### Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

HOUSE JOINT RESOLUTION No. 17 proposing an amendment to Section 49-b, Article III of the Constitution of Texas, so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

### BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than

interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated by such Division as may be prescribed by law. All moneys becoming a part of said Fund hereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, and who, upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a series of bonds being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the re-

tirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following: "FOR the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

## Two Minutes With the Bible

Accepted

In Ephesians 1:6 the Apostle Paul sings a doxology, as it were, "to the praise of the glory of God's grace, wherein He hath made us accepted in the Beloved" (Eph. 1:6).

In the story of the Prodigal Son it is touching to see the Father

accept his wayward son back to his bosom—and so generously! He does not merely admit him back into his home; he clothes him with his best robe, puts a ring on his hand, shoes on his feet and kills for him the fatted calf so that they call all to "eat and be merry" in celebration of his return.

But the prodigal was after all the Father's son, whereas Paul bids us "Gentiles in the flesh" to remember that originally we were "without Christ . . . aliens from the commonwealth of Israel . . . strangers from the cov-

enants of promise, having no hope and without God in the world" (Eph. 2:12).

Hence it is even more touching to contemplate God's gracious acceptance of us who were not sons but "aliens" and "enemies" (Col. 1:21).

The word "accepted" in the above passage actually comes from the word "grace" (Gr. karis) with which the verse begins: ". . . His grace, wherein He hath engaged us in the Beloved One."

Thus God looks upon us now with delight; He delights to favor and bless the believer because He sees Him in Christ, His

beloved Son.

This passage reminds us how God once broke through the heavens to declare: "This is My beloved Son, in whom I am well pleased" (Matt. 3:17). And now He is delighted with us and blesses us with "all spiritual blessings in the heavens" because we are "in Christ," the Beloved. Not that we have attained to this position. Far from it, for "He hath made

### Tax Man Sam Sez

The Texas Community Property Laws can make a big difference in the amount of tax that you owe the Federal government. In Texas the husband and wife must split the income if they file separate returns. However, the extra dividend exclusion, the extra retirement income credit and the casualty loss deduction allowed under community property law can be even more important.

### Interest on Debt Mounting Rapidly

Senator Gordon Allott of Colorado noted recently that interest on the national debt will increase to \$14.2 billion in the coming fiscal year. This, he points out, is more than the combined total spent by the Departments of States, Labor, Commerce, Agriculture, Interior and Justice, plus

the Atomic Energy Commission and the District of Columbia government. It is also more than the entire federal budget as recently as 1941.

See Our New Grain Drills with Shoe Type Openers

INSTEAD OF DISC

These openers are staggered for trash clearance—like a chisel plow. No worry about whether discs are not turning and dragging trash. Much less upkeep in years to come.

6- or 7-ft. sizes—can make up in multiples of any size. Two of 6-ft. or two of 7-ft. fits nicely behind chisel or tandem disc. Three or more units can be pulled by themselves—fastened end to end.

These narrow multiple units give flexibility—to follow contour of land—for more uniform seeding.

Less overall width (no side wheels). Get closer to fence, down narrow roads, etc.

Can sow deeper—to reach moisture, if a dry fall—GET BETTER STAND. Good heavy press wheels are a part of the drill.

Stop by and look at these drills. They are an investment in the future as well as the present. The extra benefits more than justify the extra price per foot.

## Miss Russell Becomes Bride of Mr. Melear in Quannah Ceremony

Miss Mary Louise Russell became the bride of Robert Edwin Melear in an 8 p. m. ceremony at the Quannah First Christian Church Saturday, August 11.

Parents of the couple are Mr. and Mrs. Sam Russell of Quannah and Mrs. W. A. Melear of Seymour.

The bride is a granddaughter of Mr. and Mrs. Tom Russell and great granddaughter of Mrs. W. S. J. Russell, all of Crowell.

Rev. John Beard, pastor of the church, officiated at the double ring ceremony, before an arch that was covered with lemon leaves and clusters of white pom mums. Fern palms were used in front of the arch and it was flanked on each side by large fern trees.

The baptistry and the gold cross in the church were surrounded with greenery. The arch was sparkling with small gold star lights, accenting the gold cross. Pink and white bow ties with clusters of pom mums and a white aisle cloth completed the church decor.

