## COTTON GROUP IS ORGANIZED

Advisory committees representing 13 communities from Wilbarger and Foard County in a meeting in Vernon Tuesday of last week organized a Greenbelt Cotton Improvement Association for the purpose of dealing with the many problems that materially reduce crop yields.

Otto Streit of Lockett was named president of the association with Elbert White of White City as vice president and Newell Hoffmann of Crowell as secretary.

The board of directors for the association will be made up of a three-man representation from each ginning area in the two counties.

Cotton farmers in the association will unite and work on various problems of cotton production, but the insect control problem, particularly the boll weevil, will get initial attention.

Wilbarger County Agent Norman Drake discussed the boll weevil situation and related facts revealed from an overwintering survey conducted in Foard and Wilbarger counties in late February.

A four-page plan of action was presented as suggested by entomologists, cotton production experts and the county extension agents of Foard and Wilbarger counties.

The association unanimously adopted the program which included:

- United cooperative effort to work on problems.
- A massive control program.
- Cleanup of liberation sites.

Farmers agreed on May 20 for Wilbarger and May 23 for Foard County as the earliest recommended date for planting of cotton.

Wayne Underwood acted as temporary chairman for the meeting and discussed a similar Cottle-King Association.

Mr. Streit appointed a charter committee to assist in the writing of a charter. Named to the committee were J. Z. Munn of Northside, Harry Wilhelm of Lockett and Roy Barker of Crowell. The charter committee planned to start to work at a meeting at 2 p. m. Wednesday.

Mr. Streit says that approval of a charter through proper channels is of particular importance so that the association may do business.

Also of interest to many farmers in the boll weevil "hot spot" areas is the low volume insecticide technique which enables farmers to control boll weevils at a reduced cost.

The two-county meeting was preceded by a series of meetings held earlier by Drake and Burkett.

Those representing this county were: Crowell—Newell Hoffmann, Jesse Whitfield and Roy Barker; Kajis; Margaret—Roy Barker, Robert Hudgens, Grover Moore; Thalia—H. L. Ayers, Duane Naylor, J. F. Matthews; Rayland—Joe Coufal, Emmitt Martin and Ed Lehman. These men are also members of the board of directors of the new organization.

## Awards Made to Graduating Seniors Friday Night

A number of the members of the Crowell High School graduating class received special awards and recognition during commencement exercises last Friday night.

The valedictorian, Marilyn Cates, received awards for valedictorian, editor of annual, secretary of class, state and church scholarship awards, and Readers' Digest award.

Kathy Eubank received the salutatorian award, Library award, treasurer of class, and church scholarship.

Dan Mike Bird received the Lions Club award, church scholarship, merit award—highest among boys, Student Council award.

## Childress District Methodist Preachers in Crowell Wednesday

Methodist pastors of the Childress District were in Crowell Wednesday morning to turn in their annual reports to District Supt. Duane Bruce of Childress.

Rev. M. H. Abbott, local pastor said there were over thirty pastors from the district here to turn in their reports.

Annual conference of the Methodist Church will be held in Dallas the first part of June.

## Swimming Pool to Open Either Thursday or Friday

Tentative plans have been made to open the Crowell swimming pool on Friday, May 28, at 2 p. m. The pool will open each afternoon at 2 and will be operated under the supervision of Gordon Erwin, who will be assisted by Dan Mike Bird, Billy Hord and Cindy Erwin as senior lifeguards.

Mr. Erwin said Monday that the opening date will depend on when the pool is filled with water and it is possible that it will be opened on Thursday.

Price of admission is the same as in previous years: fifty cents for adults and 25 cents for students and 10 cents for the wading pool. Season tickets may be obtained at the pool from Mr. Erwin or from Mrs. Marjorie Taylor, the school secretary. The price of the season ticket is \$10.00. Swimming parties for women will be every Thursday night and swimming parties for teen-agers will be on Friday nights.

The pool has been painted recently by Allen Taylor, Carl Cox, Ray Quintero and Jimmy Quintero. Other improvements include the painting of the bath houses; new masonry has been put on shower stalls and plans are underway to place a shade by the wading pool.

Three precincts' voting places have been combined to vote in Precinct No. 4 in the June 4 second primary, Ray Shirley, Foard County Democratic chairman, announced this week.

Shirley said that voters in Precincts Nos. 1, 3, and 8 will all vote with Precinct No. 4 in the county attorney's office in the court house. James Sandlin will serve as presiding judge.

Other precincts will vote in the usual places which are:

Precinct No. 2, county judge's office, Cecil Carroll, judge.

Precinct No. 5: Margaret community house, W. A. Dunn, judge.

Precinct No. 6, north Thalia: Thalia Co-Op. Gin office, Mrs. Sim V. Gamble, judge.

Precinct No. 7, south Thalia: school cafeteria, Bill Cates, judge.

Precinct No. 11, Rayland Gin office, Mrs. Monroe Karcher, judge.

L. A. Andrews will be judge in charge of counting absentee ballots.

Absentee balloting is now in progress at the office of Mrs. Cornelia McDaniel, county and district clerk.

A run-off between Jesse Whitfield and Coy Payne will be voted on in Commissioner's Precinct No. 2. The only state-wide run-off is between Crawford Martin and Franklin Spears for attorney general.

Misses Kay Looney, Lela Jo Cates, Cindy Erwin and Mary Sue Carpenter sang several numbers for the program at the Tuesday meeting of the Lions Club.

Annual conference of the Methodist Church will be held in Dallas the first part of June.

