STATE CONSERVATIONIST VISITS HERE—James Abbott, assistant state conservationist, of Temple, is pictured on the left above as he checks a Soil Conservation Service bulletin with John McAlister, seated, head of the local SCS work unit, and Wayne Chapman, right, area conservationist, from Vernon. Mr. Abbott serves Soil Conservation Districts in the western third of the state of Texas, and was in Crowell to assist Mr. McAlister, who has been selected as service representative for the proposed Four-Winds, Reserve, Conservation and Development project. Mr. McAlister's new duties will be in addition to his regular work with the SCS Crowell work unit. Mr. Abbott, a brother of Rev. Merriel H. Abbott, former pastor of the Methodist Church here, stated that the Great Plains Conservation Program has been authorized to spend additional funds allotted to the program and that only from 7 to 13 per cent of the Great Plains program in Texas has been completed. Three from County Enter Service on Thursday, Dec. 5

Five men reported for induction into the armed forces Dec. 5 to fill the December induction quota for Local Board No. 131.

They were Miguel R. Leija, Rickey Joe Eavenson and Alvin Drue Wheeler, all from Foard County, and Phillip Bruce Gibbs from Hardeman County.

Jerry Charles Bisby from Hardeman County reported for induction as a delinquent. A delinquent does not count towards the quota.

Mr. Bisby was declared delinquent by the board for failing to register when he turned 18 years old.

The board did not have a pre-induction physical call to fill this month.

Santa Claus Letters Solicited for Next Week's Paper

Next week, the News will publish its final edition for 1968, and it will contain letters to Santa Claus from all the children who want to write him. Letters may be brought to the News office or mailed to Box 488, Crowell, not later than Monday.

The News has a new selection of Christmas greeting ads this year. Traditionally, local business firms have used this means of sending Christmas greetings to their customers and friends.

It is also an ideal method for use of families and individuals, and could be even more economical, due to the new postal rates which are in effect this year.

BASKETBALL TOURNEY HERE THIS WEEK END

The second annual Crowell Invitational Tournament will be held in Crowell's new gym Thursday and Friday, December 12 and 13. Four boys teams and four girls teams are entered in the tourney; they are boys and girls teams

October sales of United States Savings Bonds and Freedom shares totaled \$1,647.00 in Foard County, according to a report from the U. S. Treasury Department.

Sales in the county for the ten-month period, January through October, totaled \$32,528.00, which is less than 50 per cent of the county's goal of \$70,000.

Statewide sales of Savings Bonds reached an all-time high of \$151,715,504 for the first ten months of 1968. During 1967 sales totaled \$139,007,131—a 9.1 per cent increase over the same period for 1967. October sales during 1967 totaled \$14,689,704 and October 1968 sales totaled \$16,986,405—an increase of 15.6 per cent for October 1968 over October 1967.

Picture Made of Entire Student Body

On Wednesday of last week, the pep squad, football boys, band students and all students of grade school and high school assembled on the football field for a picture of the entire school which will be on the inside cover of the annual. Other pictures were made of the basketball girls and boys, choir members, cheerleaders and majorettes.

from Crowell, Harrold, Chillicothe and Northside.

The games will start at 5:30 p. m. today, Dec. 12, with the Harrold boys meeting the Chillicothe boys. At 6:30, the Harrold girls will meet the Chillicothe girls, and then at 7:30, the Crowell girls meet the Northside girls. At 8:30, the Crowell boys will play the Northside boys.

On Friday, Dec. 13, the games are at the same times, with the losers of the boys games playing at 5:30; the losers of the girls games meeting at 6:30, and the winners of the girls games playing at 7:30. The winners of the boys games will meet at 8:30.

Trophies will be presented following the last game Friday night.

Cold Snap Drops Mercury to Low of 21 Early Friday

A fast-moving dry cold front raced through this area Wednesday night of last week, bringing the coldest temperatures of the season.

The mercury dropped to a low of 21 degrees about 7 a. m. Friday. Temperatures also fell into the 20's Saturday and Sunday mornings.

Cantata at First Baptist Church Set for Dec. 15th

The choir of the First Baptist Church, under the direction of Jerry Floyd, will present the Christmas Cantata, "Night of Miracles," Sunday evening, December 15, at 7 o'clock. This is a beautiful musical presentation of the birth of Christ and His message and meaning to the world. The public is invited to attend.

ASCS Explains '69 Cotton Program

In the December newsletter to Foard County farmers from the local ASCS office, Mrs. Jean L. Reeder, manager, stated that Dec. 31, 1968, is the final date for sale and lease of 1969 cotton.

Mrs. Reeder stated, "Cotton allotment and yield notices were mailed on Nov. 27. Those of you that can prove a larger yield than the one established by submitting actual production records for the years 1965, 1966 and 1967 should do so. This appeal must be within 15 days from the date of the notice or by December 12 (today). In the 1969 cotton program, no diversion is required and you may plant your full allotment if desired. Price support payments on the domestic allotment (65 per cent of the regular allotment) at 14.73 cents per pound of the established yield. All cotton producers will be eligible for the loan. Marketing quota penalty will apply to cotton planted in excess of the allotment."

Mrs. Reeder stated that funds are available now for carrying out needed conservation practices. She said that of last week, the 1969 feed grain program has not been announced.

