Christmas... Now?

Whether you want to realize it or not, Christmas is upon us! Yes, yes, it's true: it is time again for that plump bundle of Christmas joy, known as Santa Claus, to pop down the chimney and spread his special kind of holiday

cheer. Even though the December temperatures have not been low enough to warn us of its coming, the 25th of this month doesn't need to depend on low, chilly temperatures to creep up on us. There are only a few shopping days left, so you'd better get that sweater for Aunt Mattie, the cologne for Cousin Charles, or whatever you've forgotten until now.

The American Christmas that most of us know is composed of mainly customs of other lands. Strangely enough, the only contribution of the Americans is the turkey.

Gift giving in Great Britain does not occur until the day after Christmas, known as Boxing Day, for the reason that it is on this day that servants and the poor receive money gifts in little boxes. In Hawaii, the natives claim Santa Claus comes to the islands in a boat. The children of France place their shoes on the hearth for Petit Noel, the Christ Child, to fill them. In China their Santa is mostly one who takes care of the needy, and he is very real and alive to them.

Greater than all the customs that people around the world observe, is the real nature of the holiday. We sometimes think of Christmas only as a day for Santa Claus, gifts, and Christmas dinner, but we should keep in mind that it is the birthday of Jesus,

God's Gift to mankind.

The Senior Scene

Seniors spent last Friday morning taking Army vocational tests. From the test section on automobiles, the girls learned that there were more parts to the car than the steering wheel and gas peddle.

A very interesting Southern Assembly was presented Monday morning on physical fitness and juggling. Jesse Barrera, how does it feel to be co-ordinated?

Senior girls in Homemaking II made a trip to a grocery store to price their week's menu, while Homemaking III students are still completing their home sewing projects. The Spanish II class has been tested on spelling and giving definitions of Spanish terms, while learning a great deal of the history of Mexico. Seniors, remember, there's only a week until history term themes are due!

Congratulations to all boys making the all-district football team. Let's all get out and support our basketball teams in the Benjamin tournament this week.

Junior Jabber

Friday, the juniors and seniors took armed forces vocational battery tests which consisted of English, arithmetic, pattern reasoning, mechanics and electronics. The homemaking girls have

been very busy completing their home projects. They also had to write a week's menu for 4 persons on a \$25 budget (and that's not easy.)

Tuesday night, there was a practice for the newly-formed Pep Band. Juniors who were picked to be in the band are Tey Autry, Beth Welch, Sharla Haynie and Carolyn Jones.

The junior class would like to congratulate the basketball players on their victories at the Monday tournament.

Sophomore Scoop

The sophomore class congratulates Rocky Bachman on being selected to the all district football team. Rocky was the only sophomore selected in the district as well as being one of the three in the district chosen unanimously.

In biology, Mr. Welch made several cultures to obtain organisms to be studied under the microscope. Water samples were brought in by Bob Gillespie. Although there are many organisms that had been observed by Mr. Welch, he said that he had never seen an ameba. If you were in biology, you would have learned that the ameba looks like "living jelly."

The librarians were busy this week due to the rush of students to check out books.

Remember — only twelve more

shopping days 'til Christmas!

Fishy News

This week, the general science class studies the differences between men's and women's skulls, while the English I class wrote themes and the home ec girls took recipes and discussed different foodstuffs.

Several freshmen journeyed to Matador Monday night for the basketball games, where the Crowell teams won one game and lost one, and then to Monday where the Crowell teams were entered in a tournament.

Sports

Guess what! The Crowell Wildcats had nine boys to make the all-district football team this year. They are as follows: Jim Tom Smith, Kenneth Sellers, Junior Urquizo, George Eavenson, Jesse Barrera, Mike Weatherred, Douglas Chowning, Terry Farrar and Rocky Bachman. CHS is very proud of these boys.

The Wildcat basketball teams have been doing very well in their ball games. Let's all you Wildcat fans go out and support our teams as they are participating in the Benjamin tournament.

