NUMBER 21

CROWELL, FOARD COUNTY, TEXAS, THURSDAY, NOVEMBER 25, 1971

SINGLE COPY TEN CENTS

WOMEN'S SERVICE LEAGUE OFFICERS—Pictured above are the new officers of the Women's Service League. Seated, left, the new president, Mrs. Nelson Oliphant, and Mrs. Leo Cates, first vice president. Standing, left to right, are Mrs. Robert Kincaid, director, Mrs. B. W. Gentry, program chairman; Mrs. Cecil Carroll, reporter, and Mrs. Howard Ferguson, director.

Lions Club to Sponsor Meeting On Trailer Laws

A meeting to explain the new laws on lights and brakes on trailers is being sponsored by the Crowell Lions Club. The meeting will begin at 7 p. m. on Monday, December 6, in the community center in Crowell.

Highway Patrolman Gerald Howard of Vernon will be conducting the meeting and explaining the new laws.

Foard County Sheriff Edward Howard, who is arranging the meeting, added that refreshments will be served.

The Lions Club invites everyone to attend, especially those farmers with cotton trailers.

Cold Fronts Bring Small Amount of Moisture to Area

Foard County received a small amount of moisture Wednesday morning of last week as showers building up in front of a cold front dropped .2 inch here in Crowell, with up to a half inch reported in scattered sections of the county.

The showers preceded a cold front which dropped the mercury to the upper 20's Friday morning, resulting in a heavy frost and the season's coldest weather.

Monday was cloudy and a light rain fell most of the day bringing another .3 inch of rain. This brings the total thus far for November to .5 inch.

Tuesday morning was cloudy with a heavy fog.

Basketball Teams Win Two Out of 3 At Knox City

The Crowell High School boys varsity basketball team, playing its first game of the season, won over the Knox City Greyhounds in the KC gym Thursday night of last week. The final score was 51-47 with the two teams "neck and neck" all the way. The outstanding performance turned in by Crowell's Harry Lee Swan proved to be the difference in the two teams. Swan scored 19 points and got 15 rebounds. Also scoring in the double figure column for Crowell was Bob Burkett with 13.

In the junior varsity game at Knox City, the teams got off to a slow start and it was close for three quarters with the Wildcats finally pulling out to win 48 to 41. Lloyd Waggoner was high pointer for Crowell with 17 followed by Grover Reed with 12. Fine floor play was turned in by Johnny Urquizo, Nathan Frater, Bob Taylor, Jackie Houck, Arthur Cerda and Jackie Evenson.

The Crowell girls, playing the Knox City girls who were state rated last year, did a fine job against the powerful Greyhounds and lost by only 2 points—40 to 38. The teams played on even terms the entire game. Crowell's downfall came when they missed five straight 1-and-1's in the last few minutes of play.

Sandy Whitfield and Rhonda Vecera were high pointers for Crowell with 14 and 11, respectively. Cheryl Branch turned in an outstanding job on defense for the locals. Other girls seeing action for Crowell were Rhonda Howard, Jo Ann Gerhardt, Bette Sue Barry, Babs Strout, Rhonda Swan, Remelle Marlow, Carolyn Sparkman and Teresa Coleman.

Notre Dame Friday Night
The Crowell junior varsity boys won an overtime thriller against Notre Dame of Wichita Falls when the Knights invaded CHS gym on Friday night. The Cats led most of the way until the final 40 seconds when ND tied it and forced the game into overtime. Crowell won 69-65 with two free throws by Junior Urquizo in the last 20 seconds "breaking the Knights' backs." Also, Urquizo's fine floor play all during the game proved to be the difference in the final outcome. Scoring in the double figures for Crowell were Waggoner 19, Jackie Evenson 15, and Jackie Blackburn 14.

The only difference in the game between the varsity teams of both schools Friday night proved to be the shooting, but it was a big difference as Notre Dame sacked the Wildcats 73 to 34. It was a close game until midway of the third quarter when Notre Dame put on a 1-3-1 half court press and started "burning" the nets.

To prove the coldness of the Wildcat shooters, they went seven minutes and 32 seconds in the third quarter without scoring a single point.

Swan turned in another good night on defense by getting 12 rebounds.

Members of the boys' varsity team are Billy Ray Neal, Ronnie Naylor, Randy Dorsey, Bob Burkett, Emmitt Newman, Jackie Blackburn, Terry Farrar, Rex Driver, Lee J. Whitley, Harry Lee Swan, Rocky Bachman and Ernest Barrera. Managers are Jimmy Garvin and Don Morgan.

Junior varsity roster includes Grover Reed, Don Sparkman, Nathan Frater, Johnny Urquizo, Bob Taylor, Arthur Cerda, Jackie Houck, Bob Brown, Keith McDaniel, Jackie Evenson, Loyd Waggoner, Randy Prince, Randy Reed.

Bob Cook is in his second year as coach of the three Crowell High School basketball teams.

QUAIL SEASON SET TO OPEN NEXT WEDNESDAY

Quail hunting becomes legal in Foard County next Wednesday, December 1, with the season running through January 31. A daily bag limit of 12 has been set with 36 in possession.

Opinions vary, but most everyone predicts a smaller than average crop of birds this year.

Hardeman County's quail season dates are the same as Foard County, while the season in Knox, Cottle and Wilbarger Counties also starts on December 1 but

goes through February 15, instead of January 31.

Possession limits in those neighboring counties are the same as for Foard.

Other Seasons

According to the 1971 Texas Hunting Guide, turkey season in Foard County starts Tuesday, Nov. 30, and continues through December 15. Three gobblers will be permitted.

Deer season in Foard County is also from November 30 through December 15 with 2 bucks the limit.

There are no special "archery only" seasons in Foard County.

Javelina season in Foard County opened on November 16 and will continue through December 31 with 2 per season set as the limit.

Squirrel season, which has two seasons in Foard County—May 1-July 31 and October 1-December 31—is now in its fall phase of the season with a 10 squirrel per day limit with 20 in possession.

Geese and brant season, underway since November 3, will continue through January 16. Daily bag limit and possession limit is 1 Ross goose and in the alternative, 1 white fronted goose or 1 white fronted goose and 1 Canada goose or 2 Canada geese.

Sandhill crane season in this area begins December 4 and will continue through January 30, with 3 permitted each day and 6 in possession.

Duck season began November 3 and will continue through January 11 with the daily bag limit being from 2 to 10 ducks in the aggregate based on a point system.

Mrs. Owens to Be Honored on 100th Birthday

Mrs. J. W. Owens, a long-time resident of Foard County, will be 100 years old on Saturday, November 27.

Mrs. Owens' children and grandchildren are inviting all of her old friends and neighbors to help her celebrate her birthday at a party to be held at 1:30 p. m., Saturday, November 27, at Vernon Monterey No. 2 on Texas Street.

Mrs. Owens has been a resident of the nursing home for a number of years.

Bob Cook Is Rotary Club Speaker

Ace Whitley introduced basketball coach Bob Cook, who brought the program Wednesday of last week at the noon luncheon of the Rotary Club.

Mr. Cook spoke of some of the boys lost by graduation from last year's team, such as Kenneth Sellers, who was selected for all-district last year.

Coach Cook said he had been asked more times about the independent outsiders' ball team than about the school teams. He praised the Rotary club for sponsoring the Little Dribblers basketball program. "This is one of the finest things any community can do is to create interest by beginning with the Little Dribblers."

"Munday and Paducah are the schools we will have the most difficulty beating," he said.

He spoke of some of the techniques he was using in the training of the youth. He has 14 stations. They work a minute at each station. They begin with jumping the rope for one minute, then passing for one minute, dribbling for one minute, ball handling around the body, jumping over a bench, lay-up shots and free throws, etc.

Dance Slated at Thalia Nov. 27th

A country and western music dance has been scheduled at the Thalia gymnasium Saturday night, November 27, it was announced here this week.

Official Figures Released on 1971 Wheat Crop

Official statistics concerning the 1971 Foard County wheat crop have been released by the Texas Department of Agriculture and the United States Department of Agriculture.

Farmers planted 83,000 acres of wheat for the 1971 crop, harvested 17,600 acres and had a total yield of 182,000 bushels, an average of 10.3 bushels per acre.

This compares with 67,900 acres planted for the 1970 crop, 43,300 acres harvested and a yield of 1,009,000 bushels.

James Streit Shows Band Movie at WSL Meeting

James Streit, Crowell High School band director, showed a sound film of the band's performance at the recent UIL marching contest in Wichita Falls which won a I rating to members of the Women's Service League meeting at the community center last Thursday. Mr. Streit also ran a film of a former local band wearing the old gold uniforms.

The next WSL luncheon will be December 2, according to Mrs. Nelson Oliphant, president.

Wheat Certificate Payments Due Soon

FOARD COUNTY ASC COMMITTEE BALLOTS MAILED OUT

Ballots were mailed Friday to the voters for the forthcoming election of one county commissioner. The nominees are:

Bill Cates, Clarence Garrett, Kenneth Halbert, Warren Haywood and Billy Johnson.

Foard County is now a one-county county. Producers will be voting to elect one individual to the county committee by direct popular vote. The person who receives the most votes will be elected to the committee. The persons who receive the second and third most votes will be first and second alternates to the committee.

Any producer not receiving a ballot can pick one up at the ASCS office. Ballots must be mailed or returned in person to the ASCS office not later than December 1.