Crowell Players and Coaches Attend District Banquet

Five Crowell Wildcat football players and the three coaches attended the All-District 11-A banquet held in Holliday Monday night. Holiday, by virtue of winning the district championship, hosted the annual event.

Don Watson, assistant coach at Texas A&M University, was the principal speaker.

Certificates were awarded to the members of the all-district teams and those who received honorable mention. Those from Crowell receiving certificates were Charles Dodd, defensive linebacker; Terry Bird, offensive guard; Billy Hord, halfback; Jimmy Hammmons, offensive tackle; and Ike Everson, honorable mention.

The five Crowell boys were accompanied by Coaches L. H. Wall, Ben Tyler and Printiss Gidney.

Two New Vehicles

Two new vehicles were registered here last week:

Dec. 3, G. E. Piper, 1969 Oldsmobile sedan; Dec. 5, Fred R. Vecera, 1969 Chevrolet coupe.

With the Christmas lights around the square, retail stores having beautiful window decorations, and many home decorations up, the Christmas spirit is really in the air, and coming to Crowell to top it all off Saturday will be Santa Claus.

Santa Claus' scheduled arrival time in Crowell is 2 o'clock, and he will be assisted by local residents in passing out a sack of candy and goodies to every child who comes to see him.

In addition to giving the children candy, Santa Claus will visit with each child to see what he or she wants Santa to bring them for Christmas.

Don't forget, now, it's Saturday afternoon, December 14, beginning at 2 o'clock.

Oil Company to Drill Wildcat on Shamburger Land

Total depth of the wildcat will be 6,200 feet.

DICK TODD OF CROWELL TO BE INDUCTED INTO TEXAS SPORTS HALL OF FAME DEC. 31

From Chris Gilbert on back to its beginning in 1915, the Southwest Conference has been the home of great running backs. And debates rage as to the greatest. But players and coaches from three decades back will tell you that of Dick Todd, a high-stepping, free-wheeling football destroyer who was great on Texas A&M teams of modest success.

"He was one of the great runners this conference ever had," TCU's retired coach, L. R. (Dutch) Meyer said. "He was as great as the greatest. He had fine balance. He just picked those holes and ran, he was gone. He had me nervous for 60 minutes for three years. He was something else."

Todd, all-Southwest Conference for the Aggies in 1937 and 1938, will join Meyer and 63 other great athletes and coaches

in the Texas Sports Hall of Fame Dec. 31. His former collegiate rival and professional teammate, All-American Sammy Baugh of TCU and the Washington Redskins, will perform the induction ceremony at the Sheraton-Dallas Hotel. Baugh also is a member of the Hall of Fame.

"Dick was a great football player, a great runner, a fine pass receiver and a heckuva defensive player," Baugh recalled. "He was a very elusive runner at 5-11 and around 170. He did it all. He could pick the hole well, follow the interference, then cut off it. He was a good open-field runner. I always thought he was one of the finest runners I ever saw."

The late Homer Norton, who coached Todd at A&M and who also will be inducted into the Hall

of Fame this year, was even more specific before his death in 1965.

"Dick Todd is the greatest broke-field runner I have ever seen," Norton said. "Possibly the next best is Red Grange, and they were just about alike. Now there was a boy (Todd) who could stop and start on a dime. He had the greatest hip movement. . . Well, I have just never seen anything like it in the conference, in pro ball or anywhere else. I think he was just in a class by himself in use of the hips. The closest thing I ever saw to him (for hip action) was Jim Thorpe."

"Todd has the greatest pair of legs that I ever saw. He had spring like a deer. He could bounce and he seemed to go like a deer. He was smart, and he was clever. Both his feet and his brain worked hand-

in-hand and he never made a false move.

"He would have made the All-American team in a walk had he been on a little bit better ball club at the time. We just didn't have the team (17-9-4) for three seasons to back him up."

Bill Dwell, an All-Southwest Conference end at SMU, played against Todd both in college and as a member of the professional Chicago Cardinals, calls Todd "as good a running back as I ever saw."

"He was a very unusual runner. He liked to cut back and he was a jitterbug and you never knew what he was going to do. Sometimes he would cut back against the grain. Other times, he would kind of jitterbug around in a relatively short space and make two

Senior Class

Studying English history, taking annual pictures, and electing school personalities kept seniors busy last week. Thursday, seniors reluctantly took a test in English pertaining to the history of England. Everyone enjoyed Wednesday since it involved missing class in order to take pictures of various school activities. Tuesday was the day set aside for electing school personalities. Each class made its nominations for the different honors; such as, Mr. and Miss CHS, friendliest couple, most courteous couple, most athletic couple, best dressed couple, and wittiest couple.
 Saturday, several seniors traveled to Vernon to take the SAT test; many seniors received their scores from the ACT test.
 Everyone enjoyed the breath-taking basketball game last Friday night when the Wildcats defeated Lockett. Let's keep supporting our team!

Junior Class

The junior class held a class meeting last week and elected class favorites and a guy and doll. Elected as favorites were Jane Hughton, daughter of Mr. and Mrs. J. T. Hughton, and Buz Rasmussen, son of Mr. and Mrs. Mike Rasmussen. Elected as the doll of the junior class was Linda Gray, daughter of Mr. and Mrs. Beverly Gray, and guy-elect is Danny Naylor, son of Mr. and Mrs. Duane Naylor.

