Crowell High School Band left Wednesday, May 3, for the Tri-State Band Festival conducted this week at Enid, Okla.

### FOARD COUNTY BUYS USED FIRE TRUCK

Delivery of a fire truck purchased recently by Foard County, was made last week, Fire Chief Leonard Tole said Friday. The truck, to be used both in town and over the county, is a 1950 model 1 1/2 ton Chevrolet with a 500 gallon tank and 2,600 feet of one-inch hose operated by electric reels. Tole said that the local government will add the 2 1/2-inch hose for the vehicle. He said that the vehicle has been well-maintained and is in excellent condition. The fire fighting apparatus was purchased from the Farwell Fire Department at a cost of \$2,000, Tole added.

### Everybody Urged Attend Meeting Thursday Morning

A few weeks ago, a large number of Crowell residents met at the community center to discuss the organization of some type of development corporation.

Enthusiasm was high at the meeting, and the second meeting—for the organization of the Foard County Development Corporation—will be held at 7:30 Thursday morning, May 4. Anyone who is interested in the development and growth of Foard County is urged to attend.

Mr. Ferguson is the son of Mrs. C. T. Hord and his wife is the daughter of Mr. and Mrs. Walter Ramsey, all of Crowell.

### Cong. Bob Price Speaks in Crowell Saturday; Five-County Tour Goes Well

Crowell and Foard County hosted the bus load of visiting dignitaries who made a five-county tour last week end at a barbecue dinner served in the City Park Saturday. Local residents heard from several men who made the tour and one, Jan Miller, of Austin, Economic Development Administration specialist for the southwest region, who said that Foard County qualifies for special assistance due to the large out-migration of people during the past two decades. He stated that his department is charged by Congress to assist areas such as Foard County with direct and supplement grants for public works, loans to private business, and to assist communities secure local industry. The EDA is devoted to "helping us help ourselves" and he expressed the opinion that his office will be working with Foard County officials as soon as all necessary paperwork is taken care of. Also on the Saturday program was Captain George P. Taylor of Austin, head of the Texas Office of Economic Opportunity, who explained how this Community Action Agency (known locally as the Economic Opportunities Advancement Corporation with offices in the community center), was chosen for special help in the form of an economic development specialist being assigned to this five-county area. That specialist is Keith Vaughn, who is working in this area for a year. Featured speaker for the barbecue was Congressman Bob Price who made the tour along with Congressman Graham Purcell. Due to the loss of population all over West Texas, these two congressmen have been thrown into the same district and will be opponents in the general election in November. Purcell was speaker at a Childress meeting Friday night. Price, introduced by Mrs. Bob Parris of Crowell, said that the

## Santa Fe Railway Looks at Winter Wheat Crop Situation in 5-State Area

Here's the latest report from the Santa Fe Railway Co. on the winter wheat situation in its territory, as reported in the May edition of Santa Fe Crop Report and other Agricultural Data:

The 1972 winter wheat crop in Kansas, Oklahoma, Texas, Colorado and New Mexico started out last fall with excellent prospects, good plant and root development with adequate to surplus moisture supplies. Additional moisture was received almost every week until early December, 1971, when an abrupt change in the weather pattern occurred. Little or no effective moisture has been received since that time over much of these states south of the Arkansas River drainage.

During most of March temperatures were generally several degrees above normal with a hard freeze late in March. In early April over a week of record or near record high temperatures occurred. Many areas in the Red River Valley of Texas and Oklahoma reported several days of temperatures at or exceeding 100 degrees with most areas south of the Arkansas River experiencing several days with temperatures exceeding 95 degrees. What the

final effect on the 1972 winter wheat crop of the over three months of almost complete lack of adequate moisture, together with above normal temperatures and a hard freeze cannot yet be fully evaluated.

Along with lack of favorable moisture conditions some reports of infestations of soil borne mosaic, streak mosaic and wind damage; together with cut worms, wire worms, brown mites and greenbugs continued to be received. While all of these take their toll, a series of good soaking rains in the near future could still improve prospects.

Taking all factors into consideration unless conditions improve in the next few days, it is doubtful if the five states will harvest much more than 460 million bushels of winter wheat this year. The 1971 crop was slightly over 487 million bushels.

Figures recently compiled by the United States Department of Agriculture indicate per-acre real estate taxes paid by American farmers have risen 34 per cent since 1967.

## Weights and Measure Questions Are Answered

How much is a cord of wood? How many feet in a nautical mile? How high is a hand? How long is a horseshoe court? How big is an acre?

The answers to these and other sometimes perplexing questions about weights and measures can be found in a booklet recently published by the Texas Department of Agriculture.

It's titled, "Everything You Have Always Wanted to Know about Weights and Measures but You Didn't Know Who to Ask." Texas Agriculture Commissioner John C. White notes that the degree to which weights and measures affect the life of each person is a matter to which the average individual is not likely to give serious consideration. "Yet, weights and measures are vital to our way of living. It is the responsibility of the Texas Department of Agriculture to see to it that every citizen gets honest weight and measure in the things he buys," White said.

The booklet contains detailed information on just how much a pinch or dash is (it's 1-16th of a teaspoon), or one gill (it's one-

half cup or four ounces liquid), and so on.

Also included are measurements for linear, nautical, square or area, cubic or volume. Also covered are liquid, dry, metric weights, angles and arcs, paper, decimal equivalents of common fractions, weight of water, winds, Roman numerals, and standard measurements for baseball, football, tennis, basketball, horseshoe court, men's volleyball, girls' volleyball, and single handball court.

