New Game Warden, Johnny Young, Moved to Crowell from El Paso

A new game warden replacing Charles Talbert, who was transferred to Eagle Pass effective December 24, has moved to Crowell to make his home.

He is Johnny Young, who moved last Thursday with his wife and two children to the home of Mr. and Mrs. L. M. Glover in the northeast part of Crowell.

Ray Gibson Named Outstanding Airman for Quarter

Airman First Class Raymond A. Gibson Jr., son of Mrs. T. L. Koles of Roseville, Mich., and a grandson of Mrs. Cressie Erwin of Crowell, has been selected outstanding Airman of the Quarter in his Air Defense Command unit, Kirkville Air Force Station, Mo.

Airman Gibson, a radio equipment repairman, was chosen for the honor in recognition of his exemplary conduct and duty performance. He is assigned to the 790th Radar Squadron, which supports the ADC mission of defending the continental U. S. against enemy air attack.

The airman is a graduate of Crowell High School. His wife is the daughter of Mr. and Mrs. J. E. Angle of Route 2, Crowell. His father, Raymond A. Gibson, resides in Plainview.

CHS Boys A Cage Team Wins Three

In games played in the Crowell last Friday night, the Crowell Wildcat A team defeated the Paducah Dragons 84-39 with Ken Ferguson higher scorer for the Crowell boys.

The girls game saw Paducah win over the local fens 60-33. High pointers for Crowell were Evelyn Fiske and Cindy Erwin, with 12 and 10 points, respectively.

The Crowell High School boys A team and girls A team travel to Knox City Friday night, Feb. 5, for games with the Greyhounds. These are the last games of the season for the Crowell teams, according to the schedule released early in the season by school officials.

District 11-A is divided into two parts for the basketball season, in the first series of games played with Knox City here Tuesday night of last week, the teams split games. The boys won a 70-62 and the girls lost 51-28.

The boys won the third game of the week here Tuesday night by defeating Monday 63-47. Dan Mike Bird was top scorer for the Wildcats with 25 points.

In the girls game, Monday won over Crowell 61-47.

Wildcat Scheduled on McGinnis Land

Pan American Petroleum Corp. has staked its No. 1 A. L. McGinnis as a 7900-foot Foard County Wildcat 11 miles northeast of Crowell.

Located in a 251-acre lease, the test is spotted 735 feet from west and 1950 feet from south lines of section 317, block A, H&TC RR Survey.

C. B. RADIO OPERATORS INCREASING IN COUNTY

A hobby that is interesting and entertaining—as well as useful—is now sweeping the nation in popularity and at least fourteen Foard County residents are now enjoying the hobby.

This new hobby is CB—Citizens Band—radio. The CB program was authorized several years ago by the Federal Communications Commission, and since that time literally thousands of Americans now own and operate their own sending and receiving sets. The CB equipment is moderately priced compared to ham radio equipment, and no test is required for issuance of a license by the FCC.

The fourteen Foard County residents who are licensed include Jimmy Ashford, H. L. Ayers Jr.,

Club Honored for 64-65 Community Improvement Plans

The Adelpian Club has been awarded a certificate of merit by the Sears-Roebuck Foundation for its participation in the 1964-65 Community Improvement Program. The program is co-sponsored by the Foundation and the General Federation of Women's Clubs.

"More than \$175,000 will be awarded to member clubs participating in the program, and the Adelpian Club of Crowell could be the winner of the top national award of \$10,000," said Roy Rector of Vernon, representative of the Foundation.

In presenting the certificate to Mrs. Robert Kincaid, president of the club, in Vernon Wednesday of last week, Mr. Rector congratulated all the club members for their interest in making Crowell a better place in which to live.

The Texas Federation of Women's Clubs has as its goal one hundred per cent participation in the program by member clubs.

The Adelpian Club has stressed the theme, "Americanism in Community Living."

Among its projects has been the Foard County Library. Club members have contributed \$1 each to the library and worked in cataloging and reorganizations, sponsored a "book shower" which brought in more than 70 books and assisted in the library's summer reading program.

It is sponsoring an essay contest among young people on "Freedom and the American Heritage," with prizes of \$85.00. Thirty entries have already been received for the contest, which will be concluded on March 1.

It is also sponsoring a U. S. flag kit sale scheduled for March, and directed a Foard County poll tax payment campaign which resulted in 64 poll taxes paid Saturday at the booth set up by the club.

To Serve as Sales Manager at Quanah

Gerry Knox of Quanah, son of Mr. and Mrs. G. T. Knox, will serve as sales manager at the Quanah Cotton Oil Co. in Quanah while Jack Farrar is taking a leave of absence from his job this year to take special studies at Midwestern University in Wichita Falls.

So, if you are between the ages 18 and 59, won't you please come to the Crowell Community Center Friday afternoon, February 5, and open your Blood Bank Account? Bring a friend—or twenty friends if you have that many! Doughnuts, coffee and orange juice will be served.

Sincerely,
Mrs. Marion Crowell,
Local Drive Chairman.

Square Dance Lessons to Be Given at Thalia Gym Saturday Night

Gene Weldon of Vernon will give square dance lessons in the Thalia gym Saturday night, Feb. 6, beginning at 7 o'clock. The lessons will cost \$1 per couple, and a square dance will follow the lessons.

The Thalia group which started a new club, had a large crowd of dancers from Vernon and Foard County at their initial dance last Saturday night.

AN OPEN LETTER

Crowell, Texas,
February 1, 1965

Dear Friends:

Have you ever been asked to give a blood transfusion to a member of your family, to a friend, to an acquaintance or even to a stranger whose blood type happened to be the same as yours? Have you ever needed blood and had to have someone go out and search for donors? It can be a bit embarrassing, in a way, can it not—to have to ask someone to give blood to you or to someone in your family? Wouldn't it be much better, much quicker and far more satisfactory to know that when you or someone in your family needs a blood transfusion, the blood is available immediately, in sufficient quantity, already typed and ready for use? It is comparable to having money in the bank and a check book reserved for that day when your billfold is "financially embarrassed"—or a savings or insurance policy you could draw on in the event of an emergency.