Sophomore News

The sophomore class was very busy last week. Tuesday all classes met to elect all-school honors, class favorites, and guys and dolls. Sophomore favorites are Mieke Owens and Kenneth Sellers. Chosen as guy and doll were Rita Coffey and Jimmy Glover. The election of the all-school honors has not been held yet.
 On Wednesday, pictures were

made of the entire student body, football boys, pep club, and band on the football field for the inside cover of the annual. Basketball girls and boys, chorus, and remakes were also taken.
 Tuesday night, the Crowell girls were defeated by Harrold, but the Crowell boys were victorious. Sophomores on the basketball teams are Jimmy Glover, George Eavenson, Jim Tom Smith, Michael Weatherred, Kenneth Sellers, Peggy Welch and Jacque Gillispie.

Freshmen News

In a class meeting Tuesday, Dec. 3, the freshmen were given information about class honors and offices. It was explained that the maximum that one person may hold is either one "major" office and two "minor" offices, or three "minor" offices. A major office is a position filled by a vote of the entire high school student body; a minor office is voted on by only a portion of the students.
 The freshmen elected Nancy Looney as freshman doll and Terry Farrar as freshman guy, and chose Carolyn Jones and Billy Ray Neal as freshman favorites. The class also voted on nominees for the best dressed, wittiest, most athletic, most courteous, and the friendliest couples and Miss and Mr. CHS to be placed on the ballot for election by the student body.

Library News

Monday, Dec. 2, the Library Club had a regular meeting and Christmas party. Rhonda Howard introduced the guest speaker, Mrs. Wayne Oneal. Mrs. Oneal, who was born in Germany, brought an interesting program on "Christmas in Germany." She answered questions and brought several cards and Christmas items of Germany. After the program, silly gifts were exchanged by the club members. Mary Bob Long, president, presented gifts to Mrs. Oneal and Mrs. Jean Halbert, club sponsor. Christmas refreshments were served by Linda Gray and Jo Ann Williams.

In Sympathy

Our prayers and sincere thoughts go to Douglas Chowning in the loss of his mother and to Junior Carroll and Sharla Haynie in the loss of their aunt, Mrs. Marion Chowning.

Know Your Faculty

Marvin Myers graduated from Munday High School and then attended West Texas State where he received his B. S. degree in 1937. The following year, he received a B. S. from A&M, and in 1951 he got his Master of Education from there. Since then, he has taught for 30 years in Crowell. He presently teaches vocational agriculture and sponsors the FFA. Mr. Myers and his wife, Peggy, have one daughter, Mary Anne, and one granddaughter, Tracy. He is a member of the Baptist Church of Crowell and of the Rotary Club of which he has served as president and secretary.

Menu

Monday: navy beans with bacon, meat loaf, buttered corn, carrot sticks, corn meal muffins, peaches, milk.
 Tuesday: hamburgers, lettuce, tomatoes, onion and pickle slices, french fries, cheese slices, beans, apple cobbler, milk.

Society for Prevention of Blindness Urges Safe Christmas Toys

'Tis the season to be (a) jolly, (b) injured.
 No one would wittingly make the second choice; yet the Texas Society for the Prevention of Blindness reports that potentially dangerous toys and Christmas tree hazards will cause hundreds of Texas children to suffer needless eye injuries during the coming holiday season. The Society urges all parents to insure the right choice by "making their list and checking it twice"—and three times if necessary, to make certain the toys they buy are not potential eye hazards.
 Richard E. White, president of the Texas Society, warns parents that 17 per cent of the more serious injuries to children's eyes are caused by missile-type toys such as pellet guns, dart guns, air guns, bean shooters and toys with rubber bands that release projectiles, such as sling shots. Chemistry sets with ingredients which may cause burns or explosions should be considered as gifts only for those youngsters with the experience to use them knowledgeably and prudently.
 "Parents should also be alerted against buying seemingly harmless toys having protruding points, sharp edges, detachable parts or those made with flammable materials or plastic materials that shatter," said Mr. White.
 With reference to Christmas tree hazards, the Society recommends that:
 • Christmas trees which are not chemically fireproofed should be kept in water to prevent drying and causing fire hazards.
 • Christmas trees should be kept away from heated radiators and fireplaces.
 • All electrical wiring, including that for tree lights, should be double-checked for shorts that can cause sparks and flames.
 • All tree decorations should be unbreakable and nonflammable.

Trustees of the Cotton Producers Institute have announced that CPI's research program for 1969 will be one-third larger than that of 1968 and major attention will be directed to lowering cotton production costs and to developing all-cotton durable press fabrics. Texas has 12 members on the CPI board, including those pictured left to right above. They are L. C. Unfred of Tahoka, Dan Pustejovsky of Hillsboro and Charles W. Stenholm of Stamford. Their alternates are Joe D. Unfred of New Home, J. C. Dobbs of Grandvoie and J. Frank Inman of Childress.

Highway Patrol Has New Weapon in Checking DWI

The problem of drinking while driving, which Texas Department of Public Safety experts say is involved in many fatal accidents in the state, is soon to come under increased enforcement pressure as the Texas Highway Patrol begins use of breath analysis instruments.

Col. Wilson E. (Pat) Speir, director of the Department of Public Safety, said that 450 highway patrolmen and sergeants have completed training in use of the "breathalyzer" which analyzes a suspect's breath to determine the percentage of alcohol in his bloodstream.

