# STATE Capital NEWS

Austin, Tex.—Cold figures submitted in major agency budget proposals left top state officials and legislators little room for optimism about the amount of next year's tax bill.

Texas Education Agency calculated public school operations during the next biennium will cost about \$2.3 billion—\$2 billion in

state money alone. This is an increase of about \$377.1 million over the present level.

Nobody was too surprised about that, but the Texas Public Welfare Department came up with a shocker.

Welfare staffers figure that the rising assistance rolls will require a budget of nearly \$2 billion over

all for the 1972-73 fiscal period. That represents an increase in state welfare funds of \$300.4 million over the current biennium.

So, two vital functions of state government alone—public education and welfare—are seeking some \$677.5 million in additional revenues. It is expected that most of the other agencies will request more than their present appropriations instead of less.

Welfare requests, as large as they are, do not take into consideration larger grants for the needy and ill.

However, a Senate committee has recommended the \$80 million a year ceiling for state spending on categorical assistance be abolished and aid payments be matched to actual need. If enacted by the Legislature, this would mean millions more in welfare spending.

Lt. Gov. Ben Barnes expressed grave doubts that legislators would accept tremendous increases in welfare spending without "substantial reform" of the entire welfare system.

Welfare officials note that assistance rolls continue to expand uncontrollably (due largely to federal court rulings and rising population.)

**COURTS SPEAK** — Supreme Court upheld tough rules defining guests and required food service at private drinking clubs. In another decision involving the Alcoholic Beverage Commission, the Court refused to outlaw the purchase of liquor by "agents" for the private lockers of members of dry area clubs.

In a Texarkana-area case, the Court held that victims of uninsured drivers must prove there was no insurance coverage on the other motorist before he can collect on his own uninsured motorist policy.

A Houston nurse, who claimed purchases were charged against her on a bogus credit card, lost her appeal to the top court in her effort to collect damages from a discount house and bill collection service which persistently tried to make her pay.

**EAGLE RULING NEAR**—Railroad Commission will soon rule as to whether the famed Texas Eagle passenger train can be discontinued by the Missouri-Pacific Railroad.

Eagle is one of three passenger haulers now operating across the state.

M-P claims that the train is losing money and wants to cut it off. Railroad attorneys argued that the Commission has no right to force it to continue to lose money.

Contending that the train should be kept in service, the National Association of Railroad Passengers said if M-P tried harder it could sell more passenger service and make a profit.

Train runs from St. Louis to Laredo, through Texarkana, Palestine, Austin and San Antonio.

**DRIVING SCHOOL** — Drivers who collect too many moving traffic violations may be going to night school to learn better behavior.

Thirty new sets of driver-training equipment will be provided to 20 regional education service centers over the state to teach students by day and adult traffic violators by night. This is in line with a new plan approved by the State Board of Education. National Highway Safety Bureau will pay \$698,100 for simulator equipment and supplementary educational programs.

**INTEGRATION AID ASKED**—U. S. Justice Department has called for state aid in meeting federal integration guidelines by 48 Texas school districts. Among the larger districts named as not in compliance were Amarillo, Austin, Odessa, Lubbock, Midland, Port Arthur, Beaumont (South Park), Temple, Richardson and Wichita

Falls. State education agencies, federal authorities noted, have control over local districts in such vital matters as state aid, accreditation and textbook distribution.

**INSURANCE HEARING DELAYED** — A delayed hearing date on auto insurance rate-making in effect assures Texas car owners that any premium hikes won't be effective until around December. Raises were expected by September. Insurance Board put off the hearing slated for July 14 on whether investment income of companies should be considered at the rate base and at the same time postponed an August 17 hearing on the rate itself. Investment income hearing now likely will be set for September 9, and another hearing will follow by a month or more.

**SCHOOL GROUP FORMED** — A new statewide group called "Citizens Association for Public Schools" has been formed to oppose diversion of public funds to non-public elementary and secondary schools.

Organization made no secret of the fact that it will "work for keeping public tax money for schools confined to support of the public schools." Some private and church schools have indicated they will seek state assistance next year.

Affiliated organizations include Texas State Teachers Association, Texas Association of School Administrators, Texas School Boards Association, Texas Congress of Parents and Teachers, Anti-Defamation League, Baptist General Convention of Texas and Americans United for Separation of Church and State.

**Man's First Lunar Landing Occurred One Year Ago**

A year ago, July 20, at 10:56 p. m. EDT, to be precise, Astronaut Neil Armstrong placed his left foot on the surface of the moon and uttered the now-famous words for all the world to hear, "That's one small step for a man, one giant leap for mankind."

