IN CROWELL — Mr. and Mrs. Tom Crowell are pictured above with their three boys. Following the family's return to the U. S. the four-year stay in Curitiba, Brazil, the Crowells serve with the Wycliffe translators. The three boys are, left to right, Robbie and Jon. After a visit here with his parents, Mr. and Mrs. Marion Crowell and other relatives, the Tom Crowell family will be going to Ithaca, N. Y., where Mr. and Mrs. Crowell will study at Cornell University for more than a year before returning to South America.

Santa Fe Ships 292 Cars of Foard County Wheat

Although a shortage of grain cars was predicted for the nation's current wheat harvest, Foard County was fortunate in having enough cars.

Santa Fe agent Tom Ellis said last week that the railroad had shipped a total of 292 carloads of the current wheat crop up to and including Tuesday, June 19.

Mr. Ellis said more cars of wheat will be shipped by the elevators with the loading out being done at a more leisurely pace than is possible during the harvest rush.

Head of Local ASCS Office

Mrs. Jean Reeder to Retire June 30th After 33 Years in Federal Employment

Mrs. Ted Reeder, who has been employed by the U. S. Department of Agriculture in Foard County for 33 years, will retire effective Saturday, June 30.

Mrs. Reeder, executive director of the Foard County ASCS office in Crowell, began working for the USDA in 1939 as secretary to the manager of the local office, M. E. Thompson. At that time, the office was called the AAA office and was located in the basement of the court house where county agent Joe Burkett now has his office.

The AAA stood for Agricultural Adjustment Act and referred to the law passed in 1938 by the U. S. Congress which first established the allotment system for this nation's agriculture.

The local office was later called the PMA office standing for Production and Marketing Administration and for a number of years has been referred to as the ASCS office, standing for Agricultural Stabilization and Conservation Service.

Mrs. Reeder was employed as a clerk in the local office from 1939 until 1947; from 1947 until 1953 she was acting office manager, and from 1953 until the present she has been executive director of the Foard County office. She replaced the late Clyde Neal. During these 33 years, the local office has had three locations: in the basement of the court house, the Speer building on East Commerce and the present location on the southwest corner of the square.

When Mrs. Reeder retires, there will be three employees here—an all-time low. Mrs. Reeder said years ago, there was a large work force employed in the agriculture program here, and during the summer, many young people were employed extra to handle the measuring of crops of Foard farmers. During this 33 years, Mrs. Reeder has witnessed a dramatic drop in the number of acres planted to cotton in Foard County. She

More Members Needed in Foard Development Corp.

Local "Self-Help" Group Winding Up Successful Year

More than twenty Crowell residents attended a 7 a. m. meeting of the Foard County Development Corporation last Friday at the community center, and heard various reports on the progress of the organization.

Guy Todd, Jr., president, gave a report on the accomplishments of the corporation during the last year, citing the establishment of the John T. Athletic cap factory here as the outstanding accomplishment. He pointed out that it had brought several people work in Crowell while previously they had been travelling to neighboring towns to work in factories. He said John T. is needing more workers, and he urged all present to spread the word of the availability of jobs here.

Throughout the meeting, Todd and others who spoke kept emphasizing the need for new members in the organization in order for much to be accomplished. The need for money is growing greater and more dues-paying members are needed.

Todd and Robert Kincaid reported on the rest home project, and their reports were favorable that Foard County will be getting one.

A meeting was set for 7 a. m. Friday, July 13, for the election of officers and Todd appointed the following committee to present a proposed slate of officers: Jimmy Henry, chairman, Mrs. W. L. Johnson, Jon Lee Black, Mrs. Cecil Carpenter, Roy Whitley and Mrs. Cecil Carroll.

Volunteer workers have been out for over a week soliciting prospective donors of blood when the Red Cross Bloodmobile makes its semi-annual visit to Foard County. The bloodmobile will be in Crowell at the community center on Tuesday, July 3, from 3:30 p. m. until 7 p. m.

Mrs. Fred Collins is chairman of the blood drive in this county and she and other local volunteers are hoping for a big turnout of donors.

A new arrangement by the Red River Regional Red Cross Blood program now permits the Red Cross to replace all blood used by donors to the program regardless of where they are hospitalized. This includes Foard residents in addition to other members of the Wichita Falls blood program.

For a period of one year after their last donation, persons who give blood may have Red Cross replace blood for the following members of their family who live elsewhere: children under 18 years, children over 18 years who cannot be blood donors, parents and parents-in-law, grandparents and grandparents-in-law.

Mrs. Mildred McCurley and Family Move to Crowell Last Week

Mrs. Mildred McCurley and daughters, Darlene and Pamela McCurley and Mrs. Denise Honeycott, and baby son, David Keith, have moved to Crowell to make their home. The family had been living in Pampa for several years.