The DPS recently secured a federal grant of \$114,627 to launch the breath testing project. Funds obtained under the grant were matched with state funds and used to buy 90 breathalyzer instruments, to hire six additional chemists for supervision of the program, and to train the DPS personnel in use of the equipment.

"We plan to locate breathalyzers in about 80 of the state's most populous counties where the driving while intoxicated problem is greatest," Speir said. "Trained personnel will use the instruments under rigidly controlled scientific conditions," he added.

Driving while intoxicated suspects who consent to the test will accompany the highway patrolman to an office where an instrument is located. There, the suspect will blow into a tube attached to the breathalyzer and the percentage of alcohol in his blood will register on an indicator on the instrument's face.

"The test will be of special value to persons suspected of being drunk, but who are driving erratically due to illness or other reasons," Speir said.

DPS officials believe the program will establish the value of breath testing by contrasting its effectiveness with contiguous areas which do not have it. And they hope the project will ultimately delineate the need for a chemical test law and implied consent law for control of the driving while intoxicated problem in Texas.

The magnitude of the problem is reflected in studies conducted by the DPS. It is believed that—depending on area—the use of alcohol figures in from 40 to 50 per cent of the traffic deaths in the state. Based on the 1967 traffic death toll of 3,367, the use of alcohol may have accounted for 1,347 to 1,684 fatalities.

Nationwide, an equally alarming pattern was uncovered by the U. S. Department of Transportation. In an August 1968 report to the Congress, the Secretary of Transportation said, "The use of alcohol by drivers and pedestrians leads to some 25,000 deaths and a total of at least 800,000 crashes in the United States each year."

The Department of Transportation report went on to say that "through research conducted over the past 35 years, alcohol has been found to be the largest single factor leading to fatal crashes. Drivers with very high concentration of alcohol in their blood—one to four per cent of drivers on the road—are accounting for about 50-55 per cent of all single vehicle crashes in which drivers are fatally injured."

Studies indicate that a driver with 0.10 per cent by weight blood alcohol is six or seven times as likely to be involved in an accident as a nondrinking driver, and at 0.15 per cent by weight, he is 25 times as likely to be involved.

Speir said, "It is hoped that the Department of Public Safety's breathalyzer project will hit hard

Highway Patrol Safety Officer Answers Questions

(Editor's Note: The following column of commonly-asked questions pertaining to Texas highway laws and the answers are prepared by High Patrol Safety Officer Chester Fant of Quanah. The column will appear regularly in The News.)

Q. What is the law in regard to following a fire truck?

A. The driver of any vehicle other than one on official business shall not follow any fire apparatus traveling in response to a fire alarm any closer than 500 feet or drive into or park such vehicle within the block where the fire apparatus has stopped to answer a fire alarm.

Q. Is a drivers license required and what is the minimum age a boy or girl can receive a license to operate a motor scooter or motorcycle?

A. A drivers license IS required to operate any type of motor scooter or motorcycle. The minimum age is 15 years and this will be a restricted license for operating a motorcycle which does not exceed 5 brake horsepower. To operate a motorcycle over 5 brake horsepower requires a regular license. Any person who has been issued a drivers license or has renewed their license since Jan. 1, 1968, must have taken a written examination and drivers test on a motorcycle and have the proper endorsement on their license in order to operate any type of motorcycle. An operators license issued before Jan. 1, 1968, is valid for operating a motorcycle until it expires.

Q. Who is required to wear safety helmets?

A. No person may operate or ride as a passenger on a motorcycle on any public street or highway unless he wears protective headgear which has been approved by the Texas Dept. of Public Safety.

Q. What is the law in regard to overtaking and passing a school bus?

A. The driver of any motor vehicle upon a highway outside the

limits of an incorporated city or town upon meeting or overtaking from either direction a school bus which has stopped to discharge or pick up school children shall stop and then proceed safely at a speed not to exceed 10 mph. The driver of a vehicle upon a highway with separate roadways need not stop for a school bus which is on a different roadway. For example, a four lane divided highway and the school bus has stopped on the opposite roadway.

Q. What is the speed limit on a county dirt or gravel road outside the city limits?

A. The speed limit for cars and trucks on highways other than numbered state and federal and farm to markets roads is 60 mph day and 55 mph night.

Grandson of Former Residents to Play at Rams-Colts Game

Residents of Pampa have contributed about \$13,000 of a \$15,000 goal to send their high school band and choir to Los Angeles Dec. 15 when they will perform the half-time show for the Los Angeles Rams-Baltimore Colts National Football League game.

One of the members of the Pampa band is Larry Joe Farrar, son of Mr. and Mrs. Joe Farrar and grandson of Mr. and Mrs. J. L. Farrar, all of Pampa. The Farrar families are former residents of Foard County.

Larry Joe is a 17-year-old senior in Pampa High School. He plays saxophone and has played in bands for six years, 3 years in the Harvester Band.

The two groups and their sponsors will leave Pampa at 9 a. m. Dec. 12, and return home Dec. 18. During their trip, they plan to tour Disneyland, Marineland and Universal Studios.

The "Pride of Pampa" band has a consistent high rating for marching and concert performance and in October, for the 13th consecutive year, won a first division rating in Texas University Interscholastic League marching competition.

