## STATE CAPITAL Highlights AND Sidelights

by Bill Boykin  
TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—The Parks and Wildlife Commission handed one controversial issue back to the attorney general and was handed another one by the legislature.

PWC voted four-to-two to ask Atty. Gen. Crawford C. Martin to review and reconsider a May 26 ruling that a 1970 contract to purchase 3,965 acres of Mustang Island property for park development is a "binding obligation."

Martin's opinion, according to PWC Chairman Jack Stone of Wells, is expected in about a week.

The Mustang Island battle has raged from Austin to Washington and back through the federal courts and has figured in battles over Senate confirmation of PWC members.

Legislators, in special session, thwarted long-standing plans of the State Highway Department to build a 10-story, \$20 million headquarters building on a block near the capitol and governor's mansion.

Instead, the legislature decreed, the Parks and Wildlife Department would purchase with \$1.5 million from its cigarette tax the barren, dusty block in downtown Austin and convert it into a park.

The highway department was directed to consider placing its plush new building elsewhere.

Neither agency, conceded legislative leaders, was delightfully happy with the arrangement.

Under the circumstances, however, neither seemed to have much choice.

Letter from Crowell Goes to Truscott via Amarillo

The newest innovation of the United States Postal Service—area mail processing—was installed at the Childress post office on Saturday, July 1. Beginning on that date, mail from the Childress sectional center area is being processed for outgoing dispatch through the Amarillo post office.

This was announced last week by Carl C. Ulsaker, regional postmaster general, southern postal region, which covers the Southern United States from Texas to Florida.

"The program is intended to speed the ultimate delivery of the mail and to gain maximum efficiency and economy through full utilization of Amarillo's mechanized post office," Ulsaker said.

The Amarillo post office is equipped with one 6-operator-position letter sorting machine capable of sorting 15,000 letters an hour, and an automatic cancelling machine capable of facing and cancelling 30,000 letters an hour.

Crowell postmaster Ted Reeder was in Amarillo Tuesday, June 27, and saw the new machines.

Area mail processing is a plan whereby virtually all mail originating within a sectional center area, including any or all of the associate offices of the sectional center facility, will be consolidated at the SCF for complete preparation and processing for outgoing dispatch.

In this case, mail from the Childress SCF and its associate offices will be consolidated at the SCF, moved to the Amarillo post office and processed for outgoing dispatch.

All mail deposited in street letter boxes or the out-of-town letter drops at the associate offices will be transferred to the SCF for processing and will bear the postmark designated for the SCF area.

The postmark for the Childress SCF will read, "U. S. Postal Service, TX 790," along with the date and the AM-PM designation. The city postmark of Childress and each individual associate office will not be changed.

Mail deposited in a designated drop unit at a post office or a letter box labeled "For Local Cancellation Only" will be postmarked at the local office of origin with the name of that office. Each postmaster will have deposit boxes and letter drop units designated for this purpose. All metered mail will bear the postmark of the office of origin.

It was emphasized by Ulsaker that no office will lose its local postmark.

He asked specifically that customers no longer use the word "City" as an address in place of the name of the city of desti-

## Crippled Children's Livestock Auction Set for August 2nd

Donations of livestock and cash are being pledged to the 4th annual Crippled Children's Livestock Auction scheduled for August 2 in Wichita Falls, according to Dick Todd, Foard County chairman for the auction.

The annual sale held in the Wichita Livestock Auction annually benefits the North Texas Rehabilitation Center which provides therapy and facilities for hundreds of residents of North Texas and Southern Oklahoma.

Joe J. Parker, general chairman from Byers, reported last year's auction was a strong success considering the terrible drought in the area for the past year. A total of \$20,722 was raised for the center's use through the sale of 73 head of cattle, 15 horses, some rabbits, donkeys and even a poodle which sold for \$75.

Parker explained this money financed nearly three months of the center's operation and helped provide therapy for children and adults living in a 90-mile radius of Wichita Falls. And only \$305.82 went for expenses such as postage and printing.

