LICENSED VOCATIONAL NURSES SCHOOL FOR CROWELL RECEIVES FEDERAL APPROVAL

Tickets for Crowell-Quannah Game Now on Sale in Crowell

Reserve seat tickets for the Crowell-Quannah football game to be played in Quannah Friday night are on sale this week at the office of Mrs. Marjorie Taylor, school secretary, in the court house and at Shirley-Youree Drug.

The Crowell reserve seat tickets are for the center section of the east side of the Quannah stands. Prices are \$1.50 each for reserve seats and 50c for students.

Tickets will remain on sale in Crowell until noon Friday. After that time, tickets may be obtained at the gate.

Game time for the contest is 8 p. m.

The News was notified Thursday of last week by both Senator Ralph Yarborough and Congressman Graham Purcell, that the Departments of Labor and Health, Education and Welfare have approved a Manpower Development and Training Act Project to be conducted in the Crowell community center and operated by the Crowell School System.

The project will provide 25 unemployed workers with training as licensed practical nurses. Fifty two weeks will be spent in training. The project will cost a total of \$76,493.00, of which the federal government will provide \$72,385.00.

The project has taken about a year to be approved since application was first made by the Four-County Office of Economic Opportunity.

Quarters for operating the L. V. N. program have been prepared on the second floor of the community center and the instructor will be Mrs. Edith Roark, with Mrs. Alene Williams as her assistant.

Where to Apply for School

Don Malone, executive director of the OEO, said, in commenting on the approval of the school, that interested persons 18 years of age and older with a 10th grade education or its equivalent should apply at the Texas Employment Commission Office in Vernon. He added that if they qualify, students may draw a \$32.00 per week training allowance.

School Board to Consider 1967-68 Budget on October 2

The Crowell school board will meet on Monday night, October 2, to consider the budget for the operating of the school system during the 1967-68 year.

The meeting will begin at 7:30 o'clock in the school tax assessor-collector's office in the court house.

The public has the right to be present.

Wildcats Defeat Matador 46 to 13; Go to Quannah for Game Friday Night

The Crowell Wildcat football team, in its second game of the season last Friday night, romped over the Matador Bullfighters 46 to 13 in a non-conference game played at Wildcat stadium.

Ronnie Eavenson led the Wildcat scoring parade with four TDs. He opened the scoring in the first period on a five-yard run. He scored also late in the period and then early in the second quarter, both times on one-yard plunges. Bob Bird booted after both touchdowns.

Late in the second quarter, Eavenson scored again, also on a one-yard plunge, with Bird again kicking the point-after. Early in the third quarter, halfback Jim Tom Smith got into the scoring act for the Wildcats with a five-yard run. Attempted kick failed.

Matador scored early in the fourth period against the Crowell reserves as halfback Mark Timmons broke loose on a 60-yard gallop. Don Cox kicked for the point-after. Halfback Rockne Wisdom came back for Crowell with a five-yard run over right guard for six points. Bird again kicked for the extra point.

Matador scored again on a 70-

yard run by Timmons with the conversion attempt failing. Gary Eddy concluded the Wildcat scoring late in the fourth quarter on a 15-yard run to paydirt. The kick failed.

The forward wall of the Wildcats, Bob Bird, Charles Dodd, Michael Eubanks, Ike Everson, Terry Bird, Billy Hord and Jim Tom Smith, did a good job of containing the Matador offense and the secondary, Gary Tole, Ronny Eavenson, Rockne Wisdom, and Joe Ray Burckett, intercepted two of the Matador passes.

Go to Quannah Friday

The Wildcats go to Quannah Friday night for the annual battle with the Quannah Indians. The Indians tied Stamford 13 to 13 two weeks ago and last Friday night romped over the Vernon Lions 27 to 7. Game time is 8 p. m.

News About Our MEN IN SERVICE

U. S. Marine Cpl. Aubrey Gayle Houston, 27, son of Mrs. Inez Cress of Tokyo, Japan, and grandson of Mr. and Mrs. Charlie Daniel of Crowell, has received his discharge from the Marine Corps and is now making his home in Los Angeles, Calif. Cpl. Houston, a former Crowell resident, suffered injuries when a mine exploded in Vietnam on April 11. His eyes were damaged and he had spent about five months in the hospital recovering from his wounds. He was presented a Purple Heart on the hospital ship en route back to the States from Vietnam.

On Sept. 12, two local Marines, Sgt. K. W. Hough and L. Cpl. Johnny M. Robertson, spent three hours together in Da Nang, South Vietnam. Sgt. Hough is leaving Vietnam to be stationed in Okinawa for one year. He has just completed 26 months in Vietnam and left for Okinawa Sept. 16. L. Cpl. Robertson is presently stationed with G Co., 2nd Bn., 5th Marines. He plans to return to Crowell in December. The two Marines had only a brief visit to talk over old times and news from home. Hough is the son of Mr. and Mrs. T. R. Hough and Robertson's parents are Mr. and Mrs. L. B. Robertson, all of Foard County.

He began his sophomore year at McMurry College in Abilene.

Miss Sherry Sandlin is attending West Texas State University in Canyon.

RECEPTION SUNDAY TO HONOR NEWCOMERS

A reception honoring residents who have moved to Crowell since January 1 will be hosted by the Women's Service League at the community center on Sunday. The public is urged to welcome the newcomers during the 4 until 5 p. m. calling hours.

