**WAGONER BARN**—A barn from the Wag-Ranch near Vernon in Wilbarger County, the eighth historic structure to be donated to the Ranch Headquarters complex at the Tech Museum. The gift of the barn was made with the admonition to "help people to understand that establishing a ranch on the nineteenth century frontier was not an easy task." A story on the gift appears elsewhere in this edition. (Tech Photo)

## Harvest Nearing Completion

# Wheat Harvest Totals 785,336 Bushels

Grain harvest in Foard County was drawing to a close this week after thousands of bushels of grain were cut with the favorable weather that has prevailed here since last Thursday.

Totals as reported by the county's three elevators Monday afternoon showed a total of 785,336 bushels of wheat had been delivered to the elevators up to noon Monday. A total of 77,679 bushels of oats and 46,569 bushels of barley have also been delivered to the county's elevators.

One elevator man estimated on Monday that the wheat harvest was 85 per cent complete at that time. If this prediction is correct, the county will fall a little short of a million bushels of wheat.

Market price of wheat had remained steady at \$1.20 a bushel all through harvest up to Monday, when the price dropped to \$1.18.

The big days for the harvest were last Friday and Saturday with the grain cutting getting underway in a big way last Thursday afternoon following several days last week of cloudy, moist weather.

No shortage of combines was reported at any time, and the elevators were fortunate in having a sufficient supply of rail cars. Tom Ellis, local Santa Fe agent, said Monday that up to that time, a total of 142 cars of wheat had been shipped from Foard County and Truscott.

## Harvest Time Fires

Fire destroyed about 31 acres of wheat on Hubert Brown's farm and 35 acres on the Lee and Henry Black farm southeast of Crowell last Friday afternoon. Also, a truck was burned in the Truscott area one day last week; a truck burned in the Thalia community, and a pickup was destroyed by fire in the Margaret community.

The frame on a wheat truck was bent late Monday afternoon as the brakes on a loaded truck failed as the driver was coming into Thalia from the south and the vehicle struck a ditch just east of the home of Mr. and Mrs. Clyde Self. Two winch trucks were needed to pull a loaded truck out of a deep bar ditch at the Farmers Elevator in Crowell Monday night.

In another harvest week accident, a truck loaded with a combine overturned east of Crowell at the Archie Campbell home Tuesday morning. Heavy damage was reported to both the truck and combine.

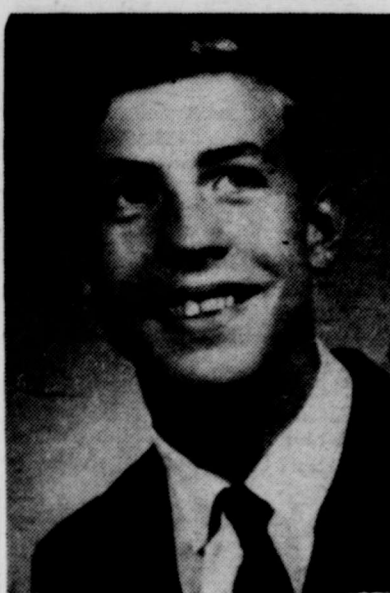

The wheat crop here turned out better than was predicted, and with continued fair weather, the harvest should be almost completed by the end of this week. A number of combine crews have already moved on to other areas as they continue their trek with the harvest as it progresses north.

## Ruth Brown Wins Second Place in 4-H State Contest

Miss Ruth Brown, member of the Foard County Junior Leaders 4-H Club, won second place in the Foods and Nutrition Activity Contest at the state contest held at the 4-H Roundup at Texas A&M University June 2 through 5, according to County Extension Agents Miss Helen Fincher and Joe Burckett.

Jerry Martin of Crowell placed fourth in state in the money management contest, and Misses Sharla Haynie and Rita Coffey received second premium ribbons in the State 4-H Food Show. Sharla entered the fruit-vegetable division and Rita entered the meat division.

The group was accompanied to A&M by the extension agents and Pat Cates, a member of the State 4-H Council.

PAT CATES

## Foard County Boy Is State Council 4-H Delegate

Pat Cates, 16-year-old son of Mr. and Mrs. T. R. Cates, Jr. of Thalia, will leave Monday, June 15, from Wichita Falls by commercial airline for the 1970 Texas 4-H Council Workshop in Houston, County Agent Joe Burckett announced Monday.

Pat is a Texas 4-H Council member and delegate from the 23-county Extension Service District 3. His transportation cost to and from the workshop is being paid by the council. He will return home June 19.

A busy schedule awaits Pat and the 23 other state council members in Houston. The workshop will be staged at Oberholzer Hall at the University of Houston. Featured on the program will be outstanding leaders from over the nation. The theme for the workshop will be "4-H Spirit—Go Power for Teenagers."

The key program areas will be: 1. Programs for Teenagers; 2. Public relations; 3. Recreation—The New Beat.

The young Foard County 4-H Club leader has compiled an outstanding record during his eight years of 4-H Club work. He now is chairman of District 4-H Council and will preside at the annual District Gold Star Banquet in Vernon. He is vice president of the Foard County Junior Leaders 4-H Club and co-chairman of the Foard County 4-H Council.

He has conducted demonstrations in safety, citizenship, money management, leadership, electricity and public speaking. Pat has won county medals in citizenship, leadership, achievement, safety, and public speaking, in addition to Gold Star in 1967. He won second place in state in public speaking in 1969.

Pat is a senior in Crowell High School where he is very active in all school events.

## 20-Year-Old Water Well in Crowell Overflowing

Fred Youree has an "artesian" water well in his back yard. Yes, that's right, a well in the Youree back yard is overflowing with water. The well has been dug for about 20 years, Mr. Youree said, and he added that it is located some distance from the City water line to rule out the possibility of a water leak causing seepage into the well.

The well is 40 feet deep and normally stands in about 20 feet of water. Youree first noticed the strange occurrence last week.

## Farmers Elevator Still Undefeated In Little League

The Farmers Elevator Little League team continued its domination of local LL play last week by winning both its games, and remaining undefeated this season, as of last Friday night. In order for the second place team, Foard County Mill, to remain in contention for the championship, they must win games over of the Elevator this week. Results of games played last week are as follows:

### Tuesday, June 2

In the Tuesday, June 2 games, Farmers Elevator won the 6 p. m. game by a 9 to 2 score over Crowell State Bank.

For the winners, Jack Whitley scored two runs on 1 hit; while Allen Tapp and Steve Rodriguez each scored twice, but failed to get a hit. Scoring 1 run each without a hit were Randall Russell, David Bell and Ernie Myers.

DeWayne Finley led in the hit department for the losers, getting two hits but no runs. Rocky Marlow got 1 run on 1 hit, while Claudius Coleman scored one run but failed to get a hit.

In the 8 o'clock game, Foard County Mill won 13 to 1 over VFW.

Myron Halencak, Stan Gentry and Steve Stapp each scored one run on one hit each for the winners. Audie Dunham, Scott Streit and Pat Norman scored two runs each with no hits and Rocky Glascock, Don Johnson, Dennis Setliff and Dwayne Dishman each scored a run, but failed to get a hit.

