

## Age Sorghums Good Summer Pastures

Improved varieties of sorghums are very good summer pastures. Amount of forage will depend on the land and the fertility of the soil. About two acres supplemental forage on good fertile land will normally feed a cow for about 15 days from June 15 to October with normal or if adequately

least 90 percent of the plant food is manufactured in the leaves of plants. Over grazing reduces the ability of the plant to keep itself alive. Dead and stunted grass can not provide forage to produce beef. Summer legumes such as blackeyed peas, purple hull peas, mung beans, guar and clover make high protein forage crops and are soil improving crops. The summer legumes are usually low volume forage plants. Alfalfa is a high volume legume crop that is being used by a few livestock farmers. There are some good bloat control supplements that are being used when alfalfa and similar crops are grazed.

The summer fallowed small grain will provide some forage for summer grazing. A drilled crop of sorghum and summer legumes would increase the amount of forage produced. The legume and grain sorghum crops can be grazed out or plowed up in time to plant the wheat and other winter growing crop.

### SYMPTOMS YOU CAN SEE

A change in size or color of a wart or mole. A sore that doesn't heal. These are warning signals of skin cancer says the American Cancer Society. But only a physician can be certain. Check with one immediately.

Texas goat raisers, mainly on the Edwards Plateau, account for all U.S. and 40 percent of the world's mohair production, according to Agriculture Commissioner John C. White.

## Area Cotton Fleahopper Damage High

Older cotton is squaring and fleahoppers are causing excessive damage in a few fields, Area Entomologist Emory P. Boring III of Vernon says in his fourth weekly insect report for the Rolling Plains area.

Mr. Boring says that younger cotton is just reaching the one-third grown square stage. Older sorghum in the area is in the soft dough state and maturing rapidly.

Greenbug infestations have increased during the past week. Here is his insect summary in part:

### Cotton Outlook

—Overwintered boll weevil activity in cotton fields appears to be declining somewhat. Light to moderate boll weevil square damage was reported from cotton fields in Wilbarger, Fisher and Knox Counties. First generation boll weevils are emerging from squares from at least one of the older cotton fields in Wilbarger County. Sixteen boll weevils were captured last week in one Leggett trap in Knox County.

—Light to moderate fleahopper infestations were reported from cotton fields in Baylor, Childress, Fisher, Jones and Wichita Counties. Producers should inspect fields. When there are 25-50 fleahoppers, including nymphs and adults, per 100 terminals, control measures may be needed. As plants increase in size and fruit load, larger populations can be tolerated.

—Light numbers of bollworm eggs were observed in cotton in Childress and Fisher counties and small bollworms were found in terminals of cotton in Wilbarger County.

—Grasshoppers are causing some damage to cotton on turnrows in parts of Hardeman and Shackelford counties.

### Sorghum Outlook

—Moderate infestations of headworms present in some sorghum fields in Knox County.

—Moderate infestation of the lesser cornstalk borer causing loss of young sorghum plants in Knox County.

### Sunflower Outlook

—Sunflower moth infestations continue to persist in fields in demonstration plots in Childress and Haskell counties. Moderate infestation of sunflower beetles reported in demonstration plot in Childress County. Light numbers of carrot beetles continue to

be captured in light traps at Lockett.

### Vegetables

—Spider mites continue to be major home garden problems, with infestations reported in okra and squash in Childress County and on tomatoes in Fisher, Wilbarger and Young.

—Heavy squash bug infestations reported in home gardens in Childress, Wilbarger and Young Counties.

—Tomato hornworms are causing moderate damage to foliage of tomatoes in Wilbarger County.

—Moderate bagworm infestations reported in evergreens in Childress and Hardeman Counties.

—Euonymus scale causing moderate to heavy damage to euonymus in Childress, Wichita and Wilbarger Counties.

## Save the Postal Service and the Free Press

Some rather startling recommendations were made recently by the administrative law judge of the Postal Rate Commission concerning future postal rates. If followed, these recommendations could spell disaster for the United States Postal Service itself and for freedom of the press as we know it.

