MARTIN W. WAGON

Martin Wagon Retires from Telephone Co.

A life of leisure enjoyment, spiced with "plenty of fishing and gardening" lies ahead for Martin W. Wagon, retiring telephone company employe and long-time resident of this area.

Sixty fellow employees honored Wagon recently at a retirement party in Seymour, during which the veteran of almost 44 years service in the telephone industry was showered with gifts including an outdoor portable barbecue grill and fishing rod and reel.

The former General Telephone Company worker, at the time of retirement, was an installed repairman in the firm's Seymour exchange. He can recall many memorable experiences since the day his telephone career commenced in 1918.

His service tour began in Throckmorton, where he worked as a "trouble shooter" during the day and ran the switchboard at night.

Wagon later worked on a construction crew, and then was transferred to Crowell as the local combination man. For the next 22 years, he was "Mr. Telephone" in Crowell, handling all service and installation activities here.

A native of Bandera, Wagon was married in Graham in 1927 to the former Susie Timmons. They have one son, M. W., who resides in Fort Worth, and five grandchildren.

Among Wagon's most vivid recollections is the tornado that struck Crowell, destroying almost one-half of the town's buildings and knocking out all the long distance lines. Five hours after the twister hit, two telephones were installed in a company panel truck restoring contact with the outside.

The Wagons will continue to reside in Seymour.

BUILD for your own use

Every one of us is a Builder. Some of us build bridges, some build houses; others build great fortunes or police records, electronic brains or lawn furniture...but each and every one of us is a Community Builder.

Because...every penny we spend to satisfy our daily needs helps to build the economy of the trade area in which it is spent...making that community a happier, more prosperous place for its citizens to live, to work, and to shop.

Which makes it profitable and wise to do our trading...our Community Building...where we get the benefit of the inevitable results of it...in the economic area where we have our own lives and talents invested...and where our children are being trained for life.

There may be nobleness and unselfishness about using our money to help build bigger and better cities for the pleasure and profit of other people...but is it practical?

school full time, Francis J. Stevens, Foard County's social security representative, announced this week.

Under this new provision, contained in the 1965 amendments to the social security law, students can continue to receive monthly benefits until they reach age 22 or complete their education, whichever is earlier, Stevens continued. Students whose benefits were stopped when they reached 18 and who are continuing their education as full-time students will have to file a new application in order to have their payments started again. Benefit payments can be made retroactive to January 1965.

Young adults who take a full-time vocational course, as well as those going to high school or college full time, are covered by this provision, Stevens stated.

In addition to benefits during the school year, payment can continue during a vacation period of up to 4 continuous months, if the student will be returning to school afterwards.

Stevens suggested that anyone having questions about this new provision write to the office in Wichita Falls or meet at the court house in Crowell after September 1.

Summertime Is Melon Time

The melon season is here, says Mrs. Gwen Clyatt, Extension consumer marketing specialist, Texas A&M University. Prices are reasonable and quality is high.

Here are a few hints for picking top quality watermelon. In many stores, melons have been cut for you, thus displaying interior quality. Avoid melons with dark, soft watery areas. These indicate decay which spreads rapidly.

When buying whole melons, look for symmetrical shape, firm feel and a velvet-like bloom over the surface of the rind. The lower side of a mature watermelon is yellowish in color.

The old test of thumping the melon is not too reliable. While a sharp ring means immaturity, a dull thud can mean the melon is just right or that it is overripe. It is safer to depend on looks and the firmness of the watermelon.

Ripe cantaloupe will feel springy when slight pressure is applied. The netting should be coarse and well defined. The rind should be either light green, greyish or yellowish in color. The scar at the stem should be calloused and slightly sunken.

The sense of smell is valuable. A ready-to-eat cantaloupe will

Smart Fall Styles for Grade School

Grade school children have a wide range of styles and colors to choose from for their back-to-school wardrobes, says Lynn Parks, Texas A&M University Extension consumer education specialist.

Fall colors range from vivid reds to navy. Styles vary from sophisticated Courreges-inspired dresses to textured nylon stretch jumpers with turtle-neck sweaters. Stretchies in any style fit so well that a little girl has adequate freedom of movement. Laundering after every one or two wearings helps to restore stretch to its original fit.

Deep scoop necklines are the new variations of the ever-popular jumper. Some are made of corduroy, which is best sudsed wrong side out so it won't pick up lint. Other styles include washable flannel separates, such as pleated skirts and long-sleeved tops trimmed with perky bows at their necklines.

Some grade school girls may prefer the easy-moving "swingers" in smock-like styling. Or they may combine jumper or skirt with matching socks and sweater or shirt to wear under pile-lined corduroy A-line coats.

The new fall school clothes can be sudsed and rinsed after one or two wearings to keep the children looking attractive and clean enough to be teacher's pet every day of the year.

Read Carefully Before Buying

Homemakers who plan to purchase some new laundry equipment soon should complete two required reading assignments before buying. These are the instruction book and the warranty.

This word comes from Mrs. Doris M. Myers, Texas A&M University extension area home management specialist.

The instruction book and the warranty both tell what can be expected from the equipment, points out Mrs. Myers. Before buying equipment, homemakers should be sure they understand the terms of the warranty, the length of time it is good on parts and motor, and whether the service is free, or if only the replacement like a cantaloupe while immature fruit will have little or no odor. An overmature fruit will be soft and have a pronounced yellowing of the rind.

Two Minutes With the Bible

"The eyes of the Lord run to and fro throughout the whole earth, to show Himself strong in the behalf of them whose heart is perfect toward Him" (II Chron. 16:9).

The meaning of this famous passage of Scripture is clear, and its truth has been demonstrated a thousand times over.

God is constantly searching, as it were, for men whom He can bless and use to fulfill His purposes, but for whom, and through whom does He accomplish His ends?

He does not need the world's great men, for He says in Zech. 4:6: "Not by might, nor by power, but by My Spirit, saith the Lord of hosts." He does not need the world's great thinkers, for our Lord, while on earth, prayed: "Thou hast hid these things from the wise and prudent, and hast revealed them unto babes. Even so, Father, for so it seemed good in Thy sight" (Matt. 11:25,26). Indeed, St. Paul declares, in I Cor. 3:19: "The wisdom of this world is foolishness with God."

No, it is not to the world's great ones that God bestows His blessing and power; it is rather to the humblest believer whose heart is right with Him. Thus it is that St. Paul wrote by divine inspiration to those in ancient Corinth who had trusted Christ as their Savior:

"Ye see your calling, brethren,

National Police Force Is a Tool of Tyranny

FBI Director J. Edgar Hoover says: "A national police force is a tool of tyranny. I abhor the implications of the term, and I refuse to let the FBI be forced into practices which smack of police state actions, regardless of the circumstances. . . . Some individuals, in their efforts to secure the fundamental guarantees of the Constitution for all citizens, have criticized this Bureau for not exceeding its authority and for not assuming responsibilities belonging to local and state police. The FBI fully appreciates the grave responsibility inherent in the investigation of alleged violations of Federal civil rights statutes. As I have stated many times, we are meeting these obligations without apology. Our role, however, is that of an investigator—not an accuser, prosecutor, jury, or judge."

"Other nations have also laughed and sneered at the predictions that their money was coming to be worth more as a fuel than as a medium of exchange. These predictions have come true, and they can and will come true in the United States unless someone in authority begins to 'do something about it.'"—Oakdale, Calif., Leader.

Urges Medical Examinations

The American Medical Association recommends that some applicants for driver licenses be given medical examinations by physicians. This would be done when an applicant displays an obviously impaired physical function; when a driver has been involved in multiple accidents within a short calendar period, and when a driver must be placed on the "assigned risk" pool for insurance underwriting because of refusal by various commercial insurance carriers to assume the risk.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER NINE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. HOUSE JOINT RESOLUTION NO. 8 proposing an Amendment to Section 24, Article III and Section 17 of Article IV of the Constitution of the State of Texas, to allow an annual salary in an amount to be fixed by the Legislature for the Lieutenant Governor and for the Speaker of the House of Representatives, and increasing the per diem allowance of Members of the Legislature.

Section 1. That Section 24 of Article III of the Constitution of the State of Texas be amended to read as follows: "Section 24. Representatives shall receive from the Public Treasury an annual salary of not exceeding Four Thousand, Eight Hundred Dollars (\$4,800) per year. Senators shall receive from the Public Treasury an annual salary of not exceeding Four Thousand, Eight Hundred Dollars (\$4,800) per year. The Lieutenant Governor and the Speaker of the House of Representatives shall receive from the Public Treasury an annual salary in an amount to be fixed by the Legislature. All Members of the Legislature, including the Lieutenant Governor and the Speaker of the House of Representatives, also shall receive from the Public Treasury a per diem of not exceeding Twenty Dollars (\$20) per day for the one hundred and forty (140) days of each Regular Session and for thirty (30) days of each Special Session of the Legislature. No Regular Session shall be of longer duration than one hundred and forty (140) days. This Amend-

ment shall be self-enacting and appropriations heretofore made in the General Appropriations Bill for the biennium ending August 31, 1967, for the salaries of the Lieutenant Governor and Speaker of the House of Representatives shall not be invalid because of the anticipatory nature of the legislation.

"In addition to the per diem the Members of each House shall be entitled to mileage in going to and returning from the seat of Government, which mileage shall not exceed Two Dollars and Fifty Cents (\$2.50) for every twenty-five (25) miles, the distance to be computed by the nearest and most direct route of travel, from a table of distances prepared by the Comptroller to each county seat now or hereafter to be established; no Member to be entitled to mileage for any extra Session that may be called within one (1) day after the adjournment of the Regular or Called Session."