This is exactly the same principle as the Red Cross Blood Bank. That is why it is called a "bank." You donate your blood and credit is given you. If you have friends whose account in the bank is overdrawn, you may apply your "deposit" to their credit; or if you have used from the bank, they may be donors to your account. Perhaps you wish to anticipate any future need of your own and build up an adequate supply in the blood bank. You are given a card stating your blood type and the dates of your donations and no matter where you might be in the United States, transfusions from the Red Cross Blood Bank will be available.

On Friday, February 5, the Red Cross Bloodmobile will be at the Crowell Community Center from 12:00 noon until 6:00 p. m. Won't you take this opportunity to serve—or possibly be served should you prove some future date to be the one in need? Your blood could save a life, even as someone who gives to the bank Friday could save your life. Operations, severe burns, automobile accidents aren't pleasant to contemplate. Perhaps you can't imagine their happening to you, but wishful thinking does not preclude that possibility, as you well know! Won't you take this opportunity to prepare or be prepared for such an emergency?

You have from 12 to 15 pints of blood, and within a few minutes after you have given a pint, your body has replaced that amount of fluid. Of course the iron content cannot be built up that quickly, but within a few days your blood will be exactly what it was before you made your donation. Doesn't it seem foolish to feel "aqueamish" about "losing" a pint of blood when your body can so quickly replace it?

You feel you might not be physically strong enough to give blood? Before you are allowed to donate, you will be given a rigid check by doctors and trained nurses. Your blood will not be accepted unless you pass the tests. The idea is not to weaken you but to place you in a position to help or be helped in future unforeseen emergencies.

Survivors include four daughters, Mrs. Jack Spikes of Crowell, Mrs. J. D. McStary of Vernon, Mrs. A. M. Armstrong of Jal, N. M., and Mrs. Jim Melton of Ralls, one son, A. H. Sams Jr. of Uvalde; two brothers, Ray and Jess Cockrell of Seymour; nine grandchildren and nine great grandchildren.

She was a member of the Benjamin Christian Church.

Funeral services for Mrs. A. H. Sams, 85, who died in Vernon last Tuesday night, were held at 10 a. m. Thursday from the Christian Church at Benjamin.

Burial was in the Benjamin Cemetery and pall bearers were Collins Morehouse, Togo Morehouse, Lovel Brown, Stanton Brown, Bobby Burnett, Homer Melton and Brooks Campsey.

Mrs. Sams was a native of Clay County. She was married to A. H. Sams in 1897 in Baylor County. After his death she had resided with her daughters.

Dennis Dobbs of Truscott Is Proud Owner of Pet Monkey

When the fifth grade of Crowell Elementary School has "pet" day, Dennis Dobbs of Truscott will probably have one of the most unusual pets on display.

Dennis, an 11-year-old fifth grader, and son of Mr. and Mrs. Herman Dobbs of Truscott, is the proud owner of a monkey named "Cheeta."

Cheetah is a miniature squirrel type 3-month-old female monkey. She is about 8 inches long now and will be about 12 inches long when grown.

Originally ordered as a Christmas present for Dennis from an animal farm in Miami Beach, Fla., the monkey arrived about the middle of January.

During cold weather, Mrs. Dobbs says a fire must be left on all the time and also an electric light just above the monkey's cage is left burning.

Gordon Erwin to Direct Foard Spelling Bee

Ten entries from the fifth, sixth, seventh and eighth grades of the Crowell schools are expected to compete in the Foard County spelling bee Thursday, March 11. The bee will be conducted in the high school auditorium beginning at 10 a. m.

Director for the 1965 county bee will be Gordon Erwin, grade school principal. Grady Halbert will be the pronouncer. Judges will be Mrs. L. A. Andrews, Mrs. Grady Halbert and Reginald D. Washington.

County Judge Leslie Thomas has served as spelling bee director for Foard County until Mr. Erwin was appointed this year.

Pat Cates, who captured the 1964 county spelling title while a student at Thalia, is expected to defend his crown this year. Cates, a sixth grader, now attends the Crowell schools. He is the son of Mr. and Mrs. T. R. Cates Jr. of Thalia.

Winner of the Foard County bee will be eligible to compete in the district contest in Wichita Falls on April 3, along with the champions from 19 other counties in this area. Each school winner will receive an engraved ball point pen inscribed "Record News and Times School Spelling Champion 1965." The Wichita Falls newspaper sponsor the annual contest.

Each county winner will also be awarded a collegiate dictionary with his name and county name embossed in gold. Winner of the district contest will win an expense-paid trip to Washington, D. C., for the national finals June 7-11.

Mother of Mrs. Jack Spikes Died in Vernon Jan. 26

Funeral services for Mrs. A. H. Sams, 85, who died in Vernon last Tuesday night, were held at 10 a. m. Thursday from the Christian Church at Benjamin.

Burial was in the Benjamin Cemetery and pall bearers were Collins Morehouse, Togo Morehouse, Lovel Brown, Stanton Brown, Bobby Burnett, Homer Melton and Brooks Campsey.

Mrs. Sams was a native of Clay County. She was married to A. H. Sams in 1897 in Baylor County. After his death she had resided with her daughters.

State Approves Greenbelt Loan

An application for \$4,200,000 to finance the second phase of the Greenbelt Municipal and Industrial Water Authority program was approved in Austin last week.

The board also approved state participation of \$650,000.

The request for the funds was presented by members of the Authority at a hearing in Austin Tuesday.

The second phase of the water program provides for the construction of the proposed reservoir near Clarendon and the filtration plant. Plans and specifications are complete and plans are to advertise for bids sometime this year.

The first phase of the Authority's water program, which includes laying pipelines from the site of Lelia Lake Creek water wells to Childress and Quanah is still on schedule.

The Authority expects to have water turned into the mains of these two cities by June 1.

BLOODMOBILE TO BE IN CROWELL FRIDAY

Total of 498 Poll Taxes Paid Before Jan. 31 Deadline

Adelpian Club Sells 64 Poll Taxes in Booth Saturday

A total of 498 Foard County residents paid poll taxes before the deadline on January 31.

The Adelpian Club set up a booth in Shirley-Youree Drug all day Saturday to sell poll taxes, and the three club members who manned the booth—Mmes. Robert Kincaid, Bob Thomas and Ray Shirley—sold a total of 64 during the day.

