## Band to Perform at Vernon

The Crowell High School Wildcat Band, directed by James Streit, will be participating in the opening day parade of the Santa Rosa Roundup next Wednesday afternoon in Vernon.

Members of the band will be attending the opening night performance of the rodeo Wednesday, with free tickets furnished by the Roundup, Mr. Streit added.

Band members will be wearing the new uniforms purchased recently by the Band Boosters and the school district. The new uniforms arrived here about two weeks ago. Band members were attired in their new uniforms when they participated in the UIL concert and sight reading contests in Vernon Wednesday of last week.

## Honor Students Named

Ann Quintero, with a grade of 95.42, was named salutatorian by CHS.

## Track Boys Qualify for Regional

Three Crowell High School track boys qualified for the regional meet in Lubbock this week end as a result of their performances in the district meet at Abilene last weekend.

David Bell won first in the 120 high hurdles and second in the discus. Melvin Westover won second in the shot while Randy Prince won second in the mile run. First and second place winners at the district meet qualify for the regional meet.

Printiss Gidney is coach of the varsity boys track team.

MRS. GAFFORD

## Hospital Administrator to Retire June 1

Mrs. Bettie K. Gafford, Registered Nurse, has announced that she will resign as administrator of the Foard County Hospital effective Sunday, June 1. She has been a resident of Foard County for almost thirty years and has been connected with the local hospital as either co-administrator or administrator since 1957.

Mrs. Gafford was born in

Harmon County, Ok., the daughter of the late Jobe and Louisa Keese. She is a 1939 graduate of the West Texas Hospital School of Nursing in Amarillo.

In September 1939 she accepted a position as Director of Nursing in the Vernon Hospital. On June 2, 1943, she married Bill Gafford of Crowell. Mrs. Gafford remained in her nursing profession in Vernon until her husband returned from two years service during World War II.

On September 1, 1945, the couple moved to Crowell. Mrs. Gafford did private duty nursing and did relief for the hospital administrators until October 1, 1957. At that time, she and Mrs. Edith Roark accepted the position as co-administrators of Foard County Hospital.

Mrs. Roark left her position after approximately two years. After Mrs. Roark left her position, Mrs. Gafford accepted the full responsibility of administrative duties.

Mrs. Gafford is a member of the American Nurses Association, Texas Nurses Association and she has been listed in Who's Who of American Women. She is a member of the Church of Christ.

In announcing her forthcoming retirement, Mrs. Gafford expressed her appreciation for the cooperation she has received from the commissioners court, hospital board, doctors and all the hospital staff during her years as administrator of the local hospital.

Randall Ryan is coach of the girls track team.

## ASCS Lists Conservation Practices

The Foard County ASCS office has been authorized to accept requests for two soil conservation practices.

They are sprigging bermudagrass or seeding perennial grasses on cropland subject to erosion, and shaping and seeding waterways or other water runoff control measures.

The local office also announced that no brush control practices have been approved up to last week.

## County Receives Dust Storm Last Friday

Foard County has been receiving some typical spring weather this past week. High west winds last Friday kicked up a terrific dust storm

across this section, and the norther following dropped the mercury to the 30's early Saturday morning.

Tuesday was cloudy with prospects of rain. The county is in need of a good general rain.

Most of the county's wheat is not looking as good as it did earlier in the season and speculation runs the gamut as to the reason, ranging from rust to dry weather to reverse results from the late freeze.

## CHS Students Named to Society

Four students from Crowell High School have been named to the Society of Distinguished American High School Students, according to an announcement made last Friday by Principal L. H. Wall.

The four students named are Mary Quintero and Jacquelyn Brown, both seniors, and Rocky Glasscock and Stephen Stapp, juniors.

These students are now participating in The Society of Distinguished American High School Student's Annual Awards Program which offers approximately \$800,000 in college scholarships over a four year college tenure. The scholarships consist of unrestricted merit awards and renewable annual scholarships to leading colleges and universities across the nation. The Society's National Awards Program is the largest of its kind in the country.

Principals and counselors of high schools submit to The Society each year a limited number of their top students. The Society then honors only these young men and women who have distinguished themselves as the highest of achievers.

## Building New Home

Construction work on a new 3-bedroom brick home for Mr. and Mrs. Seth Halbert and son, Konrad, has been started at the corner of Fifth and Donnel Streets in the northeast part of Crowell.

Foard County Lumber Co. is contractor for the new residence which will have two baths and an attached carport. The residence will face west on Fifth Street and is located just west of the residence of Mr. and Mrs. R. J. Owens.

## Band to Enter Contest in Amarillo

The Crowell High School Band, under the direction of James Streit, will spend Friday, April 25, in Amarillo participating in the Greater Southwest Music Festival.

Crowell's performance in the contest will be at 3 p.m. that afternoon, Mr. Streit said. Band members will return to Crowell Friday night.

## Anniversaries Coming During Next Few Days

Foard County will be 84 years old. It was back on April 27, 1891, that an Act of the Texas Legislature created Foard County and

named it after an officer who served in the Civil War.

Thirty-three years ago on Monday, April 28, a tornado struck Crowell, demolishing many residences and part of the business section, in addition to claiming 11 lives and injuring hundreds.

## Bank Deposits Up Nearly \$400,000

Deposits in the Crowell State Bank were up almost \$400,000 from a year ago following figures released after a call Friday of last week by state and federal authorities for the condition of all banks as of the close of business April 18.

Deposits in the local bank April 16, 1975, were \$7,466,821.47 while a year ago, April 24, 1974, they totaled \$7,074,354.93.

Deposits this April are up almost \$2 1/2 million, as the statement of condition on March 28, 1973, listed deposits of \$5,036,328.64. Three years ago—April 18, 1972, deposits were \$4,732,859.59, and four years ago, April 20, 1971, deposits were \$4,953,225.49.

## Wheat Acreage Must Be Certified

The Foard County ASCS office has been advised that in order for wheat producers to be able to prove a wheat yield, the producer must certify his acreage by May 1.

Mrs. Thelma Borchardt of the ASCS office, says, "If you plan to prove your yield in future years, be sure this office has a record of your acreage."

## Band Boosters Elect Officers

Members of the Crowell band boosters elected a slate of officers for the next year at a meeting Monday evening at the band hall. Baxter

Gentry was re-elected president; Donald Werley is the new vice president; Mrs. Ward Kuehn is secretary; J. E. Brasher was re-elected treasurer, and Bill Klepper is reporter.

Next meeting of the band boosters was set for the third Monday night in August.

## 86th Birthday

Abston, long member of the Thalia church, observed her 86th birthday Sunday, April 21. She has been a resident of Crowell for many years.