Sec. 2. That Section 17 of Article IV of the Constitution of the State of Texas be amended to read as follows: "Section 17. If, during the vacancy in the office of Governor, the Lieutenant Governor should die, resign, refuse to serve, or be removed from office, or be unable to serve; or if he shall be impeached or absent from the State, the President of the Senate, for the time being, shall, in like manner, administer the Government until he shall be superseded by a Governor or Lieutenant Governor. The Lieutenant Governor shall, while he acts as President of the Senate, receive for his services an annual salary in an amount to be fixed by the Legislature and the same mileage which shall be allowed to the Members of the Senate, and no more; and dur-

ing the time he administers the Government, as Governor, he shall receive in like manner the same compensation which the Governor would have received had he been employed in the duties of his office, and no more. The President, for the time being, of the Senate, shall, during the time he administers the Government, receive in like manner the same compensation, which the Governor would have received had he been employed in the duties of his office."

Sec. 3. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday following the first Monday in November, 1965, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment allowing an annual salary in an amount to be fixed by the Legislature for the Lieutenant Governor and for the Speaker of the House of Representatives and allowing a per diem for Members of the Legislature not to exceed Twenty Dollars (\$20) per day for the 140 days of each Regular Session and 30 days of each Special Session."

"AGAINST the Constitutional Amendment allowing an annual salary in an amount to be fixed by the Legislature for the Lieutenant Governor and for the Speaker of the House of Representatives and allowing a per diem for Members of the Legislature not to exceed Twenty Dollars (\$20) per day for the 140 days of each Regular Session and 30 days of each Special Session."

Sec. 4. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

American Consumers Will Decide Meat Industry's Growth

American consumers—193 million today and more tomorrow—will decide if the beef industry is to grow and prosper, John B. Armstrong of Kingsville predicted this week.

Armstrong, a livestock producer and an official of the Santa Gertrudis Breeders International, told participants at the third coordinated Beef Improvement Conference at Texas A&M University that per capita consumption of beef has jumped 47 pounds per person since 1935—up to an estimated 100.5 pounds in 1965.

Last year, per capita consumption of all meat hit a new record of 174 pounds, compared with 142 pounds in 1935, he added.

It has been estimated that about 85 per cent of the retail purchases of food in the United States are made by women. "It's

comforting to beef producers to know that on 'his' and 'her' food list, beef ranks first," Armstrong told the approximately 500 men and women attending the conference.

"There are now 41 per cent more people in the United States than there were 30 years ago. And we're producing 143 per cent more meat. Supplying that much more meat to 193 million Americans has resulted in an annual production of beef, veal, pork and lamb approaching 33 billion pounds. Beef production alone will reach nearly 19 billion pounds this year, or 4 billion pounds more than total meat production in 1935," he said.

While increased consumption of meat can be attributed in part to a higher standard of living plus the fact that Americans just plain like meat, it is doubtful that these factors alone would have moved consumer demand to its present high degree of enthusiasm.

A major factor, Armstrong said, has been that more Americans have been learning more about how best to enjoy and utilize meat products—and why meat is essential to good health. Research and education programs for consumers will become increasingly important in the future, he predicted.

Deadline Set for Special Enrollment Examination

Ellis Campbell Jr., Director of Internal Revenue for the Dallas District, this week reminded persons planning to take the Special Enrollment Examination in September, that their applications must be postmarked no later than midnight August 31, 1965.

The examination is to qualify persons, other than certified public accountants and attorneys, who wish to represent clients in tax matters before the Internal Revenue Service.

Application forms and full information may be obtained from R. R. Bishop, examination coordinator, P. O. Box 594, Dallas, Texas 75221, or by a telephone call to Riverside 9-2795. Mr. Campbell said the examination will be held in this district on September 23 and 24.

The completed applications should be mailed to the Director of Practice, U. S. Treasury Department, 1875 Connecticut Avenue, N. W., Washington, D. C. 20009. A check for \$25, payable to the Treasurer of the United States, must accompany the application.

Parents Urged to Plan Ahead for School Expenses

Parents of youngsters who will enter school for the first time may be surprised at some of the changes which have taken place in recent years.

These changes are particularly evident in the areas of cost and supplies, says Patsy Reynolds, Texas A&M University Extension family life education specialist. They emphasize sharply that the days of the little red schoolhouse are far behind us.

Families should plan ahead to meet these school expenses, Miss Reynolds says. Expenses for two to three children can easily add up to \$30 to \$50 for the first week.

Here are some of the expenses that parents of beginners can expect:

Many schools offer a group insurance policy to pupils for about \$5 per pupil each year.

Public school systems usually have a list of supplies and fees for each grade. This includes items such as scissors, a plastic bottle of paste, colors, pencils, cigar boxes, art and music fees and work books. Costs vary from \$3 to \$6 per pupil in the various grades.

Physical examinations for first graders may add another expense. School lunches will probably average \$1.75 to \$2 per week.

"Prepare now for these school expenses," suggests Miss Reynolds.

Rept. Healy Receives Appointment to State Budget Board

Speaker of the House Ben Barnes has formally assigned Representative W. S. Healy of Paducah to the Legislative Budget Board. Healy automatically becomes a member of the board as a result of his service as chairman of the House Appropriations Committee during the recent session.

The Budget Board, a permanent legislative service agency with a full-time professional staff, is charged with the biannual preparation of an estimated appropriation bill to be submitted to the Governor and the Legislature after the convening of each regular session. Its duties also include performance of general budget services for state government.

Board members, who determine policy and direct the work of this important agency, are appointed after the adjournment of each regular session by the presiding officers of the two Houses, who also serve on the board.

In making the announcement, Speaker Barnes said, "Through the years Representative Healy has served very capably not only his constituency but the state as well in his tenure in the House. His previous service on the Budget Board and his work on House committees dealing with state finances have been particularly outstanding. His participation will be a valuable asset to the board in its deliberations."

Healy is presently serving his sixth term as a State Representative. During the recent session, he was a member of the House standing committees on judicial

Doubts That Congress Will Repeal Right-To-Work Laws

"We doubt whether Congress, overwhelmingly liberal as it is, will knuckle to the demands of the big unions to repeal right-to-work laws, and forcing people to join labor unions if they want a job. If they can make this stick, then it would be logical to assume that every individual could be compelled to join a particular religion or a particular political party. Is this the kind of infringement upon an individual's freedom of association, freedom of choice that most Americans want? We certainly would say it is incompatible with a free society."

—Rosholt, S. D., Review.

Farm Field Labor Is a Skill

"Farm field labor is a skill, just like any other specialized job. We can well recall the ridiculous statement of a Dept. of Labor employee in Casper at a labor meeting some months ago when he said flatly, 'We can teach a teen-ager to be a sugar beet field worker in 30 minutes.' Fortunately, Wyoming has escaped an emergency situation in our beet fields because enough Texas labor turned out to be available."

'Good Thing'

"... in Britain where its socialized medicine was figured a under 200 million pounds a year. The cost for the first year alone was more than twice as much, and the French social security system, according to government announcement, is tottering on the brink of disaster. Why? Because, like Medicare, too many people recognize it as a 'good thing' who ordinarily can afford to take care of their own hospital obligations. The Eldercare program limits its benefits to only those who cannot afford to pay for costly health care and therefore is a much sounder financial bill than

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.
HOUSE JOINT RESOLUTION NO. 5 proposing an Amendment to Section 49-b, Article III of the Constitution of Texas so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for a proclamation therefor.

not less than par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half per cent (4 1/2%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows: "By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for

moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes here provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund hereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and which contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of said Division for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board, such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violation of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to

shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$200,000,000; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law; and

"AGAINST the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$200,000,000; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law."

If it appears from the returns of said election that a majority of the votes cast were in favor of same Amendment, the same shall become a part of the State Constitution and be effective from the date set forth in said Amendment, and the Governor shall issue a proclamation in keeping therewith.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and Laws of this state.

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.
HOUSE JOINT RESOLUTION NO. 11 proposing an Amendment to Article III of the Constitution of the State of Texas authorizing loans to students at institutions of higher education; creating the Texas Opportunity Plan Fund and making provisions relating thereto.

paid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the sinking fund at the close of the prior fiscal year.

"(d) The Legislature may provide for the investment of moneys available in the Texas Opportunity Plan Fund, and the interest and sinking funds established for the payment of bonds issued by the Coordinating Board, Texas College and University System, or its successor or successors. Income from such investment shall be used for the purposes prescribed by the Legislature.

"(e) All bonds issued hereunder shall, after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under this Constitution.

"(f) Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such acts shall not be void because of their anticipatory nature."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed on them the following:

"FOR the Constitutional Amendment authorizing the Legislature to provide for loans to students at institutions of higher education to be known as the Texas Opportunity Plan.

"AGAINST the Constitutional Amendment authorizing the Legislature to provide for loans to students at institutions of higher education to be known as the Texas Opportunity Plan."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding a new Section to read as follows:

"Section 50b. STUDENT LOANS. (a) The Legislature may provide that the Coordinating Board, Texas College and University System, or its successor or successors, shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Eighty-five Million Dollars (\$85,000,000). The bonds authorized herein shall be called 'Texas College Student Loan Bonds' shall be executed in such form, denominations and upon such terms as may be prescribed by law, provided, however, that the bonds shall not bear more than four per cent (4%) interest per annum; they may be issued in such installments as the Board finds feasible and practical in accomplishing the purposes of this Section.

"(b) All moneys received from the sale of such bonds shall be deposited in a fund hereby created in the State Treasury to be known as the Texas Opportunity Plan Fund to be administered by the Coordinating Board, Texas College and University System, or its successor or successors to make loans to students who have been admitted to attend any institution of higher education within the State of Texas, public or private, including Junior Colleges, which are recognized or accredited under terms and conditions prescribed by the Legislature, and to pay interest and principal on such bonds and provide a sinking fund therefor under such conditions as the Legislature may prescribe.

