FIRE INSURANCE RATE DECREASED IN CROWELL

A 32-cent reduction in Crowell's insurance key rate will mean savings to insurance buyers of about \$5,175.00 a year, if they pay the same amount of coverage this year as they bought last year.

The announcement of the reduction came from the Austin Bureau of the Times Publishing Company.

Last Rites for Joe Smith's Mother Held Tuesday

Mrs. Alice A. McLaughlin, 80, former resident of Crowell and mother of Joe Smith of Crowell, died Sunday in Spearman after a short illness.

Funeral services were held Tuesday, Jan. 14, at 2 p. m. at Womack Funeral Home Chapel conducted by Rev. John Gillispie, pastor of First Baptist Church, and Leslie Thomas. Interment was in the Crowell Cemetery with Womack Funeral Home directing.

Serving as pall bearers were Willie Garrett, Jack Powers, Byron Davis, Ernest King, Cecil Davis and Charlie Huskey.

Mrs. McLaughlin was born at Grenada, Miss., March 5, 1888. She married Zack W. Smith at Corsicana, and Mr. Smith died Dec. 21, 1932. She was married in Amarillo to J. W. McLaughlin in October, 1933, and he passed away in 1941. Mrs. McLaughlin was a member of the Baptist Church at Panhandle.

She is survived by three sons, Marshall Smith of West Lake, La., Virgil Smith of Marshall and Joe Smith of Crowell; one daughter, Mrs. Ollie Mae McKinley of Perinton; one sister, Nanny Payne of Norman; 9 grandchildren and 15 great grandchildren.

Seven Applicants for School Secretary Are Interviewed by Board

The school board met in a called session Monday to interview the seven applicants for the job of school secretary, to replace Mrs. Marjorie Taylor, who is resigning.

Selection of a new secretary by the board is expected next week.

RECEPTION TO HONOR DICK TODD FAMILY

Mr. and Mrs. Dick Todd and daughter, Dena, will be honored with a reception at the Crowell community center on Saturday, January 18, from 4 to 6 p. m., and from 7 to 8 p. m.

Todd, the running back from Crowell who set an all-time school boy football record in 1934 by scoring 318 points, took his place with 64 other athletes and coaches in the Texas Sports Hall of Fame at a luncheon ceremony in Dallas on December 31.

The public is invited to share in these hours of informal visitation, which will honor this well-deserving family. Mementoes of

Voter Registration Climbs to 488

Eighty-nine Foard County residents registered to vote during the past week to bring the total up to 488 Monday morning.

Voter registration period for 1969 will end on January 31.

Dry and Abandoned

May Petroleum, Inc., Dallas, has abandoned its No. 1-6 Mary B. Shamburger, four miles northwest of Crowell, as a dry hole at 6075 feet. The test was located in section 6, block 44, H&TC survey.

Sam Mills Elected New President of Country Club

Nelson Oliphant Retires After 5 Years as President

Sam Mills was elected as the new president of the Spring Lake Country Club at the annual membership meeting of the organization last Friday night.

Mr. Mills succeeds Nelson Oliphant as president since 1963 and had spent a great deal of his time in making improvements at the club property.

Lester Myers was elected vice president and L. A. Andrews, who has served as secretary-treasurer for many years, was re-elected to that office.

Named as directors in addition to the three officers were Nelson Oliphant, J. T. Brooks, C. T. Hord, Cecil Driver, Guy Crews, Marcus Mills and Bill Klepper. Membership of the Country Club is now over 50. Mr. Oliphant said that 450 small channel catfish were placed in the lake last month.

Austin Murder Victim Cousin of Thalia Resident

Miss Keitha Morris, 20, who, along with her date, John Albert White, were slain in Austin last week, was a cousin of Mrs. Duane Naylor of Thalia.

Miss Morris' parents are Mr. and Mrs. John T. Morris of White Deer. Mr. Morris was a younger brother of Mrs. Naylor's father, the late Cap Morris, and Mr. Morris is a former Foard County resident.

Miss Morris and White were both students in the University of Texas.

Funeral services for Miss Morris were held in White Deer Saturday, and the Naylor family attended the rites.

MRS. VIRGIL JOHNSON

Thalia Community History to Be Goal of Historical Group

Mrs. Virgil Johnson Re-Elected Chairman Historical Committee

The Foard County Historical Survey Committee held its first meeting of the new year last Tuesday in the home of Mrs. N. J. Roberts. There were nine members and one visitor present. Mrs. Virgil Johnson will continue as chairman for another year.

It was decided that this year's project would be the history of Thalia and the southeast part of the county. Mrs. Maggie Capps will be asked to be chairman of this project. Mrs. Grace McLaughlin brought her scrapbook to the meeting. There are several articles about this part of the county in the scrapbook.

The January 28 meeting of the organization will be held in Thalia.

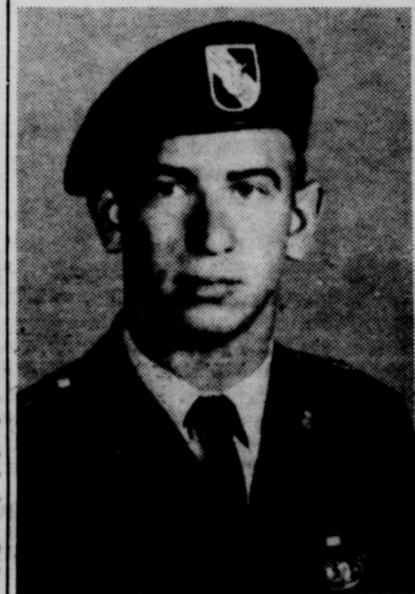

News About Our MEN IN SERVICE

Sgt. David Denton left Saturday from Wichita Falls to return to Cam Rahn Bay, Vietnam, for an extended tour of duty there. He has been at home for the past month on leave visiting his parents, Mr. and Mrs. N. A. Denton, and sister, Kathy.

S-Sgt. Kenneth W. Hough was honorably discharged from the United States Marine Corps on January 10 after five years of service, and re-enlisted the same day for another 6 years with the Marines. S-Sgt. Hough is presently Operations Chief of Correctional Services Company, Headquarters Regiment, Marine Corps Base, Camp Pendleton, Calif.

Hough is the son of Mr. and Mrs. T. R. Hough of Crowell.

Sp. 4 Jewell E. Harris, who was wounded recently in the Vietnam war, has been returned to the United States. Harris is the son of Mrs. Guy Stephens of Quanah and grandson of W. A. Love of Crowell.

PFC. MICHAEL M. CATES

Mike Cates Serving in Vietnam as a Green Beret

Pfc. Michael M. Cates, son of Mr. and Mrs. T. R. Cates, Jr., is now stationed at Pleiku, South Vietnam. Cates is a Green Beret, i. e., Special Forces, attached to the 4th Infantry Division in a demolition specialist in A team, composed of the ten Special Forces men. Each A team has ten specialists: two in communications, two in operations and intelligence, two in demolitions, two in weapons, and two medics. In addition, each specialist is cross-trained in another specialty.