On her birthday she was surrounded by her sons, Robert and grandson,

The ladies auxiliary of the Free Will Baptist Church will serve lunch Friday, April 25, from 11:30 until 1:30 at the church. Everyone is invited to attend. Proceeds will go to various church projects.

 Monday—Seniors go to Vernon.  
 Tuesday—Pictures.

**DAILY DILLIES**  
 Congratulations to Randy Prince, David Bell and Melvin Westover for winning at the district track meet. These boys will now go to the regional track meet at Lubbock this Friday. Randy won in the mile run, David the hurdles and discus and Melvin in Shotput. Congratulations! (and good luck.)

Also congratulations to Carolyn Sparkman who won in the 60 yard dash at regional and now advances to state. Good luck!

Yearbooks are now being sold at Crowell High School, and if you want one you better be sure and get your money in 'cause the last day is May 1. Those you can order from are Steve Setliff, April Werley, Rita Hodges, Mary Ann Quintero, Paul Whitley, John Klepper and Karen Statter. You ought to be able to pin one of these down so hurry up before it's too late! They just cost \$6.76, so buy now and be happy later.

Jacquelyn Brown is in Washington this week as a result of her winning the Texas Betty Crocker award. She is accompanied by Mrs. Mary Brown.

Congratulations to Allen Tapp for being named the

high individual in the area land judging contest at Tarleton.

**SENIOR NEWS**  
 April Werley went to Lubbock Saturday to participate in the regional ready writing event.  
 Congratulations to Allen Tapp for being named the high individual in the area land judging contest at Tarleton.

Also, congratulations to Carolyn Sparkman and Randy Prince. Carolyn will represent this region in the 60 yard dash at the state competition in Austin. Randy advances to regional in the mile run. This contest is this week end in Lubbock and the state contest is May 2 and 3.

Jacquelyn Brown is in Washington this week as a result of her winning the Texas Betty Crocker award. She is accompanied by Mrs. Mary Brown.

Monday the seniors will go to Vernon Regional Junior College to participate in the career day activities.

With the arrival of the caps, gowns and invitations, everyone is waiting anxiously for the end of school.

**JUNIOR JIVE**  
 There is nothing like starting off the day with a first period algebra class...digging into the principles of division, finding coefficients of x, or writing convenient notations.

Interested students look blankly at the board while polynomials encircle them. To the students, the teacher is a kind of mad scientist who goes insane at the sign of 2x squared. While he is tangling with irrational numbers, students are busy undertaking chores such as smearing on lip gloss, biting fingernails, sharpening pens, smiling and gossiping, and some even try to look as if they understand it.

Although 99% of the class doesn't know what is going on, there is always a class brain...the mild mannered "Clark Kent," who turns into "Super Math." While the rest of the students doodle on their papers trying to figure out just what was said all period, "Super Math" finishes with time to spare. This causes the rest of the class to start arranging for a brain transplant.

Congratulations are in order for juniors David Bell

and Lucky Westover. They both qualify for regional in track at Lubbock. Good luck, boys!

**SOPHOMORE STARS**  
 We have several officers in FHA for next year. They are: Debra Daniel, secretary; Chris Thompson, 4th Vice President; Jana Glover, Treasurer; Jill Myers, historian.

Kathy Whitfield, a member of the sprint relay went to the regional track meet held in Lubbock, Friday.

Daniel Fields, Tommy Tamplen, Rocky Marlow, Willie Bachman and Norman Hopper went to the district track meet in Abilene, Friday. Good luck everyone.

We would like to congratulate Mollye Wisdom for winning 4th in Ready Writing at the UIL Literary Events.

**FRESHMAN FROLICS**  
 Last Wednesday the band went to Vernon. They received two Division I ratings in Concert and Sightreading. Band uniforms arrived Wednesday so the band looked pretty snappy, too. A few weeks ago drum major tryouts were held. Head drum major for '75-'76 will be Paul Whitley.

Friday the boys track left for Abilene where the district track meet was held, also the girls who qualified for Regional went to Lubbock.

**CAFETERIA MENU**

## County History Week

April 27 through May 3 has been proclaimed by Gov. Dolph Briscoe as County History Appreciation Week in Foard County and across the State.

Foard County has benefitted from having an active Historical Survey Committee for a number of years. This group has had the county history published a few years ago, and requests for the book still come in frequently.

The committee is especially active at the present time focusing attention on the bicentennial observance, and has planned a program for May 8 in connection with the bicentennial event. The group is also active preparing a county museum in the old City Fire Hall on north Main Street.

## No Accidents Reported on Foard Roads

The Texas Highway Patrol investigated no accidents on rural highways in Foard County during the month of March, 1975, according to Sergeant Billy Dean, Highway Patrol supervisor of this area.

The rural traffic accident summary for this county during the first three months of 1975 shows a total of three accidents resulting in no persons killed and two persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for March, 1975, shows a total of 446 accidents resulting in 17 persons killed and 217 persons injured as compared to March, 1974, with 395 accidents resulting in 23 persons killed and 172 persons injured. This was 51 more accidents, six less killed and 45 more injured in 1975 at the same period of time.

The 17 traffic deaths for the month of March, 1975, occurred in the following counties: three in Garza; two each in Ochiltree and Oldham; one each in Gray, Haskell, Jack, Lamb, Lubbock, Montague, Parker, Swisher, Wichita, and Young.

## GLORIFYING GOD

Our purpose in life should be to glorify God. This should be the desire of every man, not only those who are Christians.

There are many good people outside the church—outside the religious world, who do many kind acts, but we know they do not glorify God for they do not serve Him.

Christ said, according to Luke 6:46, "And why call ye me, Lord, Lord, and do not the things which I say?" Obedience to God and Christ must be essential to bring glory to God. In Ephesians 3:21, the Apostle Paul wrote: "Unto him be glory in the church by Christ Jesus throughout all ages, world without end." The church was designed to bring praise to God. Its worship and work are such that will bring honor, praise and glory to God.

We honor or glorify God by obeying Him. We recognize this in our daily life through an understanding that certain things we do or fail to do will or will not glorify Him. Our need may be to examine our worship to see if it does in reality glorify Him.

The New Testament plan of worship consists of five distinct acts: (1) The Lord's Supper; "and upon the first day of the week, when the disciples were gathered together to break bread, Paul preached unto them." Acts 20:7. The original Greek implies the first day of every week was their custom in partaking of the Lord's Supper. In this, "they continued steadfastly." Acts 2:42. Also (2) teaching or preaching, (3) fellowship (giving) and (4) prayers. Acts 2:42. (5) Singing together "with the spirit, and...with the understanding also." 1 Corinthians 14:15, Ephesians 5:19, Colossians 3:16.

