## COMMISSIONERS' COURT IMPOSES 50% RAISE IN REAL ESTATE VALUATIONS IN COUNTY

The first general increase in real estate valuations in Foard County in more than thirty years was authorized by the Commissioners' Court when it voted to impose a 50 per cent across-the-board raise in valuations on all real estate properties in Foard County for the year 1971.

In announcing the action of the Court Monday, County Judge Leslie Thomas stated:

"The county has operated through both declared and undeclared wars during such period of time hoping that each year would bring about, at least, a leveling off in the general economy, but instead, year after year has brought about a further rise in the cost not only of county government but all other phases of the economy.

"The Legislature of the State has continuously placed a greater strain upon the counties by requiring additional expenditures not theretofore necessary, for example, the Texas Torts Claims Act which became effective January 1, 1970, and the law requiring probation officers for counties, which, incidentally, the district judge and the district attorney informed the court at a meeting with the court last December 17 that a probation officer for the three-county judicial district would have to be appointed in the near future with a cost to Foard County of approximately \$1,000 to \$1,200 per year.

"Maintainers and other road machinery costs have increased approximately 400 per cent during such period of time. County officers and employees are working at far less wages than other businesses and industries pay.

"Land valuations in Foard County are extremely low and with the increase as imposed, valuations will still be among the lower valuations in the state. Many tracts of land in Foard County valued at from \$10.00 to \$15.00 per acre have sold in recent years for as much as \$150.00 to \$250.00 per acre, and even more."

Judge Thomas explained that the above reasons were not outlined in an endeavor to justify the action of the court in imposing the increase, but merely to point out the necessity thereof if the court is to provide the type of county governmental services necessary for any progress whatsoever.

### Savings Bonds Sales Total \$863 in County

According to a report from the U. S. Treasury Department, sales of Series E and H Savings Bonds in Foard County during the month of November totaled \$863.00. Eleven-month sales were \$12,400.00, for 18 per cent of the 1970 goal of \$70,000.00.

## News About Our MEN IN SERVICE

Staff Sgt. James C. Doyal was transferred from Swansea, Mass., to Fort Bliss, Texas. Sgt. Doyal, son of Mrs. Earl Stetmer of Crowell, has been in the service for 12 years and this is the first time he has ever been stationed in Texas.

Spec. 4 Stanley Butts has been transferred from Fort Hood, Texas, to Covert, Rhode Island. He is the husband of the former Miss Ruthie Doyal of Crowell.

## Lester Myers Named Country Club President

Lester Myers was elected as president of the Spring Lake Country Club at the annual membership meeting of the organization Monday night. Dwight L. Campbell was elected vice president, and L. A. Andrews was re-elected secretary-treasurer.

Directors of the organization elected Monday night are Dale Henry, Travis Vecera, Jon Lee Black, J. T. Brooks, J. L. Henry, L. H. Wall, Jr., and Goodloe Meason. Also on the board are the newly-elected president and vice president.

Sam Mills had served as president of the Country Club for the past two years.

## Total of 2,813 Bales Cotton Are Ginned in County

A check with the county's three gins Tuesday morning showed that a total of 2,813 bales of cotton have been ginned from the current crop.

This is slightly more than the 2,539 bales ginned to January 2, 1970. The 1969 crop total for the county was 5,491 bales and for the 68 crop the total was 4,270 bales.

## DEPOSITS TOP \$5.1 MILLION AT END OF '70

Deposits in the Crowell State Bank continue their steady climb as reflected in the current bank call effective last December 31.

On December 31, 1970, deposits totaled \$5,121,267.13. On the last day of 1969, deposits were \$4,236,579.21; and on the Dec. 31, 1968, deposits were \$3,655,209.10. On the last day of 1967, deposits stood at \$3,220,519.21.

Deposits in the local bank are rising steadily and are up some \$90,000.00 over the last preceding bank call at the end of October, 1970, when they were \$5,030,594.75.

Ten years ago—on Dec. 31, 1960—deposits were \$3,293,930.

A big wheat crop was harvested in Foard County last year, and the cotton production is reported to have improved over the preceding

### Truscott Receives 13.56 Inches of Moisture in 1970

Paul Bullion, who operates a government weather station in Truscott, said this week that a total of 13.56 inches of rain was recorded by his equipment during 1970.

This is only slightly less than the 13.75 inches which were recorded here in Crowell.

## West Texas Utilities Co. Replacing Power Lines from Crowell to Paducah

Work got underway last week on replacing the West Texas Utilities Company's 69,000 kva line from Crowell to Paducah. The project is expected to take between 3 and 4 months, according to WTU local manager Cecil Davis.

J. Buck Construction Company

Lubbock is the contractor for the job which will include new poles and lines. The new lines will have larger wire than the old wire.

The line from Crowell to Paducah feeds power to Paducah, Matador and Spur. During the construction period, power to Paducah, Matador and Spur will be coming from WTU's Paint Creek power plant. Most of Crowell's power is generated at Lake Pauline, with some of the power coming from the Paint Creek plant during the summer months when more power is being used.

Mr. Davis said that during the past four years, the 69,000 kva line has been replaced from Crowell to Lake Pauline (completed last summer), the local distribution system has been re-worked, and a new sub-station installed here.

## Former Crowell Resident Is Author of New Book

Jim Allee Hart, a Texas Tech journalism graduate in the mid-1930s, has written a book, "Views on the News: The Developing Editorial Syndrome, 1500-1800," which was published early this month.

Hart received a degree in journalism from Texas Tech in 1934 and a master's in English from Tech the next year. He is a native of Crane and finished high school here at Crowell. His mother, Mrs. A. S. Hart, was a long-time resident of Foard County. Before transferring to Tech, he attended John Tarleton Agricultural College.

