FOARD COUNTY RECEIVES ADDITIONAL MOISTURE

Official Total for Crowell in August Is 7.67 Inches

A heavy downpour over parts of Foard County last Wednesday afternoon totaled .57 inch here in Crowell, while to the northwest of town, more than an inch was recorded. The heavy runoff from that direction sent water over U. S. 70 just west of Frances Cafe for a while during the afternoon.

The rain last Wednesday, together with the 7.10 inches previously received here, brought the total rainfall for the month of August up to 7.67 inches. This was the wettest August for Foard County since 1920 when a total of 8 inches was received during that month, records at the Crowell State Bank show.

It was almost a year ago—on Sept. 18, 1965, in fact—that the 8.6 inch rain fell here to almost equal the 1965 total rainfall up to that time.

Rainfall for month for the first eight months of this year follows:

January	1.24
February	.98
March	.00
April	3.10
May	.25
June	4.12
July	.89
August	7.67

Thirty years ago—1936—only 4.34 inches had been recorded for the entire year up to September 3.

Most of the county received about the same amount during August as Crowell. However, parts of the county received as much as 10 or 12 inches.

Another cloud built up in the south last Friday afternoon and brought a light shower to Crowell.

A cloud which approached Crowell from the northwest Saturday afternoon, accompanied by high winds, brought another .6 inch of moisture. The cloud preceded a cool front which dropped the temperature several degrees during the night. However, the mercury rose to the 90's Sunday afternoon.

School Board Sets 1966-1967 Budget at Meeting Held Monday Night

The Crowell School Board set a proposed 1966-1967 budget of \$319,829.00 for the local district at a regular meeting Monday night.

Included in the budget are estimated federal funds of \$31,314 for Title I activities, \$1,334 for Title II, and \$1,470 in work-study funds. These three items are all federal programs.

Although in the estimated receipts during the coming year, the board expects to borrow \$16,000, the budget this year includes paying off the \$7,500 deficit incurred last year, plus about \$11,000 additional costs of the new building.

Largest single item in the budget is instructional expense totaling \$180,764. The second most costly item in the budget is debt service of \$30,585, and administration costs of \$23,488 is the third most costly item in the budget. Remainder of the budget will be used for attendance service, \$2,487; health services, \$2,819; operation of plant, \$13,920; fixed charges of \$10,700; \$6,500 for food service; \$1,237 for student activities; \$425 for community services; capital outlay for paying for the new building, \$29,354.

Set Tax Rate

The board also set the tax rate for the coming year at \$1.80 per \$100 valuation, which is the same as last year.

In other action, the board divided the school bus route to the west part of the county. Previously, one large bus was used on this route, but due to the long distances involved, it was decided to take off the larger bus and send two school station wagons and divide the route equally between the two. Roy Payne and Early Pruitt were selected to drive these routes.

The board was informed by the secretary, Mrs. Marjorie Taylor, that an \$830 deficit was incurred in the operation of the swimming pool this summer. Half of this deficit will be paid by the school and half by the City of Crowell.

The board discussed plans for the government-financed Licensed Vocational Nurse program to be operated by the school district for a four-county area and also discussed hiring three youths under the National Youth Corps work study programs.

Sidewalks from the new gym to the high school will be built with Jake Denton doing the concrete work.

Mrs. Taylor was authorized by the board to sell tickets at the football games here, replacing L. A. Andrews, retired school secretary, who did this job for many years. Mr. Andrews also assisted school officials in preparing the new budget approved Monday.

Man Wanted Here for Forgery and Passing Picked Up in Ft. Worth

Deputy Sheriff George Scott went to Fort Worth last Thursday to pick up a man wanted in this county on charges of forgery and passing. Fort Worth police had previously picked up the man for local law enforcement officers.

The man is lodged in the Foard County jail awaiting action by the next grand jury on charges of forging and passing some \$255 in checks.

Mr. and Mrs. Adrian Thomson Move into New Brick Home

Mr. and Mrs. Adrian Thomson have moved into their new brick home recently completed on Highway 70 just east of the Assembly of God Church in the west part of Crowell.

Mr. and Mrs. Thomson, both of whom are long-time Foard County residents, moved back to Crowell last year from Paducah when Mr. Thomson retired from the State Highway Department.