Slated to head the receiving line are Mayor Robert Kincaid, Supt. Henry Black, and Mrs. Cornelia McDaniel, president of the WSL.

Through the courtesy of the Crowell Booster Club and the WSL, six month gift subscriptions to The Foard County News have been given to the 20 to 25 new families.

Planning the event and in charge of general arrangements are Mrs. W. L. Johnson, Mrs. J. A. Marr and Miss Ora Mae Fox. Other committees include: publicity, Mrs. Cecil Carroll, Robert Kincaid, W. W. Lemons; invitation, Mrs. Leo Cates and Mrs. Nelson Oliphant; refreshments, Mmes. Lorene Bradford, Fred Wehba, Cotton Owens, Henry Borchardt, Howard Ferguson and Fern McKown; and table decoration, Mmes. L. A. Andrews, Marjorie Taylor and Cecil Carpenter.

Each citizen of the area should consider this a personal invitation and circle Sunday on their activity calendar.

Diverted Acres May Be Grazed Starting October 1

In the September newsletter of the Foard County ASCS, Mrs. Jean Reeder, office manager, told Foard County land owners that diverted acres may be grazed beginning Oct. 1. Mrs. Reeder said that although the previously announced date for beginning grazing diverted acres was November 1, the state committee was advised to advance the prior starting date for fall grazing by one month. A seven-month grazing period will be provided for 1967 and subsequent years under annual diversion programs.

In commenting on the community committee election now being held, Mrs. Reeder cautioned voters to vote for five persons or less on the ballots which were mailed out. She also stressed that voters must sign the certification on the outside of the envelope; otherwise, the ballot cannot be counted.

Payments are now being made on cotton, wheat and feed grain, and producers who have not received payment will be receiving a card to sign for final payment or checks will be mailed to producers. The local office hopes to complete all payments by the end of September.

County Receives Rain Last Week

Scattered showers fell over Foard County Wednesday night of last week, with 46 inch recorded by the official government gauge in Crowell.

Reports from different sections were that nearly all the county received from .4 inch up to one inch.

Skies remained overcast both Thursday and Friday, but no more moisture fell.

Crowell Men Attend Meeting on Industry

Representatives from Crowell, Childress, Quannah and Paducah were in attendance at a meeting Friday at Texas A&M to hear a discussion of the possibility of securing land for the development of an area for manufacturing of materials that pollute the air, especially with odors.

Attending from Crowell were Cecil Davis and Henry Black.

A feasibility report will be made on the project, supervised by the West Texas Chamber of Commerce, sponsors of the Friday meeting.

The Texas Industrial Commission, Lone Star Gas, Burlington, West Texas Utilities and Frisco will be asked to cooperate in the feasibility report.

Representatives were present from all of the firms concerned, along with the U. S. Representative Graham Purcell of Wichita Falls.

The feasibility report is to be ready by November 15.

Land being considered is in the area of the corners of Cottle, Foard, Hardeman and Childress counties.

News Awarded Certificate by Social Security Manager

The U. S. Department of Health, Education and Welfare has presented The Foard County News with a certificate of appreciation "in recognition of an outstanding contribution to public understanding of Social Security."

According to Edwin Draughon, manager of the Vernon social security office, who made the presentation to the News, the framed certificate was given this newspaper for the social security news items published for the benefit of Foard County residents. Mr. Draughon said that the large number of Foard residents who signed for Medicare before the deadline was due in large part to the news coverage given the sign-up period by this paper.

Tax Man Sam Sez

Millions of young Americans are beginning another year of education. About 4½ million, including more than 200,000 young Texans, will get a short but highly profitable course in how to prepare their income tax returns. The Internal Revenue Service furnishes the school with free material for the Teaching Taxes course. The students learn how to read the instructions, pay the tax they owe, and take advantage of the deductions available to the taxpayer. These students will prepare tax returns next income tax filing period with only one-fourth of the errors contained in their parents' returns.

Large Crowd Attends Farmers Union Meeting

A large crowd of Foard County residents attended the annual meeting of the Foard County Farmers Union at the Thalia school last Saturday night, and heard the president of the state Farmers Union speak, in addition to a state ASCS official.

Jay Naman, state president of the organization told those present that his organization was in the midst of the battle to remove the skip-row legislation from the cotton program, and also they are working for better prices for wheat for farmers. He cited the fact that through an organization such as Farmers Union, farmers have access to high government officials and said that on the preceding Wednesday he had had a conference with Secretary of Agriculture Orville L. Freeman.

He said his organization joins hands with other organizations in Washington in efforts to benefit farmers. He read a letter from a trucking industry executive saying that farms must be run as business and must copy the success stories of large business. The trucking executive said agriculture is the most dynamic industry in America.

Jack Bradshaw assistant director of the state ASCS spoke to the group and showed the formula by which each county is assigned its wheat acreage allotment.

He stressed the fact that individual farmers should, when they receive questionnaires concerning their production, to fill accurate figures in their replies, and also they should be sure they return any questionnaires they receive.

He showed how the state committee uses a multi-step formula in determining quotas.

It was noted that of the 80 Foard County farmers receiving production questionnaires, only 30 returned the completed forms.

The meeting was preceded by a barbecue supper prepared by local Farmers Union members. Kenneth Halbert, president, was master of ceremonies and told the audience of the some of the activities of the local organization during the past year.