The volume traces the slow evolution of the American newspaper editorial from its origins in early English printed and handwritten newsletters, ballads, and pamphlets in the early 16th century to its emergence as short paragraphs in local columns in U. S. newspapers in the last decade of the 18th century.

Hart's definition of the modern editorial is:

"A presentation of fact and opinion on a concise, logical, pleasing order for the sake of entertaining, of influencing opinion, or of interpreting significant news."

Hart formerly worked for the Fort Worth Star-Telegram and The Dallas Morning News, and now is associate professor of journalism at Southern Illinois University, Carbondale.

## New Drivers License Examiner Assigned to Area

Highway Patrolman Ronald Coleman has been transferred to Vernon from Lubbock and is the new drivers license examiner for Foard, Hardeman and Wilbarger Counties. He is scheduled to be in the county attorney's office in the court house here each Tuesday from 9 a. m. to 5 p. m.

Coleman said that next Tuesday, January 19, Robert E. Lee's birthday, is a state holiday and he will not be in Crowell. His next visit here will be on Tuesday, January 26.

Frank Meason, pioneer resident of Foard County, observed his 88th birthday Sunday, January 10.

Mr. Meason has been a resident of Iris Haven in Chillicothe for a year.

## Band Boosters Club Will Meet on Monday Night

The Band Boosters will meet on Monday, January 18, at 7:30 p. m. in the band room. Plans will be made for the pancake supper to be held during Public Schools Week in March.

Every member of the Band Boosters is urged to attend the Monday night meeting.

## Mrs. Ada Burkett Died at Home Here Sunday, Jan. 10

### Funeral Services Held Monday at First Baptist Church

Mrs. Ada R. Burkett, 77, resident of Crowell for the past 22 years, died Sunday, January 10, after a brief illness.

Funeral services were held at 3 p. m., Monday from the First Baptist Church conducted by the pastor, Rev. John Gillispie. Interment was in Bascom Cemetery at Tyler at 11 a. m. Tuesday. Womack Funeral Home was in charge of arrangements.

Serving as casket bearers were Bill Bell, Jeff Bell, Dick Todd, C. L. Cavin, Pat McDaniel and Charles Branch.

Mrs. Burkett was born April 3, 1893, in Erath, La. She was married to Joe R. Burkett in 1914, and Mr. Burkett died in 1941.

Mrs. Burkett had made her home with Mrs. W. R. Womack during the time she lived here. She was a member of the First Baptist Church and TEL Sunday School Class. She served as group captain for several years for the class.

She is survived by one son, Joe E. Burkett of Crowell; two grandsons, Joe Ray and Bob Burkett of Crowell; two granddaughters, Mrs. John Reneau of Monday and Miss Betty Ann Burkett of Crowell; one brother, Dr. N. B. Ramsey of Yukon, Okla.; four sisters, Lizzie Ramsey of Tyler, Mrs. Newton Pinkerton and Mrs. Robert Poshee of Tyler and Mrs. William Flagler of Chickasha, Okla. She was preceded in death by one son, Maurice Huntley Burkett.

## Mothers March for March of Dimes Set for Monday

Mrs. Baxter Gentry, chairman of the Foard County March of Dimes drive, said Monday that the Mothers' March will be held next Monday, January 18th.

Mrs. Gentry and her co-workers will begin the Mothers' March at 5:30 o'clock, and they are hoping for a generous response from local residents.

### One New Vehicle

Date is Wednesday, January 20

## BLOODMOBILE PLANS VISIT TO FOARD COUNTY

The Red Cross Bloodmobile unit will be at the First Methodist Church in Crowell on Wednesday, January 20, from noon until 4:30 p. m. Foard County's quota is some 45 pints this visit.

Financial expenditures—due principally to the wage and hour law—have necessitated the shorter drive hours and other changes in the blood program. Employers are urged to allow their employees time off in order to give blood.

Personal contacts are not being made for this visit. Notification of the endeavor is dependent on newspaper, poster, church and

## CHS Girls to Open District Cage Play at Chillicothe

On Friday night, January 15, the Crowell High School girls basketball team goes to Chillicothe for their first District 8-A game of the year. The Wildcat boys B team will also play at Chillicothe Friday night. The girls' second district game will be played next Tuesday night against the Paducah girls.

The A boys' first District 8-A game will be on Friday, January against Monday here.

In games here Tuesday night of last week, both the Crowell A and B boys teams were defeated by Childress.

The girls team now has a 7 win, 9 loss record, the A boys has a 11 win, 6 loss record and the boys' junior varsity team is still looking for its first win against 6 losses.

## Kenneth Campbell Honored by Farmers Branch Employees

Kenneth Campbell, son of Mr. and Mrs. Archie Campbell of Crowell, has been selected by his fellow City of Farmers Branch employees as the outstanding City Hall employee for 1970. He was designated the most cooperative, most dedicated, most helpful and rendered the greatest service to the public. He earned his honor and respect even though he has been with the city less than two years. The announcement and presentation of a watch was made at the annual Farmers Branch City Hall employees Christmas party on December 18.

Kenneth is a computer programmer for the City of Farmers Branch.

Campbell, a graduate of Crowell High School, received his bachelor's degree from West Texas State University in 1968.

## Brother of Foard County Residents Died at Lytle, Texas

R. R. Huskey, 77, of Lytle, Texas, and a brother of four Foard County residents, died Friday, January 8, in Lytle.

Mr. Huskey is a former resident of this area, and was a veteran of World War I. He had recently received his 50-year Masonic Lodge membership pin.

Funeral services were held at 2 p. m., Sunday, January 10, in the First Methodist Church in Lytle.

