**LITTLE LEAGUE NEWS**

by Marion Crowell

Those Amazing V. F. W. Veterans . . . they, like old man river (and Felix Castaneda!) just keep rolling along. A team with several weaknesses, it still has three "super-hosses": Bill Lynch, Ken Sellers and Jessie Barrera, and, as demonstrated last week, even though you beat them in one game, they'll come back in the next one. Baylow Weathered seems to have the key for success in three words: "keep 'em relaxed!"

Here and There: Ace Whitley, an ex-pitcher himself, has agreed to show would-be PeeWee pitchers proper stance and delivery . . . Kenny Abbott is the spittin' image of Chunk Setliff at the same age . . . Bill Erwin had rough luck last week (missed both games due to an ear infection) . . . Rex Driver will miss the next two or three by being out of town . . . Lee J. Whitley, a guy who doesn't like to walk, got free transportation four straight times last Friday night . . . I never stop being amazed at the potential of ten-year-old catcher, Rocky Bachman (he loves that action!) . . . No home runs in last Friday night's games (a pitcher's night, no less) . . . Jessie Barrera, while being intentionally walked last Tuesday night, reached far out over the plate with his long arms . . . hit

the ball a mile for a three-run homer . . . a weird play in the Friday game: David Myers hit what seemed, at first glance, to be a foul ball . . . it hit outside the chalk mark, then crawled back to the chalk where it was fielded by Frog Smith for an unassisted put-out.

Do you realize that, at the end of this week, our season will be two-thirds through? (Only one double round robin remains) . . . Little League Field looked real good last Friday night . . . I don't believe I've ever seen it looking better. This I Like: Bill Taylor says that he and his mother race each other each week for The Foard County News (to read this column!) . . . Final thought: one reflector plus the bulb costs \$18.00 . . . we need 28 for our field . . . would your Dad or Granddad buy one unit?

**Thoughts on the Poverty Program**

"There are 47 million families in the United States. One fifth or 9.3 million of these families have an income of less than \$3,000 a year and are classified as living in poverty. Federal, state and local welfare programs total \$44 billion which, if divided without all the bureaucratic strings attached, could be apportioned so that each family now making less than \$3,000 could have \$4,400. But then how would we support all those unemployed bureaucrats? There are undoubtedly many good things about the poverty program and if we ever wake up in a positive mood, we may recall some of them."—Corvallis, Ore., Gazette-Times.

### V. F. W. Retains Lead in Little League Play

V. F. W. split its two-game series with Farmers Elevator last week, thus maintaining a narrow lead over the field. Crowell State Bank, by sweeping its two-game series with Foard County Mill, pulled into second place.

League standings are as follows:

	W	L	Pct.
V. F. W.	7	3	.700
Crowell State Bank	6	3	.667
Farmers Elevator	5	4	.556
Foard County Mill	1	9	.100

Details of last week's games are as follows:

Tuesday, June 8, 6 p. m.: Crowell State Bank 7, Foard County Mill 5. The Braves won a squeaker over the big hearted Cardinals, as the Cards outhit the Braves, three hits to two, but ten walks and five errors by the Mill team helped run up the Bank score.

Jackie Thomas and Buff Nelson got the only hits for Crowell State Bank; for Foard County Mill, Ishmael Santos and Bob Burkett each singled; Ronny Naylor doubled; and Danny Naylor hit a home run. Bank pitchers Buff Nelson and Frog Smith issued only three walks, but walks and errors in the late innings made the game very close.

Tuesday, June 8, 8 p. m.: Farmers Elevator 15, VFW 5. A fine ball game for four innings, this one blew wide open in the fifth, an inning that saw the Yankees score ten runs before making an out. In the zaniest inning of the current season, nine men were walked, two errors committed in the field by VFW, and it was all climaxed by a home run by Junior Urquizo.

Junior Urquizo hit three-for-four and scored four runs; Johnny Urquizo hit two-for-three, and Mike Weathered and Larry Bursley each came through with one hit.

For VFW, Ken Sellers led the hitters with a three-for-three performance; Bill Lynch hit one-for-one; Jessie Barrera hit a home run in the third; and Ernest Barrera and Felix Castenada each singled. David Stapp came up with an unassisted double play in the fourth inning, and Junior Urquizo made a sensational catch in the second.

Friday, June 11, 6 p. m.: VFW 2, Farmers Elevator 1. Bill Lynch went into orbit in the last half of the final inning, stretched his double into an inside-the-park home run, to break up the finest ball game of the season. Lynch also scored the other Vet run in the second frame after doubling to start the inning. Only other hits for the Vets were singles by Ken Sellers and Ernest Barrera.

