CROWELL, FOARD COUNTY, TEXAS, THURSDAY, JUNE 7, 1973

SINGLE COPY TEN CENTS

L. V. N. GRADUATES—Six of the women pictured above were members of the fifth class of Greenbelt Licensed Vocational Nursing School who received their diplomas here Saturday night. Standing, from left, are Geraldine

Whitley, Sue Brown, Judith Faste, and Mrs. Louise Gilbert of Odell, assistant instructor. Seated are Ruth Ellen McBeath, Virginia Quintero, Zella Blackburn, and Edith Roark, R. N., director of the school.

Lots of Wheat Comes in Monday

After a slow start of the wheat harvest due to stormy, wet weather, a warm, windy Monday dried much of the grain and trucks were lined up late Monday waiting to unload.

Some farmers could not get combines Monday as they were all busy at that time. With continued favorable weather the remainder of the week, most of the county's 1973 wheat crop will be in the elevator.

BIG HAIL STONES—Pictured above are some of the hail stones which fell here Saturday afternoon. A 12-inch ruler in the picture gives comparative size of the big stones, some of which had "horns" sticking out on them, as shown in the above picture. These were gathered up from a yard shortly after the hail stopped.

June 11-15

Large Number of Crowell Students to Attend Band Camp at Seymour

James Streit, CHS band director, announced last week that a total of 22 Crowell band students have already enrolled for the SMOCK Band camp scheduled to be held June 11-15 in Seymour. The SMOCK name stands for

the names of the towns involved in sponsoring the band camp: Seymour, Munday, Olney, Crowell and Knox City.

Mr. Streit said those attending the band camp will meet at the CHS band hall at 7:30 a. m. Monday, June 11, and go to Seymour. He added that students who have not yet registered but desire to attend should meet at the band hall Monday and go to Seymour with the group. Mr. Streit said they could register when they get to Seymour.

Eligible to attend are students in the fifth, sixth, seventh, eighth or ninth grades.

Carolyn Jones on Dean's Honor Roll at West Texas State

Miss Carolyn Jones of Hale Center, formerly of Crowell, has been named on the Dean's Honor Roll for the spring semester at West Texas State University in Canyon, where she was a freshman student the past school year.

Carolyn is a 1972 graduate of Crowell High School. She was credited with a 2.5 grade in a 3-point system. At present, Carolyn plans to major in history education, with a minor in math.

She is the daughter of Mr. and Mrs. Martin F. Jones of Hale Center, and the granddaughter of Mrs. J. C. Jones of Crowell.

Milburn Carroll Jr. Family Moves Here to Make New Home

Mr. and Mrs. Milburn Carroll, Jr. and son, Trey, have moved to Crowell to make their new home. Mr. Carroll will be associated with his father in the farming and cattle business in Foard County.

HAIL AND WIND AGAIN HIT FOARD WHEAT

With harvest of the 1973 wheat crop just about ready to begin, heavy black clouds rolled across the county and this section of the state last Saturday afternoon, and by the time the skies had cleared about an hour later, many more acres of Foard County wheat had suffered hail damage.

In addition to the hail, some of

which was as big as baseballs, high winds and rain buffeted the ripened grain fields.

With most of the wheat already gone in the Vivian area, that section also received some more big hail stones. To the north, east and a short distance to the south, damage up to 50 per cent and more was reported to some fields, while the heavy rains will probably force the replanting of cotton and feed grains.

Extensive damage to roofs and windows was also reported. Over 30 stained glass windows in the First Methodist Church were broken, the pastor, Rev. W. O. Rucker, Jr., said. Also, some of the windows in the court house were broken.

One local insurance agent said Tuesday that every residence his adjuster had looked at in Crowell had been okayed for a new roof, as a result of the hail.

Official measurement of rain Saturday was .59, added to the .18 inch on Friday, June 1, raised the total for June to .77 inch.

No Funds Received for Local Title I Summer Program

The regularly scheduled Title I summer program is not being held here this year, due to the fact that program was not funded by the federal government.

The program was scheduled to be held at the neighborhood center with Mrs. Idah Pearl Crowell as coordinator, Mmes. Faye Cates and Myrna Jones as teachers; and Mrs. Wilma Coleman and Rachel Dunham as teacher aides.

Four New Vehicles

Four new vehicles were registered here last week, as follows: May 28, County of Foard, 1973 Chevrolet truck; May 28, Donald M. Holland, 1973 Oldsmobile 4-door; May 30, R. J. Owens, 1973 Chevrolet 4-door; May 30, Sidney Alexander, 1973 Chevrolet pickup.

