Current School Year Is Rapidly Drawing to Close

School will dismiss this Friday, March 31, at 2:30 p. m. to begin the Easter spring break. Supt. Larry Jones said Monday. Classes will resume on Monday, April 10.

Teachers will be involved in in-service training sessions and work days during this time. Supt. Jones added. He said that Dr. Keith Requa of the Region IX Education Service Center will be the principal speaker and director of the Wednesday, April 5, session on "Behavioral Objectives."

Dr. Requa says, "A problem frequently encountered by teachers is that objectives for a lesson or unit of work are stated in such vague terms that measurement of the achievement of the objectives is virtually impossible. In this workshop, we will examine goals and objectives; and at the end of the session, it is expected that the majority of the participants will be able to state objectives for their own subject matter area in measurable form."

Friday, Crowell Schools will host an area workshop on "Crime Prevention" and "Drug Education." This area will include Knox, Foard, Hardeman and Wilbarger counties school districts.

May 6 Primary Voting Deadline Is Almost Here

Texans have just a few days more—until April 5—to register to vote in the May 6 primary elections.

Major state candidates viewed with alarm registration totals so far. They noted that less than 3.8 million had registered as of last week end, although there are nearly 7.7 million qualified voters in the state.

Present registrations are trailing the corresponding period in 1967 by 294,000 and the 1970 figure by more than 370,000.

Of the county's total farms in 1969, 283 are reported as selling \$2,500 or more of agricultural products in the year, as compared with 261 in 1964.

The report also shows average farm size in the county was

1,202.2 acres, and average value of these farms (land and buildings) was \$113,500.

Other figures from the report are:

1. Value of all farm products sold in 1969, \$6,315,738; in 1964, \$3,919,050.

2. Value of all crops sold in 1969, \$2,579,004; in 1964, \$2,290,645.

Including family farms using this type of business structure, two of the county's \$2,500-and-over farms are incorporated.

Easter Means Joy

The message of Easter is a joyful one. It is the story of people who had come to grieve at a tomb, but who found it empty, guarded by an angel who told them, "Fear not, He is not here, and they left with great joy."

No tomb of despondency can hold our faith and hope and dreams if we remember that life itself is a miracle, given to us as a precious possession. It was meant to be lived joyfully, with trust and confidence that if we give the best that is in us, we will receive the best that life has to offer. If we learn to "listen with love and faith," there can be no "night of death" that we need to fear.

Easter is our belief that all things good will live, the triumph of courage over doubt and the

determination to make our lives worth living. During this season, we should be inspired to reach out to the world and proclaim, "Fear not."

Farmers Can Now Destroy Wheat on Set-Aside

Farmers Urged to Certify Acres of Wheat and Barley

"You may now destroy the wheat on set-aside under the 75 per cent program," Mrs. Jean L. Reeder, county executive director of the ASCS, told Foard County farmers last week. She added, "We suggest you be sure and destroy enough wheat. If you fail to destroy enough, you are in trouble. This wheat may be destroyed by grazing through May 14, and then plowed."

Mrs. Reeder is asking all producers who have wheat and barley seeded and know the acres for harvest to come to her office at once and certify these acres plus the set-aside for all crops. The reason is that this must be reported by May 1, 1972. "This is a change from last year," Mrs. Reeder says.

Measurement service is available and farmers in doubt about their acreage are urged to request this service at an early date.

Finally, Mrs. Reeder said, "If guar is planted on set-aside acreage a \$6.00 per acre reduction will be made regardless of use—this means for cover or harvest."

Crowell All-Stars Grab Quannah Tourney Title

All-Star Tourney To Be Held Here This Week End

In the first game of the tournament, Crowell defeated the host, Quannah, 77-73, in a real physical battle. Balanced scoring from

Boyd 21, Cook 21 and Gene 20, helped pave the way into the final. Cook had a game on the boards as he led down 23 rebounds. Guards Wall and Boyd helped net Quannah's guards, as they them to just 12 points.

In the second game of the tournament, Crowell rolled past Chillicothe X's 91-58. Dale Boyd had his finest game of the season as he netted 16 points to tie the win. Four others hit the figure marks: Gardner scored the nets for 24, Cook 22, 15, Lyn Rader zipped in 14 and Boyd banked in 11 local all-stars' season record now 10-4.

