CHS Stage Band and Chorus Present Program

The Crowell High School choir and stage band presented an assembly program Wednesday afternoon of last week before students were dismissed for the Thanksgiving holidays.

Attired in sky blue robes, the chorus sang a number of selections. This was the first performance for the group this year.

Dressed in new black and turquoise costumes, the stage band presented several numbers. The group featured Paul Stapp, first cornet, and Sheri Speer, tenor sax player, in two numbers.

Both musical groups are under the direction of Jerry Floyd.

The choir also presented special music for the community Thanksgiving service at the Methodist Church on Thanksgiving eve.

Members of the stage band are: trumpets, Paul Stapp, Anthony Powers, Terry Autry and David Stapp; trombones, Carolyn Jones, Beth Welch and Murry Bullion; saxophones, Sharla Haynie, Bill Myers, Sheri Speer, Mickie Owens, Mary Bob Long, Renee Cooper, Debra Rasberry; Cathy McLain, piano; George Brown, drums; Joe Mike Fish, tuba; Pam Carter, bass.

The CHS chorus is composed of Jo Driver, Jacque Gillispie, Harriet Halbert, Jane Hughston, Cathy McLain, Mickie Owens, Linda Sparkman, Peggy Rasberry, Jan Welch, Pam Borchardt, Lela Cates, Jan Carroll, Cathy Denton, Kathy Hammonds, Kay Looney, Kristi McLain, Sheri Speer, Peggy Welch, Julia Whitfield, Murry Bullion, Joe Mike Fish, Gary Cates, Pat Cates, Anthony Powers, Buz Rasberry, and George Brown.

Local Residents Plan to Attend Amarillo Meeting

A number of area residents will attend the 29th annual stockholders' meeting of Producers Grain Corporation December 4 and 5, at the Holiday Inn West in Amarillo, it was announced this week by Homer Johnson, manager of the Farmers Cooperative Elevator Association, which is a member of Producers Grain Corporation. PGC is a regional grain marketing cooperative made up of 116 local grain cooperatives in five states.

Mr. Johnson said that approximately 1,000 directors, members and managers of these local cooperatives will be in attendance at the two-day meeting to conduct the business of the regional cooperatives and to hear statements by the management of PGC on the activities and operations for the past year of the organization. In addition, a number of interesting speakers will address the group on current problems of the grain business. Speakers include J. H. Dean, general manager of Farmers Cooperative Commission Company, Hutchinson, Kansas, and vice president of the National Federation of Grain Cooperatives and president of Producers Export Company; Ralph Crawford, general manager of Producers Export Company, New York City; Donald E. Smith, director, Kansas City ASCS Commodity Office, USDA; Roy E. Hendrickson, Washington, D. C., executive secretary, National Federation of Grain Cooperatives; and others. Activities for the women in attendance will be highlighted by a luncheon at the Amarillo Country Club followed by a fashion show.

Attending from Foard County will be Mr. and Mrs. Newell Hofmann, Mr. and Mrs. Roy Steele, Mr. and Mrs. Dwight Campbell, Mr. and Mrs. W. R. Moore, Mr. and Mrs. V. A. Johnson, Mr. and Mrs. Glendon Johnson, Mr. and Mrs. A. V. McComb and Mr. and Mrs. Homer Johnson.

October Savings Bonds Sales Here Total \$2,978.00

United States Savings Bonds sales in Foard County during October totaled \$2,978.00. Sales for the first ten months totaled \$35,499.00, and this is 51 per cent of the county's 1967 goal of \$70,000.00.

Texas purchased a total of \$14,689,704.00 in Series E and H Bonds and Freedom Shares during the month of October. The January-October sales totaled \$139,007,131, which is an increase of 8.4 per cent over the same period during 1966.

"United States Savings Bonds make ideal Christmas gifts. Why not purchase a United States Savings Bond for someone you love—it is the gift that keeps on giving." They can be purchased at your local bank where attractive gifts envelopes are available," George Self, Foard County Savings Bond chairman, stated.

R. C. McCords Begin Sixth Year at Christian Church

This coming Sunday will mark the beginning of the sixth year for the ministry of Mr. and Mrs. R. C. McCord at the First Christian Church.

During the McCord's years in Crowell, a new annex has been built for the church; missionary giving rose to an all-time high last year; the parsonage has been completely redecorated.

Mr. McCord has served as chairman of the Red Cross here, is secretary-treasurer of the Ministerial Association and is on the board of trustees of Dallas Christian College in Dallas.