Cheryl Branch Is Lifeguard at Crowell Swimming Pool

Miss Cheryl Branch, senior in Crowell High School and daughter of Mr. and Mrs. Charles Branch, is employed this summer as lifeguard at the local swimming pool.

Crowell Resident of Five Months Gives His Impression of Town, County

Rev. W. O. Rucker, Jr., pastor of the First Methodist Church in Crowell for the past five months, was the speaker at the Rotary Club luncheon Wednesday last week. Rev. Rucker gave an impression of the town and county during his brief time in the community. Among the points brought out by the speaker were: Crowell residents are generally kind and loving people, but are as far as an outsider is concerned. He said that most Crowell residents have lived here most of their lives, and generally are rather selfish in accepting new residents to the town.

He further stated along this line that it is extremely difficult for young people moving here to get involved in youth activities and to be accepted by other youth. Another point he stressed was that everyone is always looking forward to "next year's crop failure. Facing what is probably one of the best wheat harvests in many years, yet I hear people talking about next year's crop failure."

Rucker said that as long as Crowell and Foard County residents continued to decline in population of the county is inevitable, that is certainly what will happen. Only after a majority of the citizens decide that the county can move forward and upward will those things take place. "This can be a growing and prospering town if local people want it to be."

He gave as an example that work in developing the new state park between Crowell and Quanah continues at a rapid rate but there are no signs along any highways directing people through Crowell as a route to the new park. He added that when the park is opened to campers, he thinks the Rotary Club and Lions Club members should take alternate weeks in sending a delegation each day to all the campers in the park and extend a hearty welcome for them to come to Crowell before they leave the area. He said that tourism is the number one business in the nation and each day Crowell could keep a traveler here, about \$25.00 would be added to the local economy. After hearing many comments

Local Cap Factory Needs Additional Workers

With production up to 55 dozen caps per day, the cap manufacturing plant of John T. Athletic, Inc., is needing more employees, plant manager Bob Roberts said last Friday.

Mr. Roberts and his company are anxious to train more women to sew the caps and more applicants for jobs are solicited by Mr. Roberts.

He added that total production at the present time is for orders coming in from John T. salesmen and no buildup of stock is taking place at the present time.

Local Department Store Robbed Tuesday Night

The popularity of double knit clothes among Americans is even beginning to show up in the tastes of thieves.

Anyway, that's about all thieves stole when they broke open the front door of Bird's Dry Goods Store on the west side of the square here some time early Wednesday, May 30.

Bird had a long rack of suits and sport coats—all double knit except for about a half dozen wool suits. The thieves took all the double knits and left the wool coats. They also took about one-half his stock of men's double knit pants, from 100 to 120 men's double knit shirts and about half of the stock of women's double knit pants. In addition, they took all the quarters and halves in the cash register which Bird leaves open at night.

Bird said last Friday that retail value of the stolen goods would be from \$10,000 to \$12,000. After breaking the lock and entering the front door, the thieves left by way of the back door.

No arrests have been made yet in the theft.

Thalia Lodge Elects Officers

The Thalia Masonic Lodge elected a slate of officers to serve for the coming year at a regular meeting Monday night.

Eldon Whitman was elected as worshipful master; W. R. Moore, senior warden; Neal Johnson, junior warden; Jim Moore, treasurer; Joe Coufal, secretary; and Frank Wisdom, tiler.

J. F. Matthews has served as secretary of the Thalia lodge for 14 years, and he will be going out of that position at the end of the current year on June 24.

Public Invited to AA Meeting at Local Community Center

An open meeting of Alcoholics Anonymous will be held at the community center at 8 p. m. Wednesday night, June 6. Jasbo Hester, who announced the meeting, urged every interested person to attend.

Hester said that the local AA group will meet at 8 p. m. every Wednesday night at the community center and meetings on the first Wednesday of each month are open to the public.

B. F. Gray Test Abandoned as Dry Hole at 2,350 Feet

States Oil Company of Dallas has plugged the No. 1 B. F. Gray, 2 miles north and one mile west of Thalia in section 775, block A, H&TC RR survey, as dry and abandoned at 2,350 feet.

Plans Made for Use of Revenue Sharing Monies to Be Received for First Half '73

The Commissioners' Court of Foard County, Texas, has decided to use the first half of the 1973 Revenue Sharing monies to be received to repair the county court house, Leslie Thomas, County Judge, said Monday. This planned use includes (1) new windows for the court house building as most of the old windows are dilapidated and the wood rotten, and (2) extensive repairs to the ladies' rest room. Judge Thomas said the building

is also in need of a new electrical wiring system, but it is not known at this time just how much of the \$18,000.00 first half monies will be needed on the windows and the rest room, but it is anticipated by Judge Thomas and the commissioners that all of the \$18,000.00 will be used on capital expenditures for the court house building proper.