## Little League Season Gets Underway; Bank, Elevator Win First Games

Crowell State Bank won its season opener on Tuesday, May 17, as did Farmers Elevator, and the two teams enjoy top-of-the-week ratings at the end of the week of play, a schedule abbreviated by the postponement of Saturday night games due to rains and tornado threats.

Crowell State Bank posted an early defeat on VFW in the early game right after the Little League game. Farmers Elevator beat County Mill by a 5-0 score at eight o'clock game.

Details of the games are as follows:

Tuesday, May 17, 6 p. m., Crowell State Bank 11, VFW 2;

Jackie Thomas and Rex Driver, Bank hurlers, collaborated in a no-hitter in the opening game of the season. Two runs scored in the first inning for VFW, but they did it on walks and errors with Lynn and Mance Nelson plating the runs.

For Crowell State Bank, Jackie Thomas hit two-for-two; Bill Erwin, Martin Quintero and Don Ray Santos each batted out a double, and Daryl Halencak picked up a single. The Yankees scored three in the first and in the third, then batted around in a five-run rampage in the fourth.

May 17, 8 p. m.: Farmers Elevator 5, Foard County Mill 0. Lee J. Whitley and Johnny Urquiza showed mid-season form as they allowed only one hit (a double by Rocky Bachman) and shut out the Cardinals.

Foard County Mill hurlers Rocky Bachman, Kenneth Abbott and Jackie Blackburn allowed only two hits (a double by Lee Whitley, a single by Jackie Young), but free transportation to seven Yankees in the first inning allowed four runs to score and pretty well determined the eventual winner of the contest.

Except for the first two innings, shut-out ball was played by each team in this game.

This week's games find VFW playing Foard County Mill, with Farmers Elevator contesting Crowell State Bank.

## erry M. Tole Receive Air Force Commission

erry M. Tole, son of Mr. and Mrs. Ira Tole of Thalia, is one of eleven graduating ROTC cadets at Texas Tech in Lubbock, who will be awarded commissions as second lieutenants in the Air Force Saturday, May 28.

Brig. Gen. Frank B. Elliott, director of Comptroller for the Strategic Air Command at Offutt Air Force Base, Nebraska, will be the speaker for the commissioning exercises at 1 p. m. Saturday in the Tech Union Coronado Room.

## Dogs Must Be Vaccinated Against Rabies, Mayor Says

Mayor Robert Kincaid said Monday that everyone who has dogs in the City of Crowell should have them vaccinated by Saturday, June 4.

The mayor said that about 120 dogs were vaccinated Saturday, but a large number of dogs did not receive the rabies shot.

He said that any dog within the city not having a collar and tag showing that the animal has been vaccinated will be subject to impoundment after June 1.

## School Board Elects Auxiliary Employees Monday

At a called meeting of the school board Monday evening, May 23, the Crowell board re-elected the following auxiliary school employees:

Allen Taylor, Carl Cox, Mrs. Clint Simmons, Gloria Pierce, Irene Sellers, Ray Quintero, Jimmy Quintero, and Mrs. Allen Taylor were re-elected as secretary to the superintendent.

**Equalization Board**

It also appointed the equalization board consisting of E. C. King, R. G. Nichols and A. R. Sanders with Mike Rasberry as alternate.

The board will meet on Wednesday, June 15, at 9 a. m. in the office of Mrs. Marjorie Taylor.

Turbulent weather last Saturday afternoon caused severe tornado damage at the Triangle Ranch between Crowell and Paducah and spawned a hail storm which did extensive damage to wheat crops in the Claytonville section of Foard County. Heavier hail damage was reported in the Truscott and Gilliland sections, where some fields of wheat were totally destroyed.

The tornado to the west of Crowell, which was reported to be visible from here, destroyed a bunk house on the Triangle Ranch and also killed a total of 29 head of cattle on ranches in that section.

Cecil Davis, local manager of the West Texas Utilities Co., said Monday that tornadoes in this area tore down at least three of the company's power transmission lines. Lines from Lake Pauline to Munday, from Crowell to Paducah and from Truscott to Munday were knocked down in the storms.

Davis reported that the lines were repaired early in the week.

## Truscott

AND GILLILAND  
MRS. H. A. SMITH

Our most important late news is the 7 inch of rain last Friday night. We had small amount of hail and some wind, but not enough wind to do much damage here, but east and southeast some wheat was badly damaged.

Mr. and Mrs. Mac Harbour of El Paso are visiting her parents, Mr. and Mrs. Jack Brown.

Mr. and Mrs. I. Terry and Mr. and Mrs. Rusty Webb of Amarillo visited their aunt, Mrs. Ettie Pogue, Sunday.

Mrs. Tommy Tapp is a patient in the Crowell hospital.

We regret to say that Rev. and Mrs. Fred Hankins, retired pastor of the Baptist Church here, moved to his old home in Portales, N. M., and Rev. Guy Hopper of Knox City has accepted the local pastorate. He and his wife will be residents of our community in the near future.

Dennis Eubank of Post visited his parents, Mr. and Mrs. J. C. Eubank, Sunday.

Mr. and Mrs. Ray Glasscock were Earth visitors Saturday night and Sunday. Ray supervised the moving van that moved the Hankins to Portales and returned to Earth Saturday night.

Mr. and Mrs. Jackie Horne of Wichita Falls visited his mother, Mrs. Elmer Horne, Sunday and

she returned home with them for a few days' visit.

Mrs. R. E. Winstead and children of Seymour visited her parents, the W. T. Cooks, over the week end.