Mrs. Jean L. Reeder, local ASCS office manager, also said "Additional wheat certificate payments: Checks will be issued as soon as possible after Dec. 1 for an additional wheat certificate payment."

News About Our

MEN IN SERVICE

Captain Jerry M. Tole, son of Mr. and Mrs. Ira Tole of Thalia, received the Air Force Commendation Medal for service while stationed at Offutt Air Force Base. The citation stated:

Captain Jerry M. Tole distinguished himself by meritorious service as Wing Photo Intelligence Officer, Defensive Missiles Electronics Section, Photo Interpretation Branch, Research Directorate, 544th Aerospace Reconnaissance Technical Wing, Strategic Air Command, Offutt Air Force Base, Nebraska, from 29 January 1969 to 28 September 1971. During this period, the technical expertise, managerial and supervisory skills, and dedication demonstrated by Captain Tole provided invaluable contributions to Strategic Air Command and national intelligence effort.

Distinctive accomplishments of Captain Tole reflect credit on himself and the United States Air Force.

He received his discharge from the Air Force September 28, 1971, after serving four years.

He is now employed as a vice president in the Douglas County of Omaha, Nebraska. He and his wife, the former Linda Manly of Stanton, moved to Omaha recently.

County Federation to Meet Monday

The Foard County Federation of Women's Clubs will meet on Monday, Nov. 29, at 2:30 p. m. in the community center. The club will give the program on Texas Home Demonstration Association work and the club will also be host.

First Aid Skills

A new and simplified method of teaching the first aid skills and knowledge needed to save lives and lessen the severity of accidental injuries has been developed by the American National Red Cross for use in schools, industry and community groups. Called Basic First Aid, the new teaching plan is aimed at helping to reduce the country's tragic accident toll which last year took an estimated 113,000 lives, resulted in disabling injuries to 10.8 million other persons, and cost the nation some \$26 billion.

Four New Vehicles

Four new vehicles were registered here last week:
Nov. 17, Mrs. Bertha Burdine, 1972 Ford 2-door; Nov. 17, Jeffrey Bruce Johnson, 1972 Chevrolet coupe; Nov. 19, Mayme Lee Collins, 1972 Chevrolet 4-door; Nov. 19, Ike M. Everson, 1972 Chevrolet coupe.

Twelfth Annual Harvest Festival

Originator of Harvest Festival Here to Preach at Methodist Church Sunday

Rev. John Fitzgerald of McAdoe is the preacher who started the harvest festival observance in the Crowell Methodist Church when he was pastor here back in the

Local Resident Has Coconut Palm Tree Growing

Mrs. Odell Williams, operator of Connie's Cafe on East Commerce Street, brought to the News office one day last week, a coconut which has sprouted. Mrs. Williams brought the coconut home from a trip to Hawaii back in February. She placed it in a container of water and it took all this time for it to sprout.

Hubert Brown Grows Some Hay Grazer 11' 8" In Height

Hay grazer over 11 feet tall as dry as it has been most of the year? Yes, that right, Hubert Brown brought a stalk of hay grazer to town one day last week that was 11 feet 8 inches tall and it had a head heavy laden with seed.

Mr. Brown, who grew the hay grazer at his farm south of Crowell, said the stalk grew to its unusual height in 150 days. It was planted on June 3.

He emphasized that only a few scattered stalks of the hay grazer grew to unusual heights.

early 60's and he will be returning as speaker for this year's harvest festival which is set for Sunday, November 28.

This is the time of year when the local Methodist congregation raises all the money it will need for its conference obligations.

The morning worship will begin at 10:55 and a covered dish dinner will be served in the church basement beginning at 12:30.

Rev. Fitzgerald was pastor of the local church from 1960 to 1964.

Funding of Water System Extension Is Announced

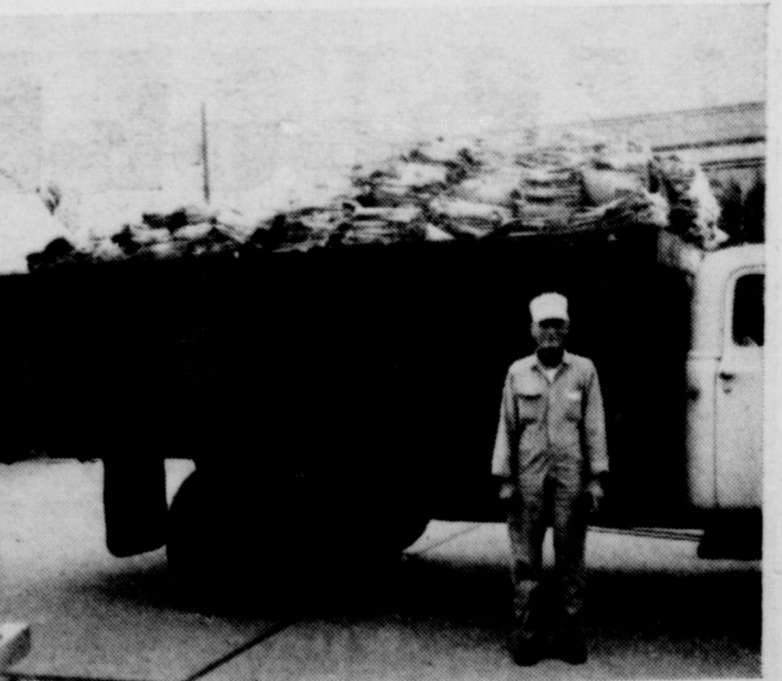

Formal announcement of funding of a supplemental loan to the Thirsty Water System, serving rural water users in Foard, Hardeman, Hall, Childress, Cottle and Wilbarger counties was announced Friday by James Smith, administrator of the USDA's Farmers Home Administration, who was a guest of the Childress Chamber of Commerce.

The Thirsty Water system is being built by the Red River Authority of Texas with bonds sold through the Farmers Home Administration. The extension of the system will provide water for the Foard City community with the water expected to be bought from Greenbelt Municipal and Industrial Water Authority.

Foard County News Is Dealer for Magnetic Signs

The News has been appointed Foard County dealer for the Olton Plastics Co., makers of magnetic signs for use on vehicles, and other equipment.

The magnetic signs can be made in many different sizes, and are economically priced. Anyone wishing further information is invited to call or come by the News office.

PAPERS FOR SALE—Clyde Langford, member of the Crowell Odd Fellows Lodge, is pictured above with the load of over 11,000 pounds of old newspapers which he hauled to Quanah recently and sold to the gypsum plant at Acme. The Rebekah Lodge collects the old papers and sells them with the proceeds to be used on improvements to the organization's building on the northwest corner of the square.

Weekly Schedule
Nov. 22-24

Tuesday: southern assembly at 1:30. Vernon here, 5. A girls. Quannah, here 6:30. A and B boys.
Wednesday: assembly, 1:30. School dismisses at 2:30 for the Thanksgiving holidays. Classes resume Monday.

Thanksgiving Is . . .

More than a harvest day
More than a day to give thanks for our survival
More than a simple remembrance of things past. The first Thanksgiving was the Pilgrims' way of celebrating a successful first step toward changing their world.
It was a time of review . . .
A time to decide what to keep of the past . . .
A time to gather new courage

Young Men and Women—
YOUR ARMY
REPRESENTATIVE
WANTS TO TALK TO
YOU ABOUT A
TERRIFIC RAISE

The Army's getting a dramatic pay increase. At a minimum, the new starting salaries will be doubled, and you still get free meals, free housing, free clothing, free medical and dental care, free job-training and education, and 30 days' paid vacation a year. Today's Army wants to join you. At a much higher salary.
552.6762.

for the future.
They had the courage to believe in themselves and others . . .
They had the courage to be different . . .
They pioneered . . .
SO CAN YOU!
A new world is more than a place. It can be an idea, a dream, a new way of doing, caring, being. Thanksgiving is a day to start.

Students Welcome Holiday

School was dismissed at 2:30 on Wednesday for the Thanksgiving holiday and will resume on Monday morning. Besides a rest from the busy schedules at school and work, the holiday will be a time of reunion with family and friends. It is also a time to give thanks for the things that we take for granted in our lives. With these thoughts in mind, the Wildcat staff wishes everyone a happy Thanksgiving.

Senior Sidelines

Seniors were very glad the achievement tests came to an end, but many dreaded going back to their regular classes.
Experiments have been carried on in chemistry throughout the week. Seems like nearly every one dealt with some form of acid which no one likes to mess with.
Basketball is really here! Senior boys playing basketball this year are Bob Burkett, Terry Farrar, Ronny Naylor, Billy Ray Neal, Harry Lee Swan, Lloyd Waggoner and Lee J. Whitley. Senior girls are Bette Sue Barry, Rhonda Howard and Rhonda Swan. Both looked really great Thursday and Friday nights during their opening games. Try to

see them play this week. Look close, though, cause you may not recognize 'em with their new suits.
See you next week.

Sophomore News

Achievement tests were taken last week and sophomores somehow managed to stumble their way through them. I've mentioned before the girls playing basketball this year and now the boys have had their first game, too. Sophomores playing are Emmitt Newman, Randy Dorsey, Ernest Barrera, Jackie Eavenson, Bob Taylor and Philip Bell.