TITLE 1 FUNDS FOR LOCAL SCHOOL OKAYED

The Crowell Public Schools have been notified by the Texas Education Agency that it has approved the application for Title I funds for the local school for the sum of \$29,380, according to Supt. Henry Black. The funds will be expended as follows: \$2,800 for administration; \$14,031 for instruction; \$2,425 for health services; \$6,500 for food service; \$237 for student activities; and \$900 for fixed charges.

The program will include the following personnel: Mrs. Sandra Floyd as co-ordinator; Mrs. Marie Hofmann and Mrs. Faye Statter as remedial reading instructors; Billy Don Scott as physical education and health instructor; Mrs. Edith Roark as school nurse; and Mrs. Gussie Turner, as visiting teacher. Two teacher aides, Mrs. Doris Burelsmith and Ernest Tucker, will help with the program.

The program is designed to help not only the educationally deprived children, but also to help the economically deprived students.

Mrs. Hofmann will work with students in the first four grades who have reading difficulties, and Mrs. Statter will help the pupils from the fourth through the eighth grades.

This is the second year for the Title I program; however, it did not begin functioning until the second semester of last year's school term.

Crowell Garden Club to Have Guest Tea Friday Afternoon

The season's first meeting of the Crowell Garden Club will be a guest tea on Friday, September 9, at the home of Mrs. Hubert Brown on North Main Street.

"Meet Thy Neighbor" is the chosen theme for the occasion, at which time any woman who is interested in the activities of the Garden Club is invited to attend. The Women's Service League has been invited in recognition of their community activities. Calling hours are from 3:30 to 5:30 p. m.

Mrs. Edith Ramsey of the Vernon Garden Club, using the theme "A Little Bit of Heaven," will display a miniature flower show and will have placement arrangements throughout the house.

Mrs. Jack Brown and Mrs. Walter Ramsey are other hostesses for the occasion.

Thomas Henry Owens Enlists in U. S. Army

M-Sgt. Maurice A. Wilson, local army recruiter, has announced the enlistment of Thomas Henry Owens, son of Mr. and Mrs. B. F. Owens of Crowell. Owens enlisted in the U. S. Army for guaranteed duty in the Military Police Corps. He graduated from Roaring Springs High School in 1965 and attended Clarendon Junior College for one year prior to enlisting. He was sent to Fort Bliss, El Paso, Texas, for basic combat training.

His wife, Shirley Ann, resides in Clarendon.

Crowell School Signs Agreement in Vernon Last Week

An agreement under which the Crowell Consolidated Independent School District would provide classroom instruction for a four-county program to train licensed vocational nurses was signed by Supt. Henry Black in a meeting in Vernon Monday of last week with representatives of the Community Action Agency, Texas Employment Commission, and the U. S. Department of Labor.

A federal appropriation of \$145,187.00 is being requested by the Economic Opportunities Advancement Corporation of Wilbarger, Foard, Hardeman and Cottle Counties to finance the \$54,997.50 necessary to provide the instruction and an additional allowance of \$90,000.00 for transportation of students to Crowell for training and to provide living costs for family heads participating in the one-year training program.

Authorities planning the program, on the basis of a Texas Employment Commission survey of the four counties involved, estimate that 35 to 40 persons above 18 years of age can be trained under the program to help alleviate a shortage of practical nurses in the area.

Both the TEC, headed by A. H. Keever, and the EOAC have worked together in providing the project prospectus.

Don Malone of Crowell, executive director of the EOAC, said that he feels that the need for the program is urgent and interest among area people high.

Hospitals at Crowell, Quanah, Chillicothe and Paducah and the Vernon Clinic-Hospital in Vernon are presently expected to participate in the training program.

Proposed starting date for the course of training is October 1, and only a failure to secure the appropriation under the Economic Opportunities Act is considered likely, at this stage, to prevent the program from being staged.

Trainees will be required to commute from Quanah, Vernon, Chillicothe and Paducah to Crowell for the first phases of training and will be able to complete the last phase of training near their place of residence.

Training will require 51 weeks of instruction, plus holidays, and will include 280 of basic education, 400 pre-clinical training hours, and 1,360 clinical training hours for each trainee.

The clinical training will take place in the participating hospitals.

Basic costs for the program have been set at:

Training—instructional salaries, \$26,042; instructional supplies, \$2,725; textbooks and miscellaneous supplies for basic education, \$1,400; instruction equipment, \$5,035; miscellaneous small tools and equipment, utilities, \$4,951; remodeling of school facility, \$14,844. Total, \$54,997.

