Neighbors Plan Entrance to Community Action Program

Representatives from four neighboring towns—Paducah, Chillicothe and Quannah—met in Crowell last Thursday to hear Norman McCarver explain the Community Action Program which is sponsored by the federal government and is available throughout the state. The meeting was held in school cafeteria with Crowell's Superintendent of Schools, Henry Black, presiding.

His remarks, McCarver stated by a definition of poverty suggested by Sargent Shriver, national head of the Community Action Program, there are 35.6 million underprivileged people in the nation. He added that there are 700,000 illiterate people in Texas 25 years of age or older.

He said that the C. A. P. is a "concentrated effort to help the poor through education." Some of the areas in which the program can be used are in helping high school drop-outs with a work-training program, financial assistance to potential college dropouts and schools for adult illiterates, in addition to many others.

He explained the process which the four counties, working together, should take in forming an organization, applying for a charter, and then deciding what programs can be used and making application for federal funds to carry out the programs.

Five persons from each county represented, except Cottle which had only two at the meeting, were appointed as a steering committee to get the preliminary work underway. Foard County appointees were Robert Kincaid, Leslie Thomas, Henry Black, Jack Welch and Joe Burkett.

Another meeting for the county representatives was set for the First National Bank in Quannah this week.

Bronco Is Ford's Four-Wheel-Drive Entry for 1966

Ford Division of Ford Motor Company this week launched the 1966 automotive model year with the announcement of a completely new line of four-wheel drive vehicles called "Bronco."

The new Ford Bronco is a sports-utility vehicle which, with its standard two- and four-wheel drive, is equally at home on a rugged mountain grade or on a run to the shopping center. Designed to operate on or off the highway, the new Ford vehicle comes in three body styles—a sporty roadster, a roomy wagon and a short-roof utility model.

Donald N. Frey, company vice president and Ford Division general manager, said "the Ford Bronco has been designed to join the Mustang in providing modern, active Americans with driving adventure as well as practical transportation."

Mr. Frey noted that there are now some 300 organized "four-wheeler" groups in the U. S.— numbering about 10,000 members—who use utility vehicles for driving and camping in rugged locales.

"We talked to these owners who enjoy exploring the remote wilderness as well as to others who drive over less rugged terrain," he explained, "and they told us what features they wanted most in a sport and utility vehicle."

Mr. Frey said the characteristics asked for include: higher highway cruising speed, the ability to climb steeper grades, improved ride, weather-tight cabs, more comfortable seats, shorter turning radius, readily available parts and service.

"We achieved all these characteristics in the Bronco's design," Mr. Frey said. "We think of the Bronco as neither a conventional car nor a truck, but as a vehicle which combines the best of both worlds," he continued. "It can serve as a family sedan, a sports roadster, a snow plow, or as a farm or civil defense vehicle. It has been designed to go nearly anywhere and do nearly anything."

Mr. Frey said the market for utility vehicles has grown from slightly more than 11,000 in 1960 to more than 40,000 last year, and he predicted expansion to 70,000 by 1970.

"We expect the Bronco to be a leader in that growth," he concluded.

The new Ford Bronco will be in Ford dealer showrooms in September.

Boom! Bang! Mourning Dove Season Opens Sept. 1

The opening salvo in the 1965 wildlife harvest season will be fired at noon, Wednesday, Sept. 1, in 185 Texas counties.

That time marks the opening of the mourning dove season in the north zone, which covers about three-fifths of the state.

P. B. Uzzell, wildlife coordinator for the Texas Parks and Wildlife Department, said prospects are favorable for substantial numbers of the most popular upland game bird in Texas. He said reports indicate a generally good hatch in most areas and that food and water conditions have been adequate, except in a few scattered areas.

The opening mourning dove bombardment at noon Sept. 1 will be reinforced within one week by two distinctive shoots. One will be the traditional white-winged dove shoot in Rio Grande Valley counties, Sept. 4-5 and Sept. 11-12. The other will be an experimental season on teal ducks, Sept. 4-12. Special permits, already issued by deadline, are required for the teal hunt, for which there is a four per-day and eight in possession limit after the first day.

