FIFTEEN CENTS PER COPY

CROWELL NURSES "CAPPED"—These seven Crowell residents (standing) were "capped" in ceremonies held Saturday night at the First Christian Church. They are members of the seventh class of Licensed Vocational Nurses now being

taught here. From left they are Winifred Powers, LaVerne Prince, Sharon Brown and Martha Cash. Seated are the school instructors, Hazel Marlow, LVN and Edith Roark, RN.

March of Dimes Drive Successful

A successful March of Dimes campaign was held in Foard County Wednesday of last week, with a total of \$570.84 being raised. This included donations received from school students and the Mothers' March in the residential and business sections.

Mrs. Dale Henry, Foard County March of Dimes drive chairman, Monday expressed her appreciation to everyone who had a part in making the drive a success.

Named Texas Bicentennial Community

The City of Crowell has been designated a Texas Bicentennial Community, according to information received by Don Welch Tuesday. Mr. Welch is chairman of the Crowell Bicentennial Committee.

Sam Kinch Sr., chairman of the American Revolution Bicentennial Commission of Texas, told Mr. Welch that he will be advised as soon as the state organization receives formal notification of Crowell's national endorsement.

THREE NEW VEHICLES

Three new vehicles were registered here last week, as follows:

January 20, Tom B. Hudson, 1975 Chevrolet pickup; January 21, J. C. Autry, Jr., 1975 Chevrolet pickup; January 22, Guy Todd Jr., 1975 Oldsmobile coupe.

Wildcats to Host Knox City Friday

Crowell High School basketball teams face two of the district's strongest teams in action during the next week. On Friday night, Crowell hosts Knox City, which is leading the boys division in the district race. Next Tuesday night Crowell goes to Aspermont for games with powerful quintets and on Friday night of next week, the regular season will end as Crowell goes to Munday.

Grade school teams will be playing in a tournament at Paducah Thursday and Saturday and on next Monday night will return to district play by hosting Aspermont in Wildcat gym.

Outstanding Farmers Are Named

Lion J. A. Marr introduced Herbert and Henry Fish as Foard County's Outstanding Conservation Farmers at the Tuesday luncheon of the Lions Club. The award is presented each year by the local club. Mr. Marr, in addition to being a Lion, is chairman of the board of supervisors of the Foard County Water and Soil Conservation District.

Visitors at the meeting included the Fish Brothers, Mrs. Henry Fish, Eldon Whitman, Dale Henry and Bill Klepper.

CHS WILDCAT BAND TO GET COMPLETE NEW UNIFORMS

The Crowell School board, in a called meeting Monday night, voted to purchase 100 new uniforms for the Crowell Wildcat Band. The Crowell Band Boosters will pay half

the cost of the new uniforms and the school district will be paying the other half. Cost per uniform will be \$131.67. Total cost will be \$13,167.00. The new uniforms will

have a tuxedo style coat with an overlay having a Wildcat emblem on the back and the words "Crowell" on the front. Included in the cost is new headgear, also. Meeting with the board Monday night were Band Booster president B. W. Gentry, Band director James Streit and Joe Gaddis of Wichita Falls, band uniform manufacturer representative.

Mr. Gaddis said he will be working with Mr. Streit in designing the uniforms and within about three weeks, will bring a "pilot" suit to Crowell for approval before manufacturing the entire lot.

The board voted to issue warrants for their half of the uniform cost and also approved the payment of some \$9,000-plus in bills accumulated over a period of years by the athletic department. Also approved for payment were \$2,101.45 in current bills.

Employed for another year were the two school principals; Gordon Erwin in grade school and L. H. Wall Jr. in high school. Both were hired on 11-month basis full time at state salary schedule.

A five-cent increase in cafeteria prices was voted to go into effect on February 1. This will make meal prices 55 cents for kindergarten through fifth grade, 60 cents for sixth grade through high school and 81 cents for staff personnel.

In other action, the board voted to: —Change the regular date of the board meeting from the first to the second Monday night of each month, starting time at 7:30.

—Permit several Class B schools in the area to have a girls basketball tournament in the Crowell gym on February 13 and 14.

—Called a trustee election for Saturday, April 5, for the election of two trustees to the board. Terms of Jack W. Brown and Roy Whitley are expiring this year. L. A. Andrews was appointed as election judge.

—Heard a report that all the RC&D proposals as submitted by the school had been nixed except for a possible drainage program on the campus and the planting of trees.

Front Brings End to Balmy Weather

The extremely warm weather experienced here over the weekend ended abruptly Monday afternoon as a cool front pushed through the county, dropping the mercury to the low 40's by early Tuesday. Showers were forecast for Tuesday, but none fell here.

25 YEARS AS CASE DEALER—Clinton (Bud) McLain is pictured above holding the plaque he received at a meeting of Case implement dealers held

recently in Dallas. Mr. McLain received the plaque in recognition of his 25 years as Case dealer in Crowell.

Organizational Meeting for Cattlemen Is Set For February 6

A meeting of Foard County cattlemen has been set for Thursday, February 6, at 7:30 p. m. at the

community center in Crowell.

The meeting has been called for the purpose of

establishing a Foard County unit of the Independent Cattlemen's Association.

The Independent Cattlemen's Association was established at Goliad, Texas, about three months ago and already there are more than 100,000 members.

Bill Masterson of Cottle County is scheduled to be the speaker for the Crowell meeting. Cottle County cattlemen have already organized a unit of the ICA. Robert Kincaid last week in announcing the upcoming meeting here, said the principal goal of the association is to influence state and federal policy makers by providing accurate information and recommendations. In order to be heard in the Congress, large numbers of cattlemen organized into a united association must have all the support it can get from the nation's cattlemen.

Acclaimed coloratura Beverly Sills is leading the Mothers' March for the March of Dimes again this January.

Meeting Called for Pease River Area Cattlemen; Set Feb. 3rd

A meeting of all cattlemen, leasing or renting land along Pease River has

been called by Foard County Sheriff Emmitt E. Howard for Monday night, February

3. The meeting will be held in the district court room in Crowell beginning at 7 o'clock.

Sheriff Howard says that there are numerous cattle running loose in the Pease River breaks and this is a meeting to plan for the gathering of these animals. Sheriff Howard urges all cattlemen involved to be present. He said it will be necessary to hire a helicopter to drive the cattle to gathering points to be set up along the river.

He added that a meeting of Hardeman County cattlemen with land along the river is also being held in Quanah.

Preliminary Work Begins for Vote on City Sales Tax

At a meeting of the Crowell City Council Tuesday night of last week, preliminary work was begun which within the next few

months will give the residents of Crowell the opportunity to vote on whether or not they want a city sales tax.

Practically all the small towns in this area and across Texas have had the city sales tax of 1 per cent for many years, but Crowell has never had a vote on whether to have the tax or not. All money derived from the tax will go to the local city government.

Commissioners Hear Report on Ambulance

The Foard County commissioners court in their regular meeting Monday, in addition to paying current bills, heard a report on ambulance service for Foard County. Meeting with the court were Recie Womack and Mrs. Bertha Burkett, representing the Womack Funeral Home, and Mayor Robert Kincaid.

Mr. Womack explained to

the court that the ambulance Womack's is now using, will need to be replaced sometime in the future with a newer model. Due to the extremely high cost of an ambulance with all the required equipment, Mr. Womack told the court that when it is necessary to replace the present vehicle, Womack's will not buy a new one and will at that time discontinue the ambulance service.

Whenever that time arrives, the county and city governments will be called on to provide this service for Foard County residents.

Also meeting with the commissioners Monday were F. W. Taylor and Joe Don Brown of the Economic Opportunities Advancement Corporation, who told Judge Seth Halbert and the court about some recent court decisions which may possibly affect Foard County, and also discussed some new federal legislation which may affect this area.

Agricultural Data for 1973 Published

The Texas Department of Agriculture has sent the News a copy of Foard County's farm income statistics for 1973.

The statistics are printed on another page in this issue.

Foard County Winnings Top 700 Bales

The USDA cotton division passing office at Altus passed 732 samples of Foard County cotton last week, bringing the total for the season to 4,706 samples.

At this time last year, the Altus office had classed and duals. A good county cotton.

Halbert to Attend Parley

County Judge and Mrs. Seth Halbert will go to College Station next Tuesday and on Wednesday and Thursday, February 5 and 6, Judge Halbert will be attending the 17th annual County Judges and Commissioners Conference.

Halbert said a number of timely topics are up for discussion at the conference and several activities are planned for wives of those attending.

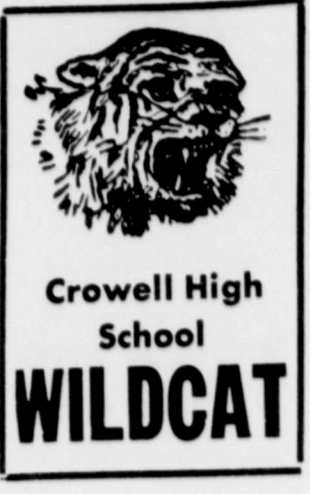

GREETES BURKETT FAMILY—Mrs. Alva Dancer is pictured above as she visits with the Joe Burkett family at the reception honoring Mr. Burkett Sunday afternoon.

Visible in the picture are Bob Burkett and Mr. and Mrs. Ronnie Schrank of Stephenville and Mr. and Mrs. Burkett (right).

NAMED TO ALL-REGION BAND—These twelve CHS band members were named to the all-region band following try-outs held in Vernon last Saturday. Seated, from the left, are Renee Norman, Patsy Williams, Jody Graves, Jo Anna Hord, Debra Walker and Jan Brown. Standing, from left, are

John Thomas, Abel Cerda, Hedi Vecera, CHS Band Director James Streit, Tony Daniel, Paul Whitley and Gail Bullion. These 12 students will be performing with the all-region band in concert in Vernon Saturday night.

Crowell High School WILDCAT

Editor Jacquelyn Brown
 Typist Karen Statser
 Senior Reporter Rita Hodges
 Jr. Reporter Amie Brasher
 Soph. Reporter Jill Myers
 Freshman Rep. John Klepper
 Sponsor Mrs. Jean Halbert

SCHEDULE
 Tuesday: Paducah here.
 Friday: Knox City here.
 Tuesday, Feb. 4: Aspermont there. Talent show try-outs.

DAILY DILLIES
 The students of CHS would like to welcome three new students to CHS. They are Cindy Hall, a senior, Teresa Hall, a junior, and Charlene Hall, a sophomore. The daughters of Mr. and Mrs. Kenneth Hall, they have just moved to Crowell from Alexandria, La. Welcome to Crowell!

Sunday is ground hog day. According to tradition, the ground hog awakes from his winter sleep and comes out of his den on February 2. If he can see his shadow, he goes back in his den and we have another six weeks of winter. If it's cloudy and the ground hog can't see his shadow, he stays outside, which is a sign that winter has come to an end.

Remakes and group pictures were taken for high school, junior high, and grade school Thursday. Pictures were also taken of

businesses advertising in the CHS annual. Karen Statser is the editor of the annual this year.

TALENT SHOW
 The all-school talent show tryouts will be held in the auditorium on Feb. 4 at 3:30 p. m. Everyone is invited to come and show off their talents. The talent show will be held Friday, Feb. 21. It will be sponsored by the members of the CHS drama department.

SENIOR SCENE
 The senior party Saturday night was a big success. Everyone who attended would like to thank the room mothers and the sponsor. We would also like to thank Mrs. Brown for letting us use the home ec cottage.

The seniors would like to welcome a new member to our class, Cindy Hall. Cindy came to Crowell from Louisiana.

Now seems to be a time of decisions. Everyone is trying to decide what they want to do in life, where they want to go to college, and many other important decisions.

Friday night the Wildcats came home with two victories and one heart breaking defeat. The junior varsity and varsity boys defeated the Haskell Indians, while the girls lost by a mere five points. Tuesday night the Cats will host the Knox City Greyhounds. Let's support our teams!