Eighteen minutes later Astronaut Edwin "Buzz" Aldrin joined Armstrong on the lunar surface and together they read the plaque which remains on the moon. Inscribed are these words: "Here Men From the Planet Earth First Set Foot Upon the Moon, July, 1969 A. D. We Came in Peace for All Mankind."

July 1969 A. D., Anno Domini for the year of Our Lord—how will that year be recorded by the historians? Does that time, so precisely marked by that first footprint on the moon, end one age for man and herald the beginning of a new one?

Historians have devised ways to reckon time and bracket eras and periods into neat packages. Religious historians use the Latin, Anno Mundi, for the Age of the World and the years in our time are Anno Domini years.

There have been other categories like the Prehistoric Age, the Age of Exploration and more recently the Machine Age, the Atomic Age and the Space Age.

But whatever the age or the period or the method of reckoning time, throughout the history of man he has always had his eye on the moon wondering about its mysteries and dreaming one day to explore it. Now, just a year ago, man has done this, and this great dream and aspiration long held by man has been realized.

So now there are all those aeons before the lunar landing by man, and that short one year this epochal event, the time when man left earth and physically extended his influence to another planet.

We simply take note of the first anniversary of man's landing on the moon. But some historians, exercising their prerogatives to mark that very precise date—July 20, 1969, A. D.—more auspiciously for the history books of tomorrow, may well devise another way of reckoning times after this event. Thus, it is not unlikely that our scholars may record time from the manned lunar landing as 1 A. L., for 1 Anno Adventus ad Lunam, which roughly translated from our even rougher Latin means the first post lunar year. Latin scholars may argue with our Latin, but historians will not quarrel with the fact that on July 20, 1969, at precisely 10:56 p. m. Eastern Daylight Saving Time, an era ended for man and a new one began.

**Parking Tickets Locked on Car**

"Tearing up your parking ticket no longer solves your problem—at least in Japan," notes the California-Pacific Utilities Company. "So many Japanese motorists were tearing up their tickets that the Tokyo Police Department decided to issue plastic-encased tickets on chains and padlock them to cars. The tickets can be unlocked only by the police when the motorist pays his fine."

### From the News . . . THIRTY YEARS AGO

News items below were taken from the Thursday, July 11, 1940, issue of The Foard County News:

The Thomason Oil & Royalty's E. M. Gamble No. 1, wildcat oil test 8 miles northeast of Crowell, blew in Tuesday afternoon at a depth of 2,369 feet to open Foard County's third oil field, and up to the present time, this is one of the best oil wells to be brought in in this county. Although tests have not yet been made on the well, it is believed by oil men that it is good for from 400 to 2,000 barrels of oil per day.

The Rialto Theatre was destroyed by fire early last Tuesday morning in the most damaging fire for the City of Crowell since Oct. 21, 1930, when a dry goods store burned on the west side of the square.

The sale of the Martin Camp Ground by the owners, Mr. and Mrs. S. D. Martin, to Wm. Godwin was consummated Friday of last week. The camp ground and residence is located at the east edge of town and included in the property is a gasoline filling station.

A golf tournament will be started at the Crowell Miniature Golf course south of Spears' Blacksmith Shop this week, according to Ernest Spears, owner and manager.

Mr. and Mrs. Marvin L. Myers, Harvey Crosoe, Truman Taylor and J. T. Hughston left Wednesday for Houston to attend the State FFA convention on July 11, 12 and 13.

J. M. Crowell was here from Haskell Saturday night and Sunday visiting homefolks. His headquarters as a spot checker for the AAA is College Station.

The Dickie's Cowtown Band of Fort Worth visited in Crowell last Saturday morning and gave a 15-minute musical program on the north side of the square in behalf of their sponsor, Williamson-Dickie Company, makers of work clothes.

The marriage of Miss Mozelle Lemons, former Crowell girl, to Aubie House of Vernon was solemnized at 9 o'clock last Thursday morning in a ceremony read by Dr. E. S. James, pastor of the First Baptist Church at Vernon, at the home of Mr. and Mrs. E. S. Purefoy.

According to information compiled in the Department of Records and Research, there is no record of a lynching in the U. S. for the first six months of 1940.

The sale of the near 6,000-bushel onion crop in the Rayland community was completed last week. Some few brought \$1.50 per bushel. Most of the crop was sold for \$1.10 per bushel. No. 2 onions brought 75c to 85c per bushel.