For Farmers Elevator, Mike Weathered scored its one run after doubling in the third. Junior Urquizo hit two-for-four for the only other hits. Vet pitchers Lynch and Barrera struck out fourteen, walked seven.

Yankee pitchers Whitley and Urquizo struck out seven, walked only two. Urquizo's great play in the fourth kept Ken Sellers from scoring another run.

June 11, 8 p. m.: Crowell State Bank 9, Foard County Mill 2. The Braves scored three in the second inning, one in the third, two in the fourth and added three more in the fifth to coast to an easy victory. Foard County Mill hitters picked up four hits to tie the Braves in this department, but Cardinal walks and errors kept the Braves scoring.

Danny Naylor, Rocky Bachman, Ronny Naylor and Jackie Blackburn each garnered one hit for the Cardinals, while Rex Driver, Jackie Thomas, Frog Smith and Billy Hollenbaugh did the same for the Braves.

Mill pitchers Danny Naylor and Kenny Abbott issued five walks and struck out eight. Bank pitchers Buff Nelson and Frog Smith issued only three walks, striking out six.

In this week's games, VFW plays Crowell State Bank and Foard County Mill contests Farmers Elevator. This week's play winds up the second round of play.

In the first PeeWee game of the season on last Thursday night, the Rattlesnakes nosed out the Tigers by an 8-7 score, with Philip Bell, Jack Whitley and Lane Simmons doing the heavy hitting.

## LIBRARY NEWS

Library patrons at the Foard County Library are invited to look over the new bulletin board and the notebook of reviews for summer reading ideas. The notebook has a typed list, sorted into adult, teen, junior and children's books, of all books added to the library in 1964.

It also includes newspaper and magazine reviews of some of the books in the library. The recent Reader's Digest review of "Markings" by Dag Hammarskjold is included. This book is now in the Foard County Library.

Young readers who like horse and dog stories will find that Mrs. Brock is identifying these books with either a horse or dog picture on the book spine.

The Will James favorite, "Smoky, the Cowhorse," is only one of several Will James horse books in the library. Anyone with a boy, or girl, who says he doesn't like to read should introduce them to "Smoky." "I read it so many times I almost memorized it," is often said of this book. It is the story of a colt caught and trained by a cowboy and never fails to hold the interest of anyone who begins it.

"Justin Morgan Had a Horse" by Marguerite Henry is a book that fourth and fifth graders will enjoy. She is also the author of "Misty of Chincoteague," which is available on the horse and dog shelf in the junior section.

"Silver Chief" and "Return of Silver Chief" are two books about an Eskimo husky dog which young readers always like.

"Tiger Burning Bright" is reviewed in the review notebook. It is a 1965 addition which girls will especially like. Set in the India of 100 years ago, it tells about an American teen-ager crossing India during a period of rebellion against the British rule, and her final arrival to safety.

### Former Pastor Here and His Wife Observe 50th Anniversary

The children of Rev. and Mrs. W. B. Hicks of Wichita Falls honored their parents last Sunday with a reception on the occasion of their fiftieth wedding anniversary.

Rev. and Mrs. Hicks and family are former Crowell residents during which time he was pastor of the Crowell Methodist Church. Drusilla A. Knight and William Brayce Hicks were married in the home of the bride's parents, Mr. and Mrs. John Knight at Canyon on June 17, 1915. The groom's father, Rev. J. T. Hicks, officiated.

Rev. and Mrs. W. B. Hicks have served a number of Methodist Churches in the Northwest Texas and North Texas Conference over a period of 46 years before retirement.

Rev. Hicks' 93-year-old mother from Abilene and many other relatives and friends, including six grandchildren and three great grandchildren, attended the celebration.

The couple have five children: James K. Hicks of Spearman, Mrs. Marguerite Heller, W. B. Hicks Jr., Mrs. E. F. Cokrell and Mrs. Jay Ashlock, Wichita Falls.

Rev. and Mrs. Hicks reside at 3119 Northeast Drive in Wichita Falls.

### All Had Fish and License . . . Almost

When Game Warden John Gerganess of the Texas Parks and Wildlife Department checked the new Navarro Mills Reservoir near Corsicana recently, he was happy to find anglers with fishing licenses. Well, almost.

He checked 123 boats in one day, each with at least two occupants. Seventy-five per cent of the boats had from three to nine bass, each weighing from two to five pounds.

Everyone had fish. And out of more than 300 anglers, one person had no license.