He is survived by his wife; one son, R. H. Huskey of Houston; one daughter, Mrs. Edward White of Lytle; four sisters, Mrs. Mack Gamble of Crowell, Mrs. Weldon Hays and Mrs. Vera Hightower of Wichita Falls and Ruth Huskey of Dallas; three brothers, Ed, Charlie and Dence Huskey, all of Crowell.

Attending the funeral services from this area were Mr. and Mrs. Jim Mac Gafford and Mrs. Mack Gamble of Crowell and Mrs. Vera Hightower of Wichita Falls.

### To Start Anew: 1971

1970... where did it go? As the new school year begins, many CHS students are asking that very question; however, in 1971, the aim of every student should be to start anew. Anew? Yes, start making things just a little better than they ever have been before, and it's all up to us to see that it gets done. The mind is life's master key. Avoid the trivial and the vulgar. What goes into the mind comes out into life. Select what goes into the mind as carefully as you do the food that nourishes your body. Your mind is the master key to a good life. The first mark of a student is the appreciation of the worth, dignity, power and usefulness of his own mind. If you develop a personal interest in and an appreciation for doing these things, you will find that you learn faster and easier. The new year is here, the time to start anew. Try harder this year. Study more, make better grades, learn something, read some new books, make the team, contribute something to school life in good ole CHS. It doesn't take much time to contribute, but you certainly gain a great deal from it. So, all students of Crowell High School... start anew!

### Senior Scene

With the holidays over, the seniors are back in the full swing of things. Just one more semester to go!  
A class meeting was held on Thursday to plan a class social, which will be held January 16.

KEYS CUT while you watch  
SHIRLEY-YOUREE DRUG

The seniors are also planning to present a senior play later on in the year.  
Friday and Saturday, Pat Cates traveled to Wichita Falls to participate in the All-Region Choir concert. Friday night and all day Saturday they prepared for the concert given Saturday night. Next week end, Pat will try out for All-State which will be held at the University of Texas at Arlington. Good luck!

### Sophomore Scoop

Mid-term tests were given before Christmas in CHS. It was very hard for the students to study and concentrate as everyone was busy planning for the holidays. The basketball teams are to be commended on their effort, victories, and school spirit that they have displayed. The pep band is also to be commended as well as the fans on their support and spirit shown at the games.  
The sophomore class wishes reporter Daryl Halenack a speedy recovery from his recent illness. Hurry back, Daryl!

### Flying Fish

Christmas and New Year's holidays provided the freshmen with plenty of time to catch up on their rest. Several freshmen have played in basketball games that were played recently. All support for our teams is appreciated, especially in district cage races, which will start soon.  
Adding excitement to school life the week before the holidays were mid-term exams and English book reports.

Freshmen: remember not to break your new year's resolutions!

### Library Notes

The Crowell High School Library Club held its regular meeting January 5 during the activity period. This was the first meeting of this year, and it was started off right with a discussion on the work duties of a librarian. The programs for the future meetings were discussed and a decision on future meetings was made.

This week the Library Club is recognizing a first year librarian, Cliff Booker. Cliff is a junior at CHS and is a member of FFA, annual staff, and Library Club. His favorites include: class, study hall; and food, steak.

Cliff feels it's a rewarding experience to be able to serve the public and this was his reason for becoming a librarian. His future plans are to go to school and become a veterinarian.

# STATE Capital NEWS

Austin, Tex.—Legislators by the hundreds are assembling in Austin to tackle the mountain of inherited and new problems in a hastily-remodeled State Capitol.  
Workmen barely completed their renovation of the new offices of Senators and Representatives before the occupants (for at least the next 140 days) moved in.

There is little indication, of course, where the 62nd Legislature is heading, but nearly everybody agrees it faces a major fiscal crisis. Lt. Gov. Ben Barnes says the session may well be "the most difficult in Texas history."

Estimates of needed taxes range from \$645 million to \$850 million, and even higher in some cases. Barnes says he would not be surprised if the sales tax rate and range were not both hiked.  
James McGrew, head of Texas Research League and an outstanding tax authority, thinks that a state income tax may be necessary despite lawmakers' commitments to the contrary.

A welfare fund shortage may force a \$55 million to \$70 million tax bill early this year as an emergency measure.

Legislative and congressional redistricting, threatening an end to many political careers, may be necessary because of the new census. And this job could keep lawmakers overtime if the tax bill doesn't.

A federal court decision last week knocked out Texas' annual voter registration requirement and, as House Speaker Gus Mutscher commented, it "added urgency" to pressing election code reforms.

Friday: hamburgers, lettuce, tomatoes, onions, pickle slices, french fries, cherry cobbler, milk.

penal code revision are only a few of the issues which will be making headlines at the capitol during the next five months... or more.

**HOUSE CHANGES URGED**—Speaker Mutscher applauded recommendations of his blue ribbon "Committee of 100" for House of Representatives reforms as offering national leadership in legislative modernization.

This committee concluded that lawmakers are underpaid (at \$4,800 a year, plus \$875 a month expense account for Representatives, \$1,700 for Senators) and suggested the appointment of a six-member commission to set maximum salary levels.

Fearing for the safety of legislators in an era of demonstrations, the panel also suggested—while questioning the practicality of its own recommendation—the glassing in of the House galleries and use of metal detectors there to discover concealed weapons.

One of the committee's top reform proposals called for a strict new code of ethics governing legislative conduct.

Other recommendations ranged over a wide field—from publicity services for House members to a suggested new \$3.75 million underground addition to the capitol and a long-range capitol area parking plan.

**COURTS SPEAK**—A three-judge federal court in Houston knocked out Texas' annual registration for voting requirement but retained jurisdiction while awaiting the Legislature's response.

AFL-CIO filed a district court suit here to set aside the State Board of Insurance order directing a 14 per cent increase in auto insurance rates.