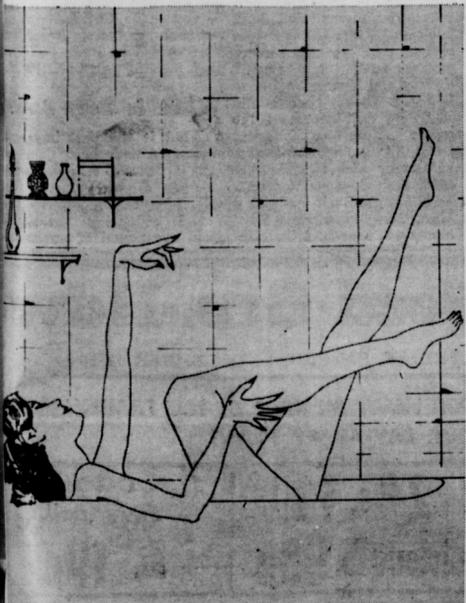

In the Tri-State Music Festival competition in Enid, Okla., the band has won the multi-million dollar parade twice, has been selected outstanding marching band in its class five times and won the grand sweepstakes award twice.

The band has performed on national television during halftime for the Dallas Cowboys and won the concert performance at the Mid-West National Band Clinic in Chicago.

Miss Mary Sue Carpenter Honored at Bridal Shower

Miss Mary Sue Carpenter, bride-elect of Randy Adkins, was honored with a miscellaneous shower Saturday from 3 to 4 p. m. at the Adelpian Club house.

Guests were greeted by Mrs. Marjorie Taylor and presented to the receiving line composed of the honoree; her mother, Mrs. Cecil Carpenter; the bridegroom elect's mother, Mrs. Houston Adkins; the honoree's grandmother, Mrs. Mary Brown of Thalia; and his grandmother, Mrs. Ray Pyle of Vernon.

Miss Carpenter was attired in an orange and white dress accented with gold buttons and she wore a white carnation corsage, a gift of the hostesses.

Mrs. Stanley Shook presided at the registry. Miss Pam Carter played piano selections during the calling hours.

The serving table was laid with a white cutwork cloth centered with an arrangement of the honoree's selected colors of blue and white. Three silver bells and twin candelabra completed the decorations. White napkins were inscribed "Mary Sue and Randy" in blue letters.

Misses Ann Russell and Pam Borchardt assisted in serving punch, cookies and mints. Members of the house party included Misses Karen Gray, Linda Gray, Cindy Wisdom, Debbie Johnson and Mollye Wisdom.

Assisting with the gift display

and serving as hostesses were Meses Beverly Gray, Gerald Knox, Mike Bird, J. H. Gillespie, Frank Gribble, Jake Wisdom, Fred Gray, Walter Ramsey, Duane Naylor, Jim Moore, Bill Moore, Billy Johnson, Clyde Eddy, Leo Cates, Allen Taylor, Newell Looney, Jimmy Dean Worley, Cecil Carroll, Fred Borchardt and Taylor.

John Mark Crowell and Miss House Plan January 11 Wedding

Miss Susanna House and John Mark Crowell are planning a January 11th wedding in the Bellairs United Methodist Church in Houston.

Their engagement and approaching marriage is announced by her parents, Mr. and Mrs. Howard M. House of Houston. The future bridegroom is the son of Mr. and Mrs. J. M. Crowell of Marshall, and grandson of M. F. Crowell of Crowell and Mrs. S. J. Boman of Vernon.

Miss House, a graduate of Notrona County High School in Casper, Wyoming, has attended Baylor University and the University of Houston. She is now employed by Kroger Food Company in Houston as buyer's assistant.

Mr. Crowell, a graduate of Marshall High School, is now a junior mechanical engineering major at the University of Houston. He is enrolled in the Cooperative Education Program at the University, and is employed this semester as engineering aide at Thiokol Chem-

ical Corporation in Marshall. He will resume his studies at the University in January.

Don Ray Borchardt and Miss Sally Pool Wed December 1st

Mr. and Mrs. Arnold Sanders of Lockett announce the marriage of their granddaughter, Sally Pool, to Don Ray Borchardt, son of Mr. and Mrs. Fred Borchardt of Crowell. The wedding took place on December 1 in Villa Acuna, Mexico.

The bride attends schools at Lockett High School; the groom is a 1967 graduate of Crowell High School. The couple will reside in Vernon where the groom is employed at North Texas Alfalfa Co.

Junior Leaders

At the Junior Leaders 4-H Club meeting on December 5, Beth Welch gave a program on first aid. She also quizzed members on first aid knowledge asking questions one needs to know in everyday living. Pat Cates reported that the yearbooks will be completed soon. Plans for a Junior Leaders Christmas party were cancelled because no date was available.

The meeting was opened with a prayer by Pat Cates. Ruth Brown led the 4-H pledge, and Trudy Bird and Darla Bell led several songs, accompanied by Sharla Haynie and Rhonda Vecera at the piano. Secretary Sharla Haynie then read the minutes and called the roll.

Holiday refreshments were served from a table laid with a Christmas cover and centered by a red net tree. A poinsettia arrangement on the speaker's stand completed the decorations. Hostesses were Rhonda Vecera and Ruth Brown. At the next meeting, hosts will be Pat Cates and Jerry Martin.