Mrs. McCurley, daughter of Mr. and Mrs. M. D. Durham of Crowell, will be employed in Vernon. The family is residing on North Third Street near the high school.

Joe Glover Receives Frigidaire Accredited Technician Status

Joe Glover of Crowell is one of 108 West Texas Utilities Company employees who achieved Frigidaire Accredited and Master Accredited Technician status during the last year.

Glover received his certificate and pin from Frigidaire Sales Corporation at a dinner held in Childress last month.

Workers Needed for Crowell's Cap Factory

With 22 women sewing caps in John T. Athletic's Crowell plant, Bob Roberts, manager, is still seeking additional help and said Friday he wants to double the size of this work force.

He said the current staff is doing a fine job, but he needs more workers soon. Anyone interested in applying is urged to contact Mr. Roberts at the Crowell plant which is located just west of the local postoffice on North A Street.

Foard County News Completes Years of Continuous Publication

The issue of the News being published for this, the thirty-third year of continuous publication for this, the business institution in the same year the county was established in 1840.

The biggest change in the paper has occurred during the past several years, which has been printing by letterpress method via old Cranston one-revolution since back in 1908, is now printed by the offset method. With this process, the staff of the newspaper make one copy of each page of the paper. These pages are then printed by the Quannah Tribune-Chief.

Officers Elected by Crowell Lodge

All Masonic Lodge has elected R. G. (Mike) Raspberry as worshipful master for the coming year. Other officers elected this month include: Elton, senior warden; Karl Kinser, junior warden; Robert Kinser, secretary; Elton Carroll, treasurer; and Kenneth Carroll, chaplain.

Selected officers plus a number of yet-to-be-announced officers will be installed at a regular meeting of the July 9.

Oil Well Completed on Abston Land in Thalia Area

John D. Swanson of Electra has reported that his No. 1 Abston Estate oil test, 1½ miles north of Thalia in the S. Thompson Survey, flowed 24 barrels of 36.7 gravity crude and 500 cubic feet of gas per day with a gas-oil ratio of 20-1 and 320 pounds pressure on the tubing and 430 pounds pressure on casing.

The well, with a total depth of 2,207 feet with 4½-inch casing set to 2,177 feet and plugged back to 1,917 feet, was producing from perforations at 1,438-48 feet and 1,450-54 feet, and the pay was fractured.

Herman Allison Died June 20th at Covina, Calif.

Mr. Allison Was Pioneer Resident of Foard County

Herman Allison, 87, died unexpectedly at his Covina, Calif., home Wednesday, June 20.

Mr. Allison was a pioneer resident of Foard County, having spent his early life here. He was associated with his father, the late J. W. Allison, in the mercantile business in Crowell. He married the former Miss Bess Sanders here and they moved to California in 1911.

For many years, Mr. Allison owned and operated extensive holdings in orange groves and packing houses. His company was one of the originators of the trade name, "Sunkist." His packing plant pioneered the production of frozen orange juice. In the latter part of his life, he was engaged in the real estate business.

Mr. Allison never lost touch with his Foard County friends and he still owned land in the Margaret community.

He is survived by one daughter, Mrs. Marjorie Loar of Covina, two nieces, Mrs. Allison Reeder of Newport Beach, Calif., and Mrs. A. M. Hiatt of Vernon, and also a number of cousins here in Texas.

4-H Rally Day to Be Held Thursday

A big crowd of 4-H youths is expected to be on hand June 28 at the community center for the annual rally day. Registration will get underway at 9 a. m. and a full day's activities are planned.

A barbecue supper at 5:30 p. m., followed by a vespers service, will conclude the rally day.

Two Grass Fires Extinguished in Crowell Saturday

With dry weather again dominating the local scene, fires in Crowell kept the local volunteer Fire Department busy while last Saturday afternoon.

A blaze just north of Nelson's Station on East Commerce was extinguished, as well as a grass fire near the Farmers Gin in the south part of Crowell.

Due to the extremely dry conditions, Fire Chief Leonard Tole urges caution by Crowell residents in burning their trash.

Texas Wheat Chairman Reports on Tour of European Markets

"The European grain industry is more worried that the U. S. and world wheat supplies may not meet their projected needs for imports than they are about the higher and erratic prices," according to Ken Kendrick, chairman of the Texas Wheat Producers Board who returned last week from a three week study of European market areas for U. S. wheat. Kendrick was a member of a three man team to study the marketing, pricing, duty, and tariff situation for U. S. wheat under the auspices of Great Plains Wheat, Inc. Other team members were Larry Bannan, secretary of the Kansas Wheat Commission, and Michael Hall, GPW administrative officer of Washington, D. C.

Even with higher wheat prices in the U. S. this year and higher ocean freight to deliver it to Europe, U. S. wheat is still so much cheaper than European grown wheat that a tax or "variable levy" is placed on it to keep it from undercutting the local wheat prices, and this levy goes up or down as the U. S. price may fluctuate, so it will always be a little higher than local grown grain, according to Kendrick.