A few porch chairs left for only 95c each at M. S. Henry & Co.

As the wife of the Republican presidential nominee, Mrs. Wendell L. Willkie comes into the public eye. She was town librarian of Rushville, Ind., when she married Willkie in 1918 on the eve of his departure for France with the AEF.

### Two Minutes With the Bible

Grace Abounding

In a letter to his spiritual son, Timothy, Paul wrote, some 1900 years ago about his conversion: "I was before a blasphemer, a persecutor, and injurious, but I obtained mercy because I did it ignorantly in unbelief. And the grace of our Lord was exceeding abundant . . ." (1 Tim. 1:13,14). And he follows this with the now famous declaration: "This is a faithful saying, and worthy of all acceptance, that Christ Jesus came into the world to save sinners, of whom I am chief" (verse 15).

Upon reading these words of Paul, those who know their Bibles will immediately recall the words of Rom. 5:20,21: " . . . The law entered, that the offence might abound, but where sin abounded, grace did much more abound, that as sin hath reigned . . . so might grace reign . . ."

These two passages from the pen of Paul have a closer connection than may appear on the surface. The Apostle Paul, once Saul of Tarsus, had led his nation and the world in rebellion against Christ. "As for Saul," we read in Acts 8:3, "He made havoc of the church," and he himself testified to the Galatians: "Ye have heard . . . how that beyond measure I persecuted the church of God, and laid it waste" (Gal. 1:13).

Yet God, in infinite mercy, had saved Saul, not only for Saul's own sake, but to make him the living demonstration of His grace. Thus, in writing to Timothy, the apostle goes on to explain: "Howbeit, for this cause I obtained mercy, that in me first Jesus Christ might show forth all longsuffering, for a pattern to them which should hereafter believe on Him to life everlasting" (1 Tim. 1:16).

Let's take our places with Saul, the sinner, and find salvation by grace through Christ, the Savior. "Believe on the Lord Jesus Christ and thou shalt be saved."

Low-cost insurance totaling \$65.5 million was issued by the Veterans Administration to 6,942 veterans with service-connected disabilities during the first four months of 1970.

**Crowell's Tornado**  
One of 4 Featured  
In New Book

Four tornadoes in the twist-  
prone Upper Red River country  
of Texas are featured in a new  
book, "Tornadoes . . . Texas De-  
mon in the Wind," just released  
by Texian Press, Waco, Texas.  
The four are:  
Crowell, April 28, 1942; Ol-  
ney, May 18, 1951; Cottle Coun-  
ty, June 1, 1954; and Wichita  
Falls, April 3, 1964.  
The author of the 153-page  
book, which also includes 24 pages  
of vivid photographs, is Dudley  
Lynch, a former Texas newspaper  
and public relations man. Lynch  
is now a staff writer for Arizona  
Magazine, the Sunday magazine  
of the Arizona Republic, Phoenix.  
In three years of research and  
writing, Lynch has chronicled the  
story of Texas tornadoes from  
meteorological, historical, folklore  
and disaster viewpoints. Four of  
his chapters are in narrative form  
and recount the tragedies of the  
Waco, Tri-State, Dallas, and re-  
cent Lubbock tornadoes.  
Writing of this part of the  
state where the above-named  
towns are located, Lynch said, in  
part: "A Weather Bureau study  
of the years 1916-1961 pinpointed  
the western Red River country  
as Texas' busiest tornado region.  
A 'square' bounded by 98 degrees  
and 99 degrees longitude and 34  
and 35 degrees latitude reported  
85 tornadoes. Burkburnett is in  
this area. Electra sits near the  
southern boundary, and Wichita  
Falls is only a few miles below.  
The region to the west, between  
99 degrees and 100 degrees lon-  
gitude, recorded 82 tornadoes.  
Towns included are Vernon, Qu-  
annah, Chillicothe, Tolbert, Lockett,  
Margaret, Carnes, Acme, Goodlett  
and Williams."  
"Mr. Lynch's talents as a re-  
porter, researcher, and writer  
have been put to consummate use  
in this work," said Robert Davis,  
publisher. "No other book that  
we have seen treats the tornado  
with anywhere near the exhaust-  
ive and enlightening scope of  
this one. We expect it to be widely  
read in meteorological and dis-  
aster fields throughout the coun-  
try, but think that the people of  
Texas, whose story this is, will  
especially appreciate it."  
"Tornado . . . Texas Demon  
in the Wind" is available from  
Texian Press, Box 1684, Waco,  
Texas, 76703, for \$7.95 plus sales  
tax.  
Tornado victims in Lubbock,  
Texas, have had some of their  
problems eased with the donation  
of 55 Veterans Administration  
homes for their use during read-  
justment.