4-H Club Meeting

The Truscott 4-H group members were hostesses at a Christmas tea for their mothers Friday, Dec. 6. Refreshments were served from a table laid with a white Madeira cutwork cloth. A Christmas arrangement of poinsettias on a silver tray was at one end of the table and a crystal punch bowl filled with green sherbet punch and circled at the base with ropes of silver tinsel was at the other end.

Tea foods featuring recipes the girls have learned to make during the year were served. The members exchanged gifts and gave their mothers and other guests miniature Santa Claus cups filled with candy.

Elizabeth Lurene Ernstein . . . Missing Since March 18

California Couple Seek Clues on Missing Daughter

Redlands, Calif. — Monday, March 18, 1968, began as an ordinary day for Elizabeth Lurene Ernstein when she left home for classes at Moore Junior High School in Redlands, Calif. But this Monday on the 18th of March was not to be an ordinary day.

Elizabeth's school day passed without incident. She attended her last class, then left school at 3:40 p. m. to walk home, a two-mile route through blossoming orange groves. She never arrived home. Somewhere along the lonely street Elizabeth Ernstein vanished.

There are no clues to her whereabouts, or even to what happened to the 14-year-old girl, other than a report from a Redlands businessman who was driving through the area. He thought he saw a girl resembling Elizabeth walking toward the corner of the street on which she lived.

To her parents, Norman and Ruth Ernstein, the months of uncertainty and anxiety over their missing daughter "are the deepest anguish a person can go through. It is a shock so deep you become wooden," the mother explained.

The Ernsteins are appealing nationwide for help in locating their daughter. Ernstein, a chemical engineer at Lockheed in Redlands, and his wife, a psychiatric social worker, have posted a \$5,000 reward for information that will solve the mystery of their daughter's disappearance. They have vowed: "We will not rest until we know."

Neither parent has rested since that first long night when their young daughter failed to come home. They have tracked miles through orange groves, fields, foothills, and canyons in and around the Redlands area. They have followed every lead, no matter how slight, in the search for Elizabeth. "I can face the daytime better than the night," the distraught mother said. "At night I find myself saying: 'Is she safe? Is she warm? Is she fed? . . . and finally . . . is she alive?'"

When Elizabeth, nicknamed "Liz" by her friends, left for school that March morning, she had only 25¢ with her. She was dressed in a blue dress with white flowers, tennis shoes and a dark-olive corduroy coat. Around her neck she wore a small gold chain with a pendant gold and blue star. En route home, she carried a red algebra book and a blue looseleaf

Rev. McNair, Father of Mrs. J. C. Jones of Crowell, Died Monday

Rev. Frank McNair of Lockett, father of Mrs. J. C. Jones of Crowell and retired Baptist minister who pastored churches in Texas and Oklahoma during a ministry that dates back to 1909, died early Monday in a Vernon hospital. He was 90 years old and had been ill for some time.

Funeral services were held at 2:30 p. m. Tuesday at the Lockett Baptist Church with Rev. J. C. Wade of Wichita Falls, and Rev. Mac Turner, pastor of the Lockett church, officiating. Rev. O. C. Harper, pastor of the Central Christian Church in Vernon, also assisted.

Burial was in Wilberger Memorial Park under direction of Henderson-Fields Funeral Home of Vernon.

Rev. McNair was born Feb. 5, 1878, at Saint Jo, Ark., son of the late Mr. and Mrs. M. N. McNair. He came to Texas in 1900, teaching school at Blevins and in Shackelford and McLennon Counties before entering the ministry.

He married Miss Ella King on June 7, 1903, at Waco. She preceded him in death in October of 1964, and a daughter, Mrs. Tom Parnell, died in May, 1963.

Rev. McNair was pastor of the Lockett Baptist Church for 12 years and returned there to retire at the age of 70. He also pastored churches at Guion near Abilene, Tolbert, Thalia, Margaret, Electra and Delhi, and Hess, Okla. where he was pastor when he retired. He served as associational missionary in Calahan County 4 years and at Tolbert 2 years.

Rev. McNair kept no record of "professions of faith" in the churches where he served as pastor, but he did have records for revivals he conducted. The total for his ministry was 1,063 in 63 different revivals over the years. Survivors include three daughters, Mrs. J. C. Jones of Crowell, Mrs. Paul Kerr of Stillwater, Okla., and Mrs. Hadley McDaniel of Electra; four sisters, Mrs. Charlie Johnson of Belton, Mrs. Tom Graham of Leuders, Mrs. Mitchell Rawlins of Hamlin and Mrs. Bruce Bland of Corpus Christi; ten grandchildren and 15 great grandchildren.

Pall bearers were Morgan Price, Glen Cato, Leon Shook, Jack Mints, Kenneth Grant and Reed Lewis.

notebook. Neither has been found. Elizabeth is five feet, five inches tall, weighs 105 pounds and had brown hair and brown eyes. She is one of five Ernstein children. The family lost one of these, a son, to polio in 1952.

"This, the second tragedy in our lives, is even greater because of the uncertainty," the desperate father said in his appeal to end the nightmare. "I can accept anything, even the worst, which I'm resigned to, but I must know."

Any information concerning young Liz Ernstein should be reported promptly to this newspaper or to Capt. Charles Callahan, San Bernardino County Sheriff's Office, San Bernardino, Calif., phone (714) 889-0111.