Pease Dam Study Resumed by Army Corps of Engineers

A delayed feasibility study of a proposed fresh water reservoir on the Pease River between Crowell and Quanah has been resumed and should be completed by the end of the year. This was the substance of a report to the Vernon Chamber of Commerce last week, as reported in that city's newspaper, The Vernon Daily Record.

A delegation from Foard, Hardeman and Wilbarger counties is expected to attend the annual convention of the Red River Valley Authority April 3-4 in Shreveport. The Authority at its annual meeting last year endorsed the Pease Reservoir project and has worked actively to speed the feasibility study and to move the project closer to reality.

The Pease reservoir is being proposed for agricultural irrigation, flood control, recreation and as a future source for municipal and industrial water supplies.

Massive federal aid will be needed for the project. First efforts for a dam across the Pease River, launched some 40 years ago, were abandoned because of water quality. Efforts to clear natural salt water pollution are expected to make the project feasible in the foreseeable future, at least from the water quality standpoint.

Beverly Gray Makes Talk on Farm Programs

Gray is speaker at Truscott Meeting of Local Rotary Club

Members of the Rotary Club of Crowell went to Truscott for their regular weekly luncheon last Wednesday and were served a delicious meal by the women of the Truscott Home Demonstration Club. A large number of the men of the Truscott community attended as guests of the Crowell Rotarians.

Rotarian Gordon Erwin was in charge of the program and he introduced Beverly Gray, field inspector, and nine-year employee of the Foard County A. S. C. S. office.

Mr. Gray spoke to the group on the present farm program, and said that the Agriculture Act of 1972 is a voluntary program.

Land owners can set aside a certain amount of land, and then plant the rest in any crop they desire. He said the feed grain and cotton programs this year are almost identical to last year's.

Mr. Gray emphasized that set-aside acres must be of equal productivity as the rest of the farm, and he expressed the opinion that out-of-state spot checkers will be working the area, and he said landowners who violate any of the regulations will 'be in trouble.'

He added that 460 of the 480 wheat farms in the county are in the government program. A total of 276 farmers have signed up to sell acreage totaling some 14,750 acres at a payment totaling \$318,000.

In conclusion, Mr. Gray said that no allotment is needed to plant cotton this year, but there will be no loan price or support on non-cotton land planted to cotton this year.

I. O. O. F. Lodge Hosts Barbecue Supper

The Crowell I. O. O. F. Lodge hosted a barbecue supper for the members and their wives, and a number of out-of-town guests at the community center Thursday night of last week.

The barbecue supper was finished in time so that those who wanted to could attend the revival meeting at a local church.

Clint White is Noble Grand of the local lodge.

In Colossians 3:1,2, the Bible says, "If ye then be risen with Christ, seek those things which are above, where Christ sitteth on the right hand of God. Set your affection on things above, not on things on the earth."

The public is invited to attend the Easter service at the First Church of Christ, Scientist, 1825 Lamar, Vernon, to hear the Bible lesson-sermon entitled "Unreality."

Scabies Quarantine Area May Be Expanded

The cattle scabies quarantine on 34 Texas Panhandle counties may possibly be expanded to nine more counties with stricter dipping requirements, according to Dr. Bill Clymer, extension area entomologist at Amarillo.

He has received word from the Texas Animal Health Commission that as of June 1, the quarantine may be extended to cover another tier of counties south and east of the current control area. Those that may be added to the list include Cochran, Hockley, Lubbock, Crosby, Dickens, King, Knox, Baylor and Wilbarger counties.

Clymer reports that official dipping will be required of all cattle in movement except those animals that:

1. are moving directly to slaughter;
2. are moving to slaughter through a livestock market;
3. are moving to a livestock market for sale and dipping prior to release;
4. are released from a livestock market to a dip point with an official permit;
5. are moving to an official dip point;
6. have been dipped within the past seven days;
7. are from a non-control area moving through the control area with no stopovers;
8. are being moved by the same owner from one place to another within the quarantined area;
9. have been dipped within seven days from scabies-infested states with permit or with a permit to be dipped upon arrival;
10. are from a non-control area being moved into the control area for grazing.

