Parts of County Get Rain Friday; 1.15 Inch Here

Additional Moisture Falls in County Sunday Night

Parts of Foard County received more moisture last Friday afternoon as a band of thundershowers moved across the county from the west. Here in Crowell, the official measurement was 1.15 inches. At least that much or more fell south and north of town, while the west part of the county drew a blank or only received a trace. About the same as received here was also reported to the east. Additional moisture also fell in the county Saturday and Sunday. Light showers were reported Saturday afternoon, with none received here; however, on Sunday afternoon and night, a total of 1.22 inches were recorded here. Again, the rain was lighter in the west part of the county. High winds accompanied the rain here about 10 p. m. Sunday, and at least three television antennas were blown down during that time.

Three New Vehicles

Three new vehicles were registered here last week: July 8, Charles B. Bell, 1968 Chevrolet 4-door; July 9, Charles R. Booker, 1968 Mercury station wagon; July 10, Joe H. Williams, 1968 Chevrolet coupe.

Mrs. Virginia Ileseng, County 4-H Agent, in announcing the session, said, "This meeting will be beneficial to all 4-H girls, but especially important that all girls planning to model in the Dress Revue on Tuesday to be held here in Crowell, Texas, on Friday, July 19, at 2:30 p. m. in the community center."

Refurbishing Work on Old American Legion Building Nearing Completion

The refurbishing of the old American Legion building on Main Street for use as an Economic Opportunity Program center is nearing completion. Work has progressed under the leadership of the local construction committee of the EOAC. Plans for implementation of programs are now being made and surveys are being taken to determine needs, Don Ross Malone, executive director of the EOAC, said this week. Applications are now being taken for a person to direct the Foard County project. Malone said that this person will be responsible for surveying needs, developing projects within the center and coordinating activities of the center with other programs that are directed toward low income people. Malone added that anyone interested in applying for the job should submit a standard form 57 (available at the post office) to EOAC, Box 304, Crowell 79227.

Commissioners Court to Consider Herbicide Law

Decision to Be Made at Meeting of Court July 22

The Foard County Commissioners Court will consider at its meeting July 22 whether or not to bring Foard County under the jurisdiction of the herbicide law. Regulation, if enacted, would regulate the use of herbicides within the county through the powers of regulation granted the State Department of Agriculture, under the police powers of the State of Texas, and would affect the sale, use and transportation of herbicides. The herbicides included would be 2,4-Dichlorophenoxyacetic Acid (2,4-D), 2,4,5-Trichlorophenoxyacetic Acid (2,4,5-T), 2 Methyl-4-chlorophenoxyacetic Acid (MCP), 2,4,5-Trichlorophenoxypropionic Acid (silvex), polychlorinated benzoic acids, and their derivatives and formulations, and such other substances used for weed control as the Commissioner of Agriculture shall from time to time determine after a public hearing to prevent a hazard to desirable vegetation drift or other uncontrolled application. Dealers would have to be licensed, records of all sales of more than sixteen fluid ounces, or its equivalent, would have to be kept for a period of two years; application for a permit from the State Department of Agriculture would have to be made if for more than ten acres in one year. Appliers, except as to lawns, and all custom appliers, would have to keep a record of each application. (Continued on page 8)

Snakes Win Two as PeeWee Season Ends Last Thursday

The Pee Wee baseball season closed out another year last Thursday night as two games involving three teams were played.

In the first game, Earl Ford's Snakes took a squeaker 9 to 8 win over Ralph Adams' Bobcats. For the Snakes, Dean Hofmann led in scoring with 3 runs, and Rocky Marlow scored 2. Scoring 1 each were Audey Dunham Randall Russell, John Klepper and Paul Whitley. Other members of the team were Dewey Ford, Jay Wall, Chris Ford, Norman Hopper and David Seedig. Pitcher Randy Wilkins and first baseman John Jordan led the Bobcat scoring with 2 runs each, while Andy Lopez, Myron Halenack, Pat Norman and Kurt Adams scored 1 run each. Other team members were James Aranda, Steve Rodriguez, Mike Scott and Jesse Henry.

In the late game, the Snakes took a 15-5 win over the Tigers. Scoring for the losers were Don Johnson Willie Bachman, Milton Tennell, Tommy Tamplen and Dennis Setliff. Tamplen's score was a home run. Others seeing action for the Tigers were Jackie Morgan, Johnny and Ronny Baize, Billy Gill and Lynn Simmons.

