Col. Wilson E. Speir, director of the Texas Department of Public Safety, this week reminded Texas motorists that only five days remain until the state motor vehicle inspection deadline.

State law requires that cars, trucks, and certain trailers be inspected at an approved inspection station, and that a current inspection sticker be displayed in the lower right-hand corner of the windshield by midnight, April 15. The fee for the inspection is \$1.75 plus charges made by the inspection station for mechanical adjustments, if any.

Freshmen News

In English I, the freshmen started the book reports which all freshmen are required to make before passing into English II. They are to make four before the termination of the school year. Two will be oral, two written.

There will be one oral fiction and one oral non-fiction, with the other two being written. They were also told by Mrs. Bounds that ten of the 59 poems assigned to be read from April 2 through April 9 will be referred to in the six weeks test. Several of these poems were written by famous authors, such as Edna St. Vincent Millay, Ralph W. Emerson, Rudyard Kipling, Robert Frost and Carl Sandburg. The class would also like to extend best wishes to the freshmen on the FFA judging teams that will be going to the area contest April 11 and 12.

CHS Student Teaches Class in Trig

A junior faculty member of Crowell High School is Terry Bird, a senior who instructs a class daily in trigonometry because of class conflicts. His class consists of 3 students who meet in a special room. It save the presence of a teacher and it also saves paying a salary. Jim Mac Gafford, math instructor, is available for help at any time, but as yet the class has not required too much of his help and has not needed any disciplinary assistance. Terry states that his greatest worry has been whether or not his year of teaching experience will help his salary increment. His students have christened him Professor Bird. He is the son of Mr. and Mrs. Mike Bird.

Annual News

Hey, everyone, get out your

cameras! Black and white snapshots are needed for the completion of the CHS annual. Mrs. Welch, annual sponsor, reports that 108 pages of the annual have already been finished and sent off but that there is a shortage of snapshots. These pictures can be miscellaneous shots of CHS students and activities. If each student would contribute two or three pictures, think what a great annual there would be this year. Start snapping, students!

Assembly Program

The student body of CHS was fortunate in having the Ministerial Alliance bring them an Eastern program Thursday morning during the activity period. The Ministerial Alliance consists of a group of local ministers who work in a united effort to bring more people to know Jesus Christ and have a greater understanding of Christianity. The following men brought the program: R. C. McCord, chairman, Milburn Crosby, who brought the invocation; John Gillispie, who brought the benediction, Walter Driver who read the scripture, and Vince Hicks who brought the message to the students. All of the students enjoyed the program and appreciated the ministers bringing the assembly.

Tax Man Sam Sez

On a cold day last December, we predicted that about one-third of the taxpayers in our district would wait three months before they filed their tax returns in the frantic last minute rush before April 15. On ground hog day, we predicted that the sun would not be shining on April 15, if you did not face up to the ugly shadow of the 1040 instructions and your shoe box full of records back in February.

If you filed last January and have already spent your refund check—congratulations! If you belong to the "File on April 15 Club," get out your membership card, read those tax instructions, go over those tax records, figure that tax return, and re-check it. To correct all of those mistakes can't be put off any longer. To get a good start why don't you make your April 15 resolution right now—"File Early in January, Next Year."

Land Study

According to a report issued by the United States Department of Agriculture, nearly three-fifths of the land in the United States is used to produce crops and livestock, another fifth is covered by ungrazed forests, nearly 3 per cent is taken up by cities and other urban uses, and 12 per cent is desert, tundra, swamp, and other land of limited use.

STATE
Capital NEWS

Austin, Tex.—Gov. Preston
 Smith's first-state tax program
 fared unexpectedly well in its in-
 itial legislative test.

Anguished cries were raised at
 a House Revenue and Tax Com-
 mittee hearing by beer, cigarette,
 coin-operated laundry and cable
 television interests at sections of
 a \$175 million revenue bill direct-
 ly affecting them.

