Three Foard County Youth to Attend Crime Conference

Three Foard County youth have been designated by Attorney General Waggoner Carr as delegates to the third annual Attorney General's Youth Conference on August 20-22 in Austin. The conference will attract over 100 outstanding youth to study projects for the prevention of juvenile delinquency in Texas communities. Many programs have already begun as a result of the two conferences, including youth juries, programs for tutoring students to prevent dropouts and various other community service projects. Civic clubs, churches, other organizations and interested individuals sponsor delegates to the conference. Delegates are selected on the basis of community citizenship and leadership. The conference consists of general assembly meetings and three seminars concerning church and youth, local youth conferences, and job opportunities for youth. Foard County delegate registration is complete. Foard County delegates are:

Marilyn Louise Cates, daughter of Mr. and Mrs. Bill Cates, is vice president of the Junior Columbian Club and junior class secretary at Crowell High School. She is also annual editor. The Crowell Rotary Club is sponsoring her to the Youth Conference. Kathy Ann Eubank, daughter of Mr. and Mrs. J. B. Eubank of Truscott, is Library Club president at Crowell High School. The Crowell State Bank is her sponsor to the conference. Karen Adele Shirley, daughter of Mr. and Mrs. Ray Shirley of Crowell, is a drum major in the Crowell High School Band. She is also a Student Council member. The Crowell Lions Club is sponsoring her to the conference.

Fred Hankins, pastor, extends an invitation to everyone to attend.

Fire Damages Car Friday Afternoon

An automobile fire shortly after noon Friday on US 70 near the El Mesquite Motel burned the wiring from a car driven by an out-of-town family. The blaze was extinguished by the Crowell Volunteer Fire Department.

Front Tuesday Night Brings Cooler Weather

Temporary relief from the extremely hot weather of the past month came to Foard County Tuesday night as a cool front moved through from the northwest. Although heavy clouds covered the area early Wednesday, no rain fell here.

West Texas U. Co. Extended Street Lighting Services

As an additional service to the communities, towns and cities it serves, West Texas Utilities Company has extended its street lighting services. The new street lighting schedules provide for mercury-vapor street lights in ratings of 8,000 lumen, 21,500 lumen and 43,000 lumen (two lights per pole). Mercury-vapor lamps, Cecil Davis, local manager said, are more efficient than incandescent lamps and are considered by authorities as the desirable primary source of illumination for modern street lighting. This new service is designed to help communities improve the quality of their street lighting. He said, "That the cost of new mercury-vapor street lights on either conventional wood poles or standard steel poles is low and compares very favorably with rates of other Texas companies." Mr. Davis pointed out that this new street lighting service would be extended to all towns and communities the company serves. The company is eager to assist the progressive, "up-and-coming" communities it serves in having and maintaining good street lighting.

Six Foard County 4-Hers to Attend Leadership Lab

Six Foard County 4-H Club members have been chosen to attend the state Junior Leadership Training Laboratory at Lake Brownwood, August 2-7, it was announced by county extension agents Joseph E. Burkett and Mrs. Virginia Ilseng.

The representatives are Jon Ann Carter, Harriet Halbert, Charlotte Drabek, Joe Mike Fish, Edward Mechell Jr., and Joe Ray Burkett.

The leadership lab, one of the nation's outstanding youth training programs, has been sponsored in Texas for 16 years by United Gas in cooperation with the Agricultural Extension Service. It is directed by extension service personnel and is a part of the state junior leadership program sponsored by the company. During the 16-year period, the company has awarded more than 2,000 expense-paid trips to Texas 4-H Club members.

Jon Ann Carter, 15-year-old daughter of Mr. and Mrs. Loraine Carter of Crowell, is a 10th grade student at Crowell High School and has been active in the 4-H Club for the past six years. Secretary for Foard County Junior Leaders, Jon Ann is a delegate to the county council and has been county song leader for two years. She won first place in the county and district junior dress revues and a blue ribbon at the statewide favorite foods contest. Last year, Jon Ann took first place in the senior dress revue.

Fourteen-year-old Harriet Halbert, daughter of Mr. and Mrs. Kenneth Halbert of Crowell, has been a 4-H Club member for four years and has held a number of offices in her local club as well as county and district councils. Harriet won the dress revue award in 1963, the clothing and 4-H pin awards in 1964, and the food-nutrition award this year.

Tenth-grade student Charlotte Drabek, 16, is the daughter of Mr. and Mrs. Charles Drabek of Crowell. A member of the 4-H Club for the past seven years, Charlotte is a past president of her local club, a former delegate to both the county and district councils and also a former county council secretary. She has won the canning award, clothing, gardening and dress revue awards and, this past year, won the leadership award.

Edward Mechell Jr., whose parents live near Margaret, is in the 10th grade at Crowell High School and has been a 4-H Club member for six years. A Gold Star boy, Edward hopes for a career in electrical engineering and has won ribbons and awards in the electrical field since 1960. He has also won the achievement medal, the agricultural medal and the field crops medal. He has served on the community improvement committee of his local club and been a delegate to district camp.

Also from Crowell is Joe Ray Burkett, 15-year-old son of Mr. and Mrs. Joe Burkett. A freshman at Crowell High School, Joe Ray has been in 4-H Club work for five years, serving as secretary, vice president and reporter of his local club and as delegate to county and district councils. A Gold Star boy, Joe Ray has also received the leadership, achievement, dairy, safety and rural youth awards.

Joe Mike Fish, son of Mr. and Mrs. Harold Fish of the Vivian community, is a 15-year-old freshman at Crowell High School and a member of the 4-H Club for the past seven years. He has completed a number of projects with 4-H and also has served as secretary and president of his local club.

