Wildcats Host Munday Moguls Here Friday in District 7-A Opening Game

The battles begin this week! That is, the District 7A conference games begin and Crowell will host Munday in the league opener for these two teams.

Munday arose from the depths of an 0-10 season of 1970 to go 3-6-1 last fall. Under Coach Doug Roark, the Moguls began playing sound offensive and defensive football and will be a major contestant in the 1972 district race. Eight offensive and defensive

starters return this year, headed by all-district offensive back Donald Spills who rushed for 971 yards last fall. Spills is also a pass receiving threat as he gathered in over 300 yards worth of receptions last fall. Other offensive candidates are backs Glenn Offutt and Terry Bufkin and linemen Gary Wilde, Glenn Pruitt, Gary Tidwell, Bobby Anderson and Bobby Walker. The receiving combo of John Quintero and Gary Crawford return intact at offensive ends. Second team all-district defensive end Salvador Sosa returns to the defense.

The Moguls have victories over Roby and Rochester, while losing to AA Seymour and also losing to Rule and Throckmorton.

The Wildcats, state-rated in pre- and early-season polls, have dropped three games in a row, after winning their first two over Hardeman County's Quana and Chillicothe. Those two wins were followed by losses to Memphis, Electra and Bowie.

In the Bowie game, Crowell's Doug Pharis suffered a knee injury, has undergone surgery and is lost for the season to the Cats, as is Billy Wade Eavenson, who suffered a broken leg in a motorcycle-automobile accident last week. Both Pharis and Eavenson were starters on the Wildcat team.

Cotton Ginning Season Off to a Slow Start

Cotton harvest, which got underway about two weeks ago when N. M. Barrera brought in the first bale, is getting off to a slow start with scarcely over one hundred bales ginned to date.

A shortage of acid to defoliate the cotton has been reported, and many farmers are waiting for a frost. Instead of looking like a frost coming soon, it appears to be getting warmer each day.

But just wait! Some of these mornings, we'll think someone left the north gate open as a cold snap hits.

Friday: Crowell vs. Munday, here, 8:00. Individual pictures.

Senior Scene

Friday 13 seemed to be plenty full of surprises last week and

even those who aren't the least bit superstitious had a few doubts floating around in their heads! To start off with, Doug Pharis, a senior and center on the football team, was injured during the Bowie game and was out all last week having surgery on his knee. Then, Thursday night, Billy Wade Eavenson and Rudy Rodriguez were in a motorcycle wreck. Billy Wade went to Wichita General Hospital for surgery on his leg. Rudy is back in school with us. We hope that Billy Wade will be back soon.

Several seniors were in the plays presented Friday night at the auditorium. They were Daryl Halenack, Veda Lynn Everson, Margaret Foster, Darla Bell, Lance Worley, Karen Gray, Trudy Bird and Louis Lopez. Those on make-up and stage crews were Sharon Brown, Roger Meek and Grover Reed.

"Infancy" was not presented at this time because of Billy Wade's accident, but will be when he is able to participate.

Senior picture proofs came in last Tuesday and everyone was positive that they'd die rather than get a picture like that. "It's horrible—they look just like me!" However, parents prevailed and seniors turned in the orders they wanted to Mrs. Welch.

Senior Spotlight

Johnnie Daniel is the brown-eyed, brown-haired senior in the spotlight this week. Born on April 14, 1955, he is the son of Mr. and Mrs. Roy Daniel. He attends the Truscott United Methodist Church.

Johnnie is serving as vice president of the FFA chapter. His favorites include food, Spanish; color, green; song, "Long Cool Woman with a Black Dress On;" actor, John Wayne; actress, Susan St. James; and subject, study hall.

Junior Jive

There was a change of pace at CHS this week when "A Night of Plays" was presented in absence of Friday night's football game. Several junior actors and actresses made their debut in these performances. They were Darla Powers, Terry Cobb, Christy Shaw, Debbie Harris, Rebecca Rodriguez, Brenda Cox, Lynn Meads, Remelle Marlow, Jackie Eavenson, Bobby Wiggins, Lynn Nelson, Tim Daniel, Danny Ownbey and Steve Graves. Congratulations to these on fine performances.