A cord of wood is four feet high, four feet wide, and eight feet long. There are 6,028 feet in a nautical mile; a hand is four inches high; a horseshoe court is 40 feet between posts; an acre is 43,560 square feet. You can get a copy of the booklet by writing to Texas Department of Agriculture, Box 12847, Austin, Texas 78711.

### Sentiment in Business

In July, 1927, William T. Grant of the W. T. Grant Stores wrote in the publication "Grant Game:" "We used to think that there was no sentiment in business. But I have never known anyone to get very far in business who was not at heart rather sentimental. Business cannot be carried on without cooperation, and you can't get cooperation without human feelings. Laughter and tears and the interchange of pure human sympathy are quite as important to business as they are in any other phase of human life."

## THIRTY YEARS AGO

News items below were taken from the Thursday, May 7, 1942, issue of The Foard County News:

The populace of Crowell, with that courage and fortitude that would do credit to the pioneers who carved the great State of Texas out of limitless stretches of Indian infested wasteland, is busy in a night and day task of digging out of the debris, following a catastrophic cyclone which virtually levelled the entire city of 1,800 Tuesday night, April 28, taking a toll of ten lives and injuring 125 or more persons.

There will be no more classroom work in the Crowell school system this term and the term will be considered officially closed after text books have been turned in by students and details of delivering promotion certificates and diplomas have been completed, according to Supt. I. T. Graves.

Responses to appeals for aid to tornado victims in the Crowell area have been received from as far east as Boston and from as far west as California, according to information given out by the American Red Cross headquarters here. The total is now up to \$11,704.30.

Malcolm T. Reinhardt, Jr. of Margaret is a member of the band which between air raids is providing relaxation for defenders of Corregidor, the War Department reported Monday in a dispatch from Washington.

Ike Wilson and Leo Cates recently joined the Navy in Wichita Falls and are now located at the preliminary training camp in San Diego, Calif.

Registration for sugar rationing by Crowell residents was begun at the elementary school building Wednesday, May 6.

Cecil Ray Moore has resigned his position as principal of the Margaret School to accept a place with the Department of Public Safety as a drivers license examiner.

The Crowell Rotary Club had its first meeting since the tornado Wednesday at noon at the Fisch Department Store. It was decided to meet there for a business meeting there until further notice.

Hughston Insurance Agency has moved to the doctor's office in the rear of the Corner Drug Store.

A. Y. Beverly, who has been associated in the business firm of M. S. Henry & Co., which was destroyed in the tornado, has stated that he will open a hardware and furniture store in Crowell at just as early a date as he can possibly do so.

Walter Thomson, who is working on a defense project in Gainesville, spent several days of last week with his family here in Crowell. He was unable to work for several days due to high water in Gainesville.

Mrs. Tom Vecera returned this week from a visit with her two sons, Fred and Richard, in San Antonio. Fred is in the U. S. Infantry and Richard is in the Air Corps, both located in camps at San Antonio.

Mr. and Mrs. R. A. Miller and daughter, Pauline, have moved from Shamrock to the John Matus farm in the Riverside community.

### Fifty Folds

Does it not seem quite easy to fold a piece of paper fifty times? Try it some day. You may find that when you have folded a sheet of paper three times, it is eight times its original thickness. If you fold it twenty times, it will be about twenty yards thick; and if you should be able to fold it twenty-four times, you will have a thickness of about 450 yards.

The truth is, by the time you folded a sheet of paper thirty times, the thickness would be the diameter of the earth. By the forty-fourth time, its thickness would reach the moon. A sheet of paper large enough to fold fifty times would cover the surface of the United States.

### Substandard Nursing Home Conditions Should Be Reported

People with information about substandard conditions in nursing homes can report such deficiencies to any social security office, according to Wayne Klipping, social security manager in Vernon.

"Social security offices have been designated as 'nursing home listening posts'," Klipping said. "Complaints or suggestions about poor-quality care, neglect, or unsanitary or unsafe conditions in nursing homes may be reported to us by phone, mail, or in person."

If desired, the name of the person making the complaint and name of the nursing home will be kept confidential. Pass the information on for us by the appropriate federal, state or local authorities.  
The Vernon social security office is at 1728 Fannin Street, phone number is 552-9346.

The percentage Americans spend on food is expected to rise this year (1972) from the rate of 16 per cent to 15.5 per cent, according to U. S. D. A.

Consultant Named for Wheat Producers

Dr. R. H. "Dick" Diven has been named staff consultant in feed nutrition to the Texas Wheat Producers Board, according to Bill Nelson, executive vice president of the organization. The position is a new one authorized by officers of Texas Wheat in order to establish liaison with and give technical assistance relative to wheat utilization to commercial cattle feed lots which are increasing their use of wheat in rations.

Ken Kendrick, chairman of Texas Wheat, in announcing the board's creation of the feed nutrition position a few weeks ago, said, "The aim of every wheat grower is to work toward prices so high relative to other grains that none will ever be fed. In spite of these aims, 218 million bushels of wheat were fed to live-

The Texas Wheat Producers Board, formed in 1971 and headquarters in the Bank of the Southwest building in Amarillo, is supported by individual wheat producers in Texas by a five mill assessment on their production to conduct research, market development and insect control programs which may increase their income.

RATLIFF QUILTS — Sen. David Ratliff of Stamford resigned his post and withdrew as a candidate for a House seat after disclosures that he had several relatives on legislative payrolls.

Ratliff, 60, said his "past mistakes or had judgment" should not reflect on other members of the Texas Senate.

His immediate resignation will allow time for election of a successor before the June special legislative session, Ratliff stated. Timing of his withdrawal from the House race will follow consultation with local party officials.