Library Notes

"Hear ye! Hear ye! The Battle of New Orleans was uselessly fought!" says Terissa Melanie Garrett, this week's featured librarian. It is easy to see that Teri's favorite subject is history.

Teri is a junior at CHS and is a member of the Drama Club, Sub-Junior Columbian Club, annual staff, chorus, band and secretary of the Library Club. She is a member of the First Christian Church, and she plans to enroll in Midwest Christian College in Oklahoma City after graduation.

Her favorite food is steak, and when she was asked why she wanted to be a librarian, she replied, "It gave me something to do during study hall!"

Card of Thanks

We wish to express our thanks to all that were so kind to assist in the loss of my brother, Ed Naron. For all of the beautiful flowers, cards, food, visits, telephone calls, May God's richest blessings rest on all of you in our prayer.

STATE Capital NEWS

Austin, Tex. — Legislative Budget Board staff members added little to the season's cheer for legislators with their estimate that even a rigidly-conservative 1972-73 budget will require a \$643.5 million tax bill.

Lawmakers, who report for the biennial session in January, must pass a \$51.4 million emergency finance measure to head off a 20 per cent welfare cut in April, the Budget Board warned. And early approval of a constitutional amendment to raise the \$80 million last week.

Goose Shortstopping Explained in Parks, Wildlife Magazine

The growing problem of wild geese altering their migration patterns to exclude Texas is explained fully in the December issue of Texas Parks and Wildlife magazine now in the mail.

Waterfowl biologist C. D. Stutzenbaker said his article, "Distribution Dilemma" that intensive land and water management in Kansas, Missouri and Iowa is causing geese which formerly wintered on Texas' coastal plain to stop instead on large state and federal refuges to the north.

Also in the December issue are a story on experiments for better white-winged dove nesting habitat being conducted at the Longoria unit of the Las Palomas Wildlife Management Area in South Texas and an article on hunting the sandhill crane in Texas.

Game Convictions Obtained by State

Game management officers for the Texas Parks and Wildlife Department obtained 1,754 convictions in October for violations of the state's game, fish and water safety laws.

Hunting violations led the list with 669 convictions followed by fishing convictions with 526. Commercial fishing convictions totaled 47; water safety, 509; pollution, two; and trespassing, one.

The total revenue accrued to the state treasury amounted to \$40,278.

lion welfare ceiling also will be necessary to avert eventual sharp reductions in aid to the needy.

Board stressed that its budget compilations allow for no new construction funds for any purpose (not even new colleges already authorized) and no money for state employee salary raises.

Lt. Gov. Ben Barnes called the situation a "crisis."
Senate leaders turned down a no-tax plan advanced by a Houston group. This plan would freeze teacher salaries, raise college tuition, abandon general revenue appropriations for farm-to-market roads, change school finance formulas and divert a portion of the permanent school fund to current spending. Such proposals, said Barnes, "would get about two votes."

Sharp growth in welfare rolls and long-range educational programs already enacted are primary reasons cited for the record tax need.

Swine Short Course Set for Dec. 14-15

A swine short course designed to assist Rolling Plains swine producers in boosting their profits will be held December 14 and 15 at the city hall in Stamford.

The short course will begin each evening at 7:30 p. m. and is being sponsored by the Texas Agricultural Extension Service and the Rolling Plains Economic Program (R-PEP).

Featuring a number of outstanding speakers, the short course is also being conducted in support of "3.76 in '76," the statewide extension program designed to boost Texas' agricultural income by \$1 billion by 1976. Total receipts from agriculture in the state presently add up to about \$2.75 billion.

Foard County swine producers are invited to attend.

How to Buy Beef

To get the most from beef purchases, W. W. Bailey, extension livestock and meats specialist, suggests that buyers use both the USDA quality grades, which have been in use for many years, and the newer yield grades. The quality grades indicate the palatability of the meat while the yield grades indicate the yield of meat that can be used for cooking.