### Texas Joins Special Fall Teal Season

Texas will participate in a special nine-day experimental teal hunting season this year, according to J. Weldon Watson, executive director of the Texas Parks and Wildlife Department.

This state-wide season will be conducted to evaluate the effects of an increased harvest on teal which normally pass through Texas as prior to the opening of the waterfowl hunting season.

The season will be open to hunters holding a "teal hunting permit" and the Texas Parks and Wildlife Commission has set the period of September 4 through 12 as the dates for this experimental season. The daily bag limit will be 4 teal with a possession limit of 8. The number of permits will be unlimited and will be issued upon application to the Parks and Wildlife Department, John H. Reagan Building, Austin, Texas, during the period from June 25 through August 2. Applications cannot be accepted after August 2.

Each hunter participating in this special season will be required to have the regular Texas hunting license and Federal duck stamp in addition to the "teal hunting permit."

Watson pointed out that the primary purpose of this season will be to determine if teal can stand the additional hunting pressure, to study the effects of the hunt on other ducks and to collect information concerning the hunters' ability to identify various waterfowl.

Identification of the teal will be absolutely necessary as the season on other waterfowl will be closed and possession of other species will be considered a violation of the law.

### Info Agent Pleads for Tree Spree

Please bear with a hard-working information and education agent for the Texas Parks and Wildlife Department. Bear with the chap who informs the folks of their rights and privileges as a fisherman, camper, hunter and so forth. Now just bear with the man over his frustrations.

It is, if he could only inspire all the people whom he helps, who read and benefit from his counseling gems; all of those people, to do just one thing.

If he could only prevail upon the groups alone, to plant one beneficial tree, he would have clinched his goal of aiding wildlife.

Because wildlife biologists are usually in accord that the oak, of many species, is the most important tree to wildlife, taking into consideration the birds, mammals and furbearers; and since oaks produce mast, browse and habitat for roosting, nesting and escape, they should be conserved.

There are other important trees also, and outdoorsmen could utilize such species as mulberry, locust, elm, dogwood, hawthorn, pecan and the important yupon to supply many requirements of both large and small wildlife types.

Almost all the fruit and berry-producing trees aid wildlife and a concerted effort by organized groups will get the job done!

The man's name is Will Ray Long. His address is Regional Office, Texas Parks and Wildlife Department, 530 South Beckham, Tyler, Texas.

### Belts for Boaters or Take a Tag, Suh!

One law in Texas advises against driving over a certain speed. It's to save lives. Another law says that each boat occupant must have a life jacket. Obviously to save lives. Game Warden Sammy Brown says he has determined that not all are interested in the latter law.

During one week, Brown issued ten citations to court to forgetful or careless anglers and boaters on Lake Texoma who ventured out on the deep waters without enough life jackets to supply each boat occupant.

### IRS Announces Dates for Examination

Ellis Campbell Jr., Dallas district director of the Internal Revenue Service, announced this week that application forms and other informational materials are now available for the 1965 Special Enrollment Examination. Requests for these materials should be sent to R. R. Bishop, Examination Coordinator, P. O. Box 594, Dallas, Texas 75221.

This exam is for persons, other than attorneys and certified public accountants, who wish to take qualifying examinations for practice before the Internal Revenue Service.

Completed applications must be mailed not later than August 31, 1965, to the Director of Practice, U. S. Treasury Department, 1875 Connecticut Avenue, N. W., Washington, D. C. 20009. A fee of \$25.00, payable to the Treasurer of the United States, must accompany the application.

The 1965 special enrollment exams will be given in the Dallas district office on Sept. 23 and 24, 1965.

Old Buildings at Fort Richardson by E. M. Schiwetz

**FORT RICHARDSON**

... a long time between paydays!

Across the western face of Texas, the brooding ruins of forts . . . here and there a restored barracks or hospital bring back a bloody page in history. A history that tells of marauding redskins thundering southward from Indian Territory, killing in their wake, pushing on to the Mexican border. A history that tells too of the hard and lonely life of the U.S. Army troopers who manned these strategic forts.

Fort Richardson, near Jacksboro, was one of the more important of these outposts. Here Kiowa Chieftains Satanta and Big Tree were incarcerated before their trial for a bloody massacre. But life in all frontier posts was much the same . . . best expressed by the soldiers themselves, "a long time between paydays."

### BUT IT ISN'T SO FAR BETWEEN PAYDAYS NOW . . . with U. S. Savings Bonds!

Today, there can also be a long time between paydays for those who have not established the thrift habit. But through the U. S. Savings Bonds program you can take care of this situation quickly and effectively.