The Cards Are on the Table...
Faces Up...

Pick Yourself a Winning Hand

SOME people say that Fate has a habit of dealing from the bottom of the deck when she's distributing cards for the high-stakes game of Making-a-Living.

But, as a matter of fact, many of the highest cards in this rugged game are lying right out on the table, in plain sight, just waiting for us to pick them up.

These optional cards—optional because we can do as we please about picking them up or ignoring them—

are the Aces in the Making-a-Living game... the symbols of Better Business Opportunities, Better Jobs, and other aids to winning more chips.

It's very simple: these high cards... these valuable helps in making a living... are ours to keep and to hold... if we trade more with our own neighbors at home.

For the dollars we spend here make bigger trade volume and more prosperity... great cards to hold in a showdown.

Christian Liberty

The children of Adam nature slaves. Partaken fallen nature they find hill fight to do right and do wrong. No mother teach her child to tell steal or to disobey. Does these things nature by nature, are slaves to

Some, on the other sought to make themselves to the ten commandments to overcome their nature's tendencies toward evil, but produce either. God the law to help us to be to show us that we need a Savior. In Rom. says that He gave the every mouth might be guilty before God" and 21 He says that "by the knowledge of sin"

Only believers in the work of Christ are freed sin and its results. This mean that it is not possible for them not to have victory in any part "For sin shall not have over you, for ye are under grace" (Rom. 6:14). In grace Christ sets for our sins and in that grace, believers are freed from Him, just out of the tube for what He has made. This is the secret of living, and God we use it that way and back under the law. Gal. says: "Stand fast therefore liberty wherewith Christ made us free, and be tangled again with the bondage."

Yet, he also cautions who enjoy this wonderful "Take heed lest by this liberty of yours be stumblingblock to them weak" (1 Cor. 8:9). For ren, ye have been called; only use not liberty occasion to the flesh, but serve one another" (Gal. 5:13). "Happy is he that condemns himself in that thing which alloweth."

Give a little of yourself

The average person has about 10 pints of blood in his body.

Giving one won't hurt.

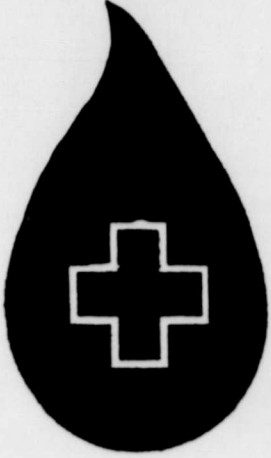

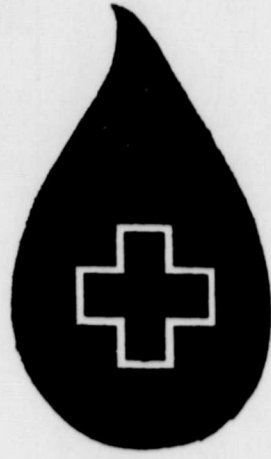

Giving a pint of blood won't hurt you at all, but it will help several people continue to live or save the life of just one.

That one pint of blood can be broken down and the coagulating factor used to stop a hemophiliac from bleeding. It can be used in a transfusion for a person needing open heart surgery. Women hemorrhaging after childbirth. Or a child seriously injured in an accident.

On the other side, donating blood is good for you. It stimulates a healthy person's bone marrow to produce more red cells. And it only takes a few minutes.

Today, visit your nearest hospital, Red Cross center, or volunteer blood center and give a little of yourself.

Give blood. And give life.

GIVE TO YOUR BLOODMOBILE

Community Center

Tuesday, July 3
3:30 to 7:00 P. M.

Most people's attitude toward giving blood is, "Let the next guy do it."

Unless you're the next guy that needs it.

Half of the population of the U.S. are qualified blood donors, yet only 3% of that half actually donate. 3% of our population is supplying the entire nation with blood. And that's why our blood supply is at a dangerously low level.

Giving blood is easy and it doesn't hurt a bit. In fact, donating blood is good for you. It stimulates a healthy person's bone marrow to produce more red cells. And anyone from 18 to 66 can give.

It all comes down to this, when you or any other person needs blood, not dollars, not well wishes, nothing else will do except blood.

Today, you be the "next guy" and visit your nearest hospital, Red Cross center or volunteer blood center and give a little of yourself.

Give blood. And give life.

Six Korean Flour Millers Study Texas Wheat

It is with more than passing interest that six flour millers from Korea view the harvest and handling of Texas' 83.2 million bushel wheat harvest now underway. Korea expects to buy almost exactly that amount of wheat in the world markets for import into Korea this year—82.8 million bushels, according to Bill Nelson, executive vice president of Texas Wheat Producers Board, headquartered in Amarillo. The Wheat Board is host in Texas for the six flour millers that are on a nation-wide tour studying U. S. wheats and their production and marketing, under auspices of Western Wheat Associates, a regional wheat market development producer-supported organization of Portland, Oregon, which conducts U. S. wheat promotion in Asia.

