Methodist Pastor Here 50 Years Ago

Will Preach at Local Church October 11

Plans are being completed for the annual Harvest Festival observance of the Crowell Methodist Church. A special observance is also being held this year, on the fifty-anniversary of the completion of the present church building. Dr. J. H. Hamblen of Abilene is pastor of the local church and the building was completed in 1920, and he preached the first sermon in the new building. Dr. Hamblen is scheduled to be here for the harvest festival—which is set for October 11—and be the speaker for the morning service. Rev. Walter Driver, local pastor, has sent an invitation to Dr. Hamblen's son, Stuart Hamblen, famed gospel song writer and singer, but it is not known at the present time whether Stuart will attend or not.

Andrews graduated from Crowell High School in 1940. He is a veteran of World War II and served in the European theater. School Tax Study Committee Has First Meeting

A committee of eight men appointed by the Crowell school board to study the problem of re-evaluation of property in the district, has held its first meeting, and John Cogdell was elected as chairman of the group. The ultimate goal of the committee will be equalizing inequities in valuations within the district. Mr. Cogdell said last week that the basis for evaluating land has been set up as follows: Pasture land: \$3.00 per acre valuation for the poorest; \$6.00 for average, and \$9.00 for the best. For cultivated land, valuation of \$12.00 per acre will be set on what the committee deems the poorest land; from \$15.00 to \$18.00 on average land (depending on location); \$21.00 for above average land and \$24.00 per acre for the best land. The committee will also be adding improvements on the farms to the valuation figures. Mr. Cogdell stressed Monday that, according to the standards set out above some of the county's land is probably over-valued and changes will also be made in reducing unnecessarily high valuations. Other members of the committee are Edgar Jones, R. J. Owens, Bill Cates, C. T. Hord, Harold Fish, G. M. Moore and Jake Wisdom. Mr. Cogdell said last Friday that any farmer or property owner having constructive ideas on the re-evaluation program should see any of the committee members.

Transfer Students Are Important to Crowell Public Schools

By Supt. Larry H. Jones

This school year there are eight transfers from Gilliland Consolidated School District and fifty-one from Vernon Independent School District.

There are several reasons why these transfer students are an asset to our schools:

These students add their personalities, ideas and desires to the mainstream of our educational program. Besides the many values received from the students as individuals, there is a very definite benefit gained from these students as a group.

These students enable Crowell Schools to maintain its twenty CTU's (Classroom Teacher Units). Sparsely settled school districts (less than one scholastic per mile) that maintain 443 ADA (Average Daily Attendance) are allotted one full-time principal, one special service teacher and one teacher aide.

Without these transfers, Crowell Schools would lose state support for a full-time principal, one classroom teacher, one teacher aide, and a portion of the special service teacher. State support for these positions, plus ADA and transportation monies amount to approximately \$29,000 in state support.

Wildcats Travel to Knox City Friday Night for Non-District Grid Contest

The Crowell Wildcats will go to Knox City Friday night for a non-district football game with the Knox City Greyhounds. The Greyhounds beat Holliday and Throckmorton in pre-season scrimmages, and in regular season play, they have lost to class AA Shamrock and won over Rochester and Rule. The Hounds have been hampered by injuries to two of their regular backs, and it is not certain whether the two will see action against Crowell. Coach Scott Boyd said Monday that no serious injuries were received by the Cats in the tough battle with Electra last week, and he is anticipating the same starting line-up as used against the Tigers.

Ulasee Coleman Died in Foard Hospital Sept. 23

Ulasee Coleman, 54, resident of Foard County for the past twenty-four years, died in the Foard County Hospital Wednesday, Sept. 23. McGee, D. L. Byrd, R. M. Mitchell, T. R. Nauling and L. Z. Criss.