For example, with as little as 63¢ a day you can buy an \$18.75 Savings Bond every month. Keep this up for 40 months and you'll own a stack of Bonds worth \$1,000, at maturity, which cost you only \$750 in easy installments.

Buy U. S. Savings Bonds every payday automatically through the payroll savings plan.

**THIRTY YEARS AGO**

News items below were taken from the Thursday, June 13, 1935, issue of The Foard County News:

Henry Black is teaching Spanish and American History in the Demonstration High School of the Sul Ross State Teachers College at Alpine.

Thirty-three Foard County citizens have qualified as notaries public for the next two years.

Mr. and Mrs. T. B. Klepper and son, Billy, left last Friday for Galveston to attend the annual convention of the Texas Press Association.

About 2,200 additional men are to be recruited for the U. S. Field Artillery School at Fort Sill, Okla.

Work of tearing down the Ayersville school was started Monday by C. W. A. workers under the supervision of Chas. Blevins, president of the board of trustees for the school district resulting from the consolidation of Ayersville with West Rayland, which was authorized by voters of the two districts May 8.

Those who do not wish to risk having their dogs killed should see that they are properly tagged. Orders have been given to kill all dogs running at large that are not tagged and several have already been shot. The bite of a mad dog cost the life of a Vernon child last week and several other people of that town have recently been victims of mad dog bites.

Ray Nichols of Vernon, president of the West Texas Chamber of Commerce, Senators Tom Connally and Morris Sheppard and Rep. W. D. McFarlane, all of Texas, appeared before the Relief Administration at Washington last Saturday and asked that body to study a proposed \$3,475,000 irrigation and flood control project on Pease River.

All bids received last Saturday for construction of the new school building in Vivian were rejected by the school board of the Vivian Common School District. Plans for the building have been revised and an advertisement for bids appears elsewhere in this paper.

Schools in Foard County, with the exception of Crowell and Thalia, were classified Saturday afternoon at the meeting of the county school board in Crowell. A number of trustees were also appointed.

Exactly one inch of rain has been recorded at Crowell during the past week, bringing the total since May 1 to 10.81 inches.

It is now a misdemeanor for any person owning or having control of domestic livestock to permit it to roam at large unattended on the right-of-way of a state highway where same is enclosed by fences on both sides, as a result of a bill passed at the last session of the Legislature.

Mrs. Shelby Wallace of Thalia is in the Crowell hospital for treatment.

Mrs. Henry Borehardt, Miss Ira Pearl Saunders and Miss Lottie Russell attended the annual convention of the Texas Federation of Business and Professional Women's Clubs at Mineral Wells last Tuesday as delegates from the local club.

**Tax Man Sam Sez**

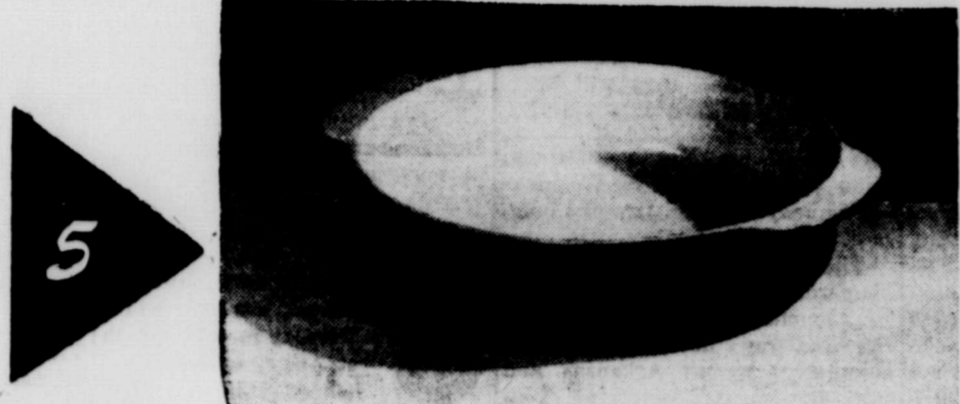

Internal Revenue Service often gets a question, "What do you do after April 15?" The good folks at Internal Revenue collect a lot of other taxes besides income taxes. There are excise taxes on jewelry, automobiles and many other things. These taxes are not paid on April 15 but are paid by the manufacturer or the place of business on a quarterly basis. The income tax may be the big tax, and the most talked-about tax, but the tax folks work on hundreds of other taxes throughout the year. The tax calendar is loaded with filing dates and of course the tax returns have to be processed after they come in.