Mr. Halbert was re-elected president in the election of new officers, and other officers named were Oran Ford, vice president; and Mrs. W. F. Statser, secretary-treasurer.

SPEED KILLS

(Note: This is the second of three articles revealing the details of the Department of Public Safety's plan for a crackdown in traffic enforcement now underway.)

Those stubborn drivers who ignore traffic laws and play motorized russian roulette as they rock along the highways soon will encounter more radar speed checks and more Texas Highway Patrolmen writing tickets.

Statistics have proved conclusively that speed kills, that driving too fast for conditions is responsible for many traffic tragedies, so the Highway Patrol is going to do something about it.

The Texas Highway Patrol in coming weeks will field more men in more highway cruisers, armed with many more radar speed detectors, in order to encourage motorists to keep their speeds within legal limits, and to prevent the ever soaring number of traffic deaths from rising even higher.

Captain J. W. Blackwell, in charge of the Texas Highway Patrol in this district, points out that the plan to encourage drivers to maintain safe speeds resulted from a 1966 survey on Texas highways which showed that speeding is an increasingly common occurrence.

In the first article in this series, Major Luther C. Moore, commander of the Department of Public Safety's Northwest Texas Region No. 5, told how research by university scientists and government studies proves that a driver's chance of becoming involved in a fatal accident increases many fold at speeds over 60 miles an hour.

But how many drivers break the speed limit? What is the safest driving speed? Who has the wrecks? And what types of highway accidents are most common? These questions might be asked by the average Texas motorist, and Captain Blackwell has the answers, compiled from a survey of Texas highway speeds in 1966, and a recent report by the U. S. Department of Commerce.

When Mr. average motorist takes to the highway, about one driver in every eight he meets (actually 12.4 per cent) will be exceeding the daytime speed limit of 70 miles per hour, says Captain Blackwell.

The figure jumps much higher at night, and veteran officers point out that this increase is directly responsible for many fatal accidents.

Captain Blackwell said the survey made on Texas highways last year shows that nearly one-third of the drivers (29.6 per cent) exceeded the night speed limit of 65 miles per hour.

The safest driving speed, according to the government report, is the average speed of all traffic—while the highest accident rates are found at the very lowest and very highest highway speeds.

Captain Blackwell says the government study shows that passenger car drivers under 25 and more than 65 years old were involved in the greatest number of traffic mishaps. The survey also shows that drivers of older cars are involved in more accidents than drivers of newer cars—perhaps due to the low horsepower and poor acceleration of the older cars.

The most common traffic accident, according to the government survey, is the rear-end collision in which one car overtakes and strikes another car from the rear.

(The final article in this series will tell how the Texas Highway Patrol plans to reduce speeding on Texas highways.)

Two Minutes With the Bible

Redeemed

"We have redemption through His blood . . ." (Eph. 1:7). Our English word "redeem" is actually a translation of three beautiful Greek words:

Agarazo: to buy at the market. Ex-agarazo: to buy out of the market.

Lutro: to set free (upon receipt or payment of the ransom.) It is the last of these that is used in Eph. 1:7. The believer in Christ has liberty—purchased liberty—through Christ's shed blood.

First we were "bought with a price" and "redeemed to God" (1 Cor. 6:20; Rev. 5:9). Further, we were "redeemed from the curse of the law" (Gal. 3:13). And now best of all, we have been set gloriously free (Eph. 1:7; Gal. 5:1).

Why not turn in your Bible to Ephesians 1:6-8 and read this brief passage thoughtfully to see the boundless generosity of God's dealings with those who put their trust in Christ as Savior.

"To the praise of the glory of His Grace," God "hath made us accepted (or, embraced us) in the Beloved One," in whom we have "redemption" and "the forgiveness of sins according to the riches of His grace, wherein He hath abounded toward us . . ."

Redeemed! Purchased out of the slave market of sin and the law—and set gloriously free! Does this foster loose, careless conduct? By no means! When our Lord has given a blind man his sight, he said: "Go thy way; thy faith hath made thee whole," but the record hastens to add that "he followed Jesus in the way." Could anything be more natural? And could anything be more natural than a redeemed, liberated sinner longing to please and serve his divine Benefactor?

...and the LONE RANGER RIDES AGAIN!

Yes! Remember those thrilling days of yesteryear when the masked rider of the plains fought to protect law and order.

But, as progress has replaced this famous legend of the Old West, so has it replaced the crime-attracting darkness of the rural countryside.

Today, you can chase darkness away for just a few cents a day with an automatic mercury vapor security light . . . and at the same time your day is lengthened for work or play.

Call us today and get more protection, more production, more pleasure, and more pride with a mercury vapor light. There's a free study lamp bonus when yours is installed.

Truscott Receives 1.09 Inches of Rain Past Week

BY MISS RUTH BROWN

The Truscott Home Demonstration Club has voted to make the Truscott reunion an annual event. The 1968 reunion will be held on the Saturday before Labor Day.

Out of town guests who attended the shower for Mrs. Don Salyers were Mrs. Warren Haynie and Sharla, Mrs. Donald Werley, Connie, April and Ray Don; Mrs. Johnny Marr, Mrs. Milburn Carroll, and Mrs. C. M. Carroll, all of Crowell.