"These new restrictions are being implemented in an effort to eradicate the scabies mite and prevent its spread to other areas," the entomologist concludes.

FIRST BAPTIST CHURCH

WELCOMES YOU!

THE CRUCIFIXION by Richard Hooker from Taylor's Bible Story Book.

THE CRUCIFIXION

As the crowd led Jesus away to his death, Simon of Cyrene, who was just coming into Jerusalem from the country, was forced to follow, carrying Jesus' cross. Great crowds trailed along behind, and many grief-stricken women. Two others, criminals, were led out to be executed with him at a place called "The Skull." There all three were crucified... Jesus on the center cross, and the two criminals on either side. "Father, forgive these people," Jesus said, "for they don't know what they are doing." And the soldiers gambled for his clothing, throwing dice for each piece. The crowd watched. And they laughed and scoffed. "He was so good at helping others," they said, "let's see him save himself if he is really God's Chosen One, the Messiah." The soldiers mocked him, too, by offering him a drink... of sour wine. And they called to him, "If you are the King of the Jews, save yourself!" A signboard was nailed to the cross above him with these words: "This is the King of the Jews." One of the criminals hanging beside him scoffed, "So you're the Messiah, are you? Prove it by saving yourself... and us, too, while you're at it!" But the other criminal protested, "Don't you even fear God when you are dying? We deserve to die for our evil deeds, but this man hasn't done one thing wrong." Then he said, "Jesus, remember me when you come into your Kingdom." And Jesus replied, "Today you will be with me in Paradise." By now it was noon, and darkness fell across the whole land for three hours, until three o'clock. The light from the sun was gone... and suddenly the thick veil hanging in the Temple split apart. Then Jesus shouted, "Father, I commit my spirit to you," and with those words he died. When the captain of the Roman military unit handling the executions saw what had happened, he was stricken with awe before God and said, "Surely this man was innocent."

Volunteers Needed for Community Program

Residents Invited to Meeting on Tuesday, April 4

Sammie White, social service worker, met with several people in the community last week to explain further the program, Com-

munity Check Mate, according to information furnished the News by Mrs. B. J. Halenck, senior citizen aide here.

The program is developed by the U. S. Department of Health, Education and Welfare to promote the well being and security of the senior citizens. The purpose of the program is to insure the senior citizen who lives alone a meaningful, pre-planned contact each day with a reliable person.

"This program demands the support of a large number of volunteer workers, with perhaps the majority being themselves senior citizens," Mrs. Halenck says.

She added, "Some of the job is as simple as one telephone call a day. If you are living alone and have not been contacted by April 4, please call Mrs. Loraine Carter, 684-4011, or if you would like to help with the program, please come to the meeting Tuesday, April 4, at 2:30 at the Neighborhood Center."

On Jan. 1, 1972, some 19,100 parents drawing Veterans Administration benefits for service connected deaths of veterans and servicemen became eligible for \$55 monthly aid and attendance payments.

It's a Fact

Survivor benefits under social security are paid to widows of many ages. Many are young widows who receive a monthly check as long as they are caring for a child under 18 years of age. Some are severely disabled widows who may begin receiving benefits as early as age 50 if all requirements are met. Others are those unmarried widows who become eligible for benefits because they have reached 60 years of age.

Frogs Suffer First Little Dribbler Loss of Season

Due to changes made in the date for the regional Little Dribbler area tournament, the local LD play-offs between the American and National League champions began Monday night.

In a shocker, the Ponies, coached by Marion Crowell and Bud McLain, did something neither they nor any of the other four teams in the league had been able to do all year—they defeated the Frogs who had completed regular season play with a 10-0 record.

Claudius Coleman was the go-getter for the Ponies and led the scoring with 29 points. Marshall Reed had 6, John Thomas and Scott Streit had 4 each and David Westover had 3.

John Thomas was outstanding on rebounding for the winners.

District Governor Makes Official Visit to Lions Club

Lion James Wheeler, of Abilene, governor of Lions District 2E1, visited the Crowell Lions Club Tuesday at noon. Wheeler, in his address to the local Lions, said there are 64 clubs in District 2E1 and about 3,000 members. An Abilene architect, Wheeler has a 14-year perfect attendance record at his home club in Abilene.