Freshman Frolics

Well, the freshmen are finally going to be able to prove that we're the smartest class around. We took our achievement tests on Monday and Tuesday, and everyone knows that all of the freshmen finished in 15 seconds flat. That is, all of us except for a few show-offs, who did them in 10 seconds.

In English, we are learning how to diagram sentences. Some of us have already progressed to difficult ones, such as: See Dick. See Dick run. See Tip chase Dick. This alone should prove how smart the freshman class is to anyone who has doubts about us.
In Algebra I, we are also doing complicated work. There is one thing that we do not quite understand. Mr. Gafford told us that there are some problems that are unsolved. We don't understand why he told us that because we've known that every since the problems became too big for us to work on our fingers.

Drama Club

Teh CHS Drama Club met on November 16. Trey Autry presided over the meeting. Carolyn Jones read the minutes and called the roll. Bill Taylor joined the club. We're glad to have you, Bill!
The main topic of business was the UIL workshop held at Midwestern University on November 20. The workshop began at 8 Saturday morning. It was concluded that afternoon. The climax of the day was the production of "Viet Rock." Those attending were Trey Autry, Sharla Haynie, Bill Taylor, Pat Cates and Mrs. Jean Halbert, sponsor. Our program was given by Mrs. Moody Bursey. She spoke to us on how to choose a play. She also brought out other interesting points on acting and speaking. We enjoyed singing some jingles, which gave our tongues a good workout in articulation. We appreciated the contribution of hats and play books Mrs. Bursey left with us.
Refreshments were served by Teri Garrett and Daryl Halencak. We would like to express our gratitude to Mrs. Clinton McLain for substituting for Mrs. Halbert as our sponsor.

Cafeteria Menu
Nov. 29-Dec. 3

Monday: barbecued franks, whole potatoes, lady cream peas, cabbage slaw, rolls, milk, apple cobbler.
Tuesday: meat balls and spaghetti, pinto beans, tossed salad, cornbread, milk, pineapple pudding.
Wednesday: fried chicken, gravy, buttered rice, mixed vegetables, rolls, milk, apple sauce cake.
Thursday: roast beef and gravy, green beans, creamed potatoes, celery sticks, rolls, milk, Jello.
Friday: hamburgers, French fries, lettuce, tomatoes, onions, pickle slices, milk, apricot cobbler.

Pep Club News

In spite of the fact that some of our members still wanted to do yells like "Wop 'em up side of the head" and "hit 'em again," our first basketball pep rally went off without a hitch.
We're looking forward to an exciting season as we follow the Cats through a tough schedule.

New Book for CHS Library

The Crowell High School Library has received an autograph-

pecially the girls, are in the dark about some of the basketball terms.

So, as in football, we will try to relate some of the more important basketball terms and their meanings to you.

Team player—a player who passes the ball to me.

Ball hog—a player who wants me to throw the ball to him.

Monster—a player half an inch or more taller than me.

Little man—a player shorter than me.

Referee—a blind idiot with an unreasoning hatred for me.

Defensive star—a player who can't shoot.

Play maker—everybody's friend (with a 2.4 point-per-game average).

Bad pass—a pass that is thrown to me and I fumble it.

Fumble—another player's miff of my perfect pass.

Switch—what you holler on defense when you have no idea where your man is.

Help out—when I leave my man unguarded to get in the way of my teammate guarding the pivot man.

Clog the middle—two players helping out at once.

Good shot—any shot I can get off.

Bad shot—shot taken by a teammate.

Crazy shot—basket made by the man I'm guarding.

Cry baby—opposing player who complains to the referee.

Fighter—teammate who complains to the referees.

Jump ball—a holding foul by the defense that the ref didn't call.

Traveling violation—the referee's way of getting even.

Coach—a tormented psychotic who asks you to do the impossible.

Army Announces Major Pay Raise

A major pay raise for members of the U. S. Army became effective last week, according to Sgt. James Griffis, Army recruiter for this area. The pay raise, which was enacted into law on Sept. 28, had been withheld temporarily as part of President Nixon's freeze on prices and wages.
Under the terms of the military pay bill, newly-enlisted soldiers will receive \$268.50 per month. This compares with \$134.40 under the previous law. The pay raise will not only include substantial increases in basic pay, but will also raise quarters and ration allowances.

The new pay scales are a giant step towards making military pay for lower ranking enlisted men and junior officers comparable with that offered by business and industry. According to U. S. government statistics, the average hourly wage in the manufacturing industry in 1970 was \$3.36. Army pay for a sergeant, E-5, by comparison, will now amount to \$3.11 per hour if the sergeant is authorized and receiving quarters and ration allowances. If the same sergeant were married, his hourly pay rate would rise to \$3.40. Army officials state the average service time required to reach the rank of sergeant, E-5, is in the neighborhood of 22 months active service.

"When coupled with the traditional Army benefits such as free medical and dental care, clothing, room and board and retirement benefits, the new pay increase makes Army service truly competitive as a career choice," Sgt. Griffis stated.
Further information on the new pay scales and additional information on enlistment opportunities can be obtained from Sgt. Griffis, 1809 Wilbarger Street in Vernon, phone 552-6762.

Card of Thanks

We wish to thank Dr. Stapp, the nurses, friends and neighbors who were so kind and helpful, for the beautiful flowers and food. Your words and deeds have meant more than we can express. May God bless you all.
The family of John J. Wilkins.

From the News . . .

THIRTY YEARS AGO

News items below were taken from the Thursday, Nov. 27, 1941, issue of The Foard County News:

The City of Crowell is sponsoring another WPA street paving project, it was announced here Monday by Mayor C. T. Schlagal. The federal government is furnishing \$42,000.00 in this second city-wide street paving project.

A business deal was made this week whereby Edwin Greening bought the interest of William Simmons in the Simmons Service Station, Conoco retail dealer.

C. T. Schlagal, veteran barber of Crowell, sold his shop last week to T. H. (Hardin) Russell and Mr. Russell took charge of the business Thursday afternoon.

Saburo Kurusu, special Japanese envoy, has flown to the United States from Tokyo on a Pacific clipper for a "final" talk to ease the "very serious situation in the Pacific." Kurusu was former ambassador to Berlin, where he signed the Axis pact for Japan.

The High School Band which is under the supervision of Henry Clifford Teague, functioned for the first time at the Crowell-Archer City hall game last Thursday afternoon. The band was organized at the beginning of the present school year. Mary Curtis has been elected band sweetheart for Crowell High School.

Mayor C. T. Schlagal, Dr. Hines Clark, M. S. Henry, John Raser, C. R. Seale and T. B. Klepper attended the dedication ceremonies of Victory Field near Vernon Tuesday.

Oscar Nichols, who will receive a B. S. degree from Sul Ross State College at Alpine in June, 1942, is among those students who will be listed in the 1941-42 edition of "Who's Who in American Universities and Colleges."

Billy and Jimmy Johnson played several accordion numbers at the meeting of the Thalia Brotherhood Monday night in the basement of the Thalia Baptist Church.

J. H. Lanier, Jr. and R. J. Thomas left Friday of last week for Los Angeles, Calif., where they will visit relatives and friends.

Yes, folks, we trade for cattle, hogs and "what have you," on most anything, but especially butane systems where we sell ranges and heaters, hot water heaters and Electrolux refrigerators.—W. R. Womack.

Col. Early Duncan, commandant at Lowry Field, Denver, Colo., has been quoted as saying that churches whose pastors "preach against true Americanism" will be declared "out of bounds" for the 10,000 soldiers at Lowry Field.

Of interest to Crowell friends is the announcement of the marriage of Miss Elsie Veceera of Crowell to Corporal Gilbert Lanford, formerly of Crowell, and now stationed at Camp Bowie at Brownwood.

The Crowell High School football team closed a successful season last Thursday afternoon with a 7 to 0 victory over the Archer City High School. The Wildcats won seven games, tied one, and lost two during the season.

Card of Thanks

I want to thank Dr. Stapp and all the hospital staff for the wonderful care I received during my stay in the Foard County Hospital. Also thanks to my good neighbors and friends for their prayers, flowers, cards and visits. May God bless each one.
Jim Owens.

In-Service Workshop Date Set for April

The local school administration has announced that the session of Dr. L. Keith Regua has been obtained for an in-service workshop on Wednesday, April 3, 1942. The workshop will be centered around behavioral objectives, a summary statement concerning the workshop, Dr. Regua's A problem frequently encountered by teachers is that of stated in such vague terms measurement of the achievement of the objectives is virtually possible. In this workshop, we examine goals and objectives at the end of the session. We expected that the majority of participants will be able to identify measurable objectives among a group of objectives will be able to state objectives for their own subject matter in measurable form.
Dr. Regua added that with chalkboard is desirable in this workshop, equipped with overhead projector and screen.
Dr. Regua is presently the director of instructional services for the Region IX Education Service Center in Wichita Falls. Dr. Regua's educational background has qualified him in the area of instruction.

Double Tax Days

GROWELL STATE BANK

LOVE TAXES? You'd think some of us do . . . the way we pay our home community taxes, and then rush off to other cities and towns, to help those people pay theirs.

You know, part of every dollar spent in any community goes naturally to help defray that community's overhead expense—for city, county, and school facilities. More trade volume means smaller direct tax bills. . . trade volume which leaves a community, leaves bigger tax bills. . . for every individual who lives in that community.

But, of course, Taxes are fun. Double your fun by doing your shopping where you pay part of the other fellow's taxes, too.