SENIOR SPOTLIGHT
 Adrian Martinez is in the spotlight this week. He is the 18 year old son of Mr. and Mrs. Domingo Martinez. Adrian stands 5'6", has brown eyes and black hair. He has previously attended school at Oakdale, Amarillo, Texas, for one year. Adrian attends the Latin Pentecostal Church in Crowell.

Some of Adrian's favorites

include food, pizza; color, blue; song, Rancho Grande; actor, Robert Conrad; actress, Linda Lovelace. He enjoys playing the drums as a hobby, and band is his favorite subject.

Adrian was in the all-district band in 72-73. He has been a member of pep band for three years. His future plans are to attend school at Vernon Junior College and major in radio and TV servicing.

JUNIOR JIVE
 The juniors held a class meeting in the history room last Wednesday. We decided on May 16 as the date for the Junior-Senior banquet and prom. The band for the prom was also decided upon.

The juniors would like to welcome Teresa Hall to CHS. She has moved here from Louisiana. Hope you like it here!

SOPHOMORE SCOOP
 The sophomore class would like to welcome a new member, Charlene Hall, to CHS.

We made a class survey on what is your opinion on the Women's Lib Movement? Below are a few examples.

J.G.—I think it is so stupid!

K.W.—I am against it.

M.W.—It's ridiculous.

D.B.—It's really dumb.

Women should act like women and men should act like men.

M.B.—I have no use for it.

T.C.—If they think they can work harder than us men, let them try.

T.T.—Women are weak and men are strong. Also, women couldn't keep up with us masculine men—or should I say tigers?

P.N.—I don't like it because the men are leaders in the world to come.

D.D.—If God intended for man and woman to be equal He would have made it that way!

V.M.—Anyone that would go for such as that has to be crazy. A lot of people don't know what is all involved.

T.G.—The nature of men is to be big, strong, and to make decisions. Women are small and can never become as physically strong as men. They should like what they have.

FRESHMAN FROLICS

Hair length is a major topic these days. May I share this timely poem with you?

HOW'S YOUR HAIR?

Does it hang in your eyes? Is it covered with dyes? Does it cover your shoulders? Or is it chewed by your molars? Is it stringy and greasy? Or dirty and teasy? Does it prevent one to see what sex you might be? Does it cause harm in athletics? Should it be topics for

critics? Is it subject to treatment with a comb? Or is it just left alone? Does it prevent a wink? What do you think?

MUSICAL NOTES
 Try-outs were held Saturday in Vernon for the Junior High All-Region Bands. Crowell placed 3 students in the 9th grade band and 9 in the 7th and 8th grade band. Patsy Williams, 1st chair cornet; Tony Daniel, 1st chair tenor sax; Abel Cerda, 1st chair baritone sax; Hedi Vecera, 1st chair bass clarinet; JoAnna Hord, flute; Debra Walker, flute; Jody Graves, cornet; Renee Norman, clarinet; and John Thomas 1st chair tuba, all made the 7th and 8th grade band. In the 9th grade band, Paul Whitley made 1st chair alto sax, Gail Bullion-tuba, and Jan Brown-trombone. Congratulations to everybody! Over 500 students from area schools (from class B to class AAAA) competed in the tryouts.

The bands will rehearse next Saturday and have a concert that night. J. W. King will direct the 7th and 8th grade band, while Gene Smith will conduct the 9th grade band.

WILDCAT SPOTLIGHT
 Sally Gerhardt is in the Wildcat Spotlight this week. She is No. 24, is 5' 6" tall and plays forward. The Lakers is her favorite pro basketball team, and Jabber is her favorite player. Basketball is her favorite sport and she likes everything about it. She feels that there is a feeling of togetherness as a team and everyone contributes to the team effort.

As an individual, the part she likes best about playing basketball is shooting. The things Sally likes least about playing basketball are fouls and turnovers. Sally has played basketball every year since the 6th grade. She made the all-tournament team this year.

CAFETERIA MENU
 Monday: Barbecued beef patties, creamed potatoes, green beans, tossed salad, peaches and whipped cream, rolls, milk.
 Tuesday: Pinto beans, corn beans, steamed franks, buttered spinach, carrot sticks, apricot cobbler, milk.
 Wednesday: Fried chicken, gravy, buttered rice, English peas, celery sticks, peanut butter cake, rolls, milk.
 Thursday: Pizza with hamburger and cheese, blackeyed peas, cabbage slaw, Jello with fruit, milk.
 Friday: Hamburgers, lettuce, onions, pickles, French fries, apple cobbler, milk.

Stencil correction fluid available at the News office.

News from... Thalia Maggie Capps

Joe Laird of Iowa Park and Mr. and Mrs. Oliver Holland visited her aunt, Mrs. Naomi Nichols, Pearl Moore and others in the Crowell hospital Sunday.

Mr. and Mrs. Oran Ford have spent most of the past two weeks with his sister, Mrs. Gertrude Hogue of Brownwood, in the Baylor Hospital in Dallas. They took her back to her home in Brownwood where she will enter a hospital there as she is very seriously ill.

Mrs. Gladys Moore spent the weekend visiting her sister, Mrs. Gertrude Farrar in Duncan, Ok.

Burl and Robert Abston visited Burl's son, Burl Jr. in an Abilene hospital where he underwent a tonsillectomy. He has been dismissed and is doing fine and expects to be back at work in a few days. Burl and Robert continue their frequent visits with their mother, Mrs. Ora Abston in Wood's convalescent home in Vernon. She too is doing well at this time. They always visit several others while there as there are several there from this area.

The weather has been nice for several days, gusty winds and no rain or snow. However we still have plenty of moisture in the wheat fields, and for pasture for our cows and horses.

Mr. and Mrs. Willie Chavis have their son, Michael Chavis, who has been dismissed from the Service, visiting from Sheppard Air Base. Now that he is out he expects to be employed very soon in the East. Their son-in-law and daughter Mr. and Mrs. Jerry Lyles and daughter Kim visited Sunday. Mr. Lyles is a psychologist at center North in Vernon and Mrs. Lyles is employed at center North. Mrs. Willie Chavis has been ill a few days but is better at this time.

Mr. and Mrs. Waldon Johnson and Lesha of Amarillo visited his mother, Mrs. W. A. Johnson in the Woods Rest Home in Vernon last weekend and spent Saturday night with Mr. Johnson in their home here.

Mrs. Pearl Moore was admitted at the Crowell hospital Friday. She is reported to be improving satisfactorily.

Burl and Robert Abston visited several cousins and other relatives at Granite, Ok., last week. Ed Payne has been a

patient in the Crowell hospital several days. Murl Moore is a patient there also at this time and doing satisfactorily.

Mrs. W. A. Johnson has been moved from the Vernon hospital to Woods rest home and is reported to be doing satisfactorily.

The Fred and Beverly Gray families continue to visit their mother, Mrs. Pearl Gray in the Woods convalescent home in Vernon. She is reported to be improving nicely.

Weekend visitors of Mr. and Mrs. Clyde Self and Mr. and Mrs. T. R. Cates were Mr. and Mrs. Elmer Lawrence of Mineral Wells and Mr. and Mrs. Garnett Gilbert of Denton.

Mr. and Mrs. Virgil Smith of Commerce visited Mrs. Fay Whitman and the Eldon Whitman family recently.

Miss Oneta Cates of Abilene was a weekend visitor of Mrs. Fay Whitman. They visited their mother Mrs. Thornia Cates in Quanah also.

Mr. and Mrs. Bill Ford of Cheyenne Wyo., and Mrs. Lena Thompson of New Castle Wyo., were weekend guests of Mr. and Mrs. Oran Ford. They were enroute home after visiting their sister, Mrs. Gertrude Hogue of Brownwood who is seriously ill.

Mr. and Mrs. Clyde Self honored their son-in-law T. R. Cates with a birthday dinner Friday, Jan 24. Others present for the occasion were Mrs. Cates and Mr. and Mrs. Mike Cates.

Mr. and Mrs. Sam Washington, who are spending the winter in Texas are visiting her sister Mrs. Lee Sims and Lee.

Clyde Self visited John Warren in Crowell one day last week. We are happy to report that Mrs. Sam Kuehn is slowly recovering from serious injuries suffered several weeks ago in a car-truck accident. She was able to attend church, Sunday.

Mr. and Mrs. George Streit of Lockett and Mr. and Mrs. Poogie Miller of Vernon visited Mr. and Mrs. Jake Wisdom and girls Sunday.

In Texas 146 counties have infant death rates higher than the national average. (The national death rate for children under age 1 is 18.8 per 1,000 births.) Twenty-three counties have rates twice that of the U.S.; three counties have rates three times as high. Source: "The Darker Side of Childhood," published in 1974 by the Texas Department of Community Affairs, Office of Early Childhood Development.

For infants under one month old in Texas, the death rate is higher in 136 counties than for the nation as a whole. (The national death rate for children under 28 days old is 13.7 per 1,000 births.) Twenty-eight Texas counties have rates twice that of the nation; seven counties have rates three times as high. Source: "The Darker Side of Childhood," published in 1974 by the Texas Department of Community Affairs, Office of Early Childhood Development.

The March of Dimes supports programs for intensive care of "high-risk" pregnant women and sick newborns to help improve maternal and infant health.

Hunting Bigger Bargains

MOST OF US are always on the trail of better values... more for our money.

It's an entertaining habit, and—if we play it right—it gets us more of the comforts and conveniences of modern living.

Of course, the first principle of successful hunting is... do it where the fattest game is... even if it's on your own doorstep. Being away off somewhere else doesn't make a rabbit... nor a dollar... any bigger.

That's why Hunting Bargains at home pays off best. Because that is where the biggest

bargains are... even if we do get lured off to other fields sometimes by the siren calls of big-city operators.

Why are the Biggest Bargains in our own home stores and service establishments?

It's fundamental economics:

A dollar spent at home gets you the same goods at about the same prices... but in addition it also helps to support the growth of your own community... for more vigorous schools and churches and other community services... for YOUR enjoyment and profit.

It Pays to Buy Where You Live

COLUMBIAN CLUB
On January 22 the
olumbian Club met in the
ome of the president, Mrs.
len Shultz, for a travel
ogram.
After the reading and
approval of the minutes, a
ort business meeting
cluded officers reports and
e acceptance with regrets
the resignation of Mrs.
R. Magee as a member of
e Columbian Club.
For the program, Mrs. W.
Schoolcraft told of her
vels as a service man's
je. In a most interesting
d entertaining manner,
e told of the beautiful
ery, the historical spots
the U. S. the family had
ited as they crisscrossed
ation east to west and
th to south 29 times in 25
ars. She also told of
using and sometimes
strating experiences in
uring suitable quarters as
l as different foods that
staples in some localities
almost unheard of across
e nation.
Next meeting is set for
p. 5 with Mrs. W. O.
cker. During the social
ing the hostess served
licious refreshments to
e members.

GAMBLEVILLE H.D. CLUB
Mrs. Henry Johnson gave
the program "Focus on
Energies" when the
Gambleville H.D. Club met
in the home of Mrs. Warren
Haynie January 24th. Mrs.
Johnson read several
humorous ideas that were
sent to the president. Ideas
Mrs. Johnson gave for
getting the most per kilowatt
hour from your range,
refrigerator and freezer are:
Plan meals that can be
completely in the oven. Cook
double or triple batches of
food and freeze part of it;
Match pots and pans to the
size of burner. A pot that is
smaller than the burner
wastes energy. Cool hot
foods before putting in the
refrigerator or freezer and
thaw frozen foods before
cooking. Use small
appliances such as an electric
frying pan or toaster oven for
specialized jobs and cooking
small quantities of food.
Mrs. Johnson stated that
proper care of appliances
conserves energy, too. So
read your appliance manual
to learn the best way to care
for each appliance.
Mrs. James Sandlin,
president, opened the meet-
ing on time and Mrs. David
Scott led the group in a quiz
on American history. Roll
call was answered with
"How do you Conserve
Energy?" by ten members
and one visitor, Mrs.
Kenneth Carroll of Gilliland.
The alternate council
delegate, Mrs. Clarence
Garrett gave the council
report.
Names for secret pals were
drawn and Mrs. Dink Woods
drew the hostess gift.
The next meeting will be
February 7th in the home of
Mrs. David Scott and Mrs.
Clint White will give the
program on "Gyps and
Frauds".
Visitors and new members
are always welcome.