Mrs. McCord has also added a great deal to the program of the local church by her outstanding leadership of the youth in various activities.

Tuesday afternoon at 5:45 p. m., Mr. and Mrs. Tom Crowell boarded a bus in Abilene, Texas. Destination: Chiapas, Mexico. The couple are members of the Wycliffe Bible Translators (WBT) whose goal it is to translate the Bible into the unwritten Indian and aboriginal languages of the world.

The Crowells' five-month stay in Mexico is to train them to live in an isolated area without modern conveniences. They will be assigned to an Indian tribe permanently after the jungle training camp, probably in Brazil.

"Jungle Camp" is 700 miles southeast of Mexico City in Chiapas. Tom and his wife, Jan, along with some 35 other new members, will arrive there after the orientation period in Mexico City. During December, January and February, they will maintain a rigorous 5:00 a. m. to 9:00 p. m. schedule learning simple mechanics, medicine, carpentry, butchering, dugout canoeing, swimming and survival techniques.

March and April will find the Crowells on their own in an Indian tribe, further practicing primitive living skills while beginning to study the language of the people there.

They will return to the States in May and will have three to six months to pack and prepare for their permanent assignment (8 to 15 years in 5-year stretches).

After being assigned permanently to an Indian tribe, the Crowells will use the best scientific linguistic techniques available to reduce the unwritten language to writing; teach the people to read their own language for the first time; and translate the New Testament into their language.

The Crowells will not act as clergy, but will transmit Christianity to the Indians on a one-to-one or small group basis. The reasons for this approach are that the Indians will be able to develop their own leadership; and, to avoid establishing "little American churches" in other countries.

WBT is an interdenominational organization of evangelical Christians, whose headquarters is in Santa Ana, California.

Jan is the daughter of Mr. and Mrs. Donald Bowman of Belleville, Michigan. She received her B. A. in English from Bethel College in St. Paul, Minnesota. After teaching high school English for one year, she received her M. A. in linguistics in April, 1967, from the University of Michigan.

Tom, son of Mr. and Mrs. Marion Crowell and grandson of M. F. Crowell and Mrs. J. W. Harris, all of Crowell, earned his B. Th. from Midwest Christian College in Oklahoma City, Okla.

Tom and Jan were married in December, 1965. Tom also completed his M. A. in linguistics at the University of Michigan this year.

County Receives Moisture Monday Night, Tuesday
A cold front moving through this area early this week brought the first moisture to the county received during November.

The rain, very light, accompanied by some sleet, began falling Monday and continued slowly all Monday night and Tuesday morning.

The official measurement was .24 inch as recorded by the government gauge.

Although the measurement was small, the rain will be of great benefit to the small grain crop as well as pastures. The rain brought a halt to the cotton harvest which is moving into its final stages.

Dr. J. H. Hamblen Observes Ninetieth Birthday Last Week

(Editor's note: Dr. J. H. Hamblen of Abilene, former pastor of the Crowell Methodist Church, celebrated his 90th birthday last week. The following article appeared in the Abilene Reporter-News.)

lene Reporter-News.)

Dr. J. H. Hamblen, general superintendent emeritus of the Evangelical Methodist Church, knew he wanted to be a preacher when he was "four or five years old," but

he kept it a secret.

Many, many years later, one of his sons became famous when he wrote, "It Is No Secret What God Can Do."

Now, it is certainly no secret what God has done through the venerable pastor, who Monday night celebrated his 90th birthday with a reception at the church he established after withdrawing from the Methodist Church here in 1945.

Despite his years, Dr. Hamblen looks to the future—not the past. "I don't know if I'll live to be 100, and I don't worry about it,"

he said in an interview. "My life is entirely in the hands of the good Lord. If he gives me the strength to go on living, I will make my life count for something."

Presently, Dr. Hamblen is staying busy helping with the planning of a revival set for Dec. 3-10 at "his" church, S 3rd and Palm. Dr. Ford Philpot, one of the nation's leading evangelists, will be doing the preaching.

And providing special music for the opening of the revival crusade will be Stuart Hamblen of Hollywood, Dr. Hamblen's son and

or of "It Is No Secret," "This Old House," "Until Then," and more than 100 famous gospel records.