Allowances—family heads involved in training, \$75,190; transportation, \$15,000. Total, \$90,190.

The season's first meeting of the Crowell Garden Club will be a guest tea on Friday, September 9, at the home of Mrs. Hubert Brown on North Main Street.

"Meet Thy Neighbor" is the chosen theme for the occasion, at which time any woman who is interested in the activities of the Garden Club is invited to attend. The Women's Service League has been invited in recognition of their community activities. Calling hours are from 3:30 to 5:30 p. m.

Mrs. Edith Ramsey of the Vernon Garden Club, using the theme "A Little Bit of Heaven," will display a miniature flower show and will have placement arrangements throughout the house.

Mrs. Jack Brown and Mrs. Walter Ramsey are other hostesses for the occasion.

Thomas Henry Owens Enlists in U. S. Army

M-Sgt. Maurice A. Wilson, local army recruiter, has announced the enlistment of Thomas Henry Owens, son of Mr. and Mrs. B. F. Owens of Crowell. Owens enlisted in the U. S. Army for guaranteed duty in the Military Police Corps. He graduated from Roaring Springs High School in 1965 and attended Clarendon Junior College for one year prior to enlisting. He was sent to Fort Bliss, El Paso, Texas, for basic combat training.

His wife, Shirley Ann, resides in Clarendon.

Crowell School Signs Agreement in Vernon Last Week

An agreement under which the Crowell Consolidated Independent School District would provide classroom instruction for a four-county program to train licensed vocational nurses was signed by Supt. Henry Black in a meeting in Vernon Monday of last week with representatives of the Community Action Agency, Texas Employment Commission, and the U. S. Department of Labor.

A federal appropriation of \$145,187.00 is being requested by the Economic Opportunities Advancement Corporation of Wilbarger, Foard, Hardeman and Cottle Counties to finance the \$54,997.50 necessary to provide the instruction and an additional allowance of \$90,000.00 for transportation of students to Crowell for training and to provide living costs for family heads participating in the one-year training program.

Authorities planning the program, on the basis of a Texas Employment Commission survey of the four counties involved, estimate that 35 to 40 persons above 18 years of age can be trained under the program to help alleviate a shortage of practical nurses in the area.

Both the TEC, headed by A. H. Keever, and the EOAC have worked together in providing the project prospectus.

Don Malone of Crowell, executive director of the EOAC, said that he feels that the need for the program is urgent and interest among area people high.

Hospitals at Crowell, Quanah, Chillicothe and Paducah and the Vernon Clinic-Hospital in Vernon are presently expected to participate in the training program.

Proposed starting date for the course of training is October 1, and only a failure to secure the appropriation under the Economic Opportunities Act is considered likely, at this stage, to prevent the program from being staged.

Trainees will be required to commute from Quanah, Vernon, Chillicothe and Paducah to Crowell for the first phases of training and will be able to complete the last phase of training near their place of residence.

Training will require 51 weeks of instruction, plus holidays, and will include 280 of basic education, 400 pre-clinical training hours, and 1,360 clinical training hours for each trainee.

The clinical training will take place in the participating hospitals.

Basic costs for the program have been set at:

Training—instructional salaries, \$26,042; instructional supplies, \$2,725; textbooks and miscellaneous supplies for basic education, \$1,400; instruction equipment, \$5,035; miscellaneous small tools and equipment, utilities, \$4,951; remodeling of school facility, \$14,844. Total, \$54,997.

Allowances—family heads involved in training, \$75,190; transportation, \$15,000. Total, \$90,190.

Farmers Union Annual Meeting Set for Saturday Night; Purcell to Be Speaker

The annual meeting of the Foard County Farmers Union is set for Saturday night, September 10, in the Crowell School cafe.

The meeting was originally scheduled to be held at the County Club but was changed due to the wet weather conditions.

Congressman Graham B. Purcell of Wichita Falls, representing the 15th District, will be the principal speaker for the meeting which will begin at 6:30 p. m. with a barbecue supper. This is Congressman Purcell's second visit to a meeting of the Farmers Union of this county.

Following the supper, Rep. Purcell will speak to the group in the Crowell High School auditorium beginning at 7:30.

Tickets are \$1.50 each and may be purchased at the local Farmers Union office on the west side of square through Friday. Attendance at the meeting is not limited to Farmers Union members, but everyone is invited to attend, President Warren Haynie said Tuesday.