Cates has recently completed his training in repelling. In repelling, the man descends from a rope which is secured to a helicopter, into jungle where growth is too dense for aircraft to land. Then, by means of explosives, the area is cleared for a landing zone.

In a recent letter, Pfc. Cates stated that he had spent Christmas week searching for land mines. On Christmas eve, however, his outfit had visited a local orphanage where they had presented gifts and candy to the children and elderly Montaigne people.

His present address is: Pfc. Michael M. Cates, RA15775564, Co. C, 4th Engr. Bn., 4th Inf. Div., APO, San Francisco, Calif. 96262.

November Savings Bonds Sales in County Total \$937.00

During the month of November sales of United States Savings Bonds and Freedom Shares in Foard County totaled \$937.00, according to a report from the U. S. Treasury Department. Total January-November sales were \$33,465.00 and this is 48 per cent of the 1968 goal of \$70,000.

During the eleven-month period sales in Texas totaled \$164,300,917—89 per cent of the 1968 sales goal and a 6.8 per cent increase over sales during the same period of last year.

Nationally, sales of Series E and H Bonds and Freedom Shares for November totaled \$377 million. Series E sales totaled \$334 million and November sales of Freedom Shares were \$28 million—81 per cent above last November.

High School Boys Cage Team Wins 2 District Games

The Crowell High School boys' basketball team won both their games last week, and the girls won one and lost one.

In a game played here Tuesday night of last week, Crowell defeated Knox City 50 to 43 with Kenneth Sellers pumping in 23 points for the winners.

Rhonda Howard led the local girls in scoring that same night, although Knox City won the game 56 to 23.

In the other conference games played last week, the Crowell boys and girls went to Chillicothe Friday night and won both these contests.

The boys won 66 to 60 with Billy Hord leading the Wildcats in scoring with 20 points. Sellers scored 17, Mike Matus 15, Gary Cates 10, and Charles Dodd 4.

The Crowell girls won over Chillicothe 36 to 32 with Rheta Howard scoring 19 for the winners, followed by Rhonda Howard with 15. Jacque Gillispie scored 2 for the locals.

The two teams played their third conference games at Munday Tuesday night. They go to Holiday Friday night for non-district games, and are back at the local gym next Tuesday night for District 11-A games with Paducah.

Ringling in the New Year and Mothers' March volunteers ringing neighbors' doorbells on behalf of the fight against birth defects are annual January happenings.

"We are concerned with a happier new year for every child," said Mrs. Ralph Don Adams, Mothers' March chairman. "On Tuesday, January 21, beginning at 6 p. m., we intend to share our concern with others in Foard County. We feel certain that everyone who answers our ring will respond with contributions to the March of Dimes.

"If only everyone could visit one of the more than 100 Birth Defects Centers supported by the March of Dimes contributions, he would see how children suffering from mental and physical abnormalities are receiving the finest possible medical attention."

There are four such centers in Texas, with the nearest one located in Dallas.

Each year in the United States alone, more than 250,000 babies—one almost every two minutes—come into the world seriously defective in some way, Mrs. Adams stated.

In addition to the Mothers' March next Tuesday night, letters are also being mailed out to county residents, and anyone who does not receive a call from the mothers, is invited to mail in their contribution.

The mothers who will work in this drive urged all residents to turn on their porch lights that night. This will assist the workers in knowing who is at home at the time.

Successful Grade School Basketball Tourney Held Here

There was plenty of basketball action in the Crowell gymnasium this past week end with twenty-six games being played Thursday, Friday and Saturday in the Crowell Junior High Tournament.

Teams from Crowell, Harrold, Benjamin, Quanah, Lockett, Knox City and Paducah were represented in the five divisions.

Crowell's five teams won four trophies as the 7th grade girls won first, the 8th grade girls won third, 8th grade boys won second and the 9th grade boys won second.

Trophies were awarded to the first, second and third place winners. Winners of first, second and third places for each division were: Seventh grade girls: Crowell, (Continued on page 8)

Conducts Bible Study

Dr. Fred Howard, Professor of New Testament Greek and Religion at Wayland College, Plainview, was the guest teacher of the January Bible study at the First Baptist Church.

He also filled the pulpit for the worship services Sunday.

Two New Vehicles

Two new vehicles were registered here last week: Jan. 6, J. W. Whitley, 1968 Honda motor cycle; Jan. 6, Hartley Easley, 1969 Oldsmobile 4-door.

HIGH WINDS SPREAD GRASS FIRES JAN. 8

Foard County pastures and property narrowly escaped heavy damage from fire Wednesday of last week, as two fires in scattered sections got started as a high, north wind kicked up dust over the area and fanned the flames.

Just a short distance southeast of town, a grass fire started and spread from the city dump ground

Truscott Plans March of Dimes Fun Night Jan. 17

Everyone is invited to a March of Dimes Fun Night at the Truscott community house on Friday night, January 17, beginning at 6:30.

"Come and play dominoes and 42," the invitation said.

Sandwiches, hot chocolate and coffee will be served and there will be a cake walk for the March of Dimes.

 Friday: mid-term exams, periods 2, 4 and 6. Southern Assembly, 9 a. m., Holliday A there, 7 p. m.

Senior Class

Everyone seemed to have enjoyed the holidays; whenever the rest days ended, seniors dragged reluctantly to school. Seniors spent the first few days getting used to class again. Many of the seniors got down to hard work Tuesday in English class when Mrs. Manard assigned research papers. Searching for magazines and digging out old books for reference took most of everyone's time. Also, seniors learned that mid-term tests are scheduled for Thursday and Friday.

Soon, Texas history class will be no more. Next semester, seniors will study civics; it will be quite different from Texas history and should prove challenging.

The basketball game between Crowell and Knox City proved to

be very exciting. It was great work, Wildcats!

Junior Class

The junior class, from all I can gather, had a nice Christmas and new year's holiday. I think all students who attended the new year's eve dance should compliment the band. The juniors got back into the swing of things and just in time for mid-term tests. All of the class, I have heard, are just reviewing. Study hall is getting more exciting as the days pass.

Sophomore News

Sophomores got back into the swing of things at school Monday morning. Everyone will be very busy this week, because six weeks tests will be given and semester exams are scheduled for Thursday and Friday. Thursday tests will be given first, third and fifth periods, and Friday, second, fourth and sixth will be given.

Freshmen News

With semester exams at hand, all the teachers have been fighting a good battle to prepare the students, but sometimes they must wonder if they are accomplishing the goal of having the students pass.

In English I, Mrs. Bounds has been giving review tests over the outline she gave students Monday and Tuesday, Jan. 6-7. On Thursday, her students wrote a paragraph on any subject they chose to review the proper paragraph form. On Friday, they took a series of "Mastery Tests" to review on sentence structure.

