Oil, GAS PRODUCTION G BOOST TO COUNTY

Although 211 counties produce oil and gas, Foard County oil and gas wells made a significant contribution to Texas' share of the nation's energy needs last year, but growing demand is sapping reserves in Texas faster than they can be replaced," Robert A. Buschman, association president, said. "As fewer new fields are discovered, due to less drilling, the continuing strong economy and tax base of many Texas counties may now depend on updating Texas oil conservation laws to encourage wider use of new recovery technology," he said.

The Association study showed that Foard County farmers, ranchers, and other royalty owners received \$146,970 as their share of the production.

The county's wells generated \$51,202 in crude oil production taxes for state government and \$4,700 in state taxes on natural gas. Oil and gas producers spent \$17,082 in drilling one dry hole in the county last year.

Texas Employment Commission figures showed 13 oil and gas industry employees in the county last year, with an annual payroll of \$55,284.

Revival Coming at First Christian Church

Phil Wilson announced that a revival will begin Sunday, June 21 and continue through June 30 at the First Christian Church in Crowell.

Services will begin at 8 o'clock each night and the public is invited to attend.

T. R. Cates, Sr. Died Sunday in Crowell Hospital

Last Rites for Foard Pioneer Held at Methodist Church

T. R. Cates, Sr., 86, who moved to this section before Foard County was organized, died Sunday, June 11, in the Foard County Hospital.

Funeral services for Mr. Cates were held at 10 a. m., Tuesday, June 13, at the First United Methodist Church in Crowell conducted by Rev. Wilson Holman, pastor of the Thalia Methodist Church; Oliver Holland of Thalia; and Rev. C. C. Lamb of Tolbert. Interment was in the Crowell Cemetery with Womack Funeral Home directing.

Bearers were Jack Walker, Bill Bell, Jeff Bell, Raymond Grimm, Glen Swan and Oscar Marlow. Thornia R. Cates Sr. was born in Cooke County, Texas, January 20, 1886, son of the late Mr. and Mrs. I. M. Cates. The family moved to what is now Foard County May 7, 1890, one year before the county was organized.

In the history of Foard County published last year, Mr. Cates had the following to say about his early life.

"My parents settled on a place near Beaver Creek, about eight miles southeast of Crowell. This trip was made in a covered wagon. The postoffice was located at Margaret with Mr. John Wesley as Postmaster.

"The first school was in a 'dug-out' located a mile southwest of our home. Clarence Thompson was my first teacher. He lived in Crowell and commuted by horseback. There were six pupils, all boys, in the class. The school term lasted only four months. The second term was taught by Miss Effie Baker in the dug-out also. Miss Baker boarded in our home.

"The first school house, a one room structure, was built by our parents on my parents' property and it was named Catesville. Miss Crutchfield was the first teacher and the following succeeded her, Claudine Parish, Novella Woods, Early Cole, Archie McLarty, Mrs. J. B. Nowlin and Tom Bell. All of these teachers except Tom Bell boarded in our home.

Mr. Cates was married to Eva L. Brown May 16, 1909, in Crowell. He was a member of the Thalia Methodist Church and a retired farmer.

Survivors include his wife; one son, T. R. Cates, Jr. of Thalia; three daughters, Miss Oneta Cates of Abilene, Mrs. Faye Whitman of Thalia and Mrs. Edith Downing of Lubbock; one brother, George Cates of Missoula, Mont.; four sisters, Mrs. Bertha Shultz of Abilene; Mrs. Stella Mapp and Mrs. Jim Cook of Crowell and Mrs. Ruby Mitchell of Ellenwood, Ga.; 15 grandchildren and 28 great grandchildren.

He was preceded in death by two sons, Marvin, who died in the Bataan death march in 1942; and Monroe who died in 1953.

Crowell Band Students Receive Division I Rating

A woodwind trio composed of Babs Streit, flute; Julie Streit, bassoon; Nancy Looney, clarinet, won the Division I rating.

Babs and Julie Streit won a Division II rating with their piano-flute duo. Also winning Division II were David Stapp with a french horn solo, and Stan Gentry with a cornet solo. Miss Looney was also a Division II winner with her clarinet solo.

The state competition is limited to those students who won Division I ratings in Class I competition in the regional UIL contests.

The Crowell Band, directed by James Streit, won a sweepstakes award in regional UIL competition for the first time in history during the last school year. Competition for entire bands does not advance to the state level.

Crowell Volunteer Fire Department Receives Check

Farm Bureau Insurance Co. Shows Appreciation

The Crowell Volunteer Fire Department received a check for \$75.00 recently from Texas Farm Bureau Insurance Companies as an expression of thanks for the department's work on the property of C. O. Johnson of Crowell.

The money will be used for their loss prevention program.

The Texas Farm Bureau Insurance Companies pay volunteer fire departments this amount when the department works at a fire in rural areas, involving property insured by them.

The insurance company believes volunteer fire departments have contributed to reduce the amount of loss involved by fire and more important, to prevent fires. It is their hope this money will help the Crowell Volunteer Fire Department in their program.

Anthony Powers on Spring Honor List at Sul Ross

Anthony Powers of Crowell was named to the dean's honor list for the spring semester at Sul Ross State University in Alpine where he has just completed his sophomore year.

Anthony had a 3.2 grade point average on the University's 4.00 scale. A student must have at least a 3.0 average to be named to the dean's honor list.

Anthony, son of Mr. and Mrs. Jack Powers of Crowell, will be a junior music education major at Sul Ross in the fall.

Women's Service League to Clean Area Northeast of Square

Mike Manard, chairman of the beautification committee of the Foard County Development Corporation, outlined present plans to improve the appearance of the downtown area at the Women's Service League luncheon Thursday last week at the community center.

The WSL voted to accept the responsibility for an area northeast of the court house square. Mrs. Leo Cates was appointed chairman of the undertaking.

Mrs. Otis Gafford has agreed to assist in coordinating the landscaping for the four areas, according to Mr. Manard.

Little League Tournament Starts Friday Night

The Foard County Little League wound up its season on Tuesday night, June 13, with VFW winning 9 to 4 over Foard County Mill in the 6 o'clock game and Farmers Elevator taking a 17 to 8 win over Crowell State Bank in the 8 o'clock contest.

Farmers Elevator, coached by Ray Santos and Santos Rodriguez, has wrapped up the title for the season with only one loss, followed in order by Crowell State Bank, VFW and Foard County Mill.

The all-star tournament, set to begin Friday night at 7:30 in a best 3-of-5 series will pit 11- and 12-year old boys from the 1st and 4th ranked teams against the same aged boys of the 2nd and 3rd ranked teams.

Much Interest Shown in Foard History Book

The Foard County Historical Survey Committee reports that much interest is being manifested in the forthcoming supplement to "They Loved the Land." Almost daily, historical data and old photos are being received.

All interested persons who would like to be included are asked to please try to comply with the July 1 deadline. Mrs. Virgil Johnson, chairman of the Historical Survey Committee, said this week.