Dr. Hamblen created quite a stir in 1945 when, during his second pastorate of First Methodist Church in Abilene, he felt led to withdraw from the Methodist church because of what he called the church's increasing "modernism." A modernist implies that the Bible "contains" the word of God, while a fundamentalist through his convictions declares that the Bible "is" the word of God," he explained.

"I didn't mean to start a new movement," he said. "I just wanted to organize a small evangelical church and serve it until I died."

His church, founded with 23 members under a shade tree at the site of the present church, soon turned into a movement, however. The Evangelical Methodist Church, with general headquarters in Wichita, Kans., now has 175 to 180 churches and more than 10,000 members in the United States and several foreign countries.

"My greatest aim was to establish an old-fashioned John Wesley Methodist Church," he declared. "We actually have it established now, I guess, and we are continuing to grow."

Still Dr. Hamblen looks to the future.

"One of my greatest ambitions has been to start a fundamental school in the Dallas-Fort Worth area," he said. "I haven't given up on that yet." Such a school would greatly assist his denomination in training leaders for tomorrow, he added.

Spry and alert for his 90 years, despite the fact that in past years his health has been less than excellent, Dr. Hamblen ran his fingers through his silvered hair as he told of his childhood.

He was born Nov. 13, 1877, in Kaufman County to "humble but godly parents."

"I knew when I was four or five years old that God wanted me to preach but I kept it a secret," he said. "A few years later, a craniologist told the youngster that he was destined to be a minister or a lawyer."

One turning point in his life came when he was 20 years old and near death with typhoid fever. "The doctor told my parents I wouldn't live, and at that time, I didn't care myself," he said.

"Inside me, I was having the battle of my life trying to get around doing the will of God," he continued. "During the night I prayed and told the Lord if he would help me to preach and forgive me my mistakes, I would do what he wanted."

Later that night, the fever broke and he was on the road to recovery.

When his mother visited his bedside the next morning, he told her his "secret"—that God had called him to be a preacher.

"That was no secret," Mrs. Hamblen told her son. "I've known that since before you were born."

Licensed to preach in Grand Saline on July 4, 1901, Rev. Hamblen studied at a private college. Many years later he received an honorary doctor of divinity degree from Bob Jones University in South Carolina.

He went to Abilene in 1927 as pastor of First Methodist Church remaining two years before being transferred.

Before returning to First Church in 1938, he served churches in Sweetwater, Vernon, Hamlin, Crowell and Stamford. During one revival at Stamford, there were 100 conversions, he said, adding, "The Lord blessed me with an especially wonderful ministry there."

In his seventh year as pastor of Abilene's biggest Methodist church, Dr. Hamblen came to the second turning point in his life.

"Drawing out of the Methodist church was a tremendous decision for me, but I know that I did the right thing. God has supported all of my needs, and I have never had any regrets."

In withdrawing from the Methodist church, Dr. Hamblen lost the pension that he had built up in 41 years as a Methodist minister.

"When I started the Evangelical Methodist Church, I had nobody, no money, and nothing else," he said. "God opened up the windows of heaven on me and my family."

Until four years ago, Dr. Hamblen served as general superintendent of the Evangelical Methodist Church, traveling thousands of miles a year to preach, despite his age.

"There are still two things that I can do without any inconvenience—preach and drive my car," he declares. During the past seven years he has put 91,000 miles on his car without scratching a fender.

He still fills pulpits about once a month, although his doctors have advised him to give up preaching because it is too emotional.

"The doctor told me I could die in the pulpit," he said recently, adding, "There is nowhere I would rather die."

Moses' encounter was at the Red Sea and "my desperate encounter came the night before I withdrew from the Methodist Church. I faced the situation on my knees and God helped me through it," he said.

In addition to Stuart, Dr. Hamblen's children are Dr. John Hamblen, Snyder dentist; A. K., a Killeen school teacher; J. E. of Forney, president of the Texas Charolais Breeders Assn.; Mrs. Roy Ricks of Colton, Calif., and Mrs. Walter Anderson of Monrovia, Calif. He also has 18 grandchildren and 30 great grandchildren.

Hobby Club Has Meeting

A regular meeting of the Foard County Hobby Club was held on November 20 with 28 members present.

In addition to regular business, the chairmen of the various committees gave their reports for the trade and swap to be held Dec. 2 and 3. The club voted to charge fifty cents a table for outsiders and members who wish to trade and swap during the event.

A transcript of the by-laws and constitution was to be distributed to each member before the next meeting at which time they will be voted on. Next meeting will be December 18 with the exchange of gifts.