Organist was Mrs. Richard Edmonds and Mrs. Wayne Preston was soloist for the ceremony. She was accompanied by Mrs. Edmonds as she sang, "Whither Thou Goest."

As the couple knelt on a white prie dieu, covered with white satin in brocade and decorated with white pom mums, Mrs. Preston

sang "The Wedding Prayer."

The bride, given in marriage by her father, wore a gown of white satin peau de soie, styled with a basque waist that featured a round neckline and long tapered sleeves. The formal length skirt featured a large spray of medallions applique in seed pearls. The detachable train was appliqued in the same pattern.

Her elbow length veil of silk illusion was secured to a pill box hat of white satin with a pearl trim.

She carried out the tradition of something old, new, borrowed and blue, and wore a six pence in her shoe.

She carried a nosegay of white roses and frenched carnations, with tiny pearl leaves and long flowing satin streamers.

The maid of honor was Miss Sue Russell, sister of the bride. She wore a street length dress of pink lace and matching accessories. She carried a nosegay of pink rosebuds and pink and white frenched carnations, tied with pink and white satin streamers.

Bridesmaids were Mrs. Jimmy McDonald of Lubbock, Mrs. Leon Stockstill of Evadale and Mrs. Lloyd Nicholas of Wichita Falls. Their dresses, accessories and bouquets were identical to that of the maid of honor.

The flower girl was Miss Laurie Jobe of Garland. She was dressed as the other attendants and carried a white woven basket with pink rose and carnation petals.

Ring bearer was Tommy Russell of Crowell, cousin of the bride.

The bride was attired in a white lace dress with a matching veil. She wore a single strand of pearls. Her accessories were white.

A reception was held in the home of the bride's parents, Mr. and Mrs. Earl Sterner, following

the wedding. The table was covered with a white linen cutwork cloth over blue. The two-tiered blue and white wedding cake was topped with a miniature bride and groom. Cake and punch were served to the guests.

The couple will make their home in Chillicothe.

Those attending the wedding were Mr. and Mrs. Earl Sterner, parents of the bride; her sister, Mrs. Melvin Dishman, Mr. Dishman and children, Dwayne, Linda and Brenda, of Crowell; his parents, Mr. and Mrs. R. L. Butts, and his sister, Sharon, of Quannah.

## What people are saying about... A CLEAN BREAK WITH THE PAST

"Electric heat keeps mother so comfortable," says Mrs. Earl D. Tracy of Junction, Texas. Mrs. Tracy's mother, who is 90 years old, makes her home with the Tracys. Caring for her in an electric comfort-conditioned home is much easier, Mrs. Tracy says. "As you get along in years, drafts and varying temperatures in the winter time are bad. With electric heat, the room stays the same temperature, and there is no dryness like from other heating. And individual room controls allow each of us to select the temperature we like best."

Mr. Tracy is a rancher, and is well known in and around Junction. The Tracys really live in

their home—enjoy it themselves and entertain friends. Mrs. Tracy has cooked electrically for 35 years, and the Tracys have lived in total-electric comfort for two years. The cooling system is ducted-in type, the kitchen total-electric, there is an electric home laundry, water heater and two bath heaters in addition to baseboard heating. The home is of brick construction—6 rooms and two baths—and the average per month cost is only \$26.20. "Electric living is so much less expensive than I ever thought," Mrs. Tracy says.

Why don't you convert to total-electric living and see what you have to say about it?

From the News . . .

# THIRTY YEARS AGO

News items below were taken from the Thursday, August 26, 1937, issue of The Foard County News:

Five and three-tenths inches of rain fell in Crowell and Foard County from Friday afternoon until Sunday to break a two-months' drought and give relief from the severest heat wave of the summer.

The Corner Drug Store, owned and operated by Henry Black and Doyle Kenner, opened Saturday. Tom Beverly has been employed as pharmacist.

W. A. Patton, who lives a short distance northwest of Crowell, was the recipient last week of a money order for \$8.00 from a man in Oklahoma which was an overcharge for cotton picking in 1926. The payment of the money was a complete surprise to Mr. Patton as he had never known about being cheated. The Oklahoma man picked cotton for Mr. Patton in the fall of 1926 and was paid 40¢ per hundred and board. At that time he charged Mr. Patton for picking 2,000 pounds that he didn't pick. The cotton picker has become a Holiness preacher and since that time his conscience had bothered him and he decided to pay the old debt.