Mr. Haynie added that anyone not desiring to attend the barbecue is invited to the program in the auditorium free of charge to hear the Congressman speak.

Crowell Lions Club Announces Essay Contest for Youths

The youth of Foard County have been given a challenge to develop a plan for world peace by their local Lions Club — a challenge that could earn one of them a \$25,000 education and/or career assistance grant.

The Crowell Lions Club, together with Lions Clubs throughout the world, is sponsoring a world-wide essay contest for the world's youth on the most important world subject today—peace. The contest offers \$50,000 in total awards, including the \$25,000 first prize, eight semi-final world regional awards of \$1,000 each and travel expenses for the eight winners to Chicago, Ill., in July, 1967. At that time, the first prize winner will be chosen from the eight. Also, more than 20,000 local, district and multiple district awards will be made.

"We are hopeful one of our young people will win this world-wide prestige award," President James Gillespie of the Crowell Lions Club said in announcing the contest locally.

The contest, open to young people, who will be 14 but less than 22 years of age as of Jan. 15, 1967, was announced by the president of Lions International, Edward M. Lindsey of Lawrenceburg, Tenn., during the annual international convention in New York.

"The Peace Essay Contest is divided into eight world divisions for the \$1,000 prizes," President Gillespie said.

"Our club's winner will advance to Lions district competition in his effort to qualify for the multiple district contest," Gillespie added.

The contest, sponsored by more than 20,000 Lions Clubs in more than 130 countries in the free world will be the largest Peace Essay contest in the world today.

"The purpose of the contest is to develop a formula for world peace because we feel peace is attainable," President Gillespie said.

"We want to alert our youth to the need for world peace and focus attention on that important goal," he said.

Contestants should submit the entry in essay form, not to exceed 5,000 words.

"Judging will fall into four categories: 75 per cent of the essay's points will be devoted to content, ten per cent to organization, ten per cent to style, and five per cent to mechanics," Mr.

Don I. Malone, Executive Director of the Economic Opportunities Advancement Corporation of Cottle, Foard, Hardeman and Wilbarger counties announced last week that an application has been submitted to the Office of Economic Opportunity to establish a seven-month child development center in conjunction with the Chillicothe Independent School District. A request for \$9,752.00 has been asked to conduct the program.

Objectives of the Headstart Project is to acquaint children with school methods and to provide with health services. Benefits of the program will include the children learning to work in classroom setting, have a "head start" in primary grade education and to receive general health and dental examinations.

Margaret, Truscott Methodist Pastor, Makes Plea Tuesday

Rev. E. H. Martin, pastor of the Margaret Methodist Church and the Truscott Methodist Church, issued the following appeal to his members this week: "Summer is over, vacation too, reunions are scattered, school in progress.

"Let's begin this fall and winter in a great way by pledging to attend church and Sunday school every Sunday.

"The pastor is very much interested about our church. You know it is impossible to have a successful church with empty pews.

"Please remember at 7:30 p. m., Sept. 26, four representatives from our Lubbock office will be in our church at Truscott from 7:30 to 9:30. Please remember we have been requested by Bro. Bruce to have a bite to eat.

"Now consider this. Let's not be the one that will be responsible for closing our church. Your presence will help to keep it going."

Owner of Foard County Ranch Wounded Fatally

C. D. Shamburger Jr., 54, former Wichita Falls businessman, and owner of a ranch in Foard County, died Friday in an Amarillo hospital after being wounded Wednesday of last week in a hunting accident near Dalhart.

Mr. Shamburger, one of the state's best-known lumbermen, headed C. D. Shamburger Co. until he sold the company three years ago. According to reports, the shotgun Mr. Shamburger had been using unexpectedly discharged as he was putting it in his car. Two ranch employees, returning from a funeral, found the victim about 12:30 p. m. Wednesday about 10 miles northeast of Texline.

Mr. Shamburger was born in Vernon in 1912, and the family moved to Wichita Falls in 1913. He attended Wichita Falls High School, the University of Texas and Southern Methodist University.

He was a flight officer of the Army Air Force in World War

II, serving in the India-China-Barma theater of operations. He married Mary Boren Jan. 15, 1938.

He moved to Dallas from Wichita Falls in 1963, and managed business and ranching holdings. Services were held at 11:30 a. m. Monday at Hillcrest-Brewer Funeral Home in Dallas with burial at Oakwood Cemetery at Tyler.