Uzzell cautioned hunters that dove hunting will be permitted from noon to sunset, that the usual regulations involving plugged guns to three shots and such, will prevail, and that the south zone season will not open until noon Sept. 25.

The wildlife coordinator said the best time to hunt usually is late afternoon and that grain fields, wild seed areas and the stock tanks are favored shooting spots. He advised hunters to obtain land owners' permission and to avoid shooting on highways or from cars.

The dove limit is 12 a day or 24 in possession, after the first day.

Special Hunting Season on Teal Ducks to Open Sept. 4th

The special hunting season on teal which opens in Texas, Wyoming and Colorado on September 4 is an experiment in species management, according to the Bureau of Sport Fisheries and Wildlife.

The blue-winged teal is one of the most abundant of North American ducks, with a breeding population of about four million. Since migrating blue-wings head southward in the fall, ahead of the usual opening day for duck hunting, hunters do not have the opportunity to harvest many of them.

But blue-winged teal are also known to suffer a high rate of natural mortality. One answer being sought in this experimental season is whether these teal can sustain additional hunting without detrimental effects to their population levels. It is hoped that additional hunter harvest will merely substitute for part of the natural mortality.

A second goal, involving the hunter himself, is to determine whether hunters can accurately identify and shoot teal without ill effects to other duck species. Bureau of Sport Fisheries and Wildlife officials emphasize that the hunter, himself, is on trial here, and the possibility of future special seasons will depend in large part upon the ability of the hunter to select legal teal and pass up shots at other ducks.

A number of different hunter surveys will be used to evaluate the experimental season's results.

Crowell, Texas, August 28. These include hundreds of variations of the hunter in the by state and federal law enforcement officers and biologists' examination of thousands of wings submitted by cooperative hunters, and a mail questionnaire directed to holders of teal hunting permits.

Additional facts will be gathered by recoveries of leg bands in thousands of waterfowl banded in recent years, as well as from the annual ground population survey which measure the effects of seasons upon population levels. Combined information from these sources will determine whether similar seasons will be allowed in future years.

No "mistake" ducks will be allowed, the Bureau warned, hunters are cautioned, waterfowl a fair deal—by the teal."

Only the three teal species—blue-wings, green-wings, and mallards—are fair game during nine-day season. The daily limit is four with an annual possession limit, after the day, of eight. Hunters are reminded that they must be special teal hunting permits if over 16 years of age, a Waterfowl Hunting Stamp in possession before hunting to

Social Security for Age 60 Widows

Many widows of men who worked under social security are eligible to choose to start their social security benefits when they are 60 instead of waiting until they are 62 as a result of the recent changes in the law, Francis J. Stevens, social security representative for Foard County, announced this week. This change becomes effective in September, 1965.
Up to now, a widow could not start receiving benefits until age 62 unless she had in her care a child who was also getting benefits.
A widow choosing to get monthly benefits when she is 60 will receive a smaller payment than one who waits until she is 62, Stevens continued. This is to make up for the longer time she will get benefits.
If a widow decides to get benefits when she is just 60, they will be reduced by 13 1/3 per cent. If she chooses to start when she becomes 61, the reduction will be 6 2/3 per cent.
For example, if a widow whose husband's average income was \$3,600 a year decides to start her payment when she is 60, she will get \$80.50 a month. If she chooses to start when she is 61, her rate will be \$86.70; and if she waits until she is 62, she will get \$92.80 a month.
Once a widow receives benefits before she is 62, she will always get a reduced benefit, even after she is 62, Stevens stressed. If she is working and earning more than ... in a year, she may not get benefits for all months before she is 62. If this happens, Stevens continued, her benefit will be adjusted upward at 62.
"If anyone has a question about her status under the social security law, I invite her to write to our office in the federal building in Wichita Falls or to me at the court house when I visit Crowell," Stevens concluded.

