Development Center. Major Schlagal is the son of Mr. and Mrs. Robert Schlagal of Kingsland and a grandson of Mr. and Mrs. H. E. Schlagal of Crowell. He and his family visited here during the holidays with his grandparents.

## Vehicle Inspections Lagging in Texas

Col. Homer Garrison, director of the Department of Public Safety, this week encouraged Texas motorists to "start the new year with a safe vehicle" by securing the 1965 vehicle inspection sticker without delay.

The Public Safety Director said that approximately one-half of the inspection period has expired and only about one-fourth of the vehicles in the state have been inspected. He added that unless the inspection pace is stepped up, motorists may expect to find the usual waiting lines at the inspection stations when the April 15 deadline approaches.

"The inspection stickers for 1965 have been available since September 1," Garrison said, "allowing ample time for all vehicles to be inspected without delay prior to the deadline. There can be no extension of the deadline and vehicles not displaying the new sticker will be in violation of the law after April 15."

Texas now has more than 5,200 authorized inspection stations over the state. According to Garrison, these stations are ready and capable of handling the remaining uninspected vehicles without delay provided vehicle owners do not wait until just a few days before the deadline.

He pointed out that the basic function of vehicle inspection is to detect and correct vehicle defects that might cause an accident. He said that last year vehicle defects contributed to fewer traffic accidents than ever before in Texas.

## Attend District Football Banquet in Archer City

Five members of the Crowell High School 1964 football team, Coaches Thayne Amonett, L. H. Wall Jr. and Prentiss Gidney, and Supt. Henry Black attended the district football banquet in Archer City Monday night. Crowell players attending were Dan Mike Bird and Toye McCurley, all-district team selections; and Randy Smith, Lee Looney and Mike Payne, who received honorable mention for the all-district team.

The district banquet is traditionally hosted by the team winning the district, and District 11A winner this year, Archer City, went on through the state class A play-off games to emerge as state champions.

## ACP Program for Foard County Is Announced

Foard County has been approved for a number of conservation practices by the Agricultural Stabilization and Conservation Service.

Mrs. Jean Reeder, local ASCS office manager, lists the following approved practices:

Establishment of additional acreage of vegetative cover in crop rotation, improvement of an established vegetative cover, controlling competitive shrubs.

Also furrowing, chiseling non-crop grazing land, constructing wells for livestock water, constructing dams, pits, or ponds for livestock water, installing pipelines for livestock water, establishment of permanent sod waterways.

And constructing terraces, constructing diversion terraces, constructing drop spillways, re-organizing farm irrigation systems, subsoiling, establishing winter legumes, establishing summer legumes, deep plowing, control of bindweed.

Mrs. Reeder stated that the total of all federal cost-shares to any person with respect to farms and ranching units shall not exceed the sum of \$1,500.00.

## Bank Deposits on December 31 Were \$2,745,043.40

The Federal Reserve Board issued a call for the financial condition of the nation's banks as of December 31, 1964, and the statement printed this week by the Crowell State Bank shows that deposits on that date totaled \$2,745,043.40.

Deposits about a year ago—on December 20, 1963, were \$3,304,114.52, which shows a drop of more than half a million dollars in the past year.

Deposits are also down almost \$233,000 from the bank statement on October 1, 1964.

As Foard County is almost totally dependent on agriculture, the story in last week's issue of the News stating that 1964 was the third driest year on record also explains the drop in bank deposits.

## Sister of Mrs. Hines Clark Died in San Antonio Thursday

Funeral services for Mrs. Ninie S. Puryear, 91, who died last Thursday in San Antonio, were held at 11:30 a. m. Saturday from the Porter-Loring Funeral Home in San Antonio.

Mrs. Puryear was a sister of Mrs. Hines Clark of Corpus Christi, a former Crowell resident.

Born in Milam County, Feb. 8, 1873, she went to Wichita Falls in the early 1930's and stayed for more than a decade. She was a former member of the Floral Heights Methodist Church in Wichita Falls and First Methodist Church in Burk Burnett.

Survivors include one sister, Mrs. Clark; one son, three daughters, four grandchildren and seven great grandchildren.

## County's First Baby for 1965 Born Jan. 11

A baby boy, Randell Lane, 6 pounds, 14 ounces, was born to Mr. and Mrs. Duane Cates in the Foard County Hospital Monday morning, Jan. 11, to become the first baby born here in 1965.

The baby is the grandson of Mr. and Mrs. Morris Diggs and Mrs. Lillian Cates, all of Crowell.

The father is inspector for the Texas & Southwestern Cattle Raisers Association.

## Nelson Oliphant Elected Country Club President

The annual meeting of the stockholders of the Spring Lake Country Club was held in the court house Monday night.

Following a financial report read by L. A. Andrews, secretary, the following nine directors were elected to serve this next year: Goodloe Meason, Ed Manard, E. C. King, Cecil Dyer, Jesse Whitfield, Milburn Carroll, Clyde Eddy, Chester Hord and Nelson Oliphant.

The directors then named Mr. Oliphant to a third year as president; elected Jesse Whitfield vice president; and Mr. Andrews, secretary.

Opinions voiced by those present were that the golf course at the Country Club is as good condition as it has ever been. A new bridge has been constructed across the south end of the lake, and sheds to house golf carts have been built by some of the members.

At the present time, the lake is probably lower than it has ever been, with only about 1 foot of water.

## Savings Bonds Sales in County Take Big Jump

Savings Bond sales for the first eleven months of 1964 totaled \$88,895.00 in Foard County. Of this amount, \$6,345.00 were purchased during the month of November, according to George Self of the Foard County Savings Bonds Committee. The eleven-month total for the county is 98.7 per cent of the 1964 goal of \$90,000.

During November Texans purchased \$11,577,054 in Series E and H Savings Bonds. This represents a 9.6 per cent increase over the same period last year. Cumulative sales for eleven months of 1964 amounted to \$135,945,497, which is 90.6 per cent of the state's goal of \$150 million.