**Astronaut Is Speaker  
at FFA Convention**

Alan L. Bean, third man to walk  
on the moon, will keynote the  
42nd annual Future Farmers of  
America state convention in San  
Antonio July 15-17.  
Bean, lunar module pilot of the  
Apollo XII flight, spoke at 9 a.  
m., Wednesday, July 15, to some  
5,000 FFA members and their  
guests at the San Antonio con-  
vention center.  
The veteran Navy test pilot and  
astronaut was asked to keynote  
the FFA session because of his  
outstanding accomplishments and  
his ability to relate those experi-  
ences to young people, according  
to Billy Conner, Texas Education  
Agency consultant and executive  
secretary of the Texas FFA.  
A 1955 engineering graduate  
of the University of Texas at Aus-  
tin, Bean is a captain in the U. S.  
Navy. He was selected for space  
flight training as a member of the  
third group of astronauts named  
by the National Aeronautics and  
Space Administration in 1963.

**Fertilizer via Pipeline**

More than a quarter million  
tons of fertilizer was sent to mar-

**Women**  
Miss Edna Rafael of Shields &  
Company revealed, "Women own  
83 per cent of the nation's wealth.  
They spend 85 per cent of the  
family budget. They are the bene-  
ficiaries of 85 per cent of all trust  
funds. In women's names are 67  
per cent of the nation's savings  
accounts. They own more than  
half of all common shares out-  
standing. Women are the money  
managers in the family. Through  
their practical consumer experi-  
ences they are the sex that al-  
ways tries to get the most value  
out of the family dollar."

18.

**Lives on Profits**  
"Government lives on the prof-  
its of industry, just as do the  
rest of us. Where there are no  
profits there are no jobs, no taxes

the Kentucky Utilities Company.

**Card of Thanks**  
I would like to express my sin-  
cere thanks to Dr. Stapp and all  
the nurses at the Foard County  
Hospital who made my stay there  
a more pleasant one. Also, all my  
friends who came to visit, sent  
cards, gifts and flowers. At a  
time like this one knows how  
much true friendship means. God  
bless each of you. Sincerely,  
Kathryn Tapp.

**North Texans Receive Lots of Trees in Oregon**

Students working for the sum-  
mer, and retired persons and oth-  
er part-time workers may be en-  
titled to exemption from income  
tax withholding under the Tax  
Reform Act of 1969. Forms for  
claiming this exemption are avail-  
able from Internal Revenue Ser-  
vice offices in North Texas.

Any employee who had no in-  
come tax liability last year and  
anticipates none for this year  
should use Withholding Exemption  
Certificate Form W-4E, to claim  
the exemption, stated Ellis Camp-  
bell, Jr., IRS district director for  
North Texas.

For 1970, a single person who  
makes less than \$1,725 owes no  
tax. This is based on the \$1,100  
low income allowance and a per-  
sonal exemption of \$625. A tax-  
payer over 65 can earn wages up  
to \$2,350 without incurring a tax  
liability, Mr. Campbell explained.

Anyone who qualifies can fill  
out the form and give it to his  
employer to claim exemption from  
income tax withholding on his  
wages. Employers needing quanti-  
ties of the new Form W-4E may  
obtain them from their IRS dis-  
trict office.

Schedule A (Form W-4), re-  
vised to reflect the liberalized  
rules that were also provided in  
the Tax Reform Act of 1969 for  
claiming additional withholding  
exemptions based on large item-  
ized deductions, are also available  
from IRS offices.

**Should Act in Good Faith**  
"If our elected representatives  
wish to act in good faith, then  
they should first endeavor to do  
the job for which they were elect-  
ed . . . to effectively represent  
without thinking whether the vote  
they cast will be a political issue  
in the next election. We need rep-  
resentatives who are secure in the  
knowledge that regardless of the  
outcome of any coming elections,  
that they have acted, in their  
opinion, in the best interests of  
their constituents. We haven't  
seen any of this calibre on the  
national political scene in a  
long, long time."—King Ferry, N.  
Y., Tribune & News.

Recent law enlarged Veterans  
Administration's definition of  
"children" for purposes of veter-  
ans benefits, and increases bene-  
fits to nearly 51,000 children by  
10 per cent.