Among other things, the judge proposes reducing the price of a first-class stamp from 10 cents to 8½ cents. Sounds fine from the consumer's point of view, doesn't it? Well, it's not. And the reason is that the judge wants to make up the loss in first-class revenues by inordinate increases in the costs of mailing magazines, newspapers, books and packages. Actually, his plan would wind up costing the consumer more—not less.

And what does his plan do the USPS? It means a reduction of \$900-million in first-class revenues, and the doubtful prospect that this will be made up by the certain reduction in usage of the other classes of mail. Not to mention the fact that there is already a \$1.6-billion deficit facing the postal service.

Bankruptcy? Certainly a possibility. Moreover, the judge's proposals could also cause an intellectual bankruptcy in the land, for they could force many of our valued periodicals to go out of business—unable to absorb or pass along the huge increases in mailing costs. Newspapers and magazines would be hit by a minimum of a 121 per cent rise (weekly newspapers by as much as 250 per cent); books by 96 per cent, and packages by 67 per cent.

The single greatest tragedy in all of this as far as the American public is concerned is that the public-service function of the postal service in the dissemination of informational and educational material—as clearly recognized by our founding fathers—has not even been considered in the recommendations made by the law judge in this case.

If his remarkable recommendations are followed, we may live to see the day when the thoughtful, provocative and beautiful magazine is relegated to the role of coffee table decor for the very rich—as opposed to an informational and educational natural resource for all to enjoy.

## State Sends Out City Tax Checks

Comptroller Bob Bullock sent checks totaling \$11.4 million last week to Texas towns and cities for their monthly July city sales tax payments.

"We have now refined our system such that not a penny of city sales tax money can stay in this office longer than 45 days before being sent back to the city," Bullock said. "This is a far cry and a grand improvement from the old quarterly system with its 60 and 90-day delays."

During the first two months of the cycle—including this month—payments are not made to cities whose allocation is less than \$500. Payments received by

some area towns are: Knox City \$671.16; Munday \$617.56; Paducah \$526.99; and Vernon \$7,736.78.

### SUNNY DAYS

Sunny days can mean trouble, warns the American Cancer Society. Repeated overexposure to the sun can cause skin cancer.

Everyone should be careful about prolonged exposure to the sun, warns the American Cancer Society. Skin cancer is an extra hazard to persons with fair complexions.

## Texas Cotton Drop Affects U.S. Output

AUSTIN—A 700,000-acre reduction in Texas cotton has accounted for most of the projected decline in the United States estimate for 1975. Agriculture Commissioner John C. White has reported.

According to the June 30 Texas Crop and Livestock Reporting Service crop report, cotton farmers have planted almost 4.6 million acres, a 12 percent drop from a year ago.

Cotton acreage nationally was estimated at 10.2 million, a 26 percent decrease.

White said most of the acreage reduction is the result of a depressed cotton market.

Though the Texas estimate is a slight increase over March intentions, many cotton fields have been severely damaged by heavy hail and thunderstorms.

"Some fields have been

Page 3  
Foard County News  
Crowell, Tex., July 24, 1975

completely destroyed and farmers are having to plant other crops since it is too late in the season to replant cotton," White reported.

### CONFEREES TO DISCUSS WORLD FOOD SITUATION

Authorities on the world food and population picture will headline the annual meeting of the American Phytopathological Society and the Society of Nematologists at the Hilton Hotel in Houston Aug. 10-14. Theme will be "Healthy Plants for a Hungry World," according to a plant pathologist for the Texas Agricultural Experiment Station. Speakers will address the many perplexing problems affecting the world food situation, such as population trends, climatic changes, disease-causing organisms, pest problems, the energy situation, political systems, and cultural and religious restraints.

A brilliant university student from a wealthy family leaped to his death. In his room was found this note: "There is utterly no hope."

Hopelessness is sometimes caused by sin. No one can stop a shell after it has left the gun. It goes to its mark, and explodes, dealing destruction. So it is with sin. No one can stop the consequence of a sin after it has been committed.

Hopelessness is sometimes caused by sorrow. Every man wants a life that is easy. But life is not that way. It knocks a man down. He gets up, but it knocks him down again. All of us have our troubles.