It rained 1.09 inches last week, according to Paul Bullion, government weather observer.

The Fire Maker group of the Truscott Camp Fire Girls met last Wednesday at Mrs. Bill Dodd's home.

Mrs. J. B. Eubank and daughters, Kathy and Sue, went to Denton last Saturday to take Kathy back to college at North Texas State University.

Mr. and Mrs. Donald Salyers of Abilene visited her parents, Mr. and Mrs. Marion Chowning, last Saturday.

Mr. and Mrs. E. J. Jones went to Farmington, N. M., Sunday to visit their daughter, Mrs. Norma Lee, who is in the hospital.

Tommy Westbrook visited his mother, Mrs. Tom G. Westbrook, in Wichita General Hospital Tuesday.

Mrs. Jeff Todd and Mrs. Maggie Campbell of Crowell visited Mrs. Clara Owens Saturday.

Local Business Men Vote to Join Four-County Industrial Foundation

A group of Crowell business men, in a meeting held at the community center Monday night, agreed to join in a Four-County Industrial Foundation in an attempt to secure industry for this area. The other counties involved are Childress, Hardeman and Cottle.

At the meeting, Cecil Davis, local West Texas Utilities Co. manager, told the group about the proposed organization and of the meeting he and Henry Black attended at Texas A&M Friday.

The idea behind the proposed four-county organization is to secure industry that in its manufacturing process emits unpleasant odors, and to locate the plant in the vicinity of the junction of the four counties, which would be northwest of Crowell.

Three local men, Cecil Davis, Henry Black and Robert Kincaid,

were selected by the group to represent Foard County in the four-county organization.

These three are expected to attend a meeting relative to the organization in Childress tonight. Local men attending the meeting Monday night were Don Wilkins, Henry Black, Mike Blvd, M. M. Welch, Charles Branch, Glen Goodwin, Marion Crowell, Robert Kincaid, Cecil Davis, Frank Cooper, Walter Thomson and Bill Klepper.

Kincaid stated that the charter is about ready for the formation of a Foard County Industrial Foundation, and is expected to be organized in the near future.

Grandson Injured

Mr. and Mrs. Bob Carroll have received word of their grandson, Greg Nuckols of Springfield, Mo., being injured in a car accident last week. He ran from behind a car into the path of an oncoming car, and received cuts and bruises on his face and arm. He also lost his sight for two or three hours, but at this time, he is out of the hospital and able to return to school.

Greg is the son of Mr. and Mrs. Perry Nuckols of Springfield, Mo. Mrs. Nuckols was the former Miss Patsy Carroll of Crowell.

W. S. L. Meeting

A controversy pertaining to the rights of the individual was presented in a talk by Charles McClure, Vernon attorney, who was guest speaker at the weekly luncheon meeting of the Women's Service League last Thursday. His talk was entitled "Fair Trial and Free Press."

Mrs. McClure accompanied her husband to Crowell.

Catfish Fingerling Count Drops This Year

Private pond owners who plan to stock channel catfish fingerlings from state fish hatcheries will be disappointed this year, says Marion Toole, inland fisheries coordinator for the Texas Parks and Wildlife Department.

Completion of five new impoundments totaling some quarter-million surface acres of public water have first priority on young catfish raised in state hatcheries, Toole said.

Stocking at the ratio of 25 fingerlings per acre, some 5.5 million will be needed for the five new public water impoundments alone. Bacterial infections and gill flukes also cut short the state's production this year.

CHS Student Body Has Pep Rally Last Friday Afternoon

The Crowell High School student body and a portion of the grade school students held another enthusiastic pep rally in the new gym last Friday afternoon.

The Wildcat Band, under the direction of Jerry Floyd, provided music, and in addition to a number of yells led by the pep squad leaders, a skit was presented by Misses Cindy Erwin, Janice Whitely and Mary Sue Carpenter. They were assisted by the pep squad leaders.

R. C. McCord Speaks at School Assembly

R. C. McCord, Minister of the First Christian Church, spoke to the Crowell High School student body Wednesday, Sept. 13. He used as his text Matthew 16:26: "For what is a man profited, if he shall gain the whole world, and lose his own soul? or what shall a man give in exchange for his soul?" Elaine Jackson was given a New Testament for knowing where the scripture was found in the Bible.

Quanah Civil Air Patrol Seeks Members

The Civil Air Patrol cadet program is open to boys and girls who have passed their 13th birthday, who are in good physical condition and have their parents' consent to join. The Civil Air Patrol has a place for the entire family and men and women are invited to become senior members of the Quanah Composite Squadron of the CAP. Meetings are held each Tuesday at 7:30 p. m. at the annex of the Presbyterian Church at 411 Main Street in Quanah.

The Civil Air Patrol is a volunteer organization. It was organized during the grave international situation which prevailed during the months just prior to the Japanese attack on Pearl Harbor. The CAP flew thousands of miles and spent long hours on duty patrolling the eastern and southeastern sea coast of the United States.

Enlistments are now being accepted by the Quanah Composite Squadron. All teen-agers are invited to meet with the Quanah squadron and join the CAP. More information can be obtained from

Uncle Sam's Selective Service

Editor's note: Below are questions now being asked at draft boards. The answers are by Col. Morris S. Schwartz, State Selective Service Director, 702 Colorado St., Austin, Texas 78701. He will welcome your questions.