Ratliff did not seek re-election to the senate when his district was merged with that of Sen. Jack Hightower of Vernon.

**Commencement Exercises Will Be Held on May 19; Purcell Is Speaker**

Graham Purcell, Representative from the 13th Congressional District of Texas, will be the commencement speaker for the graduation exercises of Crowell High School which will be held on Friday, May 19. CHS Principal L. H. Wall announced Congressman Purcell's upcoming visit to Crowell Monday.

Baccalaureate services will be held on Sunday, May 14, at 4 p. m. at the First Methodist Church with the pastor, Rev. Walter Driver, as the principal speaker.

Members of this year's graduating class are Stephen R. Adams, Robert Newton Burkett, Jackie Wayne Daniel, Mary Elaine Dishman, Esmail De Los Santos, Ruby Nell Dorsey, Vera Nell Dorsey, Rea Gina Evenson, William Charles Erwin, Rhonda Sue Howard, Debra Diane Johnson, Nellie Rose Leija, Robert Glenn McElroy, Jr., Ophelia McGee, Patricia Catherine Matus, Billy Ray Neal, Mance Nelson, Cirilo Ranjel, Letha Ann Sparkman, Harry Lee Swan, Jay Bill Taylor, Amelia Beth Welch, Margaret RoseAnn Westover, Wanza Gail Wheeler, Lee

**Fire Tuesday**

An overheated deep fry at Frances Cafe caused minor damage in a fire at Frances Cafe last Tuesday afternoon.

The Crowell Fire Department was called to the scene, but the fire was quickly extinguished by Rex Andrews before the firemen's arrival. Mrs. Andrews said late Tuesday, "We expect to be back open within 24 hours."

**U. S. Congressmen "Arrested" by Foard Sheriff**

Despite the depressing statistics and scenes shown on the five-county tour last week end, the tour was not without its lighter moments. Between Paducah and Crowell tour chairman Henry Black of Crowell stood up and told the group that "something bad must have happened."

As Black was talking, the bus was pulled over to the side by Foard County Sheriff Edward Howard who climbed aboard and told the government officials, "the man who owns the ranch is a George Wallace fan. Now all you Republicans and Democrats get off."

When the bus was emptied of its passengers, Sheriff Howard grabbed Purcell and Price and handcuffed them together—much to the delight of newsmen and photographers.

This story will probably bring back memories to several classes of CHS graduates who were privileged to have Mr. Black along on the senior trip. He is "alleged" to have thought up some goodies.

**Matador Man, Former Crowell Resident, Gets Wallet Back**

There was a welcome home present waiting when W. T. Ross returned to Matador, Texas, his home, from his first trip to Europe—his wallet.

His son, Jim, who lives in Dallas and works for an overseas airlines, told the story Sunday.

The elder Ross misplaced the wallet April 20 while in the Swiss ski village of Davos.

One week later, Ross reached his house at Matador. There, in the mail box, was a plain brown

envelope containing the billfold with contents intact, including \$35.

There was no indication of who mailed it.

Mr. Ross is a former resident of Foard County and is a brother of S. H. Ross of Crowell.

**Ken Sellers Scores Touchdown in WTSU Scrimmage Saturday**

Crowell's Ken Sellers scored a touchdown in West Texas State University's final spring training game at Canyon Saturday night. The Whites, of which Sellers

was a member, won over the Maroons 19-16, and Sellers took a pass from Mike Wartes on a play covering 68 yards on the White's first offensive play of the game.

His sister, Mrs. Jesse Whitfield, and husband attended the scrimmage Saturday night. Mrs. Whitfield said Tuesday that since football spring training is over at WT, Kenneth is now running track and will be in a meet at Denton this Saturday.

**Kids' Car Seats Can Be Dangerous**

The magazine "Everybody's Money" tells us that kids' car seats can be dangerous and went on to say: "A group of pediatricians, members of the American Academy of Pediatrics, warn that many children's car seats offer little or no protection and can contribute to injuries in collisions. The doctors consider the seats which simply slip over the back of the car seat and those with make-believe steering wheels to be the most dangerous."

United States honey production was down last year. At 2,000,000 pounds, it was 11 per cent below the 1970 output. The D. A. points to a decline in number of bee colonies, a lower yield of honey per colony as the factors contributing to lower production.

lahoma-Texas Emergency MAST  
Program) tentatively is to be based  
at Fort Sill, with the Oklahoma  
Department of Public Safety serving  
as civilian coordinator for the  
program.

The MAST coordinating com-  
mittee is charged with the re-

proved by the House Ways and  
Means Committee:  
"Based on information we have  
received from the House Ways  
and Means Committee, the reve-  
nue-sharing bill approved by the  
committee earlier this week will

provide a total of \$202 million  
during the first year to cities and  
counties of Texas. Allocation of  
funds will be retroactive to Jan-  
uary 1, 1972.

"We have worked closely with  
the committee and chairman Wil-  
bur Mills to provide all assistance  
which would be helpful to the  
committee in their deliberations.  
As a result of this close commu-  
nication, we are now receiving  
detailed information as to specific  
allocations to the various counties  
of the state.

"Initial estimates indicate  
that a total of \$28,127 will be  
allocated to all governmental  
units in Foard County. Of that  
amount, the county government  
will receive \$23,677.

"The balance will be distributed  
to the city government."

## Miss Brenda McBeath and Mr. McGinnis Are Wed in Arlington

The North Side Baptist Church in Arlington was the scene Saturday, April 22, at 7:30 p. m. for the candlelight wedding of Miss Brenda Lynette McBeath and Joe Bob McGinnis. Double ring rites were solemnized by the groom's father, Dr. Robert W. McGinnis, superintendent of missions of the Dallas Baptist Association.