Hopelessness is sometimes caused by separation. Time goes, but death comes. It devours lambs as well as sheep. There is no medicine against death. It is destined that men shall die.

Is there no hope? There is. Where? Psalm 130:7 answers, "In the Lord: for with Him there is mercy, and with Him is plenteous redemption."

There is no sin too foul for Him to forgive and no temptation too strong for the Lord to subdue. There is no heartache too deep for Him to heal. And the fear of death is canceled by faith in Christ. So hope in the Lord!

**TEXAS PRODUCTS ON 'TAP' INSIDE**—One more visitor climbs the steps to the Food and Fiber Mobile Unit which has traveled all over the state since 1967 telling the tale of Texas Agricultural Products (TAP). Thirty visitors can be seated comfortably in the unit for an eight-minute slide show. TAP comes under the Marketing Division of the Texas Department of Agriculture.

## TDA Surveys Infestations Of Fire Ants

AUSTIN—Surveys to examine the extent of imported fire ant infestation in 52 counties are being conducted by crews from the Texas Department of Agriculture, Agriculture Commissioner John C. White has announced.

Ten teams will work this summer to document locations of the ants' cone-shaped hard mounds.

Samples of the insects will be gathered for positive microscopic identification from Texarkana to San Antonio.

"These counties are adjacent to known infested areas, and this information is necessary to determine future control programs in the state," White said.

"Millions of dollars in losses to farmers and ranchers have been confirmed because of ruined pastures, deaths of newborn animals caused by the sting of the ants, and damage to machinery in fields which became pock-marked with the mounds," he stated.

People who think imported fire ants are on their property are asked to call their Texas Department of Agriculture district office.

Imported fire ants are usually reddish-brown, measuring one-eighth to one-fourth inch long. Their mounds are six inches to three feet high and can spread 15 to 18 inches in diameter. The pests infest nine southern states, including Texas.

By early 1974, 25 million acres in Texas had confirmed populations. The known total currently stands at 27 to 28 million.

## Benjamin Plans Bicentennial Event

Ninety years after the first settlers started the town of Benjamin, its citizens are preparing to celebrate the nation's 200th birthday. The official Bicentennial Celebration will begin on Saturday, July 26, on the Courthouse Square as Benjamin is presented the national and state Bicentennial Certificates and national flag.

Ceremonies are slated to begin at 7:00 p.m. with a parade around the square. Knox County Judge Sam E. Clouts will serve as Master of Ceremonies for the program beginning at 7:30 p.m.

Mayor Vernon McCantles and James Bisbee, chairman of the Benjamin Bicentennial Committee will accept the flag and certificates from Dr. Art Beyer, professor at Midwestern State University

and chairman of the Wichita Falls Bicentennial Committee. Edward Lee Kirk of Abilene will be the guest speaker.

When the official ceremonies are concluded, the festivities will take over. The Kounty Seat Kickers, Benjamin's own square dance club, will kick off an old-fashioned evening of fun and entertainment which will include music and refreshments for all.

The bands of Son Propps, R. C. Daniel, Paul Bullion and the Westernaires will provide the music for the Jamboree following the short square dance. A concession stand will open at 6:30 p.m.

Other projects planned for the future recognition of this Bicentennial period are in the planning stages.

Plenty of Swingline and Bostich staples.—Foard County News.

The Foard County News

## News from... Margaret Riverside Virginia Smith

Mr. and Mrs. M. T. Gilbert, Brenda, Terry and James, of Paducah, Mr. and Mrs. R. L. Hudgens and Mr. and Mrs. Benny Smith, Ray and Bill, had a family picnic at Quartz Mountain State Park in Oklahoma Sunday. Brenda and Terry Gilbert stayed for a week's camp at Quartz Mountain Christian Camp.

Mr. and Mrs. J. E. Ingle visited Mr. and Mrs. Ray Gibson and family in Iowa Park Sunday. Their grandson, Randy, returned home with them for a visit.

Mrs. Ruth Middlebrook of Vernon visited Mrs. O. C. Allen Wednesday.

Mr. and Mrs. Joe Bledsoe of Fort Worth visited Mr. and Mrs. O. C. Allen Saturday.