OPTIMISM IS URGED ON PEASE RIVER PROJECT

J. A. Marr and A. V. McCombs of Crowell were among the more than 20 representatives from Quannah, Crowell and Vernon present for a conference with Army Corps of Engineers and Red River Valley Association authorities Thursday night at Iowa Park High School who were urged to maintain their optimism in the face of inevitable uncertainties about a proposed Pease River dam and reservoir north of Crowell on which preliminary studies are now being made.

Billy Mahaffay, chief of the planning branch of the Tulsa Division of U. S. Army Corps of Engineers, conferred with representatives of the three communities for more than an hour after addressing a regional meeting of the Wichita Farm and Ranch Club in the Iowa Park School cafeteria.

Mr. Mahaffay declined, because of these same uncertainties, to predict when the Pease River project could be completed if all the necessary steps progressed at the optimum rate.

He said it would be necessary to obtain initial authorization for the project, then funds for construction planning, and finally appropriations for construction.

He emphasized the very real threat of environmental opposition that is present with any project and suggested that proponents of the project and the necessary preliminary salt water pollution control projects seek out and confer with any possible opponents in advance rather than ignore them.

He said the Corps of Engineers would not likely be able to indicate construction capability in 1972, even on the Wichita River brine control projects unless these projects are given top priority.

Calvin Watts of Rustin, La., executive director of the Red River Authority of Texas, told the group that without this indication of construction capability, funds could not be immediately forthcoming.

The proposed Wichita River pollution control project, includ-

ing massive brine lakes near Truscott and Crowell, is expected to cost approximately \$40 million. Widespread support all along the Red River Valley is seen, however, because the project would improve the quality of water at Lake Kemp, and help to make water at Lake Texoma usable for domestic purposes 100 per cent of the time.

Mr. Mahaffay rated chances of moving brine dams on the north and south forks of the Pease River into Phase I so that they could be completed along with the Truscott and Crowell brine lake projects as "very slim to nil."

He also suggested that use of the Canal Creek brine lake near Crowell for recreation purposes in initial stages might also be unlikely because the lake would not reach its full size for close to 20 years on the basis of brine that would be pumped through a pipeline from the Wichita River low flow brine dams.

But he called a proposal by Bill Carpenter of Quannah to fill the brine lake to final capacity initially with water diverted from Pease River a totally "new idea" that might change his assessment on recreation potential.

In the Farm and Ranch meeting which preceded the smaller session in an adjacent room, Fred Parkey of Iowa Park presented plaques to W. C. Howard of Quannah and T. J. Pace of Iowa Park for some 50 years of visionary leadership in regional water development. Also receiving a plaque in absentia was Rhea Howard of Wichita Falls.

Mr. Watts, featured as the first of two speakers before the Farm and Ranch Club, discussed the brine control projects and its programs, pointing out that a total of 50 projects have been completed, are under construction or have been authorized in the Red River watershed at a total cost of \$1.3 billion.

Mr. Mahaffay discussed four major Corps of Engineers projects in North Texas and Southern Oklahoma and showed slides on some

of the work: re-construction of the Lake Kemp dam and spillway, the Waurika Reservoir, control of salt pollution in the Wichita River above Lake Kemp and the Pease River Project near Crowell.

Hightower's Senate foe Withdraws

Possibility of a head-on re-election clash between State Senator David Ratliff of Stamford and State Senator Jack Hightower of Vernon in 1972 dissipated Thursday with Ratliff's announcement that he will be a candidate for state representative.

Ratliff, second oldest senator in point of service, said earlier he would challenge Hightower in the 1972 primary. The two had been paired in senatorial reapportionment.

Stage was set for Ratliff's switch when State Rep. Grant Jones of Abilene announced as a Senate candidate in the new 13-county Abilene-Waco district. Jones and Rep. Tom Moore Jr. of Waco, both prominent floor leaders in the Texas House, said Wednesday of last week they will seek the new seat.

The Stamford senator was reported by the Associated Press as saying he would seek the post now held by Jones and would not seek election to the Senate against Hightower.

Jones' district will include Jones, Fisher, Nolan and Mitchell counties and most of rural Taylor county in 1973.

Ratliff had been mentioned earlier as a possible candidate but the deadline for moving into the new district passed with him still a resident of Stamford.

He had served since the mid-1950s on the 24th District, part of which was combined with Hightower's 30th District by the re-districting commission. Hightower is the only announced candidate for the 30th District seat.

Moore was unofficial leader of the "Dirty 30," a coalition of Liberal Democrats and of Republicans in the 1971 legislature that time after time questioned the authority of Speaker Gus Mutscher.

Jones, Abilene businessman, was chairman of the House Committee on Urban Affairs.

Abilene is in the northwest section of the new senatorial district while Waco is on the eastern boundary, a distance of 186 miles. The 13 counties of the district are Brown, Coleman, Concho, Coryell, Hamilton, Lampasas, McCulloch, McLennan, Menard, Mills, Runnels, San Saba and Taylor.

News from . . . THALIA

BY MRS. MAGGIE CAPPS

Pat Cates of Texas Tech spent the week end with his parents, Mr. and Mrs. T. R. Cates, Jr., en route back to Lubbock from Wichita where he had attended a drama workshop.

Mr. and Mrs. Lee Sims and Mr. and Mrs. Sam Bockman spent a few days last week with the women's sister, Mrs. Fay Britt, in Wichita Falls.

John Warren spent the week end with Mr. and Mrs. J. W. Johnson and attended a family reunion at Hub.

Mrs. Ila Hammonds of Floydada visited Mrs. Maggie Hammonds Tuesday and they visited Mrs. Bill Meek at Chillicothe.

Roy Self returned home Friday after spending a few days with his brother, Gordon Self, and wife at Seagraves.

Visitors of Mr. and Mrs. Ira Toole last week included Mr. and Mrs. John Toole, and son, Bryan, who has recently returned from the service, of Tulsa, Otis Toole and L. Z. Toole of Fort Smith, Ark., Mrs. Ruby Sanford of Dallas and Mrs. Bessie Grisham of Wichita Falls. They all visited their mother, Mrs. S. M. Toole at Quannah.

Mrs. Ruth Ellen McBeath and children and Mrs. Flora Short have returned home from Grand Prairie where they visited their brother and son, Barney Tucker, and family.

Mr. and Mrs. William Wisdom of Medicine Mounds visited their aunt, Mrs. Buna McKinley, Friday.

Mr. and Mrs. D. C. Nichols of Asheville, N. C., visited Mrs. Maggie Capps and Mr. and Mrs. T. R. Cates last Wednesday.

Mmes. C. C. Wheeler and C. O. Johnson are visiting Mrs. Wheeler's sister at Grapevine.

Mr. and Mrs. Eudale Oliver are home from maize harvest. Mrs. Oliver's mother, Mrs. Mamie Shultz of Vernon, spent several days last week with them. Other Sunday guests were Mr. and Mrs. Ralph Shultz of Vernon and Mrs. Myrtle Neill.

Visitors of Mrs. Fay Whitman over the week end were her sister, Miss Oneta Cates, and friend, Mrs. Jessie Fulkerson, of Abilene. They also visited Mr. and Mrs. T. R. Cates Sr. in Quannah.

Mrs. Maggie Capps visited her granddaughter, Harletta Capps of Canyon, in the Duane Capps home in Vernon Friday and attended the football game.

Miss Kathy Adkins and Miss Cindy Adams of Arlington visited Kathy's aunt, Miss Irene Doty awhile Saturday night.

Mrs. Lela Glasgow of Midland came Tuesday for a visit with her brother, Floyd Webb, over the Thanksgiving holidays. She also visited friends in Fort Worth.

Johnnie Gamble of La Porte visited Mr. and Mrs. Jake Wisdom one day last week.

Mrs. Velma Seales of Vernon visited Mrs. Myrtle Neill Monday. Mrs. Reed Wood and friend of Vernon visited Mrs. Knoxie Brown Friday.

Mmes. Knoxie Brown and Maggie Capps visited Mr. and Mrs. Carl Cumming in Quannah Tuesday.

Rev. Doug Jones, pastor of the Baptist Church, was honored at the church Sunday celebrating the conclusion of his first year with the church here. He is presently attending Wayland College at Plainview and coming home on the week ends.

Marshall Capps and Becky Bellew visited his grandmother, Mrs.

Two Minutes With the Bible

A Tale of Three Cities

In Thessalonica, Paul reasoned out of the Scriptures for three sabbath days with men who were unwilling to be convinced (Acts 17:1-9). The bigotry of these Thessalonians not only kept them in spiritual darkness, but it moved them to bitter opposition to the truth, so that they persecuted Paul and Silas and even followed them to Berea, stirring people up against them.

Bigotry has the same effect today. Let us never close our minds so as to keep error out, for in doing so we will only shut new light out and close old errors in. Moreover, it is but a small step from shutting out new light from God's Word to engaging in bitter opposition to it.

The Athenians went to the other extreme. They lost interest in what was old and clamoured only to hear new things (Acts 17:21). Yet when Paul came to them with the good news of the gospel of grace, some "mocked" while others, more polite, said: "We will hear thee again of this matter," and turned away (verse 32).

The Athenian spirit too is still rife today. Many are constantly giving up the old and looking for something new, sure that the latest fashions, the latest statistics and the latest advice must be best.