Mrs. Gaylon Scott and children visited the A. W. Welch family Sunday.

Mr. and Mrs. Bobby Miller of Seymour visited relatives in Gilliland Sunday.

Charles Groves and Jack Idol of League estate and Benjamin visited in Gilliland Sunday.

Rev. and Mrs. Jack Gardner and children and Doris Ann Navratil attended Six Fings Saturday.

Mary Nell Miller and Judy and Joyce Gilson of Arlington visited the C. W. Millers over the week end.

Junior Caram and family of Wichita Falls visited the Ralph Carams over the week end.

Mmes. A. Horne, H. M. Baird, Glenn McGuire and H. M. Williams visited Mrs. J. H. Coltharp of Seymour Sunday and Mrs. Williams remained with her daughter for a longer visit.

Mrs. Weldon Reed and children visited the Ruel Scotts in Crowell Sunday.

Mrs. Bill Dodd and children attended baccalaureate services at Quannah Sunday. Her niece is a graduate.

Mr. and Mrs. Elmo Glasscock of Dallas visited Mrs. R. B. Glidewell Sunday and Mr. and Mrs. Joy Glidewell and children of Groves were visitors in Mrs. Glidewell's home Sunday and Joy accompanied the Glasscocks to Dallas to re-enter the veterans hospital there.

Mr. and Mrs. Vernon Moss and daughter, Jamie, of Berger visited Sunday in the home of Mrs. R. B. Glidewell.

Reports from Gilliland state that hail damage in that community was severe; also heavy winds a few miles east of Truscott. Several wheat fields were entirely destroyed. They also had a heavy rain.

Mrs. E. J. Jones and Mrs. Jackie Brown and children attended 8th grade graduation exercises in Floydada Friday night. Nancy Williams was graduated and she and Monte returned with their Grandmother Jones to spend the week end.

Ennis Hobson of Dumas visited Mr. and Mrs. Curtis Casey and Carlton Browder and son Saturday. He is a Browder descendant and is writing a history of the Browder and Hobson families.

James Williams, grandson of Mr. and Mrs. E. J. Jones, left for Iowa Monday morning to do construction work in that state.

The vacation Bible school has changed the hours for classes from evening to 8:30 to 10:30 a. m. at the Church of Christ, June 20-24.

will battle all the way for that top spot, with Foard County Mill a darkhorse and with rebuilding VFW most likely relegated to the role of spoilers.

First Night Impressions: Is this to be a pitcher's league this year? No home runs in the first two games; three hits in one game; only six in the other. . . . Cutest play of the first night: Jackie Blackburn floating a change-of-pace offering to Negro second baseman Harry Lee Swan on a three-two count. Harry Lee managed to foul it off to one side. Both youngsters displayed wide grins after the play. (Jackie "got him" with his next pitch.)

Daryl Halenak got a base hit in his first Little League appearance at the plate. . . . Fine umpiring jobs turned in by L. H. Wall and Buster Borchardt. . . . Lee J. Whitley struck out nine men in his three-inning stint on the mound (how can you do better than that?). . . . Jackie Young and Martin Quintero both looked like fine catchers in their first games at that position. . . . and the old 11-year-old veteran Rocky Bachman looked better than ever. . . . No sooner had Baylor Weathered inserted Grover Reed in right field 'till Joel Watson tried him out with a long fly ball (Grover caught it.)

Jackie Thomas, narrowly missing being a Little Leaguer four years ago, seems destined to belong to the "super-hoss" club this season (he pitched shutout ball, hit two-for-two, scored three runs) . . . that "old molasses bucket," Felix Castaneda, seems destined to be one of VFW's steadiest performers. . . .

Thanks to Sheriff Shudie Bradford, Prof. Jerry Floyd and the Wildcat band, and to just everyone who helped make that opening day parade a huge success!

### Time Nears for Spraying Pecan Trees for Casebearer

Suggested time for spraying pecan nut casebearer in Foard County this spring is May 27 to June 6, County Agent Joe Burkett and Emory P. Boring, area entomologist, have announced.

"From all indications, the casebearer is later in emerging from the pupa stage this year, and because of the variable weather this spring, this insect will emerge from the pupa stage over a longer period of time," Mr. Boring said. "There it would be best to apply two applications of insecticide at seven- to ten-day intervals."

Burkett said that a person applying two applications of insecticide should make the first application about May 27 and the second application about June 6. Persons desiring to spray their pecan trees only once should spray at suspected peak of pecan nut casebearer hatchout, which should be around June 6.

Burkett strongly recommends two applications for best control. To control the pecan nut casebearer you may use one of the following insecticides per 100 gallons of water: Malathion, three pounds 25 per cent wettable powder; DDT, three pounds 50 per cent wettable powder; Seven, two pounds 80 per cent wettable powder; or Toxaphene, five pounds 40 per cent wettable powder.

It is advisable to add 2 pounds of zinc for scab and other foliar diseases to the above spray. The trees should be sprayed with a power sprayer at high pressure wetting all parts of the tree thoroughly, Burkett added.

For further information, individuals should contact the county agent's office.

## LITTLE LEAGUE NEWS

By Marion Crowell

Two big events were to have taken place last Tuesday, May 17. Glimi Nine blasted off on schedule, then "popped out" in thirty minutes. Little League had no malfunction until Saturday night. On Tuesday the big parade went off smooth as silk. Both L. L. games were played, and the 1966 season was officially under way. No game on Friday night due to commencement exercises; then, with second batter Dennis Dobbs at bat on Saturday night, here came the showers and the threat of tornado. Little Leaguers can tell you which was the greater disaster: the Saturday night one of course!