**State of Oregon Economic Development Division announced:**

"One out of every five trees grow-  
ing in the United States today is  
in Oregon, it was reported by W.  
D. Hagenstein, executive vice  
president of the Industrial For-  
estry Association. Oregon and  
Washington together have three  
out of eight of the nation's trees,  
which means that three out of  
eight homes to be built in the  
U. S. will need lumber and ply-  
wood from the Northwest. Hagen-  
stein emphasized, 'Our most re-  
markable and renewable resource  
in the world is the tree. Many  
people do not see the vigorous re-  
growth of our forests, but they  
are constantly being renewed by  
tree farming for another cycle  
of meeting man's needs for home  
and recreation.'"

**Power Plant Planned on Texas Coast**

The Public Service Company of  
Colorado revealed that a research  
team from the University of Cor-  
pus Christi is trying to find out  
if a power plant planned for a  
Texas coastal area will have any  
effect on the marine life. The  
university's study will be made  
before and after construction of  
the power plant. An assistant pro-  
fessor of biology at UCC believes  
coastal waters can be utilized for  
industrial purposes with minimal  
or no damage to coastal ecological  
systems. In another study, the  
West German Fishery Institute  
found that carp, eels and trout  
thrive in the coolant of nuclear  
energy plants. An institute spokes-  
man said it might be an ideal  
breeding ground for edible fish  
forced out of natural habitats by  
pollution.

## Miss Debra Jon Brock Becomes Bride of James Warren Brown

Miss Debra Jon Brock became the bride of James Warren Brown of Plano in a double ring wedding ceremony performed at the First Christian Church in Spearman by the interim minister, Vernon Stagner, on June 13 at 7:30 p. m.

The bride is the daughter of Mr. and Mrs. J. L. Brock of Spearman and is a granddaughter of Mrs. Veatrice Brock of Crowell. Parents of the groom are Mr. and Mrs. Lawrence T. Brown of Plano, formerly of Spearman.

The altar centerpiece was a brushed gold cross entwined with pink roses. White pedestal baskets filled with white gladioli, white mums and pink roses and spiral candelabra holding white tapers entwined with smilax and pink velvet bows enhanced the setting. Candelighters were Miss Cheryl Branch and Terry and Tommy Templen of Crowell. Windows were filled with English ivy and avocado green glow candles.

Mrs. Rue Sanders played pre-nuptial selections including Liebestraum and Romance by Rubenstein and the theme from Romeo and Juliet. Mrs. Richard N. Countiss, soloist, sang "Whither Thou Goest" and repeated the scripture from the Book of Ruth in the Holy Bible as the Bible presentation was made by Jimmy Money of Denver, Colo. The Bible was a gift from the bride's parents. The white Bible was cradled at the foot of a brushed gold cross entwined with pink roses and English ivy flanked with matching candles.

The bride, given in marriage by her father, paused as she approached her mother and presented her with a pink rosebud and a kiss. When the recessional was played, she presented these same tokens of love to the bridegroom's mother.

The bridal gown was floor length silk organza trimmed in imported cotton Venice lace with Camelot sleeves and a detachable chapel train. The bride's chosen

color of ice pink trimmed the bodice with an overlay of Venice lace. Her Juliet headpiece was encrusted with pearls on Venice over delustered satin—with tiers of imported illusion—with tiers of fanions surrounding a white orchid.

Mrs. Larry Campbell of Weatherford, Okla., was matron of honor. Bridesmaids were Misses Patricia McLain and Rebecca Hutchison while Mrs. Mike Hendricks was bridesmatron. The attendants wore floor length ice pink silk shantung empire waist dresses with matching headpieces and carried nosegays of white daisies and pink roses. The candlelighter and little flower girl had pink rose wristlets.

The flower boy, Terry Don May, scattered greenery as he preceded the flower girl, Miss Kayla Russell, as she sprinkled rosebuds in the bride's path.

Charles Shieldknight was best man. Groomsmen were Roy Scribner, Jim Rakes, Austin and Kim Brock, brother of the bride, Spearman. Ushers were Mike McLain, of Spearman and Barry Branch of Crowell. Todd Brock, brother of the bride, and John Thomas of Crowell were ring bearers.

The bride's mother wore a pink crepe dress with an overlay of bonded lace. Mrs. Brown wore an aqua blue silk chambray dress. Both mothers and the bride's grandmothers, Mrs. L. S. McLain and Mrs. Veatrice Brock, wore white cymbidium orchids.

The reception was held immediately following the ceremony in fellowship hall. Mrs. Don McLain, aunt of the bride, assisted in directing the reception. The bride's table was highlighted with a five taper silver candelabra with the bridal bouquet. Miss Sally Garland of Austin and Misses Catherine Lyon, Debbie Hazelwood, Julie Sanders, all of Spearman, and Mrs. Andy Riley of Lubbock assisted at the reception.