Each county in the region having patients using the center's staff and facilities has a group of ranchers and civic leaders heading the drive for donations to the annual auction.

Farmers and ranchers are being asked to pledge a head of stock to the auction. If needed, free trucking arrangements can be arranged through members of the county committee.

Parker put it bluntly, "This past year has been good to cattlemen. Prices have remained strong and rains have been adequate. I hope the ranchers of this area will show their appreciation by donating a calf, cow or bull... anything with four legs to help some boy or girl walk on two."

nation, "Obviously," he said, "in this new system, a letter with just 'City' could lose its identity."

## NYC Positions Are Still Available

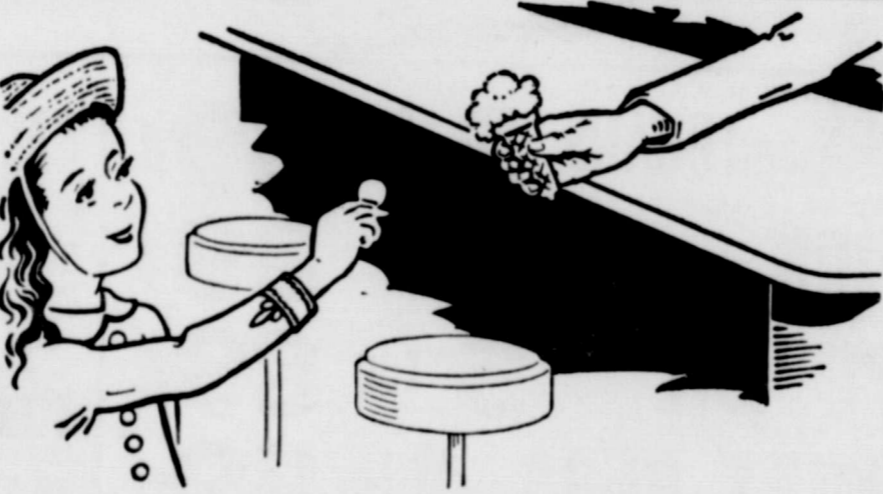

By Peggy Welch

Positions are still available in the second session of the Neighborhood Youth Corps, according to Supt. Larry Jones. To be enrolled in the session, the youth should have desire to work and meet the family income criteria, Mr. Jones says.

The first 6 weeks summer session has been concluded and the youth served as teacher aides, did clerical work, painted, swept and mopped floors, helped in the cafeteria, and did lawn and cement work. Mr. Jones reports that the following were members of the first session:

Alvin Dorsey, Calvin Dorsey, Vernell Morris, Carolyn Sparkman, Earnest Barrera, Alvis Robinson, Freddie Palacio, Debbie Houck, Sharon Brown, Melvin Westover, Marie Westover, Curtis Benton and Betty Leija. Ruth Washburn, Randy Prince, Bertha Leija, Leila Smith and Adrian Martinez are currently enrolled in the second session, Jones added.

## Pony League Team Nips Quanaah 7-4

### Local Boys Enter Vernon Tournament

Crowell's newly organized Pony League baseball team trounced Quanaah on June 29 by a score of 7 to 4. The local team is sponsored

by the Rotary Club. This was Crowell's first game of the season and after an early case of the jitters, the team settled down to play some very fine baseball. Although the hitting was a little weak, fine pitching performances were turned in by Ricky Coleman and Randy Prince. Coleman was the starting pitcher and pitched three good innings before Prince came in on relief and finished the 7-inning contest.