Significantly, the story of the noble Bereans falls between that of the Thessalonians and that of the Athenians in our Bibles. These Bereans possessed the true spiritual greatness to give man's word respectful consideration, whether old or new, and then to subject it to careful examination in the light of the Word of God. They received Paul's word, we read, with open minds, and then "searched the Scriptures daily, whether those things were so" (verse 11). For this God called them "noble"—the spiritual aristocracy of their day.

May God help us to be neither "Thessalonians" nor "Athenians," but true Bereans. If we follow men we drift on a sea of human speculation, for men disagree on the most vital issues. Only as we stand on the inflexible, unchangeable Word of God can we be sure.

East Texas GMO's Make Big Hauls

For game management officers of the Texas Parks and Wildlife Department in East Texas, long hours of surveillance paid off with multiple arrests in three unrelated incidents, according to executive director James O. Cross.

The biggest haul was the arrests of the captains and crew members of 19 boats for oystering in waters closed by the State Health Department because of pollution.

Game Management Officers Jim Broughton and Bobby Miles, assisted by Texas Parks and Wildlife Department pilot Wayne Wentworth, rounded up the offenders.

As a result, 45 pleaded guilty and paid approximately \$3,000 in fines, said Stetson G. Reed, head of law enforcement for the department. Nine others made bond and are awaiting trial.

It is estimated that more than \$7,000 worth of oysters, said to be unfit for human consumption,

Maggie Capps, Sunday.

Polye Wisdom attended a birthday party honoring Angie Jones on her 9th birthday Sunday in the Jones home in Crowell.

were returned to the water.

In another incident, Game Management Officer James Johnson and his supervisor, Frank Dickerson, arrested nine crew members on three boats, and charged them with possession of undersized oysters. Total fines and court costs totaled more than \$500.

In a third unrelated incident, two game management officers of Colorado County stopped a car containing three Houston-bound men who had opened the deer season prematurely, and were in possession of six deer. The officers learned that the deer were killed in Hamilton County, where the season did not begin until Nov. 13. The early venison cost the anxious hunters approximately \$1,250.

More than one out of every four cars on the road has at least one seriously underinflated tire, according to a survey made for the National Bureau of Standards.

"GIMMICK LIFE INSURANCE"

... The board order, State Board of Insurance, does "certain participating" policies as "any contract of life insurance which contains a provision which the policyholder becomes, or which creates or tends to create the understanding that he will become, an investor in the insurance company, and that, as an investor, he will be entitled to participate in the future corporate earnings as specified in the contract of insurance." It further directs the Commission to disapprove and withdraw such contracts, including those defined in the order as "Charter," "Founder's," or "Trust sharing" policies and further directs him not to approve such policies after December 1, 1971, the effective date of the order.

... The order also states that such policies are "by their nature unfair, inequitable, misleading, and deceptive, and encourage misrepresentation;" and that "such policy forms are particular subject misleading sales techniques."

Any member of the "Texas Association of Life Underwriters" will be glad to discuss any proposal for such policies that may be offered to you.

The Crowell Lions Club Invites all AREA FARMERS to Hear Highway Patrolman GERALD HOWARD Discuss the new laws on Lights and Brakes on Trailers. at the Crowell Community Center Monday, December 6, at 7 p. m. Refreshments will be served.

Education Agency To Spend \$23.3 Million for Books

The largest single textbook
adoption in Texas public school
history—a \$23.3 million invest-
ment in new materials—was ap-
proved November 13 by the State
Board of Education in Austin.

The new books, which cover 27
different elementary and second-
ary school subjects, were selected
from a field of 441 student titles
by the State Textbook Commit-
tee in September.

Local school district textbook
committees will select their own
books from a total of 112 titles
adopted by the board by March
1, 1972. The new text materi-
als will make their first ap-
pearance in the classroom in
September, 1972.

State contracts with the pub-
lishers will run from three to six
years with the bulk in the four
and five-year categories.

Subjects included on the list
are: basal reading, vocal music,
geography, earth science, English
composition, related mathematics,
advanced Texas studies, French,
German, Spanish, graphic arts, in-
dustrial materials and processes,
woodworking, automotive trades,
building construction trades,
metal trades, driver education and
traffic safety, and consumer math-
ematics.

Boy Scouts were incorporated
on February 8, 1910.

Foundation School Program to Cost \$1,164,458,000.00

The Foundation School Program
—state funds earmarked for fi-
nancing public education in Tex-
as—is expected to tally out at
\$1,164,458,000 during the 1971-
72 school year.

This projected total, an increase
of \$83,342,988 over 1970-71, was
reported to the State Board of
Education in Austin November 13
by Dr. J. W. Edgar, Texas com-
missioner of education.

The new estimate does not in-
clude any consideration of the
current salary freeze because suf-
ficient information is not avail-
able at this time to predict the
exact results on the cost of the
foundation program, Edgar said.

However, if the freeze on teach-
er salaries is lifted as of Novem-
ber 13, 1971, the cost will be re-
duced by about \$10 million. Should
the freeze be continued for the
entire year, the cost would be ap-
proximately \$30 million less.

Basic elements of the Founda-
tion School Program increase in-
clude: new foundation salary
schedule—\$43,553,598; 835 addi-
tional vocational units—\$7,098-
335; 2,076 additional special edu-
cation units—\$16,213,560; 737
additional professional units, in-
cluding classroom teachers—\$5-
705,854; 907 additional teacher
aides—\$2,857,050; additional costs
for transportation and various ex-
isting special programs—\$7,914-
591.

Receipts expected to meet the
cost of the Foundation School
Program will include: \$210,479-
000 from local fund assignments;
\$297,939,000 from state available
funds; \$400,000 from budgetary
excess transferred, that is the in-
dividual student's share of money
which may follow him if he trans-
fers from a district which does not
need state funds to one which
does; \$925,000 from county avail-
able funds; \$300,000 recovered by
state audit of local school sys-
tems, and \$654,415,000 from the
Foundation Program Fund.

Give Saving Bonds This Christmas

"This year, U. S. Savings Bonds
make better-than-ever Christmas
gifts," Rex Brack, Texas chair-
man for the Treasury's Savings
Bonds Program, said this week.
"The interest rate is higher than
ever, and the popular E Bond has
a shorter-than-ever maturity per-
iod."

There are other reasons for buy-
ing Savings Bonds as gifts, Brack
pointed out. "You don't have to
worry about style, size, shape, or
color. And they're priced to fit
almost any pocketbook. They're
indestructible—if lost, stolen, mu-
tilated or destroyed, the Treasury
will replace them free of charge.
They're patriotic, too.

"It's easy to buy Bonds. Your
bank has them available in de-
nominations ranging from \$25 to
\$1,000. And you now have a
choice of four colorful—and free
—gift envelopes.

"While Savings Bonds are es-
pecially appropriate at Christmas-
time, they are ideal gifts for al-
most any occasion," Brack added.
"For birthdays, new babies, anni-
versaries, graduations, weddings—
you name it—Savings Bonds are
the gift that keeps on giving."

Duck Hunters Report Slow Start

Duck hunters from across the
state are reporting poor shooting,
and things aren't expected to get
better until some really nasty
weather pushes the birds south
across the Red River, according
to Texas Parks and Wildlife De-
partment officials.

Hunters in Northeast Texas re-
port that the few and scattered
ducks are flying high, and gener-
ally good weather in the area
has kept boaters, water skiers and
fishermen on the lakes. This sort
of activity has been spooking most
of the ducks out of range.

On the Murphree Wildlife Man-
agement Area hunters had fair
success on the first day of the
public hunt there. The 164 hunt-
ers which showed up killed 700
ducks.

Things weren't so ducky down
the coast. One 90-member hunt-
er's club in the Rockport area
reported killing only 172 ducks
during the first week of hunting.

Hunters are reported to be dis-
appointed in the poor showing
since most of them have a season
under their belts with which to
get the hang of the point system
to determine bag limits.

Hunters may have one to 10
ducks in the aggregate based on
the following 100 plus system.

100 point ducks — canvasback
ducks and red head ducks.

90 point ducks — mallard hens,
New Mexican ducks, black ducks,
wood ducks and hooded mergan-
ser ducks.

20 point ducks—mallard drakes,
mottled ducks, pintail hens and
ring necked ducks.

10 point ducks—all other spe-
cies except black bellied tree ducks
and fulvous tree ducks.

The daily bag limit is reached
when the point value of any duck
taken is added to the total point
value of all ducks already taken
that day reaches or exceeds 100
points.

One fully feathered wing must
remain attached to dressed ducks
while being transported between
the place taken and the personal
abode of the possessor or between
the place taken and a commercial
preservation facility.

Transfusions for Cattle to Reduce Shipping Fever

Low-cost blood transfusions for
cattle may soon help solve the
problem of Shipping Fever.

Texas Tech University Veteri-
narian W. H. Wohler Jr. foresees
the use of blood transfusions and
infusions to combat the problem,
one which has been estimated to
cost West Texas cattlemen more
than \$27 million a year.

Dr. Wohler and his Texas Tech
associates are working toward im-
proved instruments and processes
which will lead to economic col-
lection, treatment, storage and
use of the whole blood and blood
plasma. This, in turn, could result
in transfusions costing as little as
one dollar per head. "Considerable
progress" has already been made.

"It's one of the most exciting
things I have been involved with
in a 20-year career in veterinary
medicine and livestock produc-
tion," Dr. Wohler said.