From the News . . . THIRTY YEARS AGO

News items below were taken from the Thursday, Dec. 5, 1940, issue of The Foard County News:

Little Davy O'Brien, All-American player from TCU, bid adieu to football before joining the FBI by establishing a new passing record. Little Davy completed 33 of his throws to steal the show. He threw 60 passes, completed 33 for 316 yards, also a new record, and had none intercepted. O'Brien also gained 3 first downs rushing. Don Looney, former TCU player, also set a record by catching 14 passes in one game. Sammy Baugh, also an All-American from TCU who held the passing record of 23 completions in one game until O'Brien's great passing feat Sunday, came through to set a record for himself. He turned in the best punt in the history of the pro game by booting the ball 85 yards from the line of scrimmage.

Last Rites Held for Mrs. A. S. Hart

Last rites were held Wednesday afternoon of last week for Mrs. A. S. Hart, 88, pioneer resident of this area and a long-time public school teacher. Mrs. Hart died Nov. 30, in a rest home in Carbondale, Ill., following a long illness.

Music for the service was provided by Mrs. Howard Ferguson, vocalist, and Mrs. Glenn Halsell, Jr., pianist. Pall bearers were Loraine Carter, Dick Todd, Ray Shirley, Robert Kincaid, Henry Black and Bill Klepper.

Interment was in the Crowell Cemetery under the direction of Womack Funeral Home.

Mrs. Hart moved to this section with her parents in 1885, six years before the organization of Foard County. Her father was the first sheriff of Hardeman County. Mrs. Hart is survived by one son, Jim Allee Hart of Carbondale, Ill.; four nephews, Robert M. Magee of Moline, Ill., Joe M. Magee of Houston, Mitchell Allee of St. Louis, Mo., and Merrill Allee of Arlington; and one niece, Mrs. Edwin Greene of Houston.

Out of town relatives attending the services were Mr. and Mrs. Hart, Robert M. Magee and Mr. and Mrs. Greene.

Pork Is a Good Buy

Pork is plentiful and is a good meat buy, reports W. B. Thomas, extension swine specialist. Due to breeding programs started in the mid 1950's, producers are now making available to consumers the finest quality pork ever available. Thomas says it contains 22 per cent more protein, 57 per cent less fat, and 36 per cent fewer calories.

Two Minutes With the Bible

True Blessedness

It has been said that the word "blessed" in our English King James Bible, simply means happy. Thus the "blessed man" of Psalm 1 is a happy man and the "blessed God" of I Tim. 1:11 is a happy God.

To say the least this is a superficial understanding — or misunderstanding — of one of the most wonderful words of Scripture. A fool can be happy, a drunkard can be happy, but none of these are truly blessed, for one who is blessed has a deep and true reason to rejoice.

Thus Psa. 1:1,2, says that the man who shuns "the counsel of the ungodly," "the way of sinners" and "the seat of the scornful" and meditates and delights in the law of God, is well off and has good reason to rejoice. Few, of course, would dare to claim that they have fully lived up to this passage in the Psalms, but God's Word has good news even for such. In Romans 4:6-8, St. Paul declares:

"David also describeth the blessedness of the man unto whom God imputeth righteousness without works, saying, Blessed are they whose iniquities are forgiven, and whose sins are covered. Blessed is the man to whom the Lord will not impute sin."

This blessedness is not a mere feeling of happiness. It is rather the state of being well off, with a deep and abiding reason to rejoice.

Thus Psalm 40:4 says: "Blessed is the man that maketh the Lord his trust," and when the Galatians stopped trusting completely in the Lord and began leaning on their own works, the apostle asked: "Where is then the blessedness ye spake of?" (Gal. 4:15).

To be truly blessed, then, is to be well off, with the greatest possible reason to rejoice. This is why the believer in Christ, saved and eternally safe in Him, is, like God Himself, "blessed forevermore" (II Cor. 11:31).