Pall bearers were E. W. Moran, Ivan Allred, Howard Martin and Clint Broday, all of Wichita Falls; Willis Clark of Miami, Texas, C. L. Norsworthy Jr. of Dallas, John Biggs of Vernon, W. J. Bryan of Texline, Odell Williams of Crowell, Ben Boren and Bob Fitch of

Dallas. Surviving are his wife; two daughters, Mrs. Lynne Meredith and Susan Shamburger, both of Dallas; a son, Douglas Shamburger of Dallas; two sisters, Mrs. E. B. Clark Sr. and Mrs. P. P. Langford Jr., both of Wichita Falls; and a granddaughter, Mary Donna Meredith of Dallas.

Library Club Meets Saturday to Prepare Library for Year

The Crowell High School Library Club met Saturday morning at 8 in the high school library in order to prepare the library for the coming school year.

Included in this preparation was the cleaning and straightening of shelves and books. All books now available on the shelves are in good condition and in listed order. The students of C. H. S. are expected to keep these books in good condition and order. New books have been bought through the Title I plan and will soon be

on the shelves. Librarians helping with this project were Mrs. Owen New, head librarian; Joylyn Haynie, Jon Ann Carter, Sue Eubank, Mary Adams, Kay Looney, Cindy Erwin, Jo Driver, Betty Ann Burkett and Renee Cooper.

Mr. and Mrs. George Anderson and daughter, Cindy, of Dallas, Mr. and Mrs. Robert Choate and daughters, Kay and Terri Beth, of Slaton, Miss Laura Choate of Slaton and Miss Judy Shultz of Vernon visited Mrs. J. J. Choate, Mr. and Mrs. Charlie Huskey and Mr. and Mrs. Joe V. Smith and family over the Labor Day week end. Miss Laura Choate graduated Friday, Sept. 2, from Shannon School of Nursing in San Angelo. She is a granddaughter of Mrs. J. J. Choate, and the late Mr. Choate and also of the late Mr. and Mrs. Lon Priest of Margaret.

Nebraskan Is Grange Winner

GRAND WINNER—Mrs. Max Eberspacher, Beaver Crossing, Neb., won top honors in the National Grange All-Cotton Sewing Contest with this two-piece jacket dress of cotton crochet knit. She was awarded a week's vacation for two in Bermuda, a sewing machine, and \$100. Some 55,000 women competed in the contest at local and state levels.

Lions Club Meeting

Miss Charlotte Drabek, daughter of Mr. and Mrs. Charlie Drabek, brought the Lions Club program Tuesday and she talked and showed slides of a trip to Washington, D. C., she made this summer with other winners of an REA-sponsored essay contest. She was the only girl from Texas on the trip.

W. C. Lee was introduced as a new member of the club. Mr. Lee had a perfect attendance in the Nocoona Lions Club for the past eight years.

Miss Drabek and Seth Halbert were the two visitors at the meeting.

GIANT NINE-TON STEAM-POWERED ANTIQUE TRACTOR TO STAR IN 1966 STATE FAIR'S AGRICULTURE SHOW

HOW 'YA GONNA KEEP 'EM DOWN ON THE FARM when there's going to be a big mad, mad, mad Agriculture Show at the 1966 State Fair of Texas in Dallas October 8 through 23. And Hal S. Smith of Cresson will bring his 1885 J. I. Case steam tractor to be the centerpiece in the big fun show. Here Smith oils some vital parts of the old tractor, still in running condition and still capable of furnishing power for a sawmill as it did around the turn of the century.

Social Security Benefits for Students

With school already started, parents and students are reminded that young people between the ages of 18 and 22 can continue to receive monthly social security checks if they are attending school full time. Children of deceased, retired, or disabled workers are included.

In issuing this reminder, Edwin Draughon, social security district manager in Vernon, said this part of the social security law was included in the 1965 amendments, but because of the impact of medicare, was overlooked by many people.

If benefits stopped when the child became 18, he may have benefits started again by filing a new application and showing he is a full time student and not married. If the student was over 18 when the parent died, he can still apply as long as he is under 22.

A leaflet, "Social Security Benefits for Students Up to Age 22" is available without charge at the social security office located at 1728 Fannin Street in Vernon. It may also be requested by mail or telephone.

