VACCINATION DAY—Dr. Doug Matthews of Vernon shown above as he fills out a form after vaccinating a horse on the VEE program here Saturday, July 24, J. C. Eavenson (part in mouth) assisted Dr. Matthews. Horse owner R. P. ... is also shown (back to camera). One hundred and thirty horses were vaccinated here that morning, County Agent Burkett reported. (News photo)

VEE VACCINATION SATURDAY—Dr. Matthews is shown filling out necessary forms as Delton Coffey (left) looks at two of his horses just vaccinated. Jackie Eavenson (face partly hidden) also assisted with the vaccination. Veterinarians were in the county several other days last week vaccinating horses. (News photo)

Mrs. Ella Ingle, 89, Foard Pioneer, Died Sunday

Last Rites Held at First Baptist Church Tuesday Afternoon

Mrs. Ella Ingle, 89, resident of Foard County for the past 66 years, died in General Hospital in Wichita Falls Sunday morning, August 1, following a long illness. Funeral services were held on Tuesday afternoon, August 3, at 3 o'clock at the First Baptist Church in Crowell. Officiating were Rev. Wendell Leach, pastor of the Texas Street Methodist Church in Vernon; Rev. Wilson Holman, pastor of the Margaret and Thalia Methodist Churches; and Rev. Floyd Brock, pastor of the Margaret Baptist Church. Interment was in the Crowell Cemetery with Womack Funeral Home directing. Pall bearers were Cotton Owens, J. T. Tamplin, Ray Hysinger, Jack McGinnis, Arthur Owens of Wichita Falls, Lowell Tamplin of California and Larry Rozzell and Joe Russell, of Vernon. Mrs. Lou Ella Ingle was born Nov. 4, 1881, at Clarksburg, Tenn., daughter of the late Mr. and Mrs. Lycurgus Pruitt. She was married to Wright Ingle Feb. 27, 1901, and they moved to Margaret in 1905. Mr. Ingle died on March 28, 1947, and she continued to live on the farm until her health failed a few months ago. She is survived by three sons, Earl Ingle of Margaret, Carl Ingle of Quanah and Cecil Ingle of Vernon; four daughters, Mrs. Luther Denton of Crowell, Mrs. A. B. Owens and Mrs. W. J. Murphy of Margaret and Mrs. Lee Blevins of Vernon; two half-brothers, Roy Pruitt and Joe Pruitt of Huntingdon, Tenn.; one sister, Mrs. Ida Turner of Huntingdon, Tenn.; 3 half-sisters, Mrs. David Turner, Mrs. Eula Kirkey and Mrs. Oliver Fields, all of Huntingdon; 11 grandchildren; 21 great grandchildren and 1 great great grandchild. In addition to her husband, she was preceded in death by one daughter, Dessie Ingle Feb. 2, 1902; and one son, Cherry D. Ingle, April 9, 1918.

News About Our MEN IN SERVICE

Chief Petty Officer David Shuit has returned from a tour of duty with the Navy in the Mediterranean Sea. His wife, the former Martha Fish, daughter of Mr. and Mrs. Henry Fish of Crowell, flew to Germany to join her husband and toured European countries for five months. They visited in Spain, France, Italy, Austria, Greece and Malta. Mrs. Shuit arrived by plane at Jacksonville, Fla. July 6, and her husband who is serving aboard the aircraft carrier, USS Franklin D. Roosevelt, arrived in Jacksonville July 25. They left here Tuesday en route back to Jacksonville after visiting Mr. and Mrs. Fish here.

Homecoming Set for Aug. 8 at Thalia Church of Christ

Gospel Meeting Also Begins Sunday at Thalia Church

A man who was born and reared at Thalia will be returning home next week to preach at a gospel meeting to be held at the Thalia Church of Christ. That man is John H. Banister, son of the late Mr. and Mrs. H. W. Banister of Thalia. He is now minister of the Skillman Avenue Church of Christ in Dallas. Mr. Banister has one sister, Mrs. Oliver Holland, still residing in the Thalia community. The gospel services will begin at 10 a. m. and 8 p. m. each day starting Sunday, August 8, and continuing through August 13. A special homecoming day is being planned for Sunday, August 8, to which all former members of the church are invited. Dinner will be served following the morning worship service. The public is invited to attend these services.

Revival Meeting in Progress at Truscott Methodist Church

A five-day revival meeting is planned at the Truscott Methodist Church beginning Wednesday, August 4, and continuing through Sunday, August 8. Rev. Walter L. Driver, pastor of the Truscott church for the past two months, will be doing the preaching for the meeting. Mrs. Newell Looney will be the song leader and Mrs. Curtis Casey will be pianist. Services will be held at 8 p. m. Wednesday through Saturday and the last service of the revival will be at 9:30 a. m. Sunday. The Truscott church invites the public to attend. Rev. Driver is also pastor of the Crowell Methodist Church.

Murry Bullion Is Named to Dean's Honor Roll at Tech

Murry Bullion, son of Mr. and Mrs. Paul Bullion of Truscott, was named to the dean's honor list for the spring semester at Texas Tech in Lubbock. Murry is a 1970 graduate of Crowell High School.

Significant Statistics

Texas human population increased 17 per cent from 1960 to 1970. Largest population growths occurred in Montgomery, Denton, Parker and Deaf Smith counties. Greatest declines came in Winkler, Foard, Hutchinson, Hudspeth and King counties.