Willie Bachman tallied VFW's only score, but failed to get a hit, and Sammy Neal got VFW's only hit, but he failed to score.

### Games This Coming Week

On Friday night, June 12, the big powers, Foard County Mill and Farmers Elevator, will meet in the 6 o'clock game, and at 8 o'clock, VFW will play Crowell State Bank. Next Tuesday, June 16, VFW will challenge Farmers Elevator in the 6 o'clock game, and at 8 o'clock, Crowell State Bank will be playing Foard County Mill. There will be only one more night of regular season Little League play after this—Friday, June 19. The LL tournament

## Social Security Is Available to Disabled Widows

Many people still don't know that disabled widows may now be able to receive monthly checks as early as age 50, according to Wayne Klipping, social security manager in Vernon.

They may qualify for these benefits without having worked themselves if their deceased husbands worked long enough under social security. A widow's disability must have started within 7 years after her husband's death or after she last received checks because she had minor children in her care in order for her to qualify for these benefits.

A widow is considered disabled only if her impairment is so severe that it keeps her from working and will last at least twelve months. Age, education, and work experience are not deciding factors.

Although the benefits payable are permanently reduced, many widows find this opportunity to receive a monthly check a real help in time of need.

Mr. Klipping urges widows who are interested in more information to call the Vernon social security office at 552-9346 without delay.

## Top Communities For Texas Named

Boling in Wharton County; Quitaque in Briscoe; Cardinal Meadows in Jefferson and Rio Vista in Johnson County have been named the top four rural communities in Texas for 1969-70. In addition, Reagan Brown, extension sociologist and program coordinator for the Texas Community Improvement program, said 94 other communities in 63 counties would also receive awards provided by the utility companies operating in Texas.

## Hunting Bigger Bargains

MOST OF US are always on the trail of better values... more for our money.

It's an entertaining habit, and—if we play it right—it gets us more of the comforts and conveniences of modern living.

Of course, the first principle of successful hunting is... do it where the fattest game is... even if it's on your own doorstep. Being away off somewhere else doesn't make a rabbit... nor a dollar... any bigger.

That's why Hunting Bargains at home pays off best. Because that is where the biggest

bargains are... even if we do get lured off to other fields sometimes by the siren calls of big-city operators.

Why are the Biggest Bargains in our own home stores and service establishments?

It's fundamental economics:

A dollar spent at home gets you the same goods at about the same prices... but in addition it also helps to support the growth of your own community... for more vigorous schools and churches and other community services... for YOUR enjoyment and profit.

presumably to show their own  
brand of goodness.  
They are the same kind of re-  
ligious fanatics as those who led  
the Spanish Inquisition and Mao's  
bloody cultural revolution in Chi-  
na. This new religion marches and  
preaches against all wars except  
those fought by Communists. We  
never hear them mention the So-  
viet occupation of Czechoslovakia.  
They never mention the brutal  
suppression of freedom in Hun-  
gary. They never criticize the do-  
zens of Castro-type guerilla wars  
being fought in many parts of  
the world.

Many of these radicals are not  
only anti-Christian, they are also  
anti-Semitic. Dr. Morris Abram  
of Brandeis University warned the  
Union of American Hebrew Con-  
gregations meeting in Miami  
Beach that "every left-wing radi-  
cal movement has ended in anti-  
Semitism."  
These people are getting strong-  
er and bolder in their denunciation  
of everything American. Writing  
in a recent issue of the *Crimson*  
at Harvard University, the editor  
delivered a justification for radi-  
cal terrorism. He said this, "The  
only reason I wouldn't blow up  
the Center for International Af-  
fairs here at Harvard is that I  
might get caught."

The radicals fully intend to  
overthrow the national govern-  
ment and replace it according to  
their own fuzzy, undefined lines  
with something they cannot ex-  
plain. They have decided to seek  
as many confrontations with the  
police and university officials as  
they possibly can. They are using  
terror tactics in some parts of the  
country now.

They say that such confronta-

a Louisiana high school a year  
or two ago. It is a process of  
grabbing immature minds and  
shaping them to fit the revolu-  
tionary machine.  
Thus the people are being forced  
on the horns of a dilemma.  
Whether democracy can survive  
intact through this period of con-  
flict, confrontation and radical-  
ism, no one knows. Many leaders  
with whom I have talked private-  
ly believe that North America will  
have either a left-wing or a right-  
wing dictatorship within the next  
few years. Whichever way the na-  
tion goes, the life of the average  
American and Canadian is going  
to be deeply affected and greatly  
altered. Old ideas, traditions and  
establishments are already begin-  
ning to crack under the strain.

However, millions of people go  
about their daily lives as though  
nothing has happened. They live,  
eat, sleep, attend ball games,  
watch television, and go about  
their daily business as though ev-  
erything were normal.

The brave Americans who died  
at Valley Forge during the Revolu-  
tionary War, at Gettysburg in  
the Civil War, in France during  
World War I, and in the Battle  
of the Bulge in World War II,  
would turn in their graves if they  
could witness the apathy of mil-  
lions of Americans when a small  
minority of extremists and radical-  
ism, in the name of freedom, seek  
to tear down the flag, rob the  
people of their freedom, destroy  
true Christianity, and substitute  
their own radical religion that will  
most certainly lead to dictatorship  
and the loss of all freedoms we  
have ever known.

What we are seeing could easily  
be the beginning of God's  
judgment upon the nations. Our  
sins are great and deep before  
God. The Bible says, "Sin is a re-  
proach to any people" (Proverbs  
14:34). The Bible warns in hun-  
dreds of places that a departure  
from faith in God will always  
bring on judgment. We are re-  
minded of the words of Samuel  
Rutherford written to Lady Ken-  
nure, a Scottish woman of great  
wealth: "Build your nest in no  
tree here, Madam, for the lord  
of the forest has condemned the  
whole woods to be demolished."

Nations and civilization rise,  
flourish for a season, and then  
decay. Toynebe (in *A Study of  
History*) points out that of 26  
civilizations all but five have with-  
ered and died. Nations and civil-  
izations do come to an end. Such  
is the decree of history as a re-  
sult of sin. Such is the way of life  
on this planet.

"Change and decay in all  
around I see, Oh Thou who changest  
not, abide with me." The hymn  
writer was saying that only one  
thing abides, and that is God.

Christianity is a Gospel of cri-  
sis. It proclaims unmistakably that  
this world's days are numbered.  
Every graveyard and every ceme-  
tery testify that the Bible is true.  
Our days on this planet are num-  
bered. The Apostle James says  
that life is only a vapor that ap-  
pears for a moment and then van-  
ishes (James 4:14). The prophet  
Isaiah says that our life is like  
the grass that withers and the  
flower that fades (Isaiah 40:6-8).  
There is no doubt that nations al-  
so come to an end when they have  
ceased to fulfill the function that  
God meant for them.