Last Pee Wee Game Set for Thursday Night

The Bobcats soundly defeated the Rattlesnakes 5 to 1 in the second PeeWee baseball game of the season last Thursday night at Little League field.

The Snakes had won the previous week, so the championship will be decided tonight when the two teams square off at 7 p. m. Thursday for the third and final game of the season.

WASHINGTON—Massive Federal attention and assistance to Foard County is just around the corner, U. S. Representative Graham Purcell said last Friday.

Purcell announced the imminent approval by the Economic Development Administration of Foard County as a Federal "Redevelopment Area." The designation, long sought by Purcell and area leaders, carries with it the promise of Federal assistance to build and attract job-producing industries to halt the outflow of population from rural Northwest Texas.

Purcell and area leaders have been actively seeking the designation for over a year now, since the 1970 census revealed that criteria under Federal law for the designation of Foard County had been met. Purcell blamed a "balky bureaucracy" for holding up approval until this summer.

"I am genuinely happy to be able to tell you that I have been assured by officials within the Department of Commerce that the designation can be expected by the end of the summer," Purcell wrote last Friday to Foard County leaders.

"I am going to do all I can to speed up the announcement, but in the meantime, I wanted to share with you this first word of hope. We have worked on this designation together for a long time, and it looks like our efforts are beginning to pay off," he said.

Jackie Walker to Head Salvation Army Fund Drive

Judge Leslie Thomas, service unit chairman, announced Monday that Deputy Sheriff Jackie Walker will be campaign chairman for the upcoming Salvation Army fund drive. The campaign will start Tuesday, June 20, at 7 a. m. with a breakfast at Frances Cafe for all captains and workers.

The goal for this year's campaign is \$600. The money during the drive will be used locally to help the less fortunate to help themselves. The aid will be given in the form of groceries, clothes, shoes, medical aid, dental aid, or any other form deemed necessary by the local committee. Part of the funds are also used to support the following state agencies: Home and Hospital for Unwed Mothers, Rehabilitation Centers for Alcoholics, Summer Camp for Boys and disaster service.

Deputy Sheriff Walker asks the aid of all citizens of Foard County in this very worthwhile endeavor.

In addition to Judge Thomas, the local committee consists of Henry Black, vice chairman; Mrs. Marjorie Ferguson, treasurer; Sheriff Emmett E. Howard, welfare secretary; Charles Branch, Ray Shirley and Mmes. Loraine Carter, Clyde Eddy, Elton Carroll and Randy Adkins.

CHS ANNUAL EDITORS—Miss Beth Welch, right, is editor and Miss Teri Garrett, left, is assistant editor of the Crowell High School annual this year. Delivery of the annual is expected in late summer.

Two Minutes With the Bible

Dead Works

Twice in Paul's epistles he referred to "dead works." In Hebrews 6:1 he writes about "repentance from dead works," while in Hebrews 9:14 he declares that the blood of Christ avails to "purge the conscience from dead works to serve the living God."

Mark well, these references are not to wicked works but to dead works. These "dead works" (whether moral or ceremonial) which men did—and still do—to make themselves acceptable to God. They are "dead" because they are not the product of regeneration or spiritual life, but the mere attempt on the part of unregenerate sinners to justify themselves before God.

Paul himself, once zealously religious, but wholly unsave, had to repudiate his "dead works," and count them "loss" to find salvation in Christ, through whom alone he could produce good works which God could accept (Phil. 3:4-9).

This is why he later declared by divine inspiration: "For by grace are ye saved, through faith; and that not of yourselves; it is the gift of God: Not of works, lest any man should boast, for we are His workmanship, created in Christ Jesus unto good works . . ." (Eph. 2:8-10).

"Dead works" are not only unacceptable to God, but an evil substitute for the faith He desires, "for without faith it is impossible to please God" (Heb. 11:6). But "that he believeth on the Son of God hath life" and this life is bound to bear fruit—the good works with which God is truly pleased.

The difference between the "good works" of the unregenerate man and the "good works" of a true believer, then, is that the former are "dead works" while the latter are the precious

Mexican Fishing Licenses Vary in Price

Mexico is a bargain hunter's paradise, most of the time.

American anglers who cross the international bridge to fish on the Mexican side of Falcon Lake can get a fishing license for \$1.25 which is valid for 30 days.

The Mexican fishing licenses are available in many places including Falcon State Park.

But the farther up the Rio Grande you go, the higher the price.

A license across the Amistad Bridge at El Mirador is \$8.00. That's \$8.00 for any part of the year.

A Texas license costs \$2.15 for a whole year.

That's a bargain.

Increased Minimum Wage Would Increase Farm Costs

The National Association of Manufacturers notes that Congress is again being asked to pass legislation to increase the minimum wage for all covered workers, effective July 1. The minimum farm workers would be raised \$1.70. Another bill would increase the general minimum wage \$2.25 per hour, with the rate for farmers. In the latter virtually all exemptions for time would be eliminated. Action of such legislation would increase farm costs, push up whole wage-price structure, create unemployment, and put our competitive position in trade.

You can help to get your first social security check on time by securing some evidence of your date of birth now.

No man can please God while he denies the truth of His Word or rejects His Son, so graciously given to die on the cross as our Saviour. To try to win His favor by "good works" while rejecting Christ is like sending a gift to a man whose beloved son you spurn and despise.

The Father loveth the Son, and hath given all things into His hands. He that believeth on the Son hath everlasting life. And he that believeth not the Son shall not see life; but the wrath of God abideth on Him" (John 3:35,36).

Planning to retire soon? You should begin to gather proof of your age now so you will have it available when you file your claim for social security benefits. If you don't have a certificate, the people at the social security office will be glad to inform you concerning other acceptable proofs and will help in obtaining these proofs.

SOME QUESTIONS TO ASK THE PRINTING AND OFFICE SUPPLIES PEDDLER

When the person selling printing, office supplies and advertising solicits your business, here are some questions he should be willing to answer to YOUR SATISFACTION:

1. Is he a taxpayer in your community or county?
2. Does he donate space in the newspaper to local and county projects and enterprises?
3. Does he pay wages to employees who live and do business in your community?
4. Does he grant favors that you would ask of your local newspaper?
5. Does he donate newspaper space to promote you and your neighbor's business?
6. Does his price include freight, postage and insurance?
7. Does he support your civic organizations, schools and churches with free publicity?

We sincerely believe that these questions should be considered when you purchase printing and office supplies—a question of whether you should support those who help support you!

Texas Crop and Livestock Report-
ing Service notes. Rains in the
Lower Valley were 123 per cent
of normal. The Dalhart area had
only 15 per cent of normal for the
three months.

During May, the Trans-Pecos
area had the lowest rainfall total
with 1.24 inches. The upper
coastal areas had the largest rain-
fall in May with slightly more than
nine inches.

FARM PRICES are up 15 per
cent from a year ago. Farm parity
at 73 per cent, however, still
means that agriculture is more
than one-fourth below the rest
of the economy.