"A good habit to get into during the new year is buying U. S. Savings Bonds regularly—buy one month at \$37.50 and you'll have \$50.00 a month coming back when the bonds mature," Mr. Self said.

## Down Town Bible Class

Eighteen men heard L. V. Eaton, pastor of the Free Will Baptist Church, bring the lesson at the Down Town Bible Class Sunday morning. Rev. Clarence Bounds led the group singing and Miss Lanette Lemons was pianist.

## Adelphian Club Selects Honor Club Members

Three women of the Adelphian Club have been selected by the local club to be entered in district, state and national contests. Mrs. Robert Kincaid was elected "Clubwoman" of the year, and her project is "Americanism." She will be entered in the district contest, whose winner will be announced at the district convention in April. The district winner will go on to state; and the state winner entered in the national contest. This same route is taken by the winner of the "Teacher of the Year" contest sponsored by clubwomen. The local Adelphian elected was Mrs. Vera Manard.

The mother of the year is a Texas project and Mrs. Mike Bird, mother of four, was selected from the club to be entered in the district contest.

In other business conducted at its regular meeting last Wednesday, the Adelphian Club voted to change its by-laws to read that the 25c previously put just into a flower fund for a memorial of a club member or her family may also be used for a "love" gift, flowers, or a gift being determined by the executive board.

"Pay Your Poll Tax" Campaign  
It was voted to hold a "Pay Your Poll Tax" campaign between now and the deadline, January 31, as everyone is urged to vote in the various elections such as the school board and a possible school bond issue election. The Sub-Junior Adelphian Club is being asked to help in a door to door canvass with this project along with the senior club members.

## 4-H Awards Program Set for Saturday Night

The highlight in the year's activities of Foard County 4-H Club members will occur Saturday night at the First Baptist Church when the annual awards program will be held. The program will begin at 7 o'clock.

County Judge Leslie Thomas will be the speaker for the program. In addition, 59 awards will be presented to outstanding 4-H Club boys and girls of Foard County.

Everyone is invited to attend this program which is held annually to recognize Foard County 4-H members for their accomplishments during the past year.

## Superintendent Attends Austin Meet

Supt. Henry Black spent from Wednesday through Friday of last week in Austin attending the annual school administrators' conference. The conference is a state-wide meeting of school superintendents.

Mr. Black was accompanied by H. R. Jefferies, superintendent of the Paducah Schools.

## Screwworm Program Completes Another Successful Year

Screwworm eradication officials are looking forward to another successful year for the program, although many stockmen feel last year's results leave little room for improvement.

Only 65 Texas counties were reported to be infested by the livestock pest in 1964, and only 223 cases were discovered. In contrast, during 1963, a total of 4,916 infestations was detected in 182 counties, while 49,484 cases occurred in 242 counties in 1962.

New Mexico had only 14 outbreaks last year compared to nearly 1,500 the previous year. Oklahoma, Arkansas and Louisiana had no infestations during 1964.

Eradication program pilots flew nearly 2.7 million miles in dispersing approximately 4.7 billion sterile screwworm flies in Texas, New Mexico, southeastern Arizona and along the border in Mexico. Sterile flies, reared in a huge plant near Mission, mate with native flies and prevent production of offspring.

Eradication activities have reduced annual losses to southwestern livestockmen from \$100 million to less than \$1 million since the program began in February 1962.

Officials think they can reduce losses even more in 1965 by strengthening the barrier zone between the United States and Mexico where screwworms can exist year-round. In this barrier, which is several hundred miles wide and runs from the Gulf of Mexico to the Gulf of California, sterile flies are dispersed routinely to prevent fertile screwworms from migrating into "clean" areas and causing new outbreaks.

Stockmen can also help by frequently examining their animals and promptly reporting all infestations. No screwworms have been reported in the Southwest since early in December, so outbreaks can be brought under control quickly if they are detected during early stages of development.

## Sen. Hightower in Austin for 59th Legislature

State Senator Jack Hightower of Vernon, newly-elected from the 23rd District, but no stranger to the Texas Legislature as a result

of service as a State Representative in 1953 and 1954, went to Austin Sunday to prepare for the opening of the 59th Legislature on Tuesday. Sen. Hightower, moving into the Senate seat vacated by the retirement of George Moffett, a veteran of 34 years in the Legislature, opened his office in the State Capitol Monday. Mr. Hightower had already made several trips to Austin for conferences in conjunction with the new session, including one meeting with Lt. Gov. Preston Smith of

Lubbock, a friend of long standing.

The lieutenant governor is expected to announce committee appointments as the Legislature organizes.

Sen. Hightower says he has requested appointment to committees on State Hospital and Special Schools, Finance, Agriculture and Oil & Gas.

Mr. Hightower will reside at the Driscoll Hotel in Austin, and expects to drive home on weekends. He will be available to the constituency in Vernon on Thursdays and Fridays when committee sessions or other legislative business in Austin do not interfere.

Mrs. Hightower, a teacher in the Vernon public schools, will continue her teaching post there during the session.

His secretaries in Austin will be Miss Joy Moffett, daughter of retiring Senator Moffett, and Mrs. Emma Ward, for many years personal secretary of former Gov. Price Daniel.

Mail should be addressed to him at the Texas Senate, Austin.

Mr. Hightower says he is looking forward enthusiastically to the

### State Average Sales Tax Tables Prepared by Internal Revenue

Texas taxpayers may use a state sales tax table as a guideline when filing their 1964 federal income tax returns. Ellis Campbell Jr., District Director of Internal Revenue, said the table is now available.

The table shows the average amount of state sales tax paid by Texas residents and may be used by taxpayers who itemize their federal income tax deductions. Similar tables have been prepared for 36 other states and the District of Columbia.