If we seemed to move a little slower and a little less brighter than usual last week, you can blame the Lions carnival. We just couldn't seem to resist wild rides, games of skill, or even haunted house spoofs.

One junior was rewarded for her lack of sleep though; she reported a gain of 16 stuffed animals.

Spirits sank to their lowest ebb when we learned that Billy Eavenson had broken his leg and had surgery Friday. We all miss Billy and (although we're sure he's getting a blast out of bugging the nurses!) we wish him a speedy recovery!

Sophomore Scene

Sophomores had a class party Saturday night, October 14, at the Thalia gym. Refreshments of caramelized apples, cookies, and soft drinks were served. Everyone had a nice time as it was lots of fun.

Plays were presented Friday night, October 13, in the auditorium by the speech classes. Sophomores participating were Lisa Halenack, Marie Westover and Trenna Cash. Everyone enjoyed them.

In English, all sophomores are having a hard time learning how to punctuate restrictive and non-restrictive clauses. We'll get it sooner or later, or flunk!

In FHA most everyone drew for a "secret sister." Be sure to keep it quiet. Sophomores in FHA are Cheryl Garrett, Barbie Scott, Jana Russell, Rita Hodges, Karen Statter, Jacquelyn Brown, April Werley, Ruth Stone, Brenda Graves, Leila Smith, Kim Swan, Renee Westbrook and Mary Ann Quintero.

We would like to wish a very speedy recovery to Billy Eavenson and Rudy Rodriguez who were injured in a cycle-automobile accident in Crowell Thursday night, October 12. Billy is being treated for cuts and a broken bone in Wichita General Hospital in Wichita Falls. Also a speedy recovery to Doug Pharis who was injured in the Crowell-Bowie game.

Everyone came to the Crowell-Munday district game and help cheer our team to victory. We have two great ball players who

will be unable to play because of injuries.

Sophomores say "Massacre Munday!"

Freshmen Fun

The freshmen class was hoping that this week wouldn't be as hectic for them as the week before. However, we were certainly in for a surprise! Even though the carnival was here for three days, the homework continued as usual.

Since there was not a football game last week, most of the freshmen went to the plays which were presented Friday night.

Even though there was an open date last week, the spirit for the Munday game continued throughout this week!!! The freshmen say "Mangele Munday."

Drama Review

The members of the Drama Club wish to thank everyone for their patronage of our spook house and the "night of plays." Your continued interest in all activities sponsored by the Drama Club will be greatly appreciated, as we are working toward having other performances in the future.

Work on literary events for the upcoming Notre Dame speech tournament to be held in Wichita Falls on November 10 is underway, with many students planning to attend. The scheduled events are as follows: prose reading, poetry reading, duet acting, extemporaneous speaking, oratory, and debate.

Plans are being made for the Drama Club to attend a production of the Vernon civic playhouse in the near future. The next Drama Club meeting will be held after school on Tuesday, Nov. 7. All members and prospective members are urged to attend.

Trudy Bird read the minutes and Karen Gray gave the treasurer's report. Our FHA beau was selected for the 1972-73 year. He is Rex Driver. An interesting program was given by Rhonda Vecera on her trip to Waco to the Farm Bureau Citizenship Seminar. Delicious refreshments were served by Christine Walker, Lee Meads, Veda Everson, Lynn Meads, Sharon Brown and Irma Quintero. Next meeting will be November 14.

Methodist Pastor Is Speaker at Rotary Meeting

Rev. J. B. Stewart, pastor of the Crowell Methodist Church, chose "Pride" as the topic of his talk at the Wednesday, October 11, meeting of the Rotary Club of Crowell. Student guests at the meeting were Joe Tomaneck and Grover Reed.

In his talk, Bro. Stewart talked of several aspects of pride. He pointed out that pride is not a sin, but people use pride to cover up some of their own weaknesses, and some people take pride in how they manipulate other people in what they do. Bro. Stewart said that people should take pride in how they deal with people.

"I owe you just as much respect and just as much consideration as you owe me," he emphasized. He added "We judge other people's morals by the standards set for ourselves. Some of us seem to say 'here I stand, be ye like me,'" he continued.

"We must have pride in our surroundings and be proud of our community, if ever we are to attain new industry," he concluded. Rev. Stewart was introduced by Rotarian Irving Fisch.