"(c) While any of the bonds, or interest on said bonds authorized by this Section is outstanding and un-

paid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the sinking fund at the close of the prior fiscal year.

"(d) The Legislature may provide for the investment of moneys available in the Texas Opportunity Plan Fund, and the interest and sinking funds established for the payment of bonds issued by the Coordinating Board, Texas College and University System, or its successor or successors. Income from such investment shall be used for the purposes prescribed by the Legislature.

"(e) All bonds issued hereunder shall, after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under this Constitution.

"(f) Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such acts shall not be void because of their anticipatory nature."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed on them the following:

"FOR the Constitutional Amendment authorizing the Legislature to provide for loans to students at institutions of higher education to be known as the Texas Opportunity Plan.

May Put the Island Out of Business

"The price of gasoline in Cuba has been increased from 34 cents to 60 cents a gallon 'in the interest of the national economy,' according to a news dispatch from Havana. That 60-cent price is twice as high as the average United States gallon of gasoline including taxes, and three times the cost of a U. S. gallon before taxes. Castro said the price hike provides a new avenue for Cubans

to make a greater contribution to progress. According to reports from newsmen who have visited Cuba recently, a little more Castro-type 'progress' may put the island out of business entirely."—Wadena, Minn., Pioneer Journal.

Operation Head Start Children Make Two Tours

On Tuesday, July 20, twenty-four Crowell Head Start children, with Mrs. Gordon Cooper and Miss Evelyn Faske, made a tour of Crowell.

The first stop was a visit to Sheriff W. F. Bradford, who took them to the jail where he showed them handcuffs, guns and jail cells. Mr. Bradford made an interesting and informative talk, stressing the fact that the sheriff wants to help people to keep out of trouble, not to punish them.

At the Post Office, Lorraine Carter explained out-going and incoming mail and showed the children how the mail was sorted, sent out and placed in the individual's boxes for their convenience, as well as other details of the post office daily routine.

The next stop was the City Hall. There they were thrilled to see the shiny red fire trucks and were more thrilled when Fire Chief T. H. Franklin let them ride on one. Having had safety in the home, the school and the highway stressed for the past two months, this visit made safety more realistic.

Bird's Dry Goods, the Crowell State Bank, Crowell Variety and Bob's Super Save were interesting stops. At these places, the children were reminded of proper store manners (not to handle or move the merchandise or beg mother while in the store). Also, they were told of the importance of community helpers—including merchants, bankers, nurses, doctors, grocers, carpenters, janitors and numerous others.

Vernon

On Friday, August 6, twenty Head Start children with Mrs. Lewis Sloan and Miss Faske climbed in the bus for their final field trip.

The first stop was the Coca-Cola Bottling Co. in Vernon where they enjoyed a conducted tour of the plant. Each was given a Coke and several favors. This is the fiftieth anniversary of the Coca-Cola Company.

The second stop was Allingham Park where they enjoyed the shade, the merry-go-round, a frisky squirrel and a tasty box lunch prepared by Mrs. Carmen Welch.

The third stop was the Plaza Theater where they saw a Walt Disney production, "The Monkey's Uncle," and a nature film, "Mr. Coyote," also a Disney picture. The children being familiar with coyotes were especially entertained by this film.

During this last field trip, the following mothers assisted: Mmes. Martin Quintero, Billy Daniel, Joe Glover, Ernest Tucker, Wilma Coleman, George Sillemon, Arthur Campbell, S. W. Nichols Jr., Sammy Neal, James F. McCurley and Priscilla Tisdale.

Marcus Mills served as bus driver for the trips.

Accidents Leading Cause of Death for Persons from 1 and 35

A Blue Cross of Oregon newsletter says that recent medical advances have reduced the mortality rate from infectious diseases to such a low level that persons between ages one and 35 must now be more concerned about fatal mishaps than about disease. At these ages, the leading cause of death is accidents.

Huge New Loads on Transportation System

It is the view of the President of the Association of American Railroads that America cannot achieve the kind of Great Society projected by President Johnson without clearing the way for "great railroads" in a refurbished national transportation system. He states, "With 40 million more people expected by 1975 and production and freight volume growing at 3-to-5 per cent each year, the nation will be imposing huge new loads on its whole transport structure, and it will become imperative to get these handled smoothly and at the lowest possible total cost."

Bucks Outlast Does

Buck deer outlasted doe deer in Texas Parks and Wildlife Department studies of mortality rates in livestock-deer control pastures. Bucks showed a fifty per cent death loss over an eight-year period, as compared to 58 per cent for adult does. The mortality rate was even more pronounced among fawns.

Where Have All the Brick Roads Gone?

Where have all the brick roads gone? It wasn't too long ago that most streets and even a few rural highways were paved with bricks. But now it is rapidly vanishing under ribbons of asphalt or concrete.

Brick pavement, once commonplace in America's cities and towns is going the way of the streetcar, the corner soda fountain, the horse-drawn milk and ice wagons, and the auto rattle seat.

Most folks really aren't sorry to see the brick paving go, however. They remember how it caused their cars to vibrate and hum, and that it's slippery when icy or wet.

In several ancient parts of the world, brick-topped roads laid down by Imperial Rome still are in use today. The antiquity of brick roads vies with the antiquity of history itself. For thousands of years, man devised no better road-building material than brick, or brick-like cut stones. Some records date back to 2,200 B. C. Brick pavement outlasts all others on streets where there is an absence of heavy truck traffic.

It was late in the 1800's when American cities and towns, eager to get out of the mud, began to search for a paving material that would hold up under steel horse-shoes and wheels. And brick was the most plentiful and reliable material for transforming dirt or gravel roads into all-weather roads.

The advent of the horseless carriage after 1900 brought an increased clamor for adequately paved roads, and brick pavement was given new impetus. In 1914, there were about 1,600 miles of brick pavement in the U. S., and by 1924 this had increased to 4,319.

But by the 1920's, concrete and asphalt had been developed, and, more important, methods of building roads of these materials were refined. Brick as a paving material then started a decline from which it never recovered.

Most roadways that originally were paved with brick now are covered with either asphalt or concrete, often providing an excellent base for the newer pavements. Texas has no brick highways left, although the west bound lane of U. S. 180 between Weatherford and Mineral Wells is an example of a brick road now covered by asphalt.

Paving bricks were laid by hand by men called "bricksetters." A skilled bricksetter could lay bricks at what seemed like a miraculous speed. Some could lay more than 500 feet of 20-foot-wide pavement a day. They were paid 50 cents an hour—twice as much as the men who assisted them. The bricks were not the same as those used for buildings. They were longer and thinner, more like tile.

If the Interstate system in Texas—3,029 miles—was being built by the bricklaying system, the completion date probably would be no earlier than the year 1996, or perhaps even past the year 2000. The Interstate goal is 1972, and Texas is right on schedule.

Five Million Texans Sign Tax Returns

The Internal Revenue Service Statistics of Income contains these interesting figures: During 1962, almost five million Texans signed their names to individual income tax returns. These voluntary taxpayers reported some \$15,439,451,000 in adjusted gross income. The biggest part of this—some \$12,237,916,000—came from salaries and wages.

On a nationwide basis, some 99 million Americans signed tax returns, showing an adjusted gross income of \$348,766,728,000—some 283 billion of this also came from salary and wages.

BRAHMAN NOT COWED BY POPCORN

READY FOR SALTY STATE FAIR—At last year's State Fair of Texas, this Brahman found something better than a saltlick; a hole with some salt, but the salt was on popcorn. Undaunted and un-cowed, the Brahman won—everybody knows that eating popcorn is part of "going to the fair." The 1965 State Fair of Texas will run October 9 through 24 in Dallas, with the internationally significant Pan-American Livestock Exposition the major attraction of the first nine days. The Pan-American will feature the Premier Angus Show of the Americas, along with excellent shows of Hereford, Brahman, Brangus, Charolais, Santa Gertrudis and Shorthorn cattle. During the exposition, a superior dairy show also will be presented, with the Regional Holstein Show, State Jersey Show, and shows for Ayrshire, Brown Swiss and Guernsey cattle. In addition, there will be shows for purebred swine, sheep and goats.

Gasoline Octane Ratings Reach All-Time High

Oil Facts reports that the octane ratings of automotive gasoline sold in the United States reached record-breaking peaks at the beginning of 1965, averaging 100 octane for premium fuel and 93.8 for regular-grade gasoline. Octane number—which indicates a fuel's resistance to engine knock—is one of several measures of gasoline quality.

No Greater Threat to the Family Farm

A statement of the Arizona Farm Bureau Federation offers the opinion that there probably is no greater threat to the family farm than government commodity programs that restrict the full utilization of family and farm resources and attempt to manage resources by rationing the right to produce on the basis of some historical formula or on the basis of government determined fair shares. It adds that these programs are rooted in the past and thwart the shifts in production necessary to meet changing consumer needs and limit the opportunity of family farms to compete for expanding markets.

Card of Thanks

I would like to thank the doctor and all the nurses for everything they did for me, and all the neighbors who visited or sent me cards while I was in the hospital. We would also like to thank Mrs. Haskew for her tender care of Mrs. Hogan during the time I was hospitalized. May the Lord bless each one of you. Ben Hogan. 5-1tp

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. SENATE JOINT RESOLUTION NO. 24 proposing an Amendment to the Constitution of the State of Texas by amending Article VII, Section 17, providing a method of payment for the acquiring, constructing and equipping of buildings and other permanent improvements at certain state institutions of higher learning; providing for allocation of funds therefor; authorizing the issuance of bonds or notes and the pledging of allotted funds for the payment of a proclamation therefor.