The 498 poll taxes this year is the least amount sold in Foard County since 1959 when only 465 poll taxes were paid.

Last year, 828 were sold; in 1963, 593 were sold, and 526 polls were issued in 1962. An even 500 were sold in 1961; and in the presidential election year of 1960, a total of 918 Foard residents purchased poll taxes. In 1958, the total was 759.

Bill Kinsey Finds Eagle Electrocuted in Waggoner Estate Pasture Last Week

A large eagle—a rare bird in the United States and especially in this section, was brought to Crowell Monday afternoon of last week by Bill Kinsey, who is employed on the Waggoner Ranch.

The huge bird—with a wingspread of nearly seven feet, talons over an inch long and a wicked looking beak—was found dead beneath a high line crossing the Waggoner property. Mr. Kinsey surmised that the bird attempted to light on one of the wires, was thrown off balance by the extremely high wind that afternoon, and fell against another line, and being electrocuted.

Mr. Kinsey said that in the vastness of the Waggoner property, the cowboys occasionally see an eagle flying, but this was the first time to find one dead.

A burned strip along the leg of the eagle testified to his electrocution.

The huge bird was dark brown in body color with a light, sandy colored head.

A picture made of the bird and Mr. Kinsey and his son, Bill, holding his outstretched wings, proved to be unsatisfactory for reproduction.

County Tops Quota in Buying Savings Bonds in 1964

Foard County residents "went over the top" in 1964 in buying U. S. Savings Bonds. Total sales for the year in the county were \$93,424.00 which is 103.8 per cent of the goal of \$90,000.00. This is the first year in the past several that Foard County has oversubscribed its bonds goal.

Series E and H Savings Bond sales in Texas during 1964 totaled \$147,317,356 which represents 100.14 per cent of the 1964 sales goal, according to a report received from Ed Gossett, general counsel for the Southwestern Bell Telephone Co. and state bond chairman.

Methodist Churches in Crowell and Paducah in Attendance Contest

The Crowell Methodist Church has accepted a challenge by the Paducah Methodist Church for an attendance contest between the two churches.

The contest will run for a period of six weeks beginning next Sunday, February 7. The total attendance at Sunday school and both morning and evening worship services will be used in determining the winner.

At the conclusion of the contest, the church winning the attendance contest will host members of the losing church at a supper to be served at the winning church.

Social Security Man to Be in Crowell on Wednesday, Feb. 10

A representative of the Social Security Administration will be in Crowell at the court house on Wednesday, Feb. 10, from 10 a. m. until noon. You are invited to meet with the representative to file your claim or to obtain information or assistance concerning social security. Are you 65 years of age or over and still working, but have never applied for social security? If the answer is yes, then you are one of many who should stop in and speak with the social security representative regarding your present standing with them and if there is any possibility of receiving any payment.

Crowell All-Stars Lose Last Week to First State Bank

The Quanah All-Stars took over sole possession of the lead in the Vernon Independent Basketball League race Thursday night of last week defeating T&M Motors 113-74, while First State Bank of Vernon clipped the Crowell All-Stars 85-72.

DWI Charges Send Two Men to Jail

Two men were arrested Saturday night by Sheriff W. F. Bradford and Deputy Charles Moore, and charged with driving while intoxicated.

Tried in county court, both men received three day jail sentences and fines totaling \$76.45 each.

Expectations by local officials of the Red Cross are high that a large number of Foard County residents will respond to the pleas for blood and make a donation when the Bloodmobile makes its visit to Crowell Friday. Mrs. Marion Crowell is local blood drive chairman of the Red Cross, and has addressed an open letter to Foard County residents which can be found in this issue.

Committees working in the various communities have contacted many residents with a plea to give blood Friday.

The bloodmobile will set up in the local community center and will process donors between the hours of 12 noon and six p. m. This processing will be made under the guidance of a medical doctor and a registered nurse.

Thirty-five pints were collected during the last visit of the bloodmobile here, and Dr. Walter H. Stapp said last week that many more than that are needed at the present time.

Mr. and Mrs. Ray Glasscock Buy Bates Grocery in Truscott

Mr. and Mrs. Ray Glasscock and son have moved from Earth to Truscott where they have bought Bates Grocery from Mr. and Mrs. Byron Bates. The new store will be known as Ray's Grocery & Market.

Mr. Glasscock was reared in Truscott, and he and his family have lived in Earth for about 15 years. They are living in a house on a farm belonging to Leon Speer near Truscott.

Mr. and Mrs. Bates will retire from active business upon the sale of their store.

The Glasscocks took over operation Monday, Feb. 1.

Charles Robert Hall Enlists for Three Years in Army

Charles Robert Hall, son of Mr. and Mrs. Burl Hall of Route 2, Crowell, was enlisted in the Army on January 29 for three years duty. Sfc. Maurice A. Wilson, local army recruiter, announced this week.

Hall attended Crowell Schools.

Each Must Act His Part

Living in a world as ours is today compels each and every one of us to be a complete individual. It takes people who have an open mind of their own to establish and to carry on a democratic nation such as our's.

It is important that each of us as a teen-ager learns during adolescence to be an individual. To do so, each must set his basic principles and follow them through life. He must be open minded, though, in case he finds he is wrong about something, and he should be willing to accept his faults and change them.

Each youth must learn not to go along with the crowd when he knows in his heart that the crowd is wrong. People who always go along with the crowd don't add

much to their life or to their communities. One may lose popularity and be ridiculed for standing out from the crowd, but after all, each person has to live with his decisions in order to live with a clear conscience.

Being an individual doesn't, by any means, mean that a person is to make a spectacle of himself or is to develop characteristics that aren't his own, just to be noticed. He should just always stand up for the things he thinks are right and not let anyone pull him down.

If the men and women of the past had not set up their standards to go by and had not upheld them, we would not be living in such a wonderful land as we do. There have been many great people in our generation, such as Sir Winston Churchill and John F. Kennedy, who have helped to carry out good relations between our country and others.

Each of us as an individual is given the wonderful privilege to live as he wishes. Each can make his life good and worthwhile, but it takes courage to do so.