The bride is the daughter of Rev. and Mrs. Delmar Paul McBeath of Arlington. The bridegroom's parents are Dr. and Mrs. Robert W. McGinnis of Dallas.

An archway entwined with greenery and centered with a pair of white doves, flanked with baskets of spring flowers and palms and votive candles formed the setting for the nuptial vows.

Joe Motley, organist, presented traditional and contemporary nuptial music and accompanied the soloist, Johnny McNellie, as he sang "Twelfth of Never," "The Wedding Prayer," and "The Lord's Prayer."

The bride, presented in marriage by her father, was gowned in a white A line peau de soie gown with empress bodice and high duchess neckline adorned with hand headed alenon lace appliques, with a veil of silk illusion beaded with alenon lace attached to a matching head piece forming a cathedral length mantilla. The dress was designed by the bride and made by the groom's mother. She carried a white mother of pearl Bible beneath a cascade of white cattleya orchid and Stephanotis. The bride's jewelry consisted of diamond stud earrings belonging to her sister, Mrs. Kenney Ownbey, and a necklace belonging to her aunt, Mrs. Howard Ferguson.

Mrs. Kenney Ownbey of El Paso attended her sister as matron of honor. Bridesmaids were Mrs. Robert Perry Bean IV, sister of the groom, of Dallas; Miss Janet Tanner of Vernon and Miss Peggy Jan Welch of Crowell. They were attired in identical floor length gowns of green floral organza over taffeta featuring the

high duchess neckline and long sheer full sleeves. The empress bodice was outlined with apple green satin ribbon. Each attendant wore a white garden hat with apple green satin ribbon and carried a colonial nosegay of yellow margarett daisies.

Miss Marj Annette McBeath, sister of the bride, was flower girl and was attired in a maxi length green floral dress identical with the other attendants and a white garden hat and carried a white basket with daisies.

The train bearer, Miss Lori Ellis of Arlington, also wore identical attire with a wristlet of daisies.

The ring bearer, Alan Sellers, carried a white satin pillow with green trim.

The bridegroom's brother-in-law, Robert Perry Bean IV, served as best man. Groomsmen were Benny Rasberry of Dallas, Larry McBeath, brother of the bride, of Arlington, and Larry Williams of Dallas.

Seating guests were Sidney McBeath of Austin, cousin of the bride, and Steve Swafford of Grand Prairie.

The mother of the bride chose for her daughter's wedding a pastel pink ascaline dress with matching coat and accessories. Mrs. McGinnis chose a mint green knit coat dress ensemble with matching accessories. Each wore a white Japette corsage.

### Reception

Following the ceremony, a reception was held in fellowship hall of the North Side Baptist Church.

Mrs. Bruce Dobbs presided at the register table which was decorated in white and green. The bride's book was of white leather with silver engravings.

The bride's table was laid with a white lace cloth over green taffeta. An arrangement of spring flowers decorated the table. A three tiered wedding cake was topped with a miniature bride and groom. Miss Judy Johns of Fort Worth and Mrs. Don Boswell, Jr. of Arlington served at the bride's table while Miss Sarah Collins, cousin of the bride, served at the groom's table.

For travel the bride selected a mint green pant suit with gold

tail heads for trim and white accessories made by Mrs. W. L. Johnson of Crowell. She wore the white cattleya orchid from her bridal bouquet.

The bride is a 1971 graduate of Crowell High School and is presently employed as receptionist for American Excelsior Company in Arlington.

The bridegroom will graduate in May from Dallas Baptist College where he is a theology major. He plans to attend Southwestern Theological Seminary in Fort Worth this fall.

### Rehearsal Dinner

The bridegroom's parents honored the wedding party with a rehearsal dinner Friday evening in the banquet room of the Zuider Zee Restaurant in Arlington.

Gifts were presented to the wedding attendants.

Attending the wedding from Crowell were Mmes. Howard Ferguson and Lindel McBeath.

## Mrs. Sanders' Piano Pupils Have Spring Musicale Monday

The piano pupils of Mrs. Allen Sanders had their spring musicale Monday evening in the fellowship hall of the Baptist Church.

Bobby Powers, Wayness Elliott, and Tanya Baize played two trios for the opening numbers. Other pupils participating were Pam Whately, Connie Werley, Ann Seedig, Jana Glover, Debra Walker, Carol Sue Scott, Karen Statser, Barbie Scott and April Werley.

The hostesses, Mmes. Donald Werley and Jack Walker, served punch and cookies to the pupils, their families and friends.

## Kindergarten Children Graduate April 26th

Children of Mrs. Lewis Sloan's kindergarten climaxed the year's work with a program Wednesday, April 26, at the community center.

The program consisted of songs and the dramatization of two stories, "The Little Red Hen" and "Chicken Little." Each of the children in the plays wore paper sack hats with clever paper animals—chicken, fox or owl on the hats—representing the animal that each portrayed.

In spite of the rain, a large crowd was present. The following pupils graduated: Susan Ayers, DeAnne Baize, Nancy Brown, Linda Dishman, Wayne Glover, Fredrick Henry, Jayne Lynn Johnson, Eddie Kuehn, Dan Wall, Tammy Wheeler, Jo Werley and Brian Whitman.

Mrs. Sloan expressed appreciation to Bethel Church for allowing the kindergarten to be held there.

## Pioneer Circle

Mrs. Lewis Ballard was hostess to the members of the Pioneer Circle of the Woman's Society of Christian Service of the First United Methodist Church on Monday, May 1. Mrs. Charlie Bryson, circle chairman, called the meeting to order.