Q—I received my bachelor's degree in June. I have been accepted for graduate study in history in September. Will I qualify for II-S deferment?

A—This depends on your draft board's decision. If it defers you, the new regulations permit it to do so for one year only.

Q—I have completed 3 years of college and have earned 75 percent of the units required for my degree, but my class standing is very low. Can I be deferred for my senior year?

A—Yes. You must be classified in II-S (college student) if you're full time and satisfactory. Class standing doesn't matter any more.

Q—I've heard that the deferment of graduate students in medicine, dentistry, veterinary medicine, osteopathy, and optometry is now mandatory. Is that right?

A—Yes, if the student is satisfactory in his studies.

Q—Who decides he is satisfactory?

A—The school in which he's enrolled.

Q—Who gets classified in Class I-Y?

A—A man who takes the Armed Forces physical and mental examination and is not found qualified for service, but could be later if Congress declared war or national emergency.

Keep your tape measure neat by winding it on an empty adhesive tape spool and using the cover as a cap.

Use scraps of oil cloth to make mats for the children to use at the table when eating or to avoid splashing while painting.

NOTICE!

Pursuant to Article 689a-17 of the Revised Civil Statutes of the State of Texas, notice is hereby given that a public hearing on the 1967-68 budget for the Crowell Consolidated Independent School District will be held on Monday, the 2nd day of October A. D., 1967, at 7:30 p. m. at the office of the school tax assessor-collector in the courthouse at Crowell, Texas, at which time the Board of Trustees will consider the budget as prepared for said school district. Any taxpayer rendering property for taxation in said school district shall have the right to be present and participate in such meeting.

Chevrolet's new look for 1968 begins up front with a smart new grille and hood that conceals the windshield wipers. Recessed taillights in the rear bumpers and new body side lines are smart styling features as shown above on the Caprice Coupe. An impressive list of comfort and convenience options make it possible to custom-tailor a new Chevrolet to almost any personal taste. The new Chevrolets will be on display September 21.

Uncle Sam's Selective Service

Editor's note: Below are questions now being asked at draft boards. The answers are by Col. Morris S. Schwartz, State Selective Service Director, 702 Colorado Street, Austin, Texas 78701. He will welcome your questions.

Q—Can I still enlist in the National Guard or other Reserves and escape the draft?

A—Yes, if you can find a vacancy and enlist before receiving an order for induction. But you don't escape service.

Q—How's that?

A—You'd have to take four months or more of active-duty training, remain in the reserves for six years, making weekly drills and summer camps, and take the chance of being called to active duty.

Q—How about the Navy?

A—Some reserve programs, including the Navy, require two years of active duty.

Q—May I enlist in the Guard or Reserves after I get my induction orders?

A—No.

Q—I'm a college student and I have a chance to join the National Guard. What will that do to my student deferment?

A—You'll be deferred for your Guard service in class I-D instead of Class II-S as a student.

Q—I'm getting in ROTC. How will I be classified?

A—In Class I-D as a student taking military training.

Highway Patrol Investigates Accident Here During August

The Texas Highway Patrol investigated one accident on rural highways in Foard County during the month of August, according to Sgt. Floyd Etheridge, Highway Patrol supervisor of this area.

This crash resulted in no deaths, no injuries and estimated property damage of \$400.00.

The rural accident summary for this county during the first eight months of 1967 shows a total of 17 accidents, resulting in no deaths, eight injured and estimated property damage of \$9,295.00.

"School days" are here again. The familiar yellow school buses are back on the highways. The sergeant reminds all motorists of the state law regulating traffic in regard to school buses. "The driver of a vehicle upon a highway outside of the limits of any incorporated city or town upon meeting overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus, but may then proceed past such school bus at a speed which is prudent, not exceeding ten (10) miles per hour and with due caution for the safety of such children."

1968 Chevrolets

The 1968 Chevrolets are the very essence of modern design. Every line, every curve is in close harmony. It's a smooth, uncluttered look with roof lines compatible with body lines, grilles and bumpers that blend gracefully into long, rounded fenders. Clean, flowing, beautiful in their simplicity, these '68 Chevrolets are rich and advanced in styling beyond any you've ever seen.

A MORE SILENT RIDE
And for 1968, we've gone to every length to give you more peace and quiet inside. The most sophisticated computers have been used to strategically place body mounts and successfully isolate noise and vibration. Shock absorbers have been improved. The wheel stance on many models is wider for greater smoothness. Exhaust systems have been redesigned to make them whisper-quiet. Even the clocks tick more softly. A sound car is a silent car. The '68 Chevrolets are the most silent, highest quality cars we've ever built.

BETTER PERFORMANCE
There are new engines, a bigger standard Six and V8. There's a new

250-hp V8 you can order that runs on regular fuel. Many new engine components increase dependability and keep your new Chevrolet running stronger. There's a new rear axle ratio you can add for greater economy. On most engines equipped with automatic transmissions, there's a special heater for the carburetor which gives you more efficient performance in cold weather. And with every engine, you get the new GM exhaust emission control.

UNIQUE ASTRO VENTILATION
There's a whole new idea in ventilation, called Astro Ventilation, for Camaro, Corvette and the elegant Caprice Coupe. It's also available on many other models. By opening two new vent-ports on the instrument panel, you bring in outside air that can be directed where you want it. This way, you can leave your windows rolled up and add still more to your peace and quiet.

