Keys for Happiness in a Home

"Happiness is like manna; it is to be gathered in grains, and enjoyed every day. It will not keep; it cannot be accumulated; nor have you got to go out ourselves or into remote places to gather it, since it has rained down from heaven at our very doors, and these doors can be opened by simple keys."

Through cooperation, a family can open these doors to happiness. Each member of the family must go out of his way to help the other members with their work or whatever they may be doing. Thoughtfulness, as well as cooperation, plays an important part in opening the doors to happiness. Family members must respect each other's feelings and look out for each other's welfare. The key of love for one another fits the doors perfectly. Without love for one another, there would certainly be no happiness in a home. To have love for one another, a family must first have love for God—the true base for never-ending happiness. A family must constantly use the keys of cooperation, thoughtfulness, love for one another, and love for God to open the doors to happiness.—Jean Burkett.

Attend Student Council Convention

The newly elected 1965-66 Student Council officers—Billy Hord, Bob Bird, Lee Looney and Dan Mike Bird—attended the state convention of Texas Association of Student Councils in Midland last week end. They were accompanied by Marvin Myers, student council sponsor.

Seniors Honored at Morning Breakfast

Weary seniors, their dates and sponsors after leaving the prom

following the Junior-Senior banquet, made their way to the community center about 12:30 a. m. to partake of a delicious breakfast provided by Mr. and Mrs. Kenneth Halbert.

FFA Boys Enter Judging Contest

Eight FFA boys participated in the Wichita District Livestock and Dairy Cattle judging contest at Vernon last Saturday.

Senior Will

(Editor's note: This is the senior will read at the Junior-Senior banquet. In the final edition of the Wildcat, the prophesy will be given.)

Senior Will

We, the Senior Class of 1965, being of sound mind, sturdy body, body, generous heart, strong will and not wishing to remember the hardships imposed upon us during the past four years, do devise, give, and bequeath our few but valuable belongings in this, our first, last, and only will and testament, hereby making void all wills made by us at any time previous to this date.

- I, Mike Cates, gladly leave all of CHS to Albert de los Santos.
- I, Ronnie Clifton, leave my beautiful blonde hair and my ability to get sent to the office to Randy Smith.
- I, Elaine Crowell, leave all my tardy slips to Kathy Eubank.
- I, Jill Cooper, just leave for greener pastures.
- I, David Denton, leave my "night eyes" to Dan Mike Bird, who can probably use them.
- I, Ronnie Denton, leave my fiery acting ability to Jesse Brown.
- I, Ruthie Doyal, leave my bright curly red hair to Gayle Russell.
- I, Delores Eubanks, leave my shattered nerves and changing moods to Patsy Hall.
- I, Sandra Ellis, leave my diet pills to Ella Hollenbaugh.
- I, Evelyn Fiske, leave my string of nicknames to Sharon "Mop" Mapp.
- I, Ken Ferguson, leave my spendthrift ways to Jimmy Gillespie.
- I, Mike Gamble, leave my abilities as choral soloist to Larry Wright.
- I, Scherry Goodwin, leave my most embarrassing moments to Linda Whitley.
- I, Seth Halbert, leave my knowledge of how to plant a carrot seed to Paul Campbell.
- I, Bill Harris, leave my tall, muscular frame and big blue eyes to Randy Adkins.
- I, Patricia Jackson, leave my ability to play Elizabeth Taylor on screen to Paula Veceera.
- I, David Jefferson, came to CHS with a smile and leave with an even bigger one.
- I, Betty Kajs, leave my ability to get out of high school in 3 1/2 years to Nellie Aranda.
- I, Saunna Martin, leave my quiet and bashful ways to Linda Chandler.
- I, Toye McCurley, leave my high IQ and lazy ways to my sister, Jean.
- I, Danny Patton, leave my rabbit hunting gun to Johnny Robertson.
- I, Mary Ann Ramsey, leave my ability to get into trouble to Shirley Mike Rasberry.
- I, Ronnie Ressel, leave my quiet and bashful ways to Bob Shrode.
- I, Sherry Sandlin, leave my

book on how to have your exemptions taken away in one easy hour to Sally Gamble.

I, Otis Smith, leave my dreams of a white Cadillac hearse (Father Time's delivery van) to Mike Manard.

I, Gayle Smith, leave my ability to be at the wrong place at the wrong time to Merida Taylor.