You Can't Post Your Farm Against Accidents

Unfortunately, there is no way to post a farm against accidents happening. There is a way, however, to protect yourself and your family from legal liability resulting from such situations. 42 Seized for Early Game Take

Jumping the gun on the coming harvest season got forty-two persons in trouble on game law violations during the month covered by the new Texas and Wildlife Department arrest report.
Premature contact with the big game herds was noted in eight cases linked to killing deer in closed season, according to J. B. Phillips, law enforcement coordinator.
Others involved illegal shooting of pheasants, dove, turkey and squirrel.
Phillips said game wardens are escalating nighttime patrols in the big game country.

Card of Thanks

I would like to express my appreciation to Dr. Stapp and the nurses for their care while I was in the hospital. Also, many thanks to my friends for their prayers and cards. May God bless each one.

Rattlers Lure Lads into Club

What's that, huh! Soft teenagers!
How about the Wichita County Rattlesnake Club, comprising high school age chaps.
They are a functioning outfit, thirty strong, organized to learn about reptiles, principally rattlesnakes, their distribution and usefulness in the balance of nature routine.
Using live specimens, these resourceful lads, provide programs for schools, civic clubs and groups interested in snake lore.
They teach first aid.
Yes, being businessmen, they sell snakes to zoos and medical laboratories.
And they do get around. One of the boys recently captured a Western Massasauga rattler, a rarity in the southwest part of Wichita County.

Population in 1985

By 1985, the U. S. Census Bureau reports, the nation's population will climb to somewhere between 248 million and 276 million.

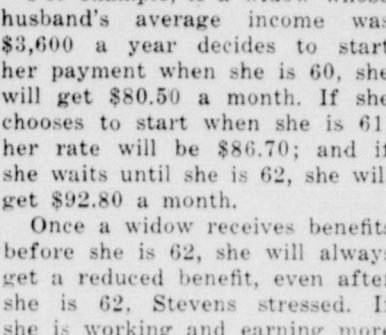

Social Security for More Older Folks

Many Foard County residents over 72 who did not previously have enough social security work credit to get benefits may now be eligible to receive benefits, according to Francis J. Stevens, Social Security representative for Foard County.
Before the recent changes in the social security law, at least 6 quarters of coverage—about a year and a half of work under the law—were required to get benefits, Stevens stated. Under the new provision, benefits may be paid in some cases to a worker over 72 (and his wife) if the worker has 3 quarters of coverage, about 9 months of work. The exact number of quarters of coverage needed depends on the age of the worker, Stevens added.
A man 76 or more or a woman 73 or more in 1965 needs just 3 quarters of coverage. A man 75 or a woman 72 in 1965 needs 4 quarters of coverage, and a man 74 or a woman 71 in 1965 needs 5 quarters of coverage (to qualify for benefits at age 72). Anyone younger needs six or more quarters of coverage.
Widows of deceased workers may also get payment under the new provision. However, the number of credits needed depends on both the widow's age and the year in which the worker died or was 65, whichever is earlier, Stevens continued.
Workers and widows of deceased workers who are eligible under this new section of the law will get \$35 a month, while wives of workers who qualify will get \$17.50 a month, Stevens stated.

Standing, Walking and
 Running for God

In a way the Christian life is a stand; in another it is a walk, and in still another a race.

In I Cor. 15:1 the Apostle Paul writes of "the gospel . . . wherein ye stand" and in Rom. 5:2 of "this grace wherein we stand," while in Gal. 5:1 he bids us: "Stand fast . . . in the liberty wherewith Christ hath made us free." Perhaps all this is well summed up in his appeal to his beloved Philippians:

"Therefore, my brethren, dearly beloved and longed for, my joy and crown . . . stand fast in the Lord, my dearly beloved" (Phil. 4:1).

But the Christian life is more than a stand—it is a walk (which in Scripture refers to conduct).

Once, says Paul, we walked "in trespasses and sins" (Eph. 2:1,2) but having been saved by grace, through faith in Christ, we are now to "walk in newness of life" (Rom. 6:4). In his epistles the apostle also bids us to "walk worthy of the Lord" (Col. 1:10), to "walk circumspectly, not as fools, but as wise, redeeming the time, because the days are evil" (Eph. 5:15-17).