Commodity prices in Texas in-
clude wheat \$1.43 bushel, up a
penny from 1971; corn \$1.36 bush-
el, up 17 cents from last year;
grain sorghum \$1.95 per hundred-
weight, down 50 cents from 1971;
cotton 26 cents per pound, up five
cents from 1971; hogs \$24.20 per
hundredweight, up \$5.40 from
last year; beef cattle \$33.80 per
hundredweight, up \$13.06 from
1971; sheep \$11, up \$3.24 from
last year; lambs \$32, up \$9.34
from 1971; broilers 13.5 cents
per pound, down one cent from
1971; eggs 27 cents per dozen,
down 4 cents.

Vacations offered in connection
with property selling are also pop-
ular schemes. An all-expense-paid
week end in Florida is hard to pass
up. The promoters assure there'll
be no obligation to buy. They just
want you to "take a look" at
some newly developed land, which
they'll sell at extremely low
prices. Be careful! Your tour
guides are really expert high pres-
sure salesmen and may talk you
into buying property you never
wanted.

Another trick is gimmick ad-
vertising, which proves to be more
misleading than actually fraudu-
lent. Even legitimate agencies
carry such pamphlets and bro-
chures. For instance, you may
see this headline: "\$169 to
Greece!" It sounds pretty good,
but as you read on, you discover
this price carries many stipula-
tions: it includes only one-way
fare, the flight leaves from Chi-
cago, the offer is good only if
you're 26 or younger, etc. If by
any chance you're able to follow
these limitations, is it really
worth it to you?

To avoid being stranded at the
airport, dockside, or train sta-
tion, deal only with reputable
travel agencies or group tour pro-
moters. Be certain your contract
for passage states that you can
get a refund of your money if the
flight is cancelled for any reason.
Make sure you understand
exactly what the price covers—
and what it doesn't.

You can relax and enjoy your
vacation if you've taken a little
extra care planning it!

THE INFORMED CONSUMER

BY CRAWFORD C. MARTIN
Attorney General of Texas

Planning a vacation? Up, up
and away—make sure it's yours
and not your money! Many trav-
elers have fallen victim to phony
travel promotions.

The most common scheme is
promoted through extensive ad-
vertising or direct solicitation of
groups, such as teachers or gov-
ernment employees, and especially
students. The offer may include
round-trip fare, accommodations,
and additional services at bargain
rates.

The fraudulent promoter re-
quires a deposit or even the total
price in advance. He accepts only
cash and rarely gives you a re-
ceipt. Once he has collected from
a sufficient number of victims,
he'll disappear without a trace.
And you're stuck—no vacation
and no money!

Be careful when taking charter
flights! While many are true sav-
ings for group tours, some turn
out to be nothing but gyms. One
travel agent booked flights re-
sulting in the stranding of 1,100
passengers and a loss of nearly
\$500,000. Check with several trav-
el agencies before making final
arrangements.

Vacations offered in connection
with property selling are also pop-
ular schemes. An all-expense-paid
week end in Florida is hard to pass
up. The promoters assure there'll
be no obligation to buy. They just
want you to "take a look" at
some newly developed land, which
they'll sell at extremely low
prices. Be careful! Your tour
guides are really expert high pres-
sure salesmen and may talk you
into buying property you never
wanted.

News from . . . MARGARET and Riverside

Attending the Hudgens family
reunion in Lubbock Sunday were
Mr. and Mrs. R. L. Hudgens of
Margaret, and Bill, Dennis, and
Tanna Hudgens of Houston, who
are visiting here for the summer.
Mr. and Mrs. Benny Smith and
Ray and Mrs. Jimmy Hudgens,
Emma and Robbie, of
Crowell.

Homer Smith of Vernon made
his usual drive through this com-
munity Tuesday. He commented
that things sure looked good to
him; most of the cotton and guar
is up and wheat fields have been
plowed, and the smiles on the
farmers' faces even seemed
brighter. He also eyed a corn
patch or two. With a comment
from a banker, this gave us all a
brighter outlook for the future.
We'd also be glad to see our bank-
er from Crowell stop by to pay
us a visit some time.

Raymond Bell of Vernon, Char-
ley T. Priest of Whitesboro, Mrs.
Sam Pruitt and Mrs. Lucille Jobe
of Quanah visited Mr. and Mrs.
Arthur Bell Friday night.

Mr. and Mrs. Tom Smith and
their grandson, Stan Gidney, vis-
ited Turner Falls, Okla., Satur-
day and attended a Smith family
reunion Sunday at Prague, Okla.

Mrs. George Thomas of Vernon
visited her grandparents, Mr. and
Mrs. Arthur Bell, Wednesday.

Mr. and Mrs. Charles Coker,
Daphne and Tamara, of Vernon
visited Wednesday evening with
her parents, Mr. and Mrs. August
Rummel. They had just returned
from their vacation on the Texas
Coast and Old Mexico.

A fish fry was enjoyed at the
home of Mr. and Mrs. W. H.
Tampin Friday evening. Those
attending were Albert White of
Quartz Hill, Calif., Mr. and Mrs.
Lowell Tampin and grandson,
Scott Tampin, of Palmdale, Calif.,
Mr. and Mrs. Ray Gibson, Sher-
ree, Randy and Bryan, of Iowa
Park, Mr. and Mrs. J. T. Tampin
of Vernon, Mr. and Mrs. A. B.
Owens and Mr. and Mrs. J. E.

Ingles.

Mr. and Mrs. Ray Gibson, Ran-
dy, Bryan and Sherree, of Iowa
Park spent the week end with her
parents, Mr. and Mrs. J. E. Ingles.
Bryan remained for the week.

Mr. and Mrs. Lee Echols of
Abernathy visited her brother,
Lowell Tampin, and wife of
Palmdale, Calif., in the home of
their parents, Mr. and Mrs. W. H.
Tampin, over the week end.

Mrs. W. T. Gaehler of Lockett
and Jackie King of Baird visited
Mrs. L. B. Robertson Sunday.

Mrs. L. B. Robertson and Lane
Parker and her sister, Mrs. M. F.
Smith of Thalia, attended a re-
vival in Iowa Park Sunday night.

Mrs. L. B. Robertson visited
her son, Johnny, and family in
Vernon Thursday.

L. B. Robertson visited his
daughter-in-law, Pat Robertson,
and Kristi in Vernon Sunday.

Loran Robertson visited with
his nephew, Walter Max Gaehler,

J. B. Harlan Receives National SCS Service Award

Clay County SCS
Chief Is Former
Foard Resident

J. B. Harlan, district conserva-
tionist with the Soil Conservation
Service in Henrietta and formerly
an SCS employee in Crowell, was
one of eight employees of the
SCS to receive a superior service
award in Washington. The Clay
County resident was presented the
award by Secretary of Agriculture
Earl Buttz.

Harlan's citation reads in part:
"for meritorious public service in
resource conservation and develop-
ment which materially contributed
to a stable agricultural economy
and environmental improvement in
the Little Wichita Soil and
Water Conservation District."

In 1971, and again in 1967,
Harlan was awarded certificates
of merit by the state SCS office.
A native of Spiro, Okla., Harlan
was awarded a bachelor of sci-
ence degree in animal husban-
dry from Oklahoma State Univer-
sity.