For the first time since 1960 when the tables were originally issued there has been a general revision of the amounts, Mr. Campbell said. The latest tables are based on summary data showing the patterns of consumer expenditures developed by the Bureau of Labor Statistics from a 1960-61 study. Previous tables were based on a 1950 study. Previously, tables were revised only to reflect changes in sales tax rates or the commodities covered by the particular state's laws.

The recent study shows that household operations, property taxes, medical care, personal care services, education, and insurance have, for the most part, comprised a larger part of the total consumer expenditures in 1960-61 than they did in 1950. These items are not usually subjected to state sales taxes.

The new tables omit the state sales tax on automobiles purchased, thus providing a uniform treatment of this item for all states. Now taxpayers who purchase an automobile may add the sales taxes paid on the purchase to the amount shown in the table.

The result of the revisions, particularly the elimination of the allowance for autos, has reduced the amount shown on the sales tax tables. The new tables, however, are a more accurate measure of the average sales tax paid in the various states.

Internal Revenue reminds taxpayers that these tables are not required to be used. They are furnished as a guide for the convenience of taxpayers who itemize deductions on their federal income tax returns but who wish to use a "standard" amount for state sales tax which will not require detailed substantiation. Taxpayers have the choice, of course, of deducting the actual amount of state sales taxes paid.

Cigarette taxes are no longer deductible in Texas, due to the tax law change in 1964. The average state sales tax table for Texas tells taxpayers they can deduct 5c per gallon.

opening of the session, although he expects to be confronted in his duties there with some highly controversial issues.

He says that the most bitter Senatorial infighting will likely develop over legislative redistricting, made necessary by a Federal court order. Jobs of seven rural state senators will be abolished in the process and handed to four urban counties—Dallas, Tarrant, Bexar and Harris. State senators in the rural districts will be battling for survival, since some of them may be running against from one to two other displaced incumbent Senators in an effort to retain Senate seats.

Such a possibility isn't exactly remote for Sen. Hightower himself, since he is bounded on the west and south by Senatorial districts which are short on population. His own 23rd Senatorial District, as a matter of fact, will need an additional 100,000 population when the redistricting on a strict population basis by the court order is carried out.

Less difficulty is anticipated with Congressional redistricting and redistricting for the State House of Representatives, because the divisions are already more equitable as to population.

Sen. Hightower says that judicial redistricting, the one such realm in which the Legislature doesn't face an ultimatum, will also probably be considered, but he holds out the hope that the 46th Judicial District of Judge Curtis Renfro will not be changed. Sen. Hightower says that the issue is primarily one of case loads, as long as travel distances within the districts are maintained at a satisfactory level.

He also expects major controversy to develop in a new fight to approve local option parimutuel betting, and on pay raises for teachers, since such a raise was not included in Gov. John Connally's proposed budget uses of available funds and will require a tax increase.

As to success for the backers of legalized gambling, Sen. Hightower says: "I doubt if they'll be able to do it this session, although there will be a major effort." He suggests that racing proponents might be successful after Legislative redistricting, however.

The issue of a pay raise for teachers rests on the matter of where the new tax money will come from.

"There is a good deal of sentiment for removal of present sales tax exemptions," Mr. Hightower says.

In connection with taxes, Sen. Hightower also notes most of his mail prior to the session has dealt with a proposal to repeal the

state ad valorem tax, in order to leave additional property revenue sources to cities, counties and school districts. He says sentiment within this district seems to favor elimination of the tax.

### Dropout Problem Is Cause for Concern

Three million of the nation's young people between the ages of 16 and 19 have become school dropouts.

Although this alarming number is cause for concern; nevertheless, the rate of dropout has decreased from 41 per cent to 30 per cent since 1950, says Patsy Reynolds, Extension Service specialist in family life education.

The term dropout doesn't bring pleasant pictures to mind. Many people often associate the colloquial term with juvenile delinquents. Yet the boy or girl who becomes a dropout may be a nice young person—just bewildered, unsure of himself and his goal in life, the specialist says.

Many youngsters face the decision of whether to leave school or continue before they are old enough or experienced enough to decide wisely. The process which leads to a student leaving school is a long one—and it is affected by the student, his family and his school.

"Youngsters need guidance and encouragement from their families and school officials. Many people must share the blame for a school dropout. We have made much progress in reducing the dropout rate—but 30 per cent is still far too high," Miss Reynolds says.

While money to stay in school will help curb dropouts in some

instances, yet people who care what happens to a youngster can help even more, the Texas A&M University specialist adds.

### AIRPLANE PRESENTED TO TEXAS RANGERS

A twin-engine aircraft has been presented to the Texas Department of Public Safety for the use of the Texas Rangers by Col. D. Harold Byrd of Dallas.

The Lockheed Lodestar, which seats ten passengers, was accepted on behalf of the Texas Department of Public Safety by Col. Homer Garrison, Jr., Director. "We are grateful for Colonel Byrd's generosity in presenting this airplane to the State of Texas to be used to enhance the State's law enforcement effort and emergency services," Col. Garrison said.

"This aircraft will be utilized to great advantage on occasions when speed is of the essence in transporting law enforcement and other personnel and equipment from one part of the State to another," Col. Garrison said.

This is the second aircraft that Col. Byrd has presented to the Texas Department of Public Safety. The other was a Twin Beech which he gave to the Department in 1958.

Col. Byrd, who has been active on behalf of aviation in Texas and the nation for many years, is an honorary captain in the Texas Rangers.

### Sleek New Corsa in '65 Corvair Line

The Corvairs for 1965 step out with a smart all-new continental styling. For the first time since its introduction in 1959, body lines of Chevrolet's rear-engine car have been completely changed. The Corsa Sport Coupe (above) and the Convertible lead the 1965 Corvair series, followed by the Monza Sport Coupe, Sport Sedan, Convertible and two 500 models. On September 24 Chevrolet dealerships will display various models of the five passenger cars offered by the company in 1965.

