GENERAL ELECTION SET FOR TUESDAY

A "blanket-size" ballot will be used in next Tuesday's general election, and on the ballot voters will find a complete slate of candidates in the Democratic Party column ranging from the governor down through to precinct-level offices. The Constitution Party also has candidates for nine of the state offices, and the Conservative Party column lists only their candidate for governor. The column for independent candidates is blank and there is also a column for write-in candidates.

About half of the large ballot is devoted to listing the sixteen proposed changes to the State Constitution. These proposed amendments were printed for four consecutive weeks in the News in the late summer. A brief resume of each will be found in another part of this edition.

Wildcats Go to Archer City Friday Night for Crucial Conference Game

The Crowell Wildcats travel to Archer City Friday night for a crucial 11A battle with the Wildcats from Archer County.

Although the Archer City team has lost two district games thus far, they remain as a big hurdle for Crowell which is undefeated in district play and is undisputed leader for the district title.

Archer City has lost to Throckmorton and Paducah. A loss for Crowell will put them in a tie with Throckmorton for the lead. A win over Archer City will leave the Wildcats with only one more hurdle — that being Knox City next week. Coach Thayne Amonett said Monday that both Archer City and Knox City have good ball clubs who, with some good breaks, could upset the locals' quest for the championship.

The Archer City club boasts one of the fastest halfbacks in this area in Bill Holder, who was

a starter on the Archer City team of 1964 which won the state class A championship.

Tommy Carpenter suffered a shoulder injury in last week's game, and Ronnie Eavenson was placed in the hospital over the week end with an infected arm. Coach Amonett did not know early this week whether these two boys will be able to play Friday night.

Game time at Archer City Friday is 7:30 p. m.

TEXAS IS ON THE MOVE!

In virtually every field of endeavor, our state has made dramatic progress the past four years under the strong leadership of Governor John Connally. His administration's bold, yet sensible programs have helped provide new opportunity and a better way of life for all our people.

IMPROVED EDUCATION—Since 1963, state investment in higher education has doubled, and faculty salaries have increased 40%. State support of local public schools have increased 44% in four years, including a \$100 million teacher pay raise enacted in 1965. Technical and vocational training programs have been vastly increased; junior college enrollment doubled during the current bi-ennium. Special literacy programs for migrant workers and their children have been expanded. A college student loan fund of \$85 million has been established. And a special Governor's Committee on Public Education currently is studying all facets of elementary and secondary education.

WATER RESOURCES DEVELOPMENT—Long range planning and development have been given top priority. \$100 million in bonds have been issued for development of needed storage facilities; authorization has been granted to expand this program to \$200 million for the next two years.

CONCERN FOR THE AGED AND NEEDY—Since 1963, assistance to our elderly has been increased 27%. The Governor's Committee on Aging is continually working for the benefit of our senior citizens.

OUTDOOR RECREATION—More than \$2 million has been invested in improving ten of our most attractive state parks during the past two years to provide additional recreational facilities.

INDUSTRIAL EXPANSION—A record 855 new industrial plants have been established the past three years, moving Texas into second place in the nation in industrial expansion. Last year, more than 23,000 new jobs were created in manufacturing alone—the best year ever for the Texas labor force.

INCREASED TOURISM—More than 12 million tourists visited Texas last year, adding more than \$900 million to the state's economy, and creating 140,000 new jobs. The state's tourist advertising program has been sharply expanded.

MENTAL HEALTH AND MENTAL RETARDATION—New emphasis on prevention of mental illness and mental retardation has been achieved through establishment of new community centers, replacing the former practice of "warehousing" patients. Investment for research into causes of mental disorders has doubled the past four years.

BETTER HIGHWAY TRANSPORTATION—Texas has more farm-to-market roads than any other state—more than 35,134 miles. We lead the nation in construction of interstate highways, at a cost 40% below the nation's average.

COMBAT AIR AND WATER POLLUTION—New legislation for public health, "The Clear Air Act of Texas," provides state action to combat air pollution. Similar vigorous action has been initiated to control pollution of Texas streams, bays and estuaries.

NEW CULTURAL GROWTH—The Fine Arts Commission was established in 1965 to nurture the cultural enrichment of Texans. The state's cultural heritage will be preserved and portrayed in the state's pavilion at HemisFair '68 in San Antonio.

BUSINESSLIKE ADMINISTRATION—With unprecedented teamwork, our state government has operated responsibly and efficiently. The Legislature has finished its work on time in each session. Following a pay-as-you-go policy, we have maintained a healthy surplus in the general revenue fund without curtailing essential services.

HEALTHY, GROWING ECONOMY—Business activity rose 11% last year, as Texas continues one of the brightest growth areas. Employment and income are at an all-time high, unemployment at an all-time low. Despite increased responsibilities, our state government costs only \$168.78 a year per citizen, fourth lowest in the nation. No broad-based tax has been enacted the past four years. Texas still has no personal income or payroll tax, no corporate income tax, and is one of few remaining states with a limited sales tax of 2%.