PROVED SAFETY FEATURES
You get the proved GM-developed energy absorbing steering column, folding front seat back latches, dual

master cylinder brake system with warning light, plus many more new features. Among them: energy absorbing front seat backs, and safety armrests that shield the door handles.

MUCH MORE THAT'S NEW
There are new roof lines, some formal and graceful, others sporty and quick. There are new instrument panels, richly designed and all controls within easy reach. There are new interiors, new vinyls, new fabrics, new colors. There are models with Hide-A-Way windshield wipers and headlights that disappear behind grilles. There are new side marker lamps, new recessed taillights. There's even a new ignition alarm buzzer that reminds you not to walk away and leave your keys in the car.

These are the newest, the most different, the most dramatically changed Chevrolets ever. And they're at your Chevrolet dealer's now. You'll thoroughly enjoy slipping behind the wheel, experiencing the smooth new handling and library-quiet ride and, more than anything, seeing and feeling the even greater quality built into every new Chevrolet for 1968.

Be smart! Be sure! Buy now at your Chevrolet dealer's.

There's more quality and value built into Chevrolets than ever before, making every new 1968 model an even better buy!

Woman Wears Star Like Dad, Husband
Mrs. Gayle Scott, a sheriff's daughter and a highway patrolman's wife, has made the family group complete by becoming a law officer. She is the new woman deputy sheriff and radio dispatcher in the Castro County sheriff's office at Dimmitt.
Mrs. Scott is the wife of Texas Highway Patrolman Billy Don Scott, who was assigned to Dimmitt July 15. The Scotts and their two children went to Dimmitt from Crowell.
The new woman deputy is the daughter of Mrs. Marjorie Taylor of Crowell and the late Percy W. Taylor, who was sheriff of Foard County for several years.
The Texas Highway Department will celebrate 50 years of public service during National Highway Week, Sept. 24-30.

Mrs. Preston Owens' Grandson Wed in Lubbock Ceremony

Miss Patricia Jane Galloway and William Earl Belote were married in a double ring ceremony at 8 p. m. Friday in Westminster Presbyterian Church in Lubbock, with Rev. William S. Smith, minister, officiating.

The bride is the daughter of Mrs. William S. Galloway of Lubbock and the bridegroom is the son of Dr. and Mrs. Joe W. Belote Jr. of Slaton. He is the grandson of Mrs. Preston Owens of Crowell.

The bride was given in marriage by her brother, W. S. Galloway Jr. of Richmond, Va. She wore a floor-length gown of pearl de soie with empire waistline, scoop neckline, A-line skirt and long petal point sleeves. Scroll designs of Belgian lace flowerettes and silk embroidery enhanced the bodice and skirt. Her pleated panel train was attached at the waistline and bordered with lace. Her tiered veil of illusion was attached to a camelot crown of seed pearls and lace. She carried a cascade of white roses.

Mrs. Gilbert Zamora was matron of honor. Bridesmaid was Miss Betty Jo Belote of Slaton and bridesmatron was Mrs. E. Dean Chaffin. Attendants wore floor-length shamrock green sheaths covered by white organza cages enhanced with flower appliques. They carried bouquets of white chrysanthemum pompons.

Best man was Deryl Baker. Groomsmen were Jackie Hipp of Big Spring and Jim Bob Christman of Slaton and ushers were

Tommy Hester of Austin and Gary Peebles of Slaton.

Organist was Mrs. Leonid Jirgensons.

Following the reception in the church parlor, the couple left for a wedding trip to Padre Island. They will reside at 3504 Grooms St., Austin.

The bride is a graduate of Monterey High School and Texas Tech where she received a bachelor of science degree in child development in 1966. She will teach in Project Headstart, Del Valle.

Belote is a 1963 graduate of Slaton High School. He received a bachelor of science degree in electrical engineering in 1967 from Tech and plans to attend graduate school at the University of Texas.

Bridal Shower Honors Mrs. Don Salyers

A miscellaneous shower honoring Mrs. Don Salyers, the former Miss Sandra Chowning, was held at the Truscott Methodist annex Saturday afternoon, Sept. 16.

Mrs. Curtis Casey greeted the guests. Those in the receiving line included the honoree's mother, Mrs. Marion Chowning, Jr.; the honoree; her grandmother, Mrs. Idoma Chowning; and the honoree's aunt, Mrs. J. A. Marr of Crowell.

Mrs. Bill Dodd registered guests and Miss Sharla Haynie of Crowell played piano selections.

The honoree's chosen colors of yellow and white were used throughout the party area. The table was laid with a ruffled net cloth underlined in yellow and centered with arrangements of yellow flowers. Pineapple sherbet punch from a crystal punch bowl and petits four decorated in white with tiny yellow flowers, were served. Yellow napkins were printed in silver with "Sandy and Don."

Hostesses were Mmes. Herman Dobbs, J. G. Adcock, Bill Owens, Connie Myers, Warren Corder, Bill Dodd, J. R. Spivey, Roy C. Daniel, Tommie Tapp, Paul Bullion, Curtis Casey and J. D. Smith.

H. D. Council Meeting

The Foard County Home Demonstration Council met Thursday, Sept. 14, at 2:30 p. m. in the agent's office. Eight members and two visitors were present. Mrs. R. A. Cooper brought the opening exercise, with Mrs. Homer Ketchersid, council chairman, presiding.