Mr. Coleman was born Feb. 16, 1916, in Rusk County, Texas, son of the late Mr. and Mrs. Aron Coleman. He was a farm worker. Survivors include his wife, Maggie Seals Coleman of Crowell; two sons, Harris Coleman of Dallas and Claudie Coleman of Crowell; one daughter, Ethel B. September Rainfall Totals 2.17 Inches

Foard County wheat farmers have been busy the past week plowing their land and sowing small grains. The county has received rain during September, enough to get the volunteer wheat up. Official measurement here for the month is 2.17 inches. A cold front pushed through this area last Friday. Accompanied by extremely high northerly winds the mercury dropped to about 50 degrees early Saturday. Clouds accompanied the front, but no moisture fell.

CROWELL-ELECTRA PLAY 0-0 TIE FRIDAY

The Crowell Wildcats battled a strong 2A Electra Tiger team to a 0-0 finish in a non-district football game played at Dick Todd Field in Crowell last Friday night.

A large crowd was on hand to witness this hard-fought contest which was played during an extremely high northerly which blew across this area late Friday.

The Wildcats got their deepest penetration just before the game ended, as a pass interference call gave Crowell a first down and 2 yards to go for a TD. The Cats were unable to get the ball across the double stripe and on fourth down an attempted field goal by Jim Tom Smith missed. Mike Weathered, Crowell quarterback, was the Wildcats' leading ground gainer with 33 yards on 11 carries.

Defensive standouts for the Wildcats were Jimmy Glover, Rock Bachman, Doug Chowning, Jessie Barrera, David Myers, Jim Tom Smith, Weathered and Terry Farrar. Other Wildcats seeing action were Rex Driver, George Eavenson, Junior Urquiza, Bill Erwin, Jackie Thomas, Ronnie Naylor, Billy Ray Neal and Harry Lee Swan.

The Wildcats now have two wins, no losses and 1 tie for the season.

Cut in Adult Education Funds Is Announced

Supt. Larry Jones said Monday that the Crowell Schools have received notification that the Adult Basic Education funds for Texas have been decreased by 26 per cent. This notification reflects a decrease of \$721,205 below last year's allocation and approximately \$1,112,000 below the estimated funds previously thought to be available for Texas.

Unfortunately, Mr. Jones said, this means a 26 per cent cut in the funds for the local Adult Basic Education program. Crowell Independent School District was anticipating funds amounting to \$1,855. This has been cut back to \$1,373.00. Supt. Jones said the budget appropriations and program have already been adjusted to meet this situation. Crowell School's Adult Basic Education class will begin the latter part of October. All interested people should call the school office for further information.

Booster Club Hauling Lockett Transfers By Private Bus

A bus, formerly belonging to the local Boy Scout troop, has been purchased by the Foard County Booster Club and is now being used to transport the legally-transferred students from the old Lockett School District to the Crowell-Vernon district boundary where they are picked up by a Crowell school bus and brought to Crowell. The bus is also used to transport the children from the boundary to their communities in the afternoon. The bus is driven by Frank Cooper, and he is being assisted in driving duties by Ray Shirley. Mr. Cooper expressed his appreciation to the many volunteers who transported the children by private car before the bus was purchased. Cooper said Monday that a drive will be made this week among all Foard County residents to solicit money for the various expenses involved in the operation of the bus.

 Thursday: junior varsity, here.
 Friday: pep rally, 3:10. Knox City there.

Sports

Have you ever wondered what the boys are thinkin' about as they run onto the field on Friday nights?

This week, I imagine most of them were thinking about those horrible six weeks tests. You know if they aren't passing, they aren't eligible to play.

Then there are some, like Bill Erwin and Terry Farrar, who are glad their little ordeals with the flu are over, and Doug Chowning who hoped his shoulder would last. Jessie Barrera ran with his hurt ankle while Junior Urquiza prayed his bad leg wouldn't deal him any trouble.

After the game, the boys came off with brand new injuries. Mike Weathered got his nose scratched up quite a bit, and someone mistook Kenneth Sellers' head for a football and kicked it good and hard. Rex Driver got his wrist twisted around a few times besides being knocked around a lot.

Maybe by next week, all these major and minor injuries will be healed and the boys will run on the field at Knox City with the thought, "Slaughter the Greyhounds" spinning in their minds.

Let's wait and see!

Ghost or Spirit?