Section 1. That Section 17 of Article VII of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 17. In lieu of the state ad valorem tax on property of Seven Cents (7¢) on the One Hundred Dollars (\$100.00) valuation heretofore permitted to be levied by Section 51 of Article III, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Two Cents (2¢) on the One Hundred Dollars (\$100.00) valuation for the purpose of creating a special fund for the continuing payment of Confederate pensions as provided under Section 51, Article III, and for the establishment and continued maintenance of the State Building Fund as provided in Section 51b, Article III, of the Constitution.

"Also, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Ten Cents (10¢) on the One Hundred Dollars (\$100.00) valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings or other permanent improvements at the designated institutions of higher learning provided that none of the proceeds of this tax shall be used for auxiliary enterprises; and the governing board of each such institution of higher learning is fully authorized to pledge or any part of said funds allotted to such institution as

Preparing Its People for War

Ed Meagher of the Washington Post-LA Times News Service writes: "The Chinese Communist regime is preparing its people for war. Slowly, the Peking Communist hierarchy is moving toward total conscription of its 750 million population into the militia and supplementary para-military units. . . . The impression is given that every person in China capable of walking now undergoes military training of some sort, even if no more than mental conditioning."

American Eating Habits Changing

American eating habits have changed dramatically in the last 15 years. Today, the average American eats 44 per cent more beef, 65 per cent more chicken, 33 per cent more cheese and 23 per cent more frozen fruit. Consumption of frozen fruits and vegetables, which was slight in 1950, has skyrocketed as much as 300 per cent.

Took Hunters Long Time to Bag Aoudad

Speaking of persistence—a Texas Parks and Wildlife Department survey of hunters participating in the controlled Panhandle harvest of aoudad sheep showed the average trophy seeker needed 14 hours and 45 minutes of field work to bag his prey—with a strict limit of one.

Government Printing of Envelopes Runs at \$7 1/2 Million Loss

"Government in business usually operates at a loss and competes with private industry. We have occasion to know that here at the Record office because the government sells printed envelopes. Now it develops that in the past four years government envelope printing has resulted in the \$7,500,000 loss. You and we have had to underwrite that loss, Mr. Tarpayer. It's just peanuts for the government but the envelope business that the post office gets would improve our business substantially."—Faulkton, S. D., Record.

Relied on Endeavors

"Our forebears had to rely on their own endeavors and by working hard they achieved independence. It's an old fashioned heresy to advocate having to root for a living, but we still think it's a better answer than Appalachian Aids, Wars on Poverty, etc., etc."—Harlowton, Mont., Times.

Two Sets of Standards

"There is no law in (the) United States against Communism, says the President, and it is still a Free Country. We fail to understand why we have no law against Communism in this Country and still send our troops into foreign nations to give their lives fighting something that is allowed at home."—Indianola, Miss., Enterprise-Tocsin.

"Eighty-five per cent (85%) of such funds shall be allocated by the Comptroller of Public Accounts of the State of Texas on June 1, 1966, and fifteen per cent (15%) of such funds shall be allocated by said Comptroller on June 1, 1972, based on the following determinations:
"(1) Ninety per cent (90%) of the funds allocated on June 1, 1966, shall be allocated to state institutions based on projected enrollment increases published by the Coordinating Board, Texas College and University System for fall 1966 to fall 1978.
"(2) Ten per cent (10%) of the funds allocated on June 1, 1966 shall be allocated to certain of the eligible state institutions based on the number of additional square feet needed in educational and general facilities by such eligible state institution to meet the average square feet per full time equivalent student of all state senior institutions (currently numbering twenty-two).
"(3) All of the funds allocated on June 1, 1972, shall be allocated to certain of the eligible state institutions based on determinations used in the June 1, 1966, allocations except that the allocations of fifty per cent (50%) of the funds allocated on June 1, 1972, shall be based on projected enrollment increases for fall 1972 to fall 1978, and fifty per cent (50%) of such funds allocated on June 1, 1972, shall be based on the need for additional square feet of educational and general facilities.
"Not later than June first of the beginning year of each succeeding ten-year period the Comptroller of Public Accounts of the State of Texas shall reallocate eighty-five per cent (85%) of the funds to be derived from said Ten Cent (10¢) ad valorem tax for said ten-year period and not later than June first of the sixth year of each succeeding ten-year period said Comptroller shall reallocate fifteen per cent (15%) of such funds to the eligible state institutions then in existence based on determinations for the said ten-year period that are similar to the determinations used in allocating funds during the twelve-year period beginning January 1, 1966, except that enrollment projections for succeeding ten-year periods will be from the fall semester of the first year to the fall semester of the tenth year. All such designated institutions of higher learning shall not thereafter receive any general revenue funds for the acquiring or constructing of buildings or other permanent improvements for which said Ten Cent (10¢) ad valorem tax is herein provided, except in case of fire, flood, storm, or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the uninsured loss so incurred may be made by the Legislature out of any General Revenue Funds. The State Comptroller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this Amendment, and the State Treasurer shall pay warrants so issued out of the special fund hereby created for said purpose. This Amendment shall be self-enacting. It shall become operative or effective upon its adoption so as to supersede and repeal the former provisions of this Section; provided further, that nothing herein shall be construed as impairing the obligation incurred by any outstanding notes or bonds heretofore issued by any state institution of higher learning under this Section prior to the adoption of this Amendment but such notes or bonds shall be paid, both as to principal and interest, from the fund as allocated to any such institution."
Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the General Election to be held on the first Tuesday after the first Monday in November, A.D. 1965, at which election all ballots shall have printed thereon:
"FOR the Amendment to Article VII of the Constitution of the State of Texas by amending Section 17 thereof, providing a method of payment for the acquiring, constructing and equipping buildings and other permanent improvements at certain state institutions of higher learning."
"AGAINST the Amendment to Article VII of the Constitution of the State of Texas by amending Section 17 thereof, providing a method of payment for the acquiring, constructing and equipping buildings and other permanent improvements at certain state institutions of higher learning."
Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this state.

NOTICE!

Notice is hereby given that pursuant to Article 689a-11, Revised Civil Statutes of the State of Texas, that on the 23rd day of August, A. D. 1965, beginning at 10:00 o'clock A. M. in the office of the County Judge of Foard County, Texas, in the courthouse thereof, the budget as prepared for Foard County, Texas, by the County Judge will be considered by the Commissioners' Court. Miss Carolee Oliphant Honored at Bridal Shower Friday Night

Miss Carolee Oliphant, bride-elect of John Patrick Smith, was honored at a bridal shower Friday evening in the home of Mrs. Leo Cates. As the guests arrived, they were greeted by Mrs. Cates and presented to the receiving line composed of the honoree and her mother, Mrs. Nelson Oliphant; Mrs. Alfred Smith, mother of the prospective groom; and Mrs. L. A. Andrews.

The bride-elect was attired for the occasion in a gardenia white sheath and her corsage of yellow split Fijian mums was a gift of the hostesses.

A white, ruffled organza cloth was used on the refreshment table which was criss-crossed with garlands of yellow chrysanthemums and plumosa fern. The focal point was a C & P monogram made of yellow chrysanthemums. Milk glass appointments completed the table arrangement. Miss Ronni Sue Oliphant, sister of the honoree, and Miss Terri Thomas served the guests.

Miss Sue Cates presided at the register table which held a white wedding book and a vertical arrangement of yellow chrysanthemums.

Attending the gift display and assisting with other hostess duties were Mmes. Frank Cooper, Thelma Lemons, Henry Borchardt, Fred Wehba, Cecil Driver, J. B. Fairchild, Charlie Bartley, Jack Thomas, Jimmy Werley, H. B. Sanders and W. L. Johnson.

YOUR news is what makes the Foard County News. Don't forget to call us when you have out-of-town visitors, or you go out of town visiting relatives or friends.

Miss Fleeta Smith Named Honoree at Bridal Shower

The banquet room of the Methodist Church in Thalia Saturday afternoon was the scene of a lovely shower honoring Miss Fleeta Smith and Eldon Whitman, who will be married soon.

The registration table held a single crystal bud vase with its yellow rosebuds and the beautiful white bride's book. Mrs. Betty Gray and Mrs. Ed Huskey registered guests who were greeted by Mrs. Huskey and presented to the receiving line: Miss Smith; her mother, Mrs. Warren Smith; Mrs. Fay Whitman, mother of the groom-to-be; and sisters of the bride-elect, Mrs. Jean Holly and Mrs. Barbara Morton; and her aunt, Mrs. Troyal Pearson of Byers.

Guests were served delicious frosted punch, dainty white and yellow cookies, mints and nuts. The serving table was beautiful with its cutwork cloth, white candles, lovely centerpiece of glads and daisies, and the beautiful crystal service. Mrs. Emma Mae Gray and Mrs. Mona Moore served.

The many beautiful gifts were displayed by Mrs. H. W. Gray, Mrs. Betty Gray, Mrs. Winnie Matthews and Mrs. Grover Moore.

Out of town relatives attending included Mrs. Floyal Pearson of Byers, Mrs. Morton and Mrs. Holly, Mrs. Nina Pearson of Byers.

Miss Smith is the daughter of Mr. and Mrs. Warren Smith and Mr. Whitman is the son of Mrs. B. A. Whitman, both of this community.

Job Opportunities in Agribusiness

The opportunities for employment in agriculture have increased despite the reduction in rural farm population, according to Dan Davis of the Agricultural Economics and Sociology Department, Texas A&M. He points out that as agriculture has become more scientific, many of the new jobs are performed in the city. These, having to do with the business side of agriculture, are concerned with industrial processing, marketing, transporting and financing agricultural products.