Some of the projects by the various clubs during the summer were reported. One club put out a memorial wreath in the cemetery. One club had a birthday party for a charter member. Some clubs worked on the beautification of the city park.

The October program, a county-wide meeting, on holiday tables, was discussed and the chairman appointed a committee of Mmes. Virgil Johnson, James Sandlin and John Ray to work on details of the meeting.

The agent, Mrs. Virginia Il-seng, discussed a program on fashion and fabrics which will be held in October.

A nominating committee composed of Mmes. James Sandlin, Fred Traweck and Mrs. Ray was named. Council election will be in October.

Henry Circle

The Henry Circle met at the home of Mrs. Virgil Johnson on Friday, Sept. 10. Mrs. Ruth E. Johnson, circle chairman, presided over the business session and Mrs. Melia McDaniel gave the opening prayer. Mrs. Fern McKinnon presented the devotional from Pauline Moody Bursay brought a very interesting talk on "Why God speaks my language?" She pointed out the progress that has been made in translating the Bible in other languages.

Mrs. Henry Borchardt brought the special feature and she deduced her guests, Cleo and Beth Lankford. They sang a number of hymns. Miss Lankford presented several of the Psalms from Braille Bible, and gave her experience while in the school for the blind.

Refreshments were served to ten members and three guests.

For the safety and comfort of travelers, the Texas Department—marking 50 years of public service during Highway Week, Sept. 24—maintains more than 1,100 rest areas, roadside picnic scenic turnouts.

What people are saying about... A CLEAN BREAK WITH THE PAST

"Sold on the cleanliness!" says Mrs. John Barrows of San Angelo, Texas. The Barrows have lived in total-electric comfort for almost three years, and are pleased with the living! Pleased that it is so clean... less dust. Pleased with the electric cooling and heating because it does such an "excellent job." Pleased that they can set the temperature controls one time in the summer, and one time in the winter and a constant temperature is maintained. The Barrows are pleased that there have been no service problems with the heating or cooling units, no cold spots in winter or hot corners in the summer. Both are especially pleased that the electric

bill is so reasonable. Only \$42.31 per month average. That is the total operating cost for cooling, heating, lighting, laundry, water heating, cooking, cleaning and running all of the work-saving electrical appliances for a family of 5—and Robert, age 15; Ken, age 11; and Bryan, age 10; are active youngsters who open and close the refrigerator a lot... need lots of clean clothes and open and close doors frequently. GM MARK OF EXCELLENCE

Truscott H. D. Club

Ideas for handmade Christmas gifts and decorations were displayed Thursday, Sept. 14, at the first club meeting of the Truscott H. D. Club. Members displayed and discussed the items, which included holiday doorknob covers, nylon net trees, candles, nylon net lint pickers, cup towels, decoupage pictures and a magazine bucket made from a five gallon oil can, painted antique green and finished with a gold decal.

Mrs. W. M. Rake, vice president, presided. Mrs. Marie Gillespie reported a tea was held following the last council meeting honoring Miss S. C. Kinsey, retiring Knox County H. D. Agent. Committee chairmen were asked to turn into the county committee all reports. The club voted to make the Truscott community reunion an annual affair.

Lingerie Shower Honors Future Bride

Miss Jo Wynn Ekern, bride-elect of Michel Coats, was honored at a lingerie shower Thursday night at the home of Mrs. Gordon Erwin.

The reception table was laid with an ecru linen cloth and was centered by an arrangement of vases of variegated pink accented with pampas grass blooms in a large silver bowl. A silver coffee service and a crystal punch bowl graced the ends of the table. Other appointments were of silver. The bride's colors of shocking pink and white were carried out in the dainty refreshments and napkins.

The lingerie gifts were presented to the bride in shocking pink and white umbrellas.

Hostesses for the affair were Mmes. Erwin, Robert Kincaid, Newell Hofmann and Glyndon Johnson.

West Side H. D. Club

The West Side Home Demonstration Club held its initial meeting of the fall season Tuesday of last week in the home of Mrs. C. S. Wishon. Opening exercise, "how about you," was read by Mrs. Wishon. Roll call was answered with "what attracts me most about a person."

In the absence of Mrs. Jim Henry, president, Mrs. R. A. Cooper presided. Various committees gave their reports. Mrs. Homer Ketchersid presented the program on "outstanding women in the news." The hostess served refreshments to one visitor, Mrs. J. T. Brooks, and 12 members.

The next meeting will be at 9:30 a. m. in the home of Mrs. Oscar Gentry on September 26.

From the News . . .

THIRTY YEARS AGO

News items below were taken from the Thursday, Sept. 23, 1937, issue of The Foard County News:

Thalia Farmers Co-Operative Society No. 1 voted Wednesday, Sept. 8, to operate a gasoline filling station in Thalia. Following this meeting the society purchased the old lumber yard in Thalia from Cleo Smith Lumber Co. of Crowell and will convert the property into a modern service station and accessory store.

The safe of the M. & S. Chevrolet Company was blown open about 4:30 o'clock Saturday morning and robbed of about \$120 in cash. Checks and county warrants amounting to approximately \$40 were also taken.