School Board Hires Bus Drivers at Monday Meeting

The Crowell School Board at its regular August meeting Monday night employed nine bus drivers for the coming year. They are Allen Taylor (whose route will be driven by Marcus Mills for awhile), Jimmy Quintero, M. L. Crosby, George Fox, Pete Russell, Pat McDaniel, Boots Henry, Ray Quintero and Ray Glasscock. The board consolidated two of last year's routes and will be running one less bus this year than was operated last year. The board okayed the paying of \$1,507.72 in current bills.

Following a discussion of the kindergarten program for the local schools, the board rescinded a previous order calling for \$25.00 per month tuition for those not qualifying according to state standards, and will devote more study to the program and will consider the possibility of a kindergarten program of one-half day. The kindergarten program, (for children with a language handicap or whose parents' income is \$3,000 or less per year) must be offered by the school, but attendance is not compulsory for those children who are qualified. The board accepted the Oak Farms Dairy bid for furnishing milk to the school cafeteria during the coming year. Supt. Larry Jones reported to the board that the new water line has been completed to the grade school. The new 2-inch line was put in with hopes of increasing water pressure to the grade school during peak periods of use. Jones also stated that the immunization law is compulsory for all children. He said he will provide the News with complete information on the immunization requirements in the near future. The board also spent some time Monday night studying the proposed budget for the coming year.

Young Medical Student Here for Five-Weeks Stay

Roger Aertker of Fort Worth and sophomore student at the University of Texas Medical Branch at Galveston, arrived here Sunday night to begin a five-weeks period of the study of medicine in a smaller community. He will be working with Dr. Walter Stapp. Sponsored by the Student American Medical Association, this is the first year for the program in which about fifty students from medical schools from this section of the United States are spending five weeks in small communities studying with local doctors. Mr. Aertker said Monday that he plans, upon the completion of his medical education, to practice medicine in a small town—however, not as small as Crowell. He is staying at the L&O Motel during his five weeks here.

Revival Meeting Planned at Gilliland Baptist Church

The Gilliland Baptist Church will have evangelistic services beginning August 8 and continuing through August 15. Rev. Laine Crowe will be the evangelist. He is the pastor of the First Baptist Church in Devol, Okla. Rev. Charles Galloup, pastor of the Gilliland church, will lead the songs. The first service will start at 7:30 p. m. and the rest of the week services will begin at 8:15 p. m. The meeting will end with the Sunday morning services. Everyone is invited to attend.

Crowell Coaches Attending Coaches School This Week

Scott Boyd Receives Nomination as Track Coach of the Year

Coaches Scott Boyd and Bob Cook are in Fort Worth this week for the annual Texas Coaches Association meeting. Registration got underway Sunday and various clinics were held Monday through Thursday with the Texas all-star basketball game being played on Wednesday night and the all-star football game Thursday night. Sunday's edition of the Wichita Falls Times stated that CHS Coach Boyd was nominated for Texas High School Track Coach of the Year; however, Leroy Leopold of Port Arthur Lincoln received the track-coach-of-the-year designation. Boyd's Crowell Wildcats won the state class A track championship in Austin back in the spring. The basketball game will be played at the Tarrant County Convention Center and the gridiron battle will be at TCU stadium. Returning from the convention, the coaches will have one week to make preparations for football workouts that are scheduled to get underway Monday, August 16. Since school starts August 18, the Wildcats will have only two days of two-workouts-a-day before the beginning of school. According to last week's edition of the Archer County News, Bobby Ray, coach of the Archer City Wildcats, agreed with Dave Campbell's Texas Football Magazine that Holliday will be the team to beat in District 8-A. But he was quick to note that Crowell is no "lame duck."

Local Merchants Sponsor "Last Rose of Summer" Sale

Stretch your dollars at the "Last Rose of Summer" Sale! This Friday, August 6, will be an excellent opportunity to stretch your family dollar by taking advantage of a special end-of-the-season sale sponsored by The Foard County News and local businesses. On page 3 are the advertisements for this special one-day promotion. Local merchants participating in this promotion are: Brooks Auto Supply, Foard County Lumber Co., Bird Dry Goods Co., Gentry's Department Store, Gentry's Grocery-Hardware, Womack's, Marjorie's Dress Shop, Myrna's Fashion Fabrics, Foard County News. Support these merchants: they support our school, churches and community.

Scattered Rain Falls in County Last Thursday

Heavy Downpour in Crowell Brings Over Inch of Rain. Showers, kicked off in this area by the approach of a cool front last Thursday afternoon, brought almost an inch of rain to Crowell—.99 inch—as measured by the government gauge. Some gauges in the east part of town registered up to 1.3 inches, and the plowed wheat field joining the city on the east looked like a lake about 5 p. m. last Thursday. The rain stopped a few miles east of here, but started up again in the Thalia area, bringing about an inch to that area, with up to 2 inches reported southeast of Thalia. No moisture was reported to the west of Crowell; neither was any rain reported in the south part of the county. Thursday's shower brought the July total for Foard County as measured by the government gauge here in Crowell, up to 2.19 inches. The moisture and fronts which brought the moisture into the area have been responsible for some beautiful, fall-like weather the past week with the mercury falling into the upper 50's and low 60's at night, and in the 80's and low 90's in the daytime—a great difference from the previous highs of 105 and 106.