For the Snakes, the scoring was as follows: 3 runs, Dean Hofmann and Audey Dunham; 2 runs, Dewey Ford and Randall Russell; 1 run, Rocky Marlow, Chris Ford, David Seedig, Paul Whitley and Dan Klepper. Others seeing action were Norman Hopper Jay Wall and John Klepper. Final standings in the PeeWee League showed the Snakes as the 1968 champions with 5 wins. The Bobcats had three wins and the Tigers two.

Farm Safety Week

Agriculture currently ranks third among the nation's industries in accidental death rate. In 1967, about 8,000 farm residents were accidentally killed and nearly 750,000 more suffered disabling injuries. Traffic accounted for about 40 per cent of the deaths, followed by farm work and home accidents. The Texas Farm and Ranch Safety Council is asking all rural residents to participate in the 1968 observance of Farm Safety Week, July 21-27, and to join friends and neighbors in community programs to reduce accidents.

Harriet Halbert Attends Houston 4-H Workshop

Miss Harriet Halbert, outstanding Foard County 4-H Club member, has returned from a five-day Texas 4-H Council Workshop at Houston. Miss Halbert was one of 29 officers and delegates from throughout the state who attended the event. The workshop, held annually on the campus of the University of Houston, is part of a broad 4-H Junior Leadership program sponsored by Pennzoil United, Inc., in cooperation with the Texas Cooperative Extension Service. The Texas 4-H Council is a representative group of young men and women selected by District 4-H Councils and organized as an integral part of the Texas Cooperative Extension Service. It is a citizenship activity designed to provide a learning experience for young people as they live and work together through democratic processes. The Council plans for and provides member representation to 4-H events throughout the state.

 Attends Remedial
 Reading Institute**

Sixty-five teachers from North
 Central Texas are slated to re-
 ceive certificates Friday, July 19,
 from Region IX Education Service
 Center signifying completion of a
 remedial reading institute.

Among the delegates who will
 receive certificates is Mrs. New-
 ell Hofmann of Crowell, who
 is one of the two remedial read-
 ing teachers in the Crowell
 School System.

The institute is one of four
 funded under a \$55,370 federal
 grant and scheduled June 10
 through August 16 at the Region
 IX Center, 2000 Harrison. The
 teacher inservice training program
 offers training in diagnostic and
 remedial reading procedures.

Teacher for this second insti-
 tute has been Mrs. Billie Jane
 Snyder of Austin in the Division
 of Extension, University of Tex-
 as. She has been assisted by Mrs.
 Alice Finch of Vernon.

**Glen Goodwin Named
 Area Director of Auto
 Dealers Association**

Glen Goodwin of Borchardt-

 been re-appointed to the key post
 of Area Director of the Texas
 Automobile Dealers Association.
 "Mr. Goodwin will report to the
 TADA Board of Directors on all
 phases of activity relating to the
 motor vehicle buying public in
 the Crowell area," commented
 TADA President Boyd Mullen of
 Pasadena.

"He will work closely with leg-
 islative and other governmental
 officials for better auto safety
 standards, safer highways, and ef-
 fective driver education," added
 Mullen. "The job of area direc-
 tor is one of the most important
 in our giant statewide association
 and we are confident Mr. Goodwin
 will continue to serve with dis-
 tinction."

**IRS Explains Federal
 Estate, Gift Tax Law**

As a part of the federal estate
 and gift tax law, Congress has
 provided a system for giving your
 money away without paying tax,
 or by paying less tax than the
 estate tax would be later. Briefly,
 the rules are: You can give each
 of your children, grandchildren,
 etc., \$3,000 each year without
 paying any gift tax or being li-
 able for estate tax later (unless
 you die within three years after
 the gift.) Out of community prop-
 erty, you and your spouse can
 give \$3000 each or \$6000 to each
 child, grandchild or other bene-
 ficiary. By filing a gift tax return,
 Form 709, with the Internal Re-
 venue Service, you can give \$30,000
 tax free out of your estate. Of
 course, in community property
 this would be doubled to \$60,000
 tax free from both spouses. This
 must also be more than three years
 before date of death. So, if you
 and your wife have three children,
 who are all married, and you have
 nine grandchildren, you can give
 your 15 heirs \$6,000 each, tax
 free, or \$90,000 a year. By filing
 a form 709 with Internal Revenue
 you can use your \$60,000 exemp-
 tion (two \$30,000 life time exemp-
 tions), you can pass \$150,000 out
 of your estate the first year and
 \$90,000 a year thereafter, tax
 free, provided you live for three
 years after the gift. If you are
 making an estate plan, it is prob-
 ably advisable to consult an ex-
 perience federal estate and gift
 tax consultant.