Senior Personalities Crowell and Sandlin

The personalities for this week are known to some CHS students as "Ringo" and "George." Of course you know CHS has its own Beatle group of which Sherry

Sandlin, daughter of Mr. and Mrs. James Sandlin, and Elaine Crowell, daughter of Mr. and Mrs. Marion Crowell, are members. Besides singing as Beatles, both girls enjoy participating in chorus and band. Elaine enjoys acting as president of Drama Club, vice president of FHA and an active member of Sub Junior Adelphean Club, Spanish Club and Student Council. Sherry also enjoys working in the drama, Spanish and Sub Jr. Adelphean Clubs. Whenever either of these girls has a chance, she relaxes. Elaine likes to sew, to read, to listen to music, to swim; Sherry enjoys reading her favorite book, Exodus; and hearing her favorite song, "That's What You Got for Loving Me."

One can see that these girls have nearly the same tastes. Both agree on Paul Newman and Audrey Hepburn as their favorite actor and actress, but Sherry enjoys spring and the color, blue; while Elaine enjoys summer and the color, green. Each of these girls enjoys making new friends, but always wants to keep the old ones too. After graduation, Elaine and Sherry will be farther apart than they have ever been; they are now next door neighbors. Elaine will travel to Oklahoma City to attend Midwest Christian College, and Sherry will leave for Canyon to attend West Texas State. All of us at CHS wish both these girls luck in college and throughout life.

FFA Boys Enjoy Fat Stock Show

Last Saturday at 4 a. m., 20 FFA boys and their advisor, Mr. Myers, left Crowell on a trip to the Fat Stock Show at Fort Worth. On arriving in Fort Worth, the boys visited all of the various exhibits in the show. After lunch, the boys went to the fairgrounds. There, all except Larry Hughston who lost his wallet, enjoyed the rides and games. At 2 p. m., most of the boys, accompanied by Mr. Myers, went to the rodeo. After watching the long rodeo, the return trip was begun. When we arrived home at 10:30 Saturday night, most of us could truly say that we had enjoyed the trip. The FFA boys would like to thank Mr. Myers for taking us and Mr. Black for letting us have a bus for the trip. We had a great time!

Bake Sale Is Success

The bake sale held last Saturday by the Junior Class netted \$80.00. This money will be placed in a fund to be used in preparation for the Junior-Senior Banquet scheduled for March 20.

The class sincerely wishes to thank the sponsor, Mrs. Todd; the mothers who made such delicious and tempting cakes and pies, and especially the people who bought them. The sale was a big success!

Speech Classes to Present One-Act Plays

Speech classes are working on nine one-act plays which they hope to present on February 15, 17, and 18. Each student is cast in a play and three plays at a time will be given on the following dates: Feb. 15 at 7 p. m., Wednesday afternoon, Feb. 17, at 1:30 and Thursday evening at 7. Tickets entitling a person to attend the three performances will be on sale for \$1.00. At the door, the tickets for each performance will be 50 cents.

Stage improvements have been paid for by the Drama Club, and other improvements need to be made before the district one-act play contest which will be staged in Crowell High School March 30.

CHS Band Presents Program

On Tuesday, Jan. 26, the Crowell High School Band presented a musical program for the student body. The program was opened with "Thundercrest." Mr. Garrett then introduced the next two numbers, "Reverie" and "Fantasy for Band." The concert band closed the program with "Green Leaves of Summer."

The stage band then presented a short program including "Moon River" and "I Left My Heart in San Francisco," featuring Larry Wright on the trumpet.

The student body wishes that the band would soon present another program.

Basketball Report

On Tuesday, Jan. 26, at the Crowell gymnasium the Knox City girls crushed the Crowell girls 51-28. Evelyn Faske scored 11 points for Crowell. Immediately after, Crowell A team boys defeated the Knox City boys 70-62. Dan Mike Bird led Crowell's scoring with 33 points.

Last Friday night, January 29, the Paducah girls ran past the Crowell girls 60-33. Scoring 12 and 10 points, respectively, Evelyn Faske and Cindy Erwin were Crowell's high scorers. The boys had better luck, defeating the Dragons 84-39. High scorer was Ken Ferguson.

By the time this article goes to press, the Crowell A girls and boys will have played Monday at the Crowell gym. At present, we're hoping for victories. Tomorrow night, Feb. 5, let's do our part to fill Knox City's new gym as the A boys and girls play Knox City. This is the last game of the western half of district play. It should be full of thrills and spills.

We Set a Record-

Scene I (Mr. Black and Mr. Amonett standing in front hall). Mr. Black, looking at watch, remarks: "I don't know what is the matter; we always clear the building in about one minute, and it's been nearly three minutes, and not a handful of students have shown up."

Scene II (same time): Teachers in most of the class rooms upon hearing a "clank clang," remark such as, "Why, I don't have time for the bell to ring. Have you, Oh well, I guess the clock is on the blink again and someone has rung the fire gong early. Well, there is nothing to do but to let you go. Since I haven't assigned you a lesson for tomorrow, have fun."

Scene III (after the students had casually gathered their books and left the room, the teachers were all busy getting ready for the next class, when—looking up—they saw their students returning grinning.) Teacher: "What gives?"

Pupil: "You just burned up! That was a fire drill!"

Well, the thing that caused all the confusion was that for some time the clock that automatically rings the bell has been out of order and Mr. Amonett has had to use the fire signal to announce the end of periods. As this drill was so near the end of a period, teachers and pupils alike did not associate the "clank clang" as a fire drill signal.

Moral: Don't ever let a fire break out near the time for the bell to ring, or we'll all burn up!

This Is C. H. S.

Typing scores for January 25-29: Karen Shirley, 48; Joy Tra-week, 46; Hollis Halbert 39; Gayle Russell, 37; Merida Taylor, 36; Tommie McRae, 32.

A new addition to the sophomore class is James Gaddis, James, nephew of Mr. and Mrs. Allen Taylor, will make his home with them. He went to Sprue High School in Dallas. Welcome to CHS!

Notice: Only nine more days until Valentine Day. Members of the FTA taught in grammar school the fourth period January 28.