Mrs. Ron Money, the bride's aunt, assisted in directing the wedding party.

For a wedding trip to New Orleans, La., the bride wore a yellow and white linen dress with matching

MRS. JAMES W. BROWN

ing jacket. Her accessories were navy, yellow and white.

The young couple will be at home at 1210 Norwalk Lane in Austin where they both attend the University of Texas. The bride is a junior speech major and the groom is a junior majoring in mechanical engineering. Both are graduates of Spearman High School.

Among the out of town guests attending the wedding were the following from Crowell: Mrs. Veatrice Brock, Mr. and Mrs. Charles Branch, Barry, Cheryl, Denise and Mike, Mr. and Mrs. T. L. Templen, Terry and Tommy, and Mr. and Mrs. Leslie Thomas, John and Mary Jane.

## Miss Melon Snyder Is Bride of Hugh Ogden Norman, Jr.

Miss Melon Elizabeth Snyder and Hugh Ogden Norman, Jr. were married Saturday in the First Methodist Church in Albany. Parents are Mr. and Mrs. Byron Eugene Snyder of Albany and Mr. and Mrs. Hugh Ogden Norman, Sr. of Moran.

The bridegroom is a native of Crowell and he lived here with his parents for several years before the family moved away. He is a nephew of Tom Greening of Crowell, who attended the wedding.

Rev. Rodney Williams officiated. Nancy Law was organist and Mrs. Johnny Hudman of Fort Worth was soloist.

Matron of honor was the bridegroom's sister, Mrs. Dewey E. Matryn of Bossier City, La.

Bridesmaids were Melissa Waller, Marsha Fenner of Abilene and bridesmatron was Mrs. Boh Snyder. They wore gowns of pink sheer over taffeta with deep pink puffed sleeves and short puffed sleeves. They carried bouquets of miniature carnations. Matching velvet bows held a short veil.

Candelighters were Ronald Kent Snyder, brother of the bride, and Leslie Norman of Moran, brother of the bridegroom.

Best man was J. L. Beaty and groomsmen were Bill Farmer, Bonnie Chapman and Anthony Ledbetter. Ushers were Jarvis Gardner and Jearl Boyett.

Given in marriage by her father, the bride wore a peau de soie gown overlaid with silk organza. The empire bodice and long fitted sleeves of alencon lace were accented with seed pearls and crystal. The chapel train was appliqued with matching lace.

A beaded lace headress held her veil. She carried a bouquet of pink sweetheart roses and stephanotis on a Bible.

The bride is a graduate of Albany High School.

The bridegroom, also an Albany High School graduate, is employed by Higginbotham-Bartlett Co.

## Pete Brown and Miss Gannon Wed in Vernon July 3rd

Mr. and Mrs. Jesse Clark (Pete) Brown are living in Crowell following their marriage July 3 at the home of Rev. Vernon Eaton in Vernon.

The bride is the former Miss Theresa Ann Gannon, daughter of Mr. and Mrs. John V. Gannon of Wichita Falls, and Mr. and Mrs. Clark Brown of Crowell are the parents of the bridegroom.

The new Mrs. Brown is a graduate of Wichita Falls Senior High School where she was in gym leaders, clerical practice and Goal Post decorators. Brown was graduated from Crowell High School and attended Adams State College in Alamosa, Colo.

He is presently employed in construction work.

More than half the drowning victims in pools are under the age of ten. Liberty Mutual Insurance Companies advises that children be watched very carefully when in the water. It only takes a few seconds for a child to be in over his head.

## John Carl Borchardt and Miss Stokes to Marry August 8

Mr. and Mrs. Homer G. Stokes, 400 33rd Street, Snyder, announce the engagement and approaching marriage of their daughter, Debra, to John Carl Borchardt, Jr., son of Mr. and Mrs. John Borchardt, Sr. of Crowell.

Bell-Seale Chapel in Snyder will be the setting for the exchange of wedding vows at 7 p. m. August 8.

The bride-elect is a 1969 graduate of Snyder High School. The prospective bridegroom is a 1964 graduate of Crowell High School, and is now employed at Snyder, Rotan and Roby with the Texas State Department of Health, with the veterinary division.

## Miss Williams and Don Bill Statter Plan August 14 Wedding

Mr. and Mrs. John S. Williams of Breckenridge announce the engagement and approaching marriage of their daughter, Nicki, to Don Bill Statter, son of Mr. and Mrs. W. F. Statter of Crowell.