Spirits! Ghosts! October! School Yes, it's October the Halloween month. It's time for spirit! During your time in high school, you will have many opportunities to indulge in an activity described by an old Anglo-Saxon word: work. It is possible to go through high school doing only a minimum amount of work. But the people who struggle to learn, succeed, and do well are the people who work long hours and expend all their energies to do the best they can. These people have spirit—whether it be on the football field, in the pep squad or band, in the classroom, or in some club activity. Yes, October is the time for spirit—in everything you do!

October means different things to everyone. October is: half-year through football season; 31 days long; two months until Christmas; band practice in the mud; and when witches and goblins are waiting to pounce on you. Beware.

Perhaps the most important even in October, other than Halloween, of course, is the homecoming, which will be October 30. The annual coronation of the homecoming queen will be held at half-time of the Wildcat-Munday Moggul game.

Senior Happenings

With the first six weeks behind them, seniors can relax again—or should we wait until after report cards?

Friday, the gym, which was the scene of the pep rally, was full of spirit and plastered with signs. Junior Urquiza, one of the Cats' tri-captains, gave a very inspiring speech. The Fighting Heart award was given to Wildcat tackle Douglas Chowning. Congratulations Doug!

Seniors in Homemaking II are learning to cook while the Homemaking III seniors are discussing the problems of marriage. Do you think Mrs. Brown is trying to get rid of us?

The seniors are proud to have a beauty queen in their class. Mollen Moya won 2nd place in a Mexican Independence contest at Haskell. Congratulations, Mollen.

Wildcats, Wildcats, never outdone; says the class of '71!

Junior Class

Now that six weeks tests are over, the pressure is back to normal.

Saturday night the juniors had a party at Mr. and Mrs. Cook's house. The party was only for the juniors that sold \$30 or more worth of magazines.

Thursday night, the juniors made signs. The more juniors we have to help, the more signs we can make. Juniors, make it a point to help with the signs!

This year the Crowell Wildcat Band is the best band we have had in quite some time. It is also true that the juniors play a great part in band. Juniors participating in band are David Stapp, drum major; Debbie Johnson, majorette; Trey Autry, Teri Garrett, Robert McElroy, Ismael Santos, Beth Welch, Carolyn Jones, Nancy Looney, Sharia Haynie, Bette Sue Barry, Nellie Leija, Ricky Loux

Sophomore Scoop

To have been as busy as a sophomore last week, you would have had to be pretty busy. Six weeks tests, the most dreaded event of them all, arrived too soon for everyone's comfort. It seemed as if no one could escape its clutches. Students were seen leaving the halls of CHS with arm loads of books and notes. It was even rumored that some actually studied!

One word described the atmosphere Friday—spirit! It seemed as if the whole student body had caught it.

We would like to announce that Knox City will be mailed to death Friday night by the mighty Crowell Wildcats. These Cats just can't be stopped!

Flying Fish

For the past six weeks, we've been adjusting to high school after pushing a groovy summer vacation into our scrapbooks.

But all of you long-faced, short-tempered students should cheer up! We've just begun a new six weeks!

The junior varsity boys really put up a fight when they tied Knox City 6-6 last Thursday night.

Fish say: September's ended—we have fall; everyone have a terrific fall!

Pep Club News

The Crowell High Pep Club met on Tuesday night, Sept. 22, for the purpose of making signs for the Friday pep rally and the game with Electra. The "Big Mouth" spirit award will be presented at each pep rally, with this week's "Big Mouth" being Rhonda Swan. Hurrah for our Big Mouths!

FFA Meet

On Sept. 16, the district 4 FFA officer elections were held at Midway. Attending from Crowell were Jackie Daniel, Harold Myers and Cliff Booker. Jackie and Harold were official voting delegates while Cliff was a candidate for district vice president.

Cafeteria Record

Now here's a newsworthy item! According to Mrs. Allen Taylor, cafeteria manager, a total of 2101 meals were served to Crowell students during the week of Sept. 21-25. For the five days, this came to a 420 daily average. The record for this week accounts for the many satisfied faces and stomachs for CHS students. Consult the News each week to see what "goodies" are on the menu.

Menus for Next Week

Monday: meat loaf, green beans, creamed potatoes, carrot sticks, hot rolls, fruit and milk.