Extension Agent

With the current food
prices, homemakers want to
retain the freshness and
quality of all foods
purchased. One means of
achieving this is through
proper storage.
Foods vary in the degree of
temperature and the amount
of moisture needed to retain

**Senior
Citizens Have
Meeting**

The senior citizens met in
their regular luncheon
meeting Tuesday with thirty
members and four visitors
present. Rev. and Mrs. Joe
Ainsworth brought a
devotion and special music
for the day's program.
At the meeting Tuesday,
the group voted to adopt the
name "The Busy Bees" and
will get a pin for each
member. A chili and stew
supper was planned for Feb.
27 at \$1.25 per plate at the
center from 5 p.m. to 8 p.m.
A work day was set for
Thursday, January 30, at
2:30 p.m.
Happy birthday was sung
to Jewell McRae, Dink
Woods and Jennie Hanks
and others with January
birthdays. A get well card for
Ed Payne was signed by all
present.
The club's motto is
"People need people."

STUDY GROUP MEETS
The Extension Home
Economics Group met
Monday evening, January 27
in the home of Sally Sowell.
The program on Selecting
and Buying Food was given
by the extension agent. A
skit entitled, "Oops, We'd
Better Go Shopping" was
read by the members. This
led to discussion on
comparative shopping, read-
ing nutrition labels, and food
budgeting.
Refreshments were served
to Sandi Adcock, Mary Sue
Adkins, Martha Brock,
Kathy Carroll, Margie
Johnson, Glenda Pittillo,
Martha Kay Welch, and
Sally Sowell. The next
meeting will be in the home
of Sandi Adcock on February
24 at 7:00 p.m.

**LVN School Capping Ceremony
Held Here Saturday Night**

The twenty-one members
of the seventh annual class of
the Greenbelt School of
Vocational Nursing received
their caps in impressive
candlelight ceremonies held
last Saturday night at the
First Christian Church in
Crowell.
The capping ceremony
marks the beginning of the
second phase of a year-long

Hints for Homemaker

Although most fresh,
perishable foods keep
longest and best in the
refrigerator, certain varieties
of apples and root vegetables
keep well in a cool cellar.
Citrus fruits are best stored
at a cool room temperature.
Sweet potatoes, squash, and
rutabagas store best at a cool
room temperature (around 60
degrees F).
Leafy green vegetables
keep their crispness and
nutrients best at a cold moist
environment, preferably in a
plastic container or crisper.
Any refrigerated food that
may lose quality through
drying should be kept
covered.

Many products are now
dated; the consumer has an
idea as to the length of time
they may be sold. Most dairy
products, packaged meats
and cheeses are dated.
Breads may be stored in
their original wrapper in a
breadbox or refrigerator.
Bread keeps its freshness
longer at room temperature
than in the refrigerator.
Cereal, flour, spices, and
sugar should be stored at
room temperature away from
the heat of the range or
refrigerator units. Store in
tightly covered containers to
keep out dust, moisture, and
insects.
Most fats and oils need
protection from air, heat, and
light. Fats and oils in
partially full containers keep
longer if transferred to
smaller containers with little
or no air space.

TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—Gov. Dolph
Briscoe served up a smorgas-
bord of legislative recommen-
dations which could keep
lawmakers jumping for the
next four months, even if
they had no proposals of
their own.
Briscoe offered a 10-part
package, assigning top priority
to complete restructuring
of the public school finance
system and again serving
warning he will not approve
a tax bill.
He said he hopes the 64th
Legislature will be known as
the "Public Education Ses-
sion."
The governor made no
mention of two much-discus-
sioned issues: Constitutional
revision and creation of a
public utilities commission.
He called for the "weight-
ed pupil approach" to dis-
tributing state aid. That
would base state and local
spending on actual cost of
instructional programs geared
to individual district needs
and measured against the
best 42 districts. The local
district's ability to pay
would be based on taxable
value of its property.
Briscoe placed heavy em-
phasis on legislation to as-
sure individuals' right to
privacy.
He drew some of his best
applause with proposals to
expand powers of the Co-
ordinating Board, Texas Col-
lege and University System,
to give it a veto over new
higher education construction
programs and creation of
new departments. Many col-
lege boards of regents can
be expected to fight the bill.
The Governor's many rec-
ommendations included re-
peal of the state sales tax
on utility bills and steps to
remove problem drivers from
the road.
COMMITTEES NAMED —
The decks were cleared for
action in the House of Rep-
resentatives with Speaker
Bill Clayton's appointment of

standing committees which
process legislation.
Clayton named Rep. Bill
Prenal of Bryan, 42, chair-
man of the budget-writing
Appropriations Committee.
Prenal is a conservative
cattleman, and called for a
tight-fisted approach to
spending.
Rep. Tom Massey of San
Angelo, another conservative,
will be chairman of the
Public Education Committee,
which will process school fi-
nance reform measure. Rep.
Fred Head of Athens was
designated chairman of the
Higher Education Committee.
Rep. Tom Uher of Bay City
will head the workhorse
State Affairs Committee.
Rep. Ben Grant of Marshall
will chair the Judiciary Com-
mittee.
Rep. Fay Hutchison will
be chairman of the Constitu-
tional Revision Panel; Eddie
Bernice Johnson of Dallas,
Labor; Tom Craddock of
Midland, Natural Resources;
Craig Washington of Hous-
ton, Criminal Jurisprudence;
Luther Jones of El Paso,
Elections; Bill Sullivant of

Wood Nursing and Convalescent Centers

Gwynna Marie Stofel—Administrator Of No. 1
Mary Morgan—Administrator Of No. 2

The Wood Nursing and Convalescent Centers are located at 1001 Louise (No. 1) phone 663-5371 and 1106 West 14th (No. 2) phone 663-3369 in Quanah. Here they offer complete care of the aged, sick, and convalescent.

Because of the State Vendor Program anyone can afford the quality care offered by these nursing and convalescent centers. Call or go by and visit these centers for information.

These nursing and convalescent centers are well located, have plenty of

sunshine, never enough noise to bother the sick, yet near enough to town so friends and relatives of guests can call without inconvenience.

Heating, ventilation and sanitary arrangements are most completely planned for the comfort of each resident and all methods are approved by the supervising medical authorities.

All rooms are light and cheerfully decorated, and have that home atmosphere which has a good psychological effect.

Their food is prepared by a

specialist on diets under the most sanitary conditions, giving the residents well balanced meals, nourishing and appetizing, for rebuilding the health and strength so necessary for the inactive person.

This and the surrounding territory is very fortunate in having nursing and convalescent centers. "So like a home." The authors of this 1975 Review are proud to make particular mention of this well-run nursing home who open their doors to all.

Many times structures are in good condition and solid throughout before they are moved, but literally fall apart during moving because they are handled improperly. You

need not be afraid of anything like that happening to your house when you call this reputable firm. It is to your advantage to have an efficient mover take care of all your building moving problems. There is no one in this community who has met with more success and can be considered more reliable than this company.

The composers of this 1975 Review suggest you call the Frank Key—House Movers, Phone 552-7071 and get his quotations on price before doing any house moving.

FRANK KEY House Movers

Frank Key—Owner

PIZZA POINT RESTAURANT

Don Propes—Manager

Don't let anyone kid you about who has the best pizza in town. People around these parts know from experience that the best pizza is served by the Pizza Point Restaurant located at 3205 South Frontage Road in Vernon, phone 553-3322.

Through the use of their guarded recipes and finest

quality ingredients this pizza parlor offers this area authentic old world pizza in many delicious flavors that you can either eat here in the quaint atmosphere or take out to go.

The management here has made it a point to hire people he can trust to give you friendly service and the

prices are very reasonable. What would you do without your soft drink?

For delicious pizza return for again and again the compilers of this Review heartily suggest the Pizza Point Restaurant compliment them for fine food and service.

Quanah Federal Savings and Loan Association

A Division of First Federal Savings and Loan Association of State
John Harrell—President
J. S. Gilliland—Vice President and Managing Officer

The Quanah Federal Savings and Loan Association is located at 313 South Main in Quanah, phone 663-5388. This institution is one of the cornerstones of the financial structure of this community.

If you have money you'd like to save or invest, you should investigate the advantages this Savings and Loan Association can offer you. It is well known in this

territory for reliability and many have found their desired method of saving through them.

Here you can save by mail at your convenience. Save the convenient, profitable way at the Quanah Federal Savings and Loan Association where accounts are insured to \$40,000.00 by SLIC.

They offer a way for reliable people to secure loans in a businesslike

manner, without imposed upon in any way. You will be most pleased with this modern establishment. The authors of this Review are pleased to endorse the policies and reputable savings institution and urge readers to take the advantage of their friendly services.

Locklear Bonded Roofing Company

Gus Locklear—Owner

Roofs are very important in the preservation, the beauty, and durability of your home or business. Don't delay having your roof repaired, the Locklear Bonded Roofing Company at 920 Bentley in Vernon, phone 553-3771, can repair or re-roof your home or business at prices to suit your pocketbook.

Many people do not know just what type of roof they should have on their home to add to its beauty and durability. This firm will explain the various roofing materials and their advantages to you. They have varied selection of materials and color from which you may choose.

These workmen have had years of experience and give personal attention to every job. If you are a member of this firm or stop by the office and they will gladly estimate. The writers of this Review wish to recommend this prominent firm to our readers for all their work.

"Serving The Vernon Trade Area Over 65 Years" OLIVER'S SADDLE SHOP

Billy Oliver—Owner

You will find the finest custom made saddles and leather goods in this area at Oliver's Saddle Shop in Vernon located at 3301 Wilbarger, Telephone 552-5420 and learn about their competitive prices.

Made to order saddles are featured here with first grade saddle skirting for durability and comfort. They are hand crafted by highly skilled saddle makers assuring you of the finest quality available.

A complete line of

accessories and other leather goods are also sold at this establishment. Here you'll find bits, spurs, bridles and other items. As a special offer Oliver's Saddle Shop will discount 10% off any of their custom made name belts to anyone presenting this ad. Offer good only until February 28th. So come in and pick up one of these beautiful handcrafted leather belts, and look over all their many quality leather goods.

They have built a fine

reputation in this area by selling only high quality merchandise.

For saddles and accessories, this 1975 Review and its composers believes you will enjoy doing business with this reputable firm. This is why we suggest you make them your headquarters for all leather goods and accessories.

Oliver's Saddle Shop would like to thank everyone for past business and sends regards for a safe, prosperous 1975.

Hardcastle Ag-Air Inc.

"Serving Foard, Wilbarger & Hardeman Co's. For Over 12 Years"
Harold Hardcastle—Owner

The special attention of our readers is called to the services provided by Hardcastle Ag-Air Inc. located at Lockett Community Airport Southwest of Vernon, phone 552-9591.

The Owner, Harold Hardcastle, is a graduate entomologist and is fully qualified to advise farmers as to the proper method of spraying or seeding that's best. Give them a call and they will come out and look over the area and analyze the situation. Phone 552-9591 or 552-7758.

Aerial crop seeding and spraying is rapidly becoming more and more important to ranchers and farmers everywhere. A sudden plague of harmful insects can be quickly and easily destroyed by an airplane. This firm also renders a service for seeding and fertilizing. In just a few

minutes an airplane can effectively cover a large area. You are cordially invited to call for information or estimates.

Now is the time to investigate the many advantages of aerial crop dusting and seeding by writing or calling the Hardcastle Ag-Air Inc. Don't lose a complete crop when for a small amount you can save it with this service from this reliable, well qualified company.

You can dust or spray crops more economically and effectively with an airplane than from the ground, especially over large areas. Farmers in this area have also found the airplanes spray weed-killing chemicals, pollinate plants and scatter seeds.