In Algebra I, the students spent the period on Friday learning why (a plus b) 2 is equal to (a plus b) 2. Mr. Gafford showed his talent for art by making several three-dimensional block drawings. It could have been entitled "hour of rectangles."

On the athletic side, the freshman boys' basketball team picked up a second place trophy in the Junior High tournament held in Crowell last Thursday, Friday and Saturday. On Thursday, they dropped a game to Quanah, but on Friday, they came back to defeat Paducah. They met Quanah again on Saturday and were defeated in a close game.

Exam Week

Mid-term exams will be given this week at CHS. The schedule

The churches of the Crowell Ministerial Association urge every one in our community to be a part of the fellowship of the church of their choice each week.

is as follows: Thursday, first, third and fifth; Friday, second fourth and sixth periods. Good luck, everybody! Just think, seniors, this will be your last time to cram for mid-term tests! Cheer up, though, there may possibly be finals to take (the horrors of it all.)

Sports News

The Crowell Wildcats were victorious over the Chillicothe Eagles Friday night at Chillicothe. The girls downed the Chillicothe girls 36-32. Rheta and Rhonda Howard led the scoring attack with 19 points each. Jacque Gillispie added to the points with 2. The girls have a 1-1 record with a loss to Knox City.

The boys held on to their undefeated record by romping over Chillicothe 66-60. Billy Hord was high point man with 20. Other scorers were Charles Dodd, Mike Matus, Gary Cates and Kenneth Sellers.

The Wildcats would like to thank everyone who came and supported the team. Keep it up!

March of Dimes Program

Carolyn Bradford, Council Representative of the Foundation of the March of Dimes of Wichita Falls, spoke to the student body of high school and junior high Thursday morning, January 9. A film was shown depicting the wonderful works the March of Dimes is doing for children born with birth defects. She suggested that students of high school donate money for the March of Dimes drive.

Gift Presented to Band

The Foster Davis family recently gave a baritone trombone to the Crowell High School band. The horn belonged to their son, Dr. Bob Davis. Thanks so much for this needed contribution and gift.

Cafeteria Menu— January 20-24

THIRTY YEARS AGO

News items below were taken from the Thursday, January 19, 1939, issue of The Foard County News:

Sam and Glendon Russell, local Vocational Agriculture students, report fair gains on their two calves being fed for projects this year. Each of the boys has a high grade Hereford calf being fed for his major project.

Charles Stewart and Raymond Skelton, Foard County youths, were enrolled for service in the Civilian Conservation Corps in Wichita Falls last Wednesday morning.

Work on a WPA paving project will be started Monday in the north section of Crowell. Cost of macadamized pavement will be fifty cents per running foot for a 24-foot strip of pavement; sixty cents for thirty-foot paving, or seventy-five cents for a 36-foot pavement. In connection with the pavement, guttering and curb can be added at a cost of only twenty-five cents per running foot.

Foard County's first snow for 1939 was received here Monday morning.

Foard County was declared as a dry area in a recent opinion from the Court of Criminal Appeals, the highest court for criminal cases in the state and the judicial body which interprets the laws of Texas, in which a decision of the county court was affirmed in the case of the State of Texas against a Foard County man who was charged with a liquor law violation. The decision which was returned in the May, 1938, term of the county court, was appealed on the grounds that this county was not a dry area, because of the invalidity of the prohibition election held in this county in 1913.

The year of 1938 took its place among the top years for total amount of rainfall with 27.23 inches. The mark is less than an inch smaller than that of 1937, and is the second highest for the past four years.

Glen Halsell of Fort Worth, who, in connection with his father, Furd Halsell, operates ranches in Clay and Foard Counties, has been in this section the last few days with his Foard County ranch foreman, Wade Barker, looking for a carload of yearling bulls from Pronger Bros. of Stratford, who have one of the best herds of registered Herefords in the Southwest.

Cleo Lankford and Truman Lewellyn made a trip to Mineral Wells and returned home last week.

Enough good wall paper for the average room for only \$1.75 at M. S. Henry & Co.

Miss Louise Whitley of Crowell and Wilford Eby, Jr., of Olton were married at Plainview Saturday night, Jan. 14, with Rev. W. P. Jennings, pastor of the First Christian Church, performing the ceremony. Mr. Eby is employed by the Lamb County Implement Co. and they will make their home in Olton.

W. Lee O'Daniel, former Fort Worth flour merchant, became governor of Texas Tuesday afternoon when he was sworn into the highest office in this state by C. M. Cureton, chief justice of the Texas Supreme Court.

Gunter was married to Mr. Bradford's niece.

Santa Fe Honors Seven Young Texans

Six Texas college students and a high school senior have returned to their classes with a host of ideas after attending the recent National 4-H Congress in Chicago.

The seven won awards in the Santa Fe Railway System sponsored 4-H program which stresses citizenship and leadership. They are Kathy Kincaid, 18, of Cisco; Joe Ray Burkett, 18, of Crowell; Gary Burnett, 19,

won county medals in the safety and livestock programs, as well as other areas.

Burnett

Miss Kincaid

of Brownfield; Larry Pittman, 19, of Kress; Bobby Platt, 17, of Palestine; Ella Brown, 18, of Troup, and Sharon Sexton, 18, of Nash.

Miss Kincaid, a freshman home economics major in Cisco Junior College, also received an extra bonus—a \$500 educational scholarship, also from Santa Fe.

Miss Kincaid originally joined her 4-H Club when she was 10 to learn how to cook and sew.

She was a representative to the Texas 4-H Club Council. She has held seven local offices and eight county, district and state offices, including the vice-chairmanship of the state council.

She was salutatorian of her graduating class. The daughter of Mr. and Mrs. Robert M. Kincaid, she comes from a family active in 4-H Club work.

Burkett, son of Mr. and Mrs. Joe E. Burkett, was twice a winner of the Texas Rural Youth award.

In 1967, Burkett was chairman of District III 4-H Club Council. He attended the Texas 4-H Council workshop for leadership training held in Houston.

He is currently serving as information chairman of the state 4-H Council. He and four other state officers will direct the activities of the state's 90,000 4-H Club members.

Another year 4-H'er, he has

A former senior class president, Burkett is now a freshman at Texas A&M University, where he is majoring in agricultural education.

Burnett, son of Mr. and Mrs. James Burnett, is a student at Texas Technological College in Lubbock and hopes to become a civil engineer. He received a \$500 Santa Fe educational scholarship. He has been a 4-H Club member for seven years.

"Rural life and love for animals are a natural for me," he said.

As his interests broadened, he investigated the scientific and business worlds. For an electric project, he made a device whereby two people could talk on a light beam. He and his sister collaborated on a business project and gave a demonstration called "Business on Main Street," which showed the workings of major businesses. This took first-place honors at the state 4-H Round-Up.

Pittman, son of Mr. and Mrs. A. E. Pittman, has been in 4-H for 10 years. In 1967, he was chosen Gold Star boy for Swisher County. This is the highest county award made by the Texas Agricultural Extension Service.