Thirteen 4-H'ers Enter Record Books for Judging

Thirteen Foard County 4-H'ers entered their record books for competition on district and state level, according to a news release from the Foard County extension agents. Those entering their record books in the junior division were: April Werley, consumer education, blue ribbon; Jacquelyn Brown, consumer education, blue ribbon; Tracy Shaw, consumer education, blue ribbon; Rhonda Westbrook, food and nutrition, blue ribbon; Rocky Marlow, agriculture, blue; Jerry Daniel, sheep, blue; Duane Daniel, beef, blue; and Michael Daniel, wildlife conservation, blue. In the senior division were: Remele Marlow, consumer education, second place, red ribbon; Ruth Brown, citizenship, second place, red ribbon; Karen Statser, dress revue; Christy Shaw, home improvement, third place, white ribbon; and Renee Westbrook, food preservation, first place, blue ribbon. Renee's record book will be sent on to state for state judging. Miss Helen Fincher, CHDA, said Monday.

Kiddies' Pictures Will Be Taken on Wednesday, Aug. 11

Wednesday, Aug. 11, is the big day to take living color pictures of area little ones. The News is having pictures taken of all children accompanied by their parents or other guardian at the L&O Motel, room 11, between the hours of 10 a. m. and 5 p. m. absolutely free of any charge or obligation. A professional children's photographer will take the pictures. There is no charge or obligation for taking the pictures. Parents don't even have to be a subscriber to the News, and do not have to purchase pictures either. Proofs will be shown in color and parents may obtain color portraits by arranging direct with the studio representatives. The pictures appearing in the newspaper will be in black and white. In keeping with the quality feature policy of this newspaper, we want to make this a memorable feature. This means we want all the pictures of local youngsters we can get to run in the paper. Appointments are not necessary, but could help prevent having to wait. Call Mrs. Tom Smith, 684-4311 to make an appointment. The pictures to be run free in the News will be of children 10 years of age and below.

CHS Student Registration Set For August 9, 10

Registration for high school students has been set for Monday and Tuesday, August 9 and 10, according to High School Principal L. H. Wall, Jr. Registration time will be from 8 a. m. until 4 p. m. each day. "We would like to have all students that possibly can to register these days," Mr. Wall added.

Truck Strikes Tree Killing Heavy Load on Thursday

Four Accident Victims Rushed to Wichita Falls

Four persons were injured, two fatally, in a one-car accident Friday afternoon during a heavy storm one mile east of Crowell. A 1969 Chevrolet, driven by Gladys Carter, 25, of Clarksville, Okla., crashed head-on into a tree after Mrs. Carter failed to take a curve in the road due to heavy rains. Mrs. Carter and her six-year-old son, Bruce, were taken to the intensive care unit of Wichita Falls General Hospital, both in critical condition. Also rushed by ambulance to Wichita Falls were her son, Randy Carter, 3, and Raymond Pierce, 11. All four were taken to the Foard County Hospital in Crowell before being transferred to Wichita Falls. Foard County Sheriff Edward Ward assisted Highway Patrolman Stanley Hill of Quanah in resigning the accident.

Lawrence Garrett Dies Best Days to Kill Johnsongrass

Lawrence Garrett said last week at the best dates to kill Johnsongrass by plowing this year will be on August 21, 22, and 23. Mr. Garrett says he obtains his information from the Alabama. He said the three days also will be a good time to kill noxious weeds by plowing.

Band Practice to Start August 11th

Band practice for the coming school year will get underway on Wednesday morning, August 11, at 8 o'clock, James Streit, CHS band director, announced this week. Band students will meet at the band hall and Mr. Streit said that seventh grade band students should also attend the band practice.

Westover Family Moves to Margaret to Make New Home

Mr. and Mrs. Melvin Westover have moved from Phoenix, Ariz., to Margaret to make their new home. They bought the house and lots across the street from the Hudgens Grocery in Margaret. They purchased the property from Mrs. Bess Gleaton of Bangs, a former resident of Margaret. Mr. and Mrs. Westover have five children, Rose Ann, Della Marie, Melvin, J. R., David and Elizabeth. Mrs. Westover is the daughter of Mrs. Jesse Ferguson of Crowell. The Westovers are planning a flower and plant nursery. He has had several years experience in nursery work in Phoenix.

Relatives of Mrs. Jim Ewing Succumb

Mrs. Jim Ewing lost two close relatives by death during July. Her brother, Wallace Thurman, died July 28 in Oildale, Calif., and her nephew, Harry Aspren, died July 30 in Memphis, Texas.

County Wheat Allotments Are Same as '71

Foard County wheat allotments for 1972 will be approximately the same as the 1971 allotments, according to Mrs. Jean Reeder, of the local ASCS office. The national wheat allotment for 1971 was 19.7 million acres and the 1972 wheat allotment will be the same as the 1971 wheat allotment, according to Mrs. Reeder. However, the set aside requirements for wheat will be 83 per cent of the allotment, instead of the 75 per cent for the 1971 crop. Barley will be considered a feed grain in 1972. This crop was not considered as a feed grain crop in 1971 for payment purposes. The substitution provision between wheat and feed grain will again apply for 1972 as it has for the last several years.

Doesn't Want to Miss a Thing

"Reading a metropolitan newspaper is like eating a meal at a big restaurant—you pick and choose from what's offered. But reading the home town weekly is like eating a good old home-cooked meal. A fellow doesn't want to miss a thing."—Saugerties, N. Y., Catskill Mountain Star.