David Denton and Ronnie Clifton visited the campus of West Texas State College in Canyon last Friday.

Cheryl Thompson attended the Fat Stock Show in Fort Worth last week end.

All seniors who are 18 years old have been asked to give blood tomorrow when the Bloodmobile is in Crowell.

What Is a Teacher?

Editor's Note: There are few adults as well as children for whom the word "teacher" does not conjure up many nostalgic memories. Many of the successes, whether great or small, to which

INSURANCE OF ALL KINDS

Hughston Insurance Agency

We lay claim can often be contributed to the patience, understanding and sometimes downright stubbornness of a former teacher. The following article entitled "What Is a Teacher?" was contributed by Mrs. Thelma Wall, a teacher in the Reagan School, Quanah.

A teacher is many things . . . She's knowledge with a smile on her face . . . Democracy with a book in her hand . . . Wisdom with a flick of white chalkdust on her left eyelid.

She comes in all sizes and temperaments . . . Short, tall, skinny, plump . . . laughing, serious, happy and sad.

She's the future of the nation in a sack dress . . . Love with a college education.

In her everyday work week, she's expected to be: Diplomat, philosopher, politician, fight referee, pediatrician, policewoman, practical nurse, quiz program conductor.

She has little children in her eyes . . . And all her dreams are young dreams.

She's a psychiatrist without a couch . . . Politician without a promise . . . Baby sitter without the right to raid the ice box.

She makes more money than a dishwasher . . . or a ditchdigger . . . or a garbage collector.

She makes less money than a woman wrestler . . . Burlesque strip-tease dancer . . . or the woman blackjack dealers in Nevada.

Her days are filled with school bells . . . Young chatter . . . Chalk dust . . . Waving hands . . . Questions . . . and worried parents.

A teacher is equally adept at: Blowing small noses, teaching fractions, putting on galoshes, finding lost mittens in dark cloak-rooms . . . and making parents feel good at parent-teacher meetings.

She spends four years in college, studying hard, in order to learn how to: Make orange paper pumpkins at Hallowe'en, umpire basketball games at recess time, tell young boys to throw bubble-gum in the waste basket.

In addition to knowing all there is to know about reading, writing, and arithmetic, not to mention science, biology, history and

music, a teacher has to be authority on—baseball, grasshoppers, little girls, snakes, yams, love, little boys and how to live three months of the year with a paycheck.

While grateful parents spend their evenings watching television attending cocktail parties, complaining about the high cost of the school system, teachers spend their evenings correcting examination papers, smiling at people at parent-teacher meetings, and wishing they had become stenographers.

Teachers are expected to: go to church, keep out of debt, be a creative mind (but not disagree with the board of education), get away from cigarettes, beer and bingo games, and give willing to the United Fund.

A teacher dispenses magic . . . sells futures. Dreams are her stock in trade.

From her small classroom come the doctors of tomorrow, the men who will go to the moon, the great artists and novelists of the year 2000. The industrial nations and all the leaders America will need to survive in a puzzle world.

She's the future of the world with a ruler in her hand . . . Progress with a pencil back of her ear.

Underpaid, unappreciated, times, harried and overworked, she gains her pay in secret satisfaction . . .

Secretly, she will admit, she has the greatest job of all . . . Because she holds the history of the world in the palm of her little hand . . .

She's a teacher! —Borrowed

AND GILLILAND
 MRS. H. A. SMITH

Mr. and Mrs. Jack Brown were visitors in Wichita Falls Monday. E. J. Jones and W. Rake attended a horse show at Floydada last week.

Mr. and Mrs. J. B. Euhank and son were Houston visitors Friday and Saturday and attended the wedding of her sister, Miss Mary Lynn Hough Saturday night. They returned home Sunday.

James Corder of Cisco Junior College spent a few days this past week visiting homefolks here.

Mr. and Mrs. A. Brown and Carroll Chowning of Abilene visited Mr. and Mrs. Marion Chowning Jr. and family over the week end.

Miss Freddie Hankins of HSU, Abilene, and Miss Sherri Murphy spent the week end with Freddie's parents, Rev. and Mrs. Fred Hankins.

Mrs. Jack Hickman visited her father, Jess Boykin in Rule Wednesday.

Mr. and Mrs. Jack E. Hickman and daughter, Kim, of Robstown spent last week visiting his parents, Mr. and Mrs. Jack Hickman, and her parents, Mr. and Mrs. H. B. Sanders of Crowell. While here, Mr. Hickman's sister and husband, Mr. and Mrs. Dale Henry of Vernon, visited them here.

Mrs. Billie Russell of Levelland visited Mrs. Jack Hickman and Lester Hickman Wednesday.

James Cansler of Peanerette, La., visited Friday with Mrs. Jack Hickman and other friends here. His father was former pastor of the Methodist Church here.

Mr. and Mrs. Byron Bates have sold their grocery store to Mr. and Mrs. Ray Glascock of Earth. He is a former Truscott resident and a nephew of Mr. Bates. He and Mrs. Glascock took over the operation of the store Feb. 1. Mr. and Mrs. Bates are long-time business operators here and their Truscott friends wish them the best as they retire from business.

The children of Mrs. J. T. Meredith of Vernon, a former Truscott resident, honored her Sunday, Jan. 31, by celebrating her ninety-third birthday. She is well and active and able to do her housework and lives alone. She is the mother of Mrs. J. D. Cook of Truscott and has six other children and all were able to help celebrate her birthday; also Mrs. Cook's daughter, Mrs. G. Byrd of Lubbock accompanied other relatives from here to Vernon Sunday.

Mrs. W. Rake is a patient in the Foard County Hospital.

Mr. and Mrs. Warren Corder visited friends in Abilene Sunday.

1965 Feed Grain Program Sign-Up Now Underway

The sign-up for the 1965 feed grain program will be underway in the Foard County ASCS office February 8, 1965, Ray Hysinger, chairman of the Foard ASCS County Committee, has announced. The sign-up period starts Feb. 8 and will continue through March 26.

Mr. Hysinger explained that the program for 1965 is basically the same as in 1964. It is voluntary, and combines corn, grain sorghum, and barley in a single feed grain base. Participating farmers will qualify for diverted-acre and price-support payments, and they will be eligible for price-support loans.