The visiting agri-businessmen began their Texas study June 20 in Lipscomb county. They toured grain handling, harvesting and shipping facilities in the Perryton area and along the route to Amarillo. Grain terminal operations and quality maintenance was studied in the Amarillo area before departure for Houston and a look at Texas grain export facilities there and in Galveston.

Ken Kendrick, Stratford, chairman of Texas Wheat Producers Board, said that the Korean visitors tour is not a "one shot deal" at export market development, but is part of a continuing program of hunting new markets around the world for Texas wheat in order to strengthen demand, prices, and income to the farmer. Wheat producers in Texas support the TWPB program with a check-off of 1/2 cent per bushel on their wheat delivered in the market. Other board-supported activities include wheat disease and insect control projects; wheat foods and nutritional programs; wheat feeding research and development; market information; and transportation services.

Woody Frank Lemons Is Speaker at Rotary Meeting June 20th

Woody Frank Lemons of Vernon and a former Crowell resident, presented a program, "Odd and Curious U. S. Coinage," at the Wednesday, June 20, meeting of the Rotary Club.

He showed some interesting and valuable coins, and gave a very interesting historical talk on U. S. coins. He said that coins were first made in this country in 1794. Among the coins made have been a half-penny, half-dime, 2c piece

AFTER THE FIRE IT'S TOO LATE TO BUY INSURANCE

Skyrocketing building costs can quickly out-date your fire insurance coverage. Partial fire protection may be as bad as no protection at all if you can't afford the difference it will take to re-build.

and many others. The term "In God We Trust," was first used on American coins in 1864. He also told about a 20 cent piece which was made for only two years and is consequently very rare. It was similar in size to the 25c piece and people were always confusing the two, so the government stopped making the 20c piece.

Lemons had an interesting display of coins, including gold and silver, plus some rare paper money.

He was introduced by Rotarian Ike Everson. Other visitors were Tom Posey of Memphis and Joe Hill of Clinton, Ok. Mr. Posey is evangelist for a meeting at the First Christian Church here. His brother, Rotarian Bill Posey, is the minister of the local church.

A self-cleaning iron features vents on the sole plate which use water and steam to flush out debris—such as scorched lint particles and mineral deposits, the extension service says.

You are invited to listen to a delayed broadcast of a Christian Science lecture entitled "How Do You View Yourself?"

This lecture was given by Thomas O. Poyser of Dallas, Texas, Monday, June 25th, in First Church of Christ, Scientist, 1825 Lamar, Vernon, Texas.

Mr. Poyser is a member of the Board of Lectureship of the Mother Church, The First Church of Christ, Scientist, Boston, Massachusetts.

This lecture will be broadcast Sunday afternoon, July 1st, over Radio Station KVWC, 1490 kc. at 3:00 P. M.

Two Ex-Foard Countians Quoted in Big City Paper

Two former Foard County residents got quoted in a big city paper last Saturday, June 23. The two are Bill Wisdom of Medicine Mounds and Alton R. Griffin of Lubbock.

In a story about the fact that Elda Petty, an independent fuel distributor in Vernon who could not get diesel fuel for his customers, Bill Wisdom of Medicine Mound was quoted in the Dallas Morning News as saying, "I'm flat out of fuel. This is the first time in over 35 years of farming that I ever ran out of fuel. I won't be able to work my land."

In the same edition of the Dallas News, the newspaper's editorial concerning the Supreme Court's latest pornography decision, the News quoted Lubbock District Attorney Alton Griffin as summing up the hope: "Maybe, just maybe, this is a trend back to each state having its own police powers."

Mr. Wisdom was born and reared in the Thalia community and his mother, Mrs. A. B. Wisdom, still lives at Thalia. Mr. Griffin, also a Foard County native, is a son of the late Mr. and Mrs. B. W. Griffin of Crowell.

A Weekly Report Of Agri-Business News

Compiled From Sources Of The Texas Department of Agriculture
John C. White, Commissioner

No Doubt About It . . . Wheat and Diesel . . . Still Number One . . . Milk Production Dips.

If there were any doubts about it at all, a report from the Texas Crop and Livestock Reporting Service will dispel them regarding cotton and Texas.

During 1972, Texas produced about a third of the nation's cotton crop. Normally, the report on Texas cotton would have been completed much earlier, but the 1972 crop harvest wasn't completed until March of 1973.

The crop for 1972 totaled 4,246,000 bales compared with only 2,579,000 bales produced during 1971.

Yield per harvested acre averaged 408 pounds compared with 263 pounds in 1971. This is the second highest yield on record, being exceeded in 1968 with 410 pounds per-acre.

The 1972 upland cotton crop is valued at \$446,000,000, compared with \$329,000,000 in 1971.