Rep. W. S. Heatly Honored by Dallas Baptist College

State Rep. W. S. (Bill) Heatly of Paducah was honored with an "outstanding alumnus award" presented by Dallas Baptist College Saturday, Dec. 7.

Rep. Heatly, chairman of the Texas House Appropriations Committee, was a student from 1931-33 at Decatur Baptist College, which moved to Dallas in the fall of 1965 to become Dallas Baptist College, a four-year school.

A member of the Texas House of Representatives since 1954, Heatly was cited for his "outstanding contributions as a public servant to the people of Texas," said Dr. Charles P. Pitts, president of Dallas Baptist College.

Rep. Heatly has headed the powerful appropriations committee for four terms, a record unique in the history of the state. He also has served as a member of the six-member Legislative Audit Committee composed of the lieutenant governor, speaker of the house, two senators and two representatives.

From Decatur Baptist College, where he was a back on the Indian football team, Heatly went to Baylor University to obtain a law degree. In addition to his law practice, he operates an abstract business and manages ranching and farming properties in Cottle and Dickens County.

Missionary to Korea Speaker at Baptist Church Sunday

Miss Ruby Wheat, Missionary to Korea, was the guest speaker at the First Baptist Church last Sunday. During the morning worship service, Miss Wheat spoke "of our love for Christ," using illustrations from the mission field. During the evening service, she showed slides of the area where she serves, with a brief commentary on mission work in Pusan, Korea.

Miss Wheat was originally appointed to China. When the communists took over in China, she completed her first term of service in the Philippines. She has served in Pusan, Korea, since 1953. She is a nurse and has been associated with the hospital missionary work. Miss Wheat's home is in Wichita Falls where she is spending her furlough.

CHS Classes Elect Favorites Last Week

Last Tuesday the classes of Crowell High School elected class favorites and guys and dolls. The seniors chose Pam Carter and Larry Ellis as class favorites. Bettie Ann Burkett and Alan Lee were elected as guy and doll. Jane Hughton and Buz Raspberry were the choices made by the juniors for favorites. They also elected Linda Gray and Danny Naylor as guy and doll. Kenneth Sellers and Mieke Owens will represent the sophomore class as favorites along with Rita Coffey and Jimmy Glover as guy and doll. Serving the freshman class as favorites will be Carolyn Jones and Billy Ray Neal. Terry Farrar and Nancy Looney will represent the class

Dick Todd to Be Inducted into Hall of Fame

(Continued from page 1)

or three tacklers miss him. The thing that most impressed me about Dick was that he could change directions not just side to side but forward and backward. He actually would run backwards two or three steps then start up again."

Dewell cited an example from the 1938 SMU-A&M game. "There was a rule then," he said. "Punters never kicked to Todd. My senior year, we kept it away from him all except one time, and he went. Ray Mallouf got off a fine kick, but Dick got hold of it. I was coming in being especially careful that he didn't pull me in too quickly and get out around me. He was trying to do it and I wouldn't come. I was coming in very cautiously. Finally, he decided I wasn't going to come and he started up the middle."

"I kind of threw a body block across the front of him. I had him. I could feel his weight up against me. I was trying to get my arm around him. Before I could, he backed up and I sat there and watched him go 58 yards right down the middle. To the rest of the ball club coming down, it looked like he had been tackled."

Todd first sprang to national prominence as a schoolboy at Crowell, a ranching and farming community of less than 2,000 population 75 miles west of Wichita Falls. He scored 664 points in a 4-year career, 318 his senior season, and attracted college scouts from coast to coast in a time when recruiting was far less intense and far-flung than it is now.

Todd was always a star — at A&M, with the Redskins and in 1943 when the greatest collegiate and players were concentrated on service teams. Playing for Iowa Pre-Flight, Todd finished the season in Great Lakes Naval Hospital because of a broken jaw incurred against Notre Dame, but he was named to the All-Service team, which in effect made him a Super All-American.

Todd still lives in Crowell where he ranches and raises wheat, but after his retirement from pro football in 1949, he held a number of coaching jobs. He was an assistant at A&M and SMU, head coach of the Redskins one year and at Midwestern University in Wichita Falls two years before the school dropped football. And, he also was on Baugh's staff with the New York Titans (now Jets) in the early days of the American Football League.

And Dec. 31, Dick Todd will ascend to the place he has earned in the Texas Sports Hall of Fame. "That," said Meyer when he heard of Todd's election, "was a great choice!"

(The preceding article was written by Roy Edwards and appeared in the Sunday, Dec. 8, edition of The Dallas Morning News.)

Two Minutes With the Bible

The One True Church

Religious people—even sincere Christian people—may divide themselves into various denominations or churches, but there is no indication in the Bible that God recognizes these divisions. Indeed, God makes it abundantly clear that in His sight there is but one Church, composed of all who truly trust in the Lord Jesus Christ as their Savior. In I Cor. 12:12,13 the Apostle Paul declares by divine inspiration:

"For as the body is one, and hath many members, and all the members of that one body being many, are one body: so also is Christ:

"For by one Spirit are we all baptized into one body . . ."

Again, in Rom. 12:5, he says: "So we, being many, are one body in Christ, and every one members one of another."

Indeed, it is on the basis of the fact that there is but "one body" in God's sight that He exhorts us to seek to "keep the unity of the Spirit."