Of the four, however, the coin
 laundries appeared to make the
 most impression on the committee.
 Surprisingly, not a witness ap-
 peared against Smith's proposal,
 contained in a separate bill, to
 place a \$10 state sur-tax on mov-
 ing traffic violations. He estimat-
 ed that would raise \$38.5 million.

Also, it was a surprise that reg-
 ular laundry, cleaning, dyeing,
 parking, repair and machinery
 rental concerns remained silent.
 This since they, too, would go un-
 der the three per cent state sales
 tax if Smith had his way. Natu-
 rally, this may or may not indicate
 consent. Extending the sales tax
 to include them would raise an
 additional \$57.8 million during the
 next two years.

Cigarette distributors claimed
 that the \$71 million bite they
 would suffer, if the per-pack tax
 is raised another four cents to a
 total of 15 cents, would drive
 away smokers and might result
 in a loss of state revenue. They
 also claimed that Smith's \$6 mil-
 lion tax addition for cigars and
 other tobacco products would low-
 er consumption and virtually kill
 the Texas cigar business.

Beer industry spokesmen cen-
 tered their attack on the fact that
 they already pay \$4.30 a barrel
 in state taxes, which they say is
 far more than most big beer-pro-
 ducing states charge.

Coin laundries argued they had
 no way to collect a sales tax in
 their washing machines' nickel,
 dime and quarter slots and there-
 fore would have to have their ma-
 chines revamped, at great cost,
 to take in pennies.

Cable tv spokesmen made no
 impression at all with their argu-
 ment of discrimination.

Smith's proposed one-half of 1
 per cent chemical products tax is
 expected to draw heavy fire from
 that industry in an April 16 hear-
 ing.

Floor vote on the tax bill is
 expected to be delayed about three
 weeks.

WELFARE DEMANDS GROW
 —Texans will be asked again —
 and again if necessary—to in-
 crease or do away with the con-
 stitutional ceiling on state public-
 assistance grants to the needy,
 commonly called "welfare."

And they'll get their chance
 sooner than they think. Speaker

of Quana spent Sunday night
 with his uncle and aunt, Mr. and
 Mrs. Frank Halencak.

Mr. and Mrs. Byron Gleaton of
 Bangs visited her brother, George
 Pruitt, and wife Thursday.

Cindy Tamplen of Vernon spent
 the week end with her grandpar-
 ents, Mr. and Mrs. A. B. Owens.
 Her parents, the Ray Tamplens,
 came after her Sunday.

Mrs. H. P. Roberts of Hoolyann
 visited Mrs. August Rummel Mon-
 day.

Mr. and Mrs. Steward Carter
 and children of Amarillo visited
 his grandmother, Mrs. W. S. Car-
 ter, Sunday.

Mrs. Lee Blevins of Vernon and
 Mrs. Luther Denton of Crowell
 visited their mother, Mrs. W.
 Ingle, Sunday.

Gus Mutscher and Lt. Gov. Ben
 Barnes have agreed to ask the leg-
 islature to call a special election
 for August 5 to vote on at least
 five proposed constitutional amend-
 ments . . . and possibly eight.

In addition to expressing their
 views on increasing welfare funds,
 voters would give their views on
 providing death and disability ben-
 efits to volunteer firemen; the \$3.5
 billion Texas Water Plan; remov-
 ing the constitutional interest-rate
 maximum on five types of bonds;
 and authorizing \$200 million more
 in bonds to finance the Texas Op-
 portunity Plan of college-student
 loans.

Prime emergency is in the "wel-
 fare" situation. Texas' program
 of minimal assistance to families
 with dependent children is grow-
 ing thinner and thinner because
 of the constitutional spending lim-
 it of \$60 million.

Aid to Families with Dependent
 Children (AFDC) now gets \$6.15
 million of that \$60 million. But
 grants to individual families are
 going down because of increases
 in the number of families apply-
 ing.