Many people seem to feel  
(falsely) that we are on the road  
to peace at last, in spite of Presi-  
dent Nixon's grave warning to the  
American people that peace is not  
just around the corner. Jesus dis-  
tinctly taught that there would be  
"wars and rumors of wars" until  
the end of time (Mark 13:7). He  
did not approve of the wars, he  
simply predicted that because hu-  
man nature is so evil, men would  
fight in every generation. History

has proved Jesus right.  
We must proclaim clearly the  
Bible teaching that the present  
evil world-system will pass away  
dramatically and climactically.  
The end will come with the re-  
turn of Jesus Christ. He will set  
up a kingdom of righteousness  
and social justice where hatred,  
greed, jealousy and death will no  
longer be known.

That is why a Christian can be  
an optimist. That is why a Chris-  
tian can smile in the midst of all  
that is happening. We know what  
is going to come. We know what  
the end will be: the triumph of  
the Lord Jesus Christ! The holy  
city of God is now being prepared  
as an eternal home where so-  
cial justice will triumph and  
where God's love is going to be in  
the heart of every man. That is  
the future for all of those who  
know Jesus Christ as Lord and  
Savior.

Christ did not engage in fan-  
tasy. He was not given to terror  
tactics. He pointed out that when  
you see certain things come to  
pass, you can be assured that  
the end is very near. There are at  
least twenty-five events that we  
are to look for. When we see all  
these things happening at the  
same time, we can know that the  
end may be relatively near. Notice  
I said "may be." I make no pre-  
dictions; I am not a date-setter.  
Jesus warned against that. The  
end may be relatively near.

Christ said, in effect, "You can  
read the signs of the weather in  
the sky, but because of spiritual  
blindness you cannot read the  
signs of the times" (cf. Matthew  
16:3). He indicated that only  
those who have spiritual illumina-  
tion and discernment from the  
Holy Spirit can understand the  
trends and the meanings of his-  
tory. The Bible plainly teaches  
that certain conditions will prevail  
just before the end. I believe that  
all of these conditions are now in  
the process of being fulfilled.

One of those signs is the state-  
ment that Jesus made concerning  
the proclamation of the Gospel to  
the whole world. He said, "And  
this gospel of the kingdom shall  
be preached in all the world for a  
witness unto all nations, and then  
shall the end come."

The Apostle Paul once said that  
both the love of Christ and the  
coming "terror of the Lord" caused  
him to persuade men to come to  
Christ (2 Corinthians 5:14,11).  
The very fact that all these things  
are taking place should be at least  
one of the motivations that would  
cause people to turn to Christ as  
Lord and Savior.

## Two Minutes With the Bible

Does Misery Love Company?

We have all heard the state-  
ment: "Misery loves company."  
It is true that when one is sick  
or in trouble, he does not feel  
quite so sorry for himself when  
he realizes that others are as un-  
fortunate, and perhaps more so,  
than he.

However, some have used this  
phrase: "Misery loves company,"  
in speaking lightly of hell. Per-  
haps you have heard someone  
say: "Well, if I go to hell, at  
least I'll have lots of company."  
That is true, but the company  
the lost will have when cast out  
of God's presence will hardly af-  
ford them comfort.

The Bible story of the rich man  
and Lazarus brings this fact out  
with great force. The rich man,  
you will remember, "fared sum-  
ptuously every day," while Lazarus  
"was laid at his gate, full of sores,  
desiring to be fed with the crumbs  
which fell from the rich man's

In his great address at Athens  
Paul said, "God . . . commands  
all men everywhere to repent, be-  
cause he has fixed a day on which  
he will judge the world" (Acts  
17:30-31). In other words, God  
commands you to repent of your  
sins because judgment is coming.  
Will you repent of your sins and  
receive Jesus Christ as your Sav-  
ior?

You can do it right now. It  
could happen in a moment. In one  
moment you can say, "O God, I  
am a sinner. Forgive my sins. I  
receive Jesus Christ as my Lord  
and Savior here and now."

If you will do that, the Holy  
Spirit will come into your heart  
and you can become a new crea-  
ture in Christ. Old things can pass  
away, everything can become new  
(2 Corinthians 5:17). Your name  
can be written in the Book of  
Life, and you will not face the  
judgment of God at the great  
white throne, where every person  
outside of Christ, everyone whose  
name is not found in the Book of  
Life, is going to be judged (Revelation  
20:11-15).

Will you repent of your sins  
and receive Christ by faith now?  
You can.

azine*, copyright 1970 by the Billy  
Graham Evangelistic Association.)

table."  
In the process of time, both  
died and the rich man, having felt  
no need of salvation, suddenly  
was made to experience God's  
wrath upon sin, for the sacred  
record says: "In hell he lifted up  
his eyes, being in torments" (Luke  
16:23). From his place of tor-  
ment, the rich man saw Lazarus  
with Abraham "afar off" but this  
surely afforded little comfort,  
while we do read that "Lazarus  
was comforted." The rich man,  
then, still with haughty superior-  
ity, asked Abraham to send Laz-  
arus back to earth to warn his  
five brothers "lest they come into  
this place of torment." He did not  
wish his brothers to join him in  
hell. "Misery" among those cast  
out of God's presence, then, does  
not "love company."  
The story is brought to a close  
as Abraham refuses the rich man's  
request, explaining that if his  
brothers did not hear the Word  
of God "neither will they be per-  
suaded though one rose from the  
dead" (Luke 16:31).

The way to avoid the lot of  
the rich man, then, is to believe  
the Word of God, particularly that  
part of the Word which tells how  
Christ died for our sins that we  
might be justified by grace  
through faith. Don't be fooled by  
the old adage: "Misery loves com-  
pany." Receive Christ as your Sav-  
ior today. "Believe on the Lord  
Jesus Christ and thou shalt be  
saved" (Acts 16:31).

## Once of Prevention May Prevent Trouble

The best method of dealing with  
snakebite is to avoid it, accord-  
ing to the Parks and Wildlife De-  
partment. When spring comes in,  
snakes come out, and an ounce  
of prevention may save the out-  
doorsman from serious trouble.

Campers, hikers, fishermen,  
birders, outdoor photographers,  
flower enthusiasts and summer  
rabbit hunters invade snake ter-  
ritory when they go afield, and a  
watchful eye and a pair of boots  
are good protection from snake-  
bite.

Region I Director Henry Bur-  
kett said a snakebite kit may be  
the lowest priced form of pro-  
tection an outdoorsman can have,  
and if a trip afield is at night, a  
good flashlight may help avoid  
the hungry rattler out searching  
for food.

First aid is an important part  
of helping the victim, but not so  
much that a physician will have  
to undo damage before he can be-  
gin medical treatment.

While the fatality incidence for

Thorough familiarity with first

Texas has some 16 varieties  
of poisonous snakes, and a bite  
victim should always attempt  
to identify the snake so the  
physician will be able to prop-

**Recent Bride Honoree  
at Shower May 29**

Mrs. James Kenton Mann, the  
former Miss Evelyn Fiske, was  
honored with a bridal shower at  
the Crowell community center on  
May 29 from 3 to 4 o'clock.