Defensively, centerfielder Dee Finley and second baseman Allen Tapp were outstanding. Finley made two fine running catches that saved several runs. The Crowell Rotary Club is sponsoring the team and shirts and caps have been purchased for 12 boys. The coaches for the team are Ace Whitley and Gerald Myers. The team roster is as follows: David Bell, Rudy Rodriguez, Randy Prince, Jack Whitley, Ernie Myers, Ricky Coleman, Lee Roy Coleman, Melvin Westover, Allen Tapp, Steve Stapp, Dee Finley, Willie Bachman, Tommy Tamplen, Billy Halenack, Myron Halenack,

and Richard Naylor. All of these boys are 13, 14 and 15 years old. The team does not have a suitable playing field at home and therefore will have to play all games away from home. All baseball fans are invited to go to Quanaah tonight, July 13 to see the Pony Leaguers in action. Game time will be 8:30 p. m. Crowell will also be entered in the Vernon Invitational Tournament this Friday and Saturday, July 14 and 15. There will be teams from Vernon, Electra, Quanaah, Altus, Frederick, Okla., and Crowell.

## Crowell Students Attending Music Camp at WTSU

Among the 1,100 junior and senior high school students enrolled for the 20th annual West Texas Instrumental Music Camp are seven young musicians from Crowell. The camp, scheduled July 16-28 on the West Texas State University campus, features activities in

band, orchestra and ensemble, as well as classes in music appreciation, theory, drum majoring and twirling. Participating students from Crowell include Susan Atry, Trudy Bird, Arthur Cerda, Cheryl Garrett, Karen Gray, Lynn Meads and Barbie Scott.

June and July are peak months for outdoor activities and fun, but they are also peak months for drowning danger. Nearly one third of all drownings occur during these two months. Have fun swimming and boating this summer—but be careful too.

**Burial of A. C. Phillips Made in Thalia Cemetery**

Funeral services were held recently for A. C. Phillips, 52, of Lubbock, with burial in the Thalia Cemetery. He was the son of Mrs. Mary W. Phillips of Vernon and was a former Thalia resident.

Mr. Phillips, a veteran of World War II who formerly lived at Smyer and Levelland, was dead on arrival at West Texas Hospital in Lubbock. He had resided at 3615 54th Street in Lubbock.

Funeral services were conducted at Franklin-Barkley Funeral Home in Lubbock with Garnie Atkinson, minister of the Church of Christ, officiating. Viggo Ulrich of Vernon officiated at graveside services at Thalia.

Mr. Phillips was employed as a process foreman for Amco Production Company.

A. C. Phillips Jr. was born at Thalia in 1920 and attended school at Thalia. His parents were long-time residents of Thalia.

Surviving, in addition to his mother, and his wife, Ina; a son Rodney Phillips of Lubbock; four sisters, Mrs. Raymond A. Bell of Vernon, Mrs. L. D. Rhodes of Oklahoma City, Mrs. Morris Humphries of Abilene and Mrs. W. B. Shook of Iowa Park; one brother, J. W. Phillips of Lubbock.

**Farmers Urged to Study New Safety and Health Act**

If farmers in Foard County are not already familiar with the new safety standards required by the new Williams-Steiger Occupational Safety and Health Act (OSHA) of 1970, they should become acquainted with the act as soon as possible, says county agent Joe Burkett.

The OSHA has special implications to the farmer who employs anyone at any time outside of his own family, points out the agent. In this case the farmer must display a 10x16-inch safety poster from the U. S. Department of Labor and must comply with four standards that apply to agriculture.

These four standards cover (1) temporary labor camps, (2) storage and handling of anhydrous ammonia, (3) pulpwood logging, and (4) slow-moving vehicle emblem.

Burkett says that the new law requires farmers to have available for inspection and keep a "Log of Occupation Injuries and Illnesses" even though none have occurred.

Both the record form and safety poster are in the Department of Labor booklet, "Recordkeeping Requirements." Each farmer in the county should have received a copy of the booklet. If it has been lost or misplaced, another free copy is available from the Occupational Safety and Health Administration Regional Office, Room 731-C, Mayflower Building, 411 North Akard Street, Dallas, Texas 75201.

The new act requires all farmers employing people outside their immediate family to maintain accurate records of work-related illnesses and injuries and to report deaths within 48 hours to the regional OSHA office. Employers are also required to be able to supply an annual summary of occupational injuries and illnesses upon request from the Labor Department.