## Discover the difference in the '65 Chevrolets (As different from other cars as they are from each other)

### CHEVROLET—As roomy a car as Chevrolet's ever built.

When you take in everything, there's more room inside this car than in any Chevrolet as far back as they go. It's wider this year and the attractively curved windows help to give you more shoulder room. The engine's been moved forward to give you more foot room. So, besides the way a '65 Chevrolet looks and rides, we now have one more reason to ask you: What do you get by paying more for a car—except bigger monthly payments?

### CORVAIR—The only rear engine American car made.

You should read what the automotive magazines say about the '65 Corvair. They're wild about its ride. They think there's nothing else this side of the Atlantic that can touch its styling. They say if you haven't driven a new Corvair Corsa with a 180-hp Six Turbo-Chargaarged! you just don't know what you're missing.

#### Why Go to College?

Whatever you decide you'd like to do for a living or whatever work you think will pay you the kind of salary or wages you want, you'll have a better chance to get what you want if you start preparing for it now. Training in high school is not sufficient preparation for the jobs of today.

There are now two kinds of jobs: (1) those that require a special training or skill, and (2) those that don't. Therefore, people who work can be roughly divided into two groups: (1) skilled workers and (2) unskilled workers.

Time was when most of the people who worked were unskilled workers. These were the days when life was comparatively simple—no big industries and not many machines or electric appliances. Except for special craftsmen like silversmiths or stonemasons or bakers, there weren't many people with special training. That wasn't too long ago, either.

Today, seniors in high school are learning that a college degree or training in a vocational technical school is nearly a necessity for advancement in our ever-changing world. It is easy to say "I'm going to college this fall," but some will find it hard to "make the grade." How will you prepare for a vocation after high school graduation? Will you be a skilled worker or an unskilled worker? The choice is yours.

### Supt. Black Attends Meeting in Austin

Mr. Black, accompanied by H. R. Jefferies, superintendent of Paducah, attended the annual Administrators Advisory Conference on Education which was held in Austin January 6-8.

This conference offered suggestions in regard to the work of superintendents through various workshops; such as, curriculum content, textbooks, common legal problems, the school building construction program, etc.

Supt. Black reports the meeting was quite profitable.

### Student Council to Sponsor Dress-Up Week Jan. 18-22

During the week of January 18-22, the Student Council has asked that each student follow these regulations in regard to his appearance: Jan. 18, dress in blue; Jan. 19, dress as a cowboy; Jan. 20, dress in school colors; Jan. 21, dress as a "beatnik"; Jan. 22, dress in Sunday clothes.

The week of activities will be highlighted by a dance on Saturday night, Jan. 23, in the high school cafeteria. It will begin promptly at 8 p. m.; admission will be 25c per person.

### Welch and Traweck Senior Birthday Twins

The two "little" seniors who also happen to be birthday twins sometimes seem to be very big because of their importance to the Senior Class and to CHS. These two "shorties" are Betty Ann Welch and Rickey Traweck, daughter of Mr. and Mrs. Jack Welch and son of Mr. and Mrs. Harry Traweck, respectively.

Having distinct personalities, Betty's and Rickey's favorites are varied. Betty Ann likes the color, apricot; actor, John Wayne; actress, Doris Day; movie, South Pacific; song, Moon River; singer, Andy Williams; food, shrimp. Rickey enjoys the color, blue; books by Leon Wris; actor, Peter Sellers; any actress; song, Theme from Exodus; singer, Gene Pitney; food, anything cooked.

Each works in various clubs and activities. Betty keeps busy in FHA, serving as Area IV historian. She also is pep squad president; Library Club president; a member of Student Council, Sub-Junior Adelpian Club, Crowell MYF and Drama Club; a vocalist and instrumentalist in choir and band; the FFA's past sweetheart; a Doll; a past Lions and Library Club sweetheart. Rickey is equally busy in CHS particularly because of his duties as president of the Senior Class; he was also president of his freshman class. Of course, Rickey was one of the

football "stars" in years past, and this year he adds his tenor voice to the CHS Choir and his art abilities to the annual staff.

These two have individual hobbies and opinions. Betty enjoys singing, playing the piano, swimming, sewing, cooking, gardening, and reading; Rickey enjoys many things but especially girls! Betty loves friendly Christian people; Rickey doesn't enjoy associating with people who "can smile at you and stab you in the back."

After graduation, Betty plans to attend McMurry to train to become a youth choir director. Rickey plans to attend Texas Tech and will major in mechanical engineering. These two young people have been influenced by their parents, and Rickey also was guided by the things he learned from his paper route for Wichita Falls Record News. Judging from past performance, both of these seniors will go far.

### Eleven Seniors Take SAT Test

Eleven members of the Crowell senior class took their college entrance test Saturday, Jan. 9 in Wichita Falls. Given at Wichita Falls High School, the four-hour test which is the Scholastic Aptitude Test of the CEEB testing program consisted of two parts: verbal and math. This test is required for admission into such schools as Texas Tech, TCU, North Texas State University, etc. The results will not be known for several weeks.

Seniors from Crowell taking this test were Jean Burkett, Scherry Goodwin, Mary Sue Speer, Cheryl Thompson, Ken Ferguson, Mike Gamble, Seth Halbert, Bill Harris, Toye McCurley, Rickey Traweck and Freddie Wehba.

### CHS Debaters: Smith and Ferguson

This year CHS is very proud of two students studying debate. It is the first time in many years that our school has planned to enter a debate team in Interscholastic League competition. For this reason, we are pulling for our debaters, Otis Smith and Ken Ferguson. The debate subject for this year is: Resolved: That Nuclear Weapons Should Be Controlled by an International Organization.

The late President Kennedy established the idea that debate is essential in a democracy. No one could be a more firm supporter of this concept than is President Lyndon B. Johnson. "Learn to work to win" was the slogan that Johnson used to push his debate team in 1961 when he was a high school teacher. Winning, however, isn't the main goal of debating; its purpose is to develop leadership skills. A debater learns courtesy, fairness, and sincerity toward

all rivals. Honesty is a valuable instrument to the debater who must learn to prepare his own case to state quotes accurately, to refer to accurate statistics and examples to back up his argument.