Farmers who take part in the program may divert for payment as small an acreage as 20 per cent of the farm's feed grain base or as large an acreage as 50 per cent of the base—or 25 acres, if this is the larger.

Two rates of diversion payment are offered. The lower rate applies to the first 20 per cent of the feed grain base actually diverted. The higher rate applies to diverted acreage in excess of the minimum. If both the intended diversion and the acreage actually diverted are equal to at least 40 per cent of the base, the higher rate applies to the entire acreage diverted.

New provisions in the 1965 program include an opportunity to substitute feed grains for wheat or wheat for feed grains by growers who take part in both programs.

Applications to take part in the 1965 feed grain program may be filed in the ASCS County office from Mondays through Fridays at any time between the hours of 8 a. m. and 5 p. m.

Decided to Be Right

In Sweden, after 200 years, they have decided to be right. Or, to put it another way, a new law will become effective in 1967 providing for driving on the right hand side of the road. Since the 18th century, traffic in Sweden has been on the left side. This will leave only Britain and Ireland steering on the left side.

Domestic Cotton Signup Explained

The sign-up to be held soon for the 1965 domestic allotment program for upland cotton will be only for operators of farms where the domestic allotment is less than the effective allotment. Ray Hysinger, chairman, ASCS Committee, announced this week. This is a change from original sign-up plans. The sign-up begins February 8 and continues through March 26, 1965.

This means that the operators of small farms—where the domestic allotment is 15 acres or less and no acreage is released—do not need to sign up in order to receive benefits of this year's domestic allotment program. On these farms which include the majority of farms in Foard County, the domestic allotment is the same as the effective allotment and plantings need not be reduced in order to participate in the domestic allotment program.

The only change that has been made is that small farmers are not required to sign an agreement to participate. Payment will be made to these farms if the acreage of cotton is within the domestic allotment.

Mr. Hysinger explained that it has been decided to limit the sign-up to the operators of larger farms with cotton allotments of more than 15 acres. This will not only save small operators from the trouble of signing up, but it will enable county office personnel to spend more time helping the operators of the large farms to understand the cotton program.

Mr. Hysinger said that in many cases, taking part in the program could also guarantee these farmers more net farm income from cotton in 1965.

All cotton farmers who participate in the 1965 domestic allotment program will be eligible for price-support payments at 4.35 cents a pound on the normal yield of cotton established for the farm times the acreage planted for harvest. In addition, the cotton crop from such farms will be eligible for price-support loans at 29 cents per pound for middling 1-inch cotton, gross weight, at average location.

Cotton from farms which are not signed to participate in the domestic allotment program will be eligible for cotton loans if the acreage is kept within the effective farm allotment, but no price-support payments will be made to growers on such farms, Mr. Hysinger concluded.

Skill, Hard Work Win 4-H Honors

Two Tarrant County teenagers have won top state honors in their 1964 4-H Club projects. Mary Quinn, 16, of Grapevine, was named by the Cooperative Extension Service as dog care and training award winner. She receives a wrist watch from the Ralston Purina Company.

Randy Stroud, 18, of Fort Worth, was selected for the automotive award. He receives a trip to the National 4-H Club Congress in Chicago Nov. 29-Dec. 3 from The Firestone Tire & Rubber Company.

Miss Quinn has raised 10 dogs during her four years in 4-H and has won many awards at dog shows. She has also cared for homeless pups from time to time.

She has appeared on television with her dogs several times to demonstrate training.

Stroud, the son of Mr. and Mrs. L. B. Stroud, got his start in the automotive program when his family moved to town in 1962, and he was forced to sell his 4-H animals.

He now maintains his own car and the family car. He was the only one in his club carrying the automotive project when he started, and later organized a 4-H automotive group.

He has been president of his club and county 4-H treasurer.

Crowell Cemetery

Mrs. N. J. Roberts reports the following subscriptions to the upkeep of the Crowell Cemetery in January:

Mmes. Ingram and Moody, \$20.00; Glen C. Lewis, Lockney, \$10.00; J. S. Owens, \$5.00; W. A. Jones, \$25.00; Mrs. Fred Brown, \$5.00; the family of D. S. Todd, \$11.00; the West Side H. D. Club, \$10.00; Louise Johnson Kachelhoffer, Amarillo, \$10.00; Mrs. Mary Thomson, Abilene, \$10.00; Fredia Miller, Childress, \$5.00.

Written acknowledgements were sent to families when memorials were given.

Mrs. Roberts added: "Thanks to C. V. Barker for the nice job of moving. We are not under a perpetual care system, but after all

our cemetery is perpetually cared for, and our distant friends who send in their contributions have this assurance."

Freewill Ladies Auxiliary

The Freewill Baptist Ladies Auxiliary met Monday, Feb. 1, at the church with ten members and three visitors present. The theme of the lesson was "The Compelling Power of Prayer."

Two special songs were sung: Mrs. Alma Eaton sang "Kneel and Let the Lord Take Your Load"; and a duet was sung by Debra and Judy Daniel, "Jesus Loves Me."

Mrs. Ruth brought an interesting talk on teaching little children about Jesus and teaching them scriptures while they are young. This must be done in

Brother of L. V. Robertson Winner of Fiddlin' Contest

Fiddlin' Eck Robertson is what he's called, and fiddlin' is what he does—well enough to pocket \$100 prize money in Fort Worth Saturday.

Robertson, 77, of Amarillo, who says he has been "sawing on a fiddle" for at least 72 years, won the Old Fiddlers Contest at Town Hall Seminary South Shopping Center in Fort Worth.

Mr. Robertson is the brother of L. V. Robertson, long-time Crowell photographer who now makes his home in California. Mrs. T. R. Hough of Crowell is a niece of the Fiddlin' Robertson.

The bewhiskered fiddler has won the last six contests he entered. He said there was plenty of competition at the contest here, especially from the young fellows.

Robertson, who never had a music lesson in his life, began fiddlin' at a tender age, using a hollowed half of a gourd with a pine fingerboard.

He was a little ashamed of a later gourd violin he constructed. He fashioned the instrument's top of cat hide—a contribution of a "worthless old tomcat."