Pittman, who hopes to become a lawyer, has flavored his 4-H activities with internationalism. In the summer of 1967, he helped train a French student in agricultural techniques.

One of the great thrills of his

life came last April when he represented the 4-H Clubs of Texas at the third Inter-American Conference of the Partners of the Alliance in Lima, Peru. In Peru, he met high government officials and visited South American 4-H Clubs.

Platt, the son of Mr. and Mrs. George Platt, served as a junior leader in many 4-H project areas, including forestry, electric and beef. He recently organized a pre-4-H group for younger boys in his community.

A high school senior, he is interested in becoming an agricultural engineer.

Miss Brown, who now attends Tyler Junior College where she plans a career in elementary education, recalls that more than 10 years of 4-H work helps her to define citizenship as:

"The ability to solve community problems, to handle a meeting by parliamentary rules, to be intelligently interested in one's group, or to vote as a responsible citizen."

Miss Brown, the daughter of Mr. and Mrs. W. W. Brown, served as a group leader in clothing and nutrition projects

and as a junior leader in food-nutrition and public speaking.

Miss Sexton, the daughter of Mr. and Mrs. E. W. Sexton, has served as a junior leader for the past five years on several county committees in charge of planning programs, field days, banquets and contests.

She also worked with adult leaders to judge county record books and has coached a soil conservation team. She is a student at Texarkana Junior College.

The 4-H projects are under the direction of Texas A&M University Cooperative Extension Service which selects the winners.

Southwest REA Again Sponsors Essay Contest

All-expense-paid trips to the county's capital city will be awarded to two winners of an essay contest sponsored by Southwest Rural Electric Association, Manager J. M. Maddox announced this week.

All high school juniors in the

area served by Southwest Rural Electric are eligible to enter the contest, according to Maddox.

One junior from Oklahoma and one junior from Texas will be selected for the trip. They will join winners of similar contests sponsored by other Oklahoma R. E. C.'s for the June 6-16 trip. This is the sixth year for the rural electric youth tour.

Co-ordinator for the contest arrangements will be B. R. Green, office manager, and he will be assisted by Ed Fox, capital credits clerk. In their contacts with the various schools in Southwest Rural's territory, they expect to be assisted by last year's trip winners, Dale Elsener of Tipton and Marjorie Wilhelm of Lockett.

Contest entrants will be required to submit an essay on the subject, "Power for a Good Life—Out Where There's Room to Grow." A packet of resource material will be furnished to each youth entering the contest. The essay may have a minimum of

750 and a maximum of 1000 words.

Essays will be judged on the basis of knowledge of subject, originality, composition, neatness and grammar. Knowledge of the subject and originality are very important in writing a prize winning essay, and shall be determined by the content of the essay and an interview which will be carried on between the judges and each contestant.

Two finalists will be selected from each school, and the trip winners will then be chosen at a dinner meeting in April in Tipton. Competent judges will be secured, according to Mr. Maddox.

The four winners will leave their homes on June 5 to join the other winners from Oklahoma for a get-acquainted banquet in Oklahoma City. Early the following morning, they will board two chartered, air conditioned buses for Washington, D. C., where they will spend five full days visiting places of historical interest and seeing the nation's government "in action."

Further details can be obtained from the Association office in Tipton.

District Attorney's Statement on Hot Check Prosecution

Bill Neal of Quanah, new District Attorney for the 46th District, issued the following statement this week concerning the prosecution on hot checks.

It is the desire of this office to assist the merchants of this district in reducing check losses in every possible way within the framework of existing Texas criminal law.

The greatest deterrent to would-be hot check writers is the knowledge that sure and speedy prosecution will follow, and in cases where the necessary proof can be marshalled I intend to prosecute as speedily as possible.

However, a successful program depends not only upon the prosecuting officer and the law enforcement officers. It depends also upon the support of informed citizens—those citizens who serve on juries, those citizens who will be called as witnesses and those citizens who take checks which are returned unpaid.

Often merchants and other citizens experience some confusion as to when persons who give worthless checks can be prosecuted. It is my purpose here to help clear up at least some of the confusion in this area, and also to set forth the policies that I expect to follow in the acceptance of complaints and prosecution of hot check writers.

First, we must distinguish between "forged" checks and "hot" checks (or worthless checks). A forged check is one where the person who writes the check fraudulently signs another's name to the check as maker.

A hot check, or worthless check, is a check which bears the true signature of the person giving the check, but which is not paid by the bank on which it is drawn because of insufficient funds in the account or because the person giving the check had no account in the bank.

Forging another's name to a check without his consent is a criminal act and such a person can be prosecuted. But, not every person who gives a hot check, or worthless check, can be prosecuted under Texas law.

A person giving such a worthless check cannot be prosecuted successfully under Texas law unless the district attorney can prove that the person who gave the check did so with the intent to defraud, that the intent to defraud existed at the time the check was given, that the person to whom this check was given gave, in exchange for the check (at the time it was given), some item or thing of value, and that subsequently the check was not paid.

For instance, a person who gives a check, signing his own name on it, and who honestly—though mistakenly—believes he has sufficient money in his account to cover the check (plus all his other outstanding checks), has not committed any criminal act and cannot be prosecuted. Also, a person who gives a post-dated or "hold" check or who gives a check to pay a previously existing debt cannot be prosecuted even if such person knew he did not have sufficient funds to cover the check. (This last sentence does not necessarily apply to "rent" checks, however, as a new statute now deals specifically with worthless checks given for rent of apartments, houses, etc.)

Because of the requirements of our Texas statutes, the following rules will be observed by this district attorney's office with respect to the prosecution of hot checks:

1. Post-dated checks, drafts, "hold" checks and checks given to pay "pre-existing" debts will not be accepted for prosecution. (A check given at the end of the month in response to a bill for merchandise purchased on the credit during that month is an example of a check given to pay a "pre-existing" debt.)
2. Two-party checks cannot be accepted for prosecution. (A payroll check which is given to an employee who thereafter endorses the check and gives it to a retail store in exchange for goods and merchandise is an example of a "two-party" check.) (However, this is not to be confused with "forged" payroll checks which can be accepted for prosecution.)
3. No check given to cover another check will be accepted for prosecution.
4. Checks which are not promptly deposited or otherwise negotiated in the normal course of business within a reasonable time after they are given cannot be accepted for prosecution.
5. The person to whom the check is given will be required to sign a complaint in order to initiate prosecution. In the case of companies, the manager of the company, or other authorized officer, will be expected to sign the complaint.
6. If a trial is necessary, the complainant will be called upon to testify in court. This will be true even though restitution may

have been made prior to the date of trial. The district attorney will not dismiss a prosecution of a criminal case solely on the basis that restitution has been made.

7. Hot checks or forged checks which are in an amount equal to \$50.00 or more (and which qualify under the above rules for prosecution) constitute a felony offense and should be brought to the district attorney's office for prosecution. Checks for less than \$50.00 are a misdemeanor and should be brought to the county attorney's office. Worthless checks given for the rental of apartments, houses, etc., should also be referred to the county attorney's office.