Nationwide, a total of 13,702,100 bales was produced, which is 31 per cent above the 1971 crop. The average 1972 price is set at 26.60 cents per pound compared with 28.07 cents per pound in 1971.

WHEAT harvest continues in Texas amid reports of fuel shortages. As of the first of June, harvest was only five per cent complete compared with 25 per cent in 1971.

Fuel shortage reports continue heaviest in the wheat harvest areas. Custom combine operators apparently are having the most trouble in locating fuel supplies.

Farmers who run short or out of fuel should report that fact to their county Agricultural Stabilization and Conservation Service office or the Texas Department of Agriculture.

PEACH production based on June 1 prospects for Texas is forecast at 271,000 bushels, which is less than half of the 604,000 bushels produced in 1972. Peach harvest is now active and quality is reported good to excellent.

RANGE and non-irrigated pasture conditions are six per cent better now than a month ago. Conditions are generally good to excellent throughout the northern half of the state with some exceptions.

TEXAS continues its honor as the number one cattle feeding state in the nation. As of June 1, cattle on feed in Texas totaled 2,252,000. This is 10 per cent above a year ago, and four per cent above a month ago.

Number of cattle on feed in the seven major cattle feeding states—Texas, Iowa, Arizona, California, Colorado, Nebraska and Kansas—totaled 9,455,000. This is a one per cent increase from a month ago and four per cent more than a year ago at this time.

Placements into Texas feedlots during May total 492,000 head. These placements are 12 per cent below May this year but 91 per cent above the previous month.

Marketings of fat cattle during May totaled 403,000 head, which is 12 per cent above a year ago and 14 per cent above marketings for April.

Cattle producers are continuing to expand production, contrary to some claims by some consumer groups that the cattlemen is purposely holding back production in order to keep his price high.

MILK production in May in Texas is the same as May of last year, but is one per cent below a month ago. May milk production totaled 305,000,000 pounds in Texas.

Nationwide, milk production is two per cent under a year ago. Production during the first five months of this year is two per cent less than last year.

The May milk-feed ratio at 1.37 is the lowest since 1965. Huge increases in feed costs are the reasons for the decline in the ratio. It is 19 per cent below a year ago.

May Sales of Savings Bonds in County Total \$761,000

May sales of Series E and H United States Savings Bonds amounting to \$761,000 in Foard County were reported last week by the Treasury Department. Sales for the five-month period totaled \$5,269,000 for 7 per cent of the 1973 sales goal of \$70,000.

Sales for the State of Texas during May were \$19,193,889—a 10.8 per cent increase over May 1972 when sales totaled \$17,314,314. The January-May sales amounted to \$102,985,728 with 47 per cent of the \$216.6 million 1973 goal achieved.

A report on two history-
 making grain movements

Two "Backbreakers" BACK-TO-BACK

- 1. The huge export grain movement**
(Santa Fe can report "mission accomplished" for moving its share of grain to Russia — just one phase of the big export job!)
- 2. The largest winter wheat harvest in history along the Santa Fe**
(Now getting underway)

Moving millions of bushels of grain is a big job. To move it in a limited time period while the economy is booming and all shippers calling for more cars and service, makes these huge transportation projects "BACKBREAKERS."

Santa Fe is setting records meeting current demands for service, but no backs are being broken. For example, since last August Santa Fe has moved over 150,000 carloads of grain, a 60% increase in shipments. That's a staggering amount, but it's only part of the story.

With no prior notice to the rail industry to make special preparations, the Russian grain movement of 400-MILLION bushels was announced last year with a completion deadline of May 31, 1973. At the same time even many more millions of bushels were also being exported to other nations.

What Santa Fe did. Starting with a transportation system in excellent condition, Santa Fe people put their "know how" and all facilities in full throttle position.

2,000 new jumbo covered hopper cars were added to bring Santa Fe's fleet to 12,000, the largest in the rail industry.

4,100 smaller covered hopper cars were drafted for use, too, as well as regular box cars. Open-top hoppers not normally used for grain were also employed. In addition 64 new diesels are now hard at work moving the record traffic volume.

Even with all of this, special measures were worked out at considerable expense to the Santa Fe for handling cars to minimize port congestion and keep the railroad fluid.

Santa Fe can report "mission accomplished" for handling its share of the grain to Russia, and we still have other export grain to move, but the big job now ahead is moving this year's harvest.

Largest wheat harvest along the Santa Fe, 687-MILLION bushels
 The harvest extends from Texas, across Oklahoma, Kansas, into Colorado and New Mexico. It is already started. It is a vast project and the Santa Fe job is to move the wheat to elevators during the brief period of harvest time.

What Santa Fe is striving for principally is more efficient car utilization, faster yard operations and the best possible use of locomotives to move the grain while keeping all freight rolling.