"It was one of the worst things I ever did," he confessed. His brother acquired a violin of conventional make, but it was a slightly shady deal too.

"My brothers was fiddlin' so late at night he fell behind in his work around the farm," he recalled. "Dad talked to him one day as he was feeding the hogs, telling him that he would have to start keeping up his work."

"He said he would give him the best pig in the pen if he would work harder."

Robertson said his brother later the home as there is so little time in the church for them to learn this.

took a pig and sold it when the deal didn't materialize—and bought a fiddle with the proceeds.

The "master fiddler"—as he is known in fiddlin' circles—says he plays now just as well as he ever did, although his nerves give him trouble when he is tired.

Master fiddlers, Robertson said, are those whose backgrounds are sprinkled with songs of the Civil War era.

When he isn't competing in fiddling contests, Robertson tunes pianos and repairs instruments. He also has composed music, including the "Amarillo Waltz."

Among his acquaintances is violinist Fritz Kreisler.

He said he had been offered \$10,000 for his violin, made in 1719 by Jacobus Stainer.

General Telephone Announces 3-Year Construction Program

The construction program for General Telephone of the Southwest during the next three years calls for gross expenditures of \$71,808,000 with over \$23,000,000 scheduled in 1965, according to E. H. Danner, president.

Highlights of plans include replacing 24 central offices because of growth and obsolescence; providing direct distance dialing service to customers in 35 exchanges; and making improvements and refinements to DDD service in the division headquarters at Sherman. Twenty-seven new exchange buildings, one microwave building and three warehouse buildings also are scheduled for construction, and 17 additions will be made to existing exchange buildings to provide for equipment expansion.

Other highlights designed to keep pace with the communications requirements of customers include two new exchanges, and eight microwave locations which will provide 350 message channels.

Supt. Henry Black Speaker at County Federation Meeting

Passage of a school bond issue in the Crowell School District was predicted by Crowell School Superintendent Henry Black when he spoke to members of the Foard County Federation of Women's Clubs Monday, Jan. 25, on "The Future of Education in Foard County" at a meeting in the Crowell Community Center.

He pointed out that state requirements, both in facilities and curriculum, cannot be met at present, and he believes the \$250,000, or less, plans being studied by the local school board will find acceptance with voters, despite their rejection of a \$500,000 school bond issue in 1964.

Plans under study call for new physical education and band buildings, but only remodeling for the high school, grade school and cafeteria buildings. The rejected plan included a new high school, as well as new P. E. and band facilities.

These new proposals would supply not only new or improved buildings, but also additional classroom furniture, equipment, teaching aids and library services, the Superintendent said.

Mr. Black said the board has not made a choice of plans to present to the school district because it wishes to consider several factors. He outlined improvements which are needed and explained why these improvements would help students.

A new gymnasium was listed as one of the major improvements. He said present facilities are inadequate for meeting state physical education requirements for either the grade school or high school level, besides having such sub-standard equipments as only one shower and toilet in the girls' dressing room, which is supposed to serve 20-30 students at a time.

The present band hall is located some distance from the main buildings, yet has no rest rooms. This frame building is heated by open space heaters, which Mr. Black said, were so inadequate in a recent cold spell, that the band hall temperature rose to only 40 degrees. Need for enlarged work and storage space in the cafeteria plus the need of a dishwasher was

cited by the superintendent.

Mr. Black said state inspectors were reported to have called present grade and high school lighting systems "25 per cent adequate." The school board was reported by Mr. Black to believe two new grade school rest rooms could be added by remodeling two unused grade school rooms.

Teaching aids will be given a prominent place in the school's future plans, according to Black.

"One inspector said teaching aids here were 'the poorest I've seen,'" said Black in describing the need for more science and vocational equipment, playground equipment, visual aids, and more library books.

Black said in the future Crowell Schools will have fewer students and teachers, younger teachers, more departmentalized teaching, advanced math and science courses and typing in the intermediate grades. He emphasized the importance of a good grade school library as effecting students not only in grade school, but also in their performance beyond grade school.

Mrs. Virgil Johnson of the Garden Club brought the devotional which opened the program. Monty Smith, high school speech student, presented a pantomime of a woman dressing for a club meeting.

Mrs. Jack W. Brown conducted a brief business session following the program. Eighteen were present. The West Side Home Demonstration Club served punch and cookies as hostess club.

Library Committee Has Meeting Jan. 25

A committee charged with writing a library policy and procedure section for the proposed Foard County Library handbook was named when the library board met preceding the January 25 meeting of the Foard County Federation of Women's Clubs.

Mrs. Glyndon Johnson will serve as chairman, assisted by Mrs. Newell Hofmann and Mrs. Clarence Garrett.

Mrs. D. R. Magee and Mrs. Garrett volunteered to begin work on the subject catalog cards in February.

The board voted against buying another set of encyclopedia and discussed the value of the summer story hour in the library program. Mrs. L. A. Andrews explained how students and others may order special reference material from the state library through the local library. Mrs. Yeatrice Brock said more request forms were needed and that the local library has had some difficulty getting students to return

material for mailing back to Austin.

Mrs. Johnson, treasurer, reported \$229.00 at the meeting conducted by Mrs. Jack W. Brown, chairman.

Miss Ella Ann Cates and Terry Garrett Plan April 9 Wedding

Mr. and Mrs. Leo Cates have announced the engagement and approaching marriage of their daughter, Ella Ann, to Charles Terry Garrett, son of Mr. and Mrs. E. T. Garrett of Kingsville. The marriage will be held in the First Baptist Church in Crowell on April 9 at 7 p. m.

Miss Cates will graduate in May from Crowell High School having completed her graduation requirements in August. She received cosmetology training in Wichita Falls and is presently employed in Crowell. While in high school, she was a class officer for two years; Spanish Club officer, and a majorette for three years. She was also a member of the stage band and the Sub-Junior Adolphian Club.

Mr. Garrett graduated from Kingsville High School and received a bachelor degree in music from Texas A&I, Kingsville. He served three years in the army as bandsman, and has been the band director in Crowell High School since September.

Columbian Club

Three notable women of today were presented in profile at the Columbian Club program held on Wednesday, Jan. 20 in the home of Mrs. Roy Barker.