After the song service, Mrs. Otis Moye led in prayer. Mrs. Luther Tampien, the leader, chose "Power in Christian Experiences" as her theme for the study.

Refreshments were served to ten members and one guest, Mrs. George Wilkins.

In Norway, it was recently reported, the government has adopted a policy whereby farmers may now claim up to \$140 for two-weeks' vacation.

## Foard County Library Due to Get \$104.85 Back from Publishers

Attorney General Crawford Martin Monday announced recovery of almost \$700,000 from book publishers and distributors that allegedly conspired to fix the price of children's books sold to Texas schools and libraries.

Martin said the most recent refund boosts Texas' total recovery to more than \$1.1 million in the past year, and that more would be coming.

Martin said the most recent refund in Foard County totals \$104.85 and goes to the Foard County Federation Library. Total recovery to date for these entities now amounts to \$144,17, Martin added.

## Art Show Set for May 10, 11, 12, 13

Foard County artists and craftsmen are invited to attend the Vernon Art Show May 10, 11, 12, 13. This year, the show will be held in conjunction with the Santa Rosa rodeo on the corner of Main and Texas streets in the Woolworth building.

Additional information on entering the show can be obtained from Mrs. Carl W. Nelson, president of the Vernon Art League.

## Columbian Club

The Columbian Club met on April 26 in the home of Mrs. Robert Hammonds of Thalia for a covered dish luncheon.

Because of illness and other causes, only six members and one visitor were present: Mrs. J. R. Brown, Mrs. H. P. Gillespie, Mrs. J. M. Chowning, Mrs. N. J. Roberts, Mrs. Allen Shultz, Mrs. Ed Huskey and the hostess.

On account of the weather alert, the club was dismissed without a business meeting and program.

## Marriage Announced

Mr. and Mrs. Tom Smith announce the marriage of their daughter, Monetta Gayle Smith Gidney, to John Francis Sweeney, Jr. The couple were married April 28, 1972, in Wichita Falls, attended by her parents and close friends.

Mr. Sweeney's parents are Mr. and Mrs. John F. Sweeney, Sr. of Ridgewood, New Jersey.

The couple reside in Wichita Falls, where Mrs. Sweeney is employed by a firm of attorneys as a legal secretary and Mr. Sweeney is an Airman First Class, Cardiac Care Specialist at Sheppard Air Base Regional Hospital.

## Reader Tells of Other Local FHA Degree Winners

Henrietta, Texas, April 30, 1972.

Dear Bill:

We read in the Foard County News that Ruth Brown won her State Future Homemakers of America Degree of Achievement at the State FHA meeting in Fort Worth on April the twenty-first. We know she had to do much to accomplish this and that she has something to be very proud of. We congratulate her too for receiving this honor.

It stated that she is the first girl from Crowell Independent School District ever to receive this degree, but four other girls from Crowell High School, under the guidance of Mrs. Ruth Kenner received their State Future Homemakers of America Degree of Achievement at the state FHA meeting in Fort Worth in the spring of 1956. They were: DeAnna Ferguson, Anna Marie Fiske, Sandra Choate and Latrelle. We were not only proud for them as parents, but appreciated what Mrs. Kenner did to help them to receive this honor.

We still eagerly look forward each week to getting the Foard County News. As we have said so many times—some of the best people in the world live at Crowell.

Sincerely,  
Lucille and Ray Duckworth.

## West Side H. D. Club

The Westside Club met April 25 at the community center. Mrs. J. W. Fielder and Mrs. Homer Ketchersid were hostesses and the president, Mrs. George Riethmayer presided. Mrs. Fielder brought the opening exercise. Secretary, Mrs. Fielder, called the roll and read the minutes. Council delegate, Mrs. Ketchersid, gave the council report. Mrs. Louise Churchill was elected nominee for state THDA delegate.

After a short business meeting, the club joined the Gambleville

**Secretary of Agri.  
to Be in Wichita  
Falls Thursday**

Earl L. Butz, Secretary of Agri-  
culture, will keynote "A Salute  
to Agriculture" dinner Thursday  
evening in Wichita Falls honoring  
U. S. Congressman Bob Price.

Secretary Butz will arrive in  
Wichita Falls this afternoon for a  
4-5 p. m. news conference with  
area media and representatives  
of agricultural organizations.  
Congressman Price, a member  
of the House Agriculture Com-  
mittee, will introduce Secretary  
Butz at the 7:30 dinner which  
will be held at the Wichita Falls  
Country Club. Paul Eggers, a for-  
mer GOP candidate for governor  
and Wichita Falls civic leader,  
will emcee the program.

Dinner will be preceded by a  
reception at 7:30 p. m. with the  
secretary's speech set for 7:45 p.  
m.

Secretary Butz's visit to Dieh-  
lita County for the Price dinner  
marks the first visit by a Secre-  
tary of Agriculture.  
"A Salute for Agriculture"  
tickets are \$50 and may be pur-  
chased from George Graham, 3000  
Harrison, Wichita Falls, or Bob  
Parris, local Bob Price chairman.  
Congressman Price has just  
completed an economic develop-  
ment tour of five counties in this  
area, including visits to Crowell,  
Chillicothe, Quanah, Childress,  
Paducah and Vernon. He was ac-  
companied by representatives of  
six government agencies which  
aid in economic development pro-  
grams.

Making the tour with Congress-  
man Price were Jim Smith, ad-  
ministrator of Farm & Home Ad-  
ministration; William H. Keating,  
assistant commissioner for re-  
source development of the Bureau  
of Reclamation; Forrest Swiggart,  
planning director of the Corps of  
Engineers; Billy Mahaffey and  
Bob Hensley, Tulsa office of the  
Corps of Engineers; William F.