We, the writers of this 1975 Review, sincerely recommend this firm.

ACE FENCE COMPANY

Floyd Bohannon—Manager

For residential, commercial, or industrial site fence contracting, call the Ace Fence Company at 1218 Pearl in Vernon phone 552-9551.

This contractor is well recognized for his high standards of work and ability to complete the job in the time allotted.

No matter what type of

fence you need, this contractor has had previous experience with it and can assure you of a first rate job at the lowest price possible.

He hires only fully qualified men to assist him in his work and they use only the latest approved methods of installing your particular type of fence.

The reputation of this

contractor speaks for itself when you stop to consider the ever increasing number of people he is fence contracting for. We, the compilers of this 1975 Review, suggest to our readers that they contact the Ace Fence Company for a job they know will be done properly.

"Over 25 Years G.M. Experience" Edwards Auto Center

James Edwards—Owner

Due to the sudden dip in our economy and the increase in new and used car prices, many people can see the advantage of keeping their present car or truck and having it repaired.

When the people of this area look to someone to take care of any mechanical problems they might have with their car or truck, they generally head straight for the Edwards Auto Center at 1307 Main in Vernon, phone 552-9451. They have equipped their garage with the latest tools and machinery, including "Sun" diagnostic tune-up equipment. They also specialize in automatic transmission repair and service.

With the automobile as complex as it is today, you owe it to your car to let these qualified people take care of the problem. This well known shop specializes in all types of expert automotive repair and service. They use only the latest equipment and handle any size job in the shortest time at the most reasonable rates.

In this 1975 Review, we the compilers, take great pride in representing this reliable shop to the readers of this Issue. When you take your car to the experts at the Edwards Auto Center you can be assured that the work is done according to factory techniques and that you will not have to take it back to them a second or third time for the same problem.

Sheppard's Village Inn Restaurant

Blackie and Opal Sheppard—Owners
Specializing in Hickory Broiled Steaks, Bar-B-Que and Mexican Food

When the people of this area are sitting back and relaxing in comfortable friendly surroundings to enjoy a mouth-watering, taste tempting steak dinner, they are probably sitting in the pleasant surroundings of the Village Inn Restaurant located at E. Frontage Road—287 Expy. E in Vernon, phone 552-6952.

This well known steak

house is known in this area as the finest restaurant to obtain a delicious steak prepared exactly the way you want it, and served with all the trimmings.

When the owner here decided to open, he had one primary goal in mind, and that was to offer the people of this area the finest food, served among friendly people in a pleasant atmosphere.

and always with the service in town. The he has achieved just that is evidenced by the returning number of that have made the inn their place to dine. The editing staff of the 1975 Review would like to take this opportunity to recommend this steak house to all of our readers.

B & L TRACTOR COMPANY

To be efficient, a piece of farm machinery must be built to stand the rough use necessarily involved in the working of farm lands. The B & L Tractor Company features the famous John Deere line of farm machinery which has stood the test of years of rugged usage and has proven satisfactory in every phase to the farmers in this area. They also feature a complete parts and repair department so that when your equipment needs repair, they can give you the best service in the shortest time at the least possible expense to you.

In three short years this widely known firm has established itself as one of

the finest service oriented organizations in this entire area, and have supplied our area with John Deere tractors and implements that are by all means some of the best to be had. Their experience places them in a position to give advice in the selection of implements and tractors most advantageous to the farmer's particular needs.

John Deere tractors and farm machinery have played an important part in the development and expansion of not only our area, but the entire United States. Farmers and agriculture in general has looked to the

name John Deere for 130 years.

Be sure and contact first when in the market any type of farm equipment. Just call for information stop in the next time you are in the area and let your representatives give you the advantage of John Deere equipment on your farm on a really good basis.

In this 1975 Review the transcribers, suggest you depend on the Tractor Company at College Drive in Vernon phone 552-6244, for all farm equipment purchases, repairs and service.

North Texas Alfalfa Mill, Inc.

Mrs. W. B. Johnson and H. N. Ekern—Owners
Paul Bax Ekern—Mgr. Mike Coates—Asst. Mgr.

The experienced people at the North Texas Alfalfa Mill, Inc., located at East Hiway 287 in Vernon phone 552-5471 are well known in this part of the state for their ability to feed livestock and get them in condition so they will bring the highest market prices.

Here you will find a feed lot with up to 15,000 head capacity, with over a thousand acres of irrigated Bermuda grass. North Texas Alfalfa Mill, Inc. is part of the Johnson-Ekern Ranch and has served this area since the early 40's.

Livestock are then shipped to various packing plants throughout the Southwest. Plants such as Wright Packing and Tyler-Pack, John Morrel and Neu Hoff Packing Plants, and Berry Pack in Louisiana. Experienced capable men

will feed your livestock with high grade feed blended to make them attain the highest weight in the shortest time. Your cattle will also be frequently examined for disease, and properly vaccinated and treated to protect your investment.

They are familiar with many buyers around the country and always assure you of finding markets for your cattle. They will also supply cattle on an individual basis and arrange for you to have it killed and processed.

This company has always assisted materially in the growth and expansion of this area as a trade center. Here, you are assured of honest weights for livestock. This company conducts a business that is of high commercial value for the public. Remember this fact—if the farmer of this community

were compelled to ship livestock elsewhere, would fall short of getting prices obtained at the Texas Alfalfa Mill, Inc.

The editors of this Review suggest to the people of this area who are either for their personal or for market, that they consult the experts at the North Texas Alfalfa Mill, Inc. to handle the job quickly and at the lowest cost per pound gained. We commend them for their honest and business practices and service offered to the livestock in this area.

The owners, managers and employees appreciate everyone's business over the years, and take opportunity to extend regards for a safe and prosperous 1975.

Rolling Plains Implement Co.

"Jack Handley—Owner"

This well known firm located at 300 East Wilbarger in Vernon, phone 552-2811 is the dealer for the famous Allis Chalmers tractors, farm implements, and lawn and garden equipment.

Allis Chalmers has gained a reputation as one of the finest manufacturers of quality, thoroughly tested tractors and farm machinery on the market today. From the largest farm tractor down to the smallest piece of lawn or garden machines, Allis Chalmers can be depended

upon. Be sure you see this firm first when you buy farm equipment. They have had years of experience in furnishing just the right machine for the job. Stop by your next time in town and let one of their friendly representatives point out the advantages of owning Allis Chalmers equipment.

They also have one of the finest repair shops in this area for fixing any part of your tractor or farm equipment. They have men in their employ who are

experts in this line. Whenever you have a breakdown with your farm machinery, or are in need of parts, see them first.

We, the authors of this 1975 Review, wish to point out the fine reputation the Rolling Plains Implement Co. has built. Trade with a firm you can depend on.

The management and employees take this opportunity to thank all our customers and friends and hopes that everyone will enjoy a safe and prosperous 1975.

QUANAH FLYING SERVICE

Bob Daniels—John McSpadden

In the field of technological advance, certainly aviation must be at the top of the list. In its short, but eventful history, flying is now considered an every-day way of life. Business men and private individuals alike now enjoy the expedience and pleasure of flying both on a business and recreational basis.

Expert flying instruction is offered in this area by the Quanah Flying Service at Quanah Airport in Quanah. Telephone 663-2311 and learn about their competitive rates from Federal Aviation Administration licensed flight instructors.

Flying lessons from this approved school are conducted in modern aircraft

and include all the information you need to become a qualified pilot. They use the renowned Piper Cherokee for in-flight training and has been proven over the years as one of the outstanding aircrafts for training.

Instructors here will show you how to obtain weather forecasts and how to interpret weather maps. Soon you will be able to formulate your own weather forecast from available information. This school also covers all the details necessary to help you pass your written examinations for becoming a licensed pilot, along with the practical experience of actually flying, learning the instrument, and all mechanics that it takes to

make a good pilot.

You will find qualified men capable of discussing your flying desires whether it be for the many advantages in business or for private recreation. They are dealers for the famous Piper airplanes, known as leaders in aviation. Quanah Flying Service has gasoline and servicing available 24 hours a day, and access to an enterprise number at Childress for information pertaining to meteorological conditions, air traffic, etc.

The editors of this 1975 Review suggest you contact the Quanah Flying Service for information on rates, schedules, and facts pertaining to the wonderful world of flight.

Action Laundry and Dry Cleaning

Don and Pat Koon—Owners

This well-known laundry is located at 2223 Texas Street phone 553-3451 in Vernon. They launder clothes in a manner that no home methods can equal. They give personal attention to every item. If you are particular about the way you want your linens and clothes to look, you will be pleased with their services.

For your convenience, they feature wet wash, rough-dry, and finished work service. You can bring all your family's wash to this reliable laundry and then, the next day, pick them up completely finished and ready to wear.

They can do your laundry at a very low price because of their large volume of business and the very latest equipment.

Don't be tired and out of sorts with your family and do like so many of your neighbors are doing: take your clothes to the best laundry in this section, the Action Laundry and Dry Cleaning at 2223 Texas Street. Phone 553-3451 for pick-up service. They also have one day dry cleaning service available.

The copyists of this 1975 Review give them our fully endorsed recommendation.

PROPERTY TAXES TO BE DISCUSSED

A discussion of property taxation will be one of the critical issues headlining the 17th annual County Judges and Commissioners Conference at Texas A&M University, Feb. 5-6. Other discussions will deal with predator problems, revenue sharing, inflation, the American Bicentennial, community resource development, management of county personnel, and the land price situation.

Heatly Co-Sponsoring Bill in Legislature

AUSTIN—Representative George L. Preston of Paris introduced a bill this week to prohibit purchases of imported meat by state institutions.

Co-sponsors of the bill are Senators A. M. Aikin of Paris and William T. Moore of Bryan, Representatives W. S. (Bill) Heatly of Paducah and John Wilson of La Grange.

The purpose of the bill is to increase the consumption of domestic meat in an attempt to aid the failing livestock industry in the state. This bill would affect institutions such as colleges, prisons, and hospitals. Bids will be accepted only on fresh or frozen meat grown and processed in the U.S. The states of Missouri and Colorado have recently instituted such regulations.

The USDA has estimated that beef and veal imports to the U.S. totaled 1.1 billion pounds in 1974.

Various livestock groups have appealed to the Federal government to institute embargoes on meat imports; however, voluntary restraints from the importing countries have been called for in most cases. Imports decreased slightly in fiscal year 1974, but beef production has increased sharply.

Surplus removal and culling of dairy herds add to the current high beef output. High prices of feed and fuel coupled with low market prices have created severe losses for Texas livestock producers.

The large export markets are virtually closed now to U.S. exporters. The European Community reduced 1974 imports to 1 percent of domestic consumption. Japan and Canada both have set restricting quotas or bans on U.S. imports.

Most of the imported meat sold in the U.S. is produced in Mexico, Canada, Argentina, Australia and New Zealand.

Summary Given of 1974 Accidents

The Texas Highway Patrol investigated no accidents on rural highways in Foard County during the month of December, 1974, according to Sergeant Billy Dean, Highway Patrol supervisor of this area.

The rural traffic accident summary for this county during the year of 1974 shows a total of 11 accidents resulting in two persons killed and six persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for December, 1974, shows a total of 598 accidents resulting in 11 persons killed and 340 persons injured as compared to December, 1973, with 499 accidents resulting in 17 persons killed and 277 persons injured. This was 99 more accidents, six less killed, and 63 more injured in 1974 at the same period of time.

The 11 traffic deaths for the month of December, 1974, occurred in the following counties; three in Potter; two in Haskell; and one each in Clay, Garza, Lamb, Moore, Randall, and Wheeler.

LETTER TO EDITOR
Foard County News,
Sirs:

Enclosed is a check for my subscription renewal for 1975.

Always read names of several years ago; then too pictures appear ever so often of people I've known.

Enjoy this weekly letter very much.

Sincerely,
Mrs. C. S. (Sarah Shaw) Mears, Palmdale, Ca.

Duplicator ink.—News office.