Funds Sought for Hardeman County Neighborhood Center

An application for \$14,267.00 has been sent to the Office of Economic Opportunities for the Hardeman County Neighborhood Center to be established in Quanah. The request was made by Don R. Malone, Executive Director of the Economic Advancement Corporation of Cottle, Foard, Hardeman and Wilbarger Counties.

The Hardeman County center will house such projects as health and sanitation classes, adult education, legal assistance, home management and economics classes, landscaping and gardening training, a referral center for the various job training programs being offered in Job Corps and the Manpower Training Development Act, assistance in obtaining Medicare and Social Security benefits and Small Business and Development Assistance loans. Nursery and kindergarten facilities will be provided as the need for such projects arise.

Weekly meetings have been held at the center to coordinate plans for work days and getting equipment to open the center. It is expected that the center will be open by the first of October, Mr. Malone added.

Emerging from an underwater tunnel at a speed of 38 feet per second, past startled passengers aboard the Caddo War Canoes, is Six Flags Over Texas' newest ride, the Run-A-Way Mine Train. Built at a cost of \$1,000,000, the exciting ride, which just opened, is situated in the Boom Town Section of the famed historical-theme park located midway between Dallas and Fort Worth.

NEW \$1,000,000 RIDE PREMIERES AT SIX FLAGS

Arlington, Texas: The most ambitious and expensive attraction ever built at Six Flags Over Texas, the Run-A-Way Mine Train, was unveiled at the famed historical theme park located midway between Dallas and Fort Worth.

Situated in the Boom Town Section of the 115-acre park, the ride, costing \$1,000,000, opened after more than a year of research, development and construction.

Covering about an acre of wooded grounds along the banks of Johnson Creek, which flows through Six Flags, "The Run-A-Way Mine Train" tracks extend in a twisting pattern for 2,484 ft. A capsule version of the trip begins when passengers are taken for an excursion through the "Great Southwest Mining Company's" property in ore cars. The cars are propelled through a series of lifts up to 35 feet

high by pulleys and gravity. The train, gathering speed, reacts as if it is out of control, reaching a maximum speed of 38 feet per second.

The train races across a bridge through open cuts, crossing over and under the tracks where the two narrow-gauge steam engines regularly travel. It passes through a hotel lobby, dives down a shaft into a 150-foot-long curving tunnel built underneath the water and emerges in the middle of the "Caddo River" domain of the Indian War Canoes. From there, the cars glide gently back to the depot.

Some interesting facts and figures are that a force of slightly under 2 G's is exerted as the train races through the curving 150-foot-long tunnel under the water; each train consists of five ore cars capable of carrying six passengers each or 30 passengers per train. Construction of

the ride involved 2,000 yards of poured concrete, 165,000 feet of reinforced steel, 35,000 feet of electrical wire and conduit, 350 telephone poles for supports and piling, 110,000 square feet of redwood, cedar and pine lumber. Some 443 electrical connections are contained in the console to operate the ride. The loading depot contains 30 tons of air conditioning for the comfort of passengers waiting to board the train. About 150 kw's (150,000 watts) of electrical power per hour are consumed by the ride (equivalent to the amount of power used in one hour by 30 three-bedroom homes).

Six Flags' operating schedule for the remainder of the 1966 season is that the Park will be open seven days a week through September 5; thereafter, until closing on November 27, the Park will be open on Saturdays and Sundays only.

THIRTY YEARS AGO

News items below were taken from the Thursday, Sept. 3, 1936, issue of The Foard County News:

Total rainfall for this year is 4.34 inches.

A vote will be taken in the Crowell Independent School District and Beaver School District No. 15, Saturday, Sept. 5, on whether or not the two districts will be consolidated.

A Bible, over 100 years old, was brought to The Foard County News office Friday of last week for repairs in binding by J. F. Steele of Crowell.

A truck belonging to Clint White of Crowell and a load of household furniture belonging to Clyde King were consumed by fire Saturday morning about ten miles west of Paducah on the Paducah-Matador highway. The truck was being driven by Bill Sellers. The furniture was being moved from Crowell to Hale Center.

One hundred and eighty-three farms and ranches in Foard County valued their vegetable products raised in 1934, exclusive of Irish and sweet potatoes at \$4,806.00, according to the latest report of the Department of Commerce giving the 1935 farm census.

Miss Minnie Ringgold returned Friday to Crowell after a three-week's visit in Arkansas. On her way home, she attended the Centennial at Dallas.

The Wesley Young People's Class was entertained with a picnic at the roadside park north of town Monday evening of last week by the class teacher, Claude Callaway.