Shipping Fever is a problem "to
some degree with nearly all
groups of cattle that are trans-
ported and at nearly all places
where cattle are received. Numer-
ous vaccines have been developed
to prevent Shipping Fever and
some, if used properly and at the
proper time, are of great value.

Antibiotics and sulfa drugs are
of inestimable value in reducing
loss, but none of these has com-
pletely eliminated or controlled
the problem," the Texas Tech
veterinarian said.

The degree of sickness and
amount of loss are related to the
amount of stress to which the cat-
tle are subjected. On that basis,
Dr. Wohler has directed efforts
to attempt to scientifically relate
the amount of stress as measured
by biologic methods to sickness
and loss and further to study all
the facets of stress in cattle in
order to determine how to com-
pensate the animal for the "physi-
ologic derangement" induced.

Work in this area has been sup-
ported by Texas Tech University
and by private sources and it has
been conducted on the Tech cam-
pus, at origin locations, and at
Lubbock feedlots.

ASCS Continues as Economic Program Information Center

Foard County residents can
get official information on Phase
II of President Nixon's Economic
Stabilization Program at the Ag-
ricultural Stabilization and Con-
servative Service office, says Jean
L. Reeder, the county executive
director.

"As the nation enters Phase II,
ASCS county offices along with
the Internal Revenue Service will
continue to provide public infor-
mation at the local level," Mrs.
Reeder said.

The county ASCS office will
receive regular updated informa-

tion from the president's cost-of-
living council, price commission,
and pay board.

Residents calling or visiting the
county office about a wage-price
problem, will get answers on the
spot if the questions fall within
existing guidelines. More complex
questions will be forwarded by
county office personnel to the
nearest IRS office for reply.

"We are not authorized to han-
dle complaints, violations, and re-
quests for exemptions, but we will
forward them to the IRS district
headquarters office," Mrs. Reeder
explained. She also said that the
name of anyone filing a complaint
or violation will be kept confiden-
tial.

Any questions that cannot be
answered by ISCS or interpreted by
the IRS district office will be
forwarded for higher level action.
The person making the inquiry
will be informed if this action is
taken. Details on procedures for
appealing decisions also are avail-
able upon request. The county
ASCS office located at 127 South
Main is open from 8 a. m. to 5 p.
m. The telephone number is 684-
3191.

Junior Leaders

The Foard County Junior Lead-
ers met last Thursday at the com-
munity center. Sharla Haynie pre-
sided at the meeting and Trey
Autry read the minutes and called
the roll. Barbie Scott said the
prayer and Harold Myers led the
4-H pledge. Martha Martin and
Jody Haynie led the 4-H'ers in
several songs and were accom-
panied on the piano by Barbie.

Jody gave a very interesting
and informative program on mon-
ey management. Hostesses were
Karen Statter, Barbie Scott and
Martha Martin. At the next meet-
ing, December 2, the hosts and
hostesses will be Sharla Haynie,
Harold Myers, Jody Haynie and
Floyd Borchardt. Sharla will give
the program.

4-H Club Meeting

John Thomas presented a pro-
gram on smoking to members of
the fifth grade boys 4-H club on
Tuesday, November 9. Joe Bur-
kett passed out booklets, "The
Bare Facts About Smoking." Then
he passed out another booklet on
slaughter steers which we get
to keep if we want to and we
did. John called the meeting to
order and Wade Davis led the
prayer. Steve Rodriguez and Da-
vid Seidig were elected song
leaders. Marshall Reed read the
minutes and called the roll. The
next fifth grade boys 4-H meeting
will be January 4.

Diction Test

The following paragraph is the
standard test given applicants for
jobs as radio announcers. Read
it clearly and without mistakes
in twenty seconds and you have
an above-average diction!

I bought a batch of baking pow-
der and baked a batch of biscuits.
I brought a big basket of biscuits
back to the bakery and baked a
basket of big biscuits. Then I
took the big basket of biscuits
and the basket of big biscuits and
mixed the big biscuits with the
basket of biscuits that was next
to the big basket and put a bunch
of biscuits from the basket into
a box. Then I took the box of
mixed biscuits and a biscuit mixer
and the biscuit basket and brought
the basket of biscuits and the
box of mixed biscuits and the bis-
cuit mixer to the bakery and open-
ed a tin of sardines. — Facts.

PRE-NEED or PRE-ARRANGED FUNERAL PLAN

Our Pre-Need or Pre-Arranged Funeral
Plan is for everyone—Old or Young,
Married or Single, Insurable or Uninsur-
able.

You select what you want at the price
YOU want to pay. You arrange your pay-
ments to meet your convenience. It does
not cost you any more to make your
arrangements now, but does relieve
your family and loved ones of this re-
sponsibility when needed.

We have always tried to serve our
people and make available to them any-
thing that would help them, and we are
willing to discuss the pre-need and pre-
arranged funeral plan and help you
make decisions according to your own
individual requirements and desires.

Please call us or come in and we will
be glad to answer any questions or help
you in any way that we can.

WOMACK Funeral Home

BEDMATES—Yogi Bear and Boo Boo are the latest comic
book characters to join bed and bath fashions for children.
In permanent press cotton percale and polyester, the
sheets and pillowcase are printed with multi-colored car-
toon scenes on a light blue ground. By Burlington, the
coordinates also include a matching easy care
bedspread and a fringed cotton terry velour bath en-
semble.

Adelphian Club Hosts Gentlemen's Evening at Ramsey Home

At 7 p. m., Thursday, November 18, at the home of Mr. and Mrs. Walter Ramsey, the members of the Adelphian Club entertained their husbands and other guests with a Spanish covered dish dinner.

The tables in the dining room and den were laid with red cloths, and held gold and green napkins. The soft glow from candles encircled with multi-colored flowers, which formed the centerpiece, and the eye-of-the-zods favors, made by Mrs. Mack Gamble, mother of Mrs. Ramsey, contributed to the Spanish atmosphere.

After the invocation by L. H. Wall, the group enjoyed the buffet dinner consisting of enchiladas, modern chili, Mexican casserole, ham, beans, salads—vegetable, potato and fruit—doritos, pecan pralines, etc.

After the meal, Mrs. Lewis Sloan, president of the club, introduced Senoritas Debbie Johnson, Carolyn Jones, Sharla Haynie and Senores Trey Autry and Ishmael de los Santos, students in Jim Mack Gafford's Spanish class. This quintet, in Spanish dress, accompanied by guitarist Ishmael de los Santos, depicted highlights of Spanish life: their

fiestas, festivals, dances, serenades, etc., in song and impersonation.

To continue the portrayal of Spanish speaking people, Mrs. Bob Cook, local teacher and member of the Adelphian Club, in an informative talk, spiced with witticisms, described the customs and culture of the people of Panama, a country that she visited this past summer. She wore a beautiful native dress and displayed many hand-made articles: table linens, beads, etc. In conclusion, she showed numerous slides among which were several of the Panama Canal. She stated that it took eight hours for a ship to pass from the Pacific Ocean to the Atlantic Ocean. The largest ship to go through the canal, 114 feet wide, was the "Queen Elizabeth," 112 feet wide.

Sixty-seven people, including a former club member, Mrs. Esca Brown, and husband of Fort Worth, enjoyed this social occasion. Hostesses were Mmes. Sally Archer, Emma Belle Bounds, Vera Manard and Walter Ramsey.

Piano Pupils Perform in Festival

Sixteen students of Mrs. Leroy Conner participated Saturday in the Baroque Music Festival at Midwestern University sponsored by the Wichita Falls Music Teach-

ers Association.

Nationally known composer William Gillock, Yvonne Reynolds and Lois Neilson, all of Dallas, judged the piano students. The purpose of such festivals is to encourage young musicians to play music of this period which is considered to be the foundation in piano performances.

Crowell pupils were Misses Anita and Hedi Vecero. They were the only two pupils rated as "superior." Hedi played a march by Bach and Anita played a sonata by Domenico Scarlotti.

Anita and Hedi are the daughters of Mr. and Mrs. Travis Vecera.

Mrs. Sanders' Piano Pupils Present Musicale Saturday

The piano pupils of Mrs. Allen Sanders played in their first fall musicale on Saturday, November 21, at the home of Mrs. Vernon Whately. Duets were played by Karen Statter, Barbie Scott, Pam Whately, Connie Werley and Carol Sue Scott. They also played solos; others who played were April Werley, and Debra Walker. Ann Seidig was unable to be present.

Earlier, three younger pupils played at Mrs. Sanders' home for their families. Tanya Baize, Bob Dee Powers and Wayness Elliott played solos and duets.

Refreshments were served by Mrs. Whately and Mrs. Sanders to the pupils and their families.

A recent law allows the Veterans Administration to provide up to \$30,000 worth of low cost mortgage protection life insurance for about 10,000 severely disabled veterans.

Former Crowell Resident Completes Special Training

Mrs. Rachel Rodriguez Arredondo, a member of the 1960 graduating class of Crowell High School, is graduating from an intensive six weeks training program provided by the Community Action Agency in Wichita Falls.

She will be an alcoholic counselor for this program and was graduated on Nov. 23 from Southern University in Baton Rouge, La. She will be returning to her agency in Wichita Falls under the direction of her employer, Brooks Cooke. In her job, she will be trying to educate the families and the community.