I want to make clear one last point in regard to the prosecution of hot check writers: What I have said here applies only to criminal actions based on hot checks or forged checks. However, persons who give worthless checks are almost always subject to civil actions even if they cannot be prosecuted for violating the criminal law.

For instance, if a person gives a worthless check to pay for some item he bought on credit several months ago, a criminal prosecution ordinarily cannot be maintained. But, the creditor might well employ a private attorney and bring a civil action against the writer of this check to obtain a judgment against him for the amount of the debt.

The district attorney and the county attorney do not and cannot file civil actions as a part of their official duties.

In other words, the primary aim of a criminal action brought by the district attorney against the writer of a hot check is the prosecution and conviction of such person. The primary aim of a civil action brought by a private attorney against the hot check writer is the collection of a debt.

Of course, I will do everything possible to encourage restitution, but as district attorney, I am mainly interested in the successful prosecution of those persons who intentionally give hot checks in exchange for goods and services. I believe if this goal is accomplished, the number of hot checks will be significantly reduced.

Finally, I would encourage all citizens who have occasion to accept checks from strangers to stay alert and to ask these persons for identification. Especially, these persons should be asked to display their Texas driver's license. The new licenses contain the picture and the signature of

Four Winds Industrial Foundation Subject of C. of C. Banquet

A lot has been said about rural industrialization recently, and in the Four Winds Industrial Foundation, a lot is being done to make this wish become a reality. This unique organization is the result of the combined efforts of the people of Hardeman, Foard, Childress and Cottle Counties to diversify and expand their economic base.

The development of Four Winds Industrial Foundation is the theme of the annual Quanah Chamber of Commerce banquet, set for 7 p. m., January 18, in the Quanah High School gymnasium. Guest speaker will be Jim Harwell, Executive Director of Texas Industrial Commission, formerly manager of the Wichita Falls Chamber of Commerce.

Highlights of the banquet program will be a status report on the Four Winds project, the address by Harwell, and recognition of the Quanah "Citizen of the Year" and the area "Conservation Farmer of the Year."

Incoming officers and directors will be installed at the banquet. Lowell Slaton succeeds Jim Tapp as the Chamber president.

I hope this statement of the requirements of Texas law and the policies of this office with regard to the acceptance of hot check complaints will be helpful to merchants and others in establishing their own sound procedures in taking checks from the public.

Highway Patrol Reports 2 Wrecks Here in December

The Texas Highway Patrol investigated two accidents on rural highways in Foard County during the month of December, according to Sgt. Floyd Etheridge, Highway Patrol supervisor of this area.

These crashes resulted in one person injured and an estimated property damage of \$1,450.00. The rural traffic accident summary for this county during the calendar year of 1968 shows a total of 20 crashes resulting in one person killed, nine persons injured, and an estimated property damage of \$12,350.00.

The final date of the 1969 motor vehicle inspection period for all motor vehicles registered in Texas is drawing near. The sergeant stated, "Since the beginning of the inspection period, Sept. 1, 1968, only about one and one-half million vehicles have been inspected and approximately five million more remain to be inspected."

Texas law requires inspection of brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, steering wheels and rims, and front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment. The inspection fee is \$1.75. This does not include the cost of repairs and adjustments necessary to enable the vehicle to pass inspection.

Quarantine Inspectors

Agricultural quarantine inspectors work with other government agencies at the nation's airports, seaports and border crossings to keep out destructive foreign plant and animal pests and diseases. Last year they stopped an inbound foreign plant pest an average of once every 12 minutes and seized nearly 125,000 pounds of foreign meat from countries known to have such dreaded animal diseases as foot-and-mouth and rinderpest.

Phone Company Makes Change in Checking Phones

To further the secrecy of communications, changes have been made in handling requests to determine if a local telephone is in use or out of order.

The announcement of the change was made last week by W. L. Goodrum, division manager for General Telephone Co. of the Southwest.

"Extreme caution has always been taken by the telephone industry in honoring the secrecy of communications; however, as communications equipment and customers become more and more sophisticated, it becomes necessary to close any loopholes which come to our attention," Goodrum said.

"In the past, when a customer found a telephone number busy, they often requested an operator to determine if there was conversation on the line. We have honored the request to be sure the telephone was not unknowingly out of service," Goodrum explained.

"Under the new procedure," Goodrum said, "the number can be verified to determine if there is conversation on the line only if the requesting party indicated (1) that the call is urgent, or (2) an emergency, and (3) wants the conversation interrupted. The name and telephone number of the person asking for the interruption is requested before an operator proceeds to interrupt a conversation," Goodrum explained.

"Of course, if there is some reason to believe that the number is out of order, a customer is still asked to notify the operator who can have the number checked," Goodrum explained. "If there is trouble, it will be reported to repair service by the operator."

Historically, up to 16 per cent of all "assistance" calls to the operator—other than placing a long distance call—are to determine if a telephone is in use or out of order.

Goodrum emphasized that the telephone company will, on every occasion, determine whether a line is in trouble or not. However, now the information will be reported to repair service instead of the customer.

Mr. and Mrs. Paul Brown of San Diego, Calif., are visiting this week with Mr. and Mrs. Chester Hughes.

Texas Drownings in 1968 Total 489; Up over 1967

Texas had 489 drownings in 1968 compared with 317 in 1967, according to the Texas Parks and Wildlife Department.

R. G. Mauermann, deputy director of the Department, said most of the drownings could have been prevented if the victims had taken one or two simple precautions.

"For example," said Mauermann, "if everyone who went boating slipped into a life preserver before going out, it would cut the drowning rate drastically. Unfortunately, in many cases boaters comply with the Water Safety Act by having a life preserver in the boat for each person. But the devices are, in many cases, inaccessible when they are needed." Mauermann said that another condition which leads to loss of life is that people just seem not to know their own limits. Case histories show repeated instances where persons who were poor swimmers somehow found their way to deep water and drowned.

Of the 489 drownings, 96 of the victims were ten years old or under. And of these 96 drownings, 52 occurred within the general vicinity of the victim's home.

"There were numerous instances in which toddlers tumbled into backyard pools, drainage ditches, farm ponds, and fish ponds," said Mauermann. "Parents must learn that almost any body of water near the home is a hazard, and their children must be kept under close supervision to stop many of these tragedies."

REP. W. S. HEATLY

Heatly Begins 8th Term as State Representative

Rev. W. S. Heatly of the 80th legislative district, composed of Childress, Cottle, Dickens, Foard, Hall, Hardeman, Knox, Motley and Wilbarger counties, began his 8th consecutive term as a member of the House of Representatives with the opening of the regular session of the 61st Legislature Tuesday.

He expressed the opinion that the current session of the Legislature will be one of the most important in many years, due to the number and complexity of the problems facing the state's lawmakers.