Who seems to have the strongest team of the league? With only one game played by each team, it's extremely difficult to say, but it's pretty clear-cut that Farmers Elevator and Crowell State Bank

**SAM HOUSTON'S HOME**—Thousands of visitors to historic Huntsville each year make a pilgrimage through this white cottage which was once the home of the famous Texas statesman. The house is part of the Sam Houston Shrine located across from Sam Houston State College. Other points of interest here include a museum containing clothing, weapons, books and rare documents owned by Houston. Nearby is his old log law office and the frame building shaped like a steamboat in which he died.

**WTU NOTEBOOK—PATTERNS FOR PROGRESS**

**ECONOMIC DEVELOPMENT**  
 ... its benefit to you

Economic development means developing all of the basic economic resources of a community or area to their fullest potentials, creating new wealth in the area and attracting wealth from outside the area. It CAUSES a higher standard of living for all of the people, making the community a better place to live, work and play. It PROVIDES improved community facilities, increases job opportunities, especially for the young people, and attracts new people to the town.

**FIVE BASIC SOURCES FOR ECONOMIC IMPROVEMENT**

- INDUSTRY**—creates new jobs, utilizing and increasing the labor force's value to the community plus helping to share the tax burden for improved community facilities.
- TOURISM**—adds wealth to the community that was created outside of the area, and makes a favorable impression on tourists as a good place to live. Tourists' dollars circulate many times within a community.
- AGRICULTURE**—improvement of product yields and quality of products produced plus further processing of the products can add greatly to the economy of an area.
- NATURAL RESOURCES**—developed in an area change and increase the wealth as well as providing job opportunities. Depletion of the natural resources can cause adverse effects on the economy.
- GOVERNMENT**—local, state and federal institutions and agencies keep tax money in the area and in some cases, bring in additional wealth from the outside.

An object of a sound economic development program is to balance the economy of a community or area from all five sources. ATTENTION and EFFORT should be given to the ones which present the best possible chances for economic development and improvement. Attracting new industries, or the expansion of existing industries, usually provide an excellent opportunity for economic development.

## All Crowell School Personnel Have Tuberculosis Test

In compliance with Senate Bill No. 133, which was passed by the 56th Legislature, all Crowell school personnel, including teachers, clerical employees, superintendents, personnel, bus drivers, cafeteria personnel and custodians were recently tested for tuberculosis. This was done by Mrs.

Edith Roark under the direction of the county health officer, Dr. Walter Stapp. Examination of public and parochial school pupils for tuberculosis will be conducted in every local school district in an effort to find all cases of active tuberculosis and to protect the school children from infection. Grades first and seventh will be examined. The State Department of Health will furnish the tuberculin antigen free of charge.

## Community Action Meeting to Be Held Thursday, June 2

A Foard County Community Action meeting has been set for Thursday, June 2, at 7:30 p. m. at the community center, according to Don Malone, Foard County Community Action Agency Director. This meeting is for the public to learn the purpose of community action programs and the role each community has in the planning of the projects to be undertaken. Representatives of all service clubs and religious organiza-

tions, as well as the public as a whole, are urged to attend. An election will be held to select five of the seven directors from Foard County to serve on the Foard County Corporation formed to administer funds of Title II of the Economic Opportunity Act. Three directors must be from the target areas of the program and two will represent the population at large. The county judge and mayor, or their designates, are permanent members of the corporation. Also on the agenda will be the election of twenty persons to serve on the Community Action Committee for Foard County. This committee will review programs available and will decide which would be most advantageous for the county.

## Future Rests with Humans, Not Machines

"The future really rests with human beings, not with machines," William A. Clark of the Monsanto Company of St. Louis said. "We have the machine capability, and in the minds of some of the newer graduate students, we have some ideas for still better techniques. What we need to solve is a people problem."

**SCHEDULED 21ST BIG SHOW**—The 21st annual Santa Rosa Roundup, one of the most colorful Western extravaganzas staged anywhere, has been scheduled for May 25 to 28 in Vernon by John Biggs (left), general manager of the Roundup, and E. Paul Waggoner, owner and founder. Mr. Biggs and Mr. Waggoner are pictured here before a painting of Mr. Waggoner's noted All-Time Champion Quarter Horse Sire, Poco Bueno. A downtown parade and four big nightly rodeo performances, with many special attractions, will help to make this year's Roundup one of the finest in history.

Mr. and Mrs. Pat McDaniel spent the week end in Hurst visiting their son, Pat McDaniel Jr., and family.

Mr. and Mrs. Larry Wright of Arlington spent the week end with his parents, Mr. and Mrs. Johnnie Wright. Larry was a member of the graduating class.

Mr. and Mrs. Leo Spencer of Amarillo spent from Saturday until Wednesday of this week visiting his daughter, Mrs. Nelson Oliphant, and husband.

Mr. and Mrs. R. W. Dean of Whitmore, S. C., who are visiting the Hank Henderson family in Vernon, accompanied Mrs. Henderson to Vivian Tuesday where they visited Mrs. W. O. Fish and family.

Mrs. John Nichols of Rochester spent the week end here visiting her sister, Mrs. Frank Moore, and family. She also visited Mrs. Sherman Nichols in the Crowell hospital and attended the piano recital Sunday afternoon at the First Baptist Church at which her niece, Miss Lanette Lemons, played.