But the Christian life is even more than a walk; it is a race. Sad to say, some Christians whose "walk" is consistent and commendable, have never come to look upon the Christian life as a race. They never put enough into it so that it might be said of them that they are running. Yet the same great apostle wrote, by divine inspiration:

"Let us lay aside every weight, and the sin that doth so easily beset us, and let us run with patience the race that is set before us" (Heb. 12:1).

The word "patience" in this passage points up the fact that the Christian life is not a short "hundred yard dash." Nevertheless we, believers in Christ, should put into it all that we have. "They which run in a race," says the apostle, "run all," but they do not all receive the prize. Hence the admonition: "So run that ye may obtain" (I Cor. 9:24).

Those who have not trusted Christ as Savior have not even begun to stand, or walk, much less to run a race for Him. These might as well forget rewards until they first accept "the gift of God . . . eternal life, through Jesus Christ our Lord" (Rom. 6:23).

**Most Alarming
 Characteristics of
 Some Citizens**

Writing in the FBI Law Enforcement Bulletin, Commissioner E. Wilson Purdy of the Pennsylvania State Police says: "Greater demands than ever before are being made on our police by American citizens for the preservation of law and order . . . law enforcement agencies are presently in the most critical, crucial, and abstruse era of modern American history. The entire social structure is changing from day to day. In most of our communities, where social and economic changes have taken place, you will find a restless, moving, ever-growing population which results in new tensions, new conflicts, and new demands for police service. The most alarming characteristics possessed by some of our citizens are a disrespect for authority and, many times, an outright defiance of law and rebellion against the moral code."

**Indians, Whites
 Meet at Old Fort**

The 1965 three-day Parker family reunion was held in Fort Parker State Park near Mexia. Descendants of Quanah Parker, last chief of the Comanches, are attending.

Quanah Parker was the son of Cynthia Ann Parker, a white girl who was captured by the Comanches at the age of 8 and lived with them for 24 years.

At the reunion, the Indian descendants are represented by Mr. and Mrs. Harry Page of Lawton, Okla. Mrs. Page is the daughter of Quanah Parker. The White descendants are represented by Ben J. Parker and his son, Joe B. Parker of Elkhart. The two family members will be meeting for the first time.

Max Ascoli writes in The Reporter: "All delusions or illusions to the contrary, the Communist adversary still wishes us ill; his ways of wishing us ill are infinitely varied; ours of responding pitifully few. But the major difference between us still comes from the fact that they are more adroit in the most insidious practices of warfare. This is why President Johnson was so right in Vietnam when he started repaying them in their own coin. We have also had a tendency to interpret the divisiveness in their ranks as being automatically in our favor. Not a single instance has been provided so far that this is so. . ."

Children of Mr. and Mrs. Henry Fish Honored with Party

Robert and Gordon Fish, both Radiomen 2nd Class, of San Diego, Calif., sons of Mr. and Mrs. Henry Fish, and Miss Martha Fish, senior nursing student from Houston, were honored with a party at the home of Mr. and Mrs. Harold Fish Friday night.

Home-made ice cream and cake were enjoyed, and games of forty-two were played.

Miss Susan Gray, a classmate of Martha's, also from Houston, was honored.

The Fish brothers left early Saturday for the Naval base in San Diego. The young ladies accompanied them for a 10-day vacation in California. Miss Gray's grandmother lives in Los Angeles and the girls will be visiting her and other relatives. They will return to Houston by train.

Attending the party were H. H. Fish, Mrs. Warren Prater, Mrs. Jimmy Fish and children, A. T. Fish and Darlene, Mr. and Mrs. R. L. Walling, Mrs. C. S. Lewis, all of Paducah; Mr. and Mrs. Welton Nickel and family, Sheryl Wilson, Bert Matthews, Mr. and Mrs. Henry Fish, Mr. and Mrs. N. A. Denton of Crowell; Mr. and

MRS. ROGER DALE DOYAL

Dale Doyal and Miss Jackson Wed in California

Miss Joan Ilene Jackson and Roger Dale Doyal were married in Ferndale Chapel in Santa Ana, Calif., at 7:30 p. m. August 15.

Parents of the bride are Mrs. Dortha Mae Jackson of Santa Ana, Calif., and Henry Allen Jackson of Orange, Calif. The groom's mother is Mrs. Earl Sterner of Quannah.