By looking at President Johnson's and former President Kennedy's lives, we can see that the future may hold great opportunities for debaters, for both of these men were debaters. Both learned from debating persuasive political techniques, and both equipped themselves with the will to win. So we say, "Look ahead, debaters, and prepare with the will to win."

### Band Students Receive Jackets

Displaying beautiful new jackets are many members of the Crowell Wildcat Band. Each senior member has been presented a jacket as a reward for the years that he has been a member of the band. Other students have purchased jackets just because they wanted to do so.

The black wool jacket has black leather sleeves and black and gold stripes on the cuffs and band. The letter C on the left front is black with white and gold shading with black bars signifying the number to years one has played in the band; also the word "Band" is on the C. The majorettes also received jackets; above the word "band," there is a gold baton. The words "drum major" appear on the drum majorette's jacket.

Everyone is now hoping for cold weather in order that these jackets may be displayed.

### Five Local Boys Honored in District 11-A Football

The Crowell Wildcats placed two boys on the 11-A All-District team, and three received honorable mention. Toye McCurley, linebacker, and Dan Mike Bird, safety, were named to the all-district defensive team. Lee Looney, fullback, and Randy Smith, center, received honorable mention on offense; Mike Payne, linebacker, received honorable mention on defense.

These five boys as well as the coaches—Thayne Amonett, L. H. Wall Jr. and Prentiss Gidney—and Supt. Black were invited to attend the 11-A All-District banquet held last Monday night, Jan. 11, in Archer City.

Tonight, Jan. 14, the football banquet, sponsored by the Lions Club, will be held in the cafeteria to honor all CHS football players. Berl Huffman, member of the coaching staff of Texas Tech, will be the featured speaker.

The Denny Todd Memorial Trophy, furnished by the Washington Redskins, will be presented to the outstanding CHS football player. The jackets and sweaters will be presented to members of the team. This banquet will officially end the 1964-65 football season.

### State FFA President Visits Crowell FFA

The Texas FFA State President visited the Crowell chapter of FFA Wednesday, Jan. 6. After being introduced by club president, Jimmy Gillespie, Calvin Brints gave the boys pointers and interesting ideas that he had received while he was attending the national FFA convention in Kansas City. Calvin is from Crosbyton and was trying to visit as many branches of FFA in this area as time permitted. Of course, our boys enjoyed his visit.

### B Boys Defeat Childress

On Tuesday, Jan. 5, the Crowell B team boys edged by the Childress B team 44-43 at Childress for the only win last week. Rockne Wisdom, with 19 points, was Crowell's high scorer. Immediately after this game, Childress A team boys defeated Crowell's A team 75-50. Scoring 20 points, Dan Mike Bird was high point man for Crowell.

Last Friday night at Crowell, the Quanah B team defeated the local B team 38-32. Steve Gray, high point man for Crowell, scored 10 points. In the A teams' game, Quanah won 60-47. Dan Mike with 18 points was again high point man.

On Tuesday, Jan. 12, the A girls and boys played Benjamin at Benjamin for the only games this week. District play begins Tuesday, Jan. 19, when the A girls and boys and the B boys play Paducah at Paducah. Let's see more of the fans at the ball games!

### This Is CHS

A number of students have entered the essay contest entitled, "Freedom and Our American Heritage," sponsored by the Crowell Adelpian Club. Crowell High School students

are pleased to learn that Mrs. Ruth Kenner, our former homemaker teacher, is recovering satisfactorily from a serious illness.

We are proud to have gained two new freshmen students, Dewayne Cash and Garry Langbeck. Dewayne is the son of Mr. and Mrs. Alton Cash, whose home was previously in Weatherford. Garry is the nephew of Mrs. Margie Taylor. His home was in Arlington, Va. Welcome to CHS.

It was nice to see "Tiny" Taylor back to visit CHS. Come back soon.

"All work and no play makes Jack a dull boy," therefore the Speech classes have been playing as they work. How? They have been having fun doing pantomime.

High typists this week are Joy Traweck, 40 words; Jean McCurley, 34; Gayle Russell, 33; Hollis Halbert, 30; Barbara McGee, 29; Karen Shirley, 28. (Boys, can't you type fast?)

Virginia Stapp has recently acquired several private secretaries. She broke her right arm during the Christmas holidays and has it in a cast. No one can sympathize with her better than can Randy Adkins, who still has his arm in a cast as the result of a football accident.

Friday, Jan. 15, marks the beginning of the new semester. The next four and one-half months will fly by before we know it. Students, begin work now! Don't wait until the end of the semester to decide you'd like to pass!

The students wish a speedy recovery for Mrs. Amonett who is hospitalized.

Four seniors, Elaine Crowell, Sandra Ellis, Delores Eubanks and Sandra Weatherred, came to school today with part of their hair looking like that of an "old lady." (Note to three unlucky ones: is it worth it?)

### Don'ts for High School Students

Don't get to school until 8:24 a. m. in the morning, for the tardy bell won't ring until 8:25, and it will give the teachers lots of pleasure to mark you present after having marked you absent.

Don't neglect to slam your locker whenever opportunity permits; there is seldom any commotion in the halls, and such a light noise can't make much difference.

Don't fail to whisper in the study hall; no one goes there for study anyway.

Don't pick up any waste paper you see lying around; leave it wherever it may be, because janitors are hired to pick up scraps of paper, and the smaller the pieces, the more interesting the work.

Don't fail to walk with a heavy tread when coming into the study hall late. This does not disturb those who already are interested in their work.

Don't fail to deposit your gum in the fountains; the sight of it adds much to the pleasure of those who come to drink.