Freckled Bananas

When bananas are covered with
 little brown spots, they are ready
 for mashing and mixing into pud-
 dings, breads and cakes. To hold
 ripened bananas a few days, re-
 frigerate them, foods and nutri-
 tion specialists at Texas A&M
 say. But be sure to wrap them
 tightly in a plastic bag to pre-
 vent their odor from spreading.
 Their skins will turn brown, but
 the inside will stay the same for
 a few days. Keep unripe bananas
 at room temperature until they
 ripen the way you like them.

Frozen Foods

Shop carefully for high quality
 frozen foods. If you squeeze the
 packages of frozen vegetables gen-
 tly and they crunch to your touch
 it means there's icy frost. This
 indicates the package may have
 been defrosted and refrozen, says
 foods and nutrition specialists at
 Texas A&M. Quality can't survive
 that kind of treatment. If you
 open the package and find the
 vegetables discolored, you'll know
 that's exactly what happened.

Man's Own Blood Saves His Life

Recently, J. R. Banes of Amarillo was asked to give a pint of his Type O, RH factor negative blood to complete the supply on hand in the Coffee Memorial Blood Center.

The next day, Banes was injured critically by a gravel truck which backed over him. In surgery, a blood transfusion was necessary, and Banes' own blood was used to save his life.

From the News . . . THIRTY YEARS AGO

News items below were taken from the Thursday, July 21, 1938, issue of The Foard County News:

The last Foard County candidate rally before the first Democratic primary Saturday, July 23, will be held Friday night on the court house lawn in Crowell.

A marriage license was issued on July 17 to R. P. Gidney and Miss Geneva Athey, both of Crowell.

Three Crowell FFA boys, their advisor and wife, James Welch Kenneth Halbert, Cecil Carroll and Mr. and Mrs. Walker P. Todd and son, Gene, are attending the state FFA convention in El Paso today and Friday.

A small cyclone did heavy damage to barns, chicken houses and garages in the Gamberville community last Thursday afternoon.

The house on the J. H. Lanier farm adjoining the townsite of Thalia, and occupied by Mr. and J. C. Jones and family, was destroyed by fire Monday night between 8 and 9 o'clock. Mr. and Mrs. Jones lost all of their clothing and house furnishings with no insurance.

Foard County's deepest wildcat oil test, the Wynne-Smith-McGill No. 1 on the J. W. Wishon ranch 11 miles southwest of Crowell, was completed at a depth of 5,100 feet early Saturday morning without a trace of gas or oil.

W. Lee O'Daniel was still leading the gubernatorial straw ballot being taken by the Corner Drug late Wednesday afternoon by a wide margin.

Misses Bernice and Virginia Coffey left Sunday for Denton where they enrolled as students in Texas State Teachers College for Women for the last semester.

Mrs. T. S. Haney and daughter, Sharon Sue, returned Saturday from visiting relatives at Odessa.

Funds for a survey on Peace River, 10 miles northwest of Crowell, to determine the feasibility of the construction of a \$3,000,000 dam for control of the flood waters of the tributary of Red River are now available and the work will begin soon, according to information received in Vernon Mounday from John W. Kingman, Acting Chief of Engineers, Washington, D. C.

The man arrested here for Cottle County authorities last week on forgery charges is wanted in eight other states, according to a communication with the Cottle County sheriff's department Wednesday afternoon.

Leotis Roberts went to Floydada Sunday where he will build a house for Gussie Hammonds.

Thalia cinched its claim for the championship berth of the Foard County Softball League with two decisive victories over Foard City last Sunday.

G. L. Cole made a business trip to Spur last Thursday.

Mr. and Mrs. J. N. McArdle of Gainesville, accompanied by Mr. McArdle's sister and her husband, Mr. and Mrs. Courtney Hilliard of Manchester, England, visited in the M. S. Henry home Saturday.

Four Accidents Investigated Here in June by D.P.S.

The Texas Highway Patrol investigated four accidents on rural highways in Foard County during the month of June, according to Sgt. Floyd Etheridge, Highway Patrol supervisor of this area.

These crashes results in no persons killed, four persons injured, and an estimated property damage of \$10,300.00.

The rural traffic accident summary for this county during the first six months of 1968 shows a total of 11 accidents resulting in no persons killed, nine persons injured, and an estimated property damage of \$15,345.00.

"During the first six months of 1968 in Texas, there were 1472 traffic deaths, or four less as compared to the 1476 traffic deaths for the same period of 1967," the sergeant stated. However, if past trends continue the last six months will probably raise the 1968 total to one per cent over the 1967 total of 3,367 deaths.