Repainting and remodeling of the Liberty Cafe, formerly the Deluxe Cafe, was completed Wednesday. The cafe will continue to serve short orders, sandwiches and meals cooked to order, according to Alfred Eddy, owner and manager, who recently purchased the cafe fixtures from W. B. Tysinger.

Mrs. A. F. McMillan and daughter, Mary Catherine, who are leaving Thursday for Tyler to join Mr. McMillan and will make their home there, were honored with a picnic at the North Pocket Park Monday afternoon.

E. B. Featherston of Aspermont, 86, was the guest of honor and the "daddy" of the Featherston reunion held recently on the F Bar Ranch 7 miles west of Truscott. Mr. Featherston is a pioneer teacher, preacher, surveyor and farmer of Texas and has been a resident of the state more than 80 years. The pioneer Mr. Featherston was instrumental in bringing to an end in Comanche County the practice of wire cutting. In 1886, he took part in a gun battle with the wire cutters and routed them. The News had erroneously reported that Mr. Featherston was a Methodist, and in a letter of correction to this newspaper, he said: "I am a Baptist and not a Methodist. The Methodists have been a great factor in Christianizing and civilizing Texas and this nation. They are surpassed in usefulness by the Baptists only. I am not in sympathy with some modern moves of some Baptist Churches, but as the Baptists were sixty years ago in Texas and the Southland, so am I today. By God's grace, I hope to remain so until death overtakes me, or our Lord comes for those who love Him."

ever, finally succumbed to physical infirmity or diseases again and died after all. This was because the Lord Jesus was rejected as King both in His incarnation and in His resurrection. Rom. 8:22,23 declares the result as we see it in our own day:

"... We know that the whole creation groaneth and travaileth in pain together until now. And not only they, but ourselves also, which have the first fruits of the spirit, even we ourselves groan within ourselves, waiting for the adoption, that is the redemption of our body."

But Christians in "this present evil age" need physical infirmity to draw them closer to God in prayer and faith. Paul himself said:

"... there was given to me a thorn in the flesh... lest I should be exalted above measure. For this thing I besought the Lord thrice, that it might depart from me. And He said unto me: 'My grace is sufficient for thee, for My strength is made perfect in weakness'" (II Cor. 12:7-9).

The apostle's response to this is beautiful:

"Most gladly therefore will I

rather glory in my infirmities, that the power of Christ may rest upon me... I take pleasure in infirmities... for when I am weak, then am I strong" (II Cor. 12:9,10).

"For which cause we faint not; but though our outward man perish, yet the inward man is renewed day by day. For our light affliction, which is but for a moment, worketh for us a far more exceeding and eternal weight of glory" (II Cor. 4:16,17).

**Handling Losses Are
Big in Texas
Livestock Industry**

Losses from handling are stealing profits from the Texas livestock industry, according to Joe Burkett, county agent.

These losses included killed, crippled, and bruised animals, transit shrinkage and loss of bloom.

A conservative estimate places the per head loss for beef animals at 60 cents, or \$50 million annually in the United States. The national loss for hogs is about \$7 million annually.

Reduction of shipping handling losses can be achieved by outlawing clubs, whips, and other bruise-causing persuaders. Use canvas slappers, and use them sparingly. Eliminate protruding nails, bolts and broken boards in trucks, pens, and chutes. Remove stumps, posts and machinery that will cause bruises in feed-lots and in corral areas.

Livestockmen should bed the truck properly. Also, have trucking equipment in good order. Loading should be done slowly and carefully as rough handling is an expensive way to speed up loading and unloading.

Protecting animals from bad weather, providing proper ventilation and frequent checking of the load are all good practices that may help reduce losses.

By keeping these suggestions in mind, shippers can reduce their handling losses and this will, in turn, insure an increase in livestock profits, Burkett added.

**Husband of Former
Resident Died Aug.
27th in McKinney**

Fred Numan Johnson, 64, died Saturday, Aug. 27, at his residence on Route 3, McKinney, where he had resided for the past three years. Mr. Johnson was a son-in-law of Mrs. W. C. Golden of Crowell.

Funeral services were held on Tuesday, Aug. 30, at 2 p. m. in the Davis Street Church of Christ with Rev. Harold Collard and Rev. Bill Shelton conducting. Burial was in Ridgeview Cemetery with Turrentine-Jackson directing.