It's a job that can't be done without the help of everyone in the grain industry and cooperation of all shippers. With everyone working together, two of the greatest moves ever recorded in the history of rail transportation will be accomplished... the huge multi-million bushel export grain movement and the largest harvest in history along the Santa Fe.

Two "BACKBREAKERS," back-to-back, with Santa Fe putting its best efforts into getting the job done.

Santa Fe employees who have worked long and hard on the export wheat project are now focusing all efforts on the new harvest.

The harvest moves at a record pace with Santa Fe kept busy hauling the new grain to elevators and milling centers.

2,000 new jumbo covered hoppers bring Santa Fe's fleet to 12,000. These giant cars are ideal for moving grains, potash and other bulk commodities.

4-H Clothing Workshop Set for Early July

A clothing workshop planning meeting will be held for all 4-H girls interested in sewing a garment for the Dress Revue July 5 beginning at 9 a. m. in the home economics cottage at the Crowell school. Mothers are welcome to attend. Workshops will be held July 6, 9, 10 and 11 with times to be established and announced later.

The county 4-H Dress Revue will be held Friday, July 20. A junior and senior winner will participate in the District Dress Revue at Abilene July 26. This information was announced by Mrs. Rhonda Ward, Foard County's new assistant county extension agent.

Before heading out on that long-awaited vacation, motorists are advised to make sure their tires have not worn to 1-16-inch or less. Thirty-five states now have requirements against "bald" tires.

Denis Roark and Miss Sparkman Plan August 6 Wedding

Mr. and Mrs. Hoie B. Sparkman of Roswell, N. M., announce the engagement and approaching marriage of their daughter, Glenna Denise, to Denis Darel Roark, son of Mr. and Mrs. Ed Roark of Crowell.

The bride-elect was a 1972 graduate of Roswell High School and attended her freshman year of college at Eastern New Mexico University—Roswell Campus. The prospective bridegroom has received his B. S. degree from Texas Tech University and his Master's degree from East Texas State University. He is currently employed as librarian at Eastern New Mexico University—Roswell Campus.

An August 6 wedding is planned at South Manor Baptist Church in Roswell.

Miss Green and Billy Joe Dishman Wed June 22nd

Miss Linda Sue Green of Quanah became the bride of Billy Joe Dishman in a wedding ceremony performed last Friday, June

22. Justice of the Peace Mrs. Opal Hazelwood officiated at the ceremony in her home in Crowell.

The bride is the daughter of Mr. and Mrs. J. F. Green of Quanah and the bridegroom is the son of Mrs. Bonnie Dishman of Crowell.

Mr. Dishman is employed by the Waggoner ranch and the couple will make their home in Vernon.

Two Foard County 4-Hers to Attend 4-H Congress

The first Texas 4-H Congress will be held July 10, 11 and 12 at the Shamrock-Hilton Hotel in Houston, county agents Mrs. Rhonda Ward and Joe Burkett said last week.

Representing Foard County will be Joe Haynie and Miss Jacquelyn Brown.

Joe is president of the Foard County Junior Leaders 4-H Club and vice chairman of the Foard County 4-H Council. Jacquelyn is reporter for the county 4-H Council and a member of the Junior Leaders 4-H Club.

The overall objectives of the Texas 4-H Congress are to involve older 4-H youth in developing ideas and to provide learning experiences dealing with the concerns of young people.

The delegates to the Texas 4-H Congress will have the opportunity to hear some outstanding speakers discuss "Values in Transition" and how they relate to the social, economic and political situation of today.

The three-day congress program will be fast-moving and packed full of new experiences. Each delegate will meet other outstanding people and make new friends.

Joe and Jacquelyn will leave from Wichita Falls by plane on July 10 for Houston, and will return on July 12.

News from THALIA

BY MRS. MAGGIE CAPPS

Visitors of Mr. and Mrs. Sam Kuehn last week were his nephews and families: Mr. and Mrs. T. J. Kuehn, Jr., Pam and Bruce, of Baytown, and Mr. and Mrs. Stephen Shoesaw and Doug of New Waverly. They were en route to Taos, N. M., on a vacation and were here on different days.

Mmes. Texas Ford and Maggie Capps visited Mr. and Mrs. Loyd Gray and family and Mrs. C. L. Gray in Frederick, Okla., Saturday. They looked the tornado-stricken area over and could hardly believe that no one was killed. The Gray home had minor damage, even though they were back to back with the convalescent home which was demolished.

Mrs. Fay Britt of Wichita Falls spent the week end with her sister, Mrs. Lee Sims, and Mr. Sims. Tracy Morton of Wichita Falls, granddaughter of Mr. and Mrs. Warren Smith and niece of Mrs. Eldon Whitman, is spending several days this week with relatives here.

Mr. and Mrs. Paul Crenshaw and children of Tulsa, Okla., were week end visitors of Mrs. Georgia Johnson and the Bill Cates. Another visitor was Miss Marilyn Cates of Lubbock.