On the other side of the agribusiness picture, farmers and ranchers buy from agribusiness about everything that goes into raising their product. They buy seed, fertilizer, chemicals, fuel, equipment, medicine, and all types of services. In fact, Davis says, they rely on the agribusiness man for about everything except the land and their own labor.

Professor Davis suggests that high school students find out more about training needed for the many jobs in agribusiness through their high school counselors, vocational agriculture teachers, county agents or by writing to the College of Agriculture, Texas A&M University, College Station, Texas.

Proposed CONSTITUTIONAL AMENDMENT NUMBER EIGHT ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

HOUSE JOINT RESOLUTION NO. 57 proposing an Amendment to Section 1-a of Article V of the Constitution of the State of Texas, by adding to said Section as presently written, the following provisions: requiring automatic retirement of certain District and Appellate Judges at age seventy-five (75) or such earlier age not under seventy (70), as may be provided by law; creating a State Judicial Qualifications Commission and providing for its composition and the qualifications, methods of selection and terms of office of its members; defining the functions and procedures of said Commission, including the duty to investigate, and hold hearings in respect of, disability and misconduct of District and Appellate Judges and to make recommendations to the Supreme Court of Texas for involuntary retirement or removal of such Judges; empowering the Supreme Court of Texas, in its discretion, to retire such Judges for disability and to remove them for misconduct, upon recommendation of the aforesaid Commission and consideration of the record made before it; defining misconduct for which said Judges may be so removed; providing that the proceedings of said Commission shall be confidential until filed in the Supreme Court with recommendation for retirement or removal; and providing that the removal provisions hereby established shall be alternative to and cumulative of those provided elsewhere in the Constitution.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 1-a of Article V of the Constitution of the State of Texas be amended so that said Section shall hereafter read as follows:

"Section 1-a. (1) Subject to the further provisions of this Section, the Legislature shall provide for the retirement and compensation of Justices and Judges of the Appellate Courts and District and Criminal District Courts on account of length of service, age and disability, and for their reassignment to active duty where and when needed. The office of every such Justice and Judge shall become vacant when the incumbent reaches the age of seventy-five (75) years or such earlier age, not less than seventy (70) years, as the Legislature may prescribe; but, in the case of an incumbent whose term of office includes the effective date of this Amendment, this provision shall not prevent

him from serving the remainder of said term nor be applicable to him before his period or periods of judicial service shall have reached a total of ten (10) years.

"(2) There is hereby created the State Judicial Qualifications Commission, to consist of nine (9) members, to wit: (i) two (2) Justices of Courts of Civil Appeals; (ii) two (2) District Judges; (iii) two (2) members of the State Bar, who have respectively practiced as such for over ten (10) consecutive years next preceding their selection; (iii) three (3) citizens, at least thirty (30) years of age, not licensed to practice law nor holding any salaried public office or employment; provided that no person shall be or remain a member of the Commission, who does not maintain physical residence within this State, or who resides in, or holds a judgeship within or for, the same Supreme Judicial District as another member of the Commission, or who shall have ceased to retain the qualifications above specified for his respective class of membership. Commissioners of classes (i) and (ii) above shall be chosen by the Supreme Court with advice and consent of the Senate, those of class (iii) by the Board of Directors of the State Bar under regulations to be prescribed by the Supreme Court with advice and consent of the Senate.

"(3) The regular term of office of Commissioners shall be six (6) years; but the initial members of each of classes (i), (ii) and (iii) shall respectively be chosen for terms of four (4) and six (6) years, and the initial members of class (iii) for respective terms of two (2), four (4) and six (6) years. Interim vacancies shall be filled in the same manner as vacancies due to expiration of a full term, but only for the unexpired portion of the term in question. Commissioners may succeed themselves in office only if having served less than three (3) consecutive years.

"(4) Commissioners shall receive no compensation for their services as such. The Legislature shall provide for the payment of the necessary expense for the operation of the Commission.

"(5) The Commission may hold its meetings, hearings and other proceedings at such times and places as it shall determine, but shall meet at Austin at least once each year. It shall annually select one of its members as Chairman. A quorum shall consist of five (5) members. Proceed-

ings shall be by majority vote of those present, except that recommendations for retirement or removal of Justices or Judges shall be by affirmative vote of at least five (5) members.

"(6) Any Justice or Judge within the scope of this Section 1-a may, subject to the other provisions hereof, be removed from office for willful or persistent conduct, which is clearly inconsistent with the proper performance of his said duties or casts public discredit upon the judiciary or administration of justice, or any such Justice or Judge may be involuntarily retired for disability seriously interfering with the performance of his duties, which is, or is likely to become, permanent in nature.

"(7) The Commission shall keep itself informed as fully as may be of circumstances relating to misconduct or disability of particular Justices or Judges, receive complaints or reports, formal or informal, from any source in this behalf and make such preliminary investigations as it may determine. Its orders for the attendance or testimony of witnesses or for the production of documents at any hearing or investigation shall be enforceable by contempt proceedings in the District Court.

"(8) The Commission may, after such investigation as it deems necessary, order a hearing to be held before it concerning the removal or retirement of a Justice or Judge, or it may in its discretion request the Supreme Court to appoint an active or retired District Judge or Justice of a Court of Civil Appeals as a Master to hear and take evidence in any such matter, and to report thereon to the Commission. If, after hearing, or after considering the record and report of a Master, the Commission finds good cause therefore, it shall recommend to the Supreme Court the removal or retirement, as the case may be, of the Justice or Judge in question and shall thereupon file with the Clerk of the Supreme Court the entire record before the Commission.

"(9) The Supreme Court shall review the record of the proceedings on the law and facts and in its discretion may, for good cause shown, permit the introduction of additional evidence and shall order removal or retirement, as it finds just and proper, or wholly reject the recommendation. Upon an order for involuntary retirement for disability or an order for removal, the office in question shall become vacant. The rights of an incumbent so retired to retirement benefits shall be the same as if his retirement had been voluntary.

"(10) All papers filed with and proceedings before the Commission or a Master shall be confidential, and the filing of papers with, and the giv-

ing of testimony before, the Commission, Master or the Supreme Court shall be privileged; provided that upon being filed in the Supreme Court the record loses its confidential character.

"(11) The Supreme Court shall by rule provide for the procedure before the Commission, Masters and the Supreme Court. Such rule shall afford to any judge against whom a proceeding is instituted to cause his retirement due process of law for the procedure before the Commission, Masters and the Supreme Court in the same manner that any person whose property rights are in jeopardy in an adjudicatory proceeding is entitled to due process of law, regardless of whether or not the interest of the judge in remaining in active status is considered to be a right or a privilege. Due process shall include the right to notice, counsel, hearing, confrontation of his accusers, and all such other incidents of due process as are ordinarily available in proceedings whether or not misfeasance is charged, upon proof of which a penalty may be imposed.

"(12) No Justice or Judge shall sit as a member of the Commission or Supreme Court in any proceeding involving his own retirement or removal.

"(13) This Section 1-a is alternative to, and cumulative of, the methods of removal of Justices and Judges provided elsewhere in this Constitution."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment providing for the automatic retirement of District and Appellate Judges for old age, creating the State Judicial Qualifications Commission, defining its functions; and empowering the Supreme Court, upon recommendation of said Commission, to remove District and Appellate Judges for misconduct and to retire such judges in cases of disability."

"AGAINST the Constitutional Amendment providing for the automatic retirement of District and Appellate Judges for old age, creating the State Judicial Qualifications Commission, defining its functions; and empowering the Supreme Court, upon recommendation of said Commission, to remove District and Appellate Judges for misconduct and to retire such judges in cases of disability."

Sec. 3. The Governor shall issue the necessary proclamation for the election, and this Amendment shall be published as required by the Constitution and laws of this State.

Good Advice for Young People
The following advice has been given by Juvenile Judge Philip Gilliam, of Denver, Colorado. Says we hear the plaintive cry of the teen-ager, "What can we do? Where can we go?" The answer is, go home! Hang the storm windows, paint the woodwork, rake the leaves, mow the lawn, shovel the walk, wash the car, learn to cook, scrub some floors, repair the sink, build a boat, get a job. Help the minister, priest or rabbi, the Red Cross, the Salvation Army, visit the sick, assist the poor, study your lessons. And when you are through,

What's Better?
"As citizens of the world's greatest democracy we know first hand of horrible injustices that are perpetrated by skillful law dodgers. We know that a democracy protects the crooks, the evildoers, and the scum of our society completely too many times. Sometimes it seems as though it were devised to encourage con-ning and skulduggery. We forgive, forget and overlook flagrant violations of decency and honor. And yet—this is the best. What's better?"—Humboldt, Iowa., Independent.

SENATE JOINT RESOLUTION NO. 47 proposing an Amendment to Section 4, Article III, Constitution of the State of Texas, to provide for four-year terms of office for State Representatives.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
Section 1. That Section 4, Article III, Constitution of the State of Texas be amended to read as follows:
"Section 4. The members of the House of Representatives shall be chosen by the qualified electors for the term of four years; but a new House of Representatives shall be chosen after every apportionment, and the members elected after each apportionment shall be divided by lot into two classes. The seats of the members of Class A shall be vacated at the expiration of the first two years, and those of Class B at the expiration of the next two years, so that one-half of the members of the House of Representatives shall be chosen biennially thereafter. Representatives shall take office following their election, on the day set by law for the convening of the Regular Session of the Legislature, and shall serve thereafter for the full term of years to which elected, and until their successors shall have been elected and qualified. Except in case of an election to fill a vacancy, and except in the first election following each re-apportionment, a person who has been elected to the House of Representatives shall not be eligible to be candidate again for membership in the Legislature until the term for

Dampens Fond Hopes of Utopia

The St. Lawrence Seaway's director of operations has made this candid statement: "The Seaway's chief drawback seems to me to be that it was grossly oversold and its program suffers from comparison with the rosy forecasts so zealously touted by some of its promoters. It was to be the panacea of all ills, and reality comes like a shower of cold water, cooling ardor and dampening fond hopes of Utopia."