On page 3 of this issue of the News is a proposed report as to the expenditures.

Local Football Stadiums to Get New Coat of Paint

Board Votes to Spend \$3,255 on Stadium Project

At a regular monthly meeting of the school board Monday night the paying of \$3,807 in current bills was authorized. This included \$1,288 for the 14 new windows in the grade school.

An agreement with the Quanah Reso-Glass Company of Quanah to repaint the stadiums was made. The total price of \$3,255 includes the scraping of the wood, applying a resin coat and finishing with a yellow polyester paint. This includes all the woodwork and hand rails on both the stadiums.

All cafeteria workers were rehired for the coming year: Mrs. Gloria Pierce, supervisor; and Mmes. Maudie Golden, Annie Laurie Eavenson and Jodie Miller.

The board voted to use a new federal summer program titled PEP in which the federal government pays 90 per cent and the local district pays 10 per cent of the \$1.60 per hour minimum wage paid the young people.

The school qualifies for the hiring of 8 young people, Foard County qualifies for 2 and the City of Crowell also qualifies for 2. Ages of the young people can be from 14 through 21 years and they do not have to be students.

The board signed another Region IX media contract by which the school receives its audio-visual aids during the year. Cost is \$1.00 per average daily attendance of the school.

Board members made a review of the school's insurance program and will be meeting with local insurance agents soon to discuss the program. The school now has a total of \$403,500 in insurance coverage for the entire system.

The board okayed the purchase of paint for the painting of the outside of the old gym and painting the trim on the new gym. The work is to be done by school personnel.

Supt. Larry Jones said Tuesday that due to the recent illness of the homemaking teacher, no summer homemaking program is in progress.

Remodeling Being Done at High School Building

Remodeling of a section of the high school building is now in progress at the local school.

The large room on the southeast corner of the first floor of the structure which has been the student lounge for several years, is being divided up into offices.

The offices will be a teacher workroom, the superintendent's office, an office for the teacher's aide, and an office for the cafeteria manager. The walls of the new offices are being paneled.

The room just across the hall north used in the past as the teacher's lounge, will now be used as the students' lounge.

THE BIG THREE—Pictured above are representatives of the "big three" of wheat harvest. First, on the left are combines which cut the grain, then come the trucks (center)

which bring the grain to the elevators, and at the right are two Santa Fe engines which move the golden grain to markets.

LOTS OF MOBILE HOMES—Pictured above is a group of mobile homes belonging to custom combiners and parked on M. M. Welch's parking lot. A count made Sunday afternoon re-

vealed that a total of 71 mobile homes were parked on lots in Crowell as the combiners waited for harvest to begin.

Parks and Wildlife Law Violations Are Tabulated

Violations of game, fish and water safety laws through April 30 cost Texans \$40,000 in fines, according to Texas Parks and Wildlife Department law enforcement officials.
 Heading the list were some 611 anglers who went fishing without a license. Another 254 boaters failed to have life jackets for each person aboard their craft.
 The month of April, comparatively slow in hunting opportunities, accounted for 280 hunting violations, 43 of which were for hunting deer out of season.
 All money collected by the Parks and Wildlife Department from such fines, with the exception of water safety violations, is funneled into the department's Fund Nine.
 Together with hunting and fishing license fees and revenue from sand, shell and gravel dredging, the money is used to finance fish and wildlife management work in Texas.

Couple to Marry on June 23rd
 Mrs. Lillie Blackwell of Houston announces the engagement and approaching marriage of her daughter, Carol Pitt of Colleyville, Texas, to Jerome Matus of Fort Worth. The prospective bridegroom is the son of Mr. and Mrs. John Matus, Jr. of Thalia.
 The wedding is set for June 23 at the St. John the Apostle Church in Richland Hills.
 Mrs. Robert Taylor and daughter, Kristin, of Garland are visiting here this week with her parents, Mr. and Mrs. J. W. Whitley.

Flashing Blue Light Means Officer on Way

That flashing blue light on the lake shouldn't be too hard to figure out—it means the same as a flashing red light on land.
 When out boating and a flashing blue light comes your way, take heed. A lawman may want to talk to you.
 According to law, you should reduce power to a no-wake speed until the intentions of the officer are made clear to you. If he wants to talk to you, you should stop the boat and wait for the officer to come to you.
 Flashing blue lights on the water are limited to game wardens and other water safety officers.