Don't let anyone beat you to the lunchroom when the lunch bell rings; it's your right and privilege to get there first, even if you have to knock several other students down in the rush.

(Central High News, Minneapolis, Minn.)

P. S. Don't forget that the above listed things are don'ts.

### Menu

Jan. 18: steak, gravy, buttered potatoes, creamed peas, combination vegetable salad, cherry cobbler, hot rolls.

Jan. 19: fried chicken, gravy, buttered rice, English peas, celery sticks, bread, plain cake, chocolate icing.

Jan. 20: beans, corny dogs, sweet pickle relish, corn bread, banana pudding.

Jan. 21: hamburgers, beans, potato chips, ice cream.

Jan. 22: roast beef, green beans, macaroni and cheese, cookies, Jello salad, fruit dessert, hot bread.

Milk is served with every meal.

### Top Food Buys Listed for January

Pork supplies at supermarkets continue ample, although overall pork production is a little less, says Mrs. Gwen Clyatt, Extension consumer marketing specialist.

The Boston or shoulder butt is a cut which is kind to food budgets, the Texas A&M University specialist says. This cut is a square piece of meat from the upper part of the shoulder and is sold both fresh and smoked. Ham portions, bacon and sausage are other pork offerings currently available at low price levels.

Smoked pork loin roasts and chops make an interesting change in meal planning. Smoked loin roasts are prepared exactly as cured and smoked hams—in a slow oven of about 325 degrees F., and to an internal temperature of 150 degrees. Smoked pork chops are broiled or panbroiled.

Meat values also are to be found in beef sirloin steaks, chuck roasts and ground beef. Good protein choices pricewise also include fryers and eggs.

Citrus fruits are prominent in the produce departments now. Grapefruit continues to be featured, and navel oranges are plentiful and economically priced. Large size oranges are the most plentiful, and tangelos and tangerines are available at moderate prices.

Sure.

You might find another car as new as the Delta 88.

But not this year.

This is Oldsmobile's Delta 88. It's unique. Unique because it's new. New clear through. Styling is new. So new, not a line nor a highlight was borrowed from last year. Power plant is new. Super Rocket V-8 is the biggest in Olds history: 425-cubic-inches big, up to 370-horsepower strong. Transmission is new, too. Turbo Hydra-Matic, available on any Delta 88, provides up to 40% more torque from a standing start, superlative performance at all speeds. New styling. New engine. New transmission. This year, only Delta 88 lets you have all three, all new. Other cars have a lot of catching up to do.

### PATTERNS FOR PROGRESS IN COMMUNITY DEVELOPMENT

## Today many Towns are "waking up" to Community Development

Everywhere you go these days you see towns engaged in or planning "community development." These activities range from simple clean-up programs to business modernization, new schools, hospitals, public buildings and recreational facilities as well as commercial and industrial promotion... making the towns better places to live, work and play. In 1965 we will run a series of ads which will picture and describe examples of community development now taking place in our service area. This is part of our area development program in which we are dedicating our efforts to assist the towns we serve to grow and progress. Growth-conscious towns are invited to contact their local WTU manager for the services of our area development representatives.

**Survey Made of Economic Impact of Oil and Gas in Texas**

In its annual survey of the economic impact of oil and gas on Texas counties, Texas Mid-Continent Oil & Gas Association turned up these superlatives: Eleven counties have crude oil production with an annual value in excess of \$50 million. As usual, Andrews County is No. 1 with \$196 million. Five counties produce more than \$25 million worth of natural gas a year with Brazoria the leader at \$40.3 million. Nacogdoches County is the first with recorded oil production from wells dug by man, 1866. Navarro County boasts the oldest commercial oil field, Corsicana, producing since 1896. The largest field in the state is East Texas, which covers parts of Smith, Upshur, Gregg, Rusk and Cherokee Counties. Three counties have produced more than a billion barrels of oil: Gregg (1.9 billion), Rusk (1.3 billion), Ector (1.1 billion.) These with Andrews (855 million) and Harris (821 million) are the top five in all-time production records. Wichita had the most wells drilled in 1963, according to The Oil and Gas Journal, but the most footage was recorded in Ector County, 1.9 million) with second place going to Kleberg County (1.7 million). The estimated \$25.2 million spent on drilling in Ector is also a record. Most wildcat wells were drilled in Rannels County (82) and Pecos (75). Deepest well in Texas (or anywhere) is a 25,340-foot dry hole in Pecos County drilled in 1959. Deepest well producing oil is a 16,347-foot well in Freestone County put down in 1949. Pecos holds the record for the deepest gas producer, a 1963 well at 20,750 feet. Jefferson County's six refineries give it the greatest number and the greatest capacity, some 1,017,500 barrels a day, or slightly less than the total recorded for the United Kingdom. Harris County leads the state in oil industry payroll, according to the Texas Employment Commission: 39,849 employees with a \$325 million payroll. Harris has many oil company headquarters, refineries, and production. Jefferson's refinery operations boost their total to \$135 million. Dallas with no production and no processing plants but with many headquarters and laboratories is in third place with \$84 million. Others in order are Midland (\$59 million), Nueces (\$49 million) and Ector (\$36 million).

**11 Atomic Energy Plants in Operation**

A booklet issued by the Edison Electric Institute reports that there are now 11 atomic energy plants in operation, six under construction or design, and nine projects under study by the investor-owned utilities and the Atomic Energy Commission. Approximately one million kilowatts are being generated by the 11 operating plants, and the ultimate capacity of all the projects is expected to be 3.4 million kilowatts. The cost is estimated at about one billion dollars. Because gasoline is cheaper than hay, cowboys in Dodge City, Kansas, now ride motorcycles instead of horses, according to Oil Facts. The publication says the switch was made because each horse was eating as much as \$12 worth of feed a week while motorcycles suitable for the cattle trails could be run on about \$1.50 worth of gasoline.