LET'S KEEP THIS KIND OF PROGRESS AND PROSPERITY FOR TEXAS! HELP GIVE AN OVERWHELMING MANDATE FOR THE VISIONARY LEADERSHIP OF DEMOCRATIC GOVERNOR JOHN CONNALLY AT THE POLLS NOVEMBER 8TH!

One of Chief Social and Moral Problems

"One of the chief social and moral problems in our massive and depersonalized society is the growing division between private and public morality. Men who would never dream of cheating an individual feel no compunction about cheating a 'soulless corporation' . . . Thus, the very technology of which we are proudest, and which has contributed so much to our affluence, is at the same time the principal factor in alienating our moral sense. Embellishments by employees, for instance, take more funds out of business than do robberies and burglaries. To steal from a man is a crime; to steal from an institution is—what? The 'what' is the question we must answer."—West Point, Miss., Times Leader.

Christian Church Youth Take Trip to "Spooksville"

The young people of the First Christian Church took a trip to "Spooksville" last Friday night. Meeting at the church at 7 o'clock they boarded a bus and all enjoyed the trip together. While en route from the church to "Spooksville," they had the thrilling experience of seeing a movie on the bus. Reaching their destination, which was the farm of Mrs. Mary Borchardt, they discovered many mysterious surprises.

The young people were sent on a "ghost walk," which proved to be a weird, spooky trip. After all the guests had traversed the path and were seated about an unlighted bonfire, a pseudo-serious tale was told; at the end of the story, a headless horseman rides at full gallop up over the knoll and bears down on the group. He wheels his horse, hurls a lighted jack-o-lantern at the group and gallops away into the dark of the night.

While the young people were listening to another home-made story about the demons who were cast into outer darkness without fire and light, and as they began to yell, "send us fire," the huge bonfire mysteriously leaps into flame. This made light aplenty to

roast weiners and marshmallows and drink Cokes.

Mrs. R. C. McCord is sponsor of the youth. Those helping with the trip were Mr. and Mrs. Floyd Carl Borchardt, Mr. and Mrs. Jack Powers, Mr. and Mrs. J. W. Whitely, Mr. and Mrs. Jack Young, Mr. and Mrs. Roy Whitley, Mrs. Dee Adams, Cecil Driver and R. C. McCord.

Truscott H. D. Club

Christmas gifts and package decorations were the subject for the Truscott Home Demonstration Club program Thursday, Oct. 27, at the community house.

Mrs. Roy C. Daniel displayed several handmade gifts and decorations for Christmas. She told how to make chairboys using Readers Digests and styrofoam balls; pin cushions from velvet scraps, jar lids and gold rick rack and Santa's helpers from pipe cleaners and felt. Other gifts on display included a cross stitch apron, crocheted slippers, a velvet pillow and a crewel pillow.

"How to decorate packages if you're short of money and can't tie a bow" was the title Mrs. Jack W. Brown gave for the second portion of the program. She showed packages decorated with felt, dress material, wrapping paper and Christmas card scraps.

One was a calico cat cut out of dress material and glued to a package. This was finished with green eyes and mouth from a scrap of wrapping paper, gold nose and whiskers from a card, and a tiny bow saved from another package.

Mrs. W. R. Rake presided at the business session. Mrs. J. E. Brown led the group in the opening song and Mrs. Lily Black led the THDA prayer. Roll call was answered with "something I wish we had done this year." The group decided to send soap boxes left from those gathered for Viet Nam to the state hospital when the Camp Fire girls take the Christmas box. Mrs. Roy C. Daniel offered to provide soap for the boxes.

Refreshments were served to 10 members and one guest.

Spanish Club to Have Car Wash Saturday

T. E. L. Class

The T. E. L. Sunday School Class of the First Baptist Church met in the home of Mrs. Eunice Bowley with Mrs. Bowley and Mrs. Maude Hinds as hostesses, last Friday for the monthly business meeting and social.

Refreshments of sandwiches, cookies and a drink were served to twelve members and two visitors.

Mrs. Charlie Cavin had charge of the business. Opening prayer and devotional were brought by Mrs. C. C. McLaughlin. Mrs. Mary Moore closed the program with prayer. Mrs. Mae Solomon had charge of the social hour with a sketch of how Halloween started and a Halloween game.

West Side H. D. Club

The West Side Home Demonstration Club met October 25 in the home of Mrs. R. A. Cooper. Mrs. Homer Ketchersid called the meeting to order. For opening exercise, Mrs. Cooper read "The Best Things in Life." Roll call was answered with "a craft I like." Mrs. Cooper gave a council report. Mrs. L. G. Simmons gave a report on the new year-book.

The program was on hand-made gifts and everyone brought some article. After recreation, the hostess served refreshments to 11 members and one visitor, Tanja Gail Balze of Big Spring.

Next meeting will be November 8 at 3 p. m. at the home of Mrs. S. E. Tate.