These increases are due to court
 decisions broadening the program;
 a Medicaid requirement that ap-
 plicants for that program be on
 welfare; and poverty workers in-
 forming poor people of their right
 to AFDC.

In September, the Department
 of Public Welfare had to cut max-
 imum grants for a family with
 four or more dependent children
 from \$135 a month to \$123. An-
 other cut scheduled for May will
 reduce the benefits paid 8,243 fam-
 ilies and will eliminate from the
 program another 2,470.

In 1967, the legislature propos-
 ed raising the ceiling from \$60
 million to \$75 million, but the
 voters defeated the proposition.

**CONSTITUTIONAL AMEND-
 MENTS COST** — An argument
 often offered by a legislator
 trying to defeat a proposed con-
 stitutional amendment is the "high
 cost" of advertising it to enlight-
 en voters.

According to records in the of-
 fice of the Secretary of State,
 the total cost of advertising 14
 constitutional amendments propos-
 ed to Texas voters on the 1968
 general election ballot in 243
 newspapers was \$247,346. That
 averages out at only \$17,667 per
 amendment, or \$72.70 per news-
 paper.

LEGISLATIVE PROGRESS —
 Legislative pace slowed last week
 as lawmakers devoted Monday to
 eulogizing the late President Eis-
 enhower, and took off at mid-week
 for an Easter holiday.

Highlight of the week was final
 passage of the \$3.5 billion water
 revenue bond constitutional
 amendment which will go on the
 statewide election ballot August
 5 along with several other propos-
 als.

House also approved a resolu-
 tion for an August vote on re-
 moving obsolete provisions from
 the state's constitution. Later, rep-
 resentatives passed a bill to create
 a University of Texas at Dallas.

Senate again took the work-
 load prize. Among 45 bills it pass-
 ed in a single day was a contro-
 versial measure to restore union
 bargaining rights of city bus com-
 pany employees when taken under
 municipal control. Senate also ad-
 vanced key measures to implement
 water development plans, voted to
 raise retirement benefits of elec-
 tive state officials 50 per cent and
 provided procedures for prosecu-
 tion of corporations as water-air
 polluters.

Governor Smith signed into law
 numerous measures, including
 state aid for relocating property
 owners displaced by highway right-
 of-way buying, expanding home-
 state tuition benefits for depend-
 ents of military personnel and es-
 tablishing a separate commission
 for vocational rehabilitation ser-
 vices.

Senate education committee ap-
 proved a \$220 million teacher pay
 raise bill. But the same measure
 was detoured to a House educa-
 tion sub-committee after hearings
 which drew the largest attendance
 of the session.

Game Management Officer
Charles Boynton of Vernon, a 28-
year veteran with the Texas Parks
and Wildlife Department, has been
awarded a wildlife conservation
trophy. Mr. Boynton is a former
Foard County game warden.

The trophy was presented at a
banquet in Wichita Falls. Mr.
Boynton was chosen by the awards

cited Boynton's aid to many young-
sters in his firearm safety instruc-
tions, helping students find schol-
arships to further their education,

conservation projects.

Boynton joined the department

MRS. GERALD C. BARTON

Miss Charlotte Drabek Bride of Gerald C. Barton

Gerald C. Barton and his bride, the former Miss Charlotte Drabek, are honeymooning in the Big Bend area of Texas. They were married Thursday morning, April 3, in a double ring ceremony. The nuptial mass took place in St. Elizabeth Catholic Church in Lubbock with Father Tito Sammut officiating. The newlyweds will make their home at 4117 19th Street in Lubbock.

The bride, daughter of Mr. and Mrs. Charles Drabek of Crowell, is a graduate of Crowell High School and is presently a sophomore at Texas Tech. Mrs. Barton plans to continue in her college career.

Parents of the bridegroom are Mr. and Mrs. R. M. Barton of Lubbock. A graduate of Monterey High School in Lubbock, he is now a senior at Texas Tech majoring in government. Music was provided by organ-

ist Mrs. Bill Cole of Lubbock.