Riverside H. D. Club

When the Riverside Home Demonstration Club met in the home of Mrs. Ira Tole Nov. 21, nine members answered roll call with "what I am thankful for."

After the business meeting, a number of interesting contests were enjoyed, particularly a quiz on characters of the Bible conducted by Mrs. L. H. Hammonds. The next meeting will be with Mrs. Billie Cleveland Dec. 12 for the Christmas meeting at which time the secret pals will be revealed.

McMurry Chanters to Present Christmas Vespers Program

The Chanters of McMurry College in Abilene will herald the opening of the Christmas season when they present their annual Christmas vespers at 5 p. m., Sunday, Dec. 3, in Radford Auditorium on the McMurry campus.

One of the Southwest's most highly respected choral groups, the Chanters are under the direction of Paul Engelstad.

The vesper service is traditionally presented by the Chanters in both choral Christmas music and Scriptural readings. This year, however, the event has been enlarged to encompass elaborate tableaux scenes depicting the first Christmas.

In addition to the tableaux, the

Luther Moody, Truscott Native, Died Thursday

Luther A. Moody, 67, member of a pioneer Truscott family, was buried at Truscott last Saturday afternoon.

He had been a resident of Olden near Ranger for the last four years. Mr. Moody went fishing Thanksgiving day. He was found dead about 3 p. m. Thursday afternoon at the old Lake Leon power plant by his daughter-in-law. He had been fishing at the lake and was apparently on the way home for lunch. When he did not show up, his family went to look for him.

Funeral services were at 11 a. m. Saturday morning at Killingsworth's Funeral Home Chapel in Ranger. Officiating at the services were Rev. Gary Shoemaker, pastor of the First Christian Church; and Rev. Charles Bush, pastor of the Second Baptist Church. Mr. Moody had been a member of the First Christian Church since 1920. He was born Jan. 22, 1900, in Truscott, and was retired from the pipeline division of the Lone Star Gas Co. He was married to the former Mattie R. Brians Nov. 27, 1932, in Oklahoma. Mr. Moody was the son of one of Truscott's first settlers, Jim Moody.

Survivors include his wife of Olden; one son, Tommy of Odessa; one daughter, Mrs. Harold Green of Abilene; three brothers, Tom and Jim, both of Houston, and Cantrell of Bishop, Calif.; four sisters, Mrs. Irene Gerald of Truscott, Mrs. Gene Barger of Barstow, Calif., Mrs. Atha Winifry of Houston and Mrs. Ethel Mozley of California; and six grandchildren.

Out of town relatives and friends at the services Saturday included Mr. and Mrs. Lester Myers, Mrs. Tom Bursey, Moody Bursey, Mr. and Mrs. Dan Callaway, Mrs. Maggie Campbell, Mr. and Mrs. Jack Stinebaugh, Mrs. Sonny Eddy, Mr. and Mrs. Criss Moody, Joe Gordon and Virgil Johnson, all of Crowell; Mr. and Mrs. Jed Blackwell of Ranger, Mr. and Mrs. Elmo Glascock of Fort Worth, Mr. and Mrs. Jake Glidewell of Orange, Mrs. Eran Boykin of Rule, Mr. and Mrs. Tom Moody of Houston, Mr. and Mrs. Tommie Moody and children of Odessa, and Mr. and Mrs. Harold Green and family from Abilene.

Grandson of Local Couple to Be Married in Corpus Christi

Mr. and Mrs. J. F. Hendrick of Corpus Christi have announced the engagement of their daughter, Charlotte, to Gary Minyard, son of Mr. and Mrs. Ernest L. Minyard, also of Corpus Christi.

The prospective groom is the grandson of Mr. and Mrs. H. E. Minyard of Crowell. Miss Hendricks is a graduate of Richard King High School and South Texas Business College. She attended Del Mar College in Corpus Christi.

Mr. Minyard was graduated from King High School and is a student at Texas A&I University at Kingsville.

The couple will marry Dec. 16 in St. John's Methodist Church in Corpus Christi.

West Side H. D. Club

The West Side Home Demonstration Club met Nov. 14 in the home of Mrs. Oscar Gentry with the vice president, Mrs. Roy A. Cooper presiding. Mrs. L. G. Simmons read "Myrtle the Turtle" as opening exercise. Roll call was answered with an "easy holiday dessert." Fourteen members and two visitors, Mrs. Virginia Ilse and Melonie Oneal, were present.