COTTONS IN UNISON—Coordinated home furnishings take the guesswork out of decorating. Readymade draperies in easy care cotton create an airy look in a softened geometric fretwork design which is repeated in decorative pillows and wallpaper. Colors are keyed for easy coordination with furniture and accessories. All are included in Montgomery-Ward's Unison collection.

AFFORDABLE LUXURY—Color-bright cottons with an easy care finish make elegance practical as well as economical. The decorative pattern of the readymade spread is carried out in custom cotton draperies, wallpaper, and matching piecegoods used for making the chair cushion. Good, Bad News

"Nation's Business" put it this way: "First, the 'good' news: The federal deficit for the year ended June 30 was about \$13 billion less than expected—only \$26 billion. (That amounts to about \$125 for every man, woman and child in the United States.) Now the bad news: The new fiscal year deficit could well be another \$10 billion higher than that. Someday, the whole thing will have to be paid off."

Industry is hit by an estimated 1,000 eye injuries every working day of the year.

**Julie Streit to

**Two Minutes
With the Bible**

By Cornelius R. Stam, Pres.
Berean Bible Society

The Bible on the Floor

"... Thou hast magnified Thy Word above all Thy name" (Psa. 138:2).

As I passed by my study the other night, I noticed that I had left a Bible lying on the floor next to a chair. In studying I had put it down momentarily to consult a reference book and had neglected to pick it up again.

Now, as I caught a fleeting glimpse of that blessed Book lying there, it bothered me; in fact, it bothered me enough to make me go back and pick it up and put it where it belonged.

Then I began wondering why so trivial a matter had troubled me. Was it because I remembered how dad would never allow anything to lie on top of the Bible? Had mere sentiment confused my thinking?

Surely the Word of God is forever settled in heaven and that book lying on the floor was only paper, ink and a leather cover. Or was it? Was it not also the Word of God as given to us? And as such, was it not representative of God Himself? If our country's flag must be treated with honor and respect; if it is sacrilege to treat it as mere cloth, how much more the Holy Bible!

No, it was not merely dad's example that came to mind as I saw the Bible lying there; certainly it was not only that. Rather it was a Scripture passage of which he often reminded us; the inspired words of David quoted above:

"Thou has magnified Thy Word above all Thy name."

To be sure God would have us use His Word as a text-book from which to learn His will. It is no sign of reverence for this great Book to leave it lying untouched on the living room table. He would have us study it, perhaps underlining important passages and marking significant connections. But with all this we must never forget to treat it with the reverence and honor due the written Word of God.

On High Honor Roll

The Crowell Grade School office personnel announced last Friday that due to an error in adding grades, the name of Kathy Whitfield was put on the low honor roll instead of the high honor roll where it belonged.

CONTEMPORARY EARLY AMERICAN—Handsome natural paneling is a boon to any interior, but it calls for decorating the room without detracting from the wood quality. Waverly's striped cotton in smashing shades of fuschia, golds, and browns enhances the light textured wood with sharp color contrast. **Band Boosters Vote
to Sell Fruit Cakes
Again This Fall**

The CHS Band Parents Club voted at a meeting Monday night to again take orders for fruit cakes for the Thanksgiving and Christmas seasons. Members will be taking orders for the cakes with delivery to be made shortly before Thanksgiving. This is the second year that the organization has sponsored this money-raising project.

Band Booster president Clois Cobb was in charge of the meeting. A financial report showed that a total of \$1,847.22 has been taken in at the concession stand at football games played here. Of this amount, \$564.99 was received at junior varsity and junior high games. Expenses not including the soft drinks cost total \$456.89.

The organization has recently spent \$207.36 for band jackets or blankets for the following nine senior members of the band: Cindy Wisdom, Babs Streit, Louis Lopez, Daryl Halencak, Reed Davis, Rhonda Vecera, Darla Bell, Trudy Bird and Karen Gray.

It was mentioned that there are only two more big games here and volunteer workers for the concession stand would be appreciated.

**Motor Vehicle
Registrations Show
4 1/2 Million Gain in '71**

A total of 112,922,354 motor vehicles were registered in the United States during 1971, according to the American Automobile Association. The figure represented a rise of 4,546,931 over 1970.