In his talk, he pointed to some of the Lions projects: he said 13,305 crippled and deaf children have been treated to summer camp at the Lions facility at Kerrville and also 834 blind adults have taken part in the Kerrville camp while undergoing training relative to their blindness. He pointed out that a new Lions Club project is a camp for diabetic children and in its first year of operation, hosted 114 diabetic children. He said there are 15,000 diabetic children in Texas.

He added that a 5 per cent increase in membership is the goal for the district, and he complimented the local club for increasing its membership during the year from 30 to 39 members.

In speaking to the Lions and the one Rotarian present at the meeting, Mr. Wheeler told what Lionism is. He said it is service to others; Lions Clubs are the world's greatest doers. It is the world's largest service club with 25,348 clubs around the world. Last year these clubs performed about 400,000 community service projects, donating \$200 million worth of labor.

He also said that Lionism is the key to the practical application of a man's religion.

Prior to the district governor's address, Lion Mike Bird reported on the club's project of building a new track at the local school. He said that a total of 17 Lions had donated a total of 78 hours of labor thus far. He said that on Tuesday, the field was being leveled and graded, involving the moving of about 1000 yards of dirt. He told the Lions that the club is going to build about a half-mile of concrete curbing around the running surface of the track.

Jimmy Gillespie of Lubbock and Bill Klepper of Crowell were visitors.

Prickly Pear Has 23-Foot-Long Root

When Harry Traweck started to pull up a prickly pear plant on his farm last week, he had no idea he was going to pull up such a long root. The root of the prickly pear had grown in a horizontal position about an inch or two under the surface of the ground and was 23 feet long when he got it out. The prickly pear root was actually longer than that but became meshed with a cedar tree root and part of the end had been broken off.

Cotton Contracting

Forward contracting of cotton has gained popularity due to higher than usual prices and short supply. In 1971, 43 per cent of the cotton crop was contracted and the total should surpass that mark this year, says Charles Baker, extension marketing specialist. He cites the main advantages of contracting as (1) an assured supply of quality cotton needed by the buyer at harvest time and (2) a "locked in" price to the grower against which he can make farm management decisions.

Winners Named Saturday in 4-H Food Show

The 4-H Foods and Nutrition Program was climaxed Saturday with the 4-H Food Show held in the CHS gym. Eleven girls showed approximately 30 guests and judges their ability to set an attractive table and their knowledge of food preparation and nutrition.

The girls' exhibits were divided into the four food groups. Each girl chose a food from one of these food groups to prepare and show during the show. Adults and junior leaders met with the girls during the year in project groups. Some of the girls worked under the supervision of their mothers.

In the junior division, entering this year were Rhonda Westbrook in the bread and cereals group, Bernadette Greening in the fruit and vegetable group, Oralia Fuentes, milk group, and in the meat group were Renee Norman, Theresa Drabek, Tracy Shaw and Mae Carol Kuehn. From this junior group, Rhonda Westbrook, Bernadette Greening, Oralia Fuentes and Tracy Shaw will represent Foard County at the district contest at Wichita Falls April 22.

In the senior division, Lee Meads in the meat group, Lynn Meads in the milk group and Sharla Haynie in the fruit and vegetable group will represent Foard County in the district contests. All of these girls were first place winners in their division.

Alternates that will go to Wichita Falls in case one of these girls cannot attend will be Renee Norman in the meat group of the junior division, and Renee Westbrook in the fruit and vegetable group of the senior division.

Junior leaders helping with the judging and maintenance of the food show were Renelle Marlow and Christi Shaw.

Judges for the show were Mrs. Betty Cook, Baylor County Home Demonstration Agent; Mrs. Joe Parr, 4-H leader from Wilbarger County; Mrs. J. W. Cash and Mrs. L. D. Welch.

The Foard 4-H food show was under the general supervision of Mrs. Peggy Meads, Home Demonstration Agent.

Methodist Young People Honored at Banquet Saturday

The young people of the United Methodist Youth Fellowship were honored at a banquet held at the local church Saturday night of last week.