Mrs. R. J. Thomas, program leader, led the group in the club collect and then Mrs. Clarence Bounds presented the story of Senator Margaret Chase Smith, a candidate for the Republican presidential nomination in 1964.

Claudia Taylor Johnson was described by Mrs. D. R. Magee as a "devoted wife and mother, a partner of the President, and an accomplished businesswoman." Her own quiet early life was contrasted with her present task of raising two daughters in the public eye.

The life of Jacqueline Kennedy was presented by Mrs. Thomas. She told how Mrs. Kennedy's early training as a young American aristocrat combined with her subsequent education, newspaper experience and personal interests to give her the abilities and flair for which was known as a White House hostess.

Mrs. John Ray presided at the business meeting preceding the program when suggestions were requested for the 1965-66 year-books.

Truscott H. D. Club

Miss S. C. Kinsey, home demonstration agent, presented the program, "More Mileage from the Family Dollar," for members of the Truscott Home Demonstration Club Thursday, January 28. She said that requests for money management information are increasing and come from families with large as well as small incomes. "More money isn't the entire solution," she said, "because as incomes increase, so do desires."

She said a family needs a spending plan just as it needs a plan to build a house, pointing out that a budget is not a savings plan so much as a plan for using the money available in ways that best serve a family's wants and needs.

Mrs. W. M. Rake presided at the business session. Mrs. J. G. Adcock announced gold bariap has been purchased for curtains in the assembly room.

The April 15 district meeting at Childress was announced and the club was reminded a nominee for a delegate must be named soon. Miss Kinsey announced a workshop, "Selection of Patterns and Fabrics" which she will hold at the Truscott Community House at 2 p. m., Thursday, Feb. 4.

West Side H. D. Club

Mrs. E. A. Dunagan gave the opening exercise—a prayer—when the West Side Home Demonstration Club met January 26 in the home of Mrs. Dwayne Boren. Mrs. Jim Henry, vice president, presided in the absence of the president, Mrs. Homer Ketchersid.

Roll call was answered with a current event and Mrs. Roy Cooper brought the program on parliamentary procedure. Mrs. Henry drew the hostess prize.

Refreshments were served to 15 members; two visitors, Mrs. Tom King and Mrs. Dunagan, and one new member, Mrs. George Riethmayer; and three children, Lane and Lynn Simmons and Terry Boren.

The next meeting will be in the home of Mrs. S. E. Tate on Feb. 9 with Mrs. Ray Iiseng bringing the program on "coordinating the wardrobe."

REMEMBER WHEN?

"I bet there are few people alive today who remember when this 1895 antique was actually used as a source of heat. Besides not giving out just an awful lot of heat to an awful lot of space, it didn't exactly smell like the breath of spring either. Times have certainly changed.

Now-a-days safe, flameless electric heating carries even, steady heat to all parts of a room or home. Hot spots, cold spots and drafts are things of the past. Since electric heating is totally flameless there are no pilot flames to go out or gaseous odors, no soot, film, smoke, or residue to rest on indoor walls and furniture. The house stays clean, comfortable, and fresh smelling.

If you aren't enjoying the comforts of flameless electric heat call a WTU representative or see your electrical heating contractor right away."

From the News . . .

THIRTY YEARS AGO

News items below were taken from the Thursday, Jan. 31, 1935, issue of The Foard County News:

On Jan. 14 of this year an additional cattle allotment was granted to Foard County upon request of Fred Rennels, county drouth director. From this allotment, 149 head of cattle were purchased, covered by 66 agreements, which makes a total of 5,116 head purchased, of which 1,525 head were condemned. A total of \$63,515.00 has been received in this county as a result of the cattle program which closed on January 25.

Garland Taylor was named the most valuable player in the Matador invitational basketball tournament which Crowell won, giving their school permanent possession of a fine silver trophy in the form of an actual size silver basketball, mounted on an attractive pedestal.

The allowable for North Texas' youngest producing oil county, Foard, was increased from 960 to 1,860 barrels daily by the Texas Railroad Commission when it set the Texas oil allowable for February.

A total of 3,629 bales of cotton from the 1934 crop had been ginned in Foard County prior to Jan. 16, compared with 22,702 bales ginned up to the same time last year.

Valton Wallace completed the work of installing lights for the stage of the Thalia school auditorium last week.

The Thalia boys basketball team was victorious over the Vernon Marines, West Vernon, Farmers Valley and Lockett teams in the tournament held at Lockett Saturday.

The CWA workers have been fixing a crossing on Pease River north of Margaret the past two weeks.

While playing at the school house Tuesday evening, Joe Farrar fell and hurt his wrist and back.

Ed Cates and daughter, Marie, of Thalia attended singing at Gambelville Sunday.

R. L. Scott of the Good Creek community found his German police dog (Jack) Saturday, which had disappeared about two years ago.

With a total of 275 class B football teams in Texas during the past season, Crowell High had the second best team in the state, according to the opinion of Jinx Tucker of Waco, probably the most widely known sports editor in Texas. He placed Bryan High as No. 1 in the state.

The class B high school boys basketball championship of Foard County will be decided Saturday of this week at a tournament to be conducted in the Crowell gymnasium.

The Rialto Theatre, remodeled and under new management, will open Saturday night preveue at which time "She Loves Me Not" featuring Bing Crosby will be shown.

I am a member of the Church for Christ Because: (continued):

5. It practices scriptural baptism. "For as many of you as have been baptized into Christ have put on Christ" (Gal. 3:27). "Then Peter said unto them, Repent, and be baptized every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost" (Acts. 2:38). "Buried with him in baptism, wherein also ye are risen with Him through the faith of the operation of God, who hath raised him from the dead" (Col. 2:12).

6. The Lord adds the saved to it. "Praising God, and having favour with all the people. And the Lord added to the church daily such as should be saved" (Acts 2:47). "Therefore if any man be in Christ, he is a new creature: old things are passed away; behold all things are become new" (2 Cor. 5:17). To be continued.

We welcome each and all to our worship services, Church of Christ, 120 N. 2nd. St., Crowell, Texas. Minister, Welton E. Nickel.