Guests were greeted by Mrs.  
Wayne Richardson and presented  
to Evelyn and her mother, Mrs.  
Henry Fiske, Sr. Presiding at the  
register was Miss Elaine Jackson.  
Mrs. Kenneth Halbert and Mrs.  
Joe Bledsoe served from a table  
decorated with orchid and white  
carnations with white candles and  
crystal appointments.

Many gifts were received in-  
cluding an electric skillet from  
the hostesses.

Other hostesses were Mmes.  
Grady Halbert, Agnes Dunn, W.  
C. Smith, Tom Smith, Vera Ma-  
nard, J. B. Little, Floyd Thomas,  
Moody Bursey, C. T. Hord, Ar-  
thur J. Bell, Ruth Kenner, I. J.  
Jackson and R. L. Hudgens.

**Less of Consumer  
Income Goes for Food**

It is true that expenditures for  
food per person in the U. S. have  
increased from \$306 in 1947-49  
to \$511 per person in 1969 but  
disposable incomes have increased  
even faster—from \$1,244 per per-  
son in 1947-49 to \$3,098 in 1969.  
The per cent of income spent for  
food by the average American  
thus has dropped from 24.6 per  
cent in 1947-49 to only 16.5 per  
cent in 1969. Thus, food is still  
one of our best bargains.

Austin, Tex.—Pollution of Tex-  
as beaches brought strong recom-  
mendations to Senate committees  
for curbs on offshore oil explora-  
tion, vigorous enforcement of an-  
ti-spill regulations and creation of  
a national oil company.

Senate beach and pipeline study  
committees listened to a full day  
of testimony. Highlights included:  
—Complaint of pipeline commit-  
tee consultant Terence O'Rourke  
that state agencies seldom file  
cases to collect fines for oil spill  
pollutions. O'Rourke said Texas  
would have a fund of "millions  
of dollars" from fines to combat  
pollution if strong enforcement  
were the rule.

—Statement by Sen. A. R.  
Schwartz of Galveston that the  
oil industry should not be permit-  
ted to drill in coastal waters until  
it can give assurances it has tech-  
nology to prevent spills.  
—Recommendation of Sen. D.  
Roy Harrington of Port Arthur  
that double safety devices be in-  
stalled on huge coastal rigs so  
emergency manual shut-offs could  
be used when automated equip-  
ment fails or is destroyed by fires.

—Suggestion by Austin Journal-  
ist Ronnie Dugger that a national  
oil company be established to pro-  
duce oil on public lands. Dugger  
said former Gov. Ross Sterling,  
himself an oil company executive,  
as far back as 1931 had proposed  
the state drill its own oil and that  
President Nixon's task force wants  
the federal government to finance  
exploration and development of  
an emergency standby reserve.

—Recommendation by govern-  
or's aide John Shanahan Jr., for  
tighter rules over oil industry op-  
erating in state waters and legis-  
lative designation of responsibility

for oil spill contingency planning.  
**COURTS SPEAK** — In district  
court cases at Houston and El  
Paso, Atty. Gen. Crawford C.  
Martin won first judicial orders  
checking air pollution by trash  
burning and industrial smoke. Civ-  
il penalties were assessed in the  
Robert's Dump case, Houston. An  
El Paso smelting and refining firm  
was given deadlines for installing  
anti-pollution devices.  
Supreme Court held that cities  
under 5,000 (Lindale) cannot an-  
nex territory without consent of  
the people living in the area.  
High court set July arguments  
on the issue of whether an insur-  
ance company (Allstate) issuing  
uninsured motorist coverage should  
be allowed to enter court against  
its own policy holder on the side  
of uninsured drivers to prove its  
client was partly at fault or his  
injuries less than claimed.  
Supreme Court reversed the  
\$42,892 judgment awarded a 79-  
year-old woman injured in a stair-  
way fall at Houston's Astrodome.  
Attorney General announced ac-  
ceptance of voluntary compliance  
from the Beaumont housewares  
franchiser, agreeing to discontinue  
advertising and sales practices  
questioned as deceptive.

**Local Boys Participate  
in Pitch, Hit, Throw  
Contest in Amarillo**

The four Foard County winners  
of the local Pitch, Hit and Throw  
contest entered the district con-  
test at the Amarillo Giants' base-  
ball field last Saturday afternoon.

Representing the 12-year-olds  
was Rocky Glascock who made a  
score of 409 in Amarillo; Dean  
Hofmann, 11-years-old, had a score  
of 227; Oran Carroll, Jr., 10-years  
old, had a score of 214; and John  
Klepper, 9-year-old, had a score  
of 168. There were 46 entrants  
in each age group representing all  
of West Texas and parts of Okla-  
homa entered in the contest, with  
the four district winners—none  
of whom were from Crowell—to  
be guests at the regional contest  
at the Astrodome in Houston on  
June 28.

The local contest was sponsored  
by Houston Adkins, local Phillips  
66 dealer.

Accompanying the boys to Am-  
arillo were Mrs. Ray Glascock of  
Truscott, Mr. and Mrs. Newell  
Hofmann and Kathy and Mr. and  
Mrs. Bill Klepper and Dan.

**What Makes a Slum?**

"What makes a slum? That first  
broken window? Or the door off  
its hinges? The gutter that was  
to be repaired tomorrow, or the  
other little fix-up, clean-up jobs  
that were never done? . . . How  
do we eliminate slums? The first  
answer is to overcome the indif-  
ference of the people." — Grove  
City, Ohio, Record.

Resolution suggests attorney  
qualifications for judges of coun-  
ties over 50,000, and for JP's in  
counties over 200,000. Among other  
resolutions on the agenda is  
one seeking higher pay for law-  
yers in military service.  
**REGULATORY AUTHORITY  
SOUGHT** — State Department of  
Agriculture has requested power  
to outlaw chemical compounds  
harmful to public health.  
Commissioner John C. White  
also proposed in a meeting of the  
Interim Legislative Study Commit-  
tee on Land Use and Environ-  
mental Control that the legisla-  
ture regulate disposing of pesti-  
cides and chemical compounds that  
are no longer needed, no longer  
used or banned from use.  
Committee called the meeting  
following a report on cumulative  
effects of the pesticide DDT on  
animals. White repeated his pre-  
vious statement that he knows of  
no case in which humans have  
been harmed as a result of the  
use of DDT in agriculture.  
Same committee was told by a  
Florida biologist that oysters taken  
from the Arroyo Colorado area of  
Laguna Madre had the highest  
DDT concentrations of any in the  
nation. This, the biologist said,  
is a reflection of intense agricul-  
tural activity in the Rio Grande  
Valley. Oysters, according to the  
same authority, are not killed by  
DDT, but fish that eat them are.  
A Texas Parks and Wildlife De-  
partment spokesman said hydro-  
carbons (such as DDT) cannot  
continue to be used without seri-  
ous degradation of the world ecol-  
ogical system.