The basement was artistically decorated by members of the Couples Class. A cross was constructed at one end of the room, and Bible quotations were on three of the walls. Quotations included: "Looking to Jesus who endured the cross and is at the right hand of God," Hebrews 12:2, and "For lo, the winter is past, the rain is over and gone, the flowers appear on the earth, the time of singing has come, and the voice of the turtle dove is heard in our land. Yes, Spring is here." Song of Solomon 2:11-12.

The banquet meal was prepared and served by members of the Homebuilders Circle.

The program consisted of musical selections sung by Misses Connie Goodwin and Sally Stone, students at McMurry College in Abilene.

The banquet ended by the crowning of the king and queen, by the sponsor, Mrs. Cornelia McDaniel, following their introduction by Mrs. Grady Halbert. King this year is Trey Autry, and the queen is Miss Rhonda Vececa.

Foard County Landowners Donate Historical Lore to Tech Ranch Museum

(Editor's note: The following article is taken from the Thursday, March 16 edition of the Vernon Daily Record. Mr. and Mrs. Grimes are Foard County property owners and Mrs. Grimes was reared here.)

The Texas Tech Ranch Museum is continuing to find a rich lore of historical material in Wilbarger County.

The latest "find" is a wide variety of early-day agricultural implements on property belonging to the late Mr. and Mrs. John Carmichael.

A total of 39 pieces of equipment has been located on property at Odell and southeast of Vernon, some of it still well-preserved and virtually in operating condition despite years in the open air.

Earlier gifts to the museum, including a barn from the Waggoner Ranch and the restored buggy of the late W. T. Waggoner for the museum ranch headquarters provided recently by Mrs. Helen Buck Waggoner, were previously announced.

The gifts of farm equipment to the museum are from Mr. and Mrs. Dale Grimes of Lubbock. Mrs. Grimes is the former Elizabeth Kincaid of Crowell, daughter of the late Dr. and Mrs. R. L. Kincaid, who were killed in an automobile accident in 1955, and sister of the late Merl Kincaid of Crowell, killed in a similar accident in 1970.

Mrs. Grimes is a niece of Mrs. Carmichael. The farm equipment is being assembled by the Lubbock County Historical Collection, an official and legal arm of Lubbock County created to allow county employees and equipment to be used in their spare time to assemble museum items.

Lubbock County Commissioner Alton Brazell visited the Carmichael place southeast of Vernon Wednesday to pick up a truck load of the equipment—a difficult job in some instances because trees as much as six inches in diameter had grown through some of the parked equipment and the implements had to be sawed free so that they could be loaded onto a Lub-

bock County truck tractor with trailer.

Mr. Brazell said that some of the equipment will be repaired by county employees and displayed as it is, while less complete pieces will be used to provide parts to rebuilding other implements in the growing collection.

He said Lubbock County has joined in the collection process because Tech Museum funds right now are being used primarily in developing the museum ranch headquarters. The work now is primarily attempting to locate and assemble the agricultural equipment before it vanishes.

"We should have been collecting 10 years ago," he said. Mrs. Grimes said the Tech museum people appeared "very excited" about the nature and condition of the early implements located on the Carmichael property.

Her husband, engaged in farming in several counties in this area, including Foard County, purchased the equipment from the Carmichael Estate and donated it to the museum.

Among the rare items found was a single-row P&O Planter, made by the forerunner of McCormick-Derring and International Harvester Company, and an excellent horse-drawn two-row planter, which would operate with addition of only a couple of drive-chains to planter boxes.

A variety of mowers, hay rakes, broadcast binders, ensilage choppers and other equipment is also included in the Carmichael collection.

May 9-June 16 Tentative Dates for Little League

Little League Elects Officers for Coming Baseball Season

Officers were re-elected for the 1972 Little League season at a meeting last week. Elected to serve this year are L. H. Wall, Jr., president; Marcus Mills, vice president; Cecil Davis, secretary-treasurer; Glen Goodwin, player-agent; Mike Bird procurement agent.

Named as chief umpire was Richard Blackburn to be assisted by Willie Gardner, Bob Cook, Buster Borchardt and Scott Boyd.

Joe Don Brown was named as announcer for the season with several others—Charles Branch, Bud McLain and Marion Crowell—who will assist during the season.