YOUR NEWS MAKES THE FOARD COUNTY NEWS! CALL YOUR LOCALS TO 684-4311

**News from . . .
THALIA**

BY MRS. MAGGIE CAPPS

**SALT
WATER**

Salty water from springs in the western part of the state must be prevented from entering the Red River if water quality is to be improved in Lake Texoma.

This conclusion was reached in a report issued by the Texas Water Development Board.

The report points out that high mineral content causes Red River water to be unsuitable for public supply throughout most of its reach in Texas.

In the semiarid western part of the basin are many saline seeps and springs which produce most of the salt load in Red River above Texoma.

Water quality in the river has also been degraded by residual brine from oilfield disposal methods that are now prohibited, the report says.

Evaporation during impoundment, coupled with waste water from various uses of the reservoir waters, will also degrade tributary waters entering the Red River, the report says.

Salinity problems in the basin have been studied by various federal agencies, and the U. S. Public Health Service reported in 1964 there are 10 primary natural brine emission areas in the Red River basin.

The Corps of Engineers has constructed an experimental salt control project at Estelline Springs, and Congress has authorized construction of salt control projects on three tributaries of the Wichita River.

The Corps of Engineers has proposed five additional projects in the Red River Basin, four in Texas and one in Oklahoma.

Information on these can be found in the report, available without charge, from the Water Development Board, P. O. Box 13087, Austin, Texas 78711.

Step Saver

To save steps while house cleaning, wear an apron or smock with large pockets. You can carry needed cleaning items as well as have pockets for items you pick up as you clean, explain home management specialists at Texas A&M.

May Be Worth It

"The government mis-spends and wastes an enormous amount of money, but it may be worth that much to the taxpayers to have something to put the blame on for many of their frustrations and troubles."—Alamo, Texas, News.

From the News . . .

**THIRTY
YEARS AGO**

News items below were taken from the Thursday, August 7, 1941, edition of The Foard County News:

A group of FFA boys left Wednesday morning on a fishing trip. They plan to spend four days fishing near San Angelo on the South Concho River. The group will be accompanied by Marvin Myers, Coach Graves, Pat McDaniel and Otto Davenport. Boys going on the trip are J. W. Sollis, Bill Cox, Harold Wallace, J. T. Hughton, Pat McDaniel, Jr., Dan Pechacek, Billy Beggs, Harry Harwell, Albert Bird and Harold Canup.

Bob Moyer and Clyde (Sonny) Eddy left Sunday for Compton, Calif., where they will visit Mr. Moyer's sister, Mrs. W. C. Johnson, and family. They expect to enter an airplane school at Los Angeles or Long Beach and when the course is finished to secure employment in the aircraft industry.

The new highway bridge across the Wichita River will be completed and ready for traffic to pass over Sunday, August 10, it was announced Wednesday by Vance Favor, maintenance foreman.

Lt. Gov. Coke R. Stevenson became Governor of Texas Monday when Governor W. Lee O'Daniel took the oath of office and became a Senator for the State of Texas in Washington, D. C., the nation's Capitol.

Harvey Crosnoe, local FFA boy, received a Lone Star Farmer's degree this summer. With this degree, he was given a gold FFA emblem. This is the highest award offered by the State FFA organization.

C. Grady Graves received his Master of Education degree at the close of the summer term at A&M College.

Students of the Truscott High School 11th and 12th grades, have been transferred to Crowell and will attend school here next term which will open on Sept. 8, it was announced Tuesday by Supt. I. T. Graves.

The 370-ton U. S. gunboat, "Tutuila," was struck by bombs during a Japanese rain on Chungking, China. It is reported the boat was in the so-called "safety zone" when she was hit. There were no casualties. Japan has promised the U. S. government a complete investigation and full indemnities. The "Tutuila" was built in 1927.

Mr. and Mrs. Karn ten Brink moved Monday to Vernon. Mr. ten Brink is an employee of The Texas Company and has been transferred from the Texaco oil field west of Crowell to the Fargo field in Wilbarger County.

J. H. Lanier, Jr. returned Tuesday with his combine from Panhandle where he had been harvesting wheat. He reports that the harvest is over in that section.

Mr. and Mrs. Esca Brown left Monday for a vacation in Surphur Springs, Austin, and other cities.

Yvonne McLain returned from Abilene Sunday after a week's visit with her sister, Oma Floy.

**News from . . .
MARGARET
and Riverside**

Mr. and Mrs. M. F. Smith of Lovington, N. M., visited her sister, Kathleen Robertson, Saturday. Mrs. Robertson visited Mrs. Ronnie McNabb and family in Vernon Thursday.

Mr. and Mrs. August Rummel were in Wichita Falls Tuesday where she had a medical checkup.

Mrs. August Rummel visited Thursday with her sister, Mrs. Emma Schulz, at Lockett.

Mr. and Mrs. August Rummel and daughter, Mrs. Charles Coker and family of Vernon enjoyed an outing at Lake Kemp Sunday.

Mr. and Mrs. Thad Hopkins of Zacaweista Ranch visited Mr. and Mrs. R. L. Hudgens Sunday.

Mr. and Mrs. R. L. Hudgens visited their granddaughter, her husband and baby, Mr. and Mrs. Mike Payne and baby of Chatman, Kansas, in the home of Mr. and Mrs. Roy Payne Saturday night.

Johnny Robertson of Snyder visited his parents over the week end and celebrated his 24th birthday, Monday, August 2.

Mr. and Mrs. L. B. Robertson spent Sunday afternoon at Quartz Mountain Lodge, Okla.