**OBSCENITY CRACKDOWN** —  
Federal court in Dallas held that  
almost all of the new state ob-  
scenity control law is constitu-  
tional, and Attorney General Martin  
predicted a crackdown on distri-  
bution of obscene material will  
result.

Only section of the law invali-  
dated was one allowing seizure of  
material without a hearing.  
Ruling rejected requests for in-  
junction by book stores and movie  
houses in Dallas, Amarillo and  
Lubbock.

**SMALL TOWNS IN TROUBLE** —  
Noting preliminary census fig-  
ures discouraging to many com-  
munities, Gov. Preston Smith said  
revitalizing the small towns of  
Texas may be tougher than start-  
ing them.

"Right now," said Smith in a  
speech at Crane, "the people of  
Texas—whether they live in the  
largest city or the smallest rural  
community—have some problems  
as tough for them as were those  
that confronted the 'frontier bust-  
lers.' In many respects, our chal-  
lenge and our task are more de-  
manding and much more complex.  
The preliminary reports on the  
census of so many of our smaller  
cities spell out in box-car size  
letters that as much tenacity—  
just plain guts—is required to  
tackle that job as the old-timers  
needed."

**WEIGHTS EQUIPMENT AC-  
CEPTED** — National Bureau of  
Standards presented the state with  
\$80,000 worth of weights and  
measures standards and calibra-  
tion equipment.  
Precision instruments will be  
used in the new Department of  
Agriculture Weights and Measures  
Laboratory just dedicated here.  
Equipment is first of kind official-  
ly issued to states by the federal  
government since the 1840's, and  
the Governor said it will benefit  
industry, commerce and consum-  
ers by insuring just and fair  
transactions.

**Ranch Barn Is  
Donated for Texas  
Tech's Museum**

Acquisition of a large historic  
barn from the famous Waggoner  
Ranch near Vernon in Wilbarger  
County for the Ranch Headquar-  
ters complex at Texas Tech Uni-  
versity was announced last week  
by Jerry Rogers, director of the  
outdoor living museum.  
The 60x80-foot building will be  
moved to the 12-acre site of the  
Ranch Headquarters which is to  
be developed on the grounds of  
the new museum on the Tech cam-  
pus at 4th Street and Indiana  
Avenue.

The barn is the eighth historic  
structure to be donated to the  
headquarters which will present  
some 20 historic ranch buildings,  
each in its native setting.

"When completed, the complex  
will preserve and interpret the  
history of ranching in Texas and  
throughout the American West,  
and will provide an educational  
and recreational facility for stu-  
dents and the general public,"  
Rogers said.

The Waggoner ranch was estab-  
lished by Daniel Waggoner, born  
July 7, 1828, in Lincoln County,  
Tenn. He came to Texas in 1848,  
locating first in Hopkins County.  
In 1851 he established his ranch  
in Wise County, Texas, purchas-  
ing 15,000 acres near present Lake  
Bridgeport. He had married Nancy  
Moore in 1848, and after mov-  
ing to Wise County Aug. 31, 1852,  
a son, W. T. (Tom) Waggoner,  
was born to them.

By 1871, the Waggoner ranch  
had expanded into Wichita and  
Clay counties with its headquar-  
ters three miles east of present  
Wichita Falls. Dan Waggoner uti-  
lized the profits on large herds  
driven to Kansas by his son, Tom,  
to purchase vast amounts of land  
in Wilbarger, Foard, Wichita,  
Baylor, Archer and Knox coun-  
ties, forming the nucleus of a  
great ranch empire.

About 1880, the headquarters  
were moved to the Peace River  
near Vernon. From the mid-1880's  
to shortly after 1900 the Wagon-  
ners leased additional rangeland  
just across the Red River in In-  
dian Territory. Quannah Parker,  
the famous Comanche Indian chief,  
worked occasionally for the Wagon-  
ners riding fence on the leased  
lands in his buckboard.

In April, 1905, Tom Wagon-  
ner and S. Burk Burnett, owner  
of the 6666 ranch, were hosts to  
Theodore Roosevelt, the President  
of the United States, on a wolf  
hunt on the leased lands near  
Frederick in Indian Territory.

In 1903, the China Creek head-  
quarters in northeastern Wilbar-  
ger County was sold off and de-  
veloped as farm land. The remain-  
ing land in Wilbarger and Wich-  
ita counties was broken up into  
four divisions: White Face, Four  
Corners, Santa Rosa and Zaca-  
wiasta.

Dan Waggoner died in Colorado  
Springs, Colo., in September, 1902  
and Tom Waggoner inherited the  
ranch.

The legend of the dilemma of  
ranchers striking oil when drilling  
for water possibly started with  
Tom Waggoner in 1909. He thrust  
a fence post in disgust down a  
well filled with oil instead of wa-  
ter and abandoned it. A year later,  
the Electra field was discovered  
nearby, as was the Burk Burnett  
field, and the oil industry began  
to develop.

The Electra field and the city  
of Electra were named for Tom  
Waggoner's daughter.

The statue of Will Rogers on  
the Texas Tech campus, presented  
to the University by the Amon G.  
Carter Foundation, was executed  
by Electra Waggoner Biggs, a  
niece of the original Electra Wagon-  
ner and granddaughter of Tom  
Waggoner.

The Waggoner brand evolved  
from D61, used in Wise County,  
to D71, used in Wichita County;  
and finally the famous three re-  
versed D's in a triangular arrange-  
ment was adopted after the move  
to Wilbarger County in the 1880's.  
The brand was ideal because it  
can be recognized easily when  
looking at an animal from the  
front, and it is very difficult for  
rustlers to alter. The brand used

at present is a single reversed D.  
In his later years, Tom Wagon-  
ner began to pursue his dream  
of "owning the finest string of  
race horses in the world." In ad-  
dition to obtaining and improving  
some of the finest racing stock  
in Texas, he built Arlington  
Downs at Arlington, Texas, in  
the early 1930's. The day after  
Gov. Miriam A. Ferguson signed  
the parimutuel betting bill into  
law, in May, 1933, Tom Waggoner  
suffered a stroke.

He witnessed only a few races  
from an ambulance before his  
death on Dec. 11, 1934. After the  
Texas Legislature repealed the  
betting act in 1937, Arlington  
Downs faded into oblivion and  
Tom Waggoner's dream went with  
it.

C. L. Douglas, a ranch histori-  
an, once heard Tom Waggoner  
say, "A man who doesn't admire  
a good beef steer, a good horse,  
and a pretty woman . . . well,  
something is wrong with that  
man's head."

The Waggoner ranch has been  
a leader in seeking improved  
ranching methods and technology,  
Rogers said. R. B. Anderson, man-  
ager of the ranch from 1941 to  
1953, and later deputy secretary  
of defense and secretary of the  
Treasury, in the Eisenhower ad-  
ministration, experimented with  
dehydrated feed grain pellets for  
fattening stock. The ranch-owned  
plant was the only factory of its  
kind at the time. This method of  
feeding became popular among  
ranchers.

Over one-half million acres are  
kept in range grasses, and 26,000  
acres are cultivated in small grain  
crops to provide winter grazing.