He entered the SCS in 1942
as a soil conservationist at Deca-
tur, and moved to Knox City in
1943. Harlan spent two years in
the Army and then returned to
the SCS at Vernon. He was em-
ployed at Crowell and Abilene be-
fore moving to Henrietta in 1957.

Harlan is vice president of the
Henrietta Lions Club, past presi-
dent of District Agricultural
Workers Council and a deacon in
First Baptist Church. He is mar-
ried and has three children and
six grandchildren.

For those who say the railroads
are at the beginning of the end,

here's a progress report from Santa Fe that says
it's much, much more like the end of a beginning.

MORE POWER
We're adding 52 new giant
diesels and rebuilding 50
older units to provide a
locomotive fleet producing
over 3,850,000
horsepower.

MORE CARS
1910 additional cars are
coming in 1972, including
100 giant refrigerated
hopper cars for
in-bulk movement of
potatoes, oranges and
other perishables.

MORE TERMINALS
Santa Fe's new million
dollar rail and truck
terminal has now been
completed at Houston,
Texas to meet expanding
truck, Piggy-Back and
container traffic.

BETTER SERVICE
Run through trains with
connecting railroads link
—east, west, and
southwest and save
hours moving through
Santa Fe's electronic
classification yard in
Kansas City.

BETTER PIGGY-BACK
We're expanding
Piggy-Back and container
service all along the
Santa Fe to handle
increasing domestic and
international shipments.

BETTER IDEAS
An expanding microwave
network linked to our
data system for car tracing
and locomotive utilization,
and plans for the
development of a unique
coaxial train for moving
containers are just a few
of the new ideas at
work on the Santa Fe.

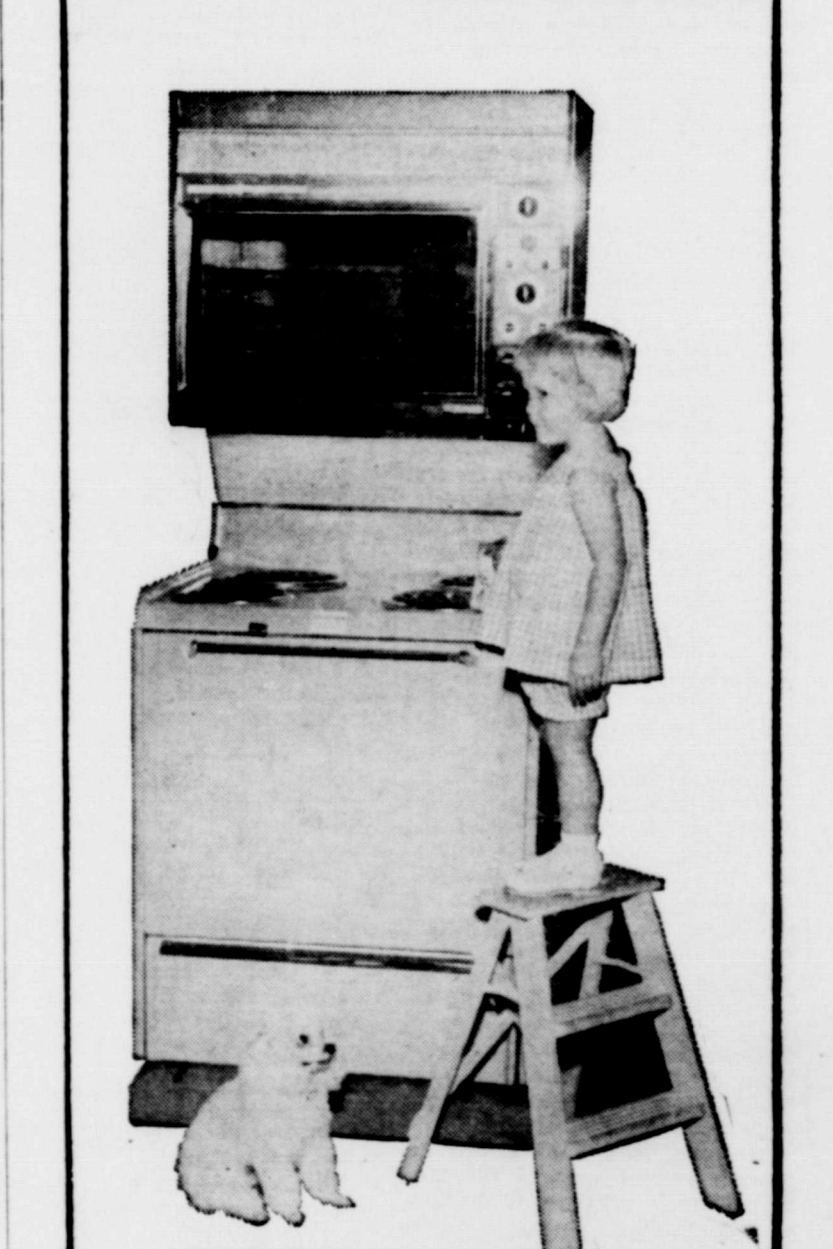

MORE and BETTER are key words at Santa Fe. What we're doing, is why we're saying.
rail service is still one of the most efficient ways to move freight. What we're spending
says so too: over \$100 million this year in railway capital expenditures. One billion in the
last 10 years. Two billion since World War II.

The railroad industry and the Nation need sensible transport regulatory policies—
administered with an even hand. We can take it from there—into a new era of railroading.
Still think the railroads are at the beginning of the end? For Santa Fe it's more like
the end of the beginning!

Santa Fe —The complete transportation company
moving by rail, truck, air freight, pipeline and land development.

**News from . . .
THALIA**

BY MRS. MAGGIE CAPPS

Our community has lost two more old timers since the last writing. Ben Hogan died Tuesday in the Crowell hospital and was laid to rest Wednesday in the Crowell Cemetery. He is survived by his wife, Mrs. Beryl Hogan, who is also ill in the same hospital, and one daughter, Mrs. Mary Jo (Paul) Vecera of Mokena, Ill. and four grandchildren.

The other death was a long-time resident, T. R. Cates, Sr., who died Sunday after a lengthy illness in the Crowell hospital. He had spent several months in the Quannah House where his wife is a patient. Burial was in the Crowell Cemetery Tuesday.

Their children, Mrs. Fay Whitman and T. R. Cates Jr. of Thalia have faithfully visited and ministered to the parents all the while and the other daughters, Miss Oneta Cates of Abilene and Mrs. Edith Downing of Lubbock have been frequent visitors.

Mr. and Mrs. Morris McCarty of Vernon visited Floyd Webb and his sister, Mrs. Lela Glasgow, Sunday.

Sunday, June 11, was the birthday of Mrs. A. B. Wisdom. She was honored with a dinner in the home of Mr. and Mrs. Jake Wisdom and family. Guests included Mr. and Mrs. Charlie B. Wisdom of Fort Worth, Mr. and Mrs. William Wisdom and Mrs. Tommie Patterson of Medicine Mounds and Mr. and Mrs. Rocky Wisdom. It was also the 25th wedding anniversary of the Jake Wisdoms and their daughter, Cindy, had prepared for that celebration also.