The double ring ceremony was read by Minister Gary Evens.

The bride wore a marquette lace, chapel length gown, with a shoulder length veil, and a beaded, appliqued bow head piece. She carried an orchid and white carnation corsage.

Bride's attendants were Miss Christine Shirar, cousin of the bride, Mrs. Doyle Duke and Miss Robin Olsen. They wore floor length gowns of deep rose pink and carried bouquets of white chrysanthemums, tied with olive green ribbon.

Best man was David R. Riggs and ushers were Joe Lawrence, and Joe Duke.

Vocalist was Miss Nancy Gilmore, and presiding at the guest book was Miss Patricia Shirar.

A reception was held following the ceremony.

The bride is a 1964 graduate of Valley High School in Santa Ana, and Mr. Doyal graduated from Crowell High School in 1963. He is now stationed in California with the Marine Corps.

The couple will reside at 11811 Gilbert, Apt. No. 4, Garden Grove, Calif.

Reception Thursday Night Honors Mr. and Mrs. Jerry Floyd

Mr. and Mrs. Jerry Floyd were welcomed to the community by members of the Band Booster Club at a reception in the band hall on August 19 at 7:30 p. m.

Mr. Floyd is the new band director for the Crowell Schools.

The refreshment table was laid with a white cloth highlighted with an orchid and pink floral arrangement. Service appointments were of crystal and silver.

Mr. Floyd announced that stage band practice would start soon after the beginning of school.

During a short business session, Mrs. Jesse Whitfield was elected president of the organization replacing Rev. Glenn Chambers, who has moved. T. H. Franklin presided at the meeting.

All persons interested in the betterment of the local bands are urged to attend the monthly meetings, the third Tuesday of each month.

MRS. RONALD F. BRADFORD

Miss Laster Is Married to Ronald F. Bradford in Dallas Ceremony

Glen Oaks Methodist Church in Dallas was the setting Saturday night for the wedding of Miss Pamela Elaine Laster and Ronald Freeman Bradford, Rev. Rodger Whiddon, pastor of Stevens Park Methodist Church, performed the ceremony before an altar decorated with all-white floral arrangements and softly illuminated by cathedral tapers.

The bride is the daughter of Mr. and Mrs. Jack M. Laster of Dallas and the groom's parents are Mr. and Mrs. W. F. Bradford of Crowell.

The bride was given in marriage by her father. She wore a floor-length dress of white crepe with a jacket of Alencon lace. Her veil of Alencon lace was attached to a white crepe pillbox hat with seed pearl applique.

Miss Peggy Laster, sister of the bride, was maid of honor. Bridesmaids were Miss Jo Nell Bradford, sister of the groom, and Miss Linda Kleber of Dallas. They wore identical dresses of blue crepe, matching shoes and veil attached to a rose of blue crepe. They each carried a long-stemmed white rose.

Miles Welch of Dallas served as best man. Groomsman were Jim Mac Gafford and Bill Smith. Candlelighters and ushers were Jimmy Cates and Jerry Setliff.

The mother of the bride was attired in a powder blue crepe dress, matching accessories and wore a corsage of pink rosebuds. The groom's mother wore a beige crepe dress with matching hat and her corsage was pink rosebuds.

The bride's parents were hosts for the reception held at the church. The bride's table was covered with white net and lace over white satin and held a white floral arrangement and silver and crystal appointments.

Mrs. Bradford is a graduate of Kimball High School in Dallas and attended Texas Technological College where her sorority was Alpha Phi. Her husband was graduated from Crowell High School and attended Baylor University and Texas Technological College.

The couple will reside in Dallas.

Frank Halencaks Attend Reunion at Brownfield

Nine of the ten sons and daughters of the late Emil and Agnes Bayer were present at the annual Bayer family reunion this year in Brownfield Aug. 12, 13, and 14. The other spoke to the gathering via long distance telephone from Long Beach, Calif.

New faces this year were members of the Zschiesche family, Willie A. Zschiesche of Indian Gap, Texas, and Raymond Streger and Mrs. Woddy Young, both of Hamilton.

Playing games, swimming, bowling and visiting were enjoyed.