Davis and Bird will be in charge of the concession stand and Mrs. Gerald Denton will be in charge of calling mothers to work in the concession stand.

It was decided at the meeting to do some work on the field, to the bleachers and to the lighting system prior to the opening of the season.

These tentative dates were set for the coming season:

Workouts to begin on April 24 and continue until May 9 at which time the season will begin. The 6-weeks season is scheduled to end June 16 with a best 3 out of 5 tournament to follow (June 20 to July 4.)

April 11 was set as the tentative date for the draft of new players.

Many of the Little League players sold Little League ribbons last Saturday and also registered for the new year.

Two Minutes With the Bible

The Resurrection Mourning

"But Mary stood without at the sepulchre weeping" (John 20:11). Why does she weep? Because the tomb is empty! What needless sorrows follow in the wake of unbelief!

Those tear-dimmed eyes did not see the evidence of the Lord's resurrection. And when the angels asked: "Why weepest thou?" She said: "Because they have taken away my Lord, and I know not where they have laid Him." Poor woman! She would rather have found His body there!

But here are two on their way to Emmaus who are no less sorrowful. They are talking together about all that has happened during the last few days and 'as they communed together and reasoned, Jesus Himself drew near and went with them, but their eyes were holden that they should not know Him. And He said unto them: "What manner of communications are these that ye have one to another, as ye walk, and are sad?" (Luke 24:15-17).

The word "walk" here does not mean to walk on but to talk about—to wander aimlessly. They were on their way to Emmaus, but they were so broken-hearted that they did not care whether or not they got there. And it is interesting that the clause "and are sad," is translated in the revised version: "And they stood still, looking sad."

What had caused them to give up hope? Listen to their own words: "We had trusted that it had been He which should have redeemed Israel; and beside all this, today is the third day since these things were done" (Luke

Men in Last Week's Storm Picture Are Identified

Several readers have asked us who the two men were in the picture of the Crowell post office ruins printed in last week's paper. The man on the left was Cadet J. P. Kern of Victory Field and the man in the suit with a hat on is the late G. B. Neill, rural route carrier, of Thalia.

Narrow-Row Cotton
Narrow-row cotton production is mushrooming in Texas, according to Dr. Robert Metz, tension agronomist at Lubbock. More than 18,000 acres are planted to narrow-row cotton this fall. Last year narrow-row yields ranged from 5 to 10 percent more than cotton planted in conventional rows. Further production costs were lower in most cases, the real advantage of the narrow-row system.

The record \$286 million insurance dividends due 4½ veterans this year are subject to federal income tax, Veterans Administration announced recently.

How often we, who call ourselves Christians, are hounded down with doubt and grief, when we should be enjoying "the power of His resurrection!" We believe that Christ paid for our sins at Calvary and rose again to prove that our sins were paid for. We have trusted Him for everlasting life. Can we not trust Him for today's problems?

"Oh, what peace we often forfeit! Oh, what needless pain we bear!" All because we do not take God at His Word.

RATTLESNAKE HANDLER—Barney Barnett of Wichita Falls, who gave rattlesnake handling demonstrations here during the big rattlesnake hunt last week end, is shown above holding a big rattler with his mouth pried open to show how a rattler can swallow game larger than he is.

"MILKING" RATTLER—Barney Barnett is shown above as he "milks" the venom from the big rattlesnake during one of his snake handling demonstrations last week end. Wearing cowboy boots for protection, Barnett walked among the snakes, and moved them out of the corners of the pit by pulling his foot through the mass of snakes.

RATTLESNAKE HUNT FOURSOME—Pictured above are four of the local firemen who were busy over the week end with the rattlesnake hunt. Seated is Bobby Dunham, who served as "barker" for the many events and was also cashier. Standing are Ray Quintero, Fire Chief Leonard Tole and Doyle Whitley.

WORK ON NEW CITY DISPOSAL SYSTEM—In the picture above is shown a portion of the work being done at the City of Crowell's new disposal plant. The ladder in the above picture vividly shows the depth of the hole which is being lined with concrete. In the background is framework for more concrete pourings. Chatfield Construction Co. is building the new system.