Mr. and Mrs. Pat McDaniel returned home Sunday from a visit with her sister, Mrs. Mary Lou Wood of Santa Monica, Calif. Mrs. Reinhardt was accompanied home by Mrs. Wood for a visit here. Their sister, Mrs. J. F. Russell, is a patient in the Crowell hospital.

Mrs. W. O. Fish and Mrs. John Fish visited Mrs. W. O. Fish's sister, Mrs. Mary Adams Pendergraft, and Mr. and Mrs. D. B. Barnett, of Tucuman, N. M., last Thursday. They spent Thursday night with Mr. and Mrs. A. L. Cowan of Borger.

Mr. and Mrs. Don Hunter of Dayton, Ohio, visited here Tuesday and Wednesday of last week with their parents, Mr. and Mrs. Milton Hunter and Mr. and Mrs. Grover Moore. On Wednesday night, Mr. and Mrs. Hunter were honored with a party at the Milton Hunter home.

**Area Livestock Notables Head Santa Rosa Show**

The Santa Rosa Roundup, one of the nation's major rodeos, is headed by two of the more widely known cattlemen and horse breeders of the nation.

E. Paul Waggoner, owner and president of the spectacular entertainment, is recognized as a major developer and outstanding breeder of quarter horses. His senior sire, Poco Bueno, is the all-time record sire of A. Q. H. A. champions. The Poco Bueno bloodline has been consistently in the winner's circle at cutting, halter, and performance classes of major quarterhorse shows across the nation for many years. Mr. Waggoner's love for good horses plus his keen eye and good judgment is respected by all horse breeders. He is equally interested and knowledgeable concerning good beef cattle. He has personally selected replacement bulls for the vast Waggoner ranch for many years and is known at the National Livestock Show in Denver as "Mr. Bull Buyer."

John Biggs, general manager of the Santa Rosa Roundup and the W. T. Waggoner Estate, also has the respect of the livestock men of the area and the nation. He has served as president of the Texas and Southwestern Cattle-men's Association and is presently on the executive committee as well as chairman of its tax committee. Mr. Biggs has always showed tremendous interest and put forth his efforts for all programs that permitted the cattlemen to benefit by their own efforts. He serves on the Cowboy Hall of Fame special committee and also on the National Livestock tax commission. In addition to his responsibilities as trustee of the W. T. Waggoner Estate, he is interested in banking and finance, serving on the board of directors for at least four prominent banking institutions. Both Waggoner and Biggs will be on hand to welcome the thousands of visitors to the 21st annual Santa Rosa Roundup in Vernon May 25-28.

**Rudder Says Homes Should Have '4 R's'**

Texas A&M University President Earl Rudder told Texas county home demonstration agents last week in College Station that "we can expect good results with the '4 R's' in the classroom if we have '4 R's' in the home."

Rudder defined the '4 R's' as "respect, reason, responsibility and religion."

The A&M president addressed extension home economists who were taking part in the second annual Family Life Education Workshop which continued through April 1 at the university.

Another major speaker, John E. Hutcheson, director of the Texas Agricultural Extension Service, emphasized that each person is a product of a family in a society that is definitely family-oriented. "This nation's fundamental strength is derived from its family life, for nothing is more important than people," he said.

A Missouri family relations specialist, Arthur McArthur, with the University of Missouri Extension division, emphasized that three major developmental tasks confront today's teenagers. He listed these tasks as developing a sense of identity, establishing a status of being independent from adults, and acquiring an understanding of the socially-accepted roles of teens.

One out of five fires in the United States is caused by matches and smoking, the Insurance Information Institute reports. Another 20 per cent are caused by the misuse of electricity and by faulty electrical equipment.

"There's considerably more decision-making for teens today than formerly, since there are no ascribed roles for youth. In primitive societies, young people have ascribed roles, which give them a sense of identity and security," McArthur said.

Educators should serve as sounding boards for youth of their community, he emphasized.

## Adelphian Club Members Tour Vast Waggoner Ranch

To climax the 1965-66 club year, nineteen members of the Adelphian Club and two guests drove to Vernon at noon on May 18 for a delectable luncheon at the Canton Cafe, followed by a guided tour of the famous Waggoner Ranch.

To say when the Waggoner Ranch had its beginning would be to enter the thinking of Dan Waggoner, who battled Indians and rustlers in order to keep his herds intact during the Civil War, and at the close of the conflict, he started expanding his operations.

His son, W. T. Waggoner, began taking increasing responsibility in the expanding operations and made a full-time hand by the time he was fourteen years of age. By 1879, the ranch holdings were extended across the north side of Wichita County and into Wilbarger County. The ranch headquarters was on China Creek, north of what is now the city of Electric.

In 1910, W. T. Waggoner made front page headlines when he divided the bulk of his ranch holdings into three parts and made each of his three children, Guy L. Waggoner, E. Paul Waggoner and Electra Waggoner Wharton, a Christmas present valued at two million dollars each.

The vast Waggoner cattle and oil empire comprises more than 500,000 acres in a solid block in six counties. Of this amount, Foard County embraces more than 25,000 acres.

The Santa Rosa residences of Mr. and Mrs. E. Paul Waggoner and their daughter and husband, Mr. and Mrs. John Biggs, are located on Santa Rosa Lake and the beautifully landscaped grounds encompass acres of land.

Mr. and Mrs. Biggs have two daughters, Electra and Helen. Mrs. Biggs is a well known sculptor; her most noted work is the fifteen-foot bronze statue of Will Rogers, on Soap Suds, which stands in front of the Will Rogers Coliseum in Fort Worth. This well-known work of art has given pleasure to thousands of persons, especially during the Fort Worth Exposition and Fat Stock show.