Tragedy marred opening day, however, with the accidental death of 3½-year-old Nikki Riggs, daughter of Mr. and Mrs. Eugene Riggs of Seagraves at the family farm a few miles south of town.

Others attending were friends and relatives from Long Beach and San Jose, Calif.; Springfield, Colo.; Moriarty, N. M.; Arcadia, Ind.; Tulsa, Okla.; and from the Texas cities of Lubbock, Seagraves, Brownfield, Floydada, Abernathy, Nederland, Houston, Schulenburg, San Antonio and Crowell.

Attending from Crowell were Mr. and Mrs. Frank Halencak and Mr. and Mrs. Anton Kubicek and Richard.

PATTERNS FOR PROGRESS IN COMMUNITY DEVELOPMENT

The Industrial Team selling a community to industry

WTU area development representatives are available to assist growth-conscious communities in planning economic development programs

When a community prepares itself to attract new industry, a strong industrial team is essential. Industry representatives want all the facts. And only informed team members can sell a community's story accurately plus solving the industry's problems on a new location.

Team members must be thoroughly and completely informed on labor . . . taxes . . . utilities . . . transportation . . . sites . . . insurance . . . city commitments . . . and financing . . . thus indicating a minimum of seven members on the team.

As a PATTERN FOR PROGRESS a permanent Industrial Team is a definite requirement in a community's economic development program.

WTU's area development representatives have information about the organization and operation of an industrial team. This service is available to growth-conscious communities on request through your local WTU manager.

From the News . . .

THIRTY YEARS AGO

News items below were taken from the Thursday, Aug. 22, 1935, issue of The Foard County News:

Will Rogers, famous humorist and actor, and Wiley Post, noted aviator, passed beyond the human horizon when their plane crashed at Point Barrow, Alaska, at about 8 o'clock last Thursday, August 15.

Born to Mr. and Mrs. J. Tanner Billington, Crowell, Aug. 16, a girl, Gloria Ruth.

Sharp condemnation of an unfavorable report of U. S. Army Engineers regarding the proposed \$3,360,000 Pease River dam project in Foard County was expressed by the Pease River Valley Development Association in air mail letters forwarded to United States Congressmen following a called session of the association in Vernon Tuesday afternoon.

Foard County's first bale of 1935 cotton was ginned in Crowell yesterday afternoon at the Farmers Gin for E. A. Howard, who gathered the cotton on his farm five miles south of Thalia.

A five per cent acreage reduction will be the amount required on 1936 wheat contracts which will be offered soon, according to information which has reached officials of the County Wheat Association.

The marriage of Miss Evelyn Steele and Frank Cates, both of the Four Corners community, took place last Friday in the Baptist parsonage at Frederick, Okla. Miss Marie Cates, cousin of the groom, and Hayden Coffey of Crowell were present for the ceremony.

Actual work on the construction of the bleacher-seat section for the Crowell High football field was started this week. A freight car of steel for the bleacher frame is expected to reach here today. The concrete foundation was finished several days ago. When completed, seats will be provided for over 2,000 persons.

"Combined taxing districts in Foard County owe a debt of \$153,36 for each person in the county," said State Auditor Orville S. Carpenter today about the recent "Report on Taxes and Indebtedness of Local Units of Government in Texas for 1934." The state average per capita debt is \$115.10 for all local units of government. Debts range from \$20 average for each person in some counties to \$400 or \$500 in others.

Weldon Cogdell and Dr. Hines Clark of Crowell and E. M. Cox of Good Creek represented Foard County at the annual Texas National Guard camp of two weeks at Falacios that came to an end last Saturday.

The Good Creek schools will begin Sept. 2. Teachers will be Miss Jo Roark, Mrs. Mildred Thompson and Miss Katherine Woods of Crowell will teach the school at the Texas Oil Company.

Total tax valuations of the Thalia school district for 1935 amount to \$768,664.00, which is about the same as last year.

New Hunting and Fishing Licenses Needed September 1

One and one-half million "passports to paradise"—that is hunting and fishing licenses—have been put in the mail for distribution to Texas sportsmen.