We dare not change the pattern set by God for approved worship because the Bible teaches we must not go beyond the things that are written. 2 John 9.

## Appointment Announced in Vernon Area

The Texas Agricultural Extension Service has appointed a resource development specialist to serve the South and Rolling Plains areas of the state.

He is William D. Benson, who will be headquartered at the Texas A&M University Agricultural Research and Extension Center at Chillicothe-Vernon.

"Benson will be responsible for overall educational programs dealing with the effective use of resources in the South and Rolling Plains as well as programs designed to stimulate the development to certain key resources," said Dr. John E. Hutchison, Extension Service director, in naming the specialist to the newly developed position. "He will work closely with county Extension agents in organizing community resource development committees and will play a key role in the further development of the Rolling Plains Economic Program (R-PEP) and the South Plains Development (SPD) Program."

Your air-conditioner will operate inefficiently if filters are not cleaned regularly. Dirt and lint collected on the filters, restricts air flow to the coils. Clean filters every two weeks.

Let nature help you save energy by shading your home with trees and shrubs to help cut down an summer cooling costs. Draw drapes against afternoon sun.

Remember to keep outside doors, windows and fireplace dampers closed. If you have window units, close the heating vents near the floor, as cool air falls and can escape through vents.

You purchased fine home comfort when you bought your air conditioning unit. Properly maintained, it will offer you years of efficient service. A once-a-year check-up by your dealer pays dividends in savings on operating and breakdown costs.

**50 Cent Oranges?**

The Environmental Protection Agency (EPA) is trying to devise federal regulations to control truck noises which are a nuisance to the public.

The plan is to require engineering changes in truck motors and equipment, including, perhaps, quieter tires. You might surmise this is a problem for the EPA to work out with the truck manufacturers and the trucking operators.

But it's really more far-reaching.

The Department of Transportation has already added some \$2,000 to the cost of heavy trucks by its new air brake standards. With \$3000 added to pay the cost of making trucks less noisy, the \$40,000 to \$50,000 diesel truck may be just around the corner.

"If that should be the case," a noise expert for the Chamber of Commerce of the United States said recently, "50 cent oranges and fish at \$4 a pound will become a reality. To the extent allowable, these higher truck prices will be passed on to the consumer."

The Chamber has urged EPA to phase in noise ceilings over a longer period, starting in 1978, rather than 1977, and to allow three years to assess the economic impact and develop new technology.

Meanwhile, the EPA has another problem on its hands. If trucks are such noisemakers, why is it that there was little or no reduction in overall traffic noise levels on the New Jersey Turnpike during a trucking strike last year?

**Program Is Planned on Beef Problems**

A packing company official will talk at Haskell later this month about the problems in slaughtering the new grass-fed type of beef.

He is Sonny Bentley of Ebner Packing Co. at Wichita Falls, who will be on a program sponsored by the beef cattle task force of the Rolling Plains Economic Program and the extension service.

The two-hour program, The Beef Cattle Situation, begins at 1:30 p. m. April 28 in Haskell National Bank with Gary Mathis of Swenson Land & Cattle Co. presiding. He is chairman of the task force.

Other speakers: Pat Shepard, who will talk about the feedlot situation from his viewpoint as owner of Shepard Feedlots at Hale Center, and Dr. Edward Uvacek, who will discuss the beef cattle outlook from his viewpoint as extension service livestock marketing specialist.

**Jr. Hi Track Boys Enter Meet**

Crowell elementary school boys entered the district meet at Abilene last Friday and placed the following winners:

Billy Brown won first in the 60 yard high hurdles. John Thomas won fourth in the 440. The 440 relay and 880 relay teams both placed fourth. Members of the 440 team are Angelo Frater, Milton Tennell, Claudius Coleman, and Thomas. The 880 relay team is composed of Coleman, Tennell, Brown and Thomas.

Abel Cerda won first in chinning and sixth in the high jump. Brown took fourth in the chinning event.

Daniel Field is coach of the junior high track team.

Hobratsch's parents, Mr. and Mrs. Alvin Hobratsch of Vernon.

Visiting Mr. and Mrs. Tom Smith during the weekend were Jim Tom Smith of Abilene, Ed Smith of Wichita Falls and Mrs. Ira Draper of Vernon.

**TRACK TEAM**—Coach Printiss Gidney, left, is shown with the varsity track team which participated in the district meet at Abilene last week end. Front row are Mark Christopher, Randy Prince, Tommy

**Rotarians Host Little Dribblers at Barbecue Saturday Night**

Everyone connected with the Little Dribblers basketball program here, including players, coaches and officials, were guests of honor at a barbecue

sponsored by the Rotary Club of Crowell Saturday night at the community center.

The barbecue was prepared by Buster Borchardt, Jack Powers and Rusty Russell. A large amount of meat for the affair was donated by D&T Foodway in Crowell. Over 100 people were present.

Rotary President Roy Whitley was master of ceremonies. Rotarian Bill Bell, who along with Rusty Russell coached the boys all-star team, presented trophies to the all star boys for their winning first place in the Benjamin tournament several weeks ago.

The girls LD program got underway Monday night of this week, and the boys ended their season two weeks ago. Whitley is general chairman of the Little Dribblers program and Rotary Club is sponsor.

**Tattletale Bookkeeper**

Parker, a businessman, was systematically cheating on his income taxes. One day his conscience-stricken bookkeeper took several incriminating documents out of Parker's safe and handed them over to the Internal Revenue Service.

In short order, Parker was charged with income tax evasion. But in court he insisted that the evidence, having been taken illegally, could not be used against him.

"This clearly falls under the Fourth Amendment," he said, "which forbids unreasonable search and seizure."

However, the court held the evidence admissible and Parker guilty. The court said the constitutional ban applies only to searches by government agents, not by private individuals.

Courts generally agree. They say the Fourth Amendment was designed to protect citizens from prying by the government, nothing more. Although the private searcher may indeed be committing an offense, the evidence that he finds remains acceptable.

The same is true if the evidence is discovered purely by accident. In another case, a departing guest in a motel left a suitcase in his room. The manager, peering into the suitcase, noticed some odd-looking checks. These he reported to the police.

Result: the guest was arrested for possessing forged checks. The judge said that even though the manager had no right to look into the suitcase, the evidence he found was nevertheless admissible in court.

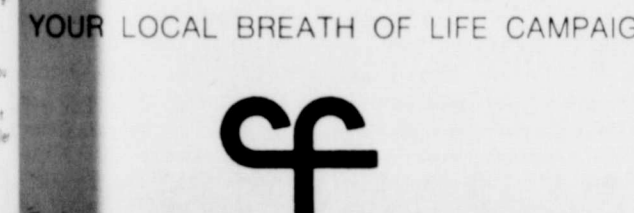

But the rule changes when the search, although conducted by a private person, is done at police instigation. Another motel manager told a policeman that he suspected one of his guests of being a drug pusher. Instructed to search the man's room, he did so—and found heroin.