Rising cost of operating the state government, resulting from inflation and increasing demands of the several departments, is among the more important questions which will have to be dealt with. Additional revenue is a must. The question is how it shall be raised, Mr. Heatly pointed out.

"But the most controversial and perhaps the most important job the legislature faces is what to do with the revolutionary recommendations of the Governor's Committee on Public School Education. I am strongly against the basic principle of this report which would abolish practically all rural schools and consolidate them into one-county districts in most instances," Mr. Heatly said.

He urges constituents to advise him of their views on these and other questions coming up for consideration in this session of the legislature.

Card of Thanks

For loving help and sympathy shown us by so many friends at our time of grief, we would like to express our gratitude. We were indeed comforted by your kindnesses.

Taxpayers Ask Internal Revenue

This column of questions and answers on federal tax matters is provided by the Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q—Where can I get copies of the new tax forms?

A—Most taxpayers should receive their income tax forms in the mail early in January. Forms will also be available at IRS offices as well as in many post offices and banks. If you received a form in the mail, please use it when you file your tax return. It contains identifying information to help avoid mistakes that delay processing and refunds. The Form 1040 tax package that you received in the mail has a two-part pre-addressed label that shows the taxpayer's name, address and social security number.

Q—Were there any changes in the tax law last year I should know about when I file my 1968 return?

A—Adoption of a surtax in 1968 was the major change. This surtax will increase the amount of income tax most individuals will pay for 1968 by 7½ per cent. A line has been added to the tax form to help taxpayers make this calculation and it is explained in the instructions that come with the tax form.

Q—Do I have to include social security benefits when I add up my income for the year?

A—Social security benefits are not taxable. However, they do have to be included when determining if the support test has been met for a dependent.

For example, if a widow had no other income but social security benefits of \$1,200 during 1968 and she spent it for her own support, it will be necessary for anyone claiming her as a dependent to provide more than \$1,200 towards her support for the year.

Q—I want to get my return in as soon as possible so I can get my refund. Do I have to wait until my boss gives me my W-2? I have my own record of wages and tax withheld.

A—A copy of your W-2 form must be attached to your tax return. Many taxpayers had their refunds delay last year because they forgot to do this. The law requires employers to issue W-2 statements to their employees by January 31. Many issue them sooner so you should have your W-2 form shortly.

Q—I don't think my medical expenses were more than 3 per cent of my income in 1968. Does that mean I can't deduct my Blue Cross payments?

A—One-half of your medical insurance premiums up to a maximum of \$150 may be deducted even though your total medical expenses do not exceed 3 per cent of your income. Therefore, you may deduct part of your Blue Cross premium if you itemize. Information to help you figure out your medical expense deduction is given on page 7 of the 1040 instructions. Mistakes in handling medical insurance premiums occurred frequently on tax returns last year. To avoid mistakes, read the instructions carefully.

Q—Last year I bought a bull at an auction. If I keep it for breeding purposes do I use its cost to figure depreciation?

A—Yes, generally the basis for depreciation of purchased livestock held for draft, dairy or breeding purposes is cost. However, special rules apply if purchased livestock are included in inventory.

James Williams and Miss Aken Wed Dec. 26th in Midland

Miss Cyndiann Aken and James Dolan Williams exchanged wedding vows in a double ring ceremony, Dec. 26 in the Main Street Church of Christ in Midland. The service was read by Douglas Wilken. Traditional wedding songs

were sung by Roy Brille of Balinger.

A background of candelabra entwined with ivy was the setting for the 10 a. m. service.

Parents of the couple are Mr. and Mrs. Bryan Aken of Midland and Mr. and Mrs. Q. D. Williams of the T-Bar ranch near Floydada.

The bride, given in marriage by her father, wore a princess styled formal length gown of mother of pearl embroidered silk organza. Her chapel length veil of silk illusion was held by a cluster of white velvet flowers. A cascade arrangement of white orchids fell from the white lace covered Bible carried by the bride. She also carried out the traditional something old, new, borrowed and blue.

Attending the bride as maid of honor was her sister, Miss Jill Aken. Miss Nancy Williams, sister of the bridegroom, served as bridesmaid. Both were attired in formal length princess styled gowns of red velvet. They wore circular veils of matching color, which fell from velvet flowered headresses. They carried wreaths of holly and ribbon centered with red votive candles.

Tom Taylor of Grinnell, Iowa, was best man and Steve Craig of Floydada served as groomsmen.

For her daughter's wedding, Mrs. Aken wore a dress of burgandy Italian silk, pink feather hat, and black accessories. The groom's mother wore an A-line dress of aqua crepe with white bead embroidered cuffs and stand-up collar, a white velvet hat, and bone patent accessories. Both wore white corsages.

Following the ceremony, a reception was held in the home of the bride's parents, Miss Cheryl

Covitt registered guests. At the white, lace covered serving table, Mrs. Don Wisinger served the tiered bride's cake. Red sparkling punch was served by Mrs. Ray Wright. Red votive candles and holly decorated the table.

Misses Ruth and Jacquelyn Brown of Truscott, cousins of the groom, distributed rice bags to the guests.

For traveling, the bride changed to a grey and white wool tweed dress. Its empire lines were accented by a wide sash of black kidskin. Her accessories were of black kid, and a black fur hat. She complemented her ensemble with a corsage of white orchids from her bridal bouquet.

Mrs. Williams graduated from high school in Midland, and is a home economics major at Lubbock Christian College. Mr. Williams attended the Floydada schools and graduated from Crowell High School. He attended Lubbock Christian College before enlisting in the United States Army. The bride plans to continue at Lubbock Christian College until Williams completes his training at Fort Gordon, Ga.

The rehearsal dinner was given in the home of the bride's aunt, Mrs. Jane Varner, Midland.

Mrs. E. J. Jones and Mrs. Jack W. Brown of Truscott, grandmother and aunt of the groom, respectively, attended the wedding and reception.

Adelphian Club Elects New Officers Last Wednesday

New officers for the 1969-71 term were elected at the regular meeting of the Adelphian Club last Wednesday. The slate presented by the nominating committee, Mmes. Henry Borchardt, L. A. Andrews and Warren Haynie, were elected unanimously. The new officers will be installed in the May meeting of the club.

Mrs. Gordon Erwin will head the club as president. Vice president will be Mrs. Elton Carroll; secretary, Mrs. Glenn Halseil; treasurer, Mrs. Robert Kincaid; corresponding secretary, Mrs. W. B. Johnson; parliamentarian, Mrs. L. A. Andrews; Federation counselor, Mrs. Hubert Brown; reporter, Mrs. Virgil Johnson; and junior club sponsors, Mrs. Ray Shirley and Mrs. Clarence Garrett.