The overall consignment included 775,000 fishing licenses and 736,000 hunting licenses. The present year licenses will be invalid September 1 when the new licenses become effective.

The fishing licenses cost \$2.15 to both residents and non-residents. Resident hunting licenses cost \$3.15. There is a special \$5 five-day non-resident license for hunting migratory birds, including waterfowl and doves.

Persons 17 years of age and under 65 years of age must have the licenses to hunt and fish with some exceptions, explained in the official hunting and fishing digests available shortly at licensed dealers, at department local offices as well as with game wardens or other departmental personnel.

Summer Marks Milestone for Son of Former Residents

This summer has marked another milestone in the career of Randall Whitfield. Randy and Suzette, his seeing-eye companion, shared plaudits with the President of the United States at the graduating exercises of Baylor University last May.

Suzette, a rangy brindle German Shepherd, walked Randy across the stage to pick up his B. A. degree. He even took his bow when his master received the day's biggest ovation. Randy received his degree in math and physics. Suzette received no degree, but was recommended for a BCL (Bachelor of Canine Loyalty).

Randy was valedictorian of his 1957 graduating class in Azle High School. He entered Baylor University on a scholarship with a physics and mathematics major. Even though he was unable to carry full study loads, he graduated with a creditable record. He has just received confirmation of his acceptance to the College of Medicine in the University of Cincinnati, in Cincinnati, Ohio, to continue to study for professional computer training.

Randy is the son of Mr. and Mrs. Ben Whitfield of Azle and grandson of the late Mr. and Mrs. J. A. Whitfield of Crowell and the late I. W. Middlebrook and Mrs. Middlebrook of Fort Worth.

"DANZAS Y CANTOS" AT 1965 STATE FAIR

"OLE!" "Danzas y Cantos de Mexico," internationally known folkloric troupe of colorful costumed musicians, singers and dancers, will be presented in an eight-day engagement at the 1965 State Fair of Texas, October 9 through 24 in Dallas. First appearance will be in the Mexico Day Cotton Bowl Spectacular at 8 p.m. Thursday, October 14, followed by two daily free performances October 15 through 21 on the Esplanade Stage. The group is being brought to the State Fair through cooperation of the Mexican government.

Plan Now for Education Beyond High School

The class of 1966 is preparing to enter the final year of secondary school work. Many of these high school seniors are so busy they have given little thought to what will happen after graduation.

Now's the time to take a thorough, realistic look ahead to the fall of 1966, says Patsy Reynolds, specialist in family life education with the Texas A&M University Extension Service.

"Parents and school counselors should help students take a look at their education or career plans early this fall. They need to complete their plans for college, business school, or other advanced preparation to earn a living. Applications should be submitted by November or December — yet many families do not realize this when their first child prepares to enter college," Miss Reynolds says.

Students who plan to apply for scholarships should keep this early deadline in mind, too. Many scholarships have a February 1 deadline for application.

"This means that the young person must already be admitted to the college and then file the application by February," the specialist adds. She advises young people to talk to school counselors and write to the colleges or business schools in which they are interested.

A decision on higher education should be reached soon, and it may require some serious thinking before final plans can be made, Miss Reynolds says.

Transient Cats Get Steady Job

Mysterious invasion by strange fishes was cryptically illustrated at the Tyler State Fish Hatchery. Supt. Billy White drained a rearing pond to find the stock of small channel catfish in fine fettle but having unexpected company.

Somewhat or another, 1,400 flat-head catfish mingled with the channel variety. White theorized they got there from an overflowing lake above the hatchery.

It was strictly a bonus because White decided to keep the invaders for brood fish.

How Much Is a Wife Worth?

One issue that frequently comes up for family discussion is should a wife be insured as well as her husband, says Mrs. Wanda Meyer, home management specialist at Texas A&M University.

A man will try to carry a sufficient amount of insurance on his own life because he is usually the breadwinner. His family, if deprived of his income or insurance benefits to replace it, would have a difficult time getting along.

But family counselors point out that the financial importance of a woman to her family should not be underestimated. It should be weighed very carefully when life insurance needs are being considered.