A man arrested near Denton on August 14 and charged with check forgery, was sentenced to two years in the state penitentiary at Huntsville Monday morning by District Judge C. Y. Welch and was on his way to prison to serve his term that afternoon about 5 o'clock. It just so happened that "Uncle Bud" Thompson made one of his periodic visits to Crowell to pick up prisoners on that afternoon.

Odorization of the natural gas used in the distribution system in Crowell and Thalia was effected Wednesday, Sept. 23, A. H. Culbertson, manager, announced Wednesday night, the action meeting the requirements of the statute enacted by the Texas Legislature in its regular session last spring. Leaks in pipes can be detected by the distinctive odor of the malodorant and should a consumer have a leak, he is asked to call the local gas office and an investigation will be made in order to locate the leak.

The Crowell Wildcats piled up a 40 to 6 score against the Matador Matadors in the first home game played Friday night in the Wildcat gridiron. Starters for the Wildcats are Que Meason, Raymond Joy, John Lee Orr, William Simmons, Wayne Canup, Oran Johnson, Vernon Gibson, Charles Branch, Franklin Evans, Marvin McKown and Bernice Fitzgerald.

Miss Bernice Walling of Vivian, Mrs. G. M. Sikes of Margaret and Mrs. Walter Thomson of the West Side Club will be delegates to the Texas Home Demonstration Association at San Antonio Sept. 28 to 30.

Edward Jones of Eldorado, Okla., former student in Crowell High School and member of the football team, was here Sunday visiting relatives and friends.

Mrs. R. J. Thomas and daughter, De Alva, have returned from Dallas where they spent several days.

Hubert Brown is expected to return home Friday or Saturday from Lansing, Michigan, where he visited the Oldsmobile factory and witnessed the first showing of the new 1938 models along with other dealers of this section.

Ray Shirley of Wink was here Wednesday afternoon to attend the funeral of Miss Josie Wright.

Miss Mary Frances Self is attending the University of Oklahoma in Norman and majoring in dietetics.

Art Show Set for Wichita Falls

Area artists have been invited to show in the 20th annual Sidewalk Art Show, sponsored by the Wichita Falls Art Association of the Woman's Forum on Saturday, Oct. 14, in downtown Wichita Falls. Registration will begin at 8 a. m. and entries should be in place by 10 a. m. The show will close at 3 p. m.

Artists over 18 years of age may enter any number of framed paintings, drawings, sketches, etc., or pieces of crafts—provided they are original and have not been shown before in a Wichita Falls sidewalk art show. A nominal entry fee will be charged.

Ribbons will be awarded by judges from the art department of Texas Woman's University in Denton. Registration for the show will be at two locations: at the corner of 9th and Scott, and at the corner of 9th and Indiana.

Longest highway in Texas is US 83—903 miles from the northern Panhandle to Brownville.

New Oldsmobiles on Display Here

A number of important safety-related product improvements have been incorporated as standard equipment on the 1968 Oldsmobiles.
Among these new features are seat belts with push button buckles at all passenger positions and a convoluted fuel tank filler neck which will bend and collapse to prevent fuel leaks due to rupture of the neck in case of rear end collision.
These and many other new features of the line will go on public view Thursday as Borchardt-Goodwin Chevrolet displays the new 1968 Oldsmobiles.

Hunting Accidents Show Sharp Rise

Hunting accidents for the last 12 months have increased 60 per cent over the previous one-year period, according to reports filed by game wardens of the Texas Parks and Wildlife Department.
Field reports showed 85 accidents involving firearms with a total of 27 listed as fatalities for an increase of 42 per cent. Accidents involving hunters under 21 years of age showed a 65 per cent increase.
"Anyone who takes a gun into the field has an obligation to use it safely," Theron Carroll, department information and education coordinator, said. "Everyone should know and practice the accepted rules of hunting safety."
"We can reduce the accidents considerably if hunters will be sure of their guns, their targets and themselves," Carroll added.

Producers Advised to Check the Diets of Livestock on Pasture

Foard County cattle producers, due to the current grazing conditions, are advised to check the diets of livestock on pasture to make sure they are getting a sufficient supply of minerals.
While County Agent Joe Burkett says minerals are not "cure-alls," they are essential along with proteins, carbohydrates, fats and vitamins are good animal nutrition.
Cattle in Texas under normal grazing conditions require sodium, calcium, phosphorus, chlorine and additional trace minerals. Trace minerals are supplied in adequate amounts from natural forage and water.
Sodium and chlorine are obtained from ordinary salt. Cattle should have free access to salt, preferably granular, at all times, says Burkett. Calcium and phosphorus are obtained in natural conditions from green grazing foliage. However, such forages are often deficient and must be supplemented. Unless severe deficiency occurs, steamed bonemeal fed free choice will supply all of the two elements needed to supplement the normal diet. Even though bonemeal is not always needed, most successful producers make it available to cattle at all times.
Phosphorus is usually more efficient than calcium in most regions of Texas, and results in loss of appetite and weight, decline in milk production, poor calf crop and failure to breed. Prolonged phosphorus deficiency causes cows to become lame and stiff in the joints. Should this condition occur, the county agent says phosphorus should be added directly to the drinking water. Minerals should be placed in a sturdy container divided into two sections. Loose salt should be kept in one section and bonemeal in the other. Mineral boxes should be placed in shady areas near available water supplies. Burkett said additional information on minerals for livestock is available from his office.