**Area Farmers and
Ranchers Borrow \$23
Million from RPPCA**

Area farmers and ranchers borrowed almost \$23 million from Association during the first six Rolling Plains Production Credit months of 1971, according to J. L. Hill, Jr., president.

This figure represents an increase of more than \$1.2 million over the same period last year.

Texas' 34 Production Credit Associations loaned more than \$448 million the first half of 1971, an increase of \$33 million over the same period last year.

Rolling Plains PCA has offices in Childress, Matador, Munday, Spur and Stamford. The association makes agricultural loans in Briscoe, Childress, Collingsworth, Cottle, Dickens, Donley, Foard, Hall, Hardeman, Haskell, Jones, Kent, King, Knox, Motley, Shackelford and Stonewall counties.

William Tell was a Swiss patriot who lived in the 14th century.

The Purpose of the Law

"Therefore by the deeds of the law there shall no flesh be justified in His sight . . ." (Rom. 3:20).

It is strange that so many sincere people can so misunderstand God's written Word as to suppose that He gave the law "to help us to be good" or "as a rule of life."

The law was not given to help us to be good, but rather to show us that we are sinners and need a Savior. Rom. 3:22,23 says that "there is no difference, for all have sinned and come short of the glory of God."

How foolish, then, to look to the law for help. It is not the function of the law to help the criminal, but to condemn him. Thus the Bible teaches that the law was given:

"That every mouth might be stopped, and all the world might be brought in guilty before God" (Rom. 3:19).

"For by the law is the knowledge of sin" (Rom. 3:20).

"The law entered that the offense might abound" (Rom. 5:20).

"That sin by the commandment might become exceeding sinful" (Rom. 7:13).

"It was added because of transgression" (Gal. 3:19).

This leads us to the conclusion: "Therefore by the deeds of the law shall no flesh be justified in His sight" (Rom. 3:20).

This makes sense, for doing a few good deeds cannot right the wrongs we have done. Good is what we should do, hence should not expect additional credit for it.

But, thank God, "Christ died for our sins" (I Cor. 15:3) and "by Him all who believe are justified" (Acts 13:38).

"Therefore we conclude that a man is justified by faith without the deeds of the law" (Rom. 3:28).

"Believe on the Lord Jesus Christ, and thou shalt be saved" (Acts 16:31).

Cotton's Markets Demand Adequate Supply of Fiber

If you can't get what you want in one store, you will go across the street to another store and ask for it. This is the way of life in the market place. It applies to textiles just as to any other product.

Mills have a choice of raw materials to process. For some time, they have been turning to synthetics. This has cut significantly into cotton's share of the market. Failure to capitalize on the demand for cotton by not providing an adequate supply, however, could jeopardize markets and the grower's investment in land, equipment, and other cotton production resources. This has prompted the U. S. Department of Agriculture, the ASCS and state agricultural extension services to join with the National Cotton Council in a campaign for "Better Cotton Yields for Profits and Markets" in 1971.

They point out that a better yield can bolster the grower's net income, increase his payment base under the government farm program, and build greater markets for cotton. Cotton is an essential commodity. It is highly important not only to the economy of Texas but to the country as a whole. The effort to increase cotton yields and strengthen markets deserves support.

Now, the consumption decline has been checked. Youth is demanding color and comfort in apparel and cotton is the ideal answer. Sales of prints, knits, corduroys, denims, and other cottons are holding up well and this is reflected in a stronger demand for cotton. This turnaround is encouraging to cotton farmers who have been putting up a dollar a bale for research and promotion to strengthen their markets.

Musical Group to Entertain at Southwest Rural Meeting

The talented Mark V musical group will entertain at the Southwest Rural Electric Association annual meeting in the air conditioned Altus High School auditorium Thursday, August 12. The group represents a combined musical background of some 50 years in the entertainment field. Three of the group's members were formerly with the na-

tionally known recording band, "The Humdingers," who performed in Atlantic City, N. J., last summer.

The Mark V will put on a program designed to appeal to the whole family. They are slated to go on stage at 7:30 p. m.

Vickie Killian of Vernon and Marita Abernathy of Altus will show slides and tell about the trip they made to Washington, D. C., recently.

Registration for the many valuable attendance prizes will begin at 6:30 p. m. Grand prize this year is a color television set.

Former Crowell Resident Married at Anadarko, Okla.

Miss Loretta Amargyllis Bingham became the bride of Gary Lee Butler in a marriage ceremony performed at 8 p. m. Friday, July 16, in the Assembly of God Church in Anadarko, Okla.

The bride is the daughter of Rev. and Mrs. Kenneth Bingham and the groom's parents are Mr. and Mrs. Freddie E. Butler, all

of Anadarko.

The Bingham family formerly resided in Crowell during which time Rev. Bingham was pastor of the Assembly of God Church.

Rev. Bingham, father of the bride and pastor of the church, performed the ceremony.

The sanctuary was decorated with an archway entwined with greenery, centered with wedding bells, large white bows, and four seven-branched candelabra. A white prayer bench was used to solemnize the ceremony during

a prayer of dedication and during the singing of the Lord's Prayer.

Mrs. Amargyllis Farr of Iowa Park, aunt of the bride, was organist, and accompanied Clyde Bingham, brother of the bride, of Anadarko, as he sang "Always," "Whither Thou Goest," and "The Lord's Prayer."