## Mrs. Bobby Cash Honored with Shower Last Thursday Night

Thursday evening, January 7, Mrs. Bobby Cash was honored with a miscellaneous shower at the home of Mrs. Blake McDaniel. Mrs. McDaniel received the guests and presented them to the receiving line which consisted of Mr. and Mrs. Cash and her mother, Mrs. Willie Vessel.

Mrs. Cash wore a royal blue corsage of carnations; her mother's corsage was white, and both wore gifts of the hostesses, Mrs. Dwayne Boren and Mrs. Bob Dunnam poured punch from a crystal punch service, set on a white linen cloth. The table arrangement was shades of bright blue delphinium and cosmos, chosen colors of the honored guest.

Mrs. David Carpenter presided at the bride's book where forty-five guests registered. Others helping with hostess duties were Meses, D. M. Prince, J. W. Martin, J. W. Hazelwood, Morris Diggs, L. D. Cates, Ventrice Brock, W. W. Everson, Dayton Everson, George Seadig, Earl Ebanks, Cecil Carpenter, Rusty Russell, Pat Gill, Bobby Dunnam and Dwayne Boren.

Mrs. Martin, Cecil Carpenter and Diggs displayed the many beautiful and useful gifts.

## Miss Kuba and Joe Brown Jr. Plan March 20 Wedding

Mr. and Mrs. Ralph Kuba of Thalia have announced the engagement and approaching marriage of their daughter, Miss Mary Louise Kuba, to AIC Joe Brown Jr., on March 20th.

Miss Kuba is employed at the Vernon Mfg. Co. and the groom-elect, son of Mr. and Mrs. Joe Brown, is stationed at Anderson Air Force Base in Guam, but will be home on leave in March.

He will then be transferred to Larson AFB in Washington where the couple will live until he completes his time in service.

## Columbian Club Elects Officers

Mrs. John S. Ray heads the slate of Columbian Club officers elected Wednesday, Jan. 6, in the home of Mrs. Idema Chowning at Truscott. Serving with her

will be Mrs. J. R. Brown, vice president; Mrs. Marion Crowell, recording secretary; Mrs. Homer Black, corresponding secretary; Mrs. Roy Barker, treasurer; and Mrs. N. J. Roberts, parliamentarian.

Roll call was answered with new year's resolutions, preceding the program, "Woman of Courage," presented by Mrs. Fred Wehba.

Jane Addams was one of the first American women to advocate social reforms in our cities. The co-winner of a Nobel Peace Prize. She helped abolish child labor in this country and instituted modern social welfare methods.

The next meeting will be on January 20 in the home of Mrs. Barker.

## Riverside H. D. Club

Mrs. H. L. Ayers, president of the Riverside Home Demonstration Club, called the meeting to order and conducted the business meeting when the club met with Mrs. Cap Adkins Tuesday, Jan. 5.

The following goals were adopted: 1. State Hospital needs. 2. Enlist new club members. 3. Visit and remember the shut-ins.

Yearbooks were filled out for the year. The club remembered Mrs. Adkins with a nice gift since she had moved to a new location.

Mrs. L. H. Hammonds was welcomed as a new member. Mrs. Adkins served refreshments of cake and punch to 13 members, and Brenda Taylor, Sandra Bachman, and little Jerry Lee Ayers were also present. The next meeting will be with Mrs. Roy Ayers Jan. 19.

## Junior Leaders

The Foard County Junior Leaders 4-H Club met last Thursday afternoon. Don Statser opened in prayer and Pam Carter led the pledge. The hostesses were Janice Gray and Cathy McLain. Jon Ann Carter read the minutes and called the roll. There were 18 present.

The girls' program on care of accessories, Charlotte Drabek, Harriet Halbert and Cathy McLain brought this program. Mary Bob Long, Janice Gray and Pam Carter led in songs for the girls. Joe Burkett brought the program for the boys on "snakes."

### EEL PULL TOY

Make body by seaming a piece of cotton bag print, 7" x 32", leaving an opening in center section for stuffing. Round off one end for mouth, miter corners of other end for tail. Turn and stuff with cotton batting. Use black buttons for eyes, make topknot of yarn. Tie body in four places with matching yarn. Braid yarn to desired length for a pull and attach at neck.

## 4-H Club Meeting

The 5th grade boys 4-H Club met in Mrs. Smith's room Jan. 5. The song leaders, Bill Erwin and David Stapp, sang the song, "God Bless America." All 20 members were present.

The study was again on safety, and Joe Burkett had each of the boys to read the hazards that they have corrected around their homes. He also handed out some hazard cards to put on hazards that the boys can't correct themselves. They handed out their second worksheet. The next meeting will be Feb. 9 in Mrs. Smith's room.

## Gambleville H. D. Club

In the absence of the president, Mrs. James Sandlin, vice president, presided at the meeting of the Gambleville Home Demonstration Club January 8 meeting with Mrs. Bob Abston. Club constitution and by-laws were accepted by the members and Mrs. Abston gave household hints for opening exercise. The members decided to have a bake sale soon. Yearbooks were filled out by seven members and one visitor, Miss Sharon Chatfield. The next meeting will be on Jan. 22 with Mrs. Charlie Bartley.

## 4-H Club Meeting

The 4-H girls had a meeting Jan. 7 and some of the girls told some interesting reports. Carolyn Nichols told about safety in outdoor recreation; Delores King told about fire prevention; Linda Gray told about first aid, and Janice Bell told about burns and cuts and falls.

## Abandoned Juvenile Court System

"The sovereign state of Montana has abandoned the juvenile court system whereby young and fragile offenders are shielded from public gaze while their peccadilloes are weighed in judicial seclusion. Montana has found that the public glare, as the names of parents appear in print along with their delinquents, is salutary, if not on the malefactor, at least on the parents. Juvenile delinquency is on the wane."—St. Albans, Vt. Messenger.