Mrs. Walter Thomson, secretary-treasurer, read a letter from the state hospital in Vernon asking for aid for the patients for Christmas. Mrs. Homer Ketchersid gave the council report and reported that the club made \$9.00 on the sale at rally day. All the club goals are complete except, that of helping the people at the Hashek home. The club voted to buy a small rug for the coffee table at the home.

Mrs. Virginia Ilse gave a very interesting program on saving time on holidays. "Make a list of the things that can be done early and do them; you will save time and energy when the day arrives. Frustration takes more energy than the actual job does. There are a lot of things that can be prepared early: fruit cakes, pumpkin pies and a lot of salads can be frozen long before the holiday is here."

At the November 28 meeting in the home of Mrs. S. E. Tate, everyone brought a present and wrappings for patients at the Vernon hospital, and secret pals were revealed.

AUSTIN, Tex. — Everybody's talking about the 1968 governor's race. As of this writing, however, Lt. Gov. Preston Smith is the only one who has formally announced.

Secretary of State John L. Hill says he wants to run—and will, if support "continues to crystallize." Adds Hill: "I know the political realities are such that if I am going to run, I ought to announce soon, but I don't want to speculate when."

Uvalde rancher-banker Dolph Briscoe says he definitely is interested but has reached no firm decision.

Although he hasn't announced, former Atty. Gen. Waggoner Carr made a candidate-like move in demanding that U. S. Sen. Ralph Yarborough, another potential candidate, resign his office should he enter the governor's race.

Austin attorney and former Congressman Joe Kilgore, a close friend of Gov. John Connally, says it is unlikely he will be a candidate, but he did not close the door.

Other names have been mentioned, but no statements have come from them, pro or con, as to their interest in the race.

COURTS SPEAK — Millions of dollars may be added to the Texas Permanent School Fund pending outcome of suit by a San Patricio County man challenging private ownership of 12,068 acres of South Texas oil lands, says attorney general's department. Walter C. Atchley, in lawsuit, claims that the state never deeded away land to oil operators and is still owner.

Third Court of Civil Appeals upheld award of \$117,456 to a six-year-old Austin boy whose leg was cut off by a power mower at a drive-in theater here.

State Supreme Court in a divided (five to four) decision held that a San Antonio detective investigator was dismissed on insufficient grounds, though he offered for sale a shot gun reported stolen.

High court rejected appeal of an Edinburg man for release from jail where he is held on order to pay \$17,000 of his Mexican national lottery winnings to a woman who had purchased a half interest in one of his "lucky" tickets.

Supreme Court concluded that a Travis County district judge should not have ordered a new trial of case protesting denial of a new savings and loan association charter in Llano.

Court of Criminal Appeals held that conviction of a man imprisoned for 28 years on forgery and other felony charges cannot stand because he did not have counsel in his 1939 trial.

BOND PROGRAMS — Two state agencies are busily planning how best to take advantage of \$275,000,000 worth of authorization voted them by Texas citizens on November 11.

One of the constitutional amendments revived the Veterans Land Program and authorized the issuance of \$200,000,000 in bonds to finance it. Another set up the Park Development Fund and provided for the sale of \$75,000,000 in bonds to finance it.

Veterans Land Board, administrator of the land program, should be ready to begin its operations soon after the votes are formally canvassed on November 28. No friction is anticipated in this for two reasons.

First, the old Veterans Land Program expired only in 1965, so Land Commissioner Jerry Sadler is experienced in operating it. Second, there are few complications to work out—the state merely sells the bonds and acquires the money, then asks for applications from veterans. Sadler said veterans should locate tracts they want, then apply for loans after January 15.

But Parks and Wildlife Department is facing a different situation. Bond experts met with department officials last week to give them a "short course" on securities.

Neither agency is planning to sell all the authorized bonds at once. Land Office is talking about \$25,000,000 to \$30,000,000 in the first issue, and though the Parks and Wildlife Commission will have the final say-so, the most popular figure discussed at the meeting was \$10,000,000.

Land bonds will be 40-year bonds. Parks bonds are limited to 10 years, and will be retired by revenues from entrance fees to state parks. Both have a 4½ per cent constitutional limit on the interest the state may pay, which could complicate their sale.

Pat McDaniels Honored on 42nd Anniversary

Mr. and Mrs. Pat McDaniel of Truscott were surprised Sunday with open house in observance of their forty-second wedding anniversary. Hosts for the occasion were their children, Mrs. Bobbie Lee Knight, Charles McDaniel and James G. McDaniel.