Given in marriage by her grandfather, Grady Bingham of Route 5, Vernon, the bride wore a gown of peau de soie accented with lace appliques and seed pearls. Her veil of illusion was held by a cluster of organza rosebuds with petals outlined in pearls. She carried a cascade of white pompons centered with white orchids showered with ribbon streamers atop a white Bible.

Miss Mary Farr of Iowa Park, cousin of the bride, was maid of honor and Miss Rhonda White of Anadarko was bridesmaid. They wore floor length dresses of magenta jersey fashioned with round neck, puff sleeves and full gathered skirt accented with large white bows in the back. Their headpieces were white bows with white streamers tied in love knots. Each carried clusters of white pompons accented with white and magenta streamers.

Candlelighters were Don Dabney of Oklahoma City and Allen Bingham, brother of the bride, of Anadarko. Shanna Riddle of Wichita Falls, cousin of the bride, was flower girl and Gregory Edmund of Moore, Okla., cousin of the groom, was ring bearer.

Best Man was Jerry L. Butler of Verdun, Okla., brother of the groom. Groomsman was Mike Moore, cousin of the groom, of Oklahoma City.

A reception honoring the newly-weds was held following the ceremony in the church fellowship hall. Reception assistants included Mmes. Bob White of Anadarko, Bill Newton of Chickasha, Jerry Butler of Verdun, Okla., and L. P. Sanders of Wichita Falls.

The serving table was covered with a hand embroidered and hemstitched linen cloth purchased in London, England, in 1934, by the bride's maternal grandfather, Odie Riddle, and used at her parents' wedding. It was centered with a pink rose arrangement and lighted with tapers in crystal candelabra. The four-tiered wedding cake was trimmed with pink roses and featured a miniature bridal couple beneath an archway with miniature wedding bells. Pink punch was served from cut glass punch service.

For traveling, the bride chose an ice blue double knit dress with long sleeves, mandarin collar accented with multicolor scarf. She wore white accessories and the orchids from her bridal bouquet.

The bride is a wig stylist at Imperial Wig Salon in Chickasha and the groom is employed at Crown Trailer Co., also in Chickasha. The couple are living in a mobile home park at Verdun, Okla.

September 19-25 Proclaimed "Highway Week in Texas"

Austin—The period September 19-25 has been proclaimed as "Highway Week in Texas" by Governor Preston Smith.

By official memorandum, Gov. Smith pointed out that the Texas highway system encompasses some 70 thousand miles of the nation's finest roads and highways.

"These vital travelways are essential to the continued growth of the Texas economy and form the 'backbone of Total Transportation' in the Lone Star State," the memorandum said, setting the theme for the annual observance.

Gov. Smith cited the Texas Highway Department for more than 40 years of leadership in highway beautification and safety, service and efficiency of the highway system.

He described the Highway Department as "The State's Largest Gardener" which plants more trees, wild flowers and ornamental shrubs than any other organization in the state.

Gov. Smith urged "all citizens to lend their total support to the highway program and the Texas Highway Department."

Highway Department installations across the state will stage special open house and other special ceremonies to mark the observance.

Highway Week in Texas has been under sponsorship of the Texas Good Roads Association since the first such observance a decade ago.

Cleaning Shower Curtains

Wash shower curtains and rubber bath mats in your automatic washing machine along with a couple of bath towels, suggest home management specialists of the extension service. The roughness of towels helps clean the shower curtain.

Desk Cleaning

Making a habit of cleaning out desk drawers and closets at regular intervals helps keep out excess and lessen the chore, remind extension home management specialists.

MRS. GARY LEE BUTLER
... former Loretta Bingham

News from . . . TRUSCOTT and Gilliland BY MISS RUTH BROWN

Renee Westbrook won first place in district with her 4-H record book on food preservation. Her book will be entered in the state contest.

Mrs. Gladys Meek and Roger visited the Dub Dawdles at Azle over the week end.

Mr. and Mrs. Curtis Casey visited Mrs. Challie Mislove, Mr. and Mrs. Floyd Roberson and Miss Annie Chesser in Quannah last week.

Mr. and Mrs. Lloyd Don Welch and Donna visited his parents, Mr. and Mrs. L. D. Welch, over the week end.

Jack Hickman of Lubbock visited Mr. and Mrs. Marion Chowning, Jr., last Friday.

Mr. and Mrs. Mac Hays of Abilene were week end guests of Mr. and Mrs. J. G. Adcock.

Sandy Richardson and Terry Bibens of Denver, Colo., are visiting their uncle and aunt, Mr. and Mrs. O. R. Miller.

The Lloyd Jones family of Vienna, Va., were here for the Welch reunion July 18 and spent the following week with Mr. and Mrs. Elmer Welch.

Mr. and Mrs. Curtis Casey visited Mr. and Mrs. Chester Pogue in Durant, Okla., Monday.

The Gilliland Baptist Church will have evangelistic services Aug. 8-15.

Q. D. Williams and Monte and several friends of Floydada visited the Jack W. Browns last Thursday.

Mr. and Mrs. Curtis Casey vis-

ited Rev. and Mrs. Claude Harris in Cisco last week.

The weather this week has been more like fall than summer with cooler weather—although dry except for a few scattered sprinkles.

Mrs. M. G. Williams of Archer City visited her brother, J. D. Cook, Saturday. She also visited her daughter, Mrs. Ray Glasscock, and family.

Mrs. Tommy Tapp and Allen spent Friday and Saturday with her parents in Seymour.

Mrs. Ray Glasscock and Rocky and Barbie Scott of Crowell visited the Jerry Cawthrons in Verdun Saturday night.