In 1951, a new office building was constructed in Vernon, specifically for the far-flung business carried on under the name of the W. T. Waggoner Estate. Robert L. More Sr. was the first general manager. He was succeeded by Robert B. Anderson, who left the position to become

Secretary of the Navy and later Treasury Secretary under President Eisenhower. Mr. Anderson was succeeded by John Biggs, who was also the 29th president of TSCRA. He serves as president of the Santa Rosa Round-up. The 21st annual rodeo is a forthcoming event of May 25-28. Along with the annual event is a horse show and quarter horse auction which features the service of Poco Bueno, a quarter-horse of wide renown.

## Valedictorian at Dalhart is Daughter of Mr., Mrs. Burke Bell

Honor students for the Dalhart High School graduating class have been announced by Principal Crandall J. Young. They are Susan Bell, with a four-year scholastic average of 94.02; Suzi Keast, 93.21.

Miss Bell was born in Quanah and is the 17-year-old daughter of Mr. and Mrs. Burke Bell. She is the granddaughter of Mrs. R. W. Bell of Vernon, former Crowell resident. She moved to Dalhart with her parents in July, 1960, and entered the seventh grade at Allyn Finch Junior High that fall. She was elected to the National Honor Society as a junior and senior and is serving as treasurer. As a member of the Future Homemakers of America from the ninth through eleventh grades, she earned the Chapter degree. She played alto saxophone in the band from the fifth through eleventh grades. She was a member of the Pep Club this year. As a junior, she received the academic award for mathematics. She plans to attend Baylor University to major in physics.

## Eastern Star Initiates Three Candidates

Three candidates were initiated into Crowell Chapter No. 916, Order of the Eastern Star, May 17. The ceremony was under the direction of Mrs. Alyene Pittillo, worthy matron, and W. R. Moore, worthy patron.

Refreshments during the social hour were served by Mes. Bernice Carroll, Pearl Moore and Vera Thomas.

Local members have been invited to attend installations at Faith and J. A. Kemp Chapters June 4; Vernon, June 6; and Burk Burnett, June 7. Further information may be obtained from the local secretary.

## Blue Bird "Fly Up"

Members of the Happy Blue Bird group of Truscott became Campfire Girls in a fly-up ceremony Thursday, May 20, in the home of the leader, Mrs. Jack W. Brown.

Flying up from Blue Birds were Jacquelyn Brown, Rosa Palacio, Olivia Quintana and Renee Westbrook. Assisting in the candlelit ceremony were members of the Cin-Wa-Ma-Ka Campfire girls led by the vice president, Helen Quintana. Others were Elvera Palacio, Rosa Quintana and Ruth Brown.

Blue Birds repeated the Campfire law and gave the hand sign. Then each Campfire girl stepped forward to tie the red kerchief of the Campfire girls upon a new member. Following the candle extinguishing ceremony, new and old members marched out together, singing Wo-He-Lo.

The new Campfire girls served punch and cookies to members, mothers and the sponsors, Mrs. E. J. Jones, Blue Birds, and Mrs. J. R. Brown, Campfire girls.

## Musical Recital

Music students of Mrs. Curtis Casey were presented in recital at the Truscott Methodist Church at 3 p. m., May 21. The program consisted of western and folk music, and the performers dressed in western and pioneer clothing. Western paintings by Mrs. R. C. Daniel were used in decoration, along with other western art objects.

Students presenting piano, vocal, trumpet, and accordion solos and duets were Murry Bullion, Sandra and Douglas Chowning, Jimmy, Johnny and Jackie Daniel, Sharla and Jody Haynie, and Harold Myers.

Gail Bullion and Jill Myers served as usherettes.

## Foard City H. D. Club

The Foard City Home Demonstration Club met May 18 at the home of Mrs. Sty Barker with seven members present and two visitors, Mallissa Burelsmith and Mrs. J. R. Merriman. Roll call was answered with "my favorite Bible story." Mrs. Barker read a poem for opening exercise.

Mrs. Glenn Jones gave the program on "Mothers of Famous Sons" in the Bible, commenting on Christian responsibilities of mothers and grandmothers.

Next meeting will be June 7 at Mrs. Fred Traveek's home. Program by Mrs. Pearl Cox will be on "T. V. Dinners in Your Menus."

## Variety Show New Feature of Annual Vegetable Festival

One of the many features of the annual Knox County Vegetable Festival, slated for June 24-25 at Munday, will be an amateur talent and variety show. This is the first time this type of feature will be presented at the festival.

All amateurs in this area are eligible to enter, and \$100 in prizes will be awarded the winners. As interest increases, this is expected to be a highlight of this year's event.

Elsewhere in this issue will be found an entry blank for interested persons. Entries must be in the Munday Chamber of Commerce office by Saturday, June 4. Rules of the contest are also available at the Chamber of Commerce office.

Auditions for contestants will be held on Friday, Saturday and Sunday, June 10, 11, and 12, in order to eliminate the entrants to a final 15. These 15 contestants will be featured in the final contest, which will be held on the final date of the festival, Saturday, June 25, at 7:30 p. m.

Any prospective contestant desiring rules of the contest may receive a copy by mail upon making request to the Chamber of Commerce.