Moss of the Secretary of the De-  
partment of Agriculture office.  
Also, John Schrote, inter-gov-  
ernment affairs, Office of Eco-

**Hay Producers'  
Directory Printed**

It's a big Rolling Plains business  
getting bigger, that of producing  
and selling alfalfa hay.

And a directory of producers  
has just been released by the ex-  
ecutive committee of the Rolling  
Plains Economic Program, or R-  
PEP, as it is now widely called.  
Said R-PEP Chairman H. H.  
Partridge of Munday: "About 65-  
000 tons of alfalfa are produced  
annually in parts of the Rolling  
Plains because the hay is extreme-  
ly important to the success of the  
beef cattle business in our area."  
In the directory, being distrib-  
uted by county agricultural agents  
are the names, the address and the  
telephone numbers of 120 produc-  
ers in these counties: Baylor, Clay,  
Cottle, Dickens, Fisher, Foard,  
Hardeman, Haskell, Mitchell, Mot-  
ley, Wichita and Wilbarger.

**Self Confidence**

If you learn to minimize your  
flaws and build on your talents  
you will gradually find you are  
coming to respect yourself more  
and more because you are an in-  
dividual person, and not because  
you are as good as someone else  
or are like someone else. Attain-  
ing self-confidence, based upon  
real self-respect, is a lifetime pro-  
cess.—C. Gilbert Wrenn.

**Two Minutes  
With the Bible**

**Dead Faith**  
Nothing in the Bible is stated  
more clearly or with greater em-  
phasis than the blessed Pauline  
revelation of justification by  
grace, through faith, without  
works.

Rom. 4:5: "To him that worketh  
not, but believeth . . . his faith  
is counted for righteousness."  
Eph. 2:8,9: "For by grace are ye  
saved, through faith . . . It is  
the gift of God; not of works,  
lest any man should boast." Ti-  
tus 3:5: "Not by works of right-  
eousness which we have done, but  
according to His mercy He saved  
us."

Yet James states just as clearly  
that "faith if it hath not works  
is dead, being alone" (Jas. 3:17).  
He challenges professing believ-  
ers: "Show me thy faith without  
thy works, and I will show thee  
my faith by my works" (ver. 18),  
and declares that "by works a  
man is justified, and not by faith  
only" (verse 24), since "faith  
without works is dead" (ver. 20).

Some have imagined a contra-  
diction here, while actually there  
is none. There is a dispensational  
distinction, for to Paul had been  
committed "the dispensation of  
the grace of God" (Eph. 3:1,2).  
His was "the preaching of the  
cross" (I Cor. 1:18), offering sal-  
vation by grace, through faith  
alone to all who would trust Christ  
as Savior.

James, on the other hand, was  
an apostle of the kingdom, pro-  
claiming the kingdom rights of  
Christ and offering a changed  
way of life on earth which had  
already been experienced by the  
disciples in Judaea (Acts. 2:29-  
32, 44-47, 4:32-35).

Hence with James the emphasis  
is on works, not because good  
works can save or even help to  
save, but because true faith in-  
evitably bears fruit and we can  
judge true faith only by the fruit  
it bears. Our Lord said: "By their  
fruits ye shall know them." Hence  
James' epistle abounds with such  
phraseology as "ye see," "show  
me," "I will show you," etc.

What we must be careful to  
remember is that according to  
both Paul and James, faith comes  
first, then good works. Faith is  
the root, good works the fruit.  
The absence of fruit indicates that  
the root is dead, that while there  
may be an intellectual assent,  
there is no true heart faith, and  
"without faith it is impossible to  
please God" (Heb. 11:6).

The source of justification is  
grace; the basis, Calvary; the  
means, faith and the evidence,  
works. Think this through; accept  
God's grace and trust the Lord  
Jesus Christ as your Savior. He  
will help you to produce good  
fruit.

**Magazine Stories  
Tell of Growth of  
Fulton, Mississippi**

J. B. Fairchild has handed the  
News two copies of The New  
South, a Chamber of Commerce  
magazine for North and East Mis-  
sissippi. The two issues of the  
magazine have stories about Ful-  
ton, Miss., and the amazing eco-  
nomic growth of the town and  
of Itawamba County. Fulton is  
the home of Mr. and Mrs. Jerry  
Stubblefield, son-in-law and daugh-  
ter of Mr. and Mrs. Fairchild.

In telling the story of Fulton's  
70 per cent population increase  
in the past decade, the articles  
point out that through the leader-  
ship of two local men, industries  
were started in Fulton which now  
employ man hundreds of perse .  
These two men started a garment  
factory that now employs 600  
persons.

As industry "breeds" industry  
some other firms got started in  
Fulton, while others moved in to  
create the industrial boom.

In 1954, there were 200 tele-  
phones in the Fulton Telephone  
Company, a private company and  
at the present time, the company  
services 5000 customers. The ar-  
ticles paid special tribute to the  
work of Fulton Mayor H. D. Ma-  
gee.

Another article of interest in  
the magazine concerned the "Sweet  
Adelines" a group of Fulton  
housewives renowned for their a-  
cappella singing. The group is in  
demand over a wide area.

**New Wheel Chair**

The Elks Magazine reports the  
development of a wheel chair that  
would provide mobility for 100-  
000 handicapped Americans who  
have no use of their arms and  
legs. It is being tested in hospitals  
and rehabilitation centers. The  
\$1500 vehicle is powered by an  
electric motor and is controlled  
by a sight switch which is activat-  
ed by movements of the occupant's  
eyes. The technology was devel-  
oped under direction of  
NASA at a time when it was  
thought our astronauts might have  
to operate their spacecraft by eye  
movements. It never proved neces-  
sary since they were able to move  
their arms despite the pull of  
"G" forces.