FARM CENSUS TIME AGAIN—Farmers and ranchers throughout the United States are being asked to report on their agricultural operations during 1974. The 1974 Census of Agriculture is the 20th nationwide farm census since the first one in 1840. Report forms are mailed out in January and the Bureau of the Census would like to have them filled out and mailed back promptly. All information is confidential by law. The results, published only in statistical form, provide the yardstick by which American agricultural advancement is measured every five years. No information can be released which might reveal the operation of an individual farmer or rancher.

District Agent Gives Crop Report

Moisture is reported adequate in most counties of Extension District 3. A trace to two or three inches of snow fell in ten counties over the weekend of January 11 and 12, Ed Garnett, district extension agent, says.

Counties averaged only four days open to continue cotton harvest and other activities including crop land preparation and feeding and caring for livestock.

Small grain is reported in fair condition and making slow progress due to the cold weather. Several counties indicate that moisture is needed. Most small grain has been heavily grazed. Light rust damage was reported in a few counties, and greenbug damage is light to heavy in five counties.

Grazing on native pasture is short, some is available on small grain, and supplemental feeding continues in some counties.

Livestock is in fair to good condition, with some shrinkage. The market appears steady, although prices are low. There was some increase in marketing stockers reported in one county.

James Condon Roofing and Company

James Condon—Owner

The James Condon Roofing and Company is located at 4126 August Street in Vernon, phone 552-5563 or 552-7694.

This firm has made a most exhaustive study of the roofing problems of this particular area and has looked over the entire field of roofing as presented by the various manufacturers. They have selected most artistic types of roofing and will be glad to go over any property you may have in mind and design, color, and type that will be the most durable and attractive for your needs.

A good roof enhances the value of property, and if you ever want to sell, you will find that an attractive, durable roof will make your home or business more desirable.

Their employees are men who most thoroughly understand the work and who are careful to see that all roofing is correctly and accurately put on.

In this area the authors of this 1975 Review suggest you call the James Condon Roofing and Company for all your roofing needs.

Ratel Communication

Mobil Telephone Service
Ralph Parker—Owner
Evalea White—Office Manager

When in need of this service, call on this firm and you will be more than glad to do business with them. They are located at 2227 Clar in Vernon, phone 552-7682 or 723-7155 in Wichita Falls. They feature Mobile Telephone Service—"Your Office on Wheels." That much discussed word, "service," finds true meaning in the friendly atmosphere that envelopes every customer of this popular firm because service is interpreted in so many ways that it may well be said to be the sign manual of the institution.

Ratel Communications provides communication between your mobile telephone and any telephone reached by the Bell System or between two mobile telephones. Call them today for information on how YOU can improve your communications system.

Fair and honest business methods at all times along with individual service to every patron has established for this firm a trade that has extended throughout the surrounding territory.

The drafters of this 1975 Review wish to take this opportunity to congratulate the management of this reliable firm on their policy of fair dealings.

Archie Scott Cars, Trucks & Auto Parts

"Serving Our Area Since 1939"

With the price of auto parts as high as they are today, the average person cannot afford to keep his car in the best of repair, unless he is a wise owner and saves his money by selecting his parts from the Archie Scott Cars, Trucks & Auto Parts, located at 428 Wilbarger in Vernon, phone 552-5525. Here they are featuring for as long as the supply lasts a good selection of "8 track stereo tapes." For just \$1.25 choose from many categories: country and western, Mexican music, religious and pop.

These men are experts in their field and can help you select just the right part to fit any particular project. They keep in stock a complete line of good used engines, and with their use you can save many dollars over having your present engine overhauled. If they don't have the part you need, they'll get it for you through their "Hot Line" service at no charge to the customer. This "Hot Line" carries 186 locations in six states.

From generators and alternators to transmissions both standard and automatic this firm can supply you with practically any part you might need. They never sell parts they know are worn out or damaged without first telling you the condition of what you buy. Look over their selection of good used cars, at affordable prices.

We, the writers of this 1975 Review suggest to our readers that they save their money by selecting good used parts from this reliable concern. Remember the name, Archie Scott Cars, Trucks & Auto Parts.

Greenbelt Dehydrating Co.

"Serving the Vernon Area Over 32 Years"
Charles Schmoker—Owner

The Greenbelt Dehydrating Co. is located in Lockett Community, phone 553-3192. Here they feature high quality "ACCO" feeds and animal health products.

Here you will also find CFI wiring, irrigation equipment, and Olin Amos fertilizers.

If you are a rancher or farmer, no doubt you are always in need of feed for livestock. To get the desired results from feeding, you must first be sure you are feeding the right thing. Here you'll find men who are well qualified to advise you on the proper feeds you should use. It is not the amount given that counts, instead it is the nutritive value of the feed you're using. You can save a lot of money on your feed bill if you use only those feeds that are high in proper nutritive content. Acco feeds are known as the paymaster of the industry and are a superior quality livestock product.

For all your livestock feed as well as farm supplies go to the Greenbelt Dehydrating Co. or phone 553-3192.

In this 1975 Review, we, the developers, are happy to have such a firm as this to recommend to all our readers.

The owners and employees appreciate the business received over the years and take this opportunity to thank everyone and wish a safe, prosperous 1975 to all.

Santa Rosa Construction Co.

Joe Latour—Owner
"Complete Building Service"

Now is the time to stop contemplating alteration work in your home or office and just pick up the phone and call the Santa Rosa Construction Company, phone 552-2253, in Vernon, located at 3316 Wilbarger. This contractor is well recognized in this area for his fine skilled work and reasonable rates.

No matter what you need to have done, whether it's just a simple panel job or you need the entire interior of your home or business redone, this contractor has the experience and ability to handle the job properly.

For the best in custom home building, see Santa Rosa Construction Company. They know the materials necessary for construction and best suited to the individual's needs in the different parts of the home, and they have a thorough knowledge in such matters as availability of utilities, landscaping and home beautification. Bring your plans to Santa Rosa Construction Company or let their complete planning service design just the home you want on your choice of locations.

He makes a point of hiring only well qualified men to assist him and you can be assured of a professional job, carried out with high quality materials, and completed in the shortest time possible at realistic prices.

The writing staff of this 1975 Review take pleasure in recommending this fine contractor to our many readers and suggest that you remember to call the Santa Rosa Construction Company for a job well done.

BROWNING BODY SHOP

"If You Can Bend Um—We Can Mend Um"
Kenneth Browning—Owner

In these days of inflation and uncertain economy, many folks feel it is wiser and certainly more economical to hang on to the old family car honest and fix it up inside practices and out. If you are among these economy minded folks and are looking for the right place to have body and refinishing work done, look no farther than the Browning Body Shop, located on East Wilbarger in Vernon, phone 553-3351.

Many people have looked far and wide for someone who does good body work.

The automobiles of today require a specialist to repair or replace body panels and to refinish them to their original beauty by matching the new paint perfectly with the original paint.

The personnel at this firm fully understand body and fender work as well as auto painting. These men have the know how and equipment to rework the metal and sand the surface until it's as smooth as glass before laying on the paint. They have gained a reputation second to none throughout this entire area. So whether your job is a small crease or a roll-over, we know you will be entirely satisfied with their work. They offer one-day service on any auto glass work, and all their work is backed by a conditional guarantee.

And, please remember that most insurance companies now permit you to choose the body shop you like best to repair your car, so choose them to do all your insurance work.

We, the editors of this 1975 Review advise you to see the Browning Body Shop for all your bent fenders or repaint work.

When service for which you cannot go window shopping such as compressing is needed, it then becomes more important to know the reputation of the firm with which you do business. The Vernon Compress Company located at 610 Deaf Smith in Vernon, phone 553-3324, is a firm with which one can do business with confidence and assurance of receiving satisfaction.

They know the business perfectly and insist that each job be perfect. They employ only competent, well trained men who have the desire to please every customer.

This firm is favorably known for prompt service and fair prices. Much of their popularity is due to the fact that they stand behind every job.

The composers of this 1975 Review suggest that you consider this reliable firm. We're sure you will be pleased with any work they do for you.

Vernon Savings and Loan Association

R. B. Tanner—President
Woody Lemons—Vice President
Steve Gray—Asst. Vice Pres.

A great many of us have had a yearning to invest in a home of our own, but money problems seemed to make it impossible. This community is fortunate to have in its midst a firm which can make just such a thing possible.

Come in or call and talk your problems over with the Vernon Savings and Loan Association located at 1725 Wilbarger in Vernon, phone 553-3362. The management has always had at heart the best interests of the community and has done its best at all times to serve the people.

They offer an excellent savings service. We have all promised ourselves again and again to start saving, but somehow we never quite get started. Don't wait any longer! Tomorrow morning go to the Vernon Savings and Loan Association and open your savings account with even the smallest amount. Then add to it regularly and watch it grow. It is insured by the SLIC to \$40,000.00.

The planners of this 1975 Review take great pride in pointing out this foremost concern and heartily recommend our readers discover for themselves the real satisfaction in their services.

Vernon Compress Company

Marvin Bishop—Owner

When service for which you cannot go window shopping such as compressing is needed, it then becomes more important to know the reputation of the firm with which you do business. GLOVER GRAIN & FEED

James Glover—Owner

Glover Grain & Feed is located at East Wilbarger in Vernon, phone 552-9622. Here they pay top prices to farmers for their grain, by the truck load only.

You can be sure that you will receive the best market prices for your grain, just straight forward, and above board policies this firm has established an excellent reputation in this part of the state and farmers and people generally have come to look upon it as one of the most important concerns in this area.

Glover Grain & Feed brings thousands of dollars into this community that would otherwise go to some other center if their policies and services were not satisfactory in every way.

It is with pleasure that we, the editors, endorse this fine firm in our 1975 Review.

14-inch Zenith color TV, only \$299.95.—Marion Crowell's Norsworthy Store, 48-tfc

Mrs. Jennie Hanks went to Dublin last Thursday for an extended visit with her daughter, Mrs. William Simmons, who came for her mother. Mrs. Hanks had been a patient in the Crowell hospital for several weeks.

Mr. and Mrs. Ronnie Bradford of Plano spent a recent week end here visiting his uncle and aunt, Mr. and Mrs. L. E. Painter, and other relatives.

Mr. and Mrs. A. B. Owens, Miss Cindy Tamplin and Mike Pope visited Mr. and Mrs. A. W. Owens in Wichita Falls Sunday.

Rev. Leonard Myers preached at the Margaret Baptist Church Sunday.

Mmes. Luther Denton, A. B. Owens and Bill Murphy visited relatives in Vernon Thursday.

Mrs. Ethel Jones of Clouderoft, N.M., visited here Wednesday of last week with her brother, Shelby Wallace, and Mrs. Wallace.

Mr. and Mrs. Ross Mitchell of Plainview and Delia Mitchell of Dallas visited Friday night with Mr. and Mrs. Foy McRae, Tommie and Bruce McRae and Mr. and Mrs. Marion Gentry and Dirk.

Bill Posey and son, Jim, have returned to their home in Crowell after spending several weeks visiting relatives in Missouri.

Mrs. Crews Cooper returned home Sunday after visiting Mr. and Mrs. Mike Sanders in Cleburne and Mr. and Mrs. Joe B. Turner and family in Houston.

Mr. and Mrs. Pat Smith and children, Lane and Kari, of Dawn spent the weekend here visiting Mrs. Smith's parents, Mr. and Mrs. Nelson Oliphant.

Mrs. Louis Rettig of Saginaw visited here Saturday with her parents, Mr. and Mrs. Foy McRae, Tommie McRae, Mr. and Mrs. Marion Gentry and Dirk.

Mr. and Mrs. August Rummel visited Sunday with Mrs. T. J. McGill and Mrs. Hattie Haseloff in the home of Mrs. Clara Schoppa at Lockett.

Mr. and Mrs. M. T. Gilbert and children of Paducah visited Mr. and Mrs. R. L. Hudgens Saturday. They all attended the capping ceremonies at the Christian Church in Crowell. Their daughter and granddaughter were one of the nurses.