As the theme of the meeting was on the civic responsibility of the individual citizen, a roll call was given on improvements club members would like to see made. One idea was that an earlier city-wide cleanup date than that set in April be set in order that lots can be burned off before there is new foliage; another was that more street lights be installed all over the town, and that the streets be paved; another was that perhaps a park could be made from all the north side of the swimming pool block, as that is where the youth, parents and friends congregate in the summer, though there was a problem of private ownership. A member of the Women's Service League invited the club to assist with their project of a Christmas Christmas decoration on the court house lawn; another wanted to know if there could possibly be state or federal aid obtained for the increased water rates, so that every family only has to pay for what they actually use; another suggested project was to curtail the stray dog problem—making owners keep their dogs penned or on leashes. All members were interested in working to obtain industry here in order to build up the town; and the need of a rest home was discussed.

The speaker for the afternoon's program was Felix Taylor, Director of Operation Mainstream, a work-training program financed by the Department of Labor and administered through and by the Community Action Agency in this area. The program is authorized to operate in Foard, Wilbarger, Cottle, Hardeman, Motley, Childress, Baylor and Knox, and has trainees in each of the counties except Baylor.

A new ruling states that 40 per cent of the trainees should be 55 years of age or older, and Mr. Taylor says that all new ones will be within that age group. Trainees are obtained through the Texas Employment Commission, and help from Neighborhood Centers, county and city officials and the ministry. Job openings are those with the city, county, state or federal government, and are not specially set up for the program. The Operation Mainstream funds pay the trainee the minimum federal wage of \$1.60 per hour, and the local government provides "in kind" financing through the work supervisors and equipment needed for the trainee's work.

Besides Mr. Taylor, the administrative help includes a counselor, Bob Harrison of Vernon; a bookkeeper-secretary, Mrs. Jesse Whitfield of Crowell; and eight teachers who teach the trainees two hours weekly in their respective towns. Each trainee must have classroom teaching for two hours a week, and two hours of weekly counselling. The latter may be in form of lectures from federal agencies such as the Small Business Loan, information on le-

Truscott H. D. Club

The Truscott Home Demonstration Club installed three new officers at the meeting Jan. 9 in the community house. They were Mmes. J. R. Brown, president; Elmo Shaw, vice president; and Marie Gillespie, council delegate. Other officers for the year are Mrs. W. O. Corder, treasurer, and Mrs. Jack W. Brown, secretary.

The meeting opened with a song led by Mrs. J. R. Brown and prayer by Mrs. John Woody. Mrs. W. M. Rake read "If Only" and a poem, "What Talent Have I" in recognition of the new year. Roll call was answered by the reading of horoscopes.

Committees named for 1969 included Mmes. Rake and Corder, finance; Gillespie and Woody, program; Bill Owens and Tommy Westbrook, EEE; Edgar Jones and Edmund Tomaneck, health and safety; Shaw and Tommy Tapp, recreation; Jack W. Brown and Shaw, 4-H.

Mrs. J. R. Brown announced the new Knox County home demonstration agent will meet with the club Jan. 23; she is Miss Cheryl Timmer. The program will be on health and beauty and will be presented by members. Mrs. Rake announced the council bylaws have been amended to allow a quorum of two clubs and five members. A training meeting is scheduled for Jan. 31 at Spur.

All recommendations were accepted from council for the year except finance and 4-H. Members filled out yearbooks through February. Mrs. J. R. Brown was hostess to 10 members.

Columbian Club

On Wednesday, Jan. 7, the Columbian Club gathered at the home of Mr. and Mrs. Roy Ayers for the first meeting of 1969.

After the election of officers for the next biennium, Mrs. E. J. Jones was the leader for the day. Roll call was answered by current events and parliamentary points.

Mrs. N. J. Roberts had a splendid paper on parliamentary procedure. She stressed the fact that some of Roberts' Rules did not necessarily function in small organizations, although needed in large ones. She concluded her remarks with "parliamentary procedure all boils down to common sense and courtesy."

At the conclusion of a round table discussion, the hostess served refreshments to ten members and one guest, Lori Dockins.

Riverside H. D. Club

For the first meeting in 1969, the Riverside Home Demonstration Club met in the home of Mrs. Roy Ayers on January 6.

Mrs. Robert Hammonds brought opening exercises which included two poems, "Hello, God," by an unknown service man, and a short poem, "Friendship."

After routine business, the remainder of the afternoon was spent filling out the club yearbooks. The next meeting will be with Mrs. Mary Brown on Jan. 10.

During the social hour, the hostess served delicious refreshments to eleven members and two guests, Lela Graf and Lori Dockins.

Junior Columbians

The Sub-Junior Columbian Club met Wednesday, January 8, at the home of Bette Sue Barry in Truscott.

An interesting program was presented by Mrs. Ruth Stapp on travel, by making plans for a plane trip.

Delicious refreshments were served by hostesses, Bette Sue and the club sponsor, Mrs. Jerry Floyd. Hostesses for the January 22 meeting are Terri Garrett and Kristi McLain.

County Judges and Commissioners

The 11th annual statewide conference for Texas county judges and commissioners will be held Feb. 5-7 at the Ramada Inn in College Station. Sponsors of the conference are the County Judges and Commissioners Association of Texas and the Texas Agricultural Extension Service. The program will feature speakers and panels on subjects of primary importance to the conferees.

gal rights, and other data the trainee may be interested in.

At present, there are 42 of the 44 job training openings filled in the seven-county area. They have had 80 enrollments and have placed 60 in either permanent work or are still training them—or 75 per cent average of success. At the present, there are fourteen Latins, 17 Negroes and 10 whites in the program, with 8 females and 33 males.

Mr. Taylor cited several examples of individuals who have received permanent employment from this program. He stated that perhaps some of the civic programs the club wanted done could be secured through the Operation Mainstream if communication was held with the proper individual or organization.

Thalia

BY MRS. MAGGIE CAPPS

The news last week consisted of the large fire in the north part of town in the gin area. It was started by the terrific wind which blew all day Wednesday. It had smoldered for several days in the hull burner and also in a huge pile of hulls from which a few farmers had been hauling load after load to their fields. This had diminished the supply to a great extent, but the very strong wind sent sparks flying high and wide. Nearby homes, especially those of Eudale Oliver, Travis Fox and W. A. Johnson, were endangered and only the long suffering efforts of the volunteer workers, a fire truck from Crowell, the Thalia water truck and two county maintainers, saved the surrounding buildings. The Oliver home with its residence, large work barn, a number of combines, trucks and a trailer house or two were miraculously saved as they were in the direct path of the raging fire.

Mrs. Buna McKinley received word of the death of Mrs. Alice McLaughlin of Panhandle Sunday evening. Mrs. McLaughlin was the mother of Mrs. Mutt McKinley of Perryton and Joe Smith of Crowell. The family of Mrs. Mutt McKinley arrived here Monday. Funeral services and interment were held in Crowell Tuesday afternoon.

Mrs. Maggie Capps visited in Paducah and Benjamin last week. Mr. and Mrs. Clyde Self visited relatives in Fort Worth and Wichita Falls last week end. They visited Mr. and Mrs. Garnet Gilbert and family and Mrs. Maude Brum-below in Fort Worth and the Elmer Laurence family in Wichita Falls.