I, Suella Smith, leave my ability to take Mr. Black's teasing, to Marilyn Cates.

I, Mary Sue Speer, leave my radiant Pepsodent smile to Karen Shirley.

I, Gary Taylor, leave my little brother, Larry, to pick on all the girls of CHS.

I, Rickey Traweck, leave my beautiful tenor voice to Jackie Eddy.

I, Sandra Weatherhead, leave my home economics teaching ability and my baton to Dena Todd.

I, Freddie Wehba, leave my grocery apron to Skipper Pittman.

I, Betty Ann Welch, leave my great liking for blind dates to Mary Quintero.

And we, the Senior Class as a whole, leave:

To CHS, bright memories of the past four years, happy hours in classes, school activities, and the heavy loads of books and homework.

To the faculty, our appreciation for their patience, guidance, and friendship while we were at CHS.

To the Juniors, the joy and dignity of being a Senior.

To the Sophomores, our congratulations on completing the second year of high school.

To the Freshmen, the guarantee of three more wonderful high school years.

This is our last will and testament to which we have heretofore set our hand at Crowell, Texas, on this 20th day of March, 1965.

Students Attend Symposium

A group of twelve students—Charlotte Drabek, Marilyn Cates, Kathy Eubank, Karen Shirley, Patsy Hall, Betty Ann Welch, Scherry Goodwin, Suella Smith, Ken Ferguson, Rickey Traweck, Seth Halbert and Mike Gamble—accompanied by Printiss Gidney, attended the Texas Nuclear Science Symposium held in the auditorium of Childress High School last Friday. The purpose of the symposium, sponsored by the West Texas Utilities Co., was to bring to the students lectures on nuclear physics and nuclear fusion research by outstanding scientists and to provide the students with an opportunity to obtain answers to their questions on scientific careers and college curricula.

Among the speakers were Howard Drew, executive vice president of Texas Atomic Energy Research Foundation; Dr. Paul Cowan, professor of science education at Hardin Simmons University; Dr. Paul Westmeyer of the University of Texas; Dr. Ralph Tuckfield, experimental physicist of the General Atomic Division of General Dynamics Corp.; Dr. W. T. Guy, chairman of the department of mathematics at the University of Texas. A question and answer period followed each lecture.

Congratulations, Paul Stapp

It's not every day that a CHS student makes the television news as did Paul Stapp, a sophomore student, on March 25. On that date, Paul attended the annual meeting of the Northwest Texas Field and Stream Association in Wichita Falls. He was presented a trophy as being the boy who had contributed the most to wildlife conservation in northwest Texas during 1964.

Mrs. L. H. Wall Granted Fellowship

Mrs. L. H. Wall Jr. has been granted a fellowship in mathematics by the National Science Foundation at Texas Woman's University in Denton. The school will last from June 7 to July 16. Purpose of the institute is to assist teachers to improve their professional competence. To be eligible for a stipend, the applicant must be teaching at least one mathematics course in junior or senior high school.

While Mrs. Wall is attending the course, her husband will attend North Texas University and study physical education. Their son, Jay Lehman, will attend kindergarten in the demonstration school of Texas Woman's U.

Chorus Competes in TIL Contest

With the first signs of dawn Saturday, the members of the CHS chorus began to gather at the school. The not so alert group finally were settled on the bus and soon were "jostling" their way

to Wichita Falls to enter the Interscholastic League chorus contest.

Munday and Crowell were the only schools represented in class A. Munday received a 2 rating in sight reading and a 3 in concert, while Crowell received a 3 rating in sight reading and concert.

Senior Personalities

The wandering personality editor would like to call attention to Miss Ella Ann Cates, 17 year old daughter of Mr. and Mrs. Leo Cates before she changes her name to Mrs. Terry Garrett April 9. Unlike the rest of us, Ella Ann was smart enough—by taking a correspondence course—to be able to skip school this year and still graduate this May. Ella Ann attended beauty school in Wichita Falls and is now working.

Before leaving CHS, Ella Ann was very active in the band of which she was majorette. She was also a member of the Sub-Jr. Adelpian Club and various clubs in CHS. She has an exclusive list of favorites: the color, blue; food, seafood; singer, Dean Martin; book, Les Miserables; actress, Doris Day; actor, George Chakaris; movie, Carpetbaggers. She also enjoys music and bowling.