**MOVIE CURBS EYED**—Senate committee, after hearing testimony that Texas is No. 1 in the number of theaters showing sex films, proposed the establishment of local motion picture licensing and review boards. Committee promised additional recommendations. First proposal is aimed at making it possible to revoke licenses for theaters which show films unsuitable for minors.

Prosecutors, at the Austin hearing, claimed they are without adequate legal tools, as the result of court decisions, to make effective cases against distributors of "skin-flicks."

# Hunting Bigger Bargains

**M**OST OF US are always on the trail of better values... more for our money.  
It's an entertaining habit, and—if we play it right—it gets us more of the comforts and conveniences of modern living.  
Of course, the first principle of successful hunting is... do it where the fattest game is... even if it's on your own doorstep. Being away off somewhere else doesn't make a rabbit... nor a dollar... any bigger.  
That's why Hunting Bargains at home pays off best. Because that is where the biggest

bargains are... even if we do get lured off to other fields sometimes by the siren calls of big-city operators.  
Why are the Biggest Bargains in our own home stores and service establishments?  
It's fundamental economics:  
A dollar spent at home gets you the same goods at about the same prices... but in addition it also helps to support the growth of your own community... for more vigorous schools and churches and other community services... for YOUR enjoyment and profit.

**Four-County E. O. A. C. Receives Annual Refunding of \$162,968.00**

Texas Office of Economic Opportunity Director George P. Taylor last week announced state approval during the preceding week of a community action grant of \$162,968 in new federal funds to the Economic Opportunities Advancement Corporation of Cottle, Foard, Hardeman and Wilbarger Counties with offices in the community center in Crowell.

Funded under Title II of the Economic Opportunity Act, this grant authorizes operation of the agency's activities for the 12-month period which began December 1, 1970, and ends November 30, 1971.

Program accounts and the amount of new federal funds allotted each are: CAA administration \$37,039, housing services \$9,707, general services \$56,123, emergency food and medical services \$40,196, senior opportunities and services \$19,903.

Approximately 130 families will be assisted under the housing services program through self-help projects. This is done by loaning of tools, advice and actual training in good building practices. Loan application assistance will be offered, assistance in house planning, and classes of interest to the potential home repairman will be taught in the neighborhood centers during the winter months under this program.

Approximately 79 per cent of the 3,400 families eligible for this program will participate in the general services program. In the four neighborhood centers, kindergarten classes will be taught, day care given, arts and crafts, cooking, sewing, quilting and adult education classes to assist with GED tests will be taught, counsel-

ing given for the young, and other recreation programs will be carried out. A large number of volunteer workers will be utilized in this program, in which the poverty area residents help determine what programs will be given priority in each area.

Approximately 1,360 families will benefit from the emergency food and medical services program which will provide food and medical aid on an emergency basis. Under this program, the poverty families will also be taught better food preparation and storage and how to improve menus through the use of low-cost foods.

Approximately 4,500 persons over age 65 will benefit from the senior opportunities and services program which will provide outreach services and programs at the neighborhood centers of interest to the elderly such as educational and recreational programs. A licensed vocational nurse will work with the elderly under the supervision of a local physician to assist them with their minor health needs.

**Sister of Marvin Smith Died in Wichita Falls**

**Headed for a Showdown**

All sorts of predictions have been made concerning the decade of the 1970's. Most of them have one thing in common. They foresee growth. Nineteen hundred and seventy, however, may turn out to be a year that will be looked back upon mainly as a period in which broad economic planning by government and the managed economy began their final approach to a day of reckoning as inflation maintained its deadly course.

Nineteen hundred and seventy was a year in which it became obvious to more people than ever before that government spending and government deficits are the root of high and rising prices. It was also the year in which a great many people began to doubt the ability of government to manage its own affairs, much less manage the economy and control federal spending programs. It was the year in which there was both recession and inflation—a condition for which the party in power will no doubt be blamed but, as time goes on, could become chronic, regardless of political labels. No matter where an observer turned, whether in the field of money, transportation, agriculture, housing or economics, the failure of centralized planning became painfully apparent in 1970. And the failure has not been overlooked by various studies and reports. There is now every indication that as we move further into the 70's, crises in money management will be recurring as will the generally chaotic conditions that are part and parcel of inflation. With each crisis, the chances are good that repressive improvisation of one kind or another will be brought to bear to cover up past failures of government planning.

In his outstanding book, "Legacy of Freedom," George Charles Roche III, after summing up the failure of government as a planner and regulator in a number of areas, including urban renewal, transportation and agriculture, writes, "We are told of the efficiency of planning; and every failure of the planners is immediately defended as 'due to insufficient authority to deal properly with the problem.' Yet it would be hard to envision a situation in which more total monopolistic control could be in the hands of the planners than in the case of the United States Post Office."

The Post Office has been a classic demonstration of the failure of government as a manager and planner. Even in the area of poverty, where government planning—and spending—have had wide support, the record is typical. A report of the Committee for Economic Development has concluded that not only will urban poverty be a fact of life for many years to come, but that nearly 50 per cent of those living below the poverty "line" cannot be saved without further new government spending programs—and more government planning.

And so as we enter in the second year of the 70's, the ancient conflict between statism, freedom and the individual seems to be headed toward a crucial showdown. The recession-inflation phenomenon of 1970 could carry a greater portent for the future than possibly any other event during the year. It irrevocably brought recognition of the failure of government as a planner and manager a step closer—or a year closer.

**Two Howard County Youths Gain Friends at National 4-H Congress**

Two Howard County youths who became swine experts in 1968 Gold Star 4-H boy. He served as an officer of the district 4-H Council and attended state leadership and electric camps. He was named to the All-State football team as a high school senior, was president of his senior class and ranked academically in the top one-quarter. He and a teammate, Linda Crawford, won first place in 1970 state landscape horticulture competition.