He was born Dec. 18, 1901, in Oklahoma and was a retired farmer and carpenter. He was a member of the Church of Christ.

He married Miss Edna Marie Willingham in 1926 in Crowell. He is survived by his wife; one daughter, Mrs. A. N. Thomson of Richardson; three brothers, Jake Johnson of Colorado, Joe Johnson of Argentina, and Walter Johnson of Vashiti; two sisters, Mrs. Alvin Vernon of Colorado and Mrs. Evelyne Bashore of Ohio, two grandchildren and several nieces and nephews.

Among those attending the funeral were Mr. and Mrs. J. W. Golden Sr., Mrs. Mary Foster and Mrs. Clyde Cobb of Crowell and Aubress Golden of Benjamin.

**An Open Letter
to the Citizens of
Foard County**

The week of September 11-17 is slated for a week of Cotton Promotion in Knox City. The members of the Chamber of Commerce are ever so mindful of this economic basis for our community. By setting aside this one week to recognize our farmers' "money" crop, we feel we are assisting in the stimulation of our local economy.

Each citizen in our area is invited to visit our stores displaying the finished product of cotton and attend the special affairs on Friday and Saturday, Sept. 16-17. Saturday's feature will be special recognition to the producer of the first bale of cotton this year. The program highlights on Saturday will be a cotton dress revue and fiddlers contest.

We are honoring our cotton producers. Come and participate. Paul Clayton, President, Knox City Chamber of Commerce.

**Freeman to Dedicate
1000th Flood Control
Dam in Texas**

United States Secretary of Agriculture Orville L. Freeman will dedicate the 1000th flood prevention dam built in Texas. Dedication ceremonies will be held today (Thursday) at the dam site 12 miles northeast of McKinney, just off Texas Highway 121.

A large delegation of United States Congressmen, Department of Agriculture officials and conservation leaders from all parts of Texas are expected to attend.

The Collin County Soil and Water Conservation District is sponsoring the dedication. They also sponsor the Sister Grove project, which drains into the Trinity River. These projects are designed to prevent flood damage to crops, bottomlands, roads, bridges, and cities. Other major benefits include outdoor recreation and protection of downstream municipal and industrial water supplies.

**Subsidy Asked for
Domestic Gold Mines**

"A \$50 million annual subsidy to keep domestic gold mines operating and reopen closed mines is favored in Congress. The drain on the gold is making gold mining necessary again, and government wants to encourage it."—International Falls, Minn., Journal.

**Jay Hawk Fate
for Texas Buck**

A fine Texas buck deer, possibly doing a wrong-way-Corrigan, got all the way to Kansas before it was killed in a traffic crash, the Texas Parks and Wildlife Department was notified.

Lengthy time as well as great distances were key factors in documenting the vain search for the happy mule deer roaming grounds.

In March of 1965, the deer was trapped in the Trans-Pecos and trucked 600 miles straight northward to the Texas Panhandle for release in the Canadian River Restoration Area in northwestern Roberts County.

Came fall, and the touring season for romantic bucks, and Master Muley, stylishly dressed in ear tag To. W-11556, packed up and left his new home. He apparently cut across the northwestern hub of Oklahoma and hustled on northeasterly into Kansas.

There, confused by the quickening pace of everyday life he tragically encountered a motor vehicle. But that mysterious Texas tag in McPherson County, Kansas, made him more than just a statistic.

At first, it was thought somebody had shot the deer in the Texas Panhandle and carted it back into Kansas as a macabre joke. But a Kansas Game Protector noted that the animal was still warm, implying that life definitely existed at or near the scene.

Ordinarily, deer in their natural habitat travel only a very few miles. And ordinarily in the fall of the year a buck deer is usually cavorting romantically in the wake of a cantering doe deer.

Whether Mr. Buck got turned around trying to return to West Texas wide open spaces or was frantically courting a female deer is something locked forever in the mule deer happy hunting grounds.

FARM FOR PROFIT

Some farmers—you may be one of them—still shy away from fertilizer because "they won't pay if you run short of water." But the fellows who use fertilizer don't see it that way.

Sure they worry about their moisture, but they worry more about using enough fertilizer to get the most out of the water.

This is new thinking, and it's sound. We now have a wealth of proof which shows that fertilized crops make more efficient use of what moisture there is. A fertilized plant usually tolerates drouth better because it puts out more roots and sends them deeper into the subsoil.