The serving table was covered with a lace cloth over pink. The flower arrangement of pink and candy pink roses accented the two

tiered cake. Accessories were of crystal. Pink punch was served by the honored couple's granddaughter, Miss Cindy Erwin, and the anniversary cake was cut by Miss Sue Eubank. Guests were registered by Mrs. Charlie McDaniel.

Those attending were Mr. and Mrs. James G. McDaniel and Jim of Wichita Falls; Mr. and Mrs. Charlie McDaniel and children, Mrs. Janie G. Black, Miss Cindy Erwin, Bill Erwin, Mr. and Mrs. Earn Cox, Brenda Cox, Mrs. Daisy Thompson, Miss Susan Autry, Mrs. Ella Autry, all of Crowell; Mrs. Bobbie Knight and sons of Burkburnett; Mr. and Mrs. George Bumpass of Hereford; Mack Gazal of Benghazi, Libya; Jay Blene of Friona; Miss Sue

From the News...
THIRTY YEARS AGO

News items below were taken from the Thursday, Dec. 2, 1937, issue of The Foard County News:

Santa Claus will arrive in Crowell Friday night at 7 o'clock to take part in the annual pre-Christmas festival, which will open the Christmas shopping season here.

R. D. Stewart has bought the interests of Frank Weatherall in the Phillips 66 Station.

Leslie Thomas, son of Mr. and Mrs. R. J. Thomas, has announced that he will open a law office in Crowell this week.

Raymond Joy and Bernice Fitzgerald were selected by the coaches of this district for positions on the all-district eleven and four were picked for the second team: John Lee Orr, W. F. Statser, Franklin Evans and Marvin McKown.

Seventeen Crowell High School cagers reported to Coach Grady Graves Monday afternoon for the first basketball practice of the season.

On Tuesday, Nov. 23, Mrs. H. A. Smith and Mrs. Frank Morehouse of Truscott were hostesses at the home of the former with a surprise birthday party honoring their sister, Mrs. Van Browning.

"For \$50.00, twenty of which was for shingles, we either remodeled or rebuilt the entire house," says Mrs. Carvel Thompson of the Foard City Home Demonstration Club.

Call the ambulance—don't be "chugged" crosswise in a bumpy car. Reasonable prices, experienced and careful attendant.—W. R. Womack.

Miss Modena Stovall and Miss Sue Waggoner, students in John Tarleton College at Stephenville, spent the Thanksgiving holidays with Miss Stovall's parents.

Heard on a half-hour radio program recently presented over station KTAT, Fort Worth, by John Tarleton College was Miss Peggy Ann Cooper of Crowell. Miss Cooper, a senior in the home economics department at Tarleton, and Miss Emma Ruth Cox of Fort Worth presented an informative skit based on information assembled by senior food students at Tarleton.

Dr. W. S. Wrenn of Margaret is reported to be quite ill with influenza at his home there.

Milton Magee and Banks Campbell of A&M College spent the Thanksgiving holidays at home.

Reeie Womack attended a district meeting for undertakers at Wichita Falls Wednesday.

M. F. Crowell, owner of the Crowell Service Station, has recently been appointed dealer for farming implements manufactured by Massey-Harris Co.

J. R. Beverly, Rev. E. L. Yeats, J. A. Stovall and D. R. Magee left early Wednesday morning for Waco to attend a Masonic meeting.

Look at the "ball of fire" in any electric light bulb, plain or frosted. Well, there is perfect diffused light—no glare—in the new kind.—W. R. Womack.

Tax Man Sam Sez

Most of us assume that the W-2 form that we receive from our employer is correct, and we file our tax return without checking on the amount withheld. The fact that 5 per cent of IRS's taxpayer assistance calls were about missing or incorrect W-2's shows that this is not always true. Obviously a lot of taxpayers have trouble in getting their W-2 form, or don't think their employer gave them a W-2 for the correct amount. It may be worthwhile to take a second look at that W-2 this year to make sure that your employer hasn't reported too much or too little withholding on your W-2.

SO YOU WANT NEW INDUSTRY

Point I—Community Betterment

Community betterment sounds like a catch-all phrase . . . and it is. Industries today are much like homeowners when selecting a new location. Amenities such as schools, hospitals, parks, and even symphonies are increasingly more important.