Mrs. Buna McKinley left Sunday for Perryton for a visit with her daughter-in-law, Mrs. Mutt McKinley, and Lynn and Mr. and Mrs. Lowell McKinley and Jeff.

Mrs. Jake Wisdom took her mother, Mrs. George Streit, to Ardmore, Okla., Thursday for medical treatment.

Mrs. Flora Short has returned home after a week's visit with her son and daughter-in-law, Mr. and Mrs. Bennie Short, at Garden City, Kansas.

Terri Cates of Dallas arrived Saturday and remained for the funeral of her grandfather, T. R. Cates, Sr., Tuesday.

Mr. and Mrs. Clarence Orr of Duke, Okla., visited his parents, Mr. and Mrs. Claud Orr, Wednesday and attended the funeral of her uncle, Ben Hogan.

Mrs. Earle Taylor and daughter of Denton attended the funeral of their brother-in-law and uncle, Ben Hogan, last Tuesday and visited Mrs. Hogan in the Crowell hospital. Mrs. Taylor returned and spent the week end attending the bedside of her sister, Mrs. Hogan. Mr. and Mrs. Paul Vecera returned home to Illinois after the funeral of her father to attend graduation exercises for their daughter on Friday night. They returned here early this week.

Mmes. Mable Fuller and Madge Brewer of Dallas attended the Ben Hogan funeral and visited Mrs. Maggie Hammonds Tuesday.

Weldon Farrar of Lubbock will preach at the Church of Christ Sunday, June 18.

Mr. and Mrs. John Toie of Tullia and L. Z. Toie of Fort Smith, Ark., spent the week end with their brother, Ira Toie, and wife. They all attended the Toie family reunion in Vernon Sunday with about forty in attendance.

Mr. and Mrs. Sam Kuehn attended funeral services for Mrs. Ella Tidwell, a native of Quannah, of Big Springs Wednesday. She

was a sister of Leon Taylor of Quannah.

Mrs. Sam Kuehn visited her sister, Mrs. Leon Taylor, and Kay Ann in Quannah Tuesday.

Mr. and Mrs. Billy Johnson visited Mr. and Mrs. Neill and Linda Milton of Dallas last week end.

Michelle and Toy Lynn Johnson, small granddaughters of Mr. and Mrs. O'Neal Johnson and daughters of Otis Johnson, visited in the Johnson home last week end.

Mr. and Mrs. Rickey Eavenson and daughter of Euless spent last week with their parents, Mr. and Mrs. Joe Eavenson and family of Thalia and Mr. and Mrs. Allen Taylor of Crowell.

Kenneth Oliver and son, Kevin, of Amarillo spent the week end with their parents and grandparents, Mr. and Mrs. Eudale Oliver, and Leon.

Rev. and Mrs. Jerry Cornelius of the Baptist Seminary at Fort Worth were guests of Mrs. Myrtle Neill Sunday. Rev. Cornelius preached at the local Baptist Church and was called to the pastorate here. He will commute for the time being, as he is employed in Fort Worth.

Billie Short of Garden City, Kansas, spent Saturday night with his mother, Mrs. Flora Short.

Mrs. Nan Sue Dockins has returned home to Dallas after a week's visit with her mother, Mrs. G. A. Shultz. Her daughter, Lori, remained for an extended visit.

Buddy Dean Hammonds of Dallas spent the week end with his grandmother, Mrs. Maggie Hammonds. He was met here Sunday by his father, Bud Hammonds, and family of Perryton and he will spend the summer with them.

T. H. Matthews, now of Vernon, spent a few days last week in the Crowell hospital but returned home Friday.

Duane and Marshall Capps of Vernon visited Mrs. Maggie Capps Saturday.

C. B. and Perry Joe Skipworth of Vernon were here several days last week doing some repair work at the home of Mr. and Mrs. T. R. Cates, Jr., and family.

Tucker Matthews and Tint Hammonds of Vernon visited Mrs. Maggie Hammonds Monday.

Mr. and Mrs. Morris McCarty of Vernon spent Sunday with her mother, Mrs. Jessie Gamble.

**Scattered Showers
Fall in County
Sunday, Monday**

**Another Rain Early
Wednesday Brings
1.5 Inches in Crowell**

Scattered showers—and they really were scattered—fell in parts of Foard County Sunday afternoon and Monday.

Official government measurement here in Crowell was 1.35 inches.

Another rain fell early Wednesday morning which measured about 1.5 inches here. This rain was believed to be more general than the one Sunday.

From all reports, cotton farmers are having a time trying to get a stand of cotton this year, as worms, dry weather and other factors have hurt the cotton picture in Foard County.

**Americans Must
Learn to Use Energy
More Efficiently**

According to Public Utilities Fortnightly, "Consumers must learn to use energy—whether from oil, coal, or natural gas—more efficiently because of the world's shrinking resources, J. K. Jamieson, chief executive of Standard Oil Company of New Jersey, said recently. "Where we now import 23 per cent of the oil we consume, projections indicate imports will have to cover about 60 per cent of the U. S. petroleum demand by 1985," Jamieson said. He

urged Americans to be more thrifty in consuming energy by insulating their homes better and developing public means of transportation to cut down the use of the private automobile."

A Word Worth Saving

How long has it been since you have heard anybody use the word "probity"? Do you know what it means. Have you ever thought of yourself in terms of it?

Here is a fine old word that ought to have the ivy trimmed off it. It is one our children ought to know about. In your grandfather's day, probity was something people looked for when they chose their leaders, something a man thought about when somebody asked his daughter's hand in matrimony. Benjamin Franklin listed it next to honor itself among the qualities he most desired and pray-

ed for.

Probity is often thought of as "uprightness," but it is more than that. It is a time-honored word that represents most of the qualities that have made Americans, Americans!

Why not start a little private campaign to save this noble word for tomorrow's Americans? Use it in your conversation now and then, and thus run up your personal flag of respect for the attributes it stands for.—The Little Gazette.

Success in Failure

I am not at all too sure people who have had so-called success have made the greatest contributions to this world. Conversely, it would seem that the greatest spiritual changes would be called failures by the world. Someone notes that humanity might have prospered well without its successes, could never have gotten along without its failures. Almost a great blessing we enjoy today built upon a failure.—The Walker.

her daughter and family.

Having and Being

While three-fifths of the world's
population worries hunger and sur-
vival, we anxiously wrestle with
overweight and boredom. Every
newspaper supplies increasing evi-
dence that in terms of gross na-
tional product, comfort and per-
sonal income, we are becoming
markedly superior to the rest of
the world in making a living; yet,
in personal relationships and inner
peace, we are revealing that we
do not know how to live. We are
artists at having and failures at
being.—Charles B. Garrigus.

Tranquility

Everyone needs occasional tran-
quill breaks to think problems
through, to listen and watch. At
such time a child can pursue his
dreams and interests, and gain
perspective on life's perplexing
experiences. Children (and adults)
often have their deepest insights
into themselves and the world dur-
ing moments of quiet. Many of us
have forgotten the beauty of si-
lence. We are conditioned to noise.
Its effects show on our tense
faces and in our inability to sit
quietly.—Marianne Besser.