Citing an annual report by the Department of Transportation, AAA said the figures, compiled by the Federal Highway Administration, showed that the number of trucks in use, 19,772,212, increased the most over the previous year—by 5.4 per cent.

Automobile registrations totaled 92,752,515, a rise of 3.9 per cent over 1970.

Buses totaled 397,627 in 1971, a gain of 5.3 per cent over the previous year. The bus total released is an estimate of those in operation, rather than registrations, to eliminate multiple counting that would result from buses being registered in more than one state.

Texas had a total of 6,984,269 motor vehicle registrations in 1971, an increase of 4.3 per cent compared with 1970. The state was second only to California for the highest number of registered

Crowell Teams Split Games at Paducah Thursday

Crowell grade school football teams, coached by Printiss Gidney, split the two games played with Paducah last Thursday night.

The local seventh graders lost 14 to 18 and the eighth graders won 28-0.

Marvin Coleman scored both of the 7th graders touchdowns, the first one a pass from quarterback Jay Wall which covered some 30 yards. Wall added the two extra points. Coleman ran the second TD over, with the try for points failing.

For the eighth graders, Kim Daniel scored the first Crowell TD from 7 yards out, with the try for points-after failing.

William Bachman scored the next two touchdowns with Louis Cerda adding the points after one of them. These two boys then reversed positions for the final TD: Cerda ran it over and Bachman converted the two points.

Quarterback Tommy Tamplen was outstanding in the passing department for the local eighth graders.

TEXAS PRESS ASSOCIATION

Austin, Tex.—Gov. Preston Smith kept legislators guessing whether he would call them to work in another special session immediately after conclusion of the fourth called session.

Regardless of the outcome of deliberations on competitive rates for auto and home insurance, the session managed to pass a respectable number of the nearly 50 pieces of legislation submitted by the Governor.

Nearly a week before adjournment deadline, lawmakers handed the governor bills he sought to restore some of his fiscal-budgetary authority. They gave him an emergency fund, authority to use it to head off fiscal crises and provided for some gubernatorial power to review need for budgeted spending.

These additional bills were:

School Board Employs Another Bus Driver

The Crowell School board, in a called meeting Monday night, covered a wide range of topics. First item on the agenda was the approval of the paying of \$10,792.00 in current bills.

Newell Looney was employed to run a feeder bus out of Trustcott. Students will be picked up by Looney and brought to Trustcott to catch a larger bus to Crowell.

Bob Harrison, director of Operation Mainstream, has given the board the go-ahead on finding a Mainstream worker to assist in the office of the school secretary, J. H. Gillespie.

After a discussion of jury duty by teachers, it was decided that jury duty is a "civic duty" of all citizens and teachers should pay their own substitute when they are called for jury duty.

The board approved the purchase of an amplifier for the football field. It was in operation for the Bowie game and made the familiar voice of announcer Marston Crowell carry much better.

Mr. Crowell has furnished the public address system at the local school for many years, and this purchase of an amplifier for the school is the first time the school has ever bought any loud speaking equipment for the football games.

The board voted to buy anti-freeze from a Vernon farm for 95 cents per gallon for the 85 gallons to be needed.

The audit report of the school was approved. Vernon Behner of Lubbock is auditor.

Purchase of an ice maker for the cafeteria was approved. Also purchased was a commercial dryer from Bartley's Laundry for \$100 and a used washing machine for \$20 from West Texas Utilities Co. These last two items are for the athletic department.

Average daily attendance in the local school is now 467.50 and Larry Jones, superintendent, told the board that when the ADA goes below 467, the district will lose a teacher.

In a survey of some 14 schools comparable to the size of Crowell, Supt. Jones said that Crowell is the only one of these 14 which does not employ any teachers in excess of the minimum as specified by the state. The other schools employ an average of 4.79 teachers in excess of the minimum.

The two new buses ordered by the district are scheduled to arrive by January 31, 1973.

Subject to state approval was a supplemental salary aid for teachers to return to college.

Also approved, to be effective Sept. 1, 1973, was a plan whereby out of school youths and adults can take by correspondence as many units as may be needed for graduation.