The estate maintains one of  
the world's finest herds of quar-  
terhorses, numbering about a thou-  
sand head, and is especially re-  
nowned for the Poco Bueno line  
of horses.

In announcing the gift, man-  
ager Biggs counseled Texas Tech  
to "use this building for the bene-  
fit of future generations. Help  
people to understand that estab-  
lishing a ranch on the nineteenth  
century frontier was not an easy  
task."

## Freddie Wehba and Miss Swaydan Wed in Wichita Falls Rites

Mr. and Mrs. Carl Frederick Wehba are on a wedding trip to Colorado, following their marriage Saturday evening in the sanctuary at Floral Heights United Methodist Church in Wichita Falls.

Officiants for the ceremony were Rev. Elias G. Karim of St. Elijah Orthodox Church in Oklahoma City and Rev. Glendell A. Jones, Floral Heights pastor.

The bride is the former Miss Susan Diane Swaydan, daughter of Mr. and Mrs. William N. Swaydan of Wichita Falls; Mr. Wehba is the son of Mr. and Mrs. Fred Wehba of Oklahoma City, former Crowell residents.

Candelabra, arrangements of spring flowers and a satin-draped altar table with votive lights formed the setting for the nuptial vows.

Given in marriage by her father, the bride wore a floor length Victorian style bouffant gown of French silk organza. Venise lace was used on the chapel train, and the full length mantilla. She carried japhet orchids, and miniature carnations, stephanotis, baby's breath on a white Bible.

Miss Sandra Swaydan was maid of honor for her sister. She wore a Victorian gown of sky blue organza and a matching organza hat trimmed with flowers. She carried a bouquet of mixed spring flowers of miniature carnations, cornflowers, daisies and baby's breath.

Bridesmaids were Misses Jim Cates, sister of the groom, of Richardson; Gary Jackson, and Terry Metcalf of Pasadena; and bridesmaids were Misses Karen, Patricia and Pamela Kraker and Cynthia Shadid, Oklahoma City, and Miss Jan Swaydan, all cousins of the bride. They were dressed identical to the honor attendant and they carried cascading bouquets of mixed spring flowers.

Misses Stacey and Terry Dehba, Oklahoma City, were flower girls. Ring bearer was John Paul Wehba Jr., the groom's nephew.

John Paul Wehba of Wellston, Okla., was best man for his brother.

Groomsmen were Jim Cates of Richardson, Rodney L. Thomas of St. Louis, Mo., R. C. Craven of Vernon, Robert Laird of Okla-

homa City, Robert Mahan of San Antonio, Luke Grizzaffi of Dallas, Monty Thomas of Oklahoma City and Phillip Aboussie of Wichita Falls.

The bride's parents were hosts for a reception in fellowship hall of the church. Assisting were Mmes. Andy Kraker, Pauline Kraker, Robert Laird, R. C. Craven, Rodney Thomas, Jim Swaydan, Norval Burt, Jack Singleton and Gerry Wall. Also Misses Charlene Jiraneck, Lynda Krottinger, Jacqueline Owen, Carla Payne, Sharon Smith and Peggy Williams.

Parents of the bridegroom were hosts for a rehearsal dinner held Friday evening in the Clipper Room of the Trade Winds.

The new Mrs. Wehba attended Midwestern University, North Texas State University and the University of Oklahoma, where she will be a student again in the fall. Her sorority is Gamma Phi Beta. She was graduated from Wichita Falls High School and was presented as a Junior Form deb.

Mr. Wehba was graduated from Crowell High School, attended NTSU and OU. He belongs to Sigma Nu. He is operator of a grocery business in Oklahoma City where the couple will live.

Mr. and Mrs. Swaydan hosted a luncheon for out-of-town guests Saturday in the Bounty Room of the Trade Winds. Guests from Oklahoma, Missouri, Illinois and Colorado were present.

Miss Karen Shirley Named Honoree at Bridal Luncheon

Miss Karen Shirley, bride-elect of Mike Higgins of Atlanta, Ga., was honored with a bridal luncheon at the home of Mrs. Alton Bell last Thursday. Miniature arrangements of daisies, pom pom chrysanthemums, baby's breath and candy tuft centered the quarter tables which were laid with white embroidered linen cloths. Following the luncheon, the hostess presented the bride with a gift of silver.

Miss Shirley will be married in the Holy Family Catholic Church in Vernon on July 25. She is the daughter of Mr. and Mrs. Ray Shirley. The groom-elect is the son of Dr. and Mrs. W. P. Hig-

gins, Jr. of Fort Worth. Guests for the luncheon included Misses Ann Higgins and Donna Wells of Fort Worth and Dena Todd of New Orleans, A. M. Hiatt of Vernon, H. C. Brown, T. S. Haney, Gordon Bell, Clinton McLain; the honoree; her mother; and her grandmother, Mrs. J. H. Minnick.

Other pre-nuptial courtesies have been extended Miss Shirley and the groom-elect's sister, Miss Anne Higgins, who married June 10 to Cliff Kalesta of Fort Worth. A couple's patio and swimming party was recently given for the bride-elects and their fiancés at the home of Mr. and Mrs. Jo LeBlanc, Jr. in Fort Worth. Other hosts for the affair were Dr. and Mrs. W. S. Lorimer, Jr., Dr. and Mrs. O. J. Wolleman and Mr. and Mrs. C. R. Wood.

A tea honoring the two brides-elect was held at the River Crest Country Club in Fort Worth on May 23. Hostesses were Miss Martha Higgins, Mrs. Margaret Higgins Jones and Mrs. Rita Howard, all aunts of the groom.

The grandmother of the groom, Mrs. Charles Conner, and her son, Robert, of Atlanta and Mr. and Mrs. Gordon Fitzgerald, aunt and uncle of the groom, hosted a reception at the Fitzgerald home in Fort Worth on June 6 which honored both couples.

## Miss Sue Eubank and Mr. Beene to Be Married August 29

Mr. and Mrs. J. B. Eubank announce the engagement and approaching marriage of their daughter, Carol Sue, to Jay Edwin Beene, son of Mrs. Decima Beene and the late O. J. Beene of Friona.

The couple will be married on August 29.

Miss Eubank is a graduate of Crowell High School and will be a junior at North Texas State University in Denton, where she is a secondary education major.

Mr. Beene is a graduate of Friona High School and will be an August graduate of North Texas State University with a degree in business administration.

## Miss Virginia Stapp and Mr. Cross Plan August 15 Wedding

Dr. and Mrs. Walter Stapp of Crowell announce the engagement and approaching marriage of their daughter, Virginia, to James Lee Cross, Jr., son of Rev. and Mrs. James L. Cross of Barstow, Calif. The wedding will be August 15 in the First Baptist Church of Crowell.

The couple are both seniors at Baylor University in Waco where they plan to reside after their marriage. Miss Stapp is majoring in music theory and Mr. Cross in sociology.

## Daughter of Former Vivian Resident Wed in Abilene

Emory Lou Wilburn and Frank Leon Bartlett exchanged marriage vows Saturday, May 23, in the Elliott's Chapel of Memories in Abilene.