New Way to
Dispose of Garbage

The JCPL-NJPL News, a utility
company publication, states that
there is under way an experi-
mental project in garbage disposal
and conversion using radiation.
The process, according to one
source, consists of shredding gar-
bage, molding it, impregnating it
with polymers and then irradiat-
ing it to neutralize undesirable
matter. The finished product then
can be molded under pressure to
form such items as ashtrays, wall-
board and flooring materials.
The thought has its intriguing
side. Imagine suddenly finding a
tomato plant growing out of your
ashtray, a grapefruit tree out of
your newly paneled wall or a
lemon tree sprouting up through
the living room carpet.

ciate your thoughtfulness very
much. Sincerely,

Sister of Dwight
Campbell Died in
Vernon June 7th

Last Rites for Mrs.
Aubrey Huddleston
Held Last Friday

Mrs. Aubrey Huddleston, 66, of
Vernon and a native of Foard
County, died in a Wichita Falls
hospital Wednesday, June 7, after
an illness of about ten days.

Funeral services were conduct-
ed at 2 p. m., Friday at Central
Christian Church in Vernon with
Rev. Robert Hooks, pastor, of-
ficiating. Sullivan Funeral Home
was in charge of arrangements.

Pall bearers were W. T. Belew,
Dr. Tom Agnew, Claud Ayres, T.
L. McBride, Charles Norwood and
Jack Eure.

Mrs. Huddleston was born May
3, 1906, in Crowell, daughter of
Mrs. L. D. Campbell, now of Ver-
non, and the late Mr. Campbell,
a former Foard County sheriff.
She moved to Vernon in 1929, and
was a retired Vernon public school
teacher.

She was married to Aubrey Hud-
dleston August 15, 1931, in Ver-
non. She was a member of the
Central Christian Church.

Survivors include her husband;
her mother; and one brother,
Dwight L. Campbell of Crowell.

Michael Leggett Is
Pianist for Junior High
Choir in Houston

Michael Leggett, 13, son of Mr.
and Mrs. Bob Leggett of Hous-
ton and grandson of Mr. and Mrs.
Fred Youree of Crowell, will be
among 34 Memorial Junior High
School students leaving for Ro-
mania for a three-weeks music
tour. The tour is sponsored by the
American Council of Nationalities
Service and will be financed by
the students and a grant from
Readers Digest.

The choir was invited to join
the tour after Harry Morgan, ex-
ecutive director of the American
Council, heard them perform when
he visited Memorial earlier this
year to discuss sending a delega-
tion of students for Friendship
project to Romania.

Choir directors, Mrs. Kathy
Scandrett and Mrs. Jean Hinkle,
selected 34 students, primarily 8th
graders and a few 7th and 8th
graders to make the tour. Mike
is a 7th grader and accompanies
the group on the piano.

Czechoslovak Airlines will pro-
vide transportation by jet for the
trip, which will start on June
16. Tentative itinerary for the
tour includes stops at Montreal,
Prague and Bucharest.

The group will be accompanied
by two interpreters and will per-
form about 12 times including a
July 4 concert at the American
Embassy in Bucharest before the
return to Houston July 5.

Everyone's Rights
We hear a great deal today
about labor's rights and the busi-
nessman's rights and the prop-
erty-owner's rights. But we hear very
little about the duties those peo-
ple and groups, each of them, owe
to the rest of the community and
to the nation . . . I . . . would
require every speaker who talks
about rights—whether it be states'
rights or the taxpayers' rights or
any other kind of rights—to also
include something about the duty
his pet group owes to society as a
whole . . . It would remind listen-
ers that with every opportunity
there comes an obligation, and
with every right there is a duty.—

Crowell Eastern Star Chapter Installs New Officers Last Week

Mrs. Lottie Estes installed new officers for Crowell Chapter No. 916, Order of the Eastern Star, in a formal ceremony Tuesday, June 6, in the Masonic Hall. She was assisted by Mrs. Maggie Gentry, installing marshal; Mrs. Lizzie Kenner, installing chaplain; and Mrs. Eleanor Black, installing organist.

New officers are Mrs. Alyene Pittillo, worthy matron; A. F. (Pat) Pittillo, worthy patron; Mrs. Laura McLarty, associate patron; Elton Carroll, associate patron; Mrs. Marietta Carroll, secretary; Mrs. Vetrice Gentry, treasurer; Mrs. Vera Thomas, conductress; Mrs. Bernice Carroll, associate conductress; W. R. Moore, chaplain; Mrs. Verda Bell, marshal; Mrs. Agnes Dunn, organist;

Mrs. Essie Cooper, Adah; Mrs. Pearl Moore, Esther; Mrs. Kenner, Martha; Mrs. Nona Backus, Electa; Kenneth Carroll, warder; and Cecil Carroll, sentinel.

At the conclusion of the program, Mrs. Pittillo presented remembrances to the installing officers, and Mrs. McLarty presented the chapter's gifts to the junior past matron and patron, Mrs. Pittillo and Elton Carroll.

Hostesses for the social hour were Meses. Vetrice Gentry, Elton Carroll and Bell.

Truscott H. D. Club

The Truscott Home Demonstration Club met last week at the community house. The refreshments and program were given by the Truscott 4-Hers. Those participating in the program were Christy Shaw, Renee Westbrook, and Tracy Shaw.

Local Girls Enter State 4-H Contests

April Werley, Ruth and Jacquelyn Brown, Lee and Lynn Meads competed Tuesday and Wednesday of last week in the state 4-H contests at College Station. April competed in home improvement, with a demonstration on "color in the home."

Ruth competed in money management. Her demonstration was on household records. Jacquelyn's demonstration on foods and nutrition, "Let's Speak Out," was on the "Six Breads over Texas." Jacquelyn came in second with a nearly perfect score of 98. The first place winner received a 99.

Lee and Lynn Meads entered the state food show. Lee entered beef stronganoff in the meat division and received a red ribbon. Lynn entered the milk division with almond cheese fondue and received a white ribbon. All of these girls were winners at the district contest.

Accompanying the group from Foard County was Mrs. Peggy Meads, County Home Demonstration Agent.

Family Reunion Held June 3-4

The descendants of the late J. C. Spears met for their fifth year for a reunion at the VFW Hall in Seymour June 3 and 4.

The crowd began gathering at 2:30 p. m. June 3. Fellowship started with a bang by mid-morning on the 4th with the appearance of the Elmer Lee Wichita Falls string band. The band played from 11 a. m. to 6 p. m. Members of the band were Elmer Lee McDaniell, Claude Hickman, Norris Turpin of Wichita Falls and Lloyd Brown of Dell City, Okla. Those attending with the band were Betty and Pat McDaniell, Tommy Jo Truman, Sherri and Jacki Smith, Loretta, Robin and Dione Hickman, Randy Patterson of Wichita Falls.