Tuesday: fried chicken and gravy, buttered rice, mixed vegetables, celery sticks, cake with chocolate icing, rolls and milk.

1971 Oldsmobiles

Now on Display at Borchardt-Goodwin

Borchardt-Goodwin Chevrolet-Oldsmobile is now showing the 1971 Oldsmobiles, which are more extensively restyled and incorporate more important engineering advancements than any models in the division's modern history, Glen Goodwin said Monday.

In 1971 Oldsmobile will adapt

For 1971, Oldsmobile's intermediate models—bearing the F-55, Cutlass, Cutlass 'S', Cutlass Supreme and 4-4-2 nameplates—have been smartly redesigned to enhance their sporty appearance. The Cutlass 'S' series consists of a Hardtop Coupe (above) and a Sports Coupe. Suspension improvements in all of the new Oldsmobiles result in a smoother, quieter and more stable ride.

All that's new for 1971— from Oldsmobile!

Toronado. The Unmistakable One takes on grand new proportions. It is a full five inches longer, and every inch adds to its elegance. Even its trunk is more spacious this year.

The new interiors are roomier and far more sumptuous. The front floor is flat from door to door, with no hump to get in the way.

Toronado's unique front drive and the totally new ride system deliver greater smoothness, improved traction and sure handling.

Delta 88. Warmest welcome ever to the big-car world. Power steering is standard. So are power front

disc brakes. And an impressive 124-inch wheelbase. It's all topped off with Delta 88's remarkable new "G-Ride" System.

The "G-Ride" System. An Olds exclusive—a combination of advances in chassis,

suspension, steering and all-new Super-shocks. You ride smoother, corner better, are less affected by stiff crosswinds. It's featured in every 1971 Olds Delta 88.

Pollution fighters. Every Olds engine is designed to cut emissions, run efficiently on no-lead, low-lead or regular fuel.

Double comfort. New Flo-Thru Ventilation features both upper and lower outlets for greater control, better air circulation.

Solid security. Side-guard beams are welded into the doors for protection. One of many Olds safety features for 1971.

Cutlass Supreme. Oldsmobile's "little limousine" places all-out elegance within

the reach of nearly every new car buyer! And does it so beautifully—with a classic profile outside,

deep comfort and luxurious appointments inside. If you're longing for elegance—and economy—you and Cutlass Supreme are made for each other.

Grandson of Crowell Couple Honored by Amarillo Newspaper

A pair of quarterbacks did everything but carry out the water buckets for their teams Friday night, Sept. 18 and the two signal-callers—Bill Lynch of Canadian and Charles Lee of Lazbuddie—headed last week's list in the Amarillo Globe-News Player of the Week selections.

Lynch is the son of Mr. and Mrs. Bill Lynch, Sr., of Canadian and a grandson of Mr. and Mrs. J. C. Jones of Crowell.

Lynch, upon whom the Wildcats are resting a great deal of their District 1-A hopes, enjoyed his second consecutive superb passing performance in a 40-0 blanking of Erick Friday and he played a role in all six touchdowns.

Lynch was awarded the honor by throwing scoring passes of 30, 85 and 11 yards and rushing for TD's on dashes of 70, 25 and 17 yards. Lynch, a 145-pound senior, hit on nine passes for 198 yards and carried the ball 14 times gaining 187 yards for 376 yards total offense.

Austin, Tex.—A fight is brewing over the proposed constitutional amendment to set the maximum limits on tax assessments of farm, ranch and timber land.

An amendment (No. 3) on the November 3 ballot would authorize the Legislature to provide a uniform method of assessment for lands, based on their capability to support livestock raising or farm and forest crop production.

A 15-members special committee headed by State Sen. Wayne Connally of Floresville has completed the last of 11 hearings over the state on this measure. Its tentative report summarizing testimony favoring the amendment will be presented before Nov. 3. Committee recommendations to the legislature will be delayed until next year.

Farmers Urged to Complete and Return Questionnaires

Information supplied by some 25,000 Texas farmers and ranchers will become the basis for the official crop production estimates for each county and the state.