Entering on the arm of her father, who gave her in marriage, the bride was wearing a formal A-line gown of white peau de soie with a graceful chapel train. The lace yoke, edged in scallops, featured a wedding ring neckline and three-quarter lace sleeves. Her veil was held by pearl-outlined peau and tulle petals. Her bouquet was white jaffette orchids and stephanotis on a white prayer book which her mother carried in her wedding.

The attendants wore street length A-line dresses of pale yellow satin which featured full length lace bell sleeves. White lace chapel caps were their head-dresses. They carried bouquets of yellow baby calla lilies.

Dr. Mike Barton of Sulphur Springs was his brother's best man. Groomsman were Ike Harper of Sulphur Springs and Tom Pitts of Lubbock. Mike Gibson, cousin of the bridegroom, David McGuffey and Buddy McClung, all of Lubbock, served as ushers.

Mrs. Drabek chose for her daughter's wedding a lime green suit accented at the neckline with a yellow scarf which matched her yellow floral hat. The bridegroom's mother was attired in a light pink suit of silk shantung with a matching floral hat and matching accessories. Their corsages were cymbidium orchids.

Mr. and Mrs. Drabek were hosts for a reception honoring the newly-weds in the Catholic Student Center following the ceremony. The centerpiece for the bride's table was an assortment of yellow and white flowers placed in a silver candelabra. The traditional tiered wedding cake was decorated with pale yellow roses with a gold Cana Cross on top. Serving the cake was the sister-in-law of the bridegroom, Mrs. Mike Barton.

Miss Theresa Drabek registered guests in the bride's book placed beside a frosted memory candle. Others in the house party were Misses Suzanne Rhoads, Terry Gray, Janis Tranchina and Dianna Baird.

For traveling, the bride changed to a canary yellow wool suit. Her accessories were brown and her corsage was the orchid from her bridal bouquet.

Mr. and Mrs. R. M. Barton entertained Wednesday night at a rehearsal dinner at Hillcrest Country Club in Lubbock. The event honored their son, Gerald C. Barton, and his bride-to-be, Miss Charlotte Drabek.

Columbian Club

An Easter program, "Now is the time to walk where Jesus walked" was presented to Columbian Club members April 2 at a meeting in the home of Mrs. H. M. Black. Mrs. Allen Shultz gave a devotional based on Matthew 28:1-7. She pointed out that, as in the creation when God commanded light to shine out of darkness on that first day, Jesus, the Light of the world, came shining out of the darkness of the grave on the first day of the week. Mrs. John Ray read a poem, "One Easter Long Ago," about the Easter gift from two children for their mother.

Mrs. Fred Wehba, program leader, whose parents and whose husband's parents actually "walked where Jesus walked" told of Easter customs in the Holy Land. Mrs. Wehba's family came from Nazareth, the home town of Jesus' boyhood. She related many experiences told to her by her mother and mother-in-law about the greatest of Christian feasts, Easter or Pascha. One of the highlights of one's lifetime was the pilgrimage to Jerusalem in the Holy Easter week. Crowds waited patiently outside the Holy Sepulchre for the bursting of the eternal flame on the stroke of midnight. The stories of Easter were related to the practices of the Eastern Orthodox Church.

She said the Holy Land is on the edge of the desert and is a land of sharp contrasts, extending from 85 feet below sea level to mountainous regions. Pictures of places of interest were shown to the group as Mrs. Wehba told of the land her parents and ancestors came from.

Mrs. Ray gave a prayer, "If God Hears Prayer" to close the meeting. Refreshments were served to the 12 members present.

Riverside H. D. Club

The Riverside Home Demonstration Club held a meeting on April 1 in the home of Mrs. H. W. Gray with Mrs. Gray serving as hostess.

Mrs. G. A. Shultz was presiding officer with Mrs. Raymond Grimm giving the opening exercises entitled "Just for Today."