Workers Still Busy on Rest Home and Industry Projects

Efforts to obtain a rest home for Crowell are continuing as well as efforts to obtain a factory for Foard County.

Negotiations and talks are being made at the present time with two different groups in regard to a rest home here, and negotiations continue in efforts to obtain a factory here which will employ about 25 persons.

Public announcement will be made as soon as negotiations are completed.

among those finally passed and sent the governor:

* A \$11.5 million appropriation for medical school building at Texas Tech University, Lubbock, and the University of Texas medical school at Houston.

* An \$8 million appropriation for a new school for the mentally retarded at Fort Worth.

* A \$317,000 appropriation to pay leftover costs of May-June primary elections.

* Exemption of aviation schools regulated by the Federal Aviation Agency from control by the Texas Education Agency under the new proprietary (private trade) school act.

* Authority for Midland to disaffiliate from the Odessa junior college district.

* Establishment of Texas Film Commission as a statutory permanent agency.

TEACHERS COMMISSION IS NAMED—Twenty-four persons were named to the new State Commission for Professional Competencies. The Commission will serve through Sept. 30, 1974, and will include the presidents of six professional organizations to be named later.

It will recommend statewide guidelines for teacher competency to the State Board of Examiners during a two-year period. The commission will try to identify skills, personality, and qualifications which will make school teachers effective in the classroom.

YOUNG OFFENDERS MAY BE FREED—An Austin district judge's ruling may lead to freedom for several hundred reform school inmates who had no attorneys when they were committed.

Judge Charles Matthews told the attorney general's office to find out by November 8 which of the juvenile offenders waived right to counsel.

Matthews said a 1967 U. S. Supreme Court decision would require release of juveniles who had no lawyers and did not waive right to counsel. A Travis County legal aid official seeks release of 514 youngsters.

FIRE ANT PROGRAM STARTS—A joint federal, state, local program designed to control imported fire ants in Fort Bend County is set to begin this month. Agriculture Commissioner John White said. About 495,000 acres will be treated with Mirex ant bait which has approval of the Environmental Protection Agency.

Mirex is a slow-acting compound and takes 10 to 14 days to kill the ants. It is not toxic to fish, fowl, animal or humans, White said. The program is expected to last about three weeks.

Bounty System in Texas Losing Popularity

Bounties on coyotes and other "vermin" are losing popularity in most Texas counties.

According to a study by the Texas Parks and Wildlife Department, the number of Texas counties offering bounties has decreased from 45 of the state's 254 counties in 1970 to 28 in 1972.

Coyotes accounted for 90 per cent of total bounties and bobcats eight per cent.

The Parks and Wildlife Department has received several letters from concerned Texans protesting the bounty system. Fears are that it destroys large numbers of animals including endangered species.

Figures from the department survey tend to discount this belief.

In 1971, an adjusted total of 5,000 coyotes and 272 bobcats were killed for bounty.

Biologists consider this to be a very small percentage of the coyote and bobcat populations in Texas since some areas in the state contain as many as four coyotes and one bobcat per square mile.

It is questionable if any mountain lions were killed in 1971.

Bounties are no longer paid in counties which harbor the endangered red wolf population.

Recent action by the federal government has limited the use of chemical controls such as "coyote getters" and poisoned baits to kill predators.

Bounties are set by the county commissioners' courts.

The adjusted total paid out by the counties in 1971 was over \$31,000.00. The average bounty per coyote was \$5.36 and a little over \$10.00 for a bobcat.

ASCS TO SELECT COMMITTEEMAN

Foard County farmers are encouraged to nominate candidates for Agricultural Stabilization and Conservation (ASC) county committee members, according to Mrs. Jean L. Reeder, Foard County executive director, ASCS.

Petitions, to be signed by a minimum of three qualified voters, must be filed by October 27, at the Foard County ASCS office in Crowell.

"We are hopeful a slate of at least five candidates will be nominated by farmer petitions," Mrs. Reeder said. "It's easy to do. Prepare a petition naming one nominee, have it signed by three voters, and mail or deliver it to the ASCS office. No special form is required. Include a statement that the candidate will serve if elected."

So far only one petition has been filed. The closing date is October 27 and the election date is December 1.