If a wife were to die, someone would have to be hired to care for the children and to perform the many household tasks for the family. The cost of competent full time nursemaids and domestic help can be very steep.

This is why many families make an honest evaluation of the wife's contributions to the family and how much it would cost to replace her. They evaluate her contributions in monetary terms when they consider the family's insurance program.

Currently, about six out of ten women in the nation own some kind of life insurance policy.

Fish Keep Ahead of Pressures

Texasans are sports fishing around the clock and around the calendar but still maintain an over-population of freshwater fish, according to the census at the inland fisheries staff meeting at Texas Parks and Wildlife Department headquarters in Austin.

But, the digest of opinions agreed there is still great room for improvement. In fact, there are grave problems dating to rough fish encroachments, commercial netting, pollution, aquatic vegetation control and public education.

The group, involving key fisheries personnel from all over the state, heard reports on new developments in the constant struggle to control rough fish. These primarily concerned introduction of walleyed pike in three major lakes and northern pike in one other.

Considerable attention was given observations that still another predacious fish—the sauger, a member of the perch family — might be utilized to help balance the freshwater population. This fish, which grows to substantial size, has been found in quantity in the Red River below Denison dam which forms Lake Texoma.

Notice to Bidders

Notice is hereby given that the Commissioners' Court of Foard County, Texas, will on the 13th day of September, A. D. 1965, at 10:00 o'clock A. M., in its usual meeting place in the Court-house at Crowell, Texas, proceed to receive and consider competitive bids for the purchase of the following described road machinery:

'One Heavy Duty Motor Grader, powered by Diesel Engine of not less than 125 Horse Power, the weight to be in comparison to such Horse Power, fully equipped with starter, generator, fully enclosed cab, 14 ft. sliding moldboard and tires no smaller than 1400x24 in size, both front and rear, both with and without Scarifier,' and will at such time let a contract therefor if any bid be accepted; all such bids to be made as required by law, but the Court reserves the right to reject any and all bids received. The successful bidder shall be required to execute a good and sufficient guaranty as to the uniform fitness of such machine and its soundness, and if required, to furnish a good and sufficient bond, executed by some surety company authorized to do business in this State, in accordance with the provisions of Article 5169, Revised Civil Statutes of the State of Texas, 1925, and amendments thereto.

The Court offers as a trade-in and as part payment one used Huber-Warco Motor Grader which may be inspected at the County Warehouse in Crowell, Texas; if any bid be accepted by the Court, it is the intention of the Court to pay a portion of the purchase price in cash and the balance to be represented by a Lease Contract, provided said lease contract shall not exceed the sum of \$15,000.00, payable in an amount not to exceed the sum of \$3,000.00 per year, and to bear interest at a rate not to exceed five per cent per annum. Such lease contract shall extend over a period of time not to exceed five years and the last payment due on such contract shall not be later than December 31, 1970.

PUBLISHED BY ORDER OF THE COMMISSIONERS' COURT OF FOARD COUNTY, TEXAS, pursuant to a Resolution passed by said Court on the 23rd day of August, A. D. 1965, such Resolution being of record in Volume 8, at page 61, of the Minutes of the Commissioners' Court of Foard County, Texas.

Tax Man Sam Sez:

The principal changes that Congress made this year in our tax laws was the reduction of excise taxes. Of course, any tax cuts benefit the taxpayer, but the manufacturer usually pays the excise tax. The tax cut will be passed on to the taxpayer through a reduced price on the articles that you buy. Most of us don't spend enough time keeping up with tax changes that affect us. There are usually several each year. We may not enjoy reading tax instructions but if we don't keep up with tax changes we'll miss a lot of benefits. Ignorance of your tax affairs can be costly. It's fine to have a good tax man, but you should also keep yourself up to date.

When you go visiting or have company, call the News office and tell us. Your news is what makes The Foard County News.

From the inside of each RC bottle cap, remove the "RC Sav-A-Seal" sticker. Paste them on the back of the card found in the RC carton. When your card is full you'll get a FREE carton of 10 oz. RC at your favorite grocery store.

Thank you for buying RC and we hope you'll continue to buy RC, the "goingest cola of the leading three." It's your better buy.