Mrs. Arredondo, daughter of Mr. and Mrs. Paul Rodriguez, is the mother of three school-age children.

Son of Mr. and Mrs. Glenn Rasberry Wed To Karen Matthews

Mr. and Mrs. Glenn Rasberry of Karnes City have announced the marriage of their son, John Lawson, to Karen Lynn Matthews of Houston. The wedding took place in the First Baptist Church at Brownwood on Saturday, November 20.

The couple will make their home in Brownwood where they are both students of Howard Payne Baptist College. The groom is studying for the ministry.

Gambleville H. D. Club

Members of the Gambleville Home Demonstration Club brought gifts for the patients of the Vernon State Hospitals when they

met at the home of Mrs. James Sandlin Friday, Nov. 19. Mrs. Sandlin gave a reading, "Wanted, Time." Then Mrs. Ramon Rasberry directed fun time with a game, gossip.

Mrs. Willie Garrett read the minutes and roll call was answered by "something I'm thankful for." She also gave council report. Mrs. Clarence Garrett presided during business session at which time Mrs. Milton Hunter was elected to EEE committee to serve during the Christmas lighting contest which is to be held again this year as a project of the H. D. Clubs. The Gambleville club will be hostess and have the program for the Foard County federation on Nov. 29 at 2:30 at the community center.

Mrs. Peggy Meads, H. D. Agent, gave a very informative program on clothing at which time she stated that colors and the new pounds-thinner patterns add much to personal improvement to those who are large. She also gave a report on the training program for H. D. agents held recently in Dallas. The topic of this training was "focus." Mrs. Clarence Garrett was awarded the hostess gift.

Next meeting will be the annual Christmas party to be hosted by Mrs. Charley Bartley in her home, date to be announced later.

Sub-Junior Adelphian Club Meeting

The Sub-Junior Adelphian Club met November 10 on Wednesday after school. Year books were presented at the meeting. Debbie Johnson, president, presided and Karen Gray called roll and read minutes. Karen was the leader of the club with the pledge of allegiance to the flag, and the American creed. The bake sale was set for Sat., Nov. 20. Karen introduced the guest speaker, Mrs. Overton Neal, who presented a program on federation. The next meeting will be held Nov. 24 with Coach Scott Boyd guest speaker. Refreshments were served by Susan Autry and mother and Nora Durham and mother.

Letter to Editor

I am very grateful with the town of Crowell for providing the education that has helped me to reach some of the goals I have set for myself in life. Thanks for the teachers, friends and acquaintances who through their lives have helped my life.

Rachel R. Arredondo,
Community Action Corp.,
602 Board St.,
Wichita Falls, Texas 76301.

4-H Club Meeting

The seventh grade boys 4-H Club met in Coach Gidney's room Nov. 11. President Louis Cerda called the meeting to order. Tommy Tamplin led the prayer. Audrey Dunham led the pledge. Then Leslie Nichols called the roll. The boys went over the rules for the stock show and their projects. Joe Burkett asked who was showing hogs and lambs. They received electricity booklets. They started studying. The next meeting is Jan. 5.

Card of Thanks

We wish to express our sincere gratitude and appreciation to each of you for the many cards, the lovely flowers, the telephone calls, and especially for your concern and prayers since Seth's recent illness.

Foard County Native, Now from North Carolina, Visits Here

D. C. Nichols of Asheville, N. C., and whose father helped the late L. I. Saunders construct the Foard County court house returned for another visit in the county last week. Mr. Nichols was here last in June which was his first visit back to Crowell since he moved away with his parents at the age of 3½ years.

Mr. Nichols was accompanied last week by his wife.

The Nichols visited Mr. and Mrs. Otis Gafford at their ranch west of Crowell. Mr. Nichols expressed appreciation for the courtesies extended him on his June visit by Mr. and Mrs. Gafford and also by the late Henry Greening, who met Nichols in a local cafe. Mr. Greening remembered the Nichols family visitor to where the Nichols family lived when they were residents of this county.

Mr. and Mrs. Nichols also visited Mrs. Maggie Capps and Mr. and Mrs. T. R. Cates Jr. at Thalia.

Mr. Nichols recalled here last week that Mrs. Reid Williams of Denver, Colo., the former Miss Una Self, was the favorite teacher of one of his older brothers. Mr. Nichols has seven brothers and one sister.

Mr. Nichols' father was Robert Lee Nichols, who after a career as a builder for many years, concluded his career at the State Capitol where he greeted visitors in the rotunda of the building.

12.8 Million

"Would you believe?" asks the Public Service Company of Colorado, "The 12.8 million employees on public payrolls—federal, state and local—exceed the population of 15 states combined and all individual states except the two largest, California and New York, according to the U. S. Office of Management and Budget."

Waste

Did you know the average American throws away five to seven pounds of solid waste each day? That's over a ton a year, and the amount is increasing, report extension home economics specialists.

Meeting in Quanah Last Week Points Out Benefits of Pease River Dam

Ed Lehman Jr. of Vernon and Fred Parkey of Iowa Park were the principal speakers at a meeting in Quanah Wednesday of last week in connection with a proposed fresh water lake on Pease River for irrigation purposes in this area. Attending from Crowell were J. A. Marr, A. V. McCombs and Bill Klepper.

Also attending the meeting were representatives from Vernon and Quanah.

Mr. Lehman reported on a trip he and others from the area had made to Tulsa, Okla., to visit with the Corps of Engineers.

He said that the salt water control projects are expected to be funded and it is only after these

brine control dams become functional that fresh water will become available in Pease and Wichita Rivers.

Both speakers stressed that cooperation among the three counties' leaders and residents is one of the most essential elements in the final approval of the project, as a united front must be presented.

It was stressed at the meeting that memberships are available in the Red River Valley Association.

In commenting on the salt control efforts, Mr. Parkey said that some of the salty water originating in the Benjamin area is 10 times saltier than ocean water.

The brine control project is expected to stop from 80 to 85 per cent of the flow of salt water into Lake Kemp.

There are three possible locations being studied for the fresh water dam—two are to the west and one is to the east of the Pease river bridge between Crowell and Quanah. It is expected that it will tie in exceptionally well with the new state park for recreational purposes as well as being a source for irrigation water.

Deer Poacher Pulls Boner

You don't have to be absent-minded to get caught poaching, but it helps.

A West Texas deer poacher probably pulled the boner of the year last week when he put the head and hide of an illegally-killed deer in a cardboard box and discarded it in a Reagan County dump.

He might have gotten away with the crime except for a minor flaw—the box had been used to mail something to the poacher and was inscribed with his name and address.

It didn't take much sleuthing by Texas Parks and Wildlife Department game management officers to catch the violator.

The best boner of 1970 probably was by an archer who illegally shot an alligator while hunting on the Aransas National Wildlife Refuge.

The gator's body was recovered later by refuge officials and— you guessed it—the man's name and address were right there on the arrow shaft protruding from the carcass.

A light rain or drizzle, especially after a dry spell, will produce a thin, greasy film which makes a road a prime skidding surface.

Webelos Winners of Attendance Award at Cub Scout Meeting

Twenty-one Cub Scouts participated in the Pack meeting held at the Scout house Tuesday night of last week. Cubmaster Joe Don Brown presided at the meeting.

The Webelos Den won the attendance award for the month by having the largest number of parents present.

Awards chairman Wilburn Nichols presented Wolf badges to Ray Don Werley and Ken Gentry. Recruiter awards went to Joe Brown, Terry Boren and Don Martin and Webelos receiving athletic badges were Don Martin, Terry Boren and Dwayne Dishman.

Den 1 provided entertainment and Den 3 gave the closing exercises.

About 20 per cent of the WW II and Korean conflict veterans have income protection riders on their G. I. insurance policies, according to Veterans Administration.

Stronger Rules Are Adopted For Insurance

Austin—Buyers of life insurance will have better protection from deceptive sales methods and misleading policies because of the new rules and regulations adopted Nov. 9 by the State Board of Insurance.

"It's the most powerful tool our state regulatory body has had for protecting the life insurance buying public," commented John W. Donohue, Jr., CLU, president of the Texas Association of Life Underwriters.

Donohue, a life insurance agent in El Paso, continued, "Our 6500 members believe in self regulation and strong enforcement of this order will provide better control of both agents and companies with respect to misinterpretation of policies and deceptive trade practices that have existed in the past."

"We highly commend the three-member State Board of Insurance for their action in adopting the new rules. We have supported Judge Ned Price (the board chairman) and his associates (Durwood Manford and Larry Teaver) on their efforts to provide these strong rules and our association will continue to work for good laws and regulations that will protect the public."

The board order defines "certain participating" policies as "any contract of life insurance which contains a provision through which the policyholder becomes, or which creates or tends to create the understanding that he will become an investor in the insurance company, and that, as an investor, he will be entitled to participate in the future corporate earnings as specified in the contract of insurance." It further directs the commissioner to disapprove and withdraw such contracts, including those defined in the order as "charter," "founder's," or "profit-sharing" policies and further directs him to not approve such policies after Dec. 1, 1971, the effective date of the order.

The order also states that such policies are "by their nature unfair, inequitable, misleading, and deceptive, and encourage misrepresentation," and that "such policy forms are particularly subject to misleading sales techniques."