Misses Mary Rugland Thompson and Elsie Faye Roark of Crowell and John and Otis Toole of Thalia received degrees from the West Texas State Teachers' College in Canyon at commencement exercises held Monday evening, August 23.

Tom Ray Roberts of Crowell has been named a provisional officer of the John Tarleton Cadet Corps in an announcement from Dean J. Thomas Davis.

The West Texas Utilities Company this week ignored the rising cost of living when it announced a reduction of 16 2/3 per cent in electric rates for Crowell.

The Bird Brand Pan-Americans, radio stars of the Texas Quality Network, entertained with a 15-minute program at the Fox-Way Food Market Saturday afternoon.

Plaster work on the walls of the class rooms of the new grammar school now under construction is progressing rapidly and will be completed within the next few weeks.

Stuart Hamblen, radio crooner and rodeo performer of Los Angeles, Calif., won the Edward H. Bohlin silver-studded belt, emblematic of the American radio championship at Gilmore Stadium in Los Angeles Sunday, August 8. Several Crowell people, Mr. and Mrs. W. L. Ricks, J. T. and Gordon Gribble and Miss Frankie Pennington, who were visiting in Los Angeles at the time, witnessed the performance.

Dr. Sam J. Muirhead has established new offices in the rear of the Corner Drug Store.

In a quiet wedding at the home of Mr. and Mrs. Clint White, the marriage of Miss Jim Lois Gafford to Moody Bursley was solemnized at 8 o'clock Tuesday morning with Rev. E. L. Yeats, pastor of the Methodist Church, officiating.

### Card of Thanks

I want to say thanks to Dr. Stapp and the wonderful nurses who took such good care of me while I was in the hospital. I want to thank the cooks, the ones that kept the hospital so clean and nice and to every one that is connected with the hospital in any way. Thanks to everyone for their prayers, cards, letters, flowers, gifts and visits. I appreciate everything so much. May God bless you all is my prayer.

### Card of Thanks

We want to thank each one of the Crowell Volunteer Fire Department for coming to us so quickly last Saturday evening when our tractor shed and workshop was on fire. We didn't see the fire in time for them to save the building, but they did their best, so thanks again, boys, for a job well done. May God bless and protect you in your work.

Q—How long can a person be deferred as an undergraduate college student?

A—He can be deferred in Class II-S until he completes the requirements for his baccalaureate degree (if completed within the normal and specified time), until he fails to pursue satisfactorily a full-time course of instruction, or until he reaches age 24, whichever occurs first.

Q—Will men who become fathers after the new Selective Service law became effective (June 30, 1967) be deferred in Class III-A?

A—Every case will have to be considered on an individual basis.

Q—Does the new law make any change on fathers?

A—Yes. Any man classified in Class II-S (college student) after June 30, 1967, can not, under the law, be classified in Class III-A as a father.

Q—Can the college student who received a Class II-S deferment after June 30, 1967, receive a Class III-A deferment for dependency in any manner?

A—Only on the basis of hardship to dependents, and the burden will be on him to prove hardship in the individual case.

## Logical Solution

In The American Press, Don Robinson, consulting publisher, stated: "The Postmaster General's idea of making the Post Office a government-owned corporation, without cabinet representation or patronage, seems to be a logical solution to many of the problems of efficient and economical handling of the mail. . . . Under the right private set-up, I'm sure I'd be tempted to buy a few shares of American Postal Services Inc. —and expect to make a profit—even if rates were frozen, for the time being, at the rates the government charges today."

Brown-eyed Miss Peggy Nester of San Antonio is 1967-68 Miss Texas Rural Electrification. The 21-year-old San Antonio College sophomore was selected from six finalists during the 27th annual meeting of Texas Electric Cooperatives, Inc. in Houston August 17. She succeeds Miss Laura Gass of Comfort as the official ambassador of Texas' 79 rural electric systems and their 400,000-plus members. She will also be Texas' nominee for the national Miss Rural Electrification title in Dallas in February, 1968.