RATTLESNAKE HUNT TERMED BIG SUCCESS

The first annual rattlesnake hunt held here March 25 and 26 and sponsored by the Crowell Volunteer Fire Department, proved to be a big success in spite of the fact that warm weather and high winds prevented some of the hunters from making very large hauls.

Sunday afternoon, trophies were awarded to Jim Henry, Sr. of Crowell for bringing in the largest and the most snakes, and Mrs. Bonnie Waterson of Ardmore, Okla., for the smallest snake.

Miss Debbie Johnson was crowned queen of the rattlesnake hunt, with Miss Betty Linda Whitfield taking second place and Veda Everson third. Winners were selected by how many tickets the girls sold to the fried chicken dinner Saturday night.

Barney Barnett and Bob Galloway of Wichita Falls gave snake handling demonstrations all during the two-day show at a pit set up in the fire hall and occupied by over 200 rattlesnakes of all sizes. Fire Chief Leonard Tole said Monday that over 40 hunters registered during the hunt with several hundred pounds of snakes being brought in.

High winds and warm weather hampered the hunters, but their enthusiasm was not hampered in the least with Bob Dunham keeping up a constant patter of snakes being brought in.

"Texoma React" Assists in Big Rattlesnake Hunt Last Week End

"Texoma React," the Wichita County Civil Defense Rescue Team, came to Crowell last week end to assist in the big rattlesnake hunt.

The group which came here contained 19 radio units and a total of 41 people, including wives and children. The group had campers and they spent the night in the City Park.

The 19 units were dispatched into the field with rattlesnake hunting parties, and provided two-way radio back to the base headquarters set up at the Crowell City Hall; provided basic first aid treatment and also field ambulance service.

The Texoma React group is composed of from 35 to 40 members who all do this type of work at their own expense, and who provide a number of other services to their community. Last week end they were at the Archer City snake hunt and the week end before that they went to Possum Kingdom Lake and assisted with radio communications at a drowning there. Texoma React members provide a coffee rest break on the highway between Burk Burnett and Wichita Falls on all major holidays.

show. Many of the snakes were fried and served to those who were willing (and had 50¢).

Texoma React, a group of radio operators banded into a club and coming from Wichita Falls went out with the hunters to provide radio contact back to town in case anyone was injured or bitten by a snake while on a hunt.

The firemen served a fried chicken super in the school cafeteria to a large crowd Saturday evening, and that night the firemen sponsored a dance at the Thalia gym.

Tole said Monday that when all the expenses are taken care of, he thinks about \$750 will be netted from the hunt. He said this money will be turned over to the City of Crowell, hopefully to be applied to the purchase of a new fire truck for the City.

Federation Has Last Meeting of Current Year

The Foard County Federation of Women's Clubs held its last meeting of the year at the Adolphian Club house Monday afternoon with Mrs. Grover Moore presiding. Mrs. Hubert Brown, secretary-treasurer, reported a March balance of \$32.71 in the federated treasury and a March balance of \$102.15 in the library fund.

It was reported that the county federation won three firsts in Santa Rosa district reporting. The winning categories were the president's summary, president's points and education, with particular emphasis on the library.

The nominating committee composed of Mmes. John Ray, Lewis Sloan and J. W. Fielder presented a slate of officers for the coming year and they were unanimously elected. Mrs. Moore installed the new officers and presented each a red rose.

Mrs. Ray Shirley will serve as president, with Mrs. Homer Ketchersid as vice president; and Mrs. Hubert Brown re-elected as secretary-treasurer.

A calendar committee composed of Mmes. L. A. Andrews, Clarence Garrett and George Riethmayer was appointed by the new president.

The program was a travelogue talk by Mrs. Kenneth Halbert on the trip she and her mother took to Europe last summer. They toured eleven countries with a group and then spent a week in Germany visiting her mother's relatives. She spoke mainly on the culture and mode of living of the German people. Mrs. Halbert showed the group an exquisite hand carved wooden plaque that a relative had made. She said it is an art handed down from generation to generation, but soon would be lost as none of the young are interested in pursuing it.

A tea plate was served to 16 federated and juniorette club members by Mmes. Henry Borchardt and L. A. Andrews, representing the Adolphian Club which was hostess.