Bill Decker, Church of Christ minister, officiated at the double ring ceremony. Mrs. K. L. MacDonald was organist with Jeannie Elkins soloist.

The bride is the daughter of Mr. and Mrs. C. B. Wilburn of Abilene. Mrs. Wilburn was the former Thelma Beatty, who was reared in the Vivian community and was a member of a pioneer family of this county. The groom is the son of Mr. and Mrs. Frank Bartlett of Abernathy.

Given in marriage by her father, the bride wore a gown of satin peau de soie, long puffed sleeves edged with embroidered lace, empire bodice with A-line skirt. Her headpiece of matching pillbox hat held a finger tip veil. Her bridal bouquet was two orchids, with streamers of carnations, carried atop a white Bible.

In keeping with tradition, she wore for something old a white linen handkerchief made by her Great Grandmother Fish; for something new, she carried a white Bible given to her by her parents; for something borrowed, she wore a pearl teardrop necklace of her mother's. She wore a blue garter made by a close family friend.

Roma Jo Decker was maid of honor. Bridesmaids were Virginia Bartlett, sister of the groom; Marjorie Berry and Sherri Hobbs. The attendants all wore gold colored dresses with lace trim and bell sleeves, and each carried a white carnation.

The candelights were J. Wilson and Ronnie Mayfield. Ring bearer was Stephen Henderson, and flower girl was Emily Fay Davidson of Roscoe. Tim Barton was best man and groomsmen were Carroll Dunn, Hal Coppage and Nick Patterson of Abernathy.

The honorary attendants were Leon Wilburn and Troylene Webb of Arlington.

The reception was held at the Central Church of Christ and the groom's parents hosted a rehearsal

## From the News . . . THIRTY YEARS AGO

News items below were taken from the Thursday, June 6, 1940, edition of The Foard County News:

Burk Bell of Crowell was a member of the graduating class of Texas A&M College when the closing exercises were held May 31. Burk received degrees in two courses, accounting and statistics and marketing and finance.

Mr. and Mrs. Irving Fisch arrived in Crowell last Thursday from Wink and moved into the Dow Miller house. Following a two weeks visit with Mr. Fisch's mother in Los Angeles, Calif., Mr. Fisch will leave for the Eastern markets to buy merchandise for a new department store he will open in the building formerly occupied by the Self Dry Goods Co. on the west side of the square.

Born to Mr. and Mrs. Beadie Meason on Tuesday, May 28, a girl, Kay, in the Quannah hospital.

County Agent John Nagy and A. V. Sheppard, administrative assistant, are asking farmers of the county who have farm levels and surveyors' chains to return them to the Crowell office before June 15.

Foard County's 1940 wheat harvest season was opened on Thursday, May 30, when the first load of new wheat was delivered in Crowell from the S. S. Bell farm a short distance west of the city. Mr. Bell received a premium price of one dollar per bushel for this first load which was bought by Self Grain Co. This grain was of the early black hull variety and is expected to yield 18 or 20 bushels per acre. Last year, the first load of new wheat arrived in Crowell on May 30, the exact date of this year's first load.

Marvin L. Myers underwent an appendix operation in the Quannah hospital last Saturday night.

John Cogbill of Crowell received his A. B. degree from Texas Tech Monday evening at graduation exercises held at the college. He majored in agronomy.

Miss Anne Lee Long was united in marriage to John Hakala of Lake Charles, La., last Saturday evening at 8 o'clock at the First Baptist Church in Kaufman.

Mrs. Jack Seale entertained several little girls with a three-course dinner at her home at noon on Tuesday to celebrate the eleventh birthday of her daughter, Betty. Guests, other than the honor guest, were Larue Graves, Jo Favor, Billie Billington, Kathleen Eddy and De Alva Thomas.

Mr. and Mrs. Grady Graves and sons, Robert Bradley and Gordon Thomas, left last Wednesday for College Station where Mr. Graves will attend the summer session of Texas A&M College.

Mr. and Mrs. Henry Borchardt spent Sunday in Happy where Mr. Borchardt was best man in the wedding of his cousin, Hobson Howell of Paducah.

A special election will be held at the City Hall next Tuesday for the purpose of electing a city alderman to succeed Granville Lanier, retiring alderman.

There will be a meeting of the Crowell Townsend Club in the district court room at 8 o'clock on Thursday evening.

## Plan Now for Range Fire Prevention

Moisture conditions over much of the state have resulted in good vegetative growth, but the hot and dry season is just ahead. The greatest hazard to range and pasture lands, during this period, advises B. J. Ragsdale, extension range specialist, is fire. Plans should be made now by individuals, groups and organizations on how best to prevent these fires and to control them should they occur.

There are estimated to be some 600 insect species which cause farmers of North America problems in food production. Over three billion dollars is spent annually to control these pests.

luncheon at the Colonial Inn. The bride is a graduate of Abilene High School. She attended McMurry College before enrolling in Lubbock Christian College where she was a member of Kappa Phi Kappa.

Bartlett is an Abernathy High School graduate and attended Lubbock Christian College where he was an education major.

The couple will live in Washington, D. C., after a wedding trip.

## No Substitute for Work . . .

A brief news item may help explain why it is so difficult to obtain repairs on a car or home appliance. It says, this country needs 50,000 more auto mechanics each year, but the actual net increase is only about 16,400. The figures are taken from findings of the U. S. Department of Labor. Another news report notes that college students with the highest academic degree . . . doctor . . . philosophy . . . are among the hardest hit by the shrinking job market. Demand for college graduates in many fields is declining, and one college placement official observes, ". . . young people are going to have to work a little harder . . ."

After the millennium of a college education for everyone has been reached, the old virtues of willingness to work and common sense will reassert themselves, and those who possess them in the greatest measure will find opportunities on every side . . . including the repairing of automobiles.

## Mrs. Charlie Huskey Visits Museum of Atomic Energy

Mrs. Charlie Huskey of Crowell on June 4 visited the American Museum of Atomic Energy (Oak Ridge Hall of Science), Oak Ridge, Tenn., which features demonstrations and displays on peaceful uses of the atom.

The museum, operated for the U. S. Atomic Energy Commission by Oak Ridge Associated Universities, is the first such institution in the nation devoted to nuclear science. Especially trained lecture-demonstrators show how the power of the atom is utilized in medicine, industry, and agriculture.

A lecture in the museum's "Medical Room" illustrates how radioisotopes or "tracer atoms" are used in diagnosis and treatment of thyroid disturbances and cancer. Mechanical hands of the type used in Oak Ridge laboratories and operated by the tour guide show visitors how radioactive materials may be handled safely. A huge reactor model is used in still another area to describe the workings and purposes of the various types of nuclear reactors.

Dozens of other exhibits and electronic devices, many operated by the spectator, are available to museum visitors. They include a cutaway model of the nuclear cargo ship, "Savannah," a cloud chamber illustrating the use in physics research of vapor trails such as those left by jet planes, a hall of fame for scientists, visitor-operated tests of materials for radioactivity, the workings of a uranium mine, and devices equipped with earphones and tape recordings describing atomic structure.