Mr. and Mrs. Winfred Venable of Seymour visited Mr. and Mrs. R. L. Hudgens Sunday.

Mr. and Mrs. Bill Murphy and Carl Ingle of Quanah visited in Altus, Ok., Saturday.

Mr. and Mrs. Danny McRae and family of Lockett visited Saturday with Mr. and Mrs. Foy McRae, Mr. and Mrs. Marion Gentry and Dirk.

Andy Borchardt of Vernon is spending this week here visiting his grandparents, Mr. and Mrs. Henry Borchardt.

Bruce McRae of Kelly AFB, San Antonio, visited a few days with his parents, Mr. and Mrs. Foy McRae, Tommie McRae, Mr. and Mrs. Marion Gentry and Dirk.

Mrs. Charley Hill and Mrs. Bura Handley of Wellington, visited Mr. and Mrs. Bill Gafford Sunday afternoon and Monday. Mrs. Hill and Mrs. Handley are Mrs. Gafford's sisters.

Dried herbs are more concentrated than fresh ones. Texas Department of Agriculture home economists recommend using about 1/4 teaspoon of a dried herb for two cups of vegetable, adding it at the beginning of cooking. With fresh herbs, increase the amount to about 3/4 to 1 teaspoon for 2 cups of vegetable.

According to Texas Department of Agriculture home economists, sirloins with a long, flat bone are slightly more tender than others and have the largest portion of tenderloin.

Little Dribblers Draft of Players Held; Schedule Announced

Fourteen new players were drafted in the Little Dribbler league last Thursday night and the 1975 LD games will get started Thursday night, February 6. Starting time for games is 6:30, with games to follow at 7:30 and 8:30. Games will be played on Monday and Thursday nights continuing through Monday, March 10.

The fourteen new players in the league are Kevin Baker, Kim Baker, Freddie Collins, Jerry Ayers, Carl Field, Perry Lee Henry, Eddie Rodriguez, Van Coleman, Ronald Neal, Charles Coufal, James Garcia, John Kajs, Terry Ruckel and Tommy Ruckel.

The six teams will be divided into two divisions: American and National. The winner of each division will meet in a play-off at the end of the season to determine the league champ.

The American division will have the Frogs, Ponies, and Turtles, while the National will have the Roadrunners, Eagles and Hawks.

The Rotary Club of Crowell is again sponsoring the Little Dribbler program and Rotarians will be keeping the score, manning the clock and taking up admission at the door.

One team, the Roadrunners, will have new coaches this year. They are Rusty Russell and Bill Bell, who are replacing Freddie Prather and Dwain Boren. Members of the team are Dan Klepper, Joe Lee Brown, Ruben Santos, Tommy Russell, Joe Glenn Setliff, Eddie Rodriguez and Van Coleman.

The Turtles, coached by Gary Hobson and Keith McDaniel, has the following players: Guy Todd, Mike Branch, Jimmy Garcia, Dean Werley, Carl Field and Perry Lee Henry.

Jim Christopher is Eagle coach and he has the following team members: Ronnie Wasia, Scott Reed, Larry Criss, Ray Smith, Jeff Christopher and Vincent Anderson.

The Hawks, coached by Tommy Carpenter, has the following players: Ray Don Werley, John Halsell, Kevin Baker, Kim Baker, Freddie Collins and Jerry Ayers.

Marion Crowell, Frog coach, has the following boys on his team: John Henry McGee, Richard Westbrook, Ken Gentry, Lonnie Mitchell, Ronald Neal, Charles Coufal and James Garcia.

The Ponies, coached by Bud McLain and James Callan, is composed of Loyd Ray Daniel, David Dunn, Robert Newman, John Kajs, Terry Ruckel and Tommy Ruckel.

A complete roster and schedule of the season's games is printed in an ad in this week's News sponsored by Adkins 66 Oil and Gas.

Sweet And Sour... Meat Import Bill... Citrus Production Declines... Milk Production Drops... A Tearful Story.

Had the rest of the nation followed Texas in production of honey during 1974 there might have been some help for consumers in a substitute for sugar. Texas honey production in 1974 was up four per cent over 1973, but unfortunately honey produced throughout the nation was down 22 per cent in 1974 compared to 1973.

In Texas there were 210,000 colonies—the same as in 1973—and production totaled 10,290,000 pounds which was almost a half million pounds more than a year before. And while Texas honey bees averaged 49 pounds of honey per colony in 1974, nationwide honey bees averaged only 44 pounds per colony.

Producers had a sweeter price. They averaged 45.7 cents a pound compared to 43 cents per pound. All in all, Texas honey and beeswax value for 1974 was worth almost \$5 million.

A NUMBER of bills relating to agriculture will be introduced in Texas legislature. Among them is a bill which would prohibit purchases of imported meat by state institutions.

The bill would affect institutions such as colleges, prisons, and hospitals. Bids would be accepted only on fresh or frozen meat grown and processed in the United States. Similar regulations have been instituted in Missouri and Colorado.

Purpose of the bill is to aid the failing livestock industry in Texas. Beef imports continue to be a subject of immense interest to livestock groups who have tried to get imports sharply curtailed.

Only voluntary restraints from the importing countries have been made. Australia and New Zealand are the two major beef importing countries. Imports decreased slightly in fiscal year 1974 while beef production has increased sharply.

Livestock producers continue to be caught in a situation of higher production costs and huge declines in prices they receive for their cattle. Feeder cattle prices, for example, are two-thirds below parity.

IF YOU like Texas-produced citrus (and who doesn't?) you won't like the latest production estimate from the Texas Crop and Livestock Reporting Service on that commodity.

Citrus production in Texas now is estimated to be 27 per cent below last season. The small crop is the result of bloom damage received from a hard freeze during the winter of 1973.

Grapefruit production is expected to total 7.8 million boxes; this is 27 per cent under a year ago. Early and mid-season oranges are forecast at 3.6 million boxes, down 14 per cent. Valencia oranges are set at 1.9 million boxes, a 21 per cent reduction from the last season.

MILK production in Texas continues to take its lumps, too. Production in December is three per cent below a year ago. Nationwide, milk production is four per cent below what it was in 1972.

THE SPRING onion crop in Texas is now estimated at 17,500 acres, which is 3,500 less than in 1974. Seeding is virtually complete. Because of heavy rains at planting time, peak shipments of onions are expected to be later than normal this year.

Harvest of a few Lower Valley fields is expected to begin about mid-February.

Pesticide Certification Law Needed
AUSTIN--Certain restricted-use pesticides will not be available in Texas after October 1976 unless legislative action is taken in the next session.
According to Agriculture Commissioner John C. White, the action is needed for Texas to implement a pesticide certification program in compliance with the Federal Insecticide, Fungicide and Rodenticide Act of 1972.
Under the law every state must submit a plan for certifying applicators of restricted-use pesticides to the Environmental Protection Agency (EPA) during or before October 1975. The plan will go into effect a year after that date.
Certification will be necessary for commercial applicators, ranchers, apartment and individuals who use restricted pesticides to meet the needs of the public and to protect the environment where adverse effects are common only in certain areas.
The Texas Department of Agriculture is the agency responsible for carrying out the law in Texas.

THANK YOU
I would like to express my thanks and appreciation to the people of Foard County for all the help, cooperation and encouragement they have given me during the past 28 years as County Extension Agent of Foard County. I especially would like to thank County Judge and the Commission Court; Courthouse Personnel; Sowell, County Extension Agent Home Economics, my co-worker for the past year; Foard County 4-H members; Foard County Home Demonstration members; Crowell Independent School System; Foard County News; and Foard County Extension Agents in Home Economics who have served with me during time.
It has been a pleasure to work with all the farmers, ranchers and businessmen during these years.
I will always be grateful to the people of Foard County, and my retirement with mixed emotions. This is my home and I hop to continue to live and work with the people I love.
Joe Burkett

To the Taxpayers of Foard County and Crowell Consolidated Independent School District:
Each person owning personal and/or real property within the County of Foard or Crowell Consolidated Independent School District, is respectfully requested by Emmett Howard and J. H. Gillespie to come by the respective offices at his earliest convenience and render such property for the purpose of taxation.
The law, in effect, provides that all property shall be listed or rendered by the owner thereof, if he is of full age and sound mind, but when it becomes necessary for the respective tax assessors, their deputies or others who have to be hired for such purpose to seek out each property owner to secure individual renditions, the expense involved is greatly increased, and this additional expense is borne by the TAXPAYERS.
Your cooperation will be appreciated, AND IT WILL SAVE YOU MONEY. TRY IT!

Board Considers Greenbelt Water Funds

Editor's Note: The article concerning Greenbelt water system appeared in last week's edition. Since it is of interest to Crowell residents, it is being reprinted here.

Board of Directors of Greenbelt Municipal and Industrial Water Authority tentatively scheduled a meeting January 27 to consider the financing and operation of a \$1,454,700 improvement project.

The proposed improvement package, which involves seven different projects, would transform the city's water supply from gravity flow to a pressure-pumped system in order to meet the needs of the panhandle and turn it into a "Greenbelt."

Greenbelt Lake is located 10 miles north of Quanah in the resort area of Sherwood, Clarendon County Club, and Greenbelt Municipal and Industrial Water Authority serves the cities of Childress, Clarendon, Crowell, Hedley and Quanah.

In addition, the Authority is sole source of water for 60 ranches from the Greenbelt line and in 1969, the water lines running to the following rural areas: east of Memphis, Ill.'s Chapel, Newlin, y-Estelline, Tell-Cee-Route 5 of Childress, and west of Goodlett, and south of Quanah, of Crowell, Medicine d, Jugoe Public Con, Crisp Pump Station southwest of Quanah, of Community, Tabor Station, Carey and the Foad Country Club.

Through Greenbelt Water Authority has a permit to 8.5 million gallons per on a yearly average, per Jimmy Kuhn said, only 2.5 million is per day.

during peak water in the summer this, the Authority has 6.5 million gallons from the lake, 100 ent of capacity under present gravity flow.

though there was talk of a lake at the present site since the 's, and legislation authorized it in 1954, Greenbelt Lake was not built 1966. Due to the recent ghts, it is still not full. e lake level now 60.40 deep, 13.60 feet below service spillway, which ome into use when the passes 84 feet deep, holding 25,000 acre-the lake will fill an nded basin when full, ading some distance the present shores. The ce area will then be acres, and it will hold 0 acre-feet.

The Governor's Water ices Office says we to make our projections ars ahead," Kuhn said. nbel Municipal and rtrial Water Authority, id, has a permit to build ,000 acre-foot lake on Lake Creek, but he said will be 15 or 20 years in future.

h the present system y inadequate for pre-eds, much less for growth, Kuhn said the capacity has got to e increased to get more through the lines than available under the nt system to meet the s of Red River Water rity and the towns on over end.

ven if we get (the osed project) approv- Kuhn said, "it will take t two years to get it pleted because it will e that long to get the rials in.

ou've got to stay three our years ahead in the r business, or you will e up short one day," he ned. "It takes longer et through the govern- red tape than it does to

build anything." Kuhn said the Authority has been trying to get a FHA grant for \$700,000, nearly half of the cost of the project, working through U.S. Rep. Bob Price. Price wrote in a letter to Kuhn last August 19 that Texas State FHA Director J. Lynn Futch had informed him that the

Greenbelt Municipal and Industrial Water Authority Charter would have to be amended in the state Legislature before it would be possible to enter into a financial agreement with the federal government.

Price strongly recommended that the Authority "seek the appropriate change in (the) charter, as this step is apparently essential before the federal government can be of assistance in (the) project." He promised further cooperation at that time, as did Futch. Authority board president R.A. Yarbrough of Childress has contacted state congressmen about the needed change, which will be considered this year, Kuhn said.

Greenbelt Water Authority was set up under an Act of the 1954, 53rd Legislature, which declared an emergency and set up the Authority to serve the member cities, as amended.

Teams Defeat Munday

Crowell basketball teams made a clean sweep when they hosted the Munday Moguls here Tuesday night of last week.