August 1-8 Are Dates for Revival at West Side Church of Christ

Knox City Wins 2-0 Over Local Little Leaguers

In first-round Little League playoff action here last Thursday night, Knox City squeezed past Crowell's All-Stars by a 2-0 score, as big Charlie Lieb of Knox City hooked up with Jessie Barrera in a pitching duel that left an estimated five hundred spectators limp with excitement at the finish of the contest.

It was a game wherein it seemed regrettable that either pitcher should be defeated. Not an earned run crossed the plate. Lieb allowed only one hit, a single by Crowell's sparkplug, Junior Urquiza, in the first inning. Barrera allowed two hits, singles by Sam Tankersley and Gary Wilcox, neither of which actually figured in the scoring. Lieb struck out eleven Crowell batters; Barrera struck out twelve Knox Stars; Lieb walked only one Crowell batter, Buff Nelson, who eventually died on third; Barrera issued free transportation to six, one of which forced in a run after an error had allowed the first run of the ball game. Barrera also figured in the most sensational catch of the game, as he hauled in Danny Reynolds' line drive in the fourth. This game ends the season for the local Little Leaguers. Knox City advances into a four-team tournament to decide a district champion, the tourney to be played this week end.

Thalia Residents Involved in Car Wreck Thursday

A two-vehicle collision near Thalia early last Thursday morning caused injuries to two Thalia residents. Mrs. O. C. Holland, driving a late-model Volkswagen, struck the rear of the pickup driven by Ben Hogan as both vehicles were traveling west on US 70. The impact threw Mrs. Holland's vehicle into a field beside the highway, and heavily damaged the vehicles. Both Mrs. Holland and Mr. Hogan were hospitalized following the accident.

Scooter-Car Wreck Last Wednesday Injures Young Man

A motor scooter-automobile collision occurred on North Main Street Wednesday morning of last week, and Roy Lee Aydelott, driver of the scooter, suffered a fractured arm in the mishap. He was dismissed from the hospital following treatment. Clayton Green was driver of the automobile involved.

Committees Named for August 6 Visit of Bloodmobile

The eighth visit of the Red Cross Bloodmobile is scheduled for Crowell on Friday, August 6, according to information received from headquarters in Wichita Falls.

Mrs. Marion Crowell, local drive chairman, announced the following committees for this blood drive:

Crowell: Mmes. R. P. Gidney, Walter Stapp, Elton Carroll, James Sandlin, W. F. Bradford, Houston Adkins, Henry Borchardt and R. C. McCard.

Thalia: Mmes. Robert Hammonds, Cecil Carpenter, Billy D. Scott and Billy Johnson.

Rayland-Riverside: Mrs. Monroe Karcher and Mrs. Grover Moore.

Foard City: Mrs. Grady Halbert and Mrs. C. N. Barker.

Vivian: Mrs. Duane Johnson, Mrs. John Fish and Mrs. Ernest Boren.

Margaret: Mrs. Ray Hysinger and Mrs. Crews Cooper.

Black community: Mrs. Lewis Painter and Mrs. Jim Davis.

The Bloodmobile will set up in the local community center building and will process donors between the hours of 12 noon and 6 p. m. This processing will be made under the guidance of a medical doctor and a registered nurse. Thirty-eight pints of blood were collected last February when the Bloodmobile visited Crowell. Many more came and wanted to donate, but were unable to on account of colds or other winter-time illnesses. Officials of the Red Cross are hopeful that a large number will respond to the plea for blood and do their part when the Bloodmobile makes its semi-annual visit to Crowell on August 6.

Ferry Tale About the Highway Department

This is a ferry tale about the Texas Highway Department.

Ferries? The Highway Department?

That's right. The Texas Highway Department operates three ferries on the Gulf Coast between Galveston and Port Bolivar.

Altogether, the three ferries carry about 700,000 vehicles and 2,000,000 passengers every year. Each of the double-end ferries can carry 52 vehicles and 400 passengers.

They are powered by two super-charged diesel engines, each of 565 horsepower, which drive powerful generators, which in turn, supply the power for a main propeller shaft. This propeller shaft goes through the vessel from end to end and there is a propeller on each end. When the vessel is underway, one propeller is pushing and the other is pulling. They move at an average speed of 12 knots.

The ferries have been operated by the state since 1950, and there hasn't been a serious accident since that time. There are 415 adult life preservers and 42 for children on each boat. Each watch has one captain, who must hold both a master's and pilot's license. Each captain holds fire and lifeboat drills at least once a week.

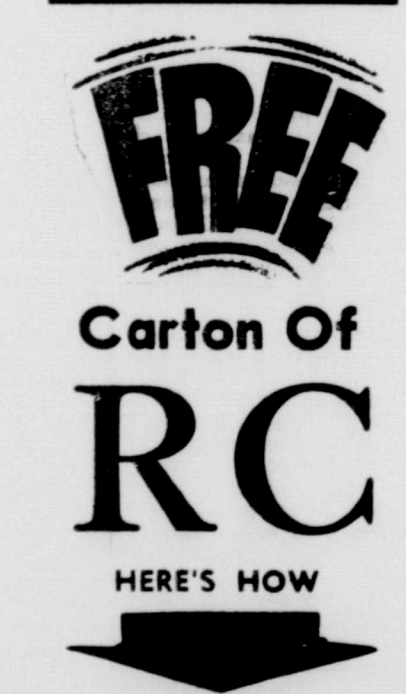

Once a month crews drill on the actual launching and handling, under oars, of the lifeboats. Shipboard radar keeps the ferries operating even in the densest fog.

The ferries are named for former Texas Highway Commissioners: the Cone Johnson, the E. H. Thornton Jr., and the R. S. Sterling.

Only last summer the Texas Highway Department built a modern new landing at Port Bolivar. It is complete with an electric-powered generator set, which provides power for the landing lights and the electric motors to operate the hydraulic system.