But this time, the evidence was rejected in court because of the police role in the search.

"The search was just as 'official,'" said the court, "as though the officer had acted in person."

## Vegetable Harvest In Progress... Still More Than Chicken Feed... Wheat Crop Increases.

If vegetables are one of your favorite foods, you will be happy to know that vegetable harvest is well underway in the Rio Grande Valley and other commercial areas of the state. Texas ranks number one and among the top three in many categories of commercial vegetable production, and this is the time of year when a number of crops are being harvested, cultivated, and planted.

Everything from watermelons to carrots to tomatoes is making good progress.

Cabbage harvest in the Valley is in its final stages, and supplies from the San Antonio-Winter Garden area will be available throughout the spring months. A small acreage in the Trans-Pecos should be harvested in May or June.

Carrot harvest will continue in the Valley through May. Supplies should also be available in other producing sections throughout May.

Sweet corn harvest is expected to get underway in the Valley around mid-May. Planting is underway in other sections of the state.

Cantaloups are making good progress with harvest expected to get underway in mid-May. At Laredo, the crop is reported to be doing well, and in the Winter Garden area, the crop is planted with seeds beginning to emerge.

If you like tomatoes, there's more good news. Spring tomatoes are making excellent growth in the Valley. Most growers report good stands with good to excellent fruit.

Picking of some early fields is underway with the majority of the crop to be harvested next month and into June. Some replanting was necessary in Central Texas due to a freeze, and planting in north Texas and on the High Plains is currently in progress.

And early in May you can expect the first of the 1975 watermelon crop from South Texas. Most melons in South Texas are vining. Planting is underway in Central and East Texas as well as north Texas.

If onions are to your liking, the Texas Crop and Livestock Reporting Service notes that the 1975 onion crop for Texas is now forecast at 17 per cent below last year's crop. The crop is also six per cent below the March 1 projection.

Peak movement of onions should occur from now through mid-May. At Laredo, onions are being harvested. In the San Antonio-Winter Garden area, the harvest is expected to be underway in the near future.

**A RETURN OF THE BACKYARD FLOCK** of chickens is picking up throughout the state as people search for ways to cut food bills. But the "pin money" days of bygone years for the small backyard hen flock have long since disappeared. Poultry production is big business now in Texas.

During 1974, gross income from broilers, eggs and chickens totaled \$253 million. This is six per cent less than during the 1973 marketing year, however. Broiler production in 1974 was slightly above 1973 while gross income was four per cent under 1973. Egg production was down nine per cent from 1973. Cash receipts totaled \$104 million, down eight per cent from 1973. Cash receipts from chickens (other than broilers) was 10 per cent less than in 1973.

**IN CASE YOU MISSED IT**, here it is again, and it is worth repeating. Texas wheat crop this year is forecast at 140 million bushels. That's up 20 per cent from the Dec. 1 projection.

That's a stark contrast to the puny 1974 crop of only 52,800,000 bushels of wheat produced in Texas.

## Lots of Mail from Government Received by News Office

The vast volume of federal mailings has been illustrated in the office of one small weekly newspaper—the Foard County News.

During the past three weeks, a total of 76 letters have been received in this office from government agencies.

Biggest contributor of news releases is the Texas A&M extension service which during the three weeks sent the News a total of 20 separate envelopes of news releases.

The Veterans Administration

mailed the News a total of 15 separate envelopes of VA stories. Internal Revenue Service mailed out seven different releases.

USDA experiment stations sent out 2 releases, and USDA's agricultural marketing service mailed 1 release. USDA's soil conservation service sent out 2 releases while USDA's food and nutrition service mailed out 4 different releases.

The U. S. Department of Commerce Social and Economic Statistics Administration contributed 1

release while one release was received from the U.S. Department of Commerce National Technical Information Service.

One mailing was from the United States Department of Agriculture in Dallas.

Department of the Treasury U.S. Savings Bonds Division added 3 more releases while one was received from the American Revolution Bicentennial Administration.

Department of Health, Education and Welfare, Social Security Administration, mailed out 5 releases while the General Services Administration mailed out 2 different stories.

Two releases came from the United States Civil Service Commission, U.S. Department of Housing and Urban Development, Federal Energy Administration, Bureau of Sport Fisheries & Wildlife of the U. S. Department of the Interior, U. S. Department of Labor, and Departments of the Army and Air Force National Guard of Texas each sent 1 release.

Multiply that by every newspaper in the nation and lots of mail sacks were filled with government news releases.

## Bi-Centennial Program Planned for Thursday, May 8

Foard County's first bi-centennial activity since the county's endorsement as a national bicentennial com-

munity will take place on May 8 at 7:30 p.m. in the high school gymnasium. Spirit of '76—Third

Century USA will be the topic of the patriotic program which will be musical and narrative. Every person in Foard County who is glad to be an American should attend this program as it will portray our nation in the days which preceded "the shot that was heard around the world" on April 19, 1875, to the present time.

One outstanding feature of the program will be the presentation of a bicentennial flag to the community.

The program is being sponsored by the bicentennial committee of which Don Welch is chairman and the Foard County Historical Survey Committee.

## A&M VET LAB SERVES RANCHING INDUSTRY

The Texas Veterinary Medical Diagnostic Laboratory at Texas A&M University exists mainly to serve Texas ranchers, says Dr. William Sippel, executive director of the lab. The lab serves as a test center for animal specimens to identify disease problems so that specific treatment can be administered. Lab personnel also help in the

commerce of animals by performing various tests required for interstate or international shipment of livestock. Through the study of disease specimens and overall animal health conditions, lab officials issue warning of seasonal diseases through veterinarians and the Texas Agricultural Extension Service.

## RC&D Has Annual Banquet in Crowell Last Tuesday Night

The annual Four Winds RC&D Banquet held in Crowell Tuesday evening of last week climaxed the planning stages of the Project Plan.

Forty-six representatives of counties, cities and local citizens were present from Childress, Cottle, Foard and Hardeman Counties to enjoy the delicious meal and fellowship.

New officers elected by the Executive Board prior to the banquet are: Henry Black, chairman; O. Richards, vice-chairman; and Sam Breedlove, secretary-treasurer.

Certificates of Appreciation were presented to Keith Pitner, Claude Holcomb, Jr., Walter Lockhoff, Joel McClellan, Judge Bob Arnold and Ben Boston for their participation and contributions to the RC&D Project during the past year.