The sergeant also stated that a training school for 120 new patrolmen with the Texas Department of Public Safety will start July 30.

To qualify for employment in the uniformed services of the DPS a man must be between the ages of 20 and 35, not less than 5 feet 8 inches tall, have a high school education or its equivalent, be in sound physical condition and be a citizen of the United States.

All interested young men who can meet these qualifications are urged to contact the nearest DPS patrolman or DPS office for complete details concerning the position of a patrolman, training and benefits.

Amendment Made for Farm Work for 14-, 15-year-Olds

An amendment to the agricultural hazardous-occupation order to permit the employment of 14- and 15-year-olds to drive tractors and operate other farm machinery has been announced by U. S. Secretary of Labor Willard Wirtz.

The change was effective June 6 and allows the hiring of these minors only after they have completed formal training in the safe use of such farm equipment. Written and practical tests will be given, County Agent Joe Burkett has been advised.

The training program will be operated through the U. S. Department of Agriculture's Federal Extension Service and its cooperative units which in Texas is the Agricultural Extension Service.

Under the amendment, farm employers hiring the 14- and 15-year-old workers to drive tractors and operate certain other farm

equipment, will be required to: —Instruct the minor employees on the safe and proper operation of the specific equipment they will use. —Check on the youth at least three times a day, midmorning, noon and midafternoon to see that they are following proper safety procedures. —Keep on file certificates showing youth have been trained; certificates must be signed both by the person conducting training and the county agent.

Previously, the order exempted only youth employed on a farm owned and/or operated by their parents or guardians and students under 16 enrolled in vocational agricultural programs.

4-H Club members who have completed four years of the 4-H tractor program are eligible for employment, the county agent said. Training guides for local tractor leaders and county agents are now being printed and will be used in training additional minors, Burkett said.

He added that local plans will depend upon the demand for such labor, and that eligible youth will be notified when and if local training sessions are initiated.

Lions Install New Officers

(Continued from front page)

presentation was made by Mr. Gray.

Mr. McCombs, who served the club as president for a part of the past year, served as master of ceremonies and introduced the speakers. Mr. Healy, who serves as chairman of the House appropriations committee, told the group about the recent special session of the legislature in regard to the spending bill. A total of \$2,600,000,000 was appropriated for the coming year, with \$555 million to be spent on highways; \$814 million to the Texas Education Agency, \$423 million for higher education and \$88 million for mental health and mental retardation.

Of the total appropriations, Healy said Foard County will receive \$650,000, which will be spent in the county in the form of welfare, highways, and education.

In other remarks, Mr. Healy expressed a grave concern for "the new order things" which are so prevalent in this nation; that is, riots, violence, lawlessness, etc. Two Crowell Lions, Ray Shirley and Kenneth Halbert, were awarded service pins for 9 years of perfect attendance.

The last part of the program

Carelessness KILLS
Government investigators disclose that practically every railroad grade crossing accident is caused by carelessness. The faster lights are flashing, the gates are coming down. You can beat the train if you turn, but what does it profit a man to beat a train one or a hundred times if he ultimately loses once?

was a talk by Mr. Shirley telling of a letter received from his daughter, Miss Kay Shirley, who is in Sweden this summer as a Lions exchange student.

Proceeding the program, a barbecue supper was served to the group of Lions, their families and guests by Underwoods of Wichita Falls.

Tuition Rights for High School Grads Is Explained

Cooke County Junior College at Gainesville has initiated an advisory service to inform students from low-income families of their legal free tuition rights, student adviser Paul Thomas announced last week.

Under the Connally-Carrillo Act passed by the Texas Legislature in 1967, Thomas said, a graduate of a Texas-accredited high school can attend a Texas state-supported college with tuition and fees paid by the state if the student was in the top quarter of his class and if his family's total income does not exceed \$4,800.

"We estimate that only about 1 per cent of the general public knows about this and we want to inform them," Thomas said.

The junior college has set up an information office to explain the law to prospective enrollees of state colleges. Thomas encouraged students who might be eligible to write or call the scholarship adviser, Cooke County Junior College, Gainesville.

Total Taxes for 1968

Total taxes collected in fiscal 1968 by all levels of government in the United States will equal about \$3,550 per American family, up \$134 from the previous year, according to the Tax Foundation, Inc. State and local tax receipts will more than double those of 1956.