Alvis Robinson had a cycle accident late Sunday and was taken to the Crowell hospital where he had several stitches taken on his head.

Mr. and Mrs. Ellis Devoll and Phyllis of Quannah and Randy Tapp of Wichita Falls visited the Tommy Tapps Sunday.

Ray Glasscock visited Mr. and Mrs. M. G. Williams in Archer City last week.

Visiting Mrs. Beulah Robinson over the week end were Mr. and Mrs. Allen Robinson of McAadoo and Mr. and Mrs. Jim Robinson and family of Benjamin.

Cleaning Shortcut

For a house cleaning short cut—wax window sills, door handles, refrigerators, washing machines and porcelain finishes, say extension specialists. The reason? Waxed surfaces are easier to clean.

Norway, Sweden, Denmark and Iceland comprise the Scandinavian countries.

Barbecue Time and Make It Chickens

The aroma of outdoor cookery, especially that associated with barbecuing chicken, is reason enough to whet appetites and bring on visions of good things to come.

The great outdoor season is here, notes Marshall Miller, extension poultry marketing specialist, so let us take our place at the grill and encourage others to do the same.

A fancy grill is not a requirement for barbecuing broilers or fryers. A simple rack set over bricks or stones works mighty well, says the specialist. And, he adds, it's no trick at all to serve chicken barbecue for as little as 50 to 75 cents per serving, including everything. In fact, he added, it can be the most economical main course available and is tasty, nutritious and plain good eating.

Miller says the cooking surface should be 12 to 14 inches above the coals. The first, using either hardwoods or charcoal for fuel, should be lighted 30 to 40 minutes ahead of the cooking. This allows time for the coals to become white hot. Spread the coals to give an even distribution of heat.

He suggests using broilers weighing from 2½ to 3½ pounds. Split the birds into halves and place the skin side up. They should be turned every five to ten minutes and basted. If the skin blisters, the fire is too hot and the halves should be turned more often. Use the basting sauce generously and never let the coals burst into flame, he advises.

A good cooking job may be completed in as little as an hour and half but two hours with less heat gives a juicier product with better flavor, says the specialist. During the last 30 minutes of the cooking period, he advises using a finishing sauce which can be either bought at the grocery store or prepared at home.

He notes the last joint between

the thigh and drumstick is the last point to completely cook. As a test for doneness, insert a stick bone and give it a tug. If it is loose, and giving it a tug is loose, the meat is done.

For recipes on sauces and barbecuing hints, Miller suggests a visit to the county agent's office for a copy of MP-312, "Barbecue."

With Rains, Fall Gardens

The skillful home vegetable dener, with recent help from weatherman, should give immediate attention to the planting of a fall garden. There is time for the planting of favorites as summer squashes, cumpers and green beans, notes John Larsen, extension horticulturist. Lettuce, beets, turnips, lard, mustard, cabbage, cauliflower and radishes can be planted a bit later when temperatures drop a bit. As are others, he adds, depend upon the section of the where you live.

Commercially speaking, Douglas fir is more valuable any other tree.

Austin, Tex.—Competition is shaping up in the top two state races for 1972.

State Sen. Joe Christie of El Paso emerged recently as a possible candidate for the Democratic U. S. Senate nomination.

Christie, a 38-year old El Pasoan, said he would be reluctant to abandon his state senate place, but he is keeping a close eye on U. S. Senator John Tower's activities in the Senate and considers him vulnerable to contest by a strong Democrat.

Christie's statement was seen as a trial balloon aimed at detecting just how serious Democratic leaders are about fielding a candidate against Tower—and whether they would consider him as the man to unite behind.

Meanwhile, Dolph Briscoe of Uvalde is declaring his candidacy for governor and asking support in a series of statewide speeches.

Lt. Gov. Ben Barnes, of course, announced his candidacy for governor in mid-June, and already is campaigning (with time out to get married: to the former Mrs. Nancy Savers of Austin, a long-time friend.)

Former U. S. Sen. Ralph Yarborough is still leaving the door open for either a senate or gubernatorial race.

Gov. Preston Smith hints, from time to time, he may seek re-election.

Houston Post President William P. Hobby is the only announced candidate to succeed Barnes as lieutenant governor, but a lot more are expected to follow.

COURTS SPEAK — State Supreme Court upheld an intermediate court finding that an individual has no vested "property right" to welfare aid.

In other recent decisions, High Court held:

* A 1966 constitutional amendment does not outlaw use of market value to determine tax value of agricultural land. Kerr County ranchers had contended valuation should be determined on net income per acre from agricultural use only.

* Texas law does not require a father to support his illegitimate children. (Only one other state fails to provide for such support.)

EXAMINE HUNT LANDS — Parks and Wildlife Director James

U. Cross and Land Commissioner Bob Armstrong made a helicopter tour of the Canadian River bed to inspect an area involved in a controversy over free public hunting. Parks and Wildlife Commission June 4 ordered a stop to hunting on state-owned river beds and public lands.

After heated protests from the Panhandle, Commission indicated it might switch its position for Canadian River lands. PWC staff was directed to get more information and make its recommendation at a meeting this month.

BRAND RECORDING NECESSARY — Cattlemen must record their brands and marks, including locations on animals, with county clerks after August 30.

Texas and Southwestern Cattle-raisers' Association said six months is allowed after August 30 to register brands. Thereafter, brands must be registered every 10 years.