Executive Board members to serve the Four Winds RC&D Project for the coming year are: Henry Black and

Eldon Whitman from Foard County; Judge Roy Neal Parks and O. Richards from Cottle County; Ernest Rea and Leonard King, Jr. from Childress County and Sam Breedlove and Gladstone McLennan, Jr. from Hardeman County.

Von Kleibrink, Project Coordinator, gave a brief summary of the past year's activities. He stated that on March 21, 1975, official word was received from Washington that Wilbarger County would not be included in the Project Area. The Four Winds RC&D Project Plan that included the counties of Childress, Cottle, Foard and Hardeman was mailed to the Soil Conservation Service State Office for review on March 24, 1975. Kleibrink also informed the group that planning authorization had been obtained on Roadside Erosion Control for the counties of Cottle, Foard and Hardeman. Planning authorization had also been obtained for Critical Area

Treatment of the Crowell school campus.

Marion Porter, Area Conservationist, of the Soil Conservation Service at Terrell, Texas, concluded the banquet with his address. Mr. Porter encouraged the group to ignore county and city lines and work as a group to accomplish each individual project. He emphasized considering multiple purposes for all projects such as erosion and flood control, recreation, irrigation and municipal water supply. Slides were shown of RC&D work being accomplished in other parts of the state.

The Foard County Soil and Water Conservation District hosted the banquet, and the meal was prepared and served by members of the Women's Service League. Mr. Black served as master of ceremonies and the invocation was given by Joe Coufal of Crowell. A welcome to Foard County was extended by County Judge Seth Halbert.

## QA&P Records Put on Microfilm at Texas Tech

The records of a 120-mile railroad that brought settlers and commerce to several West Texas Communities have been preserved on microfilm by the Southwest Collection at Texas Tech University.

The Quanah, Acme and Pacific Railway (QA&P), originally established in 1903 to connect gypsum mines at Acme, with the Frisco railroad in Oklahoma, eventually pushed westward

to Floydada. Headquartered in Quanah, the QA&P served Hardeman, Cottle, Motley and Floyd counties, and until 1973 was a vital link in carrying transcontinental traffic for the Frisco and Santa Fe lines.

A railroad historian described the Southwest Collection's acquisition of the record on 186 reels of microfilm as a "tremendous liftoff" for the study of short

## Who Knows Best?

The majority of the American people, according to a recently revealed opinion poll, do not believe this country needs another bureaucratic agency to look after consumer interests.

Yet, the 94th Congress seems more determined than any of its predecessors to enact a law creating such an agency, regardless of what the people may want.

According to a nationwide survey of public attitudes conducted by Opinion Research Corporation of Princeton, N.J., a majority of American consumers are opposed to creation of a new agency for consumer activities.

Given a choice between creating a new consumer agency or taking steps to make existing consumer agencies (at least 33 operating more than 1,000 consumer related programs) more effective, the respondents favored strengthening existing agencies by a margin of 75 per cent to 13 per cent.

Of the 13 per cent who favored a new agency, more than half said they would rather forget the idea when informed that it would cost \$60 million to run the agency its first three years of existence.

These findings are consistent with arguments advanced by such groups as the Chamber of Commerce of the United States in opposing similar bills over the past five years.

If the present consumer agencies are not doing the job it is not likely that the problem will be solved by creating still another agency. Bureaucracy doesn't work that way.

Recently, S.200 sponsored by Sen. Abraham Ribicoff (D-Conn.), which would establish an Agency for Consumer Advocacy, was approved by a Senate committee. Ralph Nader was its leading advocate at hearings before the commit-

tee. Unless consumer speak up, they may find such an agency crammed down their throats. While Congressmen may not believe in polls, they do believe in letters from constituents back home.

It's up to you. Who knows what's best for you?

## SENIOR CITIZENS MEET

Crowell senior citizens met in a regular luncheon meeting Tuesday with 26 members and 5 guests. Mr. and Mrs. Flavil Yeakley and Mr. and Mrs. Don Crafton and Sally Sowell, assistant county extension agent. Bro. Yeakley gave the devotional before lunch. Sally Sowell demonstrated preparing a calico skillet dinner which was later served at lunch. She gave an interesting talk about meatless meals that can be tasty, satisfying, fun and nutritious. She also gave out pamphlets with recipes titled "How to Go Meatless with Protein on Your Side."

The winner of the door prize was Emma Belle Bounds. The prize was donated by Ida Sellers. The senior citizens bake sale will be Saturday, May 10. They have the tickets for the handmade quilt to be given away Saturday, June 7.

Residents are invited to contact one of the senior citizens about the quilt. Guests are always welcome at the center.

The average annual income of Texas families headed by women in 1969 was about half that of all families—\$5,360 for female-headed households compared to \$9,955 for all households. **GOVERNOR DOLPH BRISCOE SIGNS VETERANS DAY BILL** —  
The signing of Sen. Bill 11 restoring Veterans Day to its original date of  
November 11th is witnessed by key Legislators and Department Com-  
mander of The American Legion in Texas, James W. White of Houston.  
Others shown are Sen. Mike McKinnon, Corpus Christi; Rep. Albert D.  
Brown, Jr., San Antonio; Commander White; Gov. Briscoe, seated; Sen.  
Lindon Williams of Houston, Legislative Chairman for The American  
Legion; and Rep. Doyle Willis of Fort Worth. Commander White issued a  
statement thanking all members of the Legislature and the Governor for  
their support of the change. He said, "All veterans in Texas are grateful for  
the change."

**JV Boys Win 2nd**

Crowell High School's  
junior varsity track team won  
second place in the district  
meet held at Abilene last  
week. Coach Carl Brock  
listed the following places  
won by Crowell youths:

Oran Carroll won two first  
places at the meet, in the  
discus throw and 440 yard  
dash. His distance in the  
discus was 137-3 and he had  
a time of 58.9 in the 440.  
Willie Bachman won first in  
the shot with a throw of 44-6,  
while Jay Wall took first in  
the 100 yard low hurdles in a  
time of 12.7.

Second place winners were  
Carroll in the shot with a  
throw of 93-6; David  
Westover in the 880 in a time  
of 2:25-3. Both relay teams  
placed second. The 440 yard  
relay team is made up of  
Rocky Marlow, Daniel Field,  
Wall and Carroll. Running on  
the 880 relay team are  
Marlow, Randall Russell,  
Carroll, Field and Willie  
Bachman. Time for Crowell's  
880 was 144-5, and in the 440  
Crowell's time was 49.7.

Third place winners from  
Crowell were Bachman in the  
440 dash, with a time of 60.2  
and Norman Hopper who  
took third in the 50 dash with  
a 6.2 time and in the discus  
throw with 121.9.  
Marlow with a time of 60.7  
won fourth in the 440 dash;

Wall in a time of 9.2 won  
fourth in the 60 high hurdles  
and Westover won fourth in  
chinning with 18.