During her lifetime, Ella Ann's influences have been her parents and people she encountered while attending school in Wichita Falls. All of us say good luck to a fellow senior!

Coming to CHS a short time ago, David Jefferson, who happens to be Ella Ann's cousin, is the male half of this personality column. David is the blond haired son of Mrs. Margaret Jefferson. He enjoys all kinds of sports especially hunting and fishing. Like all boys, one of his main interests is girls.

David's list of favorites include the color, blue; food, steak; song, Send Me the Pillow; and actor, James Bond. In David's opinion, the worst kind of person is a "two

Students Enter Science Contest

Last Friday, Virginia Stapp and Evelyn Fiske, accompanied by Mike Welch, went to Henrietta where they entered the science reading contest of the Interscholastic League. The 2-hour test had 40 questions. Evelyn Fiske won 2nd place of the 13 students representing Archer City, Munday, Eliday and Crowell.

This Is CHS

Last week the names of Bob Bell and Monty Smith were snatched from the list of boys who served at the Junior-Senior banquet. We're sorry.

The CHS student body was entertained last Thursday by members of the Paducah chorus, sax band and quartet. Several numbers were rendered by each of the three groups. Come again Paducah.

We have had numerous excursions in for a visit this year. We're always glad to have you.

Mary Ann Ramsey, Betty Ann Welch and Mike Gamble, sang with the choir at Commencement Feb. 20 have been informed they will be awarded music scholarships should they attend East Texas State College next year.

The parents of Bill Boyer left last week for Morocco. His mother will be gone one month and his father, who is employed with Geographical Surveys, will be gone three months. Bill is doing with his great aunt, Mrs. Stevens.

sciences and certainly most are "through fear of death . . . all their lifetime subject to bondage" (Heb. 2:14). But it also teaches that "Christ died for our sins" so that, our penalty having been paid, we might be delivered from a guilty conscience.

The works and ceremonies of the Mosaic law could never accomplish this, but intelligent believers in Christ, having been "once purged," have "no more conscience of sins" (Heb. 9:14, 10:1,2). They are, to be sure, conscious of their sins and shortcomings, but they are no longer tortured by a condemning conscience, for they know that the penalty for all their sins, from the cradle to the coffin, was fully met by Christ at Calvary.

This is not to imply that even a believer cannot be troubled about offending the One who paid for his sins, but he knows that the judgment for these sins is past. Thus he earnestly seeks, like Paul, "to have always a conscience void of offence toward God and toward man" (Acts 24:16).

About 275,000 cancer patients—half of those who develop the disease each year—could be saved if they received prompt diagnosis and treatment. The American Cancer Society urges everyone to have a health checkup each year and to support the April Crusade against Cancer with a check.

Two Minutes With the Bible

A Clear Conscience

With the knowledge of good and evil man came into the possession of conscience. A sense of blameworthiness smote him when he committed, or even contemplated committing evil. This has been so ever since. The Bible tells us that even the most ungodly and benighted heathen "show the work of the law written in their hearts, their conscience also bearing witness, and their thoughts the meanwhile accusing or else excusing one another" (Rom. 2:15).

It is true that man's conscience can be violated so often that it becomes calloused or, as St. Paul puts it: "seared with a hot iron" (1 Tim. 4:2), but events or incidents can take place which suddenly awaken the conscience and make it sensitive again. Many a person has indulged in "the pleasures of sin" more and more freely until, suddenly, his sin has found him out and his conscience has caught up with him to condemn him day and night and make life itself unbearable.

The Bible teaches that all men outside of Christ are, to some degree, troubled by guilty con-

Do you realize it was only about 25 years ago that we considered it a job well done when electric co-operatives provided thousands of farms and rural communities with electricity for light alone?

Then, rural America started demanding the comforts and conveniences of city living. City residents began building homes in the suburban areas. Merchants clapped their hands with glee because they could visualize a new market opening up. Then, the population exploded and we started feeding the world. To meet this demand, man power had to be converted to electric power.

In order to meet this challenge, distribution systems must be modernized. Our job has only started. It's quite obvious realistic REA financing is essential in order that all Americans continue to reap the benefits of rural electrification.