INDUSTRIES EXPAND — Texas Industrial Commission report lists 161 new industries as starting in the state in the first six months of 1971, an increase of eight over last year.

One hundred others expanded. Commission announced a comprehensive research project to find why some Texas rural areas have a population upsurge and others continue in a slump.

Agency also ordered a feasibility study to determine the future of textile manufacturing in the state. Texas produces more than 30 per cent of the nation's cotton, 97 per cent of mohair and 50 per cent of wool, with most of it processed in other states. A recent survey showed processing facilities may add more than \$7 billion a year to the state's economy.

Maximum Profit Termed "Must" for 1971 Cotton Crop

Memphis, Tenn., July 29 (Special)—"We must get maximum profitable production from the 1971 cotton crop and concentrate on getting it harvested and ginned with an absolute minimum of waste," Dr. C. R. Sayre, president of the National Cotton Council declared this week in keynoting the second phase of the campaign for Better Cotton Yields for Profits and Markets.

The first phase was concerned with organization. Now extension specialists, ASCS, industry leaders, and others are engaged in extending the program to every cotton farm, giving special attention to harvesting and other late season practices.

They are stressing that a better yield can bolster net income, increase the grower's payment yield under the new farm program, and build greater markets for cotton.

The industry leader reiterated the need for an adequate supply, noting that the 1970-71 season just ending is the fifth consecutive season in which the United States has consumed and exported more cotton than it has produced. Carryover at the end of the present marketing year is expected to be no more than 4½ million bales, lowest since 1952.

In all states, better harvesting operations have been selected for special emphasis. "The importance of harvesting efficiency is pointed up by research and grower records showing that no more than 89 per cent of the crop in machine-picked areas reaches the trailer. The other 11 per cent is left in the field. Losses on many farms run from 15 to 20 per cent," Dr. Sayre explained.

"While 100 per cent efficiency can't be achieved, experts agree that the amount harvested can be increased to 94 to 96 per cent. Such an improvement would be highly significant.

"For example, the 1971 payment yield for machine-picked acres, reflecting the harvesting loss, averages 607 pounds of lint per acre and 89 per cent of that actually grown. If 96 per cent of the cotton grown could be put in the picker basket, this would add 48 pounds to the 607-pound average, or around \$12 to \$15 to gross income. In addition, the 48-pound increase in 1971 would add 16 pounds (one-third of 48 lbs.) to both the 1972 and the 1973 payment yields—or \$2.40 per acre

IN FAVOR—The two-piece bikini — still itty-bitty and polka-dotted — remains a favored swim fashion. This season it wears its polka dots patchwork-style in an all-cotton design by Sea Fashions of California.

(16 times 15 cents.)"

The harvesting program is being spearheaded in the states by the extension services. They are receiving strong support from ASCS, credit agencies, cotton industry leaders, farm equipment companies, and local dealers.

Emphasis is being placed on proper field and plant conditions and on repair, adjustment, and operation of machines.

FHA Proves Big Help to Residents In Rural Areas

Attractive, modern homes make life more enjoyable for 105 Foard, Hardeman and Wilbarger county families, and their construction has given a shot in the arm to the area building industry, Huey R. Price, county supervisor for Farmers Home Administration, said last week.

In addition, Farmers Home Administration, the rural credit arm of the U. S. Department of Agriculture, has helped the local economy with loans to farmers to buy land or finance operations, and with four water systems serving 379 families, Price reported.

The agency's wide range of services added a record \$960,320 to resources available for housing, farming and community facilities in this tri-county unit last year. At year's end, the outstanding loan total in the counties had climbed to \$4,261,782, and was providing direct benefits to 622 families in the area, Price added.

Farmers Home Administration loan services are carried on in Foard, Hardeman and Wilbarger counties through the agency's office at 1625 Texas Street in Vernon. Housing loans may be made for homes in the rural countryside, and in all towns of the counties except Vernon. Community facility projects may include service to rural towns of not more than 5,500 population.

Thirsty Water System Will Be Enlarged

Foard County Rural Areas to Benefit From Additions

Authorization to proceed with processing of a subsequent loan to Red River Authority out of Wichita Falls, Texas, for the purpose of enlarging and extending the present Thirsty Water System, was received Thursday, July 22, when Claude Moore, FHA district supervisor of Clarendon, completed an audit of cards of certification by potential users of water from the system, according to Chester L. Sinclair, county supervisor for Childrens County Farmers Home Administration.

The project of the Thirsty Water System is being constructed in six counties, covering parts of Hall, Childress, Hardeman, Foard, Cottle and Wilbarger.

In all, the project will add some 385 miles of pipeline, and a minimum of 511 meter connections to a system which already has 197 customers.

Most of the water for the system will come from the Greenbelt Municipal Water Authority at Clarendon.

Farmers Home Administration will fund the project in four phases with loans and grants to the Red River Authority of Texas.

The letter of conditions relative to the project required that there would be at least 511 new units (meter connections—wet taps) pledged to receive the water from the system before proceeding with the project. Verification and certification from 562 meter connections have been received as of last week, which gives FHA the "green light" to proceed with the project.

Loan funds in the amount of \$407,000 have been obligated for the first two phases of the project. Closing of the loan and awarding of construction contracts is pending the availability of grant funds.

"We would like to continue to encourage all the farm families who received the cards for certification purposes and who have not returned them to our office, to please do so at their earliest convenience," Sinclair stated.

A veteran, to speed up the Veterans Administration's response to his inquiry, should be sure to include his full name, address, and claim number, if he has one.