Fifth place winners from  
Crowell were Field in the  
brod jump with 16.1 and  
Don Johnson in the 60 high  
hurdles with a 9.6 time.

George Brown took sixth in  
the discus with 108.3,  
Marlow in chinning with 14  
and Westover in the 60 high  
hurdles in a time of 9.7.

Field qualified for the  
finals in the 100, but failed to  
place. Coach Brock said  
"With a little bit of luck we  
could have pulled out  
another win. But the  
coaching staff was well  
pleased with the effort put  
forth. Crowell was well  
represented in District 7-A."

The eleven boys making  
up the junior varsity track  
team were Oran Carroll, Jay  
Wall, Don Johnson, Randall  
Russell, Michael Daniel,  
David Westover, George  
Brown, Willie Bachman,  
Rocky Marlow, Daniel Field  
and Norman Hopper.

**Edgar B. Spears Died**

Edgar B. Spears, 46, of  
Mesa, Az., a native of Foard  
County and son of Mrs. T. A.  
Spears of Crowell, died  
Wednesday of last week in  
Mesa. Funeral services and  
burial were held Saturday in  
Mesa.

Mr. Spears was born here  
and attended Crowell schools  
until the family moved away  
in 1943. His mother had just  
recently visited him in Mesa,  
but had returned to her home  
here at the time of his death.

He is survived by his  
mother, wife, one daughter  
and one step-daughter; and  
two brothers, Ernest Spears  
of Altus, Ok., and Fred  
Spears of Kingsland. Mr.  
and Mrs. Ernest Spears  
attended the services in  
Mesa.

**Deadline Nears**

Comptroller Bob Bullock  
reminded 225,000 retail  
businesses Friday that April  
30 is the deadline for sending  
in quarterly sales tax reports.

"It's just around the  
corner," Bullock said.  
"Tardy returns mean  
nothing but trouble to both  
us and the taxpayer."  
Reports due April 30 cover  
the January-March quarter.  
Forms for the reports were  
sent to all sales tax permit  
holders by Bullock's office in  
March.

Bullock said that most  
delinquencies "are strictly  
oversight—but the  
consequences are the  
same."

Mr. and Mrs. Fowler L.  
Carroll of Pasadena visited  
from last Thursday until  
Monday of this week here  
with his nephew, James

**EXPANSION OF FORAGE  
FED BEEF**

Large scale production of  
forage finished beef is in the  
offing for the southern  
United States, predicts an  
agronomist at Auburn  
University. This production  
will increase when it  
becomes economically  
feasible. Present problems  
include uneven seasonal  
distribution of forage,  
pasture damage from hooves  
of animals, low digestibility  
of some grasses, and  
legumes not adapted to  
certain soils. A marketing  
problem is that the production  
of forage finished  
beef results in a varying  
supply of slaughter cattle.

## Engagement Is Announced

Mr. and Mrs. Jack Polk of Dumas have announced the engagement and approaching marriage of their daughter, Sharlett, to Douglas Chowning, son of Marion Chowning of Truscott and the late Wilma Carroll Chowning.

Miss Polk and Mr. Chowning will be married in the latter part of May at the First Baptist Church of Dumas.

The bride-elect is a 1972 graduate of Dumas High School and is a political science major at Texas Tech University in Lubbock.

The prospective groom graduated in 1971 from Crowell High School and is currently attending Texas Tech as a civil engineering major.

The couple are candidates for graduation in the summer.

The number of Texas teenagers marrying is increasing at a rate four times that of all Texans. Source: "The Darker Side of Childhood," published in 1974 by the Texas Department of Community Affairs, Office of Early Childhood Development.

## Truscott Women Go to Austin

Four women from the Truscott and Gilliland area were part of a group of 40 women who traveled by charter bus to Austin last week to attend a hearing Monday of last week in the Texas House chamber on a proposal to rescind the 1972 Texas ratification of the Equal Rights Amendment.

Going on the trip from Truscott and Gilliland area were Mmes. Gladys Meek, R. C. Daniel and Homer Martin.

The 600 seats in the gallery were emptied and refilled eight times as spectators stood in line for hours to hear the testimony. Most of those opposing ERA wore pink dresses, providing a veritable "sea of pink" at a rally held on the capitol steps. Most opposing ERA were also identified by "Stop ERA" buttons and 3x5 inch cards with the word "Rescind."

Norma McPherson of Vernon has been a leader in the rescind ERA movement in this section of the state and she is quoted in the Vernon Daily Record of Wednesday, April 16, as resenting a letter from the nation's first lady, Mrs. Betty Ford, which was presented at the Austin hearing by State Rep. Sarah Weddington, a former Vernon resident and supporter of ERA.

Mrs. Meek told the News last week that it was the "experience of a lifetime" for her to attend the Austin hearing, and she added that should she be needed to testify in Austin against ERA, she would borrow the money, if necessary, to make the trip on behalf of "women who want to be women."

PROGRAM CANCELED  
A program featuring Jerrell Wilson, punter for the Kansas City Chiefs football team scheduled to be presented here Tuesday morning was cancelled.

Ora Mae Fox, Kansas City Life Insurance Co. representative here, said Mr. Wilson and his party were grounded in Lubbock Tuesday because of heavy fog. Wilson had scheduled many visits to West Texas towns Tuesday, and the grounding of his airplane forced cancellation of most of them.

His visit here was to have been sponsored by the Kansas City Life Insurance Co.

## Social Security

May is Older Americans Month by proclamation of President Ford, and social security representatives are available to talk to groups and organizations interested in senior citizens programs, according to Kenneth R. King, Branch Manager of the Vernon Social Security Office.

"We have accurate, up-to-date, free information about social security, Medicare, and supplemental security income," Mr. King said. "All of these programs affect senior citizens. If your group or organization wants to know more about them, you can make arrangements for a speaker by calling or writing any social security office."

## Adelphian Club Has Meeting

The Adelphian Club met on Wednesday, April 16, at the club house. Hostesses for the occasion were Mrs. Bill Klepper and Miss Sally Sowell.

Mrs. E. M. Sollis reported that the dead trees in the yard at the club house will be removed and a man has been employed to keep the yard this summer.

The club voted to buy a storm window for the museum at the old fire hall.

Mrs. L. A. Andrews led the pledge to the United States flag.

In discussing important issues in the nation, Mrs. Velma Wilson discussed the energy crisis and how it hit very suddenly in Delaware where she was living until last year. Stations open only two hours daily left long lines of cars without gasoline.