TEXAS 1964 AVERAGE STATE SALES TAX TABLE

This table is based on the Texas general sales tax of 2 percent. It may be used when deducting sales tax on Form 1040. If the table is not used, sales tax deductions must be determined and substantiated. Deductible sales tax on the purchase of automobiles and gasoline tax of cents a gallon are not included in the table and must be itemized separately.

Crew and Back Up Crew of Gemini Flight Were All Boy Scouts

The crew and back up crew of America's first Gemini flight on March 23 were all Boy Scouts.

The pilot, Virgil I. "Gus" Grissom, who is a second American to travel in space, was a Cub Scout and a Boy Scout in Mitchell, Indiana. He reached the rank of Star. He now has a son active in Scouting.

The co-pilot for the two man flight was John W. Young. His Scouting was in Orlando, Fla. He made second class Scout.

The two back up pilots, Walter Schirra and Thomas Stafford, Attitude toward sin: While it is entirely probable that John wrote in view of the assertion of certain heretics who claimed to be above sin, the words which he penned have a meaning for all of us today; and it is with reference to the latter application that we are concerning in our lessons for Sunday, April 4. The apostle's use of the personal pronoun "we" shows that he included himself, and that should be sufficient to show that any and all Christians are involved in the problem of sin, in one way or another. No living person who is responsible in the sight of God for his own life is above sin.

Lessons: A. M. Accusation of sending others to hell. P. M.: How to keep saved. Church of Christ, 120 N. 2nd St., Crowell, Texas, invites each and all to attend our services. Welton E. Nickel, minister.

were both Scouts. Schirra was a first class Scout in Troop 36, Oradell, N. J., and Stafford was a member of Troop 355, Weatherford, Okla.

Big attractions will again include a western parade, chuck wagon dinner, old settlers reunion, dance festival and the registered horse and rodeo shows.

Astronaut Grissom says: "Participating in Scouting activities teaches—it taught me, I know—to be by myself, to rely on myself and to handle all small situations early, to take care of all small problems while I was young and learning, before the big ones come along."

The American Quarter Horse Association approved horse show schedule calls for registration of halter classes to Friday, April 23, at 9 a. m., with judging in the arena to take place that afternoon.

Zing into spring! Corvair by Chevrolet

The steering's crisper, the ride's flatter, the style's racier—even the grass looks a shade greener from behind the wheel of this new Corvair

For all its finely calibrated instrumentation—tachometer, manifold pressure gauge, even an electric clock with a sweep second hand for rally buffs—the most important thing that happens when you get a Corvair Corsa out on the road doesn't register on the dash. It registers on you.

You feel it in the steering—crisp and precise—as you double back on a curve. In the flat riveted-to-the-road stability of the new fully independent suspension. In the response of the rear engine (up to 180 hp available now in Corsa's Turbo-Charged version).

Drop down to your dealer's now—while the trading's extra good—and see for yourself.

From the News . . .

THIRTY YEARS AGO

News items below were taken from the Thursday, March 28, 1935, issue of The Foard County News:

Rev. W. B. Fitzgerald of Olton has accepted the call of the Crowell Baptist Church and will assume his duties here Sunday at which time he will preach at both the morning and evening services. There will be a general dismissal of services at other Crowell churches Sunday evening in order that local pastors and their congregations may join in welcoming the new pastor at the services in the Baptist Church beginning at 7:30 o'clock.

A lighted football field and comfortable bleacher seats will be installed at the Crowell High School athletic grounds in time for the gridiron season next fall, according to present plans of the local school board.

Foard County will have a new school for the 1935-36 term as a result of action of the Good Creek school board in deciding to build the new structure at the Texas Company's plant in the western part of the county. Miss Kathryn Woods of Crowell has been employed to teach at the school during the 1935-36 term.

Rain at Crowell last Thursday amounted to about one-fourth inch.

Cotton ginnings in Foard County for 1934 amounted to 4,352 bales, according to final figures released by the Bureau of the Census at Washington.

Forty-one balloons with attached slips worth a total of \$35.00 will be released from some point in the business section of Crowell on Trades Day Monday, between 4:30 and 5 o'clock in the afternoon.

Mr. and Mrs. H. K. Edwards and J. E. Harwell returned Monday from Lubbock where they attended the West Texas wholesale clothing market.

Cliff Crowell of Los Angeles, Calif., arrived in Crowell last Saturday afternoon for a visit with relatives.