The relatives attending were Mack Spears, Jodie and Josie Dyer, Seymour; Myrtle McDaniell, Mr. and Mrs. Ike Harbrick and children, Barbie and Sissy, and Larry Sossamon, Mr. and Mrs. Bobby Harbrick, Gayle Norris and children, Cindy, Mark, Lori, Lisa and Amy, LaVerne Melton, Jay Melton and Gary Moore, all of Wichita Falls; Mrs. T. A. Spears of Crowell; Mr. and Mrs. Earnest Spears of Altus, Okla.; Mr. and Mrs. Carlon Ribble of Crowell; Mr. and Mrs. Hank White and children, Pam, Jeff and Christi, F. A. Local Girls Enter Summer Twirling Festival in Quanh

Alyce Faye Gorley of Quanh, who teaches baton twirling in Crowell on Tuesdays at the community center, sponsored a summer twirling festival in Quanh High School gym last Saturday.

Her students from Crowell participated with the following girls winning in their age division: Lori and Stephanie Riethmayer, Gail Fish and Stacy Meador.

Others who entered were Toni Hopper, Jan Reeder, Carol Kuehn, Sheryllyn McBeath.

Alyce Faye is in Dallas this week attending a baton twirling teachers seminar at North Texas State University in Denton and will be in Crowell each Tuesday for her classes.

Nurses Meet in Quanh June 5th

Reality orientation and attitude therapy were the subjects of the program for Sub District 11 of Texas Nurses Association during a regular meeting last week in Quanh. Reality orientation is a type of therapy for elderly mentally ill patients which expects the patient to do all that he can for himself and to become involved in useful activities.

Among those attending the meeting was Mrs. Edith Roark of Crowell.

STATE CAPITAL Highlights AND Sidelights

by Bill Boykin
TEXAS PRESS ASSOCIATION

Austin, Tex.—"Leadership is duck leadership in both houses and the governor's office."

That quote from a political leader came to mind during the 64th annual National Governor's Conference in Houston last week.

It's darned tough to serve as a public official these days.

Not just presidents, vice presidents and candidates for president have their lives threatened—but governors and candidates for governor face physical threats these hectic days in America's political history.

This fact was brought to mind by the extremely tight security measures at the host hotel for the National Conference for state chief executives.

Security police, Texas Rangers, and state patrolmen almost outnumbered the governors, aides, newsmen and guests who were allowed to observe the proceedings at the important annual function of state heads of government.

Mrs. George Wallace, wife of the Alabama Governor, had six security men surrounding her when she moved around the corridors of the hotel.

When Vice President Spiro Agnew arrived, Secret Service men were all over the place. Even the hotel employees wore photo identification badges—reminiscent of defense plant and Navy installation days of World War II. We heard no complaints—except from one elderly hotel janitor who kept picking up walky-talky conversations between the security police on his hearing aid.

The three-day program of the state's chief executives was an "economic war" of sorts.

Principal topics of the conference revealed that financial problems are their top concerns—as they reviewed revenue sharing with the Federal government, financing of elementary and secondary education and funding the "war" against crime and drugs.

Host Governor Preston Smith and his staff and a hospitable Houston made the serious problems easier to study with a well-rounded entertainment program for the Governors, their families and staffs.

Other important topics of interest to Texans covered at the Conference were: diversification of industry to rural areas, a resolution requesting the appointment of a farmer as next Secretary of Agriculture of the United States; a NASA economic impact report for the states and the role of the states in national growth patterns.

National political intrigue made the Conference more interesting with visits from Sen. George McGovern and Sen. Hubert Humphrey—and the appearance of Mrs. Wallace.

SPECIAL SESSION MEETS—The Legislature convened in special session at midweek under lame

duck leadership in both houses and the governor's office.

Gov. Preston Smith, defeated in his bid for re-election, pledged to offer a 1973 budget which would require no new taxes and, indeed, to allow no consideration of taxation.

Lt. Gov. Ben Barnes, also defeated for governor, said Smith should show lawmakers how he proposes to trim appropriations.

House Speaker Rayford Price was defeated in his home district, as was Rep. Bill Finck of San Antonio, chairman of the budget-writing House appropriations committee.

Legislative Budget Board—which includes Barnes, Price and Finck among its members—calculated that even a "tight" 1973 budget would require \$89.2 million in new revenue.

After a day-long session, the Board concluded its staff would just have to get together with Smith and see what he had on his mind.

The LBB staff-drawn budget called for \$828.2 million in spending during the next fiscal year—or \$89.2 million less than the revenue forecast.

Virtually certain to land on the special session agenda is new state officials' code of ethics legislation. Barnes said he will press for such a bill, and a House committee prepared its own version.

LEGISLATURE ALTERED—Primary elections assured a drastic shakeup among rank and file members of the legislature as well as the top leadership.

There will be at least 76 new members in the House of Representatives—a majority. The turnover rate is the highest since 1953 when 88 freshmen representatives took office. The November general elections may remove a few more of the incumbents, and no more than 74 present House members are assured of returning.

The Senate turnover rate is al-

most as high. At least 44 of 31 senators will be freshmen year, and Republicans could gain another place.

Former House Speaker Mutscher was among the incumbents defeated.

Defeat of Price in the set off another scramble speaker. Rep. Price Daniel, erly claimed he already had job racked up with 69 votes. Rep. Frank Calhoun, ilene challenged him last expressed doubt that Dan anywhere near a majority said he will begin his campaign with about 50 votes from moderates and vatives.

PRIMARY CHANGES—Primary election costs estimates by nearly \$400,000 a better, cheaper system be found, according to State Bob Bullock.

Bullock advocated primary elections be held nanced through county offices, with single places serving both majties.

Such a system, said would reduce primary at least a third and efficiency. Bullock said tributed \$1.6 million to cratic committees and to Republican groups to bulk of local primary of

Lawn Mower Is Dangerous Piece of Equipment

Many people fail to realize the danger of a piece of equipment they have all used — the lawn mower. With the lawn mowing season in full swing, county agent Joe Burkett offers a few simple safety precautions that may prevent damage to property or even save someone's life.

Before each mowing, it's always a good idea to check your lawn for pieces of wire, stones, pieces of wood or other objects—including bones left by your dog or someone else's. Such objects can be hurled at dangerous speeds by a lawn mower—especially today's rotary blade type. The blade tip on a 20- and 30-inch rotary type lawn mower moves at 208 and 312 miles per hour, respectively.

Just think of the damage that could be done if a stone or piece of wire picked up by the lawn mower blade hit you, a pet, a car, or someone you love.

Before cranking up the mower, be sure the blade is sharp, tight and balanced. Balancing is even more necessary on a lawn mower blade than on the front of a car since the blade travels so fast. A sharp blade will make mowing easier, make a better looking finished job, and will do less harm to the grass. A dull mower blade shatters the tops of grass blades, causing them to dry. This gives the lawn a brownish appearance.

When servicing or checking the mower blade, be sure to disconnect the spark plug wire on gasoline engine driven mowers and to unplug electric mowers. Just turning the blade a little may be enough to start a gasoline engine. Unplugging an electric mower may avoid injury if the switch is accidentally flipped. In either case, the difference could be the number of fingers remaining on your hand.