HOUSE JOINT RESOLUTION NO. 81 proposing an Amendment to the Constitution of the State of Texas, amending Section 51-a and Subsections 51-a-1 and 51-a-2 of Article III so that the same shall consist of one section to be known as Section 51-a; providing that the Legislature shall enact appropriate legislation which will enable the State of Texas to cooperate with the Government of the United States in providing assistance to and/or medical care on behalf of needy aged persons over the age of sixty-five (65) who are citizens of the United States or non-citizens who shall have resided within the boundaries of the United States for at least 25 years, needy persons under the age of sixty-five (65) who are totally and permanently disabled and who are citizens of the United States, needy blind persons over the age of eighteen (18) who are citizens of the United States, and needy children under the age of twenty-one (21) years who are citizens of the United States and to the caretakers of such children; providing rehabilitation and any other services included in the Federal legislation providing matching funds to help such families and individuals attain or retain capability for independence or self-care; and for the payment of assistance to and/or medical care for, and for rehabilitation and other services for:

"(1) Needy aged persons who are citizens of the United States or non-citizens who shall have resided within the United States for at least twenty-five (25) years and are over the age of sixty-five (65) years; (2) Needy individuals who are citizens of the United States who shall have passed their eighteenth (18th) birthday but have not passed their sixty-fifth (65th) birthday and who are totally and permanently disabled by reason of a combination of physical and mental handicaps; (3) Needy blind persons who are citizens of the United States and who are over the age of eighteen (18) years; (4) Needy children who are citizens of the United States and who are under the age of twenty-one (21) years, and to the caretakers of such children.

"The Legislature may define the residence requirements, if any, for participation in these programs.

"The Legislature shall have authority to enact appropriate legislation which will enable the State of Texas to cooperate with the Government of the United States in providing assistance to and/or medical care on behalf of needy persons, and in providing rehabilitation and any other serv-

ices included in the Federal legislation providing matching funds to help such families and individuals attain or retain capability for independence or self-care, and to accept and expend funds from the Government of the United States for such purposes in accordance with the laws of the United States as they now are or as they may hereafter be amended, and to make appropriations out of State funds for such purposes; provided that the maximum amount paid out of State funds to or on behalf of any individual recipient shall not exceed the amount that is matchable out of Federal funds; provided that the total amount of such assistance payments and/or medical assistance payments out of State funds on behalf of such recipients shall not exceed the amount that is matchable out of Federal funds; provided that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate Federal statutes as they now are or as they may be amended, to the extent that Federal matching money is not available to the State for these purposes, then and in that event the Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and enact such laws as may be necessary in order that such Federal matching money will be available for assistance and/or medical care for or on behalf of needy persons; and provided further that the total amount of money to be expended per fiscal year out of State funds for assistance payments only to recipients of Old Age Assistance, Aid to the Permanently and Totally Disabled, Aid to the Blind, and Aid to Families with Dependent Children shall never exceed Sixty Million Dollars (\$60,000,000).

"Nothing in this Section shall be construed to amend, modify or repeal Section 31 of Article XVI of this Constitution; provided further, however, that such medical care, services or assistance shall include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision. Nothing here in shall be construed to permit optometrists to treat the eyes for any defect whatsoever in any manner nor to administer nor to prescribe any drug or physical treatment whatsoever, unless such optometrist is a regularly licensed physician or surgeon under the Laws of this State."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Monday in November, 1965, at which election all ballots shall have printed thereon the following:
"FOR the Constitutional Amendment providing for assistance to and/or medical care for the: (1) needy aged; (2) needy individuals who are permanently and totally disabled; (3) needy blind; and (4) needy children and the caretakers of such children; authorizing the Legislature to cooperate with the Government of the United States in providing assistance to and/or medical care on behalf of such needy persons, and in providing rehabilitation and any other services included in the Federal legislation providing matching funds to help such families and individuals attain or retain capability for independence or self-care, and to accept and expend funds from the Government of the United States for such purposes, and to make appropriations out of State funds for the purpose of providing assistance to and/or medical care and rehabilitation and any other services included in the Federal legislation providing matching funds on behalf of such needy persons; providing that the amounts expended out of State funds to and/or on behalf of individuals shall not exceed the amount that is matchable out of Federal funds; providing that the total amount of such assistance payments and/or medical assistance payments out of State funds on behalf of such recipients shall not exceed the amount that is matchable out of Federal funds; provided that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate Federal statutes as they now are or as they may be amended, to the extent that Federal matching money is not available to the State for these purposes, then and in that event the Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and enact such laws as may be necessary in order that such Federal matching money will be available for assistance and/or medical care for or on behalf of needy persons; and providing further that the total amount of money to be expended per fiscal year out of State funds for assistance payments only to recipients of Old Age Assistance, Aid to the Permanently and Totally Disabled, Aid to the Blind, and Aid to Families with Dependent Children shall never exceed Sixty Million Dollars (\$60,000,000). STATE CAPITAL Highlights AND Sidelights by Vern Sanford

TEXAS PRESS ASSOCIATION

Austin, Tex.—State offices are playing a game of musical chairs. Better make note of these departmental moves that have just taken place, are now being made or will be completed this month:

- Teacher Retirement System of Texas has moved from the fourth floor of the Sam Houston State Office Building, formerly State Office Building No. 1, to the third floor of the Lovick Building.
- Texas' new Coordinating Board of Higher Education soon will occupy the entire sixth floor of the Sam Houston State Office Building.
- Parks Division of the Texas Parks & Wildlife Department moves out of the Sam Houston Building—into the newly acquired American Legion Building—to make room for the Board of

Higher Education.

- State Building Commission will move from the Reagan State Office Building (State Office Building No. 2) into the west wing of the Sam Houston Building.
- Texas Tourist Development Agency, now in the Sam Houston Building, will move into offices in the Reagan Building vacated by the Building Commission.
- State Water Commission will move from the American Legion Building into the east wing of the Sam Houston Building.

A. G. OPINIONS—Atty. Gen. Waggoner Carr reached these conclusions in official rulings:

- City employees installing rest room facilities in municipal parks must be paid the prevailing wage rate.
- Board of Pardons and Pardoners has no authority to recom-

mend, and the governor no power to grant a posthumous full pardon to a deceased convicted felon on application of a relative or other interested party.

- An act authorizing Grayson County Commissioners Court to appoint a juvenile officer and assistant is unconstitutional as a "local and special" law.

- State employees can collect \$12 a day travel allowance if staying at regular public lodgings, but only \$7 if they stay on military installations or at educational or eleemosynary institutions.

APPOINTMENTS—Governor Connally has named Judge James Ellis of Lubbock's County Court at Law as judge of the new 137th District Court in Lubbock County.

Lt. Gov. Preston Smith appointed to the interim committee on state and local tax policy Sens. Gallopay Calhoun Jr. of Tyler, David Ratliff of Stamford and Jack Strong of Longview. On the committee for restoration of the flag of Santa Anna, he placed Sens. Dorsey B. Hardeman of San Angelo and Charles Herring of Austin.

House Speaker Ben Barnes selected five public-at-large members of a committee to study the problem of salt pollution of underground and surface water of inland areas and recommend legislation that's needed. They are former Congressman Joe Kilgore of Austin, former Smith County Judge Harry Loftis of Tyler, Charles P. McGaha of Wichita Falls, Runnels County Judge W. H. Rumpy and former Atty. Gen. John Ben Shepperd of Odessa.

Barnes named Reps. G. F. Mutscher of Brenham and Maurice S. Pipkin of Brownsville to the Legislative Budget Board. Reps. W. S. Heatly of Paducah and Ben Atwell of Dallas automatically are budget board members since they are chairmen of appropriations and revenue and taxation committees of the House.

Earlier Barnes picked a committee composed of Reps. Roger Thurmond Jr. of Del Rio, Bill Rapp of Raymondville, John E. Blaine of El Paso, Dick McKisack of Dallas and Jack McLaughlin of Fort Worth to study the Texas liquor control act.

INTERCOASTAL CANAL DILEMMA—Joe Moore has a \$400,000 problem and, so far, no solution.

Moore, a member of Gov. John Connally's staff, is trying to find a way to allow Texas to live up to its commitment made by Gov. Allen Shivers exactly 10 years ago.

In August of 1955, Governor Shivers gave the state's endorsement to a proposal for the widening and deepening of the Intra-coastal Waterway from the mouth of the Sabine River to just south of the Brazoria County line across West Bay.

He assured the U. S. Army Corps of Engineers that local sponsors would meet the cost of the right-of-way so that the canal

could be widened to 140 feet from 125 feet.

"All that was needed to keep the project going in 1955 was the state's commitment," Moore said. "There was no need to produce the right-of-way money then. But there is now, if we're not going to lose the project. The state has at least a moral commitment to aid in getting local sponsors."

Although no firm figures are available, Moore believes acquisition of right-of-way for the project through Jefferson, Chambers and Galveston Counties would cost about \$400,000. The federal government's cost of widening and deepening the waterway is expected to be in excess of \$6,000,000.

Completion of the project will open the channel to Mississippi River barges.

TRAIN LAKES—Changing times were reflected in three recent actions of the Texas Water Commission.

Actions amend West Texas water permits at the request of the Gulf, Colorado and Santa Fe Railway Company.