## CHIROPRACTORS EXPLAIN "MISERY AND MYSTERY OF BACKACHE"

Backache can be very painful . . . What's more it can lead to serious disorders not immediately associated with the pain itself.

Pain is nature's way of warning that something is wrong. Frequently pain in any part of the back is caused by misaligned vertebrae somewhere in the spinal column which places pressure on nerves. Permanent relief is not possible in this type of case until the vertebrae is restored to normal position.

Most people don't realize that a simple case of backache often leads to more serious troubles later. Subluxations (misalignments of vertebrae) set up interference to flow of energy thru the nervous system. Thus vital organs of the body do not receive normal nerve energy supply, and fail to perform their body function properly. The particular organ affected depends upon which nerves in the central nervous system are involved.

Your chiropractor is able to locate the exact point of interference in the spinal column, and to adjust the vertebrae or vertebrae which are at fault.

### Small Change and a Free Gift

Has the cashier at the restaurant or the check-out girl at the supermarket been asking you: "Do you have the two cents?" or "You don't have the change, do you?" If so, it's because there is a coin shortage all over the U. S. and will be for some time.

All kinds of coin-using machines have created a shortage of coins for other purposes. Isn't it strange: a penny is hardly worth picking up these days, and Former President Eisenhower calls our dollars "dollarettes," yet people seem to be spending more money in small amounts lately.

You can make more and more purchases with coins these days, and some people say that you can buy anything with money, but they're wrong—very wrong. The things we need most cannot be bought with any amount of money. The air we breathe, the water we drink (we pay only for the service), love of family and friends. These things can't be bought. And the most precious treasure of all: salvation, eternal life, can't be bought at any price.

God doesn't want our money. He calls it "filthy lucre." He's not gone into business, selling houses and lots in heaven, much less will He pervert justice and pronounce us innocent for a consideration. But He does pity and love us and He can and will give us eternal life if we trust in the merits of the One who died for our sins.

"The gift of God is eternal life through Jesus Christ our Lord" (Rom. 6:23). "For by grace are ye saved, through faith, and that not of yourselves, it is the gift of God" (Eph. 2:8).

Our Lord said to the Samaritan woman: "If thou knewest the gift of God . . . thou wouldest have asked . . ." (John 4:10). Have you asked?

## Predatory Capital, Labor, Government

Jenkin Lloyd Jones, editor of the Tulsa Tribune, says: "The true liberal, in my opinion, should hoggle at social theories that degrade the human being. He should question the political practice that penalize the doers to favor the don'ters. He should recognize that the forced reproduction and encouragement of incompetency and irresponsibility through public subsidies will eventually produce a society in which there will be less for all. Such a liberal will at the same time, reject the law of the jungle. Neither competence nor strength nor intelligence will be allowed to impose raw power upon the mass. He will cherish those checks and balances which halt the depredations of, as old Joe Pulitzer put it, 'predatory capital and predatory labor.' And I might add, 'predatory government.'"

## Fateful Step

"Chief Judge Charles Desmond of the New York Court of Appeals, highest court in that state, told the Senate Judiciary Committee that juries should be eliminated . . . More courts and judges would help expedite litigation, Desmond's suggestion might do so even faster. But without juries we take a fateful step in a direction which could lead to just the opposite of our right to trial by jury."—Ticoenderoga, N. Y., Sentinel.

## THIRTY YEARS AGO

News items below were taken from the Thursday, Jan. 13, 1935, issue of The Foard County News:

Born to Mr. and Mrs. Merl Kincaid, Crowell, January 3, a girl, Marcia.

Andrew Jackson Howard, 91, the only Confederate veteran remaining in Foard County, died Monday evening at his home.

The grocery stocks of Fox Bros. and Our-Way Cash and Carry have been enlarged this week as a result of the stock of groceries of the Fox firm at Rochester being moved here. The Fox Bros. store at Rochester has been operated for the past three years by Glen Fox. The Our-Way Cash and Carry store is managed by Travis Fox.

Work has been in progress this week remodeling the J. H. Self building, occupied exclusively since being completed by the Self Motor Co., Ford dealers.

Checks amounting to \$10,741 have been received in payment of cattle purchases made in December by the government.

In the Sunday morning edition of the Dallas News, Dick Todd, ace backfield man for the Crowell Wildcats, again slips into company with the best high school football players of the state when he was placed on The News' all-Texas Interscholastic League eleven for 1934. Amarillo High, state champions, secured three positions, the Greenville Lions and Masonic Home Masons, each placed two men, with Corsicana, Temple, Corpus Christi and Crowell, one each.

Ebb Seales has been elected secretary of the Foard County Chapter of the Texas Association for Old Age Pensions.

Representative George Moffett of Chillicothe left Sunday for Austin to attend the regular session of the 44th Legislature.

Miss Lela Patton complimented Mrs. Doris Gentry, a recent bride, with a miscellaneous shower at her home Saturday afternoon.

Mr. and Mrs. Frank Elton and family of Quanah were guests of Mr. and Mrs. Grover Cole Sunday.

During the month of December, \$3,636.30 were paid to workers on the relief rolls of Foard County and were expended on worthwhile projects underway in this county.

Rev. Lawrence W. Bridges, new pastor of the First Christian Church, arrived Tuesday together with his family to make their home in Crowell.

Jim Chewing met with an accident while working with machinery on his farm last week. One hand was crushed so badly that a finger had to be removed.

Mr. and Mrs. Alton Owens have moved from the Dr. Cherry house in town to the Musse farm, recently vacated by Mr. and Mrs. Melvin Moore.

Benton Burk has returned to Fort Worth to accept a position as instructor in the Fort Worth Barber School. For the past few months, Benton has been barbering in Vernon.

The Esso Education Foundation has announced grants of \$2.2 million to higher education throughout the United States during the current 1964-65 academic year. This brings the total of such grants since the Foundation's inception 10 years ago to nearly \$17 million. The Foundation is supported by Standard Oil Company (New Jersey) and several of its affiliates.