## Job Corps Offering Opportunities to American Youths

The Texas Employment Commission Office in Vernon is now taking applications for the Job Corps. Some of the facts concerning the Job Corps which may be of interest to area residents are:

The Job Corps is mostly for young men and women who are out of school and cannot find a job. In a Job Corps Center, these young people will receive basic education, job training, and the experience to develop good work habits. They will get room and board, clothing and spending money of \$30.00 a month. Also, when they leave they will get \$50.00 for each month of satisfactory service in the Job Corps. If the Corpsman wants to send some of that money home instead of saving it he can send up to \$25 each month. The Job Corps will send the same amount. The Corpsman will still be saving \$25.00 and his family will be getting up to \$50.00 for each month he is in the Job Corps.

Any young man or woman between the ages of 16 and 21 can apply.

Additional information can be obtained from the Texas Employment Commission office in Vernon.

**ANNOUNCING AN UNUSUAL PIANO OFFER!**

A massed piano festival was sponsored in Vernon by the Vernon Musicians Club. The Norsworthy Music Center furnished the pianos for this wonderful concert in which 200 pupils, musicians and teachers participated. The 12 pianos used are all quality instruments. There are no "seconds" in the bunch and are recommended by the teachers and musicians here in Vernon as good pianos.

These pianos are all NEW and have not been used other than in this festival. Because of this, and the fact that we do not normally carry this large stock of pianos, they can be purchased at a big savings. In 41 years of continuous service the Norsworthy Music Center has never offered pianos at such BARGAIN PRICES and SUBSTANTIAL SAVINGS to our customers. The styles and finishes are in Walnut, Early American Maple and French Provincial in Fruitwood.

CALL US AT ONCE IF YOU ARE INTERESTED IN KNOWING THE DETAILS OF THIS UNUSUAL OFFER, as the sale will last only until these 12 pianos are sold. If you have no use for a piano, you may pass this information on to a relative or a friend in any town or state, who will appreciate it.

## THIRTY YEARS AGO

News items below were taken from the Thursday, May 21, 1936, issue of The Foard County News:

Henry Black, member of the Crowell High School faculty, has been sponsor of this year's graduating class since its entrance into high school in the fall of 1932. The members of the class chose him as their sponsor while they were freshmen, and have selected him every year since.

Jack Welch of Foard City has been elected vice president of the Aggie Club at Texas Technological College where he is a student.

Henry Ferguson has been extended an invitation to sing at the National Folk Festival to be held in Dallas during the Texas Centennial Exposition.

All the schools in the county have completed their 1935-36 terms with the exception of the Gambleville and Vivian schools.

Charles Stewart Clark made the highest grade in the seventh grade in the Crowell school on state examinations given by the teachers of the local school. He made a score of 446 out of a possible 500. Tom Andrews was second and Alice Burks was third.

Crowell, along with Quitaque and Childress, were selected to present plays at Dallas during the National Folk Festival at the Red River Valley regional meet held at Memphis Tuesday night.

Dealers are selling a million and a half dollars worth of farm machinery to Texas farmers who have received loans this season from the Resettlement Administration. A. W. Burkett, county supervisor, estimated that \$1,400 of this is being spent by the 29 families who have received loans in this county.

The Adelpian Club celebrated its twenty-fifth anniversary last Wednesday with a reception for the Federated clubs of Crowell at the beautiful home of its president, Mrs. S. S. Bell.

Mrs. W. B. Johnson was hostess at her home last Saturday evening to the members of the Grammar school graduating class. Assistant hostesses were Mesdames John Long, A. F. Wright and Clint White.

Miss Minnie Ringgold returned Monday from Medicine Mound where she visited friends.

The Medicine Mound nine trounced Crowell 14 to 12 in a wild baseball fray here Sunday to even a two-games series with the Hardeman county squad. Charlie Ashford is leading the local ball players in the batting columns with a season's average of .620 having gone to bat 24 times and receiving 15 safe hits. Grady Graves is following with an average of .570. Hack Norman is batting in the 500 class. Earl Cook and Ed Junell are also batting 500 or better but have not played enough to be considered regulars.

A truck load of deer were placed on the state game preserve on land owned by L. K. Johnson about 17 miles west of Crowell Wednesday night by representatives of the State Game Commission. Three bucks and 7 does were turned loose.

## Free Wild Life Exhibit at Rodeo

A free wildlife educational exhibit, presented by the Parks and Wildlife Department of Texas, is expected to draw thousands of visitors to the Santa Rosa Roundup rodeo in Vernon May 25 through 28. The 155 feet exhibit of live mammals, birds, fish, and snakes will be a bonus to visitors of E. Paul Waggoner's colorful and exciting 21st annual rodeo.

Among the exhibits will be live deer, ocelots, pumas, fox, eagles, prairie chickens, wild turkey, geese, ducks, over thirty species of fish, and both poisonous and non-poisonous snakes. Many more species of the wildlife of Texas will be on exhibit by Harley Berg, exhibit supervisor. Other State of Texas game wardens will be on hand to answer questions about the wildlife exhibited.

## Two Minutes With the Bible

The Maker of All Made Sin for Us

It is thrilling to trace through the New Testament and find the word "made," to see how our Lord Jesus Christ, the great Creator of all, humbled Himself, died on Calvary's cross and arose again from the dead to save and glorify us.

St. Paul says of Christ: "All things were created by Him and for Him" (Col. 1:16), and St. John adds by inspiration: "All things were made by Him; and without Him was made nothing that was made . . . The world was made by Him" (John 1:3,10).