Industry today is more footloose than ever before, no longer tied so closely to natural resources, but rather to the consumer. Because of this, more and more industries are locating plants or expanding facilities in relatively small towns where living is satisfactory, where land costs and taxes are not so high, but where big markets can still be served.

There may be a dozen or a score of smaller communities in the same radius around a major market, each of which could serve an industry's purposes in terms of land costs, taxes, utilities and water, with very slight differences. So how does an industry choose?

The same way that you would choose between homes of the same price: on the basis of attractiveness, cleanliness and neighborhood schools, churches, and other advantages. In the final analysis, it will be the total environment that your community offers that will make the difference between landing or losing new industry.

How does a community go about starting a program of betterment? Probably the best answer is that it starts with the formation of an Industrial Development Committee. This is usually a function of the Chamber of Commerce, with the support of the City Council. It must be a group of "doers."

At the outset it is important to realize that this is not an overnight project, or a one-month, or a year's project, but a continuing project that may show results in five years or maybe ten.

Once an Industrial Development (or I. D.) Committee has been formed, and the long term nature of the project is understood, look first to your downtown area. This is both the heart and the face of your town. The out-towner will associate the downtown area with the name of your town, and a drive along main street will make the most lasting impression he will receive.

The I. D. Committee can start the ball rolling by pushing modernization of streets, parking facilities, curbs and sidewalks. Some towns in Texas still have curbs designed for horse and buggy days. Nothing looks worse than grass and weeds growing up through cracks in downtown sidewalks, but it's easy to find towns where nothing is done about this.

The committee can, as a project, influence the owners of vacant buildings in the downtown areas to let them fill the street windows with these buildings with merchandise and colorful advertising displays from various retail stores in the vicinity, on a seasonal basis. Members can also get a volunteer work crew together to paint and spruce up vacant buildings that need it. Thus, these buildings will appear occupied and attractive to visitors, and will serve a useful display function for downtown merchants.

Hopefully, with this type of activity going on under the guidance of the I. D. Committee, individual merchants and property owners will be influenced to make overdue renovations of their shops and offices. Windows can be worked on the appearance of Main Street with some of the new-design aluminum facades that are available, some wider expanses of glass display window, paint, and perhaps a new front door.

Once organized activity is underway, the suggestions for face-lifting will be plentiful. Some other good ideas are:

Remove old rotting ramshackle, deserted buildings that have served

ed no useful function for years. In most Texas towns, you can see these old eyesores, often right on the main highway into town. Put these eyesores to work . . . as firewood.

Look at the entrances to your town on major highways, the railroad station or the air field. What sort of greeting have you put out for visitors? Has the sign marking your city limits been there for thirty years? Try making this city limits sign a bright, cheerful greeting. Ask someone from the garden club to volunteer maintenance of some landscaping at this point. Think of a welcoming slogan that means something about your city, that visitors will remember like "Smithville, the pride of all who live here."

Of course, there is much more to the concept of community betterment than putting a new face on Main Street, or painting the old courthouse, or removing the deserted shacks, or planting flowers around the city limits sign. These are all good specific things to do for a start, but the leaders must look deeper.

There must be a long range plan for the city, with goals and working committees to see that these goals are pursued. Consideration must be given to zoning, adequate housing, recreation facilities, health and sanitation, educational facilities, police and fire protection. Certainly all of these things will be looked at carefully by an industry that considers locating in your community.

And are not all these ideas for betterment ideas that you would want to implement in your community anyway—regardless of new industry? Of course, they are.

The key to economic growth and development is community betterment; the key to community betterment is good leadership. This leadership probably exists in your community now, needing only to be organized and given some common goals and an outline on how others have done it.

The competition is rough, so the time to start is now.

Down Town Bible Class

Mr. and Mrs. Tom Crowell, who left Crowell Tuesday on the first leg of a trip which will eventually lead to the jungles of South America where they will translate the Bible into native dialects, were the speakers at the Sunday morning meeting of the Down Town Bible Class. Fifteen men were present with A. V. McCombs presiding. W. L. Johnson led the group singing and Miss Kathy McLain played piano accompaniment.

Two Minutes With the Bible

A Stone of Stumbling

Some thirty years after the death and resurrection of Christ, St. Peter wrote to the believers of the dispersion:

"Unto you therefore which believe He is precious; but unto them which be disobedient, the Stone which the builders disallowed, the same is made the head of the corner,

"And a stone of stumbling, and a rock of offence, even to them which stumble at the word, being disobedient . . ." (1 Pet. 2:7,8).