Mrs. Reeder stated that this year voters will choose one regular committeeman who will serve a three year term, and two alternates. Alternates serve if a regular committeeman resigns, or can no longer serve in the position.

Mrs. Reeder said that the term of E. J. Owens on the committee is expiring and he is not eligible this year. Mrs. Reeder said, he has served for three consecutive terms. According to ASCS regulations, Owens must stay off the committee for at least a year after serving three consecutive terms.

Other Foard committeemen are:

Bill Cates and Harold Fish. Committeemen take office each January 1.

Approximately 65,000 farmers serve annually as county and county committeemen for ASCS. They make local decisions concerning ASCS programs administered in the area.

In Foard County, major programs include wheat, cotton, feed grain, rural environmental assistance, cropland adjustment, storage facility loans, and drought emergency.

Colony condition of bees is reported good due to adequate moisture during the honey flow season over most of Texas. South Texas is reporting an excellent crop. Nationwide, an increase of 13 per cent in honey production is forecast for this year compared to 1971.

A DROP of six cents per pound in cotton has been reported in Texas during a 30-day period. Cotton price in Texas as of Sept. 15 as reported by the Texas Crop and Livestock Reporting Service was 24 cents; the price the previous month was 30 cents per pound. Effective parity is 55.67 cents per pound.

Graham Purcell Visits in Foard County Thursday

Declares \$3,676,710 Spent by Federal Govt. Here in 1971

Congressman Graham Purcell seeking re-election to the U. S. Congress from the 13th District of Texas, visited Crowell and Foard County last Thursday afternoon in his last stop on a whirlwind 2-day tour of 33 area towns.

His visit here by chartered bus and van was part of his travels through the 13th district which now embraces 35 counties in the northwest part of the state.

Among those on hand to see the congressman was a life-long worker in the Democratic party—Claude Callaway, a former county judge and state legislator.

In a lengthy prepared statement handed the News by Joe Tom White, Wichita Falls radio announcer who accompanied Purcell on the tour, the congressman stated:

"In Foard County alone, the federal government spent \$3,676,710 in fiscal 1971. This represents the total outlay in this county for all programs, and I like to think this investment contributed to a sounder economy for this area."

Winners Named in Lions Club's Carnival Drawing

The Crowell Lions Club had three warm, beautiful nights for the carnival last week, and many area residents attended.

August Rummel of the Margaret community won the television set in the drawing on the final night. Mrs. Crews Cooper won an electric blanket and Don McLain, who is living in Crowell and is with the construction firm of McLain-Varner, won the radio. McLain-Varner is building the new 30-unit low rent housing project in the southeast part of town.

Does Your Vote Count?

Union Oil Company of California asks in their publication, "Seventy Six," "Does your vote count? In 1876, a one-vote margin elected Rutherford B. Hayes as President of the United States. The man on the electoral college who cast the deciding vote had been elected by a single vote, cast by a man who, though desperately ill, insisted on being taken to the polls. One vote made Texas a part of this country; one vote admitted California, Idaho, Washington and Oregon to the Union. One vote in the House made the Draft Act of World War II law, and caused millions of men to be called for service. Aaron Burr, later charged with treason, missed being President by one electoral vote."

Malaria Is Back

Malaria, which had raged for centuries on the Island of Ceylon, had been virtually eliminated through use of DDT by 1950. Then use of DDT was abandoned for political reasons, according to Dr. Robert White-Stevens, professor of biology at Rutgers University, and by 1970 the disease had returned to infect over 1 million in the island population of 8 million.

Thirty-one states in the U. S. have passed school eye-safety laws, requiring that all students, teachers and visitors in schools and colleges wear appropriate eye protection in labs and workshops.

District 7A Teams Announced for 1973 Football

Bailey Marshall, state athletic director of the University Interscholastic League in Austin, has announced the tentative football list for 1973.

District 7A football is the same as this year with Archer City, Crowell, Holliday, Knox City, Munday and Paducah being the six teams involved.

In 1973 all schools will start workouts and may play their first game one week earlier than in the past. Also, all conferences will have eleven dates in which to play ten games. The first playing date is on September 6, and the last playing date prior to the playoffs is November 17.

Half of all blindness, due to disease, accident, neglect or ignorance, is preventable.

Dangers to Liberty