Prudence Coffey of Crowell spent Saturday night with Mary Edna Bursley at Black.

R. B. Cates and Rev. L. W. Bridges represented the local Christian Endeavor at the annual meeting of the Wichita District of C. E. Societies at Iowa Park Friday, Saturday and Sunday.

Plans for the organization of a Business and Professional Women's Club will be made at a meeting here tomorrow night.

Mr. and Mrs. Henry Borchardt entertained friends at a bridge party at their home last Wednesday evening.

Among those receiving the Royal Arch degrees here Monday night were Granville Lanier, W. F. Hlavaty, Howard Bursley, Bailey Rennels, Mack Edens and C. H. Wood.

Jean Opal Borchardt and Fred Hill Ely have qualified for the perfect attendance roll of the Beaver school.

Miss Lona Johnson, daughter of Mr. and Mrs. Henry Johnson, was among the honor students for the first third of the second semester at Abilene Christian College. She made the honor roll in Latin.

More men than women died of cancer in 1964, according to the American Cancer Society. The ratio this year is expected to be about 55 men to 45 women. To help protect yourself against cancer, see your doctor every year for a checkup. Support the Society's April Crusade against cancer.

Leukemia, or cancer of the blood-forming tissues, killed over 2,400 children and 11,700 adults last year. The American Cancer Society now spends more money for leukemia research than for research on any other site of cancer. **Gov. Connally
Defends His Teacher
Pay Raise Plan**

Gov. John Connally promoted his teacher pay raise proposal last week and said it was time local school districts began picking up their tab in educational cost.

"It is just as improper for the state to assume too much power as it is for the Federal Government to do so," the governor told a joint civic club luncheon, "and it is just as important for local governments to effectively meet responsibilities as it is for the state to do so."

Connally has proposed a 10-year program for raising teacher salaries, with larger shares going to experienced teachers. His plan would shift the cost of textbooks and 20 per cent of the cost of the teacher retirement for professional personnel to the local districts. Both are now state-financed.

The Texas State Teachers As-

sociation has proposed a \$405 annual across-the-board hike.

"State-wide, the local districts pay about 18 per cent of the minimum foundation costs, and the state pays 82 per cent," said Connally. "In practice, many districts pay far less than 18 per cent due to local economic factors."

"Realizing full well that teaching salaries in Texas are below the national average—and believing as strongly as I do that they should be raised—I have no apologies to make for the amount of state support we have provided," he declared.

The governor said Texas pays more than 50 per cent of all public school costs, compared to a national average of 39 per cent.

"The pay raise I have recommended would cost local districts slightly more than the TSTA plan," said Connally, "yet the additional local tax to finance my proposal over and above the TSTA's plan would amount to about 85c a year for a \$15,000

home.

"My recommendation that the state abandon its share of the ad valorem tax would more than compensate for this increase," he added.

"I pose as no expert on education," Connally said. "There are many who know more about it than I do. But I grow weary, frankly, of hearing the same argu-

ments year after year—that local governments in Texas do not have the capacity to handle local problems, but must consistently turn to Austin or to Washington for relief."

Democracy Must Build from the Bottom Up

"The sale of this newspaper . . . terminates my tenure of responsibility for these editorial columns, a tenure that spans almost thirty years . . . I have welcomed the opportunity presented through these columns to speak to the consciences of my readers, to speak those things which I believe to be right, and true . . . Basically, I have often, and always, returned to the premise that our government is a democracy, that a democracy is something that involves work and responsibility, that there can be no appreciation without effort and no achievement without participation, that democracy must always be something that builds from the bottom up and can never be something that can be handed to the people from the top down."—Wayzata, Minn., Herald.

Home Businessmen give us

VALUES

nobody else can match

IT'S A FACT . . . our home merchants and service establishments give us a special type of Bargain every time we spend a dollar with them.

And no competitors of theirs in another town or city can give us . . . who live in this area . . . anything like as good a deal when we're shopping.

It's simple economics. The dollar we spend at home buys about the same goods or service that

it will buy anywhere else . . . but . . . to make every purchase at home a better bargain, we also get to share in, and to profit from the more prosperous community that larger trade volume naturally builds.

And this Extra Value . . . which we do not get when we spend our money in somebody else's community . . . is the real key to our own greater individual prosperity and enjoyment of life . . . and far more valuable in the long run than the merchandise we're buying.