The May 14th meeting of the club will be the last meeting of this calendar year.

## Speaker at WSL Meet

Mrs. Russie Hord told the highlights of the recent State Federation of Porcelain Art Clubs convention meeting in Brownsville. She was accompanied by Mrs. Ruth Kenner. Mrs. Hord was introduced by Mrs. Eva Sloan, program chairman.

With the numerous demonstrations in progress, the some 500 women also visited many commercial booths and attended a number of socials—including a very impressive costume show.

The Foard County women visited Matamoros, Mexico where they toured a church and residence and went shopping. They made the trip to the valley via car and enjoyed sightseeing en route. Mrs. Hord showed the WSL members many of the pieces she had painted.

## Quilt Drawing Is Set

Winner of the Women's Service League hand pieced quilt will be determined at 4 p.m. Friday at the West Texas Utilities office. The public is invited to attend although the winner does not have to be present in order to claim his prize. The \$1.00 tickets will be available from WSL members until time for the drawing.

## Hints to Homemakers

shapes in new ways. Color and design of an Indian-themed wall-paper can be exploded into a pow-wow patchwork of a dazzling floor by using custom cut vinyl tiles fitted to zigzag across the family room.

For practical flooring, consider ceramic tile. It is easy to mop and ever-handsome, even if a bit of country dirt gets tracked on.

But if it is simplicity or a return to the past you have in mind, use a serene polished sweep of Italian Marble. You may even use tiling as you would an area rug. Border the "tile rug" in a lively design with a contrasting solid color, or cut and insert colored geometric shapes such as triangles and squares. If you don't want straight lines, choose a sheet of vinyl that's embossed with a flowing curly design.

When selecting floor covering you need to consider the overall color scheme. It's a good idea to keep the largest area a subdued color. Floors receive the hardest wear of any surface in the home due to the dirt and grit that's constantly ground into the finish. The kitchen especially receives more spills and stains normally than any other floor covering.

Depending on the material, design and care given it, the floor can raise, depress, or do nothing for the overall appearance of the room.

## Local HD Women Go to Meeting

Three Foard County Home Demonstration club women and the extension agent attended the annual spring Texas Home Demonstration Association district meeting in Wichita Falls this past Thursday, April 17. Mrs. Grover Moore, delegate from the Riverside Club; Mrs. Clarence Garrett, delegate from the Gambleville Club; Mrs. Betty Chatfield, Gambleville Club member, and Sally Sowell, the extension agent attended the meeting.

Eighteen counties were represented at this district meeting. The morning speaker, Mrs. Merle Anthony spoke on the theme, "Home—the foundation of America." The Skylarks from Sheppard Air Force Base presented a medley of songs following lunch. Mrs. Woodrow Chervenka, State THDA Secretary, brought a message from the State Board.

Recommendation skits were presented by six counties on possible club programs in family living, citizenship, safety, 4-H, cultural arts and recreation, and health. Haskell county extended an invitation for the next spring meeting to have the theme of Heritage Festival in 1976.

## Agent Offers Series on Food Preservation

The Foard County Extension Agent is offering a mailout series, "Preserving Food at Home," to any interested homemaker.

The mailout series will include information on canning and freezing fruits and vegetables; pickles and relishes; preserves; jams; jellies and marmalade. The season for fruits and vegetables is just around the corner. Enroll soon to get your mailout series so that you can study and be ready to conserve your surplus fruits and vegetables at the peak of quality.

With inflation and the need for stretching the food dollar, this is a way to make your dollars go further and have high-quality food for your family.

Are you interested in enrolling in the series? Here is how!

Write your local County Extension Agent Sally A. Sowell, Box 516, Crowell or call her at 684-2901. The mailout series will begin in May.

## Eastern Star Gives Awards

In keeping with the Bi-Centennial theme, the Rev. W. O. Rucker, pastor of First United Methodist Church, showed slides with commentary of Abraham Lincoln's restored birth place, its grounds and furnishings at an open meeting of Crowell Chapter No. 916, Order of the Eastern Star, on Tuesday, April 15 in the Masonic Hall. He was introduced by Mrs. Vera Thomas, worthy marion, who welcomed guests and read a poem entitled "Friendship".

Rev. Rucker also showed slides of wild flowers—wildflowers—which he had taken throughout the United States. He detailed the types of cameras he used and his technique. He gave the invocation preceding the dinner for which Mmes. Bernice Carroll, Alvene Pittillo, Maggie Gentry and Gladys Moore were hostesses. Mrs. Vetrice Gentry was program chairman for the evening.

W. R. Moore, worthy patron, presented a 25-year membership pin to S. H. Gentry. Pins were mailed to Mrs. Mattie Ree Bates and G. R. Choate who were unable to attend.

Mrs. Evelyn Davis was accompanist for the opening and closing songs. Mrs. Lizzie Kenner registered guests from Electra, Seminole, Vernon, Burkburnett and Knox City.

## It's Time to Renew Notary Commissions

Texas secretary of state Mark White last week announced that all presently commissioned notaries public desiring reappointment for the new term which begins June 1, 1975, and ends June 1, 1977, must pay for the required fee and file a new oath and bond with the county clerk between May 1, 1975, and May 15, 1975.

He added that any person not now a notary public who desires appointment for the beginning of the new term June 1, should apply to the county clerk before April 30, 1975. The required application forms may be obtained from the county clerk.

White emphasized that notaries public should not send requests for appointment or for commissions directly to the secretary of state as the law specifically provides that the county clerk approve notary bonds and forward copies of the application to the secretary of state.

### 30 Years Ago in The News

News items below were taken from the Thursday, April 19, 1945 issue of the Foard County News:

Franklin Delano Roosevelt who had only begun his 4th term as president of the United States, died suddenly at the Little White House at Warm Springs, Ga., Thursday, April 12. Harry S. Truman of Missouri, vice president, was immediately sworn in as president and took up the duties of the office on Thursday evening. Crowell paid tribute to the late president in a memorial service held at the Methodist Church Saturday afternoon, with the churches of Crowell cooperating. Participating in the memorial service were Rev. G. O. McMillan, pastor of the Christian Church, Mrs. Arnold Rucker, Rev. Otis Strickland, Judge Leslie Thomas, Rev. R. S. Watkins and John Rasor.

All preliminary arrangements for the Ninth Annual 4-H Club Calf, Pig and Poultry Show have been completed and the show will be held at the Self Motor Co. building next Saturday, April 21.

D. N. Bird was notified by the government in late December, 1944, that his son, Pfc. Richard Bird, was missing in action and the first word received of or from him are two cards and a letter, received Saturday and Monday from Richard, which state that he is a prisoner of the Germans and doing all right.