Kelly Joe Gaskins, 18, of Knott, and Johnny Peugh, 18, of Stanton, were among some 30 state 4-H'ers at the exciting Nov. 29-Dec. 3 meeting in the Windy City.

Gaskins made the trip under an educational award from The Santa Fe Railway System, which also awarded him a \$500 college

Johnny Peugh

scholarship. He is a freshman at Texas A & M University and plans to major in veterinary medicine.

Gaskins' awards were based on his overall excellence during eight years of 4-H work.

Peugh, a high school senior, received the trip as state swine award winner and was the guest of Moorman Mfg. Co.

The two youths were high school friends before Gaskins began college and they played football and basketball together. Last summer, the two organized a Little League baseball team when there was a lack of adult leaders.

Gaskins, son of Mr. and Mrs. Joe Mac Gaskins, was the 1969 state public speaking winner and received a \$50 U.S. Savings Bond. He has given speeches to 4,300 persons so far this year and was a member of the high school debate team.

He won a 1968 state oratorical contest and went on the Texas Government In Action Youth Tour to Washington, D.C. He

was chosen Howard County's 1968 Gold Star 4-H boy. He served as an officer of the district 4-H Council and attended state leadership and electric camps. He was named to the All-State football team as a high school senior, was president of his senior class and ranked academically in the top one-quarter. He and a teammate, Linda Crawford, won first place in 1970 state landscape horticulture competition.

Peugh, son of Mr. and Mrs. J. E. Peugh, began his swine project with two barrows, a feed trough and a lean-to shade in 1963. Now he has nearly 400 head of feeding pigs and breeding stock and equipment valued at \$5,000.

"The most important part of my swine operation is the end product—the pork that the consumer will buy," he said. He showed the grand champion bar-

Kelly Joe Gaskins

row at the 1969 Junior Livestock Show at the State Fair. He is president of the county 4-H Council.

He attended the district leadership workshops for the last three years and was elected a member of the district 4-H Council. He also attended the 1970 natural resources conference.

The youth was named to the all-tournament basketball team at Garden City last winter. He also is on the track squad. He plans a career in animal science.

The 4-H program is supervised by the Cooperative Extension Service which judges records of members. The awards program is arranged by the National 4-H Service Committee.

**Tax Man Sam Sez**

There has been some confusion on what IRS is going to do for taxpayers on figuring their tax returns this year. IRS will not take your shoe box full of records (?) and put it down on your Form 1040 for you—however, you can have IRS' computer figure your tax return by simply following the instructions with your Form 1040.

"Your Federal Income Tax" says: "If your income on line 18, Form 1040 is \$20,000 or less, and consists only of wages or salaries and tips, dividends, interest, pensions and annuities and you choose the standard deduction instead of itemizing your deductions, you may have IRS compute your tax for you. If you want IRS to do this, fill in lines 1 through 18 and 24, 26, 27 and 28, if applicable.

If you are entitled to a retirement income credit, attach Schedule R and enter "RIC" on line 22 of Form 1040."

If you meet the requirements and you figure that the computer can "out figure" you, just mail it to the Austin Service Center and the computer will do the rest.

## Miss Rene Daniel and Johnie Wilkins Plan Wedding January 29

Mr. and Mrs. J. C. Daniel of Crowell have announced the approaching marriage of their daughter, Rene, to Johnie Wilkins, son of Mr. and Mrs. John Wilkins of Crowell.

The wedding will be on January 29.

## Columbian Club

For their first meeting of the new year, members of the Columbian Club met in the home of Mrs. G. A. Shultz in Thalia on January 6. Reports were heard and committees appointed during the business session.

The program for the afternoon was an interesting talk on the new state park just over the line in Hardeman County, given by Ben Fulton of Quanah who showed slides to illustrate his talk. This was followed by a question and answer period.

During the social hour, the hostess, assisted by her daughter, Mrs. David Bader, served refreshments to eleven members and three visitors. The next meeting will be January 20 in the home of Mrs. Roy Barker.

## Gambleville H. D. Club

The Gambleville Home Demonstration Club met Friday, January 8, at 2:30 with Mrs. James Sandlin as hostess. Mrs. Clarence Garrett presided during the business session and was elected president, as the president, Mrs. Milton Hunter, resigned.

Opening exercise was given by Mrs. Sandlin, "Sermons We See."

Roll call was answered with "a bad habit I need to break" by nine members present. The yearbooks for 1971 were filled out. Mrs. Warren Haynie was presented the hostess gift.

Next meeting will be on January 22, at 2:30 with Mrs. Milburn Carroll as hostess. Pat Cates will give a program on 4-H. Visitors are always welcome to attend.

## Junior Leaders

The Foard County 4-H Junior Leaders met last Thursday in the community center for their first meeting this year. Remelle Marlow and Christy Shaw gave a very interesting and enlightening program on drugs. Rita Coffey presided, and Jacquelyn Brown said the prayer and Cindy Wisdom led the 4-H pledge. Sharla Haynie read the minutes and called the roll.

Delicious refreshments were served by Harold Myers, Trey Autry and Bill Myers. At the next meeting which will be January 21, hostesses will be Darla Bell, Trudy Bird and Cindy Wisdom. Ruth Brown will give the program.

## Mrs. L. A. Andrews Presents Program at WSL Meeting

Mrs. L. A. Andrews presented a most interesting and informative program on parliamentary procedure at last week's Women's Service League meeting at the community center. She was introduced by Ora Mae Fox, program chairman.

Rev. Vince Hicks, pastor of the

Assembly of God Church, will be guest speaker at this Thursday's luncheon meeting.