Jesse Whitfield of Crowell visited Mr. and Mrs. Ed Payne Monday.

Mr. and Mrs. Poggio Miller and Angie of Vernon spent Sunday afternoon with her sister, Mrs. Jake Wisdom, and family.

Duane Capps of Vernon visited his mother, Mrs. Maggie Capps, Wednesday.

Mrs. Celeste Johnson of Vernon visited her sister, Miss Irene Doty, Sunday.

Mrs. Myrtle Neill visited Mr. and Mrs. Lee Shultz of Vernon several times last week.

Mrs. Dallas Texas McCarty and children of Vernon spent one night last week with their grandmother, Mrs. Jessie Gamble.

Mrs. F. A. Brown visited her sister, Mrs. Ida Jones, in Vernon

after the governor's committee report. Mr. Ayers says "you can prevent your taxes from tripling and transporting your children 50 to 100 miles a day by writing to your new governor, state senator and representative and letting them know your views."

Everyone is invited to a cake walk for the March of Dimes at the community house Friday night at 6:30, according to Mrs. Tommy Tapp, chairman. After the cake walk, there will be dominoes and 42.

The Truscott 4-H girls met last Tuesday and reviewed goals for each foods unit and were assigned 2 menus to plan and present for study at the next meeting.

Dec. 31, we had a temperature of 9 degrees.

Farm Bureau Members to Attend Austin Conference

County leaders from the County Farm Bureau will attend a statewide joint legislative conference Jan. 22-23 at the Terrace Motor Hotel in Austin. The meeting is being sponsored by the Texas Farm Bureau.

The Austin conference kicked off the Farm Bureau's 1969 state legislative program. President Glenn Jones said he will also serve as a reporter on the organization's wide enrollment campaign new members.

More than 400 county leaders from most of the state's 25 organized county Farm Bureaus are expected to attend. Purpose of the legislative phase of the meeting is for the county leaders to have a better understanding of and national issues affecting agriculture. They will also discuss most effective ways of implementing Farm Bureau policies to those issues.

Henry Ashford Called "Youngest Child of Civil War Veteran"

The following article concerning a former Crowell resident and former employee of The Foard County News, appeared in a recent issue of the Denver City paper.

A Denver City resident has a claim to distinction which is not shared by too many persons today. He is the son of a Civil War veteran, and at an age of only 51 years—probably, in Texas, the youngest child of a Civil War vet.

The man is Henry Ashford, a typesetter with the Denver City Press, and his daughter, Peggy, is probably the youngest grandchild of a Civil War veteran.

Ashford's father was James Ashford, a pioneer resident of Foard County, who died at the age of 87 years in 1932.

The Civil War veteran was a native of Pickens County, Alabama, born April 25, 1845. He came to Texas in 1850. His parents settled in Washington County. In 1856, the family moved to Smith County. In 1861 the family moved to Ellis County.

With the outbreak of the Civil War, Ashford was not old enough to enlist. However, in 1863, when he became 18, he signed up with the Confederate States of America 80th Cavalry, Co. K, serving in Col. Gurley's regiment and Gen. Ganoe's brigade.

The young cavalryman took part in several minor skirmishes of the war between the states and was with a force which captured a Yankee supply train of 300 wagons near Fort Smith, Ark.

The Rebel forces were ragged and hungry. Ashford hadn't eaten in two days. The Rebels "ate up" heartily from captured food supplies and they outfitted themselves with new Yankee uniforms—and that almost got Ashford shot.

His group of cavalrymen ran into a Confederate patrol. Fortunately, the commanding officer of Ashford's unit still wore his Confederate gray uniform and convinced the challenging Southerners that his boys were Confederates.

After the war, Ashford returned to Ellis County and helped haul the first lumber for construction of Trinity University at Waxahachie.

In 1869, he married and, later, lived in Burnet County and Coleman County. In 1884, he settled in the portion of Hardeman County which later was to become Foard County.

For a while in Foard County, Ashford combined a freighting business and buffalo bone hauling business. Later, he served two terms as Foard County treasurer

and two terms as county commissioner. While county treasurer, he utilized holes in walls of dug-outs as depositories for the county's money until the first bank opened in Quanah.

Ashford's first wife died in 1896. He had two other wives, marrying his third wife in 1905.

It was to this union that were born a daughter and three sons, Mrs. A. L. Johnson, Jimmy, Charlie and Henry Ashford.

Denver Citizen Henry Ashford is the youngest of the Civil War veteran's children.

Henry was born in Crowell. He graduated from high school there and while a high school senior he went to work as a printer's devil for the Foard County News. After graduation from school, Henry was drafted as sports writer, then as a reporter-advertising man for the newspaper. He held this post until 1941 when he moved to Childress as editor-adman. After 10 months at Childress, he went to Quanah, assuming a typesetter's position. He remained there for more than 20 years, and then moved to Memphis. He was at Memphis three years prior to moving to Denver City this year.

Henry, whose wife died about two years ago, is the father of three children, Louis, an employee of the Wichita Falls Record-News; Mrs. Jerry Morton, whose husband also is employed with the Record-News, and Peggy, who is married and lives in Minneapolis, Minn.

4-H Club Meeting
The seventh grade boys had a meeting Jan. 14 in Mr. Gidney's room. Mr. Burkett called out all of the boys' projects. Floyd Borchardt led the pledge and Jim Shook led the prayer. A discussion was then held about the 4-H show which will be held March 7 and 8. Terry Tamplen's going to bring a talk on fire prevention and Jim Shook is going to give a report on wildlife. Steve Graves is going to bring a report on smoking. The next meeting will be Feb. 20.

Sheep Imported
A breed of sheep from Finland, noted for producing multiple births, has been introduced to the U. S. and will be used in cross-breeding experiments in an effort to improve lambing rates. The sheep now in quarantine will be used at agricultural research stations at Beltsville, Md., Clay Center, Neb., and Dubois, Idaho. Finnish Landrace sheep usually produce an average of 2 to 4 lambs per lambing.

10 Per Cent Surcharge
Economist George Hagedorn noted that, "The 10 per cent surcharge on corporate and individual income taxes, imposed on us by a law passed last June, is scheduled to terminate June 30, 1969. The next Congress will, of course, be free to pass additional legislation extending its life beyond that point. More and more, the assumption is becoming prevalent that Congress will probably do so . . . we all know what can happen when we fall into the habit of renewing, year after year, what had started out as a 'temporary' tax increase. The Korean War increase in the corporate tax rate was still in effect a decade after that war ended."

100 Million Vehicles
U. S. motor vehicle registrations reached approximately 100 million by the end of 1968, the equivalent of one vehicle for every two persons in the nation, states the American Petroleum Institute. According to the Automobile Manufacturers Association, more than half of the world's passenger cars are in the U. S., plus about 38 per cent of all trucks and buses.