The OSHA provides for mandatory penalties of up to \$1,000 for each serious violation and for optional penalties of up to \$1,000 for each non-serious violation. Records must be maintained for at least five years following the end of the calendar year to which they relate.

**Salt Control Projects Gets Planning Funds**

U. S. Rep. Graham Purcell of Wichita Falls said Tuesday, June 27, that \$500,000 has been included in the public works appropriations bill for Arkansas-Red River chloride control project planning.

Purcell said the Army estimates the Corps of Engineers' project will reduce natural salt pollution by 85 per cent in the two basins.

"This project was not included in the administration request," he said, "but with the cooperation of area leaders throughout North Texas, I was able to present the subcommittee a strong case. I am confident the Texas delegation will join in explaining to the rest of Congress the urgent need for federal attention to the potential water problem of our area."

The \$500,000 in funds for the planning stage of the project would bring closer the \$400 million salt control project in the Pease and Wichita River Basins.

The project, as proposed, would include a salt collection lake in Foard County.

## Miss Martha Martin Becomes Bride of Kerry Robert Cash

In a candlelight ceremony held at the Truscott Church of Christ Saturday, July 1, at 8 p. m., Miss Martha Martin of Crowell became the bride of Kerry Robert Cash of Truscott. Jerry Miller, Minister, officiated at the double ring rites.

The bride is the daughter of Mr. and Mrs. J. W. Martin of Crowell and the bridegroom's parents are Mr. and Mrs. Jim Cash of Truscott.

An arch covered with salal greenery and flanked on each side by cathedral candelabra formed the wedding scene. A duet composed of Misses Christy Shaw and Ruth Brown sang "O Promise Me." Candles were lighted by Don and James Martin of Crowell, brothers of the bride.

Given in marriage by her father, the bride wore a formal A-line gown of white satin with a boat neckline and long sheer sleeves. The bodice and skirt were accented with lace embroidered with seed pearls. In folds beneath a Dior bow at the shoulders across the back, her train of maline extended to chapel length. Her shoulder length veil of imported silk illusion was caught by a lace petal caplet covered with seed pearls. Her only jewelry was diamond earrings given by the bridegroom. She carried a cascade bouquet of white carnations and two pink roses, one of which she gave to her mother as she approached the altar and the other to her mother-in-law after the vows were read.

Mrs. Joe Blacksher of Vinson, Okla., attended her sister as matron of honor. Her formal A-line gown of sky blue maline over crepe de sheen was styled with a cowl neckline forming cap sleeves. Her headpiece was a matching bow with streamers, and she carried a nosegay of white pompons.

Mrs. Fred Cash and Miss Trema Cash of Truscott, sister-in-law and sister of the bridegroom, were the bridesmaids. They wore formal gowns of sky blue accented with blue and white daisies around the boat neckline and empire waistline. They wore matching blue bows in their hair, and car-

ried white pompon nosegays. Jodi Blacksher of Vinson, niece of the bride, and Kimberly Cash of Truscott, niece of the bridegroom, served as flower girls. Ring bearer was Brad Parkhill of Crowell.

Fred Cash of Truscott served his brother as best man. Groomsmen were Joe Blacksher of Vinson and Ronnie Simmons of Gilliland. Ushers were Jerry Martin of Vernon, brother of the bride, and Bill Erwin of Crowell.

**Reception**  
Immediately following the ceremony, a reception was held in the home of the bridegroom's parents in Truscott.

The bride's table was covered with a lace cloth underlaid with blue. The centerpiece was a silver epergne arrangement of blue pompons. A three-tiered wedding cake decorated with blue confection flowers was topped by a traditional miniature bride and groom.

The bridegroom's table, covered with a sky blue and white checked cloth, was centered by an arrangement of dwarf cacti surrounding a bronze cowboy carrying a saddle.