## USDA Lists 12 Foods "Plentiful During January"

The U. S. Department of Agriculture's January plentiful foods list may equal the length of your list of new year's resolutions, reports the Texas Agricultural Extension Service.

Pork and applesauce are featured for the month, and represent a real treat in flavor combinations. In addition to the featured items, fresh oranges, frozen concentrated orange juice, canned orange juice, dry peas, fresh apples, apple juice, fresh grapefruit, canned grapefruit juice, onions and potatoes will be plentiful.

The plentiful foods list is part of USDA's program to inform the public and the food trade about foods expected to be in abundant supply in the immediate future and in need of merchandising aid. The list is developed by USDA commodity specialists in cooperation with various segments of the industry.

Pork production during the last few months has been running well above a year ago—and October output was the largest for any month on record.

A record production of early, midseason and navel oranges will keep supplies plentiful, according to USDA's Consumer and Marketing Service. This season's grapefruit crop is expected to be a fourth larger than last season.

The nation's apple crop is estimated at around 150 million boxes, down from last year but still a large production.

A record-large summer onion crop and a record fall potato crop are sending large supplies of these popular vegetables to market. Potatoes and onions keep well, so you may want to stock up.

## Riverside H. D. Club

The Riverside Home Demonstration Club met Tuesday, Jan. 5, in the home of Mrs. Roy Ayers with the vice president, Mrs. G. A. Shultz, presiding. Mrs. Shultz read "How to Relax" and "Family Tree" for opening exercise.

Roll call was answered by "a bad habit I need to break." Yearbooks were filled out and the rest of the afternoon was spent in visiting. Refreshments were served to 9 members.

The next meeting will be a covered dish luncheon in the home of Mrs. Nell Cleveland January 19.

## News from ... THALIA

BY MRS. MAGGIE CAPPS

Mr. and Mrs. O'Neal Johnson and son, Billy, visited Junior Tate at Grapevine Sunday of last week. En route home they visited Mrs. Naomi Fitzgerald at Wichita Falls.

CT-2 Matt Bader of San Angelo spent the week end with Mrs. Bader and Eileen in the home of her mother, Mrs. G. A. Shultz.

## State Bar Proposes Modern Family Code for Texas

Austin—A law designed to deal more effectively with the problems that beset children and their parents in a troubled time will be offered in the upcoming session of the legislature. The State Bar of Texas is sponsoring the bill which, if passed, will complete the enactment of a new modern Family Code for Texas.

Specifically, the proffered legislation deals with the support, custody, and visitation of children whose parents are divorced, with adoption, juvenile delinquency and areas of the law related to these.

The provisions dealing with support, custody, and visitation, are aimed at eliminating the flaws and gaps in present laws, much of which dates back to Victorian times. As lawyers and judges know, when marriages break up, the children are often not only the spoils but the weapons in the battle between the spouses. Under present laws these private "wars" can go on almost interminably and sometimes simultaneously in several courts. The result has often compounded both bitterness and expense. The new provisions streamline the procedures for the handling of such cases. The new statutes would make clear that only one court could hear any such case and which court that is. The purpose is to save the parties money, time and inconvenience and reduce the likelihood of some of the more undesirable incidents such as "child snatching."

The new adoption provisions, while similar to the present ones, are designed to give greater protection to the children, their natural parents, and adoptive parents. A new statute providing for termination of parental rights and relinquishment of parental rights is designed to assure that natural parents will not unfairly or inadvertently lose their children. Children and the adoptive parents will be better protected in that once a child is legally adopted the possibility that the new parent-child relationship can be upset by former parents will be reduced almost to zero.

Another large section of the bill concerns handling of delinquent children and children in need of supervision. Its purpose is not only to bring Texas law in line with new United States Supreme Court requirements, but to assure protection not only to the lawless or troublesome child but to the society with which he is at odds.

Also proposed is a statute which would for the first time require that Texas fathers support their illegitimate children. Texas is one of only three states without a paternity statute and one of the few governments in the western world without one. Under present Texas law the mother is responsible for the support of the illegitimate child (and often the taxpayer) but not the father. Built into the new proposal is an elaborate system of safeguards to assure against use of the law for extortion or blackmail. A mother of an illegitimate child could not, for example, choose a wealthy, prominent man at random and bring suit against him in hopes

## Movie on Israel Will Be Shown at First Baptist Church

Across a barren land, scarred by centuries of war and neglect, the spectres of ancient Israel appear, hover, and fade away. Suddenly there is movement of a different sort, and slowly, steadily, a startling transformation begins to take place.

Thus begins "His Land," the thrilling story of Israel from ancient to modern times. "His Land," a one-hour color feature motion picture, takes you on a journey through space, times and current events. You see graphically, the fact that Israel today is a living testimony to the words of the prophets when they proclaimed that Israel would take her place among the nations of the world.

In the company of Cliff Barrows and Cliff Richard, England's popular star, who sings a number of new Ralph Carmichael songs, some of which were actually written on location, you travel the vibrant streets and lonely solitary paths of this nation whose destiny is daily discussed in the counsels of governments all over the world. . . the same paths taken by Jesus and the prophets: Galilee . . . the wilderness . . . Jerusalem . . . the Mount of Olives . . . mingle with the people of modern Israel as they work, play and build a nation.

Words of Scripture come to life as the two men reflect upon the events that in recent years have confirmed much of the ancient prophecies. You are witness to the fact that out of death and desola-

tion is emerging a new land, a "land of milk and honey," where the future climactic events of tory will take place.

"His Land," rich in color, authentic sights and sound with a popular musical score composed and arranged by Ralph Carmichael has been called a musical journey into the soul of a nation and will be shown on January 23 at 7 p.m. at the First Baptist Church.