The wedding will be an event of August 14 at Shelton Avenue Baptist Church in Breckenridge.

Miss Williams is a graduate of Breckenridge High School and attended Cisco Junior College for two years. Statter attended Wayland Baptist College, Cisco Junior College and Tarleton State College. The couple plans to go to East Texas State University at Commerce this fall.

## W. S. L. Will Not Meet This Week

The Women's Service League will not meet Thursday (today) as the 4-H Club Rally Day will be in progress at the community center. Mr. and Mrs. Jimmy Allan and children of Quanah will present the program at next week's meeting.

## Henry Circle

The Henry Circle met with Vera Manard Monday night in a business and program hour. The following officers were elected:

Chairman, Ila Borchardt; co-chairman, Bonnie Johnson; secretary-treasurer, Christine Yelle; and reporter, Emma Belle Bounds. In the program Fern McKown gave a discussion of the 23rd Psalm as the devotional and Jim Lois Bursey presented the topic on "Does Anyone Here Know God?"

## Burglary Method

The FBI Law Enforcement Bulletin reported that a police department in the South advised that a known burglar admitted the method he used to burglarize residences. During early morning hours, he would watch a residence where both the husband and wife left for work. When they left, if they apparently hid a key somewhere for the children to use after they came home from school, the burglar would take the key and have a duplicate made. Then later, when no one was home, he would burglarize the house.

## Farm Prices

Prices received by Texas farmers and ranchers on June 15 for all farm products were 1 per cent above last month but 2 per cent below last year, reports the Texas Crop and Livestock Reporting Service. The all crop index was 3 per cent above last month and 2 per cent above a year ago. Livestock and livestock products were 1 per cent above last month but 3 per cent below a year ago.

## Greenbelt Nursing School Holds Capping Rites

One of the region's most successful programs sponsored by the Economic Opportunities Advancement Corporation is continuing to fill a vital need: that of providing nurses for hospitals, clinics and doctors' offices throughout a multi-county area.

The Greenbelt School of Vocational Nursing, sponsored by the Crowell Schools, has entered the second phase of training with its third class of vocational nursing students. It graduated 19 and 23, respectively, in its first two classes.

The 22 students in the present class of nurses officially ended the full-time classroom portion of their training and receives nurses' caps in ceremonies held at the East Side Church of Christ here in June.

At the present, the nursing students are now taking specialized clinical training in hospitals in their home communities as they head down the home stretch of a year's specialized training that is designed to qualify them to take the State Nursing Board examination to qualify as LVNs.

With nursing shortages throughout the region, there generally is little difficulty in obtaining jobs that utilize their newly-developed bedside nursing skills.

Mrs. Edith Roark, RN, is director of the Greenbelt School of Vocational Nursing which uses classroom facilities in the Crowell community center. Mrs. Alene Williams, LVN, is assistant instructor.

Students now enrolled in the training, by communities, include:

Crowell: Mmes. Lydia Oneal, Charlene Williams, Verna Foster and Miss Mary Quintero. Chillicothe: Mmes. Dorothy Littlecreek, Laurdella Perkins, Eufaula Horn and Elizabeth Turville.

Quanah: Mmes. Ollie Carter, Dorothy Akers, Kathryn Biddy, Margaret Dunn, Mattie Carter and Misses Mary Ann Wiseman and Ellen Scoggins.

Knox City: Mmes. Peggy Whitten, Inez Collander and Sybil Greenwood.

Paducah: Mmes. Marie Rekieta, Mildred Mayberry, Doris Sexton and Rachel Votaw.

George William Perry, left, Dallas, President, Texas Safety Association, officially receives the proclamation from the Governor. Joe Smetana, right, Waco, T.S.A. Vice-President for Farm and Ranch Safety, shows a hard hat and goggles which farm and ranch workers are being urged to use to help minimize personal injury.

**YOUNGSTERS GIVE \$7.6 MILLION TO UNICEF**

UNITED NATIONS, N.Y.—A small American delegation calls on UN Secretary General U Thant with a check for \$7,626,000 for the United Nation's Children's Fund. Representing millions of their fellow UNICEF supporters are (l. to r.) Lisa Newman, 12; Aaron Jansen, 7; and Frank Copsidas, 15, all active Trick-or-Treaters in the New York area, and Mrs. Guido Pantaleoni, Jr., President of the U.S. Committee for UNICEF. Last year's Halloween collection, plus proceeds from the sale of UNICEF greeting cards and direct gifts, enabled the U.S. Committee to turn over more than \$7 million in public contributions to the Children's Fund for the second consecutive year.