The Ralph Watson family and combine crew left Wednesday after finishing up here.

The Baptist Church here was the scene of the ordination services for their young pastor, Jerry Cornelius of Dallas Sunday. There were many visiting ministers and friends here for the services and for the bountiful lunch served at the church by local members.

Mr. and Mrs. Bill Wisdom and Phyllis and Mrs. Tommie Patterson of Medicine Mounds spent Sunday visiting his mother, Mrs. A. B. Wisdom, and Frank.

Clyde Self visited his sister, Mrs. Z. S. Mason, in Vernon Saturday. Mr. Mason remains in the Woods home.

Mr. and Mrs. Poozie Miller and Mrs. Ruth Capps of Vernon visited their sister, Mrs. Jake Wisdom, and family Saturday night.

Mr. and Mrs. Ben Hopkins of Vernon visited Mr. and Mrs. Sam Kuehn Sunday.

Mr. and Mrs. Tom Lawson of Rayland and Mr. and Mrs. Paul Coppock of Wichita Falls visited Mr. and Mrs. R. H. Cooper Sunday. Mr. Cooper has just returned home from Bethania Hospital after undergoing surgery.

Rev. Wilson Holman of Fort Worth and Mr. and Mrs. Eldon Whitman and sons visited Mrs. Fay Whitman Sunday.

Those attending the wedding of Jerome Matus to Miss Carol Tipps of Colleyville included his parents, Mr. and Mrs. Johnny Matus, Jr. and family, Danny and Ronnie Naylor and Otis Johnson. The wedding was in Richland Hills Saturday.

Mr. and Mrs. Waldon Johnson and Alisha of Amarillo and Mr. and Mrs. Edgar Johnson of Vernon visited their parents, Mr. and Mrs. W. A. Johnson, Saturday. Mr. Johnson is reported to be improving very nicely and was able to attend church in Vernon the

ASCS Says

Certification of Cotton, Feed Grains Needed Soon

"As soon as cotton and feed grains are planted, you should measure and make your final certification if you have not already done so," is the word to farmers from Mrs. Jean Reeder, executive director of the Foard ASCS office, in the June newsletter. She added, "Final payments will be made after July 1 and by certifying as soon as possible—payments will not be delayed."

In a word to cotton farmers, the newsletter said that June 20 was the final planting date for cotton. "If you are unable to plant by this date due to a natural disaster you may file a request for preventing planting acreage credit on or before July 5th. Grain sorghum final planting date is July 15," according to the newsletter.

It was also announced that loans are available on wheat, oats, barley and rye.

Finally, in the newsletter, Mrs. Reeder said, "I wish to take this opportunity to officially announce my retirement effective June 30th. I appreciate the fine cooperation you have shown during my 33 years with AAA, PMA and ASCS. I have enjoyed my contact with all of you and will be thinking of you while I am resting and doing nothing."

"Thelma Borchardt will be acting Executive Director until the future of farm programs is determined. I know you will show her the same cooperation you have shown me."

In last week's edition, Mrs. Juanita Gafford was listed as having bought a 1973 Plymouth automobile when in fact Mrs. Gafford bought a new Oldsmobile.

past two Sundays.

Mr. and Mrs. Jady Tole of Wichita Falls visited Mr. and Mrs. O. C. Holland a few days last week.

Mr. and Mrs. Rufie Whitman and sons returned to their home in Seguin Friday after a few days visit with their parents, Mr. and Mrs. Doug Tucker and Mrs. Fay Whitman and other relatives here.

Terri Cates of Dallas spent a few days last week with her parents, Mr. and Mrs. T. R. Cates, and Pat. Pat was ill in his home here last week.

Visitors of John Warren last week end included old friends and ex-Foard County residents, Mrs. B. J. Laseter and daughter, Mrs. Annie B. Herren of Corsicana, and another daughter, Mrs. Mattie Belle Johnson, and Kathy of Waco.

Mrs. Naomi Fitzgerald of Tyler is a patient in a Lawton, Ok., hospital and is reported to be improving.

Mrs. C. C. Wheeler was admitted to the Foard County Hospital Thursday and is reported to be doing better. Her brother, Les Roberts of Roanoke is here visiting and caring for her place while she is away.

Bobcats Win 1973 PeeWee Baseball Championship

Bobcats and Rattlesnakes to End Season Thursday

The Rattlesnakes Pee Wee baseball team took an early lead in their game with the Bobcats last Thursday night, but were unable to hang on to it in the last innings and were defeated by the Cats 10 to 9 in an exciting game.

This gives the Bobcats the Pee Wee division title, but the fifth game of the season will be played tonight (Thursday) at Little League field beginning at 8 p. m.

For the winning Bobcats last Thursday, Russell Anderson, Roland Hernandez and Joe Brown had 2 runs each while Dean Werley, David Dunn, Larry Criss and Eddie Rodriguez had 1 run each.

