School Day Memories

Now that our high school days are over, we, the 1965 seniors, feel a certain amount of sadness, mingled with much happiness.

We realize just how much you—our parents, our teachers, and our fellow students—have done to make our years at CHS profitable ones. The influence of our parents has largely been responsible for our attitudes; the advice of our teachers has made lasting impressions on us; the cooperation of other students has helped make our days happy ones.

As we leave CHS and go out into a world new to us, we wish to express to you who have helped us a special "thank you" for your love, your guidance, and your friendship. You will always have a place in our school day memories.

Scherry Goodwin,
Editor of the Wildcat.

Senior Facts

Honor students: valedictorian, Evelyn Faske; co-salutatorians,

Two students skipped the first grade. After attending Mrs. Turner's kindergarten, Mary Sue Speer and Otis Smith were permitted to enter the second grade. Suella Smith returned from Allison, Texas, to begin her studies in Crowell during the second grade. Mike Cates from Thalia and Saunna Martin of Lockney entered Crowell during their sixth year of school as did Jill Cooper from Estelline.

Being short of boys, the class was fortunate to receive Bill Harris, also from Lockney, and Mike Gamble from Thalia during the 7th grade. In the 8th grade, three students from Thalia—Toye McCurley, Mary Ann Ramsey and Betty Kajs—enlarged the group. As a sophomore, Gary Taylor, formerly from Breckenridge, joined the group. In his senior year, Ronnie Ressel joined the crew.

Seniors Have Fun New Orleans Style

Thursday, May 13, the seniors began their long awaited trip. They left aboard a TNM&O bus bound for Shreveport, La. That day to save time, they ate a sack lunch. Their route took them by Dallas. After spending a short night at Shreveport, they left Friday for Baton Rouge and finally reached their destination—New Orleans. There for four glorious days they made their home at the Jung Hotel with a swimming pool on the roof. Every minute was packed with thrills, but perhaps the highlights were the trip up the Mississippi on a river boat and dinner at the Court of the Two Sisters. The trip home was not quite so exciting.

Class mothers enjoying the trip were Mmes. Sim V. Gamble, Walter Ramsey, Chester Hord and Leon Speer. Faculty sponsors were Myers and Black. To these adults and to all other people who helped to make this memorable trip a reality, the seniors are indeed grateful.

Rutherford Reunion

Rutherford reunion was held on May 9 at Seymour park with 65 relatives plus many friends attending. Relatives were: Mrs. Myrtle Jones, Seymour; John B. and Frances Chilcoat, Ronnie Gaye and Mike McLain, Benjamin; Charles and Jay Jones, David and Sheila, Vera; Charles and Sue Nall, Mike, Marilyn and Myrtle Shaw, Diane, El Paso; Mrs. Glennie Collier, Ann and Carolyn, Crowell; Dorothy Skipworth, Beverly, Brenda, Janella and Tonja, Vernon; Bob and Mary Bryant, Marilyn, Cathy and Debra, Sherry S. and some other girls were walking home; a dog chased Sherry; Freddie had to rescue her.

All the boys in the 5th grade wore motorcycle black jackets and formed "gangs."

In the 5th grade, Ella Ann and Delores wore dangling earrings to school.

Do You Remember?

Rickey gave Elaine, in the third grade, a valentine that said "I love you." She wouldn't pay any attention to him then; it took him 9 more years to get her attention. Boy, that's determination.

In the first grade, Delores and Evelyn were talking and Sandra Ellis was blamed. She got to sit in the little red chair.

Gayle and Ella Ann fought all the time. Now they're best of friends.

In the 5th grade, Freddie and Rickey, playing at Freddie's house, got hungry, went to the refrigerator, found a cake, and when Freddie cut a piece, it fell on the floor. They took it to the garage, and a dog helped them eat it. Rickey was ordered home.

Sandra Weatherred put white paint on her face to play sick.

Gayle used to faint.

Mr. Carroll gave 8th graders a spanking for looking out the window.

Girls in Mrs. Bounds' 4th grade room used to climb the bars in the rest room. Therefore, they were called "monkeys."

In the 6th grade, Donna, Elaine and Sherry Sandlin spent the night at Sandra Ellis' house. Donna liked Toye; Sherry S. liked Rickey; Elaine and Sandra E. liked Mike G. These three boys called the girls at 12 new year's eve night.

Otis S. gave Mary Sue a ring in the first grade. In the first grade, Betty Ann put Ken's shoes in the sticker patch. He had to walk barefoot to get them.

Delores and Sandra Patterson had a fight over Ronnie Clifton in the 8th grade. Otis S. gave Evelyn F. a Christmas gift in the 6th grade.

Betty Ann and Barbara Vessel had a fight over Ronnie Denton.

In the 1st grade, Freddie was left in the room alone with all the girls. He chased them and tried to kiss them all.

COMMUNICATIONS Your Tool for Progress

This coin telephone benefits you in TWO ways

First of all, it becomes a "friend in need" when a quick call is necessary... puts a telephone where you are and makes it available 24 hours a day. It is profitable to communities, too, providing new income when we are permitted to locate them on public property. There is an added advantage in some states where it can lower fire insurance rates because of the availability of prompt alarms. So the next time you see a coin telephone, consider it an example of convenience in Communications—Your Tool for Progress. You are invited to call our Business Office for information about income-producing booth locations.

Concerning the New Proposed Bond Issue for Crowell Independent School District.

The Crowell School Board is offering a bond issue of \$225,000.00 that is to serve two purposes:

1. Approximately \$60,000.00. to purchase needed school aids—to satisfy accreditation standards of Department of Education, State of Texas.