The TALU president said, "The tougher and more explicit rules regulating these 'gimmick' policies, sales methods, and even sales materials, will surely provide the buyer with a better understanding of the product he is purchasing. Until this order, some companies and their agents offered the public insurance as an investment with dividends that would be paying the premium within five years promising as much as 35 per cent dividend when it was only a return of a high premium, or insuring the lives of children where mortality rate is very low and the premium

Task Forces at Work in Texas Rolling Plains

"Increased net profit is our overriding goal," says Charles Graf of Vernon, chairman of the three-month-old R-PEP task force for swine production.

(R-PEP is the Rolling Plains Economic Program initiated four years ago by area citizens and the Texas A&M University College of Agriculture.) The goal of R-PEP is increased net income from agricultural commodities throughout the Texas Rolling Plains.

At the last R-PEP annual conference was voiced the need for small groups of experts that could react quickly to the many problems faced by producers.

The result was the appointment of eight task forces, headed by the following:

Foy Mitchell of Fisher County for grain sorghum production; H. H. Partridge of Knox County for wildlife; Mrs. Glenn Caddell of Haskell County for family living; Stanton Brown of Knox County for beef cattle and range management; Dwight Hamilton of Young County for small grains; J. Frank Inmon of Childress County for cotton, and Graf of Wilbarger County for swine production.

County agents from Fisher, Wichita, Knox, Shackelford, Mitchell, Wilbarger and Baylor Counties were appointed advisors for the task forces.

Feel for the Policeman!

"Feel for the policeman! If he over-reacts he is hated, and if he doesn't react enough he is despised. He is supposed to be a mind reader, a fortune teller, a fix-it man and the lord protector of all . . . but he isn't supposed to deny anyone his 'rights' nor be concerned about his own safety or welfare. Strange how so much is expected from an individual who is considered an oppressor by so many who consider themselves to be the intellectuals of our age."
 —Lennox, S. D., Independent.

Men show their character in nothing more clearly than what they think is laughable.—Goethe.

three or four times the amount that should be charged."

"When this happened," Donohue explained, "It was the honest agent, the permanent resident and respectable businessman in your community who got the blame after the agent got out of the business and the company lost in a merger with another company. Many, many times TALU members have been faced with this situation, and often they have been helpful in getting reconciliation for the disenfranchised policyholder."

TALU members represent hundreds of insurance companies and, Donohue said, "we are dedicated to a strict code of ethics." He concluded "Our policyholders come first, and we strongly support the State Board of Insurance in its endeavor to provide the consumer with the protection he deserves."

West Texas Utilities Company Equal Opportunity Employer an investor owned company

By Bill Boykin
Texas Press Association

Austin, Tex.—Almost 100,000 state employees and 140,000 school teachers will get the pay raises the Legislature voted for them—effective November 14.

President Nixon's Pay Board and the Cost of Living Council notified state officials all wage, salary and other benefit increases provided in the 1971-72 state appropriations act will be permitted on end of Phase 1 of the president's wage-price freeze.

For most state employees, the 6.8 per cent increase they expected to get September 1 will reach them on a supplemental payroll for the November 14-November 30 period.

Teachers will receive a five per cent per year boost in line with a 1969 long-term compensation plan approved by the Legislature.

State employees and teachers lost about \$19 million of their scheduled raises between September 1 (start of the state's fiscal year) and November 14, date of the un-thawing.

They continued to sweat out federal agency rulings as to whether their benefits could be made retroactive because they actually were ordered by state lawmakers before the August freeze order.

State Commissioner of Education J. W. Edgar notified local school districts that compensation benefits such as travel expenses and supplements for insurance premiums may also be put into effect. State funds will be disbursed to school districts in line with the programmed increases beginning with the December foundation fund payments.

School districts with 1,000 or more employees will have to report raises to the Pay Board. Districts with fewer than 1,000 employees are not required to make the reports, although they must operate within board rules.

ALLOWABLE INCREASED—After seven months of declining oil production allowable, the Railroad Commission set the December production figure at 63 per cent of potential—an increase

from 62.5 per cent.

Commission Chairman Byron Tunnell cited declining stocks of crude oil. He said the stocks stood at 99.8 million barrels on November 12, down 11 million from 1970.

The commission's production allowable will permit a maximum output of 3,339,400 barrels a day, 21,341 more than for November. Actual production is estimated at 3,060,846 daily for December, just over what major crude purchasers asked.

Foreign oil stocks are up 8.6 million barrels from 1970, Tunnell reported.

FOOD STAMP PROGRAM ALTERED—Changes in the food stamp program for the needy approved by the Board of Public Welfare last week will double the number of participants and increase cost.

Changes ordered by federal legislation will liberalize eligibility standards based on a scale of maximum income.

Board also adopted these policy changes in event federal court cases are decided against the Welfare Department:

* To permit welfare aid to non-citizens lawfully admitted to this country for permanent residence or to those seeking old age assistance who have lived in the U. S. at least 25 years.

* Eliminate a provision that criminal charges must be filed against a parent who deserts a child before aid to families with dependent children can be paid.

* Wipe out forced establishment of guardianship before aid can be paid to those permanently and totally disabled due to mental impairment.

APPOINTMENT—Gov. Preston Smith has appointed Fritz Lanham of Austin, one of the governor's aides, to the Criminal Justice Council executive committee.

BANK BIDS STUDIED—The State Banking Board may act next week on a dozen applications for "phantom bank" charters.

Board must decide whether authorizing such procedures for larger banks to absorb smaller ones is a step toward prohibited

branch banking. Charter applications for new state banks in Magnolia, White Oak and Port Neches received board approval. Applications were turned down for other banks in San Antonio, Wimberley and Texas City.

Short Snorts

State Sen. Wayne Connally of Floresville announced his candidacy for lieutenant governor.

The State Highway Department received permission to excavate the site of its proposed new \$20 million headquarters building here.

State Securities Commissioner Truman Holladay stopped stock trading by three Sherman firms promoting a kind of "electronic checkbook."

Former U. S. Sen. Ralph Yarborough says his 10-to-one he will run for governor or U. S. Senator next year.

Bids on more than 600 tracts of oil and gas leases will be opened December 7 by the School Land Board.

Undercover Alcoholic Beverage Commission agents will check private clubs for violations of a new law allowing issue of temporary membership permits for \$2.

Hunting license sales are near a record—at more than 290,000 for September and October alone—reports Parks and Wildlife Department.

December 1 is the deadline for new car dealers, distributors, manufacturers and factory representatives to get licenses under the Texas Motor Vehicle Commission act.

The State Bar of Texas has approved a new code of professional responsibility for lawyers.

Reps. Tom Moore Jr. of Waco and Grant Jones of Abilene are candidates for the state senate in the new 24th district.

A major Democratic fund-raising dinner is scheduled here December 6, with Sen. Hubert Humphrey and Congressman Wilbur Mills as drawing cards.

To check for safe tire tread depth, place a Lincoln penny between the grooves. If you can see the top of Lincoln's head, the tire is worn too thin.

Mr. and Mrs. Gerald Hodges and Rita and Gary moved to Crowell from Gilliland last week.

Those from Truscott and Gilliland on the grade school honor roll at Crowell were Gail Bullion, Jill Myers and Rocky Glascock.

On the low honor roll: Oralia Fuentes, Michael Daniel, Jimmy Daniel, Bernadette Greening and Jerry Bob Daniel. Those on the CHS A honor roll were Nancy Looney, and on the B honor roll: Bette Sue Barry, Jacquelyn Brown, Trenna Cash, Robert McElroy, Allen Tapp and Ruth Brown.

Mrs. Imogene Henson of Burk Burnett visited Mr. and Mrs. A. R. Bayes Sunday afternoon.

'Figures Can't Lie'

"The student was trying to display his knowledge of math: 'figures can't lie,' he declared. 'For instance, if one man can build a house in twelve days, twelve men can build it in one day.' The teacher interrupted: 'Then 288 men can build it in one hour, 17,280 in one minute, and 1,036,809 in one second.' While the student was still gasping, the teacher went on: 'And if one ship can cross the Atlantic in five days, five ships can cross it in one day. 'Figures can't lie,' can they?'—Sacramento, Calif., Valley Union Labor Bulletin.

Discontents do arise from our desires oftener than from our needs.

Chief of Engineers

Readies Statement

On Brine Dams

The Office, Chief of Engineers last week announced that the revised Draft Environmental Statement of Arkansas-Red River Basins Water Quality Studies, has been forwarded to the Council on Environmental Quality.

The statement concerns only remedial measures for Areas VII, VIII and X, Texas, located in the Peace and Wichita River drainage areas of the Red River watershed.

The purpose of this project is to provide facilities for water quality control and to reduce the brine concentration entering Lake Kemp, a municipal water supply, and other downstream reaches.

The construction will consist of four low-flow dams, three storage reservoirs, and approximately 37 miles of pipeline. The proposed work is located in Cottle, Foard, King and Knox counties.

The draft Environmental Statement is currently being reviewed by federal, state and local government agencies as required by Section 102 of the National Environmental Policy Act of 1969 and the Council on Environmental Quality "Guidelines." After review of all comments received, the environmental statement will be revised as required and filed with the Council on Environmental Quality as the final environmental statement.

Copies of the draft environmental statement may be obtained from the District Engineer, U. S. Army Engineer District, Box 61, Tulsa, Ok. 74102.

A failure is a man who has blundered, and is unable to cash in on the experience. — The New Canaan (Conn.) Advertiser.