People Who Live in Glass Houses Should Not Throw Stones

People who live in glass houses shouldn't throw stones, as the old adage tells us. And, according to the American Medical Association, they should also be aware that it's necessary to slide open the glass door before walking briskly through it to the patio. An estimated 40,000 persons each year try to walk through glass doors, glass walls and picture windows. Almost 6,000 are injured so severely that they wind up in the hospital and some even die from the severe cuts and loss of blood.

Popular Misconception About State Highway Department

None of the Texas Highway Department's 15,000 employees has ever arrested a person. Given a ticket for speeding. Shot it out with robbers.

Yet a majority of Texans seem to think they have.

Try as it will, the Highway Department can't seem to convince Texans that it has nothing to do with law enforcement.

Rather quietly, the Highway Department since 1917 has done nothing but plan, build, and maintain Texas highways. It has achieved 66,000 miles of them now.

It doesn't patrol them. It just keeps them in good shape for safe, pleasant driving. Its accomplishments are many.

Who does patrol the highways? The Texas Department of Public Safety.

While the Texas Highway Department and the Department of Public Safety are autonomous agencies of the state, completely independent of one another, both are united in a common goal: The safety of folk who travel on public highways.

The Highway Department does it by designing and building the nation's foremost highways. The Department of Public Safety does it through enforcement of traffic laws.

Nevertheless, as custodians of "Mobility: Your Fifth Freedom," Highway Department people would just as soon you didn't refer to them as "the fuzz," if you please.

Labor Required for Texas Beef

How many hours do you spend annually caring for your beef cows? This information should be helpful in determining how to better use your labor next year, says Joe Burkett, County Agent.

Operators who have other enterprises competing with their beef program for labor, and those that work off the farm or ranch will be especially interested in knowing how much time they spend with their cows, he says.

A recent USDA report indicates that about 12 hours of labor were required annually per cow on beef operations in Texas. This amounts to about 3.6 hours per 100 pounds of beef produced.

The hours required per cow will vary on each operation depending on management, and other factors on production. Texas studies indicate that 18 hours per cow annually are needed on the Blackland farms of the state, 14 hours on Grand Prairie farms, just over 18 hours on the Northeast Texas farms, and some West Texas ranches indicate labor requirements of about 10 hours.

Most Difficult and Complex Problem

Former Secretary of State Christian Herter, who is now our Special Representative for Trade Negotiations, says "The most difficult and complex of the problems that face us is that of trade in agricultural products. . . . Agriculture and industry are interwoven at every point in our economy. Farmers buy a great many of your products, and farmers are more dependent upon export markets than any other major segment of the American producers. The crops on one out of every five acres cultivated here are shipped abroad. Farmers derive 15 per cent of their income from exports—whereas the United States as a whole exports only 3.8 per cent of its gross national product. Moreover, total farm exports, running at \$5.6 billion a year, amount to 27 per cent of our exports as a whole."

Automation Gets Another Definition

"Automation has been called many things, from the prime mover of civilization to job scourge, but a University of Pennsylvania professor has added another euphemism to its collection. It is, says Dr. James Charlesworth, a generator of barren boredom. Perhaps utopia has indeed arrived when political scientists fret over the effects of too much leisure on the public, but the fact remains Americans and members of other advanced societies have given the appearance in recent years of children lost in a department store toy department."—Norwalk, Conn., Hour.

Total Road Service

The goal of the Texas Highway Department is "total road service to all the people, favoring none." This is exemplified by the balanced highway program.

Blessings That Come From Respecting Private Property

"The Northwood Times, a student paper of the Northwood Institute, Midland, Mich., has the following quote from Dr. V. Orval Watts: 'I know of only one other school which makes this kind of determined effort to have the whole faculty teaching free enterprise in an organized integrated program as we have it. Teaching today has become collectivistic in public schools and universities because the institutions are necessarily organized and operated on statist, bureaucratic lines,' Dr. Watts used to be a socialist, he used to teach in bureaucratic schools. He's even been through the indoctrination at Harvard. When he began to read the philosophers of the ages, he saw the error in his own thinking and he is now trying to get people to understand the blessings that come from respecting private property.'"

—Marysville, Calif., Appeal-Democrat.

22 Urban Areas

Texas has more metropolitan centers of 50,000 or more population than any other state in the country—22 urban areas. The Texas Highway Department now is engaged in transportation studies in each of these urban areas to meet traffic needs of even 20 or 30 years from now. These include studies designed to analyze land use, population trends, traffic flow, economic impact and other vital highway and urban information.

Spent for Construction

Sixty-three per cent of highway funds are spent for construction among all the states; in Texas, 78 per cent goes for construction (five-year average 1958-63). The national average cost for highway maintenance is approximately 25 per cent, in Texas 15 per cent.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT NUMBER TWO TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. HOUSE JOINT RESOLUTION NO. 5 proposing an Amendment to Section 49-b, Article III of the Constitution of Texas so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in financial affairs. One (1) citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund. Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for

Since 1913—The Only Texas Agricultural Organization of Its Kind in Texas

For over fifty years, the Texas Good Roads Association has led the fight for highway progress in Texas . . . helping establish the first State Highway office, centralizing control of the system, fighting off unsound financing schemes, and combatting efforts to divert tax revenues paid by highway users away from highway purposes.

Texas from all walks of life belong to TGRA because highways are the lifeline of our state's progress and prosperity and, since 1913, TGRA has been the only citizens organization working for highway progress.

TGRA serves an invaluable purpose in making certain that highway users get a dollar's worth of road for every tax dollar paid. TGRA is on the job, working to stop any movement which would take tax dollars out of the highway fund for other spending projects and thus slow down or stall Texas highway progress.