## Fourth Quarter Estimated Tax Due January 15

The deadline for final payment of 1970 estimated federal income tax is January 15, 1971, Campbell, Jr., district director, Internal Revenue for North Texas, said this week.

Some persons may have to file an amended estimated for January 15 if their income changed substantially during the last quarter of 1970. Others may have to file an original 1040-ES by January 15 if they just met the filing requirements during the fourth quarter.

Payment of the last installment or the filing of an original amended declaration of the due January 15 is not required if the taxpayer files his 1970 income tax return and pays the tax due by Monday, January 1, 1971.

## Important Date is Here for Some Area Residents Over 65

A very important date is here for some area residents over age 65, stated Wayne Klipping, manager of the Vernon social security office. January 1 was the beginning of a three month "general enrollment period" provided for under the social security medicare law. A person who is eligible but has never enrolled in part "B" of medicare can sign up during this "open" period which ends on March 31, 1971, Klipping stated. Medical coverage will be effective the following July 1.

Part "B" of medicare or medical insurance helps pay for doctor bills, diagnostic tests, and certain other medical expenses incurred outside the hospital, Klipping added.

This will be the last chance to enroll for those people born between October 1, 1902, and September 30, 1903, the manager emphasized. Those born before October 1, 1902, and who never enrolled are not eligible.

A person who enrolls for part "B" during the "open" period will have to pay a slightly higher rate if he has had an earlier opportunity to sign up.

**HALF HITCH says:**

**Two Minutes With the Bible**

"Sickness and Sin"

One thing that really concerns this writer about modern life, is how sin is constantly called sickness. A man commits some moral outrage and they say he is sick—they even tell him that. I went to see a man some time ago who had fallen into unspeakable immorality and it had caught up with him. For years his sanctimonious life had been a sham; now the mask was torn off and he was in trouble—real deep trouble. I had been telling him that now his best course was to make a clean confession—to the courts and to God. But someone else had

gotten to him first. While he listened, this man had told his wife: "You must get Jim to see that he's sick and needs help. I'm not condoning what he has done, but I'm hopeful that if he gets the proper help he can be cured." What a way to evade the sin question! Of course the man was sick—I imagine you and I would be sick too if we lived as he had. But let's get this straight! His sickness came from his sin, not his sin from some sickness. He would have been far better off to sob out his heart in contrition before God and for his sin than to excuse his conduct on the grounds of illness. Rom 5:12 says: "By one man sin entered into the world and death by sin" and Rom. 6:23 says: "The wages of sin is death."

The sobering fact is that while there may be differences in the kinds of sins we commit, or in the degrees of our sin. Rom. 3:23 declares that there is no difference in this, that "all have sinned and come short of the glory of God."

That's why we are so pleased and proud to proclaim "the gospel of the grace of God," how Christ paid the penalty for our sins that we might have a perfect standing before a holy God, "being justified freely by His grace, through the redemption that is in Christ Jesus" (Rom. 3:24). "Thanks be unto God for His unspeakable gift!" (II Cor. 9:15).

**Hog Numbers Are Up in Texas**

Texas hogs and pigs of all ages on farms on Dec. 1, 1970, totaled 1,419,000 head, up 48 per cent from a year earlier, reports the Texas Crop and Livestock Reporting Service. The June-Nov. 1970 pig crop was up 43 per cent. Nationally, hog and pig numbers were up 19 per cent and the June-Nov. 1970 pig crop was up by 18 per cent.

**Record Dividends Due GI Insurance Policy Holders**

Jack Coker, director of the Veterans Administration regional office in Waco, announced last week that a record \$275 million in dividends will be paid in 1971 to more than 4.1 million veterans holding World War I and World War II insurance policies.

He said the higher dividends are possible because of increased interest earning of the National Service Life Insurance (NSLI) and United States Government Life Insurance (USGLI) trust funds.

Coker noted that dividends totaling \$255 million and averaging about \$64 apiece will go to about 4,000,000 veterans with NSLI (World War I) policies.

The 163,000 veterans with USGLI (World War I) policies will receive \$20 million in dividends, averaging about \$122 apiece. All dividends will be paid in 1971 on the anniversary dates of the policies, Coker said.

The director stressed that since payment of dividends will be automatic, veterans need not write to the VA to receive payment. Veterans who have instructed VA to retain their dividends will receive appropriate statements, he advised.

In 1970, more than 4,191,000 veterans with NSLI and USGLI policies received \$264 million in dividends. Those with USGLI policies averaged more than \$115 apiece, while those with NSLI policies averaged nearly \$61.

Coker explained that the amount of dividend a veteran receives depends on such factors as the plan of insurance, age of the insured, age of the policy and its face value.

**Two Cars Collide on US 70 East Last Friday**

A two-car accident at the corner of Fifth Street and East US 70 last Friday afternoon damaged both vehicles involved, but no injuries were reported by Sheriff Dan Callaway.

The accident involved a 1958 Plymouth station wagon driven by Butch Stubble and a 1966 Chevrolet driven by Mrs. Sam Newsum, according to Callaway.

The accident was investigated by Highway Patrolman Gene Kea of Quanah.

**Estimated Income Tax Deadline For Farmers**

Farmers who earned at least two-thirds of their 1970 gross income from farming should file their 1970 declaration of estimated federal income tax by January 15, 1971, using form 1040-ES (F).

However, farmers do not have to file an estimate if they file their 1971 return and pay all the tax due by Monday, March 1, according to Ellis Campbell Jr., district director of Internal Revenue for North Texas.