It is true that Israel's builders, 1900 years ago, "disallowed" Christ as the cornerstone for their building, and that when He became the "Head of the corner," according to Psa. 118:22, it was for them an occasion for stumbling and embarrassment.

But Christ is a "stone of stumbling" to all who reject Him. In Rom. 9:33, St. Paul quotes from several Old Testament passages:

"As it is written, Behold, I lay in Zion a stumblingstone and rock of offence; and whosoever believeth on Him shall not be ashamed."

In Peter's day and Paul's, those who looked upon Christ as their cornerstone were never given cause to be ashamed. It was those who disallowed and refused Him; it was they who kept stumbling over Him and were constantly embarrassed by Him.

So today, those who put their trust in the crucified, risen Christ are eternally secure and will never be put to shame for having done so. But those who reject Christ keep forever stumbling over Him. They hear him preached over the radio, they see Him offered as the One who died for their sins, they are constantly confronted with His claims and they are embarrassed. They keep forever stumbling over Him.

Moral: trust Him as your personal Savior, for "whosoever believeth on Him shall not be ashamed."

Turkey Tops December List of Plentiful Foods

Let's talk turkey for December. Marketings are expected to run above a year ago on this traditional bird, says the Texas Agricultural Extension Service.

That's why the U. S. Department of Agriculture has placed turkey at the top of the December plentiful foods list. Other foods in abundant supply include oranges, grapefruit, cabbage, broilers and grape juice.

This season's production of early, mid-season and navel oranges is forecast at 71.2 million boxes—or 28 per cent above last season's record crop. The 1967 grapefruit crop is set at 38.7 million boxes. So, any way you look at it, you know there's going to be plenty of citrus for your holiday needs.

A 23 per cent increase over last year in cabbage production means plentiful supplies of this popular vegetable, according to USDA's Consumer and Marketing Service. Winter cabbage will come from such growing areas as Texas, California, Florida and Arizona.

Marketings of broilers in December are expected to approach the extremely high levels of a year ago. Plan to utilize this favorite protein item in your cooking needs.

Large carryover stocks coupled with another good production year for Concord grapes has made an abundance of grape juice available.

PUBLIC NOTICE OF THE REQUIREMENTS FOR RECORDATION AND LIMITATION OF CERTAIN CLAIMS OF WATER RIGHTS.

Notice is here given as required by Section 4 of the Water Rights Adjudication Act of 1967 (Article 7542a, Vernon's Civil Statutes) that all claims of riparian water rights, all claims under Article 7500a, Revised Civil Statutes of Texas, 1925, to impound, divert or use public waters for other than domestic and livestock purposes for which no permit has been issued, all claims of water rights under the Irrigation Acts of 1889 and 1895 which were not filed with the State Board of Water Engineers in accordance with the Irrigation Act of 1913, as amended, and all other claims of water rights other than claims under permits and certified filings, must be recorded with the Texas Water Rights Commission, Section 4 does not apply to use of water for domestic and livestock purposes as the same is defined by Commission Rules.

On or before September 1, 1969, every person claiming any water right to which Section 4 applies shall file with the Commission a sworn statement setting forth the nature of the claim of water right. Claims to which the Section applies shall be recognized only if valid under existing law and only to the extent of actual application of water to beneficial use without waste during any calendar year from 1963 to 1967, inclusive. However, in any case where any claimant of a riparian right has prior to August 28, 1967, commenced or completed the construction of works designed to apply a greater quantity of water to beneficial use, such right shall be recognized to the extent of the maximum amount of water actually applied to beneficial use without waste during any calendar year from 1963 to 1970, inclusive; provided an additional sworn statement is filed on or before July 1, 1971. Failure to file the sworn statement or statements in substantial compliance with Section 4 shall extinguish and bar any claim of water right to which the Section applies.

Instructions and forms for recording claims may be obtained without cost from the Texas Water Rights Commission, P. O. Box 12396, Capitol Station, Austin, Texas 78711.

Joe D. Carter, Chairman, TEXAS WATER RIGHTS COMMISSION. 20-2tc

Transportation Demands
The transportation demands of the next three decades mean most unbelievable loads will be moved across the countryside within our cities and across travel volumes handled. Interstate Commerce Commission official pert L. Murphy said: "The roads are the one domestic resource that can concentrate most loads in limited spaces, move people and goods with efficiency and minimal drain on national resources which will come even more vital to our nation."