Company built three lakes years ago—in Nolan, Lampasas and Mills Counties—so that their steam-boiler engines would have water supplies.

Permission to use the lakes for recreational purposes now has been granted, since today nearly all engines are diesel and don't need water.

Nolan County's lake also will provide irrigation water for the Sweetwater Country Club.

Time-Lock Cigarette Case Available

A bulletin issued by the Public Service Company of Colorado reports that a time-lock cigarette case is among the new crop of ideas aimed at the bemused cigarette smoker. It will help the too frequent puffer to go anywhere from 10 minutes to two hours between smokes. The case is preset from the inside and, when closed, will not open again before the preset time. The bulletin observes that hammers are effective, however, for those who overestimate their will power.

Kremlin Must Be Pleased

"The U. S. Supreme Court has nullified the federal law which bars communist party members from serving as officers in labor unions. That's what we said! Don't you know the Kremlin is pleased with that one! Come to think of it, we frequently get the impression that the communists have a Supreme Court in this country . . . and it's about time we Americans got one of our own!"—West Point, Miss., Times Leader.

Brief Account of 1965 Social Security Changes

In addition to the hospital insurance and the medical insurance provisions which President Johnson signed into law on July 30th, there are many other changes and innovations in the Social Security Act, according to Francis J. Stevens, the Social Security representative for Foard County.

A brief summary of the changes was furnished by Mr. Stevens who has undertaken the task of keeping Foard residents up to date in these recent developments. He said that the major provision of the new bill is, of course, the health insurance benefits.

There are two plans, both for persons 65 and over. The first is the hospital insurance plan which will be financed for the most part by an earnings tax. It provides for in-patient hospital services, post-patient hospital diagnostic services and post-hospital home health services.

The second plan is a voluntary supplementary medical insurance plan for all persons 65 and over. Individuals enrolling will pay \$3 a month. This plan will cover physicians' services, home health services, and several other medical services.

The patient will bear some of the cost under each plan. The earliest effective date for benefits is July 1, 1966.

The bill provides for a 7 per cent increase in benefits effective January, 1965. The minimum increase is \$4 for retired workers age 65 or older.

A person receiving social security benefits may have annual earnings of \$1500 and still receive all his benefits. This is effective for 1966.

Child's benefits will be paid after age 18 and to age 22 if the child is a full-time student in a public or accredited school.

Widows may elect to receive benefits at age 60 at a lesser amount than they would receive at age 62. This is effective September, 1965.

There is now a temporary "insured" status provision for workers who reached retirement age (62 for women, 65 for men) in 1955 or 1956. Persons of that age may now be qualified with less quarters of covered than were formerly required. Wives and widows may possibly qualify also. A worker's benefit in such a case would be \$35.

In addition to the above, Stevens said, there are major changes in the disability requirements and in the qualification for certain dependents for benefits.

Effective with 1965, doctors of medicine are covered under social security as self-employed persons. Interns will be covered as employees in 1966.

Cash tips will be covered as wages beginning in 1966.

Farmers may report up to \$1600 as optional earnings beginning in 1966. The present limit is \$1200.

Ministers may file waiver certificates to be covered as self-employed persons through April 15, 1966.

Waiver provisions for non-profit organizations also were modified. Stevens said there were several administrative changes as well as changes in the state administered Kerr-Mills program.

No action can be taken on any of these changes until after September 1, 1965.

Should Be Defended

"There has been much controversy as to how states which have enacted right-to-work laws compare economically with those which have not. Expert manipulators of statistics can make a case for either side of this controversy, and can thus confuse voters . . . The important thing, we believe, is the direction we are heading with regard to the preservation of freedom. And Wyoming's right-to-work law is a step in the right direction. It should be defended by all who believe in constitutional freedom and basic rights of the individual."—Afton, Wyo., Independent.

Part-Time Job

"One of the best things that can happen to a 14-or-more-year-old is a part time job, which also an educational experience in real life. We have listened much to social planners about evils of child labor. A worse situation is the evil of idleness. A youngster bubbling over with excess energy. It is very true that any so-called juvenile delinquent is due to this situation much as any lack of parental concern."—Tonganoxie, Kansas, For.

Proposed CONSTITUTIONAL AMENDMENT NUMBER FIVE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

SENATE JOINT RESOLUTION NO. 27 proposing an Amendment to the Constitution of the State of Texas, amending Article III of the Constitution of the State of Texas by adding a new Section thereto to be designated Section 48b, so as to create as an agency of the State of Texas the Teacher Retirement System of Texas, vesting the general administration and responsibility of the proper operation of said system in a state board of trustees to be known as the State Board of Trustees of the Teacher Retirement System of Texas, authorizing said Board to invest assets of said system in various obligations and subjects of investment, subject to certain restrictions stated therein and such other restrictions as may hereafter be provided by law; providing that such Amendment shall be self-enacting and shall not alter, amend or repeal Section 48a of Article III of the Constitution of Texas or any legislation passed pursuant thereto except insofar as such legislation may limit or restrict the provisions of this Amendment; providing for the necessary election, form of ballot, proclamation, and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding Section 48b thereto which shall read as follows: "Section 48b. There is hereby created as an agency of the State of Texas the Teacher Retirement System of Texas, the rights of membership in which, the retirement privileges and benefits thereunder, and the management and operations of which shall be governed by the provisions herein contained and by present or hereafter enacted Acts of the Legislature not inconsistent herewith. The general

administration and responsibility for the proper operation of said system are hereby vested in a State Board of Trustees, to be known as the State Board of Trustees of the Teacher Retirement System of Texas, which Board shall be constituted and shall serve as may now or hereafter be provided by the Legislature. Said Board shall exercise such powers as are herein provided together with such other powers and duties not inconsistent herewith as may be prescribed by the Legislature. All moneys from whatever source coming into the Fund to provide retirement, disability, and death benefits for persons employed in the public schools, colleges, and universities supported wholly or partly by the state and all other securities, moneys, and assets of the Teacher Retirement System of Texas shall be administered by said Board and said Board shall be the trustee thereof. The Treasurer of the State of Texas shall be custodian of said moneys and securities. Said Board is hereby authorized and empowered to acquire, hold, manage, purchase, sell, assign, trade, transfer, and dispose of any securities, evidences of debt, and other investments in which said securities, moneys, and assets have been or may hereafter be invested by said Board. Said Board is hereby authorized and empowered to invest and reinvest any of said moneys, securities, and assets, as well as the proceeds of any of such investments, in bonds, notes, or other evidences of indebtedness issued, or assumed or guaranteed in whole or in part, by the United States or any agency of the United States, or by the State of Texas, or by any county, city, school district, municipal corporation, or other political subdivision of the State of Texas, both general and special obligations; or in home office facilities to be used in administering the Teacher Retirement System including land,

equipment, and office building; or in such corporation bonds, notes, other evidences of indebtedness, and corporation stocks, including common and preferred stocks, of any corporation created or existing under the laws of the United States or of any of the states of the United States, as said Board may deem to be proper investments; provided that in making each and all of such investments said Board shall exercise the judgment and care under the circumstances then prevailing which men of ordinary prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income therefrom as well as probable safety of their capital; and further provided, that a sufficient sum shall be kept on hand to meet payments as they become due each year under such retirement plan, as may now or hereafter be provided by law. Unless investments authorized herein are hereafter further restricted by an Act of the Legislature, no more than one per cent (1%) of the book value of the total assets of the Teacher Retirement System shall be invested in the stock of any one (1) corporation, nor shall more than five per cent (5%) of the voting stock of any one (1) corporation be owned; and provided further, that stocks eligible for purchase shall be restricted to stocks of companies incorporated within the United States which have paid cash dividends for ten (10) consecutive years or longer immediately prior to the date of purchase and which, except for bank stocks and insurance stocks, are listed upon an exchange registered with the Securities and Exchange Commission or its successors; and provided further, that so long as less than \$500,000,000 of said Fund is invested in the government and municipal securities enumerated above, not more than thirty-three and one-third per cent (33 1/3%) of the Fund shall be invested at any given time in common stocks. This Amendment shall be self-enacting and shall become effective immediately upon its adoption without any

enabling legislation. This Section shall not alter, amend or repeal the first paragraph of Section 48a of Article III of the Constitution of Texas as amended November 6, 1956, or any legislation passed pursuant thereto. This Section shall not alter, amend or repeal the second paragraph of Section 48a of Article III of the Constitution of Texas as amended November 6, 1956, or any legislation passed pursuant thereto, except insofar as the provisions of the second paragraph of Section 48a and any legislation passed pursuant thereto may limit or restrict the provisions hereof and only to the extent of such limitation or restriction."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 2, 1965, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment amending Article III of the Constitution of the State of Texas by adding Section 48b relating to the Teacher Retirement Fund and the Teacher Retirement System of Texas, revising provisions for investment of moneys and other assets of the Fund, and changing other existing provisions and making other new provisions with respect to the administration of the Teacher Retirement System."

"AGAINST the Constitutional Amendment amending Article III of the Constitution of the State of Texas by adding Section 48b relating to the Teacher Retirement Fund and the Teacher Retirement System of Texas, revising provisions for investment of moneys and other assets of the Fund and changing other existing provisions and making other new provisions with respect to the administration of the Teacher Retirement System."

Sec. 3. The Governor of Texas shall issue the necessary Proclamation for the election and this Amendment shall be published in the manner and for the length of time required by the Constitution and laws of this state.

THIRTY YEARS AGO

News items below were taken from the Thursday, August 8, 1935, issue of The Foard County News:

A larger number of independent threshing rigs were in operation in Foard County during the recent wheat harvest than in several years, the total number being 17 or possibly more.