A. This entails in the main: new lighting, new desks, more adequate rest room facilities for grade school, more and better equipment for science department—storage facilities for teachers, help in library department and many other needed improvements that come under recommendations of State Department of Education to remove us from "warning" list of schools not meeting their standards. This would, in the main, meet our basic needs.

2. To build a new gymnasium, and band hall, with space for choral room.

In reality these two propositions overlap in that the above expenditures of \$60,000.00 does not include improvements to the existing band hall or needed expenditures for improvement of the old gym. To spend the necessary money to bring the old band hall and needed repairs to rest room facilities and some other improvements to the old gym would entail such a large expenditure that the board deemed it best to build a new gym.

The writer feels that the above program is well balanced, and is in line with other schools of our size, and with the savings to be made in our transportation department and others under consideration, the Crowell Independent School District will be placed on a current basis and be able to operate in the future in such manner. This proposed issue, carrying a 3 1/2% tax rate increase will retire the bonds in 15 years, saving around \$25,000.00 in interest over a 20-year issue. The bond market at this time is very strong and indications are that they can be sold at around a 3.50 rate.

Long-Run Solutions

Much greater efforts on the part of the federal government to reduce federal spending abroad and to make American industry more competitive in foreign markets through tax reduction and inflation control are advocated by the Council of State Chambers of Commerce as long-run solutions to the country's balance of payments problem.

LITTLE LEAGUE NEWS

by Marion Crowell

Opening Week Calendar: Monday, May 10, wet grounds and 57 degree weather . . . no parade . . . no games . . . and this was last chance on Terry Garret and the Wildcat band . . . youngsters couldn't understand . . . it never gets wet enough or cold enough to call off a baseball game!

Thursday night, May 13. Here we go with the Little League parade! No band, no PeeWees, nothing but Sheriff Bradford and his deputy, Charlie Moore, and cars, pickups and Little Leaguers . . . but it's a fine parade just the same . . . and we're getting the 1965 season under way.

Six o'clock: Here we go with the first game of the season, VFW versus Foard County Mill. Jon Coffey is umpire-in-chief again this year. A new boy in town, Buddy Whitson, Santa Fe employee, is calling first and second . . . and we pull Dan Mike Bird out of the concession stand to call third . . . we're under way!

Seven o'clock: Dark clouds are threatening . . . low enough to reach up and touch . . . it's sprinkling steadily.

"I believe it's stopped raining," Dink Russell and Linnie Sikes here Monday.

Rudy Magee of Crowell spent Sunday with Jim Tom Smith.

J. T. Tamplin and J. R. Jones of Vernon visited Mr. and Mrs. Will Tamplin Sunday evening.

Mrs. W. S. Carter Sr. is home after a week's visit in Dallas with her daughter, Edith.

ing," insisted several Little Leaguers (every few minutes) . . . "I believe it has too, boys," I assured them . . . and then it started happening. Pow-w-w! Out went one of the light bulbs . . . and then another . . . and then the sound system quit . . . (the glass tubes in the amplifier had cracked) . . .

"I'll call the game for 15 minutes," shouted Jon Coffey . . . and that's the last thing I heard as the deluge started, and everyone ran for cover, arriving home completely soaked but with one game under the wire, but with one game still rained out.

Friday night, May 15, 6 p. m.: The Farmers Elevator-Crowell State Bank game rolls off smoothly and next year's seniors get the concession stand rolling.

8 p. m.: Mike Weathered gives the Little League Pledge, Bill Erwin does a fine job with the invocation. We make a belated presentation of a new baseball to our champion ribbon salesman of the year, Buff Nelson; VFW and Foard County Mill play a ball game, Zella Blackburn and Joyce Bachman pass the money-jugs; now we're rolling . . . now we're rolling . . . the first week of 1965 Little League is now history!

If we gave a most valuable player award for the first week, Bill Lynch would hafta receive it, as he hit six-for-seven for the week (two home runs, three doubles, one single, driving in 13 runs, besides doing a creditable pitching job and fielding his position faultlessly) . . . wow, what a fantastic week for this little man!

Weren't you impressed by the play of a bunch of our new men, the 10-year-olds? Remember the great stop of a hot grounder by Jackie Young? Johnny Urquiza emerging with the ball behind first base? Rocky Bachman's hustle at all times? Rex Driver and David Stapp's basehits in their first Lit-

le League game? And "walkin' Bob" Gillespie's seven straight walks? It seems that I'm always saying this at the start of each season, but it looks like the teams are well balanced this year. Everyone should win some ball games!

Approximately four more pounds of meat per person will be consumed in the United States this year than last.

This will bring the per capita consumption of red meat to 173 pounds—a record high, says Mrs. Gwen Clyatt, Texas A&M Extension consumer marketing specialist.

Virtually all of the nationwide increase will be in beef and veal, which have been in especially good supply and at reasonable prices, U. S. Department of Agriculture researchers have indicated. The availability of supply is expected to continue throughout 1965.

Homemakers who are looking for tasty, economical ways of using beef will do well to consider the round, says Mrs. Clyatt. Round steaks have gone modern and have taken on a new look.

Many markets offer for sale, in addition to whole round steaks, portions of the round. There are some advantages to these cuts. Some of the misunderstanding or abuse in preparation may be eliminated, since the shopper can now purchase that part of the round for a specific use.

The whole round steak is full of flavor. However, it is not tender enough to broil, and should be cooked in a covered skillet at low heat.

The top muscle in the cut of round is the most tender. It can be broiled, braised, chicken fried or roasted. The bottom round, an outside cut, usually has a lower price tag than the top round.

Per Capita Meat Consumption Expected to Increase in 1965

The bottom round makes pot roasts when cut in thick slices and may be carved across the grain. There are two other muscles in a cut of round steak. A visit to the meat counter will reveal the method of cutting round used by the store where you trade.