Non-profit and non-political, TGRA works unselfishly for Texans—that is why leaders in so many communities take special pride in their Texas Good Roads Association membership.

It's Best to Close the Subject

"Few of us ever have folding money in our pockets long enough to become very acquainted with it. . . . But there's a fellow in Miami, Fla., who has complained to his congressman about the \$10 bill. He thinks the obsolete car in the picture on the back gives America a bad image and certainly does not convey the idea of progress which this nation is so proud of. . . . However, as one Treasury spokesman commented, the out-of-date ten-spot is 'a symbol of the stability of the American economy.' On that controversial note, perhaps it is best to close the subject."—York, Nebr., News-Times.

moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the portion thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for governmental purposes, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Board shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to

shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds heretofore issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reserved to the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling law in anticipation of this Amendment, no such law shall be void for reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption.

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$200,000,000; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law; and provided by law; and

"AGAINST the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$200,000,000; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law; and provided by law.

If it appears from the returns of said election that a majority of the voters cast were in favor of same, the same shall become a part of the State Constitution and be effective from the date set for its adoption, and the Governor shall issue a proclamation in keeping therewith.

Section 3. The Governor of the State of Texas shall cause the necessary proclamation for said election to be published and have the same published as required by the Constitution and Laws of this state.

LITTLE LEAGUE NEWS

by Marion Crowell

"What a shame that either pitcher had to lose this ball game" . . . "except for an error or two the kids would still be playing" . . . That's the opinions you hear on every hand.

It was truly a fine inter-city contest and a great demonstration by two excellent pitchers. Big Charlie Lieb had a little the best of it, but (and this is a real accomplishment), Jessie Barrera held him (Charlie Lieb) hitless, and the big hurler had hit twelve home runs for Knox City this past season!

Everything went off mighty smoothly. Our field was never in better condition. Knox City people complimented our field highly as they admired the handiwork of Richard Blackburn, Ace Whitley, Baylor Weatherhead, J. W. Whitley, Charlie Branch, Mike Bird, Cecil Carroll, Gary Eddy, Terry Bird and others.

Umpiring was excellent, thanks all of Wichita Falls, Bobbie and Buster of the home. They also have 18 grandchildren.

to our own Houston Adkins and Buster Borchardt and to Knox City's Eddy Shaver and Alton Fitzgerald. (A slip-up in arrangements failed to assign us neutral umpires, but it worked out fine.)

Sportsmanship was tops, from Brother McCord's invocation through Mike Bird's presentation of trophies, as each town gave out with good-natured razzing of opposing fans.

Everything was pleasant on the announcer's stand as Bill Nichols and Knox City's Glen Cox worked together smooth as silk, and Rex Driver on the ball-strike lights and Jessie Ross Adams on the scoreboard operated flawlessly.

Yes, it was a big night. Just one thing could have improved upon things . . . but it just wasn't our year for that!

Nice as it is, a tournament costs us money. Except for the cost of balls and awards, none of the collections stay here. It is sent on down to headquarters to finance L. L. playoffs through a world's series. We usually barely manage to get by financially, but it appeared that we would wind up in the red because of the extra expenses of the tourney.

But we got extra help from the Lions Club, Down Town Bible Class, the American Legion, V. F. W., the Adelpian Club and possibly others. Now we will close out the season again in fine shape. Thanks very much to everyone who helped. We appreciate it so very much!

First inning: Jessie Barrera struck out the side. Remarkable in itself, the way he did it was even more so. He struck out the side with ten pitches!

Ken Sellers, catching like a little champion . . . "Someone has been working on that catcher," commented Glen Cox. "He's giving your pitcher a real target with his mitt." Ken then hung on to a foul-tip third strike to get another big out . . . Crowell at bat.

Junior Urquizo smacked a hard grounder . . . Don Turner got in front of it, but it hopped squarely over his head into right field for a single . . .

Second inning: Big Jessie in trouble . . . almost came out of it . . . but disaster struck . . . two runs scored by K. C. . . still later: Charlie Lieb's unruly shirt-tail brought back memories of Lee Looney back in a tournament at Haskell . . . final inning: Ken Sellers and Junior Urquizo each hit long balls to the outfield . . . had Charlie Lieb weakened?

Fans will replay this one for many a year. If this had been . . . this would have been . . . and maybe this would have happened.

One thing is certain: we're proud of our kids! Anyone for football?

Letter Written in 1864 Tells of Civil War Battles

The following letter was written in 1864 by W. K. Bounds, an uncle of Clarence Bounds of Crowell, while in line of battle near Marietta, Ga. A few days after penning it, he fell in action at the head of his company. In line of battle near Marietta, Ga., June 26th, 1864. Mr. J. R. Bounds.

Dear Father, I write you these few lines to let you know I am in the enjoyment of good health at this time, hoping these few lines may in safety reach you and find you and all the family in good health. I have no news to write to you at this time, however, I could write a great deal about our fighting, retreating and hardships we have to undergo since starting out in this campaign.

We left Dalton on the 5th of May (there a line is undecipherable), went back and forward to Resca three or four times, and finally went into line of battle at Resca on the 13th.

On the 14th the Yankees charged us with two or three lines of battle, which we handsomely repulsed, killing and wounding a great many. We lost none in the charge. The fight continued two days. Several were wounded by exposing themselves above the works. Our reserve lost more men than we did. We had five wounded in one company. Uncle Haymon Bailey was the only one wounded in my old company. We left there on the night of the 15th and went to Coffeaville where we made another stand and threw up good works, but had no fight except between the cavalry and pickets. We left there that night, it being about the 18th and went to New Hope Church where we had a pretty heavy fight on the 25th. We were held in reserve, but run up and down the lines two or three times, and finally went to the support of Grandbury's Brigade. He fought till after dark and then charged the Yankees, killing and capturing a great many. It was a dark, rainy night, and the worst thicket you ever saw in your life. After that, we were put in the pits, where we lay under fire for a week. Few were hurt to add to the disagreeableness of the situation. It rained from the 17th of May until the 23rd of June.