**"THE MISSING DAY"**

(Editor's note: The following article is reprinted from The Haskell Free Press.)

On May 1st, Bob Gooding answered a "Contact 8" on Channel 8 News that prompted hundreds of viewers to request a copy of a script entitled "The Missing Day." Mrs. Donald Maples asked "Contact 8" why an article such as the one she included with her request never made news on television or the larger newspapers. Mrs. Maples' text impressed Bob Gooding to such an extent that he decided to read it and gave appropriate credits and thanks to the Duncanville, Plainview, Longview and Post newspapers.

It concerns a missing day in time discovered and related by Harold Hill, president of the Curtis Engine Company in Baltimore, Maryland, and a consultant in the space program. Mr. Hill stated that he thought one of the most amazing things that God has for us today happened to our astronauts and space scientists at Green Belt, Maryland. They were trying to determine the position of the sun, moon and planets 100 years and 1,000 years from now. In order to do this, they had to plot the orbits through past centuries. They ran the computer measurement back and forth over the centuries and suddenly it came to a halt. The computer signaled that there was something wrong, either with the information fed into it or with the results compared to the standards. They called in the service department to check it out and found nothing technically wrong. The computer still came up with the same discrepancy . . . a day missing in space in elapsed time. The scientists were dumfounded. There was no answer.

One of the team remembered a reference to the sun standing still in the Bible. Upon checking, they found in the Book of Joshua a pretty "ridiculous statement for anybody who has common sense."

anybody who has common sense." According to the Scripture, Joshua was concerned because he was surrounded by the enemy and if darkness fell, they would overpower him, so Joshua asked still, "So the sun stood still in the midst of heaven, and hastened not to go down about a whole day." (Joshua 10:13). There was the missing day!

They checked the computers going back to the time it was written and found it was close but not close enough. The elapsed time that was missing back in Joshua's day was 23 hours and 20 minutes . . . not a whole day. They again read the passage and there it said, "about (approximately) a whole day." This still did not account for the other missing 40 minutes. The 40 minutes had to be found because in projecting special orbits it would be multiplied many times over.

Again the man remembered somewhere in the Bible that it said the sun went backwards. In 2nd Kings, chapter 20, Hezekiah, on his deathbed, was visited by the prophet Isaiah who died. Hezekiah did not believe him and asked for a sign as proof. Isaiah said, "shall the shadow go forward ten degrees, or go back ten degrees?" Hezekiah replied, "It is a light thing for the shadow to go down ten degrees; nay, but let the shadow return backward ten degrees" (2 Kings 20:9-10). Ten degrees is exactly 40 minutes! Twenty-three hours and twenty minutes in Joshua plus forty minutes in 2nd Kings make the missing twenty-four hours in the log-book as being the missing day in the universe. **Truscott Girl Places High in State Contest**

Miss Ruth Brown, fifteen-year-old Crowell High School freshman and Truscott correspondent for the News, talked her way to a blue ribbon and second place in points in the Foods and Nutritional Educational Activity at the annual statewide 4-H Roundup at Texas A&M University.

Ruth, representing District 3, called inflation a national problem and showed how homemakers can fight inflation by "Spending Food Dollars Wisely."

Red, white and blue posters and symbols on a white flannel board emphasized the national importance of our individual buying habits. Ruth entered and illustrated for the first time this year. She competed against 23 in the Round-up contest.

She previously has won four blue ribbons at county favorite foods shows and twice won the right to represent Foard County at the District 3 food show.

During her five years as a 4-H Club member, Ruth's projects have included foods and nutrition, clothing, money management, safety, recreation, junior leadership, home improvement, bedroom improvement, meat animal, and a self-directed journalism project.

She is serving as reporter of the Foard County 4-H Junior Leaders for the second year and was class reporter, member of FHA, and the annual and paper staffs during the past year.

Besides her 4-H activities, during the past three years, she has written the Truscott column for two weekly papers and taught a class at the Truscott Church of Christ.

The Truscott ranch girl, daughter of Mr. and Mrs. Jack Brown of Truscott, plans a career as a home demonstration agent or homemaking teacher.

She credits the interest and cooperation of adults in the community as assets in her preparations for the Roundup, including that of Miss Helen Fincher, Foard County Home Demonstration Agent; Mrs. Kenneth Halbert, CHS speech teacher; and local clubs which invited her to talk at their meetings.