Most museum visitors bring home a dime they placed in a device which briefly exposes their coin to neutrons and makes it slightly radioactive. The dime, which almost immediately loses all measurable radioactivity, is placed in a plastic case as a souvenir of the Atomic City.

## Miss Jennie Kay Hitt and Mr. Carmichael Wed in Colorado

Miss Jennie Kay Hitt and Claude E. Carmichael, Jr., were married May 28 in Tin Cup, Colo., with the bride's grandfather, Rev. Clark Osvel Hitt, Sr., officiating.

The bride is the daughter of Mr. and Mrs. Clark O. Hitt, Jr. of Dallas and the granddaughter of Mr. and Mrs. H. R. Zeibig of Crowell. She is a former student at Dallas Baptist College.

The bridegroom, son of Mr. and Mrs. Claude Carmichael, Sr., of Brownwood, is a graduate of Texas Tech University, Lubbock.

The couple, following a wedding trip to Colorado, are living in Lubbock where Mr. Carmichael will be teaching and coaching in the fall.

## Mrs. Casey's Music Pupils Perform in Quannah June 1

Six piano students of Mrs. Curtis Casey earned pins and certificates of membership in the National Federation of Student Musicians on Monday, June 1, at the Preston Studio in Quannah. Their successful performances were judged by Mrs. Martha Baker, one of many judges of the National Guild of Piano Teachers. Mrs. Baker, who now has a piano studio in Denton, recently taught in the Eastman School of Music, Rochester, N. Y.

The students played various types of programs, including memorized programs of from three to ten selections, social music and hobbyist. Gail Bullion and Jill Myers of Trullist, Cindy and Susan Stone of Benjamin and Patti Counts and Debbie Wall of Knox City were the participants.

The group was accompanied to Quannah by Mmes. H. C. Stone, David Counts and George Wall and Mr. and Mrs. Curtis Casey.

## What Welfare Costs in New York City

More than 5,000 persons are added to the welfare rolls of New York City every month, according to the Chamber of Commerce of the United States.

If the present trend continues for another decade nearly one quarter of the residents—or 2 million New Yorkers—will be on the dole. At present, 1.1 million are collecting welfare each month.

The cost of the city's welfare is \$1.9 billion this year. The Federal Government is paying \$825.7 million, the state \$520.1 million and the city \$596.4 million.

#### Striped Bass Fry

A half million tiny striped bass fry are safe and healthy. Texas Parks and Wildlife Department hatcheries after an 800-mile trip from South Carolina to Texas.

The fry, almost invisible naked eye, ranged in age from two to four days when they were introduced to Texas.

The salt-water species have been experimentally stocked in Texas reservoirs as well as in hatcheries in other parts of the state.

The fish are now being stocked in about half of the Texas reservoirs and the other half in hatcheries.

Biologist B. J. Follis said the fry arrived at the State Hatchery in excellent condition and should have a high survival rate. They were put through a "tempering" process to acclimate them to their new surroundings.

Follis said about the number of fry were received but this year's shipment was delayed because of a shortage of the eastern hatcheries.

Last year the new Spangero in Coke County was stocked with 34,500 fingerlings. Bardwell and Navarro reservoirs also have received shipments of strippers in the past.

There are instances where per ton market price of fry exceeded the price of production.

Mrs. B. J. Halenck  
Foard County Senior Citizen Aide

June 4, Thursday: The senior citizens are now making brushed wool flowers. They are using the brightest colors of the rainbow. If anyone would like a special color, feel free to call us at the Neighborhood Center. Or if anyone would like to see how they are made, please come by and visit with us.

June 8, Monday night: Our 42 and dominoes party was a lot of fun. We had two tables of players. Coffee and visiting were enjoyed during the evening, also.

**Coming Events**  
June 11, Thursday: Joe Don Brown, deputy sheriff, will have a program on narcotics and other drugs. The time is 1 to 3 p. m. Everyone is welcome to come.

June 16, Tuesday: Our program for today will be a Bible quiz with Eunice Wilkins.

**Truscott Cub Scouts Have Banquet May 27**

The Truscott Cub Scout banquet was held at the Methodist Church Wednesday, May 27.

Patriotic colors of red, white and blue set off the theme of the banquet which was "Strong for America." The invocation was given by Mrs. Don Daniel after which a buffet style supper was served.

The Cub Scouts presented a candle ceremony and also a skit entitled "The Parade of the States." Miss Jacquelyn Brown entertained the Cubs and their guests with magic tricks.

Cub Scouts and their den mothers are Michael Daniel, Billy Brown, Jerry Bob Daniel and Jimmy Daniel; Mrs. Don Daniel and Mrs. Jack W. Brown.

**Rattlesnakes and Bobcats Tie 2-2 in PeeWee Baseball**

In the second game of the season for the PeeWee baseball players, the Rattlesnakes came from behind to tie the Bobcats in a well-played 2-2 baseball game.

For the Bobcats, Steve Rodriguez did the pitching with Claude Coleman and Dwayne Dishman scoring the two Bobcat runs.

Sammy Lee Neal, Jr. was the Snakes' pitcher and scoring the two runs for the Snakes were John Lee Thomas and Ray Santos.

The third game of the season will be played Thursday evening at 7 p. m. at Little League field.

**"SATMday" Arrived May 9. Hurrah!**

The Chamber of Commerce of the United States said when Saturday, May 9, arrived it should have been called "SATMday." Or, "Stop Accumulating Tax Money Day."

National Chamber tax experts calculate that all the money earned by the average American taxpayer during the first four months and eight days of 1970 went to pay his federal, state and local taxes.

Figured another way, he works two hours and 49 minutes out of an eight-hour day to pay his tax bills.

Here are some other facts dug out by the Chamber's taxation specialists:

—Half of the federal individual income tax in the United States is paid by persons who earn between \$5,000 and \$15,000 a year.

—The federal budget did not hit the \$100 billion total until the country was 186 years old, but it took only nine years to reach \$200 billion.

—Interest on the federal debt is \$20 billion. That's more than the entire cost of operating the government only 29 years ago in 1941.

—State and local governments' revenues are increasing at the rate of approximately 12 per cent and will double in less than seven years.

—State income tax revenues have increased four-fold during the past 10 years.

—The \$201 billion federal budget for 1971 will cost every individual in the U. S., from the newborn babe to the oldest centurion, almost \$1,000—or to be exact, \$980.

**More Will Be Heard About "3.76 in '76"**

Slogan for an all-out effort to increase agricultural income in Texas by \$1 billion by the end of the 1976 crop year is expected to become well known throughout the state. The program is sponsored by the Texas Agricultural Extension Service, and county program building committees will play a major role in developing the county programs. Total Texas agricultural income is now approximately \$2.76 billion. The program is specifically planned to close the gap between average and potential yields of all economically important agricultural commodities produced in the state, said extension director John E. Hutchison, in announcing the program some weeks ago.