Members of the house party were Misses Cheryl Branch, Sandy Whitfield, Remelle Marlow and Debra McDaniel of Crowell, Cheryl Simmons of Gilliland and Judy Whitten of Paducah. Rice bags were distributed by Angie Parkhill, Mark Oxford, Troy Oxford and Shannon Ryder.

For her going-away costume, the bride selected a brown polyester knit pantsuit with white accessories and the white carnation corsage from her bridal bouquet. The bride will be a senior at Crowell High School in the Fall, and is a member of the Adelpian Club, Future Homemakers of America and Library Club. The bridegroom is a 1970 graduate of Crowell High School, and is employed as foreman of the Alexander Ranch at Truscott where they will reside.

**Rehearsal Dinner**  
Members of the wedding party were honored at a rehearsal dinner given by the bridegroom's parents at the Alexander Ranch Friday evening.

**Pre-Nuptial Courtesies**  
The bride was recently honored with a lingerie shower at the home of Mrs. Bill Marlow with her daughter, Remelle, assisting as

## Mrs. Anabell Holley and Clint White Are Married July 5th

Mrs. Anabell Holley of Paducah and Clint White of Crowell were married Wednesday, July 5, at 6 p. m. in Paducah's First Baptist Church.

Mr. and Mrs. White left Thursday morning for a visit with one of Mr. White's daughters and her family, Mr. and Mrs. Marvin Patterson of Columbus, Ohio.

## Family Reunion

July 3 marked a big celebration and homecoming for the four boys, six girls and their families of the late Mr. and Mrs. J. H. Carter, pioneer residents of Crowell.

The gathering was at the home place just northwest of Crowell. John Calvin Carter gave the invocation before the noon meal. The family was ushered to the dining room, living room and the front bedroom where tables were laid with linen cloths and appointed with silverware for the affair. The afternoon was spent recalling memories of old times and making plans for the future. There were 33 present with Mrs. Bill Tysinger as a guest.

## Rural Development Commission Makes Plans . . . Acreage and Production Questionnaires To Be Mailed . . . Summer Time Is Turkey Time . . .

HOW TO IMPLEMENT rural development was discussed at length by members of the Texas Rural Development Commission, holding only their second meeting since they were appointed by Gov. Preston Smith. They met in the LBJ School of Public Affairs where they also heard Will Erwin, deputy undersecretary for rural development of the U. S. Department of Agriculture, discuss their jobs.

The 25-member state commission is attacking rural development problems in eight areas: economic development, natural resources, human resources, general government, transportation, housing, health and education. Chairman Roy Davis of Lubbock has named committees to explore each category, and much of the Austin meeting was taken up in discussion of committee reports.

Raymond L. Prewett, formerly with the Texas A&M extension service, is director of the Texas Rural Development Commission, and Jim McAlister is planning officer. Their offices are in the John H. Reagan building in Austin.

ABOUT 22,000 Texas farmers will receive an acreage and production questionnaire during the early part of July from the Texas Crop and Livestock Reporting Service. The information obtained will be the basis for determining harvested acreage production of early harvested crops for Texas and for each of the 254 counties in the state.

If you received one of the questionnaires, please fill it out as accurately as possible and return as soon as possible. Farm programs are based on information supplied by the Crop and Livestock Reporting Service. Accurate information is essential so that an unbiased

picture of Texas agriculture be obtained. The information also invaluable in planning production and marketing programs.

SUMMER TIME is turkey and the Texas Agricultural Experiment Station (TAP) program is getting and good nutrition. A guide to Texas turkey is being written by the Texas Department of Agriculture, Box Austin, Texas 78711.

Texas ranks fifth in turkey production with 8.5 million turkeys produced last year. Bell County the number one turkey producing county in Texas with a 1,000,000 head grown output. Other leading counties are Pie, Hill, Blanco, DeWitt, Nolan, Eastland, Brown, and Falls.

Per capita consumption of turkey is on a steady rise as consumers continue to improve quality of the product.