On gasoline-powered mowers, fill the gasoline tank before starting the engine—and always do this outside. Handling gasoline indoors may result in a large enough build-up of fumes to cause an explosion. If refueling is necessary, let the engine cool first. Even a drop of gasoline spilled on the muffler or any other hot part of the engine could start a fire and cause an explosion.

The social security administration is required by law to review the earnings of a beneficiary each year to determine if the additional earnings will increase his benefit. The action is taken the latter part of the year following the year of the earnings. So if you are receiving benefits and you worked last year, your record will be reviewed automatically to see if a benefit increase is possible. Any increase will be retroactive to January 1 of this year.

Stapp Brothers Attend Baylor Music Camp

WACO—David and Stephen Stapp, sons of Dr. and Mrs. Walter Stapp of Crowell, are among 325 high school young people who participated in the Baylor University Summer Music Camp last week on the Baylor campus.

David concentrated on French horn study during the camp, and Stephen concentrated on the trombone. Both played with the camp band and David also played with the camp orchestra.

The music camp is sponsored each summer by the Baylor School of Music for students in grades 10 through 12.

Depending upon his area of study, each musician attends daily workshops and classes in band, orchestra, chorus, theory, composition, ensemble music, piano, organ or harp.

Each evening several campers were featured in honors recitals. A program featuring all areas of study was presented on the last day of camp, June 11.

Camp instructors included members of the Baylor School of Music faculty as well as outstanding high school and college music instructors from throughout the state.

More than 300 students from three states were enrolled in this year's camp. Bernard A. Smith, associate professor of brass instruments and assistant to the dean of the School of Music, served as camp director.

Building at Clyde Self Place at Thalia Burned Friday

The Crowell Volunteer Fire Department was called to Thalia last Friday morning to extinguish a fire at a small building at the residence of Mr. and Mrs. Clyde Self.

Local Fire Chief Leonard Tole said damage was heavy to the building which housed a small shop of Mr. Self's.

Youth-Led Revival Planned at Lockett Baptist Church

A youth-led revival at the Lockett Baptist Church will begin on Friday, June 16 and continue through June 18, with services at 7:30 each evening. Fellowship will follow the services each night.

Bro. Joe Bob McGinnis from Grand Prairie and son-in-law of the Lockett pastor, Rev. Delmar Paul McBeath and wife, will do the preaching. He is married to the former Miss Brenda McBeath.

Johnny McNellie of Arlington will lead the singing.

Everyone is invited to attend this revival.

Should Be Skeptical . . .

"Voters should be skeptical of candidates who promise pie in the sky, good incomes for everyone, welfare for all who want it, jobs for all, etc. It's impossible for any candidate to deliver on such promises. To lead lazy, gullible and untalented individuals to expect too much from government produces . . . unjustified frustrations, disillusionment and dissatisfaction."—Bonifay, Fla., Holmes County Advertiser.

Castro Has Been An Economic Disaster for Cuba

According to A. M. Tewksbury, writing in the Oregon Voter Digest, "Cuba, the communist paradise and one of the world's leading sugar producers, is still rationing sugar and has had to cut the ration even lower recently. Cigars are rationed too in the land of the famed Havana cigar. Thanks to communist mismanagement, sugar production is less than 5 million tons, just half of Castro's long trumpeted goal of 10 million tons. Under Castro, the Cuban economy is not just stagnant, but actually going down hill. Cuba's GNP has declined 9 per cent between 1958 and 1970. In sharp contrast, 18 major Latin American countries averaged a GNP gain of 24 per cent in the same period even though many of them are governed by the military. Castro has been an economic disaster for Cuba."

Deadline Set for Materials for Foard History

Another reminder this week from the Foard County Historical Survey Committee that a July 1 deadline has been set for acceptance of historical information which is presently being assembled for a second edition of a Foard County history.

Family histories must be typed in the exact form in which they are expected to appear in the new edition. Old pictures are requested and will be returned to the owners, the committee says.

Another Side to Voluntary Compliance With Tax Laws

The tax folks pride themselves on having most American taxpayers voluntarily comply with the law. IRS has a lot of proof that most Americans are fairly honest and law-abiding—at least in Federal tax matters. However, in spite of all the talk about voluntary compliance, there is another side.

A few thoroughly screened tax fraud or tax evasion cases are selected each year for the thorough type of investigation required of the government in making a case that will send a tax cheater to jail. During the past six months, the court records show that the United States Attorney and the Internal Revenue special agents who investigate tax cases, took nine taxpayers to court. These taxpayers included an attorney, two truck owners and operators, a salesman, two manufacturers, a TV repairman, a savings and loan association vice president, and a used car dealer.

Six were charged with filing false income tax returns, two were charged with not filing any income tax returns at all, and one was charged with withholding federal taxes from his employees and keeping the money. The court records in these and the 2,000 similar cases across the country each year indicate that complying with the tax laws can eventually become mandatory.

Nation of Fuel Surpluses Goes to One of Large Fuel Deficits

"Thinking people have known all along in principle that exponential growth could not be carried on forever, and that after some additional generations or centuries, man's numbers and his exploitation of the earth's resources must be accommodated to the limitations of nature. No one knows for sure when that time will come or, indeed, whether it has already arrived. We do know that in less than a single decade, the combination of increasing demands and declining resources in petroleum have revolutionized this country's energy picture, and changed a nation of fuel surpluses to one of large fuel deficits, a transition of enormous historical importance which occurred in an instant of history . . ."—Joseph C. Swidler, chairman of the New York State Public Service Commission.

Bill Bell Tells Rotarians About Little League Teams

Bill Bell, Rotarian and manager of the Crowell State Bank Little League baseball team, was the speaker at the Rotary Club meeting Wednesday, June 7, and told Rotarians about each of the Little League teams this year and briefly mentioned each of the players.

Visitors were Charles Gates and son, Gary Lee, W. T. Whitley of Amarillo and Guy Todd Jr. and Joe Ray Burkett of Crowell.

Producing Wood

The Public Service Company of Colorado observes, "Since the signing of the Declaration of Independence in 1776, America's lumber industry has produced enough lumber to build a seven-foot boardwalk from earth to the sun. Despite the annual harvest by man and loss by nature, the nation's forests are continuing to produce wood faster than we are using it."

Farm Exports to Japan

According to the Arizona Farm Bureau Federation, "Part of the reason farm exports to Japan have soared is changing food preferences of the Japanese. Per capita consumption of poultry, red meats, spaghetti, pizza, and other macaroni products has soared at the expense of sharply lower per capita consumption of rice and fish."

Agriculture No Weakening Industry

Agriculture comprises the largest single market for labor and industry. Agriculture employs 5 million people, more than the combined employment in transportation, public utilities, auto manufacturing and the steel industry. It is a \$50 billion customer of the American economy. Farmers spend more than \$4.8 billion annually for tractors and equipment and over \$4 billion for transportation for their crops and livestock. Agriculture has an incredible record of performance but they need backing from their urban friends to help get their fair share of national income.