The varsity boys won their contest 69-66. Coach Randall Ryan's charges took big leads early in the first half and also shortly after the half, but saw these big leads dwindle as the Cats worked on "new" defensive and offensive strategies. David Bell led the scoring with 20 points, Randy Prince and Don Sparkman had 13 each, Melvin Westover and Jack Whitley had 6 each, Nathan Frater 5, Rocky Glasscock 4 and Steve Stapp 2.

Crowell girls easily outdistanced the Mogul girls by a 61 to 47 score. Carolyn Sparkman led the local attack with 29 points, Sally Gerhardt added 16 more, Kim Norman 10 and Anita Vecera 6.

The Crowell junior varsity, which is coached by Carl Brock, won by a 73-54 score over the Munday JV. Rickey Coleman with 13 points led the local scoring. Pat Norman and Marvin Coleman had 11 each, C. B. Sparkman 10, Jay Wall 8, Tim Christopher, Daniel Field, Mark Christopher and Randall Russell 4 each and David Westover and David Crafton 2 each.

As of these three games, the varsity boys and girls were 3-2 in district and the junior varsity boys were boasting a 5-0 record in district play. These games completed first half of district action.

Childress, Clarendon, Crowell, Hedley and Quanah. That Act forbids the Authority to enter into any contract with the federal government or any of its agencies or instrumentalities.

The bill before the Legislature would change Section 24 of Chapter 35 to permit such contracts, including the acceptance of grant monies, as deemed advisable by the board of directors (Section 28).

"This would permit the Authority to accept grants," Kuhn said. "A FHA grant would finance \$700,000 of the improvements project, which is not yet in blueprint form because we thought it not advisable to proceed any further and incur any more expense until the necessary legal changes are made."

Kuhn said that if the Authority does not get the grant money, then the farmers and ranchers watered by Red River from

Greenbelt's lines would not have their needs met either. Red River serves the counties of Hall, Childress, Hardeman, Foad, Cottle, Knox and a few ranches in Donley County. They have expansion plans for Knox, Collinsworth, Wilbarger and Donley counties, Kuhn said.

Of course, one of the major expenses of any water system is for the water lines, which will be used at a greater efficiency under the proposed pressure-pumped flow than under the present gravity flow system.

Greenbelt Municipal and Industrial Water Authority has the power to tax upon authorization by local referendum, but all debt obligations thus far have been met solely through revenues on water sold, Kuhn pointed out.

"The more water you can sell," the Authority's manager said, "the cheaper it is. As long as we can sell it, there is no need to tax."

The resolution before the Authority's Board of directors requests that the Texas Water Development Board, which hold all its special obligation bonds, assist the Authority in the proposed project by refinancing the Authority's outstanding revenue project by refinancing the Authority's outstanding revenue bonds, totaling about \$8,000,000. Additionally, the Texas Water Development Board would allow the Authority to purchase its interest in the water storage capacity of Greenbelt Lake.

The Authority has met all interest payments since the date of bond issuance promptly at maturity, according to Doshier, Pickets and Francis, CPA's. Amarillo, all present debts of the Authority would be serviced under the present payment schedule within 30 years.

The improvements project proposed would include the following: a \$120,000 reser-

voir and pump station at Quanah; a \$486,600 elevated tank at Medicine Mound; \$34,200 worth of temporary work at the Greenbelt Lake filter plant, to be done as soon as possible, perhaps next summer; a \$37,600 Pease River pump station; a \$49,400 raw water pump station at Greenbelt Lake; \$154,200 worth of permanent filter plant improvements; and a reservoir and pump station at Childress, to cost \$572,700.

Cost estimates were done this month by Freeze and Nichols consulting engineers of Fort Worth. They ordered the projects according to priorities. The 1-million-gallon Quanah reservoir and pump station, the elevated tank at Medicine Mound and the temporary filter plant work received the highest priority and would be done first. The cost of this first phase would be \$640,800.

The second priority would be for the Pease River Pump

station the raw water pump station and the permanent filter plant improvements, costing a total \$241,200.

The third priority would be for the 4-million-gallon Childress reservoir and pump station, \$572,700, for an overall \$1,454,700 total.

Each member city's council appoints one member to serve on the board of directors of the Greenbelt Municipal and Industrial Water Authority. They are: chairman R.A. Yarbrough of Childress, Howard Stanley of Quanah, Carroll Korpp of Clarendon, Henry Black of Crowell and C.L. Johnson of Hedley.

Consumption records of the member cities for the fiscal year ended June 30, 1973 were: Childress-353,358,000 gallons, or 40.53 per cent; Quanah-162,904,000 gallons, or 18.68 per cent; Clarendon-126,059,000 gallons, or 14.46 per cent; Crowell-111,510,000 gallons, or 12.74 per cent;

Hedley 19,047,000 gallons, or 2.18 per cent. All other users, including Red River Water Authority, which increased its consumption by 76.32 per cent in 1974, used 99,027,000 gallons, or 11.35 per cent.

The proposed resolution was brought up at the board's January 16 meeting, but Johnson moved to table it for further consideration. Kuhn said that even though a majority of the board members favored the resolution, "You like to be unanimous when you ask for grant money."

"The refinancing of the bonds was a subject that was brought up right quick," Johnson said in a telephone interview Monday. "Nobody had a chance to think about it. The first I heard about it was last Thursday night. When refinancing \$10 million, it takes a lot of consideration. Therefore I put forward the motion to table it."

Band Program Planned

Plans are underway for the annual spring program of the CHS Band under the direction of James Streit, to be held February 28, at the school auditorium.

One of the feature attractions will be the Mr. Prince, Miss Princess and Miss Majorette contest. Ages for Mr. Prince and Miss Princess are infants through pre-school, while Miss Majorette is limited to 4 by Sept. 1 through pre-school. Girls in this age

group may enter the contest of their choice. February 8 has been set as the deadline to enter this contest. Entries may be made by contacting Mmes. Rusty Russell, B. W. Gentry or George Scott.

Two pictures will be needed for each contestant, which will be returned.

The winner of the Miss Majorette contest will be mascot for the 1975-76 Crowell Band. The parents must be willing to furnish her costume and the winner will be performing with the band at one or more home games.

Votes for the children will be counted as one penny per vote and the one receiving the most votes will be the winner.

Trophies will be awarded to 1st and 2nd place winners.

Mrs. D. B. Owens Died In Michigan

Mrs. Delbert B. Owens, the former Gay F. Bowers, died December 18, in Pontiac, Mich., according to word received here by her brother, James Bowers.

Funeral services were held Friday, Dec. 20, at 1 p.m. at the Donelson-Johns Funeral Home. Interment was in Perry Mount Park Cemetery.

Mrs. Owens, 71, was born July 17, 1903, at Roysie City, Texas. She and Mr. Owens were married Sept. 9, 1920. She was a member of Oakland Avenue United Presbyterian Church.

Mr. and Mrs. Owens are both former residents of Foad County.

Survivors include her husband; one daughter, Mrs. Arthur (Ruth) Mansfield of Pontiac, Mich.; one brother, Mr. Bowers of Crowell; one granddaughter, two great grandchildren; one niece, Mrs. Gary (Janey) Bryant of Quanah.

PLAN GRAZING SYSTEM FOR SPRING

An improved system can help ranchers ease the present pain in their pocketbooks, contends a range specialist for the Texas Agricultural Extension Service. And the time to start planning is now so that the system will be ready to put into practice by the time maximum forage growth begins in spring and early summer. Most ranchers can initiate a deferred rotation grazing system with little or no initial expense if a moderate amount of cross-fencing and stock water development has already been done. A working grazing system can be as simple as two pastures and one herd.

BIRTH DEFECTS

Some birth defects can be detected before a baby is born, according to the March of Dimes. Using techniques such as ultrasound, electronic monitoring, and amniocentesis, doctors can check the baby's development while it is still in the uterus.

QUALITY PRINTING

We solicit your job printing business, and will give prompt service on all orders.

NEWS OFFICE
684-4311

Without advertising, you can wave goodbye to the comic strips, the sports page, and the front page of your newspaper.

And maybe your own job.

Think about it. Advertising pays for the features and the news that your newspaper brings to you so economically. Companies that want to tell you about their products, their sales, and their unique services pay for the space to advertise and that pays for most of the newspaper.

If these companies were suddenly deprived of their right to advertise — to communicate with their customers — you can be sure sales would drop. If sales drop, production slows and ultimately

people lose jobs. And if certain Texas companies could possibly be ordered not to advertise, who would be next? Maybe your company?

The next time you think about advertising, think about free speech and the right of one person to communicate with another. It's all the same thing.

Write Governor Dolph Briscoe, State Capitol, Austin, Texas 78711 and your legislators to tell them how you feel. Then sit back and enjoy your newspaper.

Advertising is everybody's business.

This ad appears as a public service of this newspaper.

Down On The Farm The Big Nose-Count Begins

Whether you're a Main Street merchant counting needles and pins or a conscientious individual reading New Year's resolutions, January's the traditional time for taking inventory. This year, the National Cotton Council notes, one of the biggest and most important nose-counting operations in all the land will be undertaken by America's farmers in cooperation with Uncle Sam. The occasion: the 20th agricultural census in the nation's history.

While farmers won't be asked to tot up the exact number of needles in every haystack on their farms, they will be asked to do some extensive nose-counting that stops just short of the haystack. Questions on the census form — which incorporates suggestions from farmers themselves — range all the way from the age and sex of hogs and sheep on the farm to the number of acres on which chemicals were applied. The census doesn't reflect any undue nosiness on the part of Uncle Sam, but it does indicate the continuing importance of agriculture to the nation's well-being. Agriculturists say it's an essential apparatus for gauging the present condition of U.S. farming and determining the prognosis for its future. Data collected in the census form the basis for USDA programs, federal and state legislation, farm organization policies, and numerous services provided by colleges, business firms, manufacturers, and others. Millions of acres of soil have been turned by farmers since the first census was taken in this country back in 1840. That was the year when Martin Van Buren was President and the United States was composed of just 26 states and the District of Columbia. Farming was the major occupation of the day, with 15 million citizens living in rural areas. No one bothered to count the number of farms in existence back then — probably because they were the rule rather than the exception. Another reason may have been that farm folks that year were too busy harvesting crops — all of them by hand. Judging from 1840 statistics, apparently quite a few Americans were cotton-picking in those days. They plucked some 791 million pounds of the fluffy fiber that was the mainstay of America's economy and the

source of a thriving export business. Pound-wise, Indian corn was the biggest crop of all. It amounted to about 21.2 billion pounds or 376 million bushels. Also looming large in the nation's harvest picture were 219 million pounds of tobacco, 155 million pounds of sugar, 123 million bushels of oats, 108 million bushels of potatoes, 85 million bushels of wheat, and 36 million pounds of wool. The first census — conducted by federal marshals and their assistants — didn't go over too well in some sections of the country. It seemed a lot of folks thought the census results were going to be used as a basis for raising taxes. By the second go-round in 1850, questions were extended to cover the size and value of some 32 crops or farm products. Also of interest to the government was the value of homemade manufactures down on the farm. As America's agriculture expanded, so did the number of census questions. The 1880 census asked 108 questions and in 1890 the number climbed to 255. By 1900, the farm census had documented sweeping changes in the nation's social and economic structure. Figures showed production of major farm commodities had out-paced population growth. Be-

tween 1840 and 1870, production of wheat, corn and cotton had quintupled. Between 1850 and 1900, tobacco yields more than doubled and wine production increased sevenfold. American cheese and Indian corn had begun to be exported all over the world, and Europe had become dependent on U.S. grains. No other country was equal to the U.S. in wool production — and only Australia and Argentina offered any significant competition. Farm statistics also noted breakthroughs in irrigation and drainage, progress in the invention and manufacture of threshers, and even the introduction of such new domestic animals as camels and cashmere goats. They also turned up valuable information about livestock diseases and insect damage, and better knowledge of weather conditions' effect on crops. The 20th century brought so many changes in American farming that before long a census had to be taken every five years just to keep pace with agricultural growth. By 1960, for example, the U.S. had one-third fewer farmers than it did in 1940 — but farm output was up 50 percent. Today, real-life counterparts of Marshal Dillon no longer take the farm census. Now it's done by mail and every farmer's report is kept confidential by law. Laborious tabulations are no longer done by clerks but now are fed into electronic computers. Despite modern devices for speeding up the gigantic inventory-taking of American farms, the job is still time-consuming. But it remains a reliable indicator of where the nation stands and where it seems to be going.