"Endeavoring to keep the unity of the spirit in the bond of peace. . . . There is one body . . ." (Eph. 4:3,4).

How can we become members of that "one body," the true Church? Ephesians 2 explains how Christ died for all, Jew and Gentile alike, "That He might reconcile both unto God in one body by the cross . . ." (vs. 16). Indeed the Epistles of St. Paul show how God "hath concluded all in unbelief that He might have mercy upon all" and offer to them reconciliation and salvation by grace through faith in Christ who died for our sins.

The question, then, is not "what church do you belong to?" But "Do you belong to The Church, The Body of Christ," composed of all who have acknowledged themselves to be sinners in the sight of God and have trusted in Christ and His finished work for salvation?

From the News . . .

THIRTY YEARS AGO

News items below were taken from the Thursday, Dec. 15, 1938, edition of The Foard County News:

Coach Grady Graves' Crowell Wildcats won their second regional championship by defeating the Newcastle Bobcats, 26-7, on the local gridiron last Friday afternoon to hang up probably the best record for any Class B team in the state and establish themselves as one of the strongest eleven in Texas. The Wildcats have tallied 424 points this season while holding their twelve opponents to the unusually low total of 20 points.

Wayne Canup and Que Meason were elected as captains of the Wildcat squad for next year at the banquet for the football team given by the Rotary Club Wednesday night in the show room of the Self Motor Company building.

Garland Taylor and Garrett Middlebrook, former Crowell Wildcat cage stars, are now playing basketball with the St. Mary's University team in San Antonio.

A large truck belonging to the Miller & Miller Motor Freight Line became ignited and burned Monday night about ten miles west of Crowell. The truck and load was a complete loss.

A crowd of over 2,000 people attended the Crowell merchants' annual opening of the Christmas shopping season here last Thursday afternoon and night.

Cotton marketing quotas were retained as a part of the federal farm program as the result of the vote cast by cotton farmers of the South last Saturday. Foard County cotton farmers cast 177 votes for the quotas and 77 against.

The City of Crowell has banned the shooting of fireworks on the business streets of Crowell.

Fred Priest of Crowell spent the week end with relatives at Margaret.

W. R. Womack has accepted the dealership for the Servel Electrolux gas refrigerators in Crowell and vicinity.

Grady Graves, athletic director and principal of Crowell High School, signed a two-year contract presented him by the school board early this week. When this contract expires, he will have served as athletic coach in Crowell for fourteen years.

The payments to the aged in Foard County was raised to \$10,461.00 for the first eleven months of 1938 with the \$970.00 old age pension payment for November, in which 75 persons received checks. The checks ranged from \$6.00 to \$18.00.

Que Meason, Wildcat football star this season, is also setting a good record other than on the gridiron. He is doing well with his animal project in his FFA work. His project includes the fattening of a calf and two pigs. His calf has gained an average of two pounds per day since starting the project two months ago.

At 7 o'clock next Sunday evening, the Harmony Club of Crowell will present a Christmas cantata at the Methodist Church.

There were 7,928 bales of cotton ginned in Foard County from the crop of 1938 prior to December 1.

Highway Patrol Has New Method to Check Speeders

A revolutionary new speed control device being tested by the highway patrol in the Panhandle area is certain to play havoc with traffic offenders.

It's called Visual Average Speed Computer and Recorder (Vascar). The device thus far has been tested in the Panhandle and in the Austin area and is being used only on a trial basis by the Department of Public Safety.

But how does Vascar figure to loom as a super threat to speeders?

Suppose you are breezing along the highway at 80-85 miles per hour. You keep watchful eyes to the rear to be sure a patrolman is not following you. You slow down when you see a car parked beside the highway until you're certain a patrolman is not in a car equipped with radar. You watch for patrolmen ahead of you, and you keep a lookout for painted stripes across the highway which could be marked distances for calculating your speed from a helicopter.

You feel apprehensive most of the time you're speeding, but one thing is certain: it's a relief to see a patrolman pass from the opposite direction, because you know he must be going in the same direction to clock you with his speedometer. You know his radar unit is ineffective unless it's stationary.

Not so with Vascar!

Don't be surprised some day if a patrolman passes you from the opposite direction, then overtakes and stops you.

If he does, the situation might have been that he suspected you were speeding as you went under an overpass, for example.

As you traveled under the overpass, the patrolman flips on a time switch, one of two toggle switches that are a part of the unit—a square box mounted in front of the dashboard of the patrol car. When the patrolman passed the suspected speeder, he turned off the switch, putting into the Vascar machine the exact time it took the motorist to drive between the two points, the overpass and the patrol car.

At the same time he turned off the time switch, he also turned on a distance switch. When the patrolman reached the overpass, he turned off the distance switch. The Vascar unit is connected to the patrol car's speedometer. This puts into the machine the exact distance on which the patrolman had timed the motorist.

The electronic unit computes the speed of a motorist through a linkage between the time and distance measurements inside the Vascar.

Patrolmen are able, by varying the sequence in manipulation of the switches, to determine the average speed of a motorist no matter which direction the patrol car and the target vehicle are traveling.

That distance can be checked between numerous objects, such as overpasses, underpasses, intersections, bridges, utility poles, highway signs, trees, shadows and even the flicker of headlights on such objects at night.