Tax Man Sam Sez

There are still a few people around who feel a real sense of pride in the achievements of our country. Certainly we have a lot more accomplishments to be proud of than all of our critics put together have. The thing that has made our country great is the willingness of the American people to do their share in working for their community or their country, in working for better laws, better health, and better social conditions, and in being willing to die for their country or to pay their fair share of the taxes required to support their government. Of course there is a small percentage that may want to place limitations on fighting or dying for their country, but fortunately there appears to be a very large percentage that have no reservations. Finally, every American can feel a real sense of pride that the Internal Revenue Service collects 97 per cent of our federal taxes through voluntary compliance. No other nation can. As long as we have Americans who are willing to lay their hard-earned dollars on the line for their fair share of operating our government, we have not lost the "Spirit of 1776."

Notice is hereby given by the Commissioners' Court of Foard County, Texas, that at its regular meeting on Monday, July 8th, 1968, the Court entered its order consolidating Election Precinct No. Eight (8), commonly known as "The Foard City Box," with Election Precinct No. Three in said Foard County, Texas, so that hereafter all qualified voters in former Election Precinct No. Eight shall vote in Election Precinct No. Three (the usual voting place being the Sheriff's office in Crowell, Foard County, Texas) in said Foard County, Texas.

Training Program for 120 Patrolmen for DPS Begins July 30

A training school for 120 new patrolmen with the Texas Department of Public Safety will start July 30, Major Luther Moore, Regional Commander, announced this week.

"We have several new benefits to offer qualified young men," Moore said. "For instance, the pay during training is \$500 per month and upon graduation this is increased to \$571."

"Also, our selection methods are more liberal in that an applicant is not required to live in Texas for one year prior to employment, and the entrance examination is given every day at our larger offices."

Lettuce Cups

To separate whole lettuce leaves from a head, first core the head of lettuce. Hold the cored end up and put it under a strong stream of cold water from the sink faucet, recommends foods and nutrition specialists at Texas A&M. The weight of the water in the head separates the leaves. Peel them off slowly, pulling them downward from the stem end while the water flows through the leaves.

Special Enrollment Examination for IRS Set for September

Those who wish to take the enrollment examination to qualify to practice before the Internal Revenue Service may obtain application forms and other informational materials from Richard R. Bishop, Examination Coordinator, P. O. Box 594, Dallas, Texas 75221. Mr. Bishop may be reached by telephone at area code 214 R19-2795, or in room 1132 at 1600 Patterson Street, Dallas.

District Director Ellis Campbell, Jr., emphasizes that the right to represent clients in tax and other matters before IRS is limited to those who meet the highest standards of technical proficiency and ethical conduct.

The examination will be held in the Dallas District office on September 26 and 27, 1968, for those tax practitioners who are not attorneys or certified public accountants.

Applications, accompanied by a fee of \$25 payable to the Internal Revenue Service, should be sent to Director, Audit Division, Internal Revenue Service, Washington, D. C., 20224, by August 31, 1968.

Two Minutes With the Bible

The Visiting Preacher

Paul and Barnabas had seated themselves in the large synagogue in Pisidian Antioch. They were soon recognized as "clergymen," however, for "after the reading of the law and the prophets" they were asked whether either of them might have some word of "exhortation" for those who had gathered.

These details are important, for as Moses, in giving the Law, had declared God's moral standards, the prophets had for centuries challenged the people to obey the law and had warned them of the dire consequences of breaking its commands. Hence, in the synagogues passages were generally read from the law and the prophets and the religious leaders would then "exhort" the people to heed the prophets and obey the law.

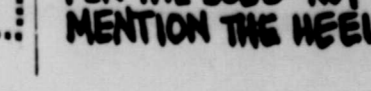

Paul and Barnabas, the visiting preachers, therefore, were asked whether either of them had a "word of exhortation for the people." Paul responded to the invitation, but rather than merely exhorting his hearers to keep the law he proclaimed Christ who in love had died for all law breakers, closing with these words:

"Be it known unto you therefore, men and brethren, that through this Man is preached unto you the forgiveness of sins; and by Him all that believe are justified from all things from which ye could not be justified by the law of Moses." (Acts 13:38,39).

How we need this message today! We may forever exhort one another to keep the law, but who of us has not already broken it? Let us thank God, then, that He is a loving Savior as well as a just Judge and that as God the Son He paid for our sins Himself at Calvary so that we might be "justified freely by His grace."

"Christ hath redeemed us from the curse of the law, being made a curse for us" (Gal. 3:13). "Believe on the Lord Jesus Christ and thou shalt be saved" (Acts 16:31).