Leaving New Hope, we fell back to Big Shanta on the railroad where we were sent to picket.

The Federal cavalry was in front of us, and when they drove our cavalry a strong line of battle was pushed forward making us skeedaddle. Being deployed about ten paces apart, our line was very weak.

We are now near Marietta at this time, and have been on the picket duty the last week. We undertook to drive in the lines the other evening in order to gain a position. They fell back until their artillery was brought to bear upon us, when we were ordered to lie down, when the heaviest shelling I ever heard commenced but there was only one man in our company slightly hurt.

Pa, I saw Rob a few days ago. He was in fine health. He has been at Montgomery ever since the army started up there until a few days ago.

Our army seems to be in fine health and spirits. I would not be surprised if we were not at Chattahoochee River before long. We've seen the hardest times since this campaign commenced, but get very good ration, drawing corn bread, bacon, coffee, sugar, tobacco and whiskey, which is a great deal better than we have been used to. I had my hat and clothes shot to pieces at Resca, but was not hurt, only scalped a little one time.

Tell Mother we are the dirtiest, nastiest, filthiest set she ever saw, and think we do well if we get to wash our face once a week, and our shirt in the branch once a month without soap.

So I will come to a close by remaining your son until death.

W. K. Bounds.

Two Minutes With the Bible The Logic of the Plan of Salvation In I Cor. 1:22 we are told that "the Jews require a sign, and the Greeks seek after wisdom." This doubtless why God chose Paul, with his profound intellectual background and acumen, to proclaim "Christ crucified," the "wisdom of God" as well as the "power of God" (I Cor. 1:23,24). Paul was a gifted logician as well as a theologian, and nowhere is this more evident than in his Epistle to the Romans, where, by divine inspiration, he presents the logic of God's plan of salvation. Again and again, throughout the Epistle, he uses that word so prominent in mathematics and in logic: "therefore."

Dale Doyal and Miss Jackson to Marry in Santa Ana, Calif.

H. A. Jackson and Mrs. Dortha M. Jackson of Santa Ana, Calif., have announced the engagement and approaching marriage of their daughter, Joan Irene, to Lance Corporal Roger Dale Doyal of Crowell, who is stationed with the Marine Corps at El Toro, Santa Ana, Calif.

The wedding will be an event of Sunday, August 15, at 7:30 in the evening at Ferndale Wedding Chapel in Santa Ana. The groom-to-be is a graduate of Crowell High School and the son of Mrs. Earl Stermer of Route 3, Qunah.

Supper Dance Honors Eby's House Guests

The community center was the scene of a supper dance July 24 when Mr. and Mrs. W. B. Eby entertained their teen-age house

guests July 24. Their guests were Miss Linda Darsey, daughter of Mr. and Mrs. C. O. Brazier of Odessa and Mrs. Eby's nephew, Gary Whitley, son of Mr. and Mrs. Billy Gene Whitley of Amarrillo.

The buffet table was the center of attraction to the group. A large antique jardaniere held the centerpiece of yellow mums and purple stock with satin bows and tapers of ribbon with the honor guests' names imprinted in gold letters. Another huge antique jar was filled with pink fruit punch and large bowls and plates, also of antique china and glassware, were filled with assorted cookies and sandwiches, sweet pickles and olives. There was also a huge birthday cake in honor of Linda's birthday.

The hall was tastefully decorated with many artistically made banners which were designed by Gary.

Nearly 100 guests were invited. The Ebys are expecting another nephew, Moxie Fly from Clint, as a guest soon.

Jewell McMillan and Annie Ruth Whitley assisted the Ebys. Miss Linda Whitley, niece of Mrs. Eby, introduced the honor guests to the Crowell teenagers.

Mrs. Ilseeng Attends Clothing Construction Workshop in Denton

Texas Woman's University in Denton conducted its 14th annual Edna Bryte Bishop Clothing Construction Workshop July 19-23.

More than 150 women including Foard County Home Demonstration Agent Mrs. Virginia Ilseeng, attended the workshop which was directed by Dr. Bethel Caster of the TWU College of Household Arts and Sciences.

Miss Patricia Borgeson, who has been Mrs. Bishop's associate for several years, demonstrated how garments can be constructed in a professional manner with a minimum of labor.

Brother of Dixie Gates Died in Vernon

John Henry Gates, retired custodian of Washington School in Vernon and a brother of Dixie Gates of Crowell, died Friday morning in a Vernon hospital after an illness of two weeks.

Funeral services were held in Vernon Sunday. Mr. Gates was born March 9, 1899, in Texarkana and moved to Wilbarger County in 1927. He had served as custodian of Washington School for 18 years. He was a member of a Baptist Church.

Survivors include his wife, five sons, three daughters, 28 grandchildren, five great grandchildren, one sister and the one brother of Crowell.

Card of Thanks

I would like to thank the doctor and nurses for their care during the time I spent in the Crowell hospital. Also, many thanks to my friends for their cards and flowers. May God bless and keep each of you.

Library Consultant Visits with Local Library Officials

Recommendations for improving local library service were discussed when Miss Elizabeth Karle, field consultant for the Texas State Library, visited with members of the Foard County Library Friday, July 23.

Her first recommendation, for larger quarters, echoed that of the previous consultant, Lowell Lindsey, in 1961.