Howard Gamble of Thalia received a fractured collar bone and severe head bruises when he fell from the bumper of a car Saturday night near the home of Bert Abston in the Rayland community.

Greasing service was started this week at the Roberts Service Station following installation of the most modern type of Globe hydraulic hoist at the station last week.

Roy Ayers of Riverside and Mr. and Mrs. Fred Rennels and son, Clark, were in Amarillo Monday to hear Henry A. Wallace, Secretary of Agriculture.

Dirt approaches to both ends of the new bridge now under construction across Pease River have been completed. Work was finished Tuesday on the new grade from the pavement in Hardeman County to the north river bank.

Abolishment of county administration of relief in Texas has been announced by Adam R. Johnson, state relief director.

Mrs. Lewis Sloan and Miss Elizabeth Kincaid have been employed to teach in the local school system during the 1965-66 term. I. T. Graves, superintendent, will assign them to their positions in the local schools later.

Approximately one million dollars worth of checks paying rural teachers of Texas under the federal aid program which enabled nearly 1,500 schools this year to complete a normal term, have been mailed from Texas Relief Commission headquarters.

The rate from Crowell to Lubbock has been reduced from \$3.69 to \$3.15, according to an announcement this week by the Red Star Coaches.

Miss Peggy Merrill of Cee Yee was honored by Miss Peggy Thompson with a picnic at Gribble Park Monday evening. Attending were Mr. and Mrs. Ernest Spears, Miss Edith Cleveland, Misses Merrill, Jim Lois Gafford, Madge Moyer, Eloise Saunders, Lillie Lett and Peggy Thompson, and Messrs. Henry Teague, Charlie Ashford, Ted Reeder, Dan H. Clark, Munson Welch, Neal Daniels of Vernon and Crockett Fox.

International Community Totals 866

The University of Texas' international community this semester numbers 866, including regularly enrolled foreign students, participants in a special Saudi Arabian Training Project, and visiting scholars from other lands. The tabulation was made by Dr. Joe W. Neal, International Office director, who said the foreign visitors represented 66 different countries. Forty-six of the countries are outside the Western Hemisphere. Saudi Arabia's delegation is by far the largest, 280 students and one visiting scholar. Free China is second with 59 students and three scholars. A directory of foreign students and visiting scholars has just been published by the International Office.

Great Agriculture Yields Industry

"With great agriculture comes great industry," says the chairman of the board of directors of Texas A&M University.

Board Chairman Sterling G. Evans of Houston made the statement in a speech before 1,100 people from 13 southern states who met in Dallas recently at the annual meeting of the Southern Agricultural Workers Association.

In his speech, "Southern Agriculture in an Urban Society," Mr. Evans stressed the need to make the American public aware that "the greatest hope for industry lies in the field of agriculture."

Cheap food, housing, medical care and transportation can come only through great and efficient agricultural workers, Evans said.

The south has sent large numbers of people to the north and west, he continued, but still retains a relatively young population.

More than three million people have gone to other areas from the 13 southern states since 1950, according to Evans, with the heaviest migration from West Virginia, Arkansas and Mississippi.

"The migration will continue unless the economic growth of the south is speeded up substantially," he said.

Even though the south is gaining in education, it still lags behind other areas of the country, stated the well known businessman and cattle breeder. He noted, however, that although income levels of most people in the south fall below those of the north, southerners with four years of college education show slightly higher incomes than the same group in the north and west.

"What an opportunity this gives for exploiting the possibilities of a college education for southern universities," he said.

Correspondence from veterans and others pertaining to medical services should continue to be addressed to the VA Outpatient Clinic in Lubbock and correspondence pertaining to other veterans' benefits should be directed to the VA Regional Office in Waco.

Public welfare should be a vehicle for raising the standards of the recipient, not a reward for indolence and depravity, says Judge Juanita Kidd Stout of Philadelphia. . . I have the deepest sympathy for the good mother struggling to bring up her children on a welfare grant. . . But I deplore a system that regards the handing out of checks as its prime function, that subsidizes the lazy and immoral home with the taxpayers' dollar. . . —Lake City, S. C., Times-Herald.

Land Leased for Deer Hunting Increases

The number of Grimes County (East Texas) landowners leasing land for deer hunting increased from 35 in 1954 to 240 in 1964, according to Texas Parks and Wildlife Department records.

VA Regional Office Now Moving from Lubbock to Waco

Thursday, August 12, is the last day the Veterans Administration regional office in Lubbock will be open for business.

The Lubbock and Waco VA offices are scheduled to be consolidated into one regional office. Movement of veterans' records, office equipment and personnel will be accomplished during the week end beginning August 13. On the following Monday, August 16, the consolidated regional office will be in operation at 121 South Sixth Street in Waco.

Remaining in Lubbock will be the outpatient clinic to continue compensation and pension examinations and outpatient treatment services to veterans of this area. The clinic will remain in the same location, 1612-20 Nineteenth St., Lubbock, Texas.

In addition to the outpatient clinic, there will be some employees remaining in the area to assist in providing direct services to veterans. These will consist of personnel in contact, loan guaranty and guardianship programs and will be located in Lubbock, Abilene, Amarillo, Big Spring, El Paso and Midland. Counseling service in connection with education and training benefits will continue to be provided in Lubbock.

Correspondence from veterans and others pertaining to medical services should continue to be addressed to the VA Outpatient Clinic in Lubbock and correspondence pertaining to other veterans' benefits should be directed to the VA Regional Office in Waco.

Piggyback Headed for Million Carload Year

The Association of American Railroads reports that piggyback, a tiny part of railroad operations just a few years ago, is headed for its first million-carload year. Railroads were averaging nearly 19,000 flatcars loaded with high-way trailers each week through the first half of 1965—an increase of nearly 16 per cent over last year's piggyback pace. Some 21,000 special flatcars are available for piggyback operations.

Airboat Used in Bird Banding Operations

An airboat equipped with a 1,200-watt generator provided the mobility and illumination for experimental night-lighting water-fowl trapping and banding in coastal marshes by Texas Parks and Wildlife Department biologists. The technique was found to favor success in capturing diving ducks. Cannon net gear effects the actual trapping.

How Far and How Fast

From the Bangor, Maine, Daily News: "The question is: How far and how fast do the people want the federal government to go? These vast social plans are being introduced while the government operates at a deficit. They mean the creation of new agencies and expansion of others—additions to an already ponderous, often blundering and wasteful, federal bureaucracy. They mean additional federal regulations and controls. Better health and better education are essential to achieving a better society. But must the nation become a welfare state to achieve these goals? That is the underlying issue."

Mutual Problems

Anthony Harrigan writes in National Review: "It would be foolish for Americans to believe that Japan and the United States have a complete identity of national interest. The U. S. is only in part a Pacific-oriented nation. But the two countries have certain problems and needs in common. We are Japan's No. 1 customer; in turn, Japan is our chief customer, after Canada. It is to the advantage of both great Pacific nations to maintain that relationship. In addition, both countries need to keep the sea lanes open, to block Communist China from dominating the islands and rimland of Southeast Asia, and from turning the Indian Ocean—around which are rich trading opportunities—into a Red lake."

Hunter Cooperation

Appeals for hunter cooperation in researching white-winged doves prompted submission of 16,422 dove legs for age studies by 1,713 hunters last fall. This was reported by the Texas Parks and Wildlife Department.

It's Ironic

"It's ironic, but the Congress can spend weeks debating a poll tax voting bill, but spends only a few days considering a Medicare bill. Guess they figure, easy come, easy go."—Ellicottville, N. Y., Post.

FBI Record

The Federal Bureau of Investigation conducted investigations which led to 12,921 convictions during fiscal 1964—a figure representing 96.5 per cent of all persons brought to trial. Fines, savings and recoveries rose to \$210,771,402, a new high. This sum amounted to \$1.43 for every dollar appropriated for the Bureau.

Advertisement for Bids

Sealed proposals will be received by the Board of Trustees, Crowell Independent School District, Crowell, Texas, until 7th of September, 1965, at the office of the Superintendent of Schools, for the construction of a new gymnasium to be located on the existing school site.

Bidders are invited to be present when the bids will be publicly opened and read aloud at the Crowell High School Cafeteria at 3:00 o'clock p. m.

The work to be included under this contract consists of furnishing of all materials, supplies, equipment, tools, transportation and facilities, and the performance of all labor and services necessary for, required in connection with or properly incidental to the construction of a masonry and steel gymnasium building.

Bids will be accepted only from qualified, approved bidders. Copies of the drawings, specifications and other proposed documents are on file and may be seen at the offices of Pardue, Read & Dice, Architects and Engineers, 1901 Tenth St., Wichita Falls, Texas. One complete set of such documents may be obtained by each prime contractor upon deposit of \$25.00 which deposits will be refunded to each actual bidder upon return of such documents in good condition within three (3) days after opening of bids.

The right is reserved as the interests of the Owner may require, to accept or reject all proposals, or to overlook any irregularities or informalities in any proposal received.

Proposals shall be submitted only on forms furnished by the Architects and Engineers. All blanks on each proposal submitted must be filled out.

All bidders shall include a cashiers check, certified check, or Bid Bond in the amount of 5% of the largest possible total for the bid, made payable to the owner as a guarantee that, if awarded the contract, the bidder will promptly enter into a contract and execute 100% Performance and Labor and Material Payment Bonds.

Best Instrument for Enlightening Mind

"Thomas Jefferson was quick to perceive that representative government couldn't endure in the absence of an informed electorate. He wrote in 1832 that the press was 'the best instrument for enlightening the mind of men' . . . His plain inference was that an enlightened electorate would know how to go about organizing an enlightened government . . . The function is unchanged since his time."—Sylacauga, Ala., News.