How wonderful it is, then, that He, the Creator of all, came to be one with us—yes, one of us! John tells us again that the Maker of all was "made flesh" (John 1:14) and Paul declares that "when the fullness of the time was come, God sent forth His son, made of a woman, made under the law . . ." (Gal. 4:4), that He "made Himself of no reputation . . . and was made in the likeness of men" (Phil. 2:6,7). In his letter to the Hebrews he adds that Christ was "made for a little while lower than the angels for the suffering of death" (Heb. 2:9). More than that, he declares that our Lord was "made a curse for us" (Gal. 3:13) to redeem us from the curse of the law, and that God "made Him to be sin for us . . . that we might be made the righteousness of God in Him" (II Cor. 5:21).

Thus in one stroke, at Calvary, our Lord, the great Creator, bore the penalty for sin that would have sunk a world to hell, and for this "God also hath highly exalted Him" (Phil. 2:9) having "raised Him from the dead and set Him at His own right hand in the heavenly places, far above all" (Eph. 1:20,21). "God hath made this same Jesus . . . both Lord and Christ" (Acts 2:36) so that now He has been "made higher than the heavens" (Heb. 7:26).

As a result the simplest believer in this mighty Savior is "made accepted in the Beloved One" (Eph. 1:6) and is "made the righteousness of God in Him" (II Cor. 5:21), "that being justified by His grace, we should be made heirs according to the hope of eternal life" (Titus 3:7).

## Boat Lights Stressed as Safety 'Must'

Every water craft used after dark is required to have at least one light under the new safety code now being jointly enforced by the Texas Parks and Wildlife Department and other agencies.

Specific location of lights on all motorboats is provided in the act that is patterned after the United States Coast Guard Inland Rules.

The new state law does not provide for lighting on rowboats or rafts or other crafts not classified as motorboats. But Coast Guard Inland Rules of the Road as adopted for Texas stipulates that all rowing boats, "whether under oars or sail" and other such water craft must have a light.

It is specifically stated, according to the Texas Parks and Wildlife Department, that occupants of the non-motorized craft "shall have ready at hand a lantern showing a white light which shall be temporarily exhibited in sufficient time to prevent a collision.

It is further stated: "Rafts, or other water craft not herein provided for, navigating by hand-power, horsepower or by the current of the river, shall carry one or more good white lights" visible up to two miles.

A Parks and Wildlife Department spokesman said proper illumination of the slow moving craft is vital to safety, particularly in areas where fishermen normally run their lines after dark.

Lighting motor boats will follow uniform Inland and International Rules of the Road, with white, red and green lights precisely located with red to port and green to starboard, and with a white light at the stern located higher than any other part of the boat.

The Department spokesman said the lighting requirements are so exacting and vary so much according to boat types, that exact specifications should be obtained from the Motor Vehicle Division of the Texas Highway Department which administers the law. Its address is 40th and Jackson Ave., Austin, Texas. Rules of the Road, International—Inland, CG-169, may be obtained from the U. S. Government Printing Office in

## Foreign Demand for U. S. Farm Products Continues Good

Export sales of U. S. farm products for the fiscal year ending in July 1966 are expected to total \$6.2 billion. Such Texas agricultural products as grain sorghums, rice and soybeans going into foreign trade during the last half of 1965 were at record volume compared with previous years, said J. E. Kirby, extension economist-marketing and policy at Texas A&M University.

Compared with a year earlier, the July-November 1965 figures showed rice exports up 78 per cent, feed grain up 42 per cent and soybeans up 15 per cent. But, Kirby said, cotton exports were down 26 per cent for the period and wheat sales declined by 4 per cent.

During the 1964-65 trading year, the economist said foreign sales of grain sorghum (\$145 million) and soybeans (\$598 million) were record highs. Rice sales totaled \$204 million, second highest on record and wheat and flour exports reached \$1,239 million, third highest on record. Raw cotton exports fell 13 per cent to \$584 million and its 9th highest export sales volume.

Figures from reliable independent sources of foreign trade information as well as the U. S. Department of Agriculture, show a lower average price trend for

## Foreign Demand for U. S. Farm Products Continues Good

Export sales of U. S. farm products for the fiscal year ending in July 1966 are expected to total \$6.2 billion. Such Texas agricultural products as grain sorghums, rice and soybeans going into foreign trade during the last half of 1965 were at record volume compared with previous years, said J. E. Kirby, extension economist-marketing and policy at Texas A&M University.

Compared with a year earlier, the July-November 1965 figures showed rice exports up 78 per cent, feed grain up 42 per cent and soybeans up 15 per cent. But, Kirby said, cotton exports were down 26 per cent for the period and wheat sales declined by 4 per cent.

During the 1964-65 trading year, the economist said foreign sales of grain sorghum (\$145 million) and soybeans (\$598 million) were record highs. Rice sales totaled \$204 million, second highest on record and wheat and flour exports reached \$1,239 million, third highest on record. Raw cotton exports fell 13 per cent to \$584 million and its 9th highest export sales volume.

Figures from reliable independent sources of foreign trade information as well as the U. S. Department of Agriculture, show a lower average price trend for

## Lawn Fertilizers

Lawn fertilizers are often purchased with no consideration given to the most economical purchase. Efficient use of any lawn fertilizer suggests that the lawn be fertilized and the square footage terminated.

This job can easily be multiplied the length of the lawn by the width. For example, a 60 foot wide and 80 foot long lawn will contain 4,800 square feet. If a fertilizer recommendation calls for 20 pounds per square foot, then it would be necessary to purchase approximately 100 pounds of the fertilizer.

The county agent says considerable information is available at his office on many matters dealing with lawns and landscaping and that they are free for the asking.

The largest alfalfa crop in the world is the Atlantic Cruiser-Destroyer. Headquarters in Newport.