**Neighbor States  
Copy Texas'  
TAP Program**

The TAP symbol, boosting Tex-  
as Agricultural Products, is rap-  
idly becoming recognized as a  
boon for state farmers and ranch-  
ers, arousing admiration as well  
as envy in neighboring states.

Texas consumers are urged by  
the Texas Department of Agricul-  
ture to look for the symbol on  
products in the supermarket and  
"Buy Texas" when possible.

As a sales promotion, the TAP  
program opened entirely new ex-  
port markets amounting to more  
than \$12 million in 1971 for live-  
stock alone. Similar successes are  
recorded for other products. As a  
result, Texas food, fiber, fruits,  
vegetables and livestock are now  
familiar sights in markets in Ja-  
pan, Europe and South America.

But the most immediate "feed-  
back" has come from other states!  
Apparently resigned to a philo-  
sophy of "if you can't lick 'em,  
join 'em," two states recently con-  
tacted the Texas Department of  
Agriculture, asking how to begin  
similar programs.

From a Mississippi state repre-  
sentative came the comment, "I  
see the TAP symbol on food in  
our supermarkets and it's just like  
the products we grow here. I'm  
not against Texas in our super-  
markets, but I just want to know  
how you do it!" The inquiry came  
from Rep. Douglas Abraham of  
Jackson, Miss., who said he want-

ed to inaugurate a program for  
his own state similar to TAP.  
From Auburn, Ala., extension  
agriculturist Carl Dennis wrote,  
"We are interested in determining  
the feasibility of such a program  
for Alabama. Would you please  
send us detailed information . . ."  
"We have been working towards  
consumer recognition for six years  
—and it is beginning to pay off,"  
said Commissioner of Agriculture  
John C. White. "We want buyers  
to reach for the package with  
TAP on the label. It means more  
money in the pockets of our farm-  
ers and ranchers."

**Arturo Toscanini**

Arturo Toscanini, one of the  
greatest musical directors the  
world has ever produced, was so  
nearsighted that he grew weary  
having to bend very close to his  
score sheet to play his cello. He  
resolved to memorize his music  
sheet. Not content with this, he  
memorized the parts for every in-  
strument in the orchestra and  
their proper cues.

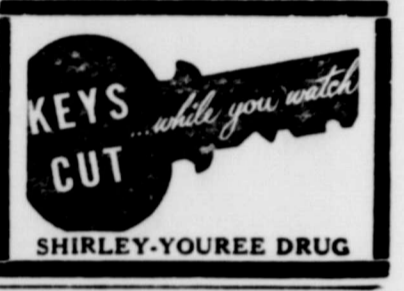

One night when the orchestra  
waited in the pit of the opera  
house in Parma, Italy, for the  
conductor, word came that the  
conductor had been taken very ill.  
No one knew that Toscanini  
knew the entire score. Fellow stu-  
dents suggested that he do the  
conducting.

Although he had never done it  
before, the cellist calmly moun-  
ted the conductor's stand. The au-  
dience was amused at the poise of  
this nineteen-year-old boy, and in-  
terested to see what he could do.  
He closed the score book and

conducted the entire opera from  
memory.  
At the conclusion, he received  
an ovation from the audience and  
an appointment as permanent con-  
ductor. His cello's bow was re-  
placed permanently by the baton.  
This nearsighted young musician  
became the world's greatest or-  
chestra conductor.

**Breakdown of  
Shipping Facilities**

When a crop is ready to harvest  
and ship, time is of the essence,  
and the breakdown of shipping fa-  
cilities can be ruinous. If transport  
is not available, delivery can't be  
made on time, storage facilities  
often prove inadequate, crops spoil  
and ultimately customers are lost.  
For this reason, agriculture has  
been hard hit by the prolonged  
West Coast longshore strike. Wil-  
liam Kuhfuss, president of the  
American Farm Bureau Federa-  
tion, commenting on this situation  
has said: ". . . it is time to estab-  
lish legislative guidelines to pro-  
tect the public interest. It is not  
right that thousands of farmers,  
who have no opportunity to be a  
part of the negotiations, should  
have to suffer from the actions  
of labor groups and go bankrupt  
because their market are closed."

- ✓ John Hill will personally represent the interests of the people of Texas in the courtroom prosecuting pollution law violators.
- ✓ John Hill will actively prosecute "tax dodgers" who collect your sales tax pennies and then pocket them. We are losing millions of dollars a year because of weak enforcement.
- ✓ John Hill will set up a constitutional law division, made up of lawyers specially trained in constitutional law, to work with the legislature to stop the passage of unconstitutional laws at tremendous expense to the public.
- ✓ John Hill will personally go into court on behalf of the Texas consumers to protect us from false, misleading and deceptive business practices.
- ✓ John Hill will offer leadership for reform in the administration of justice in Texas. Speedy trials will be his primary objective.

**Five-County Tour  
Concluded with  
Barbecue in Crowell**

(Continued from page 1)  
profit motive is the "gut" of the issue for any business to be established anywhere, and in order to try to influence industry to settle in small towns, he has introduced bills in the Congress to give industry a 12 per cent tax write-off for locating in small towns, and also a tax write-off for training young people. He suggested that every high school in the nation should offer at least a two year vocational training course whereby high school graduates will have learned a trade by the time they graduate.

"Are you ready for a reversal of the trend of people going into the cities? Do we want churches? As adults, do we go to church regularly?" are some of the questions posed by Price.