Miss Karle pointed out that the recommended library practice is to have shelves no higher than the average person can reach without a stool or ladder, and that the books placed on higher shelves, as must be done in the Foard County Library, will not be used very often.

The Abilene consultant asked for the names of two or three persons, men or women, who might help represent Foard County at the Governor's Conference on Library Service in Austin on March 23, 1966. All city and county officials will automatically receive invitations from the governor.

She also invited all committee members, and any other interested persons, to attend the October 16 district library meeting at Brownwood.

The value of a story hour was discussed, with Miss Karle pointing out that the main object of a story hour is to bring boys and girls into the library at an early age. She suggested the library use a ceremonial presentation of summer reading certificates since small ceremonies seem to increase interest.

A simple daily record of book loans was suggested as an aid in future planning. The record would show the number of persons using the library daily, and the types of books borrowed, information which would aid in book ordering and in planning programs to increase library use.

Suggestions for an improved publicity program included brief newspaper reviews of new books, book marks or flyers which business houses could help distribute; and talks to civic and church organizations by committee members.

The need for classifying was discussed with Miss Karle pointing out that classifying the collection will make it more useful for school and personal research projects. She voiced approval of the steps which have been taken in classifying in the past year.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER EIGHT ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1967. HOUSE JOINT RESOLUTION NO. 87 proposing an Amendment to Section 1-a of Article V of the Constitution of the State of Texas, by adding to said Section as presently written, the following provisions: requiring automatic retirement of certain District and Appellate Judges at age seventy-five (75) or such earlier age, not under seventy (70), as may be provided by law; creating a State Judicial Qualifications Commission and providing for its composition and the qualifications, methods of selection and terms of office of its members; defining the functions and procedures of said Commission, including the duty to investigate and hold hearings in respect of disability and misconduct of District and Appellate Judges and to make recommendations to the Supreme Court of Texas for involuntary retirement or removal of such Judges; empowering the Supreme Court of Texas, in its discretion, to retire such Judges for disability and to remove them for misconduct, upon recommendation of the aforesaid Commission and consideration of the record made before it; defining misconduct for which said Judges may be so removed; providing that the proceedings of said Commission shall be confidential until filed in the Supreme Court with recommendation for retirement or removal; and providing that the removal provisions hereby established shall be alternative to and cumulative of those provided elsewhere in the Constitution. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 1-a of Article V of the Constitution of the State of Texas be amended so that said Section shall hereafter read as follows:

"Section 1-a. (1) Subject to the further provisions of this Section, the Legislature shall provide for the retirement and compensation of Justices and Judges of the Appellate Courts and District and Criminal District Courts on account of length of service, age and disability, and for their reassignment to active duty where and when needed. The office of every such Justice and Judge shall become vacant when the incumbent reaches the age of seventy-five (75) years or such earlier age, not less than seventy (70) years, as the Legislature may prescribe; but, in the case of an incumbent whose term of office includes the effective date of this Amendment, this provision shall not prevent

ings shall be by majority vote of those present, except that recommendations for retirement or removal of Justices or Judges shall be by affirmative vote of at least five (5) members.

"(6) Any Justice or Judge within the scope of this Section 1-a may, subject to the other provisions hereof, be removed from office for willful or persistent conduct, which is clearly inconsistent with the proper performance of his said duties or casts public discredit upon the judiciary or administration of justice; or any such Justice or Judge may be involuntarily retired for disability, seriously interfering with the performance of his duties, which is, or is likely to become, permanent in nature.

"(7) The Commission shall keep itself informed as fully as may be of circumstances relating to the disability or ability of particular Justices or Judges, receive complaints or reports, formal or informal, from any source in this behalf and make such preliminary investigations as it may determine. Its orders for the attendance or testimony of witnesses or for the production of documents at any hearing or investigation shall be enforceable by contempt proceedings in the District Court.

"(8) The Commission may, after such investigation as it deems necessary, order a hearing to be held before it concerning the removal or retirement of a Justice or Judge, or it may in its discretion request the Supreme Court to appoint an active or retired District Judge or Justice of a Court of Civil Appeals as a Master to hear and take evidence in any such matter, and to report thereon to the Commission. If, after hearing, or after considering the record and report of a Master, the Commission finds good cause therefore, it shall recommend to the Supreme Court the removal or retirement, as the case may be, of the Justice or Judge in question and shall thereupon file with the Clerk of the Supreme Court the entire record before the Commission.

"(9) The Supreme Court shall review the record of the proceedings on the law and facts and in its discretion may, for good cause shown, permit the introduction of additional evidence and shall as it finds just and proper, or wholly reject the recommendation. Upon an order for involuntary retirement for disability or an order for removal, the office in question shall become vacant. The rights of an incumbent so retired to retirement benefits shall be the same as if his retirement had been voluntary.

"(10) All papers filed with and proceedings before the Commission or a Master shall be confidential, and the filing of papers with, and the giv-

ing of testimony before, the Commission, Master or the Supreme Court shall be privileged; provided that upon being filed in the Supreme Court the record loses its confidential character.

"(11) The Supreme Court shall by rule provide for the procedure before the Commission, Masters and the Supreme Court. Such rule shall afford to any judge against whom a proceeding is instituted to cause his retirement due process of law for the procedure before the Commission, Masters and the Supreme Court in the same manner that any person whose property rights are in jeopardy in an adjudicatory proceeding is entitled to due process of law, regardless of whether or not the interest of the judge in remaining in active status is considered to be a right or a privilege. Due to notice, counsel, hearing, confrontation of his accusers, and all such other incidents of due process as are ordinarily available in proceedings whether or not misfeasance is charged, upon proof of which a penalty may be imposed.

"(12) No Justice or Judge shall sit as a member of the Commission or Supreme Court in any proceeding involving his own retirement or removal.