**1970 Texas Crop Production**

The Texas Crop and Livestock Reporting Service says production of the crops of barley, broomcorn, upland cotton, corn, all hays, peanuts, potatoes, sorghum grain, sweet potatoes, alfalfa seed, sweet-clover vetch seed and pecans were higher than in 1969. Less production in 1970 was registered for American-Pima cotton, flaxseed, rice, rye, soybeans, sugarbeets and wheat. Corn and sorghum grain crops set record yields and corn yields per acre for the first time were above those for sorghum grain.

**Registration Set at West Texas State U.**

West Texas State University opens for spring semester registration Jan. 14-16 in the activities center. Dr. Donald Cates, dean of admissions and registrar, said this week.

Students who were not enrolled past semester but plan to re-enter this spring must fill out readmission applications.

He said returning students should bring to registration all materials they received the week of finals and their fall grades.

**Notice to Bidders**

Notice is hereby given that the Commissioners' Court of Foard County, Texas, will on the 8th day of February, A. D. 1971, at 10:00 A. M., in its usual meeting place in the Courthouse at Crowell, Texas, proceed to receive and consider competitive bids for the purchase of the following described road machinery:

"One Heavy Duty Motor Grader, fully hydraulic, powered by Diesel Engine of not less than 135 Horse Power, the weight to be in comparison to such Horse Power, fully equipped with starter, heater, generator, fully enclosed cab, 14 ft. power sliding moldboard and tires no smaller than 1400 x 24 in size, both front and rear,"

and will at such time let a contract therefor if any bid be accepted; all such bids to be made as required by law, but the Court reserves the right to reject any and all bids received. The successful bidder shall be required to execute a good and sufficient guaranty as to the uniform fitness of such machine and its soundness, and if required, to furnish a good and sufficient bond, executed by some surety company authorized to do business in this State, in accordance with the provisions of Article 5160, Revised Civil Statutes of the State of Texas, 1925, and amendments thereto.

The Court offers as a trade-in and as part payment one used Huber-Wareo Motor Grader with scarifier, which may be inspected at the County Warehouse in Crowell, Texas; if any bid be accepted by the Court, it is the intention of the Court to pay a portion of the purchase price in cash and the balance to be represented by a Lease Contract, provided said lease contract shall not exceed the sum of \$20,000.00, payable in an amount not less than the sum of \$4,000.00 per year, and to bear interest at a rate not to exceed five per cent per annum. Such lease contract shall extend over a period of time not to exceed five years and the last payment due on such contract shall not be later than December 31, 1975.

PUBLISHED BY ORDER OF THE COMMISSIONERS' COURT OF FOARD COUNTY, TEXAS, pursuant to a Resolution passed by said Court on the 11th day of January, A. D. 1971, in Volume 8, Page 259, of the Minutes of the Commissioners' Court of Foard County, Texas.

**Adults Who Smoke May Be Harming Children in Family**

Canyon, Texas—A West Texas State University professor says that adults who smoke may be harming the children around them.

In research conducted at Texas A&M University, Dr. A. J. Luquette (Lou kett) 44, discovered that a smoking environment increased significantly the heart rate, blood pressure and amount of carbon monoxide in the blood of children from both smoking and non-smoking homes.

Research also indicated that children from smoking homes actually had higher heart rates, blood pressures and carbon monoxide in the blood than the children from non-smoking homes. The extent of the research did not permit a conclusion to the possibility of cancer as a result of continued exposure to cigarette smoking, he said.

Luquette will present his findings to the Southern District of the American Association of Health, Physical Education and Recreation Feb. 26-28 in Oklahoma City.

The findings are a part of his doctoral research, "Some Immediate Effects of a Cigarette Smoking Environment on Children of Elementary School Age," completed in 1969 at Texas A&M. Luquette, then a graduate assistant, worked under the direction of Dr. Carl Landiss, chairman of health and physical education, and Dr. Donald J. Merki of Texas Woman's University.

A similar report was presented by Luquette at the National School Health Conference last November in Philadelphia.

"Although the long-range effect on the health of children subjected to cigarette smoke is not yet

**Daughter of Former Crowell Resident Died Thursday**

Amanda Lee, 8-year-old daughter of Mr. and Mrs. Robert Lee of Wichita Falls, died suddenly of a cerebral hemorrhage at the family home in Wichita Falls last Thursday night. Funeral services were held Saturday at Owens-Brumley Funeral Home in Wichita Falls.

Amanda is survived by her parents, three sisters and one brother. The mother is the former Miss Vera Lee, who lived in Crowell a number of years ago and is a niece of Mrs. Mack Gamble, Ed. Charlie and Dence Huskey, all of Crowell.

Attending the funeral from here were Mr. and Mrs. Ed Huskey and Mrs. Walter Ramsey.

known, the immediate effect is similar to the smoke's effect on smoker, but on a smaller scale," Luquette said.

Children used in the experiment came from the families of the faculty and staff at Texas A&M. The group of 52 children ranged in age from 6 through 13 years. Thirty male children and 22 females were studied, with 29 coming from non-smoking homes and 23 from smoking homes. Each was subjected to 30-minute exposures to a poorly ventilated smoking environment before examinations and blood samples were taken.

Luquette joined the West Texas State faculty as an assistant professor of health and physical education in 1969. He received a bachelor of science degree from Stephen F. Austin State College in 1951 and a master of education degree from the University of Texas in 1957. A native of Beaumont, he was a teacher and athletic coach at W. B. Ray High School in Corpus Christi and athletic director at Brenham Independent School District prior to his doctoral studies.

**Here a Run, There a Run**

Without a two-minute warning or a 24-second clock to their name, the Houston Astros got involved in sports' bigger and better "point production" in 1970. A total of 1,507 runs crossed the plate in Houston's NL games this season. The Astros scored 744 while allowing 763. Both totals are all-time Houston records.