Price added that "We must get involved. Unless we get involved with America, we are going to lose this country. Rural America is the salvation of this nation, and you who live in rural America are the most fortunate people in the nation—rearing children in a rural environment."

A barbecue dinner was served to about 175 persons, with serving duties handled by the Women's Service League. Charles Branch and his band provided western music during the serving hour.

Henry Black served as master of ceremonies and Philip Wilson, First Christian Church minister, gave the invocation.

Also making brief talks were Felix Taylor, executive director of the EOAC in Crowell, and Jim Harwell of Austin, of the Texas Industrial Commission.

Mr. Black said Monday that he is encouraged by the apparent success of the tour and he feels that its effects will be beneficial to the area.

Congressman Purcell as principal speaker at a five-county banquet in Childress Friday night, said that "significant amounts of money will be released in this area" prior to the November elec-

tion. He told federal officials present "you have programs that these counties can qualify for" and he challenged them to "release them on merit."

Mr. Purcell shared the Childress program with Phil O'Jibway of Lubbock, who said the Small Business Administration is already at work in the area and "would welcome the opportunity" to do something with the five tour counties, and with M. A. Kirchoff of Kansas City, assistant vice president and director of industrial development for the Frisco Railway.

Mr. Kirchoff told how his company has located more than 1,000 new industries in the past decade in small, isolated communities along its 5,000 miles of lines, including 100 of 600 industrial leads uncovered during the past year.

"I've had my eyes opened to your potential," he said. Frisco Railway owns the 121-mile Quanah, Acme & Pacific Railroad.

Following the Childress meeting, the chartered tour has Saturday morning took the tour group to Paducah where Paducah Mayor V. L. Hutchinson directed an impressive presentation.

Among the speakers during the breakfast meeting were State Rep. W. S. (Bill) Healy of Paducah and Sam Martinez of Dallas, OEO's top man in a five-state area.

Mr. Martinez said the OEO spends more than \$140,000 annually in the five-county area, but with all its programs still is not satisfactorily reaching the hard core poor.

At a noon luncheon meeting at Quanah Friday, Billy Mahaffey, chief of the design branch of the Army Corps of Engineers, discussed for tour members a proposed Pease River reservoir project between Crowell and Quanah and efforts to control salt pollution in the Red River basin.

A breakfast in Vernon Friday morning launched the tour. Visiting dignitaries speaking at the breakfast meeting were James Smith of Washington, D. C., national director of the Farmers Home Administration; Fritz Lanham of Austin, executive director of the Texas Department of Community Affairs, and Durwood Chalker of Abilene, vice president of West Texas Utilities Co.

Mr. Smith said that the FHA budget—to aid in farm production loans, housing in communities below 10,000 and water and waste disposal projects in communities of 5,500 or less—has increased from \$1.3 billion last year to \$2.8 billion this year and will increase to \$3.3 billion in 1973.

He said "the future looks better than the past" and when the rural development bill now in Congress is approved, the agency will be making rural development type loans in the future.

He said his agency has provided more than \$2 million this year in farm loans in the five-county region being toured—money which will be repaid.

He said maintaining the farm economy is essential.

"You may live a long while without a doctor, lawyer or CPA, but you won't live very long without direct contact with the farmer."

Mr. Chalker said his company is working for industrial development of the five-county tour area and is concerned about it because this is the only way that his company can experience growth.

Mr. Lanham discussed his agency's programs and the "Texas Communities Tomorrow" program.

**Look for Taxes to Double by 1980**

Your family's income will jump 60 per cent during the 1970's, but don't plan on spending that amount until you hear from your tax collector. Taxes during this same period will rise 100 per cent, the Chamber of Commerce of the United States reports.

Robert S. Statham, the national chamber's taxation and finance manager, says that a family of four with a \$10,000 income last year will be earning \$16,000 in 1980. But, federal, state and local taxes will double during this same period, partly as a result of the phenomenal rise in state and local government spending.

To show how state tax receipts are growing, Mrs. Statham points out that the \$48 billion collected by states this past fiscal year is 14 per cent more than the previous year. Income taxes imposed by states showed an even higher jump: 22 per cent from 1969 to 1970.

Proposed federal revenue sharing won't meet taxpayers' problems, Mr. Statham continues. Forecasts several years of a "national dividend" to finance revenue sharing have not materialized, and any additional money for states and municipalities from Uncle Sam must be either at the expense of existing programs or from higher federal taxes, he warns.

**\$21.8 Billion for Highway Purposes**

The Michigan Manufacturer and Financial Record reports that federal, state and local governments will have \$21.8 billion available for highway purposes during the calendar year of 1972, according to the latest estimate released by the Department of Transportation's Federal Highway Administration.

**If You Can't Keep Comfortable, Then Keep Busy!**

During the heat wave last summer, an inquiring reporter in a small city set out to learn how people who didn't have air conditioning kept cool. He found many sitting around fanning themselves and complaining about the humidity.

Some of the perspiring grumblers suggested a bath in icy water. Others insisted that the water should be tepid, not too cold. Some even said that the hotter the water, the cooler you felt after the bath. Advice on drinking water ranged also from tepid to melting ice. A few urged abstinence from Adam's Ale to control perspiration.

Confused by the contradictory advice and eager to get back to an air conditioned office, the reporter knocked on one last kitchen door. He sniffed hungrily. Yes, it was the fragrance of fried chicken and apple pie. When the housewife answered his knock, he asked, "Madam, how do you keep cool?"

"Oh, I don't keep cool," she said, "but really I have been so busy I didn't realize it was this hot."

So there you are—if you can't keep comfortable keep busy. It always helps.