"(13) This Section 1-a is alternative to, and cumulative of, the methods of removal of Justices and Judges provided elsewhere in this Constitution."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State at an election to be held on the first Tuesday after the first Monday in November, 1967, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment providing for the automatic retirement of District and Appellate Judges for old age, creating the State Judicial Qualifications Commission, defining its functions; and empowering the Supreme Court, upon recommendation of said Commission, to remove District and Appellate Judges for misconduct and to retire such judges in cases of disability.

AGAINST the Constitutional Amendment providing for the automatic retirement of District and Appellate Judges for old age, creating the State Judicial Qualifications Commission, defining its functions; and empowering the Supreme Court, upon recommendation of said Commission, to remove District and Appellate Judges for misconduct and to retire such judges in cases of disability."

THIRTY YEARS AGO

News items below were taken from the Thursday, July 25, 1935, issue of The Foard County News:
 An election for Aug. 26 in the Riverside common school district will be held to determine whether or not bonds of this district shall be issued in the sum of \$10,000 for building a combination gymnasium and auditorium with classrooms, a bus shed and teacherage.

Fifty-one new tractors have been sold by Crowell dealers since the first of the year. This is the largest number sold here for a similar period in five or more years.

Harness and saddles found last Thursday morning in the model T Ford coupe abandoned in Crowell were stolen from J. D. Wright of the Margaret community, local officers learned later in the day.

A mass meeting will be held this afternoon in the Thalia High School auditorium for the purpose of discussing plans for a combination vocational - gymnasium building.

Water fights and auto races are to feature the entertainment program in Crowell on Trades Day August 5.

Scattered showers have fallen most every day in Foard County for the past week.

A plumbing shop was opened in Crowell this week by N. A. Bosley.

Joe Ben Roberts is now putting to practical use knowledge that he gained for about two years in the study of architectural engineering at Texas Tech in 1933 and 1934. Last week he completed plans, specifications and fifty-four blue prints as architect for improvements at the Riverside School, formerly West Rayland.

The charter for Crowell's newest organization, the Business and Professional Women's Club, was received last week. Officers are Mrs. Henry Borchardt, president; Miss Myrna Holman, first vice president; Mrs. Bulah Pate, second vice president; Miss Mayme Lee Collins, corresponding secretary; Miss Ira Pearl Saunders, recording secretary; Miss Lottie Russell, treasurer; Mrs. H. Schindler, parliamentarian, and Miss Lennis Woods, reporter.

The Thalia Baptist meeting started Sunday at the union tabernacle with Rev. Ira Harrison of Paducah doing the preaching.

A large crowd attended the rodeo in the Shultz park at Thalia Thursday.

No trace of items stolen in Crowell Monday night had been found up to this morning. Auto tires figured mainly in losses reported to local officers. L. G. Andrews lost two tires; George Self, a tire and wheel; Ben Hinds, one tire; and Dr. R. L. Kincaid, a .22 rifle, which was taken from his car.

Foard County farmers received a total of \$134,151.46 from the United States Treasury in crop benefit payments during the last fiscal year.

Brother of P. D. Chaney Died

A. C. Chaney, a prominent Cleburne attorney and a brother of a former Crowell resident, P. D. Chaney, now of Vernon, died last Thursday.

Funeral services were conducted at 2 p. m. Saturday at the Westside Church of Christ of Cleburne. Burial was in Derden Cemetery near Cleburne.

He is survived by his wife; one brother, and a sister, Mrs. Charlie Ross of Mt. Enterprise.

Card of Thanks

We wish to express our thanks to our friends in Crowell for their kindness and sympathy during our recent bereavement, which we can assure you eased our burden. Our special thanks are extended to the Womack family, Rev. Glenn Wilson, and particularly the ladies for the wonderful meal served to us. A mere thanks cannot express our feelings, but "thanks." Proposed CONSTITUTIONAL AMENDMENT NUMBER SIX ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. HOUSE JOINT RESOLUTION NO. 11 proposing an Amendment to Article III of the Constitution of the State of Texas authorizing loans to students at institutions of higher education, creating the Texas Opportunity Plan Fund and making provisions relating thereto.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding a new Section to read as follows:

"Section 50b. STUDENT LOANS. (a) The Legislature may provide that the Coordinating Board, Texas College and University System, or its successor or successors, shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Eighty-five Million Dollars (\$85,000,000). The bonds authorized herein shall be called 'Texas College Student Loan Bonds' and shall be executed in such form, denominations and upon such terms as may be prescribed by law, provided, however, that the bonds shall not bear more than four per cent (4%) interest per annum; they may be issued in such installments as the Board finds feasible and practical in accomplishing the purposes of this Section.

(b) All moneys received from the sale of such bonds shall be deposited in a fund hereby created in the State Treasury to be known as the 'Texas Opportunity Plan Fund' to be administered by the Coordinating Board, Texas College and University System, or its successor or successors to make loans to students who have been admitted to attend any institution of higher education within the State of Texas, public or private, including Junior Colleges, which are recognized or accredited under terms and conditions prescribed by the Legislature, and to pay interest and principal on such bonds and provide a sinking fund therefor under such conditions as the Legislature may prescribe.

(c) While any of the bonds or interest on said bonds authorized by this Section is outstanding and un-

paid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the sinking fund at the close of the prior fiscal year.

(d) The Legislature may provide for the investment of moneys available in the Texas Opportunity Plan Fund, and the interest and sinking funds established for the payment of bonds issued by the Coordinating Board, Texas College and University System, or its successor or successors, in such manner as may be prescribed by law, and such investment shall be used for the purposes prescribed by the Legislature.

(e) All bonds issued hereunder shall, after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under this Constitution.