Roll call was answered with "an experience I have had with new material." The council report was given by Mrs. John Ray.

"Care of New Fabrics" was the topic of the program presented by Mrs. Sue Ann Smith, H. D. Agent. She said "Fiber properties are important in purchasing all articles of fabric because they give valuable clues to performance and care."

A package of gift stars and Gold Bond stamps were collected for the state hospital at Vernon. Refreshments were served to 9 members and 4 guests, Mrs. Ed Huskey, Mrs. Smith, Lori Dockins and Lela Graf.

The next meeting will be held April 8 at Mrs. Robert Hammonds' home with the program on "making yeast bread."

Card of Thanks

I would like to thank all of my friends for the flowers, cards and prayers during the time I was sick.

Letter to Editor

Dear Mr. Klepper:
Our Area Conservationist at Vernon, Wayne Chapman, recently sent us a copy of the March 27 issue of your fine newspaper. It contained a front page article on Recie Womack being named conservation farmer of the year and a full page section about him.

We think this is an excellent way to help focus public attention on conservation work being done here in the Lower Pease River Soil & Water Conservation District. We thought the quotes in the ads were also quite good.

Please express our appreciation and compliments to all who had a part in preparing this full page conservation spread.

Sincerely,
John I. Kincaid,
Acting State Conservationist
U. S. Dept. of Agriculture,
Soil Conservation Service,

Navy Cruise Brings Back Memories by Carrier Vets

By Bill Klepper

One of the interesting after-effects of my recent civilian orientation cruise with the U. S. Navy to Pensacola, Fla., has been hearing of some of the experiences of Foard County residents who served aboard aircraft carriers during World War II.

One of the most interesting of these was with Tom Ellis, local Santa Fe agent, who served as a radio operator in the Navy during World War II. Mr. Ellis served aboard the USS Franklin, an Essex-class carrier and was aboard the ship when it was hit by two 500-pound Japanese bombs when the ship was about 60 miles from Japan.

The carrier was hit in March, 1945, and the bombs set off the

ship's high octane aviation gasoline supplies and also hit the supply of bombs aboard.

Over 700 men were killed in the disaster and over 200 wounded. Mr. Ellis was one of 704 men who stayed aboard the carrier and brought her back to the Brooklyn Navy yard for repairs. Mr. Ellis relates an utterly fantastic story of how he escaped from the depths of the ship following the bombing.

A television documentary was shown Sunday night entitled "The USS Franklin—The Ship That Wouldn't Die." According to the documentary, the ship is now being cut up for scrap after its illustrious record of World War II service.

The results of a study by the National Institute of Mental Health, as released by the American Medical Association, indicates that an estimated 2 per cent of the nation's school children need some sort of psychiatric help and at least two-thirds of those under 18 who need such care are not getting it.

E. O. A. C. Board of Directors Has Meeting Here April 1

A regular quarterly meeting of the board of directors of the Economic Opportunities Advancement Corporation was held in Crowell on Tuesday night, April 1.

A report was given on the status of the clerk-typist and auto-mechanic applications, which have been pending approval for over a month. It was reported that the clerk-typist school was nearing approval pending some minor negotiations with the Quanah Independent School District and no word has been received on the auto-mechanic school.

The meeting was highlighted by a slide presentation of all EOAC programs, with each program narrated by each project director. The purpose was to better acquaint the board with the actual operations of the project.

The following resolutions were passed:
Be it resolved that this board formally accept the OEO grant for program year current operating budget. Be it further resolved that this board comply with all special conditions to the grant.

Be it resolved that this board submit an application to the Region V OEO for a senior citizens project. This project, if approved, will utilize the community centers in the various housing projects of the counties.

Be it resolved that this board submit an application to the Region V OEO for a head start pre-school class to be conducted this summer in the United Community Center in Vernon. This class, if approved, will provide pre-school education for 30 children in the Vernon area.