Little Known Fact
The cotton plant produces a greater quantity of food for humans and feed for livestock than it does fiber. For each pound of cotton fiber produced, the plant yields about 175 pounds of cottonseed.

Hybrid Corns Improve
Hybrid corn varieties of today yield about 40 percent more grain than those in the 1930's did.

EIGHTH GRADE NEWS

It's been a fantastic week for the 8th graders. The 7th, 8th, and 9th grade band members went to Vernon for junior high all-region try-outs. We had 7 eighth graders make the band. They are Patsy Williams, Hedi Vecera, Debra Walker, Jo Anna Hord, Renee Norman, Abel Cerda and John Thomas. We are very proud of them and offer congratulations! This next weekend we have games at the Paducah tourney. Also the junior high all-region members will go to Vernon Saturday morning for an all day clinic, then that night will be in a concert. Tuesday, Jan. 28, was Denise Branch's birthday. We all say "happy birthday". Also, Sat., Feb. 1, is Hedi Vecera's birthday. We all wish her a happy birthday.

PRE-NATAL CARE
Prenatal care for a pregnant woman is many things, says the March of Dimes—good nutrition, the right balance of exercise and relaxation, good personal hygiene, and seeing a doctor regularly.

PRE-NATAL CARE
Frequent visits to a doctor or prenatal care clinic during pregnancy can help prevent low-weight, or premature babies, according to the March of Dimes.

CARRIES TRAIT
About one in 30 American Jews of Ashkenazi descent carries the trait for Tay-Sachs disease, compared to one in 300 non-Jews, according to the March of Dimes. Chances are that each child born to a pair of carriers has one chance in 4 of being afflicted, dying in early childhood of nervous system degeneration.

Plenty of Swingline and Bostich staples.—Foard County News.

Wildcats Win 2 of 3 in Haskell Cage Action

Crowell High School basketball teams went to Haskell Friday night of last week for district games and won two of the three contests. The varsity boys won their game 66-40. Crowell led by 6 at half time, but a big third quarter which saw the Cats score 22 points, pushed the local boys way out in front. Randy Prince, with 18 points, was the leading

scorer for Crowell. Melvin Westover had 15, Nathan Frater 8, David Bell 7, Jack Whitley 6, Rocky Glasscock 3, Don Sparkman 4, Steven Stapp and Ricky Coleman 2 each and Dee Finley 1. The Crowell girls were defeated by the Haskell girls 47-42. Carolyn Sparkman scored 23 points for Crowell. Kim Norman had 12 and Sally Gerhardt had 7. Crowell junior varsity boys

won their game low scoring. Coleman scored 6, Paul White Field 3 and Tim C. B. Sparkman Christopher each points.

LITTLE DRIBBLERS BASKETBALL SCHEDULE 1975

Thurs., Feb. 6	6:30 Ponies vs. Hawks. 7:30 Turtles vs. Frogs. 8:30 Eagles vs. Roadrunners
Monday, Feb. 10	6:30 Eagles vs. Roadrunners. 7:30 Ponies vs. Hawks. 8:30 Turtles vs. Frogs.

CLIP AND SAVE

Crowell, Texas, Jan. 30, 1975

30 Years Ago in The News

News items below were taken from the Thursday, January 25, 1945, issue of The Foard County News:
W. B. Griffin received a Japanese sword Tuesday which was sent to him by his son, Lt. Riley Griffin, from New Guinea. It is now on display in the show window of Ferguson's Drug Store.

Rain recorded by the Crowell State Bank gauge last week amounted to 1.78 inches and was general over the county.

Dr. W. A. Criswell is successor to the late Dr. George W. Truett of the First Baptist Church of Dallas, having recently accepted this responsibility. He came from the First Baptist Church of Muskogee, Ok.

Wolf pelts are coming in rather steadily, according to John Bradford, who has charge of receiving and checking those that have been killed. Since Dec. 15, when the bounty began and up to the present time, 166 wolves have been killed and the bounty for them paid by the county.

A five year post war program to provide electricity for 3,655,000 farm homes has been proposed by the Rural Electrification Administration.

The appointment of Mrs. L. E. Archer of Crowell as treasurer of the Foard County Committee for the March of Dimes and celebration of the President's birthday was announced today. The celebrations, Jan. 14 to 31, will mark the twelfth annual campaign to raise funds to fight infantile paralysis.

Cotton not only maintained its long-time record as Texas' most valuable crop during 1944, but also continued to give growers the highest value per acre of any major field crop grown in the State.

Mumble a few words in church and you're married. Mumble a few words in your sleep and you are divorced.

The small daughter of Mr. and Mrs. John Wheeler was brought home from the hospital at Crowell Monday of last week.

Mr. and Mrs. James Adkins of Fort Worth announce the birth of a baby girl on January 19.

Major Jessie M. Crowell, chemical warfare officer with the Air Force in France, wrote his father about a Christmas party given for the kiddies around the chateau where sixteen of the officers live. Each child got a package of candy the officers saved from rations, from boxes from home and some rock candy.

Miss Elizabeth Elliot, Foard County Home Demonstration Agent, has summed up her year's work here and reports that there are seven Home Demonstration Clubs with 14 women enrolled and 14 4-H Clubs with 144 girls enrolled.

The first letter received from Pvt. Daniel Briscoe by his parents, Mr. and Mrs. Elmer Briscoe, since he was seriously injured in action in Holland on September 30, came to them this week. This is also the first letter Daniel has written since his injuries, he states. He is in a hospital on Staten Island, N.Y.

CARD OF THANKS
My heartfelt thanks to Dr. Stapp, the nurses, and the entire hospital staff at the Foard County Hospital for their care and concern while I was a patient there. Also to my many friends and loved ones for their cards, flowers, visits, and prayers while I was in the Foard County and Wichita Falls General hospitals.
Chester Casey.

Final Date Set for Filing Disaster Applications with ASCS

The deadline for filing low-yield disaster applications has been revised to not later than 15 days after completion of harvest of the crop for which loss is claimed, according to information furnished Foard County farmers in the

January newsletter of the ASCS office. February 28, 1975, is the final date to submit production evidence. "Please remember that you must notify the county office if any acreage of the affected crop will not be harvested so that it can be appraised

before being put to another use." Mrs. Thelma Borchardt, local ASCS executive director, said.

She added, "If you have completed harvesting, please report your cotton production since the 1974 production will be used when determining 1975 farm yields. If you have misplaced your card, we will be glad to furnish you with another."

She said in the newsletter that the 1975 conservation program has not been approved at this time, and the local office will notify farmers should funds become available.

Another item in the newsletter was that January 31, 1975, is the final date for wool producers to file application for 1974 incentive payments under the wool program. "If you sold wool, mohair and unshorn lambs during 1974, please contact this office," Mrs. Borchardt added. Incentive payments will likely be made during April.

Serving on the County ASC committee for 1975 are James Sandlin, chairman; R. J. Owens, vice chairman, and Bill Cates, regular member.

McLains Attend Convention

Mr. and Mrs. Bud McLain have returned home from a trip which took them to Dallas, then to Brownsville and also into Old Mexico. The McLains went to Dallas first where they attended a meeting of Case dealers at which time Mr. McLain received a 25-year plaque from the company.

They then went to Brownsville where on January 13 through 15 they attended the annual convention of the Southwest Implement Dealers Association. Mr. McLain is a director of the organization which includes implement dealers over the entire state of Texas and parts of New Mexico and Louisiana.

Before returning home, they made a trip into Old Mexico.

Store License Requirement Abolished

Austin—Comptroller Bob Bullock reminded Texas business operators Saturday that the state store license requirement has been abolished.

Bullock said his office has been besieged with calls and letters this month by businesses which were unaware that the license requirement was repealed as of Dec. 31, 1974.

The store license, which started at \$5 for a single store, was a minor revenue source. Its repeal by phases was ordered by the Legislature in 1971.

Bullock said that some 240,000 stores in Texas had previously been covered by the license act.

He said his office is returning license money still being sent in by businesses unaware of the repeal.

CARD OF THANKS

I want to express my sincere appreciation to Dr. Stapp, the nurses and other members of the hospital staff for their fine care when I was a patient in the Foard County Hospital.

Allene Henry,
30-1tp

ALL ARE ALWAYS WELCOME!

Students Invited to McMurry

High school juniors and seniors from Crowell are invited to attend the Student Weekend at McMurry College in Abilene Feb. 7-9. Activities will include the McMurry vs. Texas Wesleyan basketball game, the McMurry theater production, "Servant of Two Masters," and a film in Radford Auditorium.

Also included will be concerts by the band and Chanters and Morning Star singing groups, the McMurry vs. Dallas Baptist basketball game, and a dance. Participants will meet with administrators and faculty members from all departments on Saturday morning. "There are three reasons why prospective college students ought to visit McMurry," said Bill Stevens, admissions counselor. "The first is to talk with the professors here, the second, to talk to currently enrolled students, and the third, to talk with other high school students seeking to make a decision on where to attend college."

Over 300 students are expected for the eighth annual Student Weekend. Interested high school students may contact McMurry's Office of Admissions in Abilene.

PATH FOR CATTLEMEN
Relief from the present cattle situation can only come from a reduction in cattle numbers or cattlemen, contends a livestock marketing specialist for the Texas Agricultural Extension Service. Many people went into the cattle business in 1972 and 1973 when calf prices were high. Now these weekend ranchers as well as the true cattlemen must pay the price since the oversupply of both cattle and cattlemen has been a major factor in the depressed cattle market.

CARD OF THANKS

Thanks to each person who called, wrote, sent cards, flowers and food or came by during my illness. Appreciated all your kindness when we lost John.

NOTICE
That in accordance with Article 1377-c of the Penal Code — **CRIMINAL TRESPASS** (Senate Bill 111 passed by the 62nd Legislature), notice is hereby given that all lands of the W. T. Waggoner Estate are posted—save and except where written permission is given to come upon the same.—**JOHN BIGGS, TRUSTEE.** ttc

NOTICE
That in accordance with Section 30.05 of the Penal Code of Texas—**CRIMINAL TRESPASS**, notice is hereby given that all lands of J. I. (Jim) Malone, being 738 acres, more or less, in the Mark B. Lewis Survey in Foard and Hardeman County, Texas, together with lands leased by J. I. (Jim) Malone contiguous thereto, are POSTED.

ROSS MALONE, Guardian of the Person and Estate of J. I. Malone. 15-tfc

The family that develops a satisfactory system for keeping records is likely to do a better job of planning and reaching family goals. Mrs. Doris Myers, with the Extension Service, points out.

NEED A SPIRITUAL LIFT?

Teams Win

Crowell grade school basketball teams won four district games Monday night at Knox City.

The Crowell seventh grade girls won their contest 20-4. Scoring for Crowell were Janie Gerhardt 8, Delma Barrera and Simona Field 4 each and Lesley Johnson and Jody Graves 2 each.

The seventh grade boys won 31-11 over Knox City. Eugene Johnson was high for Crowell with 12 points, Sammy Neal had 7, while Jesse Henry, Bob Cerda, Mike Brown, Billy Bond, Ronny Baize and Terry Boren each scored 2 points.

The eighth grade girls won their game 35 to 18. Jill Bell scored 20 points, Hedi Vecera 12 and Denise Branch 3.

Crowell eighth grade boys took an easy 48-18 win over the Knox City boys. John Thomas led the local scoring attack with 14 points, Claudius Coleman had 12, Milton Tennell 8, Steve Rodriguez 7, William Carroll 3, Marshall Reed and Dwayne Dishman 2 each.