Werley and Hernandez were the Bobcat pitchers.

For the Snakes, it was Tommy Russell and Vincent Anderson with 2 runs each. Scoring 1 run each were Frederick Henry, Guy Todd III, Dan Wall, Freddy Collins and Darren Criss.

Todd went all the way on the mound for the Snakes.

Coaching the Bobcats are Domingo and Adrian Martinez, while the Rattlesnake coaches are Guy Todd, Jr. and Larry Wright.

W. M. Rake Then Sells a Model Edsel

The News has received information from the Graham family that W. M. Rake has purchased a 1949 model in Claremore, Okla. The states that Mr. Rake, a resident of Truscott, purchased the auto. However, getting it to Graham is chased by an Edsel Club. Dr. J. R. Reagan of Waco would take about a thousand dollars to restore the body holstery. Edsel automobiles built for three years and continued, making them an item.

Our Service Department Has Added Larry Hord

Larry has about 13 years experience as a tractor mechanic-shop foreman for Ford tractor in Wichita Falls for the last few years.

Larry is the son of the late Chester Hord of Crowell. He finished high school here, and attended Draughon's Business School at Wichita Falls.

Larry is buying a home in Crowell, and will move his family here soon.

We now have four full-time mechanics and two helpers—to keep your Case Tractors rolling.

We are proud of this addition to our shop and especially the experience he brings with him.

Little League's Regular Season Ends Friday Night

Crowell State Bank widened its Little League lead last week by taking two wins over Foard County Mill while VFW was winning both its games over Farmers Elevator.

In a thriller-diller Tuesday night June 19, VFW came out on top of a wild and wooly game with the Farmers Elevator by a 21 to 20 score. At one time VFW had a big lead, but the Elevator kept banging away and almost caught up.

Scoring runs for VFW were Jesse Henry and Marshall Reed, 4 each; Terry Boren and Sammy Neal, 3 each; Bobby Joe Cerda and Noe Rodriguez 2 each; and Billy Brown, Dan Gatewood and John Halsell 1 each.

For the Elevator, it was Bill Santos, Steve Rodriguez, Wayne Mitchell and Dan Brown with 3 runs each, Ray Santos, Wade Davis, Andy Hernandez and Ken Gentry, 2 each.

In the second game, the league-leading Crowell State Bank took a 13 to 6 win over Foard County Mill.

Scoring runs for the bank were Claudius Coleman 3, Tyrone Tucker and Roger Hardy, 2 each; and Joe Lee Brown, Dan Klepper, John Thomas, Mike Cates, Randy Hardy and Jeff Christopher 1 each.

Scoring for the Mill were John McGee and James Sillemont, 2 runs each; and David Westover and Dwayne Dishman, 1 each.

In the early game Friday night,

the Bank won 8 to 6 over the Mill. For the Bank it was John Thomas leading with 3 hits, Dan Klepper had 2 while Joe Brown, Tyrone Tucker and Claudius Coleman got 1 hit each. Scoring the Bank's runs were Brown and Thomas, 2 each; Klepper, Tucker, Mike Cates and Roger Hardy, 1 each.

For the Mill, Dwayne Dishman got 3 hits, James Sillemont 2, and Randy Foster 1. Scoring runs were Dishman 3, and David Westover, Sillemont and Randy Foster, 1 each.

In the late game Friday night, VFW ran up a 28 to 12 win over the Elevator crew.

Scoring VFW's 29 points were Jesse Henry, Marshall Reed, and Sammy Neal, 5 each; Terry Boren and Billy Brown, 4 each; Bobby Joe Cerda, 3; and Noe Rodriguez, Dan Gatewood and Charles Reed, 1 each. Getting hits were Sammy Neal 5, Henry and Marshall Reed, 4 each and Brown and Rodriguez, 3 each.

For the Elevator, it was Steve Rodriguez with 4 runs and 3 hits; Joe Brown and Dan Brown, 2 runs each and 1 hit each; Wade Davis, 2 runs on 2 hits; Wayne Mitchell, 1 run on 3 hits; Bill Santos, 1 run; Andy Hernandez, 1 hit.

Motorists Warned Against Hoarding of Gasoline

An urgent warning on the dangers of hoarding fuel was issued to all motorists last week by the American Automobile Association. While gathering information for its weekly Fuel Gauge Report on the nation's gas supply, AAA said it has found that motorists are carrying extra gas in their car trunks as a defense against running out of gas on the highway.

In case of an accident, it might ordinarily be a minor mishap could become disastrous under these conditions, AAA said, if a chain reaction highway accident occurred, the result could be a holocaust.

Also, the motoring federation said gasoline stored in cans in a hot car trunk can expand and overflow, increasing the risk of ignition by sparks from a cigarette or from a lighted cigarette.

AAA also warned that cans used with gasoline for future use should never be stored in garages or other property of homeowners.