(f) Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such acts shall not be void because of their anticipatory nature.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed on them the following:

"FOR the Constitutional Amendment authorizing the Legislature to provide for loans to students at institutions of higher education to be known as the Texas Opportunity Plan."

"AGAINST the Constitutional Amendment authorizing the Legislature to provide for loans to students at institutions of higher education to be known as the Texas Opportunity Plan."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. SENATE JOINT RESOLUTION NO. 14 proposing Amendments to Section 4, 22 and 23 of Article IV of the Constitution of the State of Texas so as to provide a four-year term of office for the Governor, Lieutenant Governor, Attorney General, Comptroller of Public Accounts, Treasurer, Commissioner of the General Land Office and Secretary of State; and certain statutory state officers; providing for the necessary election and the form of the ballot; and providing for the necessary proclamation and publication.

RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 4, Article IV of the Constitution of the State of Texas be amended so as to hereinafter read as follows:

"Section 4. The Governor shall be installed on the first Tuesday after the organization of the Legislature, or as soon thereafter as practicable, and shall hold his office for the term of four years, or until his successor shall be duly installed. He shall be at least thirty years of age, a citizen of the United States, and shall have resided in this state at least five years immediately preceding his election."

Section 2. That Section 22, Article IV of the Constitution of the State of Texas be amended so as to hereinafter read as follows:

"Section 22. The Comptroller of Public Accounts, the Treasurer, the Commissioner of the General Land Office, and any statutory state officer who is elected by the electorate of Texas at large, unless a term of office is otherwise specifically provided in this Constitution, shall each hold office for the term of four years and until his successor is qualified; receive an annual salary in an amount to be fixed by the Legislature, reside at the Capital of the state during his continuance in office, and perform such duties as are or may be required by law. They and the Secretary of State shall not

Dove Hunt Spans 120 Part Days

Texans will have a total of 120 half days to pursue the popular sport of dove hunting this year. Many other states have only 60 full days.

The season set by the Texas Parks and Wildlife Commission provides a substantial bonus for white-winged dove hunters in the Rio Grande Valley of Texas. This year, a full limit of mourning dove is permitted in addition to the limit of whitewings.

For mourning doves, the daily limit is 12 and 24 in possession (after the first day.) For whitewings, the daily limit is 10 and 20 in possession (after the first day.)

Dates for the white-winged dove season which attracts gunners from as far away as New York City, are Saturday and Sunday, September 4 and 5, and Saturday and Sunday, September 11 and 12. Shooting hours are from noon to sunset.

On mourning doves, the season is the same as last year in the north zone. Dates are September 1 through October 30, and the south zone from September 25 through November 23 except in those counties having a white-wing season where it will be September 25 through November 19. Shooting hours are from noon to sunset.

Countries in the whitewing zone are Brewster, Brooks, Cameron, Culberson, Dimmit, El Paso, Hidalgo, Hudspeth, Jeff Davis, Jim Hogg, Kinney, Kinney, La Salle, Maverick, Presidio, Starr, Terrell, Val Verde, Webb, Willacy and Zapata.

Crowell Loses to Vernon 5-4 Saturday

Crowell's Major League baseball team was defeated 5-4 by the Krebs Motor Co. Wildcats of Vernon last Saturday afternoon at Vernon's Kid League baseball park.

This brings Crowell's record to four wins and two losses, with several more games on tap.

Joe Mike Fish started on the mound for the Crowell team and gave up five hits, struck out nine, and issued two walks; but two of the hits were back-to-back home runs by Wilson and Jones of the Vernon club.

Crowell also had five hits with Fish getting two singles, Gary Eddy a double and Joe Ray Burkett and Don Bill Statter each with a single.

Bob Bird turned in another fine job at his catching position.

This week Crowell will play two games—both in Vernon's Kid League Park under the lights. Wednesday at 8 p. m., Crowell will play the Buffaloes and next Saturday night at 7:30 p. m., they will take on the Hornets. This team is the best in Vernon and has lost only one game this season.

On August 4 through 7, Vernon will hold a tournament with six to eight teams entered from this area. Two or three teams are expected from Oklahoma, along with two from Vernon and one each from Chillicothe and Crowell.

Sunfish Steal Daytime Show During Summer
Diligent fresh water fishermen have their own successful hot weather methods, but Marion Toole, inland fisheries chief for the Texas Parks and Wildlife Department, believes the nighttime angler probably has the best chance of getting a mess of fish.

He qualified that by noting that some "old pro" fishermen usually succeed daytimes through heat or cold extremes, meaning the perch or bream or sunfish devotee.

With all their good eating qualities, Toole said so far as he knows the little fighters rarely bite at night.

Toole suggested fishing with lights, attached either to boats or docks, can be very effective during the summer extremes, since the bugs attract fish and little fish attract the big fish and so forth.

Toole, who uses his Lake Austin water front home for impromptu observations, said he has confirmed the bream's inactivity at night, by seeing the small fish "sleeping" in the moss, just remaining stationary.

Such noted occupational hazards as the stationary little fish making a perfect target for a night-feeding gar.

"It's hard to guide the fishermen about hot weather fishing," said Toole. "We all know that many a mess of fish is caught right on through the sizzling summer days. I suppose the best counsel would be, say if they're going for catfish, to fish mostly at night since cats are night feeders. And if they're fishing for black bass, watch the old pros, concentrate on the deeper water and try to get on location around the first light in the morning and around last light in the evening."

No Reason to Be Smug
"Christians have no reason to be smug about the progress the Christian Church has made in the past 2,000 years. The world is still only a small fraction Christianized and the unChristian part seems to be growing in numbers much the faster. If all of Christianity were to join wholeheartedly in carrying out Christ's command, we might be hard put to hold our own percentage-wise in the race for world acceptance at that."—New Market, Va., Shenandoah Valley.