S-Sgt. Clyde C. James, who was in a German prison camp from Sept. 9, 1944, until March 11, 1945, arrived at the home of his wife's parents, Mr. and Mrs. Bud Minyard in the Margaret community Monday. Sgt. James landed on the East Coast Tuesday morning of last week. He is on a 90-day furlough.

The following Foard County men were inducted into the Army in Dallas on April 13 and forwarded to Fort Sam Houston: William S. Temple, Glen H. Williams, Harvey E. Aydelott, Sam T. Holloway, Joe H. Fox and Stanley R. Whitten. Inducted into the Navy at the same time were Willie P. Ford and Clury H. Flowers, who were forwarded to San Diego, Calif.

An entire trainload of cattle, 38 cars, was shipped from Crowell Sunday to be fattened on grass pastures in Kansas, near Virgil. The shipment consisted of 1,350 head of 3- and 4-year-old steers and are owned by W. B. Johnson and Paul Shirley. After being kept in Kansas for a period of several months, the steers will be shipped to market.

There was an egg on display in the Thalia Cafe which measured 10x7 1/2 inches and inside this egg was another egg with a hard shell and the white of another. The egg was brought in by C. C. Wisdom.

Ray Tamplen, who is in the Navy, left Friday for San Diego, Calif.

Edwin Edgin, who is employed at Winters, spent the week end visiting his mother, Mrs. J. E. Minor.

**DECIDE ON COW HERD**  
Cattle producers should decide now how many cows they plan to keep over next winter, believes an agronomist for the Texas Agricultural Extension Service, so that they can produce enough forage during the coming months. Once this is determined, then the rest of the herd should be sold. And this should be done as soon as possible. Fertilizer must be applied to boost forage production; a straight nitrogen fertilizer is best for maximum forage growth. Apply about 200 pounds of ammonium nitrate per acre. It takes about 40 bales of hay to winter a cow, and this hay should be in the barn by July 1.

# The County Agent Says...

Garland R. Wiemers  
County Extension Agent

## Decisions On Wheat Damage Outlined

Personnel from the Research and Extension Center at Chillicothe-Vernon have made an extensive survey of the area with producers and county Extension agents to determine factors causing damage to wheat.

Freeze damage is by far the biggest problem, although some diseases are showing up in isolated areas. Damage is more extensive in the northern half of the district with little damage occurring south of Dickens, Stonewall, Haskell and Throckmorton counties.

Although damage is widespread, not all fields are damaged. Freeze damage seems more associated with plants under stressed

conditions from low fertility and insects or the stage of development or a combination of these factors. Generally, early and late maturing varieties exhibit a smaller percentage of damaged heads than the intermediate varieties.

Symptoms of freeze damage are yellow or brown flag leaves (last leaf around head) associated with discolored growing points. When upper stems are split to expose the head, freeze damaged heads will be very small and yellow or brown.

Each producer should inspect individual fields to determine the degree of damage. Field inspections have indicated damages ranging from very little to almost complete head destruction. The percentage of head damage in any field is the best indication of damage at this time.

Costs in this crop are all fixed at this point in production. The choice facing the producer is what method of disposition to make with this crop. He may:

1. Harvest with combine as he had planned originally.
2. Harvest crop for hay.
3. Graze out.
4. Plow under and plant a summer crop.

Each producer should weigh his own situation and decide on which alternative will best suit his program.

There is a possibility that heads which show no present evidence of freeze damage may later prove to be sterile. There is no practical way of evaluating this situation until after flowering or seed set. Continuous inspection of fields should be made.

**Case Your Tomatoes**  
Using cages to support plants rather than staking and pruning has proven to be one of the best methods to use in growing tomatoes. This technique helps support the plant and keeps the fruit off the ground. The plants are allowed to grow naturally within the cages.

Cages in the shape of cylinders can be made of reinforcing wire, hog wire, or similar material. The cylinder should be 18" to 20" in diameter and 2 1/2 to 5 feet tall. Concrete reinforcing wire is generally considered best. Most come in varying lengths but most commonly in 5 ft. widths. It takes a length of about 5 1/2 ft. to make a tomato cage 18" in diameter. The cages are held together by bending and crimping the ends of the wire around one of the vertical wires.

The cages should be placed over the tomato plants about when they start to bloom and set fruit. Allow one plant per cage. For support, the bottom ring of

the cage can be snipped off so that the cage can be pushed into the ground. Additional wooden or metal stakes to keep the cage from falling over later in the season may also be needed.

## The Beef Cattle Situation

The Rolling Plains Economic Program is sponsoring a program on the beef cattle situation on Monday, April 28. The meeting will begin at 1:30 and take place in the Haskell National Bank Community Room. A registration fee of \$2.00 will be made.

Topics of the program include: the feedlot situation from a feeder viewpoint; problems associated with killing grass-fed beef; and the beef cattle outlook.

The beef cattle price, to say the least, has been somewhat dim. For this reason you will want to make an effort to attend and learn about what the future holds for the beef cattle industry.

**Throckmorton Ranch Tour**  
The 1975 Texas Experimental Ranch Field Day will be conducted Thursday, April 24 at the ranch near Throckmorton. Registration (\$3.00 includes lunch) for the event which takes place at the ranch headquarters begins at 8:00 and ends at 11:00 a.m.

The first bus tour of the ranch will leave at 8:30 a.m. and the last tour will depart at 11:00 a.m.

Lunch will be served at the County Show Barn in Throckmorton. The afternoon program will include a discussion of the highlights of the ranch research program in Texas.

## Sales Tax Checks Are Mailed Out

Comptroller Bob Bullock issued \$16.1 million in checks last week in the first ever monthly payment of city sales taxes. Last week's payments went to more than 500 towns and cities for taxes collected between Feb. 18, the cutoff date of the last quarterly payment, and April 4.

Although Crowell does not have a city sales tax, a table released by Bullock shows what towns comparable in size to Crowell received. Monday received \$862.21, Knox City \$1,346.18.

## Election Results Told

Only 214 Foard County residents went to the polls in the special constitutional amendment election held here and across Texas Tuesday.

Foard voters turned down both proposals. No. 1, which would affect state and school retirement systems, was defeated here 111 to 101. No. 2, the perennial request for a raise for state legislators, was defeated here 126 to 86.

## Truscott Musicals Are Planned

The first Truscott musical this spring will be held Saturday, May 3, according to information received from Paul Bullion of Truscott. The proceeds from the musicals will go for the upkeep of the Truscott cemetery.

Mr. Bullion says everyone is invited to attend, enjoy the music and donate to the cemetery fund.

Former Truscott residents who cannot attend are asked to mail their donations to Carlton Browder, treasurer of the Truscott Cemetery Association.