The board voted to accept the resignation of Don Malone as executive director. Mr. Malone expressed his appreciation for the opportunity to serve the board and thanked them for the support they had given him. Mr. Malone explained that his decision to resign was a personal one and he would be glad to serve until a successor could be selected and trained.

Two Minutes With the Bible

Heroes of Faith

In Rom. 4:12 the Apostle Paul declares that Abraham was the father, not of his physical offspring alone, but also of those who "walk in the steps of that faith" which Abraham had.

Have you ever noticed that God does not hold the great men of Scripture up to us because of their goodness? Almost invariably their records are marred by failure and sin. But God bids us observe their faith and what their faith did for them (See Rom. 4:3,9,11,12).

There is a whole chapter on this subject in the Book of Hebrews. Hebrews 11 is properly called "the great faith chapter," and its heroes "heroes of faith," for it tells how Abel, Enoch, Noah, Abraham, Isaac, Jacob and scores of others "obtained a good report" before God. They all faltered and failed again and again, but Heb. 11:39 declares that "these all . . . obtained a good report by faith."

This is why Rom. 4:9-12 states that God's blessing is bestowed upon those who "walk in the steps of that faith" which Abraham exhibited, just as it was bestowed upon Abraham himself.

This truth is driven home in Verses 3 to 5 of the same chapter:

"For what saith the Scripture? Abraham believed God, and it was accounted to him for righteousness."

"Now to him that worketh is the reward not reckoned of grace, but of debt."

"But to him that worketh not, but believeth on Him that justifieth the ungodly, his faith is counted for righteousness" (Rom. 4:3-5).

Choked to Death

The American Red Cross reviewed the fact that last year 1,200 persons choked to death on foreign objects lodging in their throats. A warning was issued which declared small children and denture wearers as being especially prone to this kind of fatal accident.

Agri-Tour Mobile Unit to Be at Santa Rosa Roundup

The Texas Department of Agriculture is sending its popular Agri-Tour mobile unit to the Santa Rosa Roundup April 30, May 1, 2 and 3. This will be the first time for the department's traveling exhibit to appear in the Vernon area. The 56-foot-long traveling slide show will be open to the public all during the roundup. Operators of the colorful presentation are Mr. and Mrs. Jess Moreland who have traveled thousands of miles throughout the state with the exhibit.

Texas Agri-Tour is designed to familiarize Texans with the food and fiber products that are produced in the state. Texas agriculture industry combined with the Texas Department of Agriculture in a joint effort to bring the story of the state's agriculture to the public through Agri-Tour. Agriculture Commissioner John C. White said that the Texas Agri-Tour is expressly designed to promote high quality Texas agricultural products.

Power Lawn Mower Could Be Called a "Missile Launcher"

A power rotary lawn mower isn't thought of as a missile launcher, but the blade can pick up an object and hurl it at more than 200 miles per hour. That is about 300 feet per second, reminds County Agent Joe Burkett. The lawn mower is designed to trim lawns but will also trim fingers and toes. Most of the 80,000 or more lawn mower accidents expected this year will be a result of objects thrown by the blade.

Inspect your lawn mower before mowing. Make sure all nuts are tight. Disconnect the spark plug wire, or break the connection on an electric mower, before working on the underside of the machine. Inspect the lawn and clean away trash or debris. Rocks, glass, wire, and steel can turn into "bullets" with a boost from the whirling blade.

Check the gasoline before starting to mow. If gas runs out before the job is finished, let the engine cool and then fill it. Never fill the engine when it's hot or in operation. Keep hands, feet and loose clothing away from moving parts of the machine while it's operating. Wear leather shoes or shoes with steel caps on the toes if you have them. Don't wear sandals while mowing.

Maintain control of the mower at all times. If it is self-propelled, don't let the mower pull you. Mow across steep slopes instead of up and down, and keep youngsters and pets away from the mower.