County Agent Joe Burkett said a representative number of farmers and ranchers in Foard County will be among the 25,000 in Texas receiving the questionnaire from state statistician Cary Palmer of the Texas Crop and Livestock Reporting Service in Austin. The questionnaire will be mailed during the last half of October and early November.

Accurate estimates are of great importance to producers in planning their production and marketing, farm program participation and also for providing an unbiased picture of Texas agriculture, Burkett emphasized.

EOAC Coordinating Job Placement in Vernon

The Economic Opportunities Advancement Corporation is coordinating in job placement with the Vernon office of the Texas Employment Commission. Since the EOAC has already established good contacts with the unemployed through its outreach services, assistance to employers and job applicants is accomplished by the Foard and Hardeman County Neighborhood Centers and other EOAC offices. These centers and the Community Action office in Quanah will serve as employment information and referral facilities.

Mrs. Howard Ferguson Elected President of Local Organization

Mrs. Howard Ferguson is the newly-elected president of the Women's Service League. Other new officers who will be installed in November include Mrs. Blake McDaniel, first vice president; Mrs. Nelson Oliphant, second vice president; Mrs. W. L. Johnson, secretary-treasurer; Mrs. Cecil Carroll, reporter; and Mrs. L. A. Andrews, parliamentarian.

Miss Ora Mae Fox and Mrs. Baxter Gentry were named co-chairmen of programs, and new directors are Mmes. Jack Welch and J. A. Marr.

Pat Cates, son of Mr. and Mrs. T. R. Cates, Jr., will tell the highlights of the state 4-H Club convention in Houston at this Thursday WSL luncheon at the community center. He was district delegate for this area at the meeting.

can no longer operate if taxes continue to increase as they have in recent years," Connally told newsmen. "When land on one side of a barbed wire fence is assessed at \$1,000 an acre, and the same land on the other side of the fence at \$150 an acre, somebody is going to cry."

An earlier amendment (1966) which had the same general purpose is "unworkable," say proponents of Amendment No. 3. Present provisions apply only to individual land owners, exclude timberlands and owners who earn less than half their income from their farm property.

Texas State Teachers Association is opposing the new amendment on grounds that it "could virtually destroy the tax base of many school districts" and open the door to favors for other groups.

Connally maintains the proposal would not result in major revenue loss statewide and that the Legislature would have to appropriate supplemental funds to districts suffering income decline.

Consumer Information Day Planned for October 26 at Munday

A Consumer Information Day will be held at the high school auditorium in Munday on Monday, October 26, from 2 to 4 p. m. Miss Helen Fincher, Foard County H. D. Agent, announced this week.

A top-notch program is planned which should be of interest to cotton producers, homemakers, dry goods merchants, furniture and carpet dealers, dry cleaners and others in Foard County. Everyone who is interested in learning more about cotton's versatility as a food and fiber is invited to attend.

Cotton products for human use and consumption will be featured during the program. Speakers will include Miss Betty Eisenberg, home economist with Texas Agricultural products, and Miss Joanne Thurber, textiles and clothing specialist with the extension service. The program is being sponsored by the Family Living Committee of the Rolling Plains Economic Program (RPEP). The RPEP is coordinated and administered by the extension service.

Cotton Producers Are Invited to Meeting in Stamford Thursday

Cotton producers in this area will have a chance to hear the latest research results and new approaches toward selling cotton during a meeting in Stamford on Thursday, October 1, according to Charles W. Stenholm, Stamford member of the board of trustees of Cotton Producers Institute.

The meeting is scheduled at the Stamford High School cafeteria and begins at 6:30 p. m. "In the light of a fast-changing fiber business, we think a report to the cotton industry is in order," Mr. Stenholm said.

The Cotton Producers Institute is a farmer-financed, farmer-controlled organization created to maintain and improve fiber markets for cotton. The reorganization of CPI, as well as its research and promotion programs, will be reviewed.

"J. Dukes Wooters, Jr., the newly elected executive vice president and general manager of CPI, will discuss, on film, some of his plans and new approaches toward selling more cotton," Mr. Stenholm said.