Mr. and Mrs. James Bowers visited Mr. and Mrs. Gary Bryant and family of Quanah Wednesday and Thursday.

Mr. and Mrs. L. B. Smith of LaGrange visited Mr. and Mrs. Henry Faske last week.

James Gilbert of Paducah is spending a few days with his uncle and aunt, Mr. and Mrs. Benny Smith, Ray and Bill.

Mr. and Mrs. Joe Bledsoe of Fort Worth visited Mrs. J. S. Owens Sr. over the week end and Mrs. Owens returned to Fort Worth with them for a two weeks visit.

Linda Kempf of Vernon and Mrs. Ethel Ferguson of Crowell visited Mr. and Mrs. James Bowers Sunday.

Mr. and Mrs. Horace Owings of Freeport, Mr. and Mrs. Jerry Young of Devine and Mrs. Mason Brown of Childress visited Mrs. John S. Ray and other friends in the Riverside and Rayland communities Monday morning. Mr. Young and Mrs. Owings had attended school at West Rayland in their youth and were most interested in looking at the copies of They Loved the Land.

Mrs. Billy Joe Halencak and children, Myron, Wesley and Arlene, accompanied the senior citizens group to Amarillo Monday and Tuesday. They attended the pageant, "Texas."

Mrs. Billy Joe Halencak and daughter, Arlene, and Mr. and Mrs. Dink Woods of Crowell visited Mrs. Larry Shaw and son, Todd, of Duncanville in Chillicothe Monday.

Mr. and Mrs. Will Barnett and children, Laurie and John, visited "Six Flags" and then went on to Galveston to enjoy the beach and spots of interest over the week end.

Mr. and Mrs. Everett Close and daughter, Kathy, of Fort Worth and Mrs. Jim Close of Vernon visited Mr. and Mrs. R. L. Hudgens Saturday.

Billy Dean Halencak, son of Mr. and Mrs. Billy Joe Halencak, called home and was in Dalton, Nebr. He said they were about finished cutting wheat there and would be moving on to Wyoming soon.

Mr. and Mrs. August Rummel have returned home after accompanying their daughter, Mrs. Nicholas Schaefer, and family of Azle on a tour of the states of Oklahoma, Kansas, Missouri, Iowa, Minnesota, Wisconsin, Arkansas and Illinois. In Wauson, Wis., they visited with Mr. Schaefer's parents, Mr. and Mrs. Leo Schaefer, and with his brothers and sisters and families. In Cement, Ok., they visited Mrs. Rummel's cousin, Sam Koenig and wife. Saturday, they all left for a few days visit with their son and grandson, Monty Bice and wife at Denver City.

Nectarines are ancient fruits that have characteristics of both the peach and the plum. Store them uncovered in the refrigerator and use within three to five days. Mrs. Gwendolyn Clyatt, with the Extension Service, says.

A big supply of "For Sale" and "For Rent" signs on sale at the News office. Only 50 cents each plus tax.

## Miss Quintero Returns from Trip

Miss Sylvia Quintero, daughter of Mr. and Mrs. Ray Quintero, has returned home from a trip to Washington, D.C. She was one of 1800 delegates representing over 439,800 Future Homemakers of America at the 1975 National meeting held July 14-17.

As third vice president and projects chairman for Area IV of the FHA, Sylvia joined officers from two other areas who flew to Washington from Dallas on July 12.

While there, she participated in small group workshops, concern sessions, and large group sessions. These sessions were designed to help youth focus on personal growth, community growth and growth within FHA.

Sylvia also toured various

points of interest including the White House, the monuments, Mount Vernon, the Capitol, the National Cathedral, and the Smithsonian Institute.

Sylvia attended the state executive council meeting at Wimberly this week, July 22 through 24. She was accompanied by her advisor, Mrs. Mary D. Brown. While there, all area third vice presidents made plans for bicentennial projects for the coming year.

Sylvia will be president of the local FHA chapter during the coming school year.

Mrs. Brown and Sylvia this week expressed appreciation to all area residents who had a part in helping Sylvia make her trip to Washington.

Today's soft and comfortable lingerie and loungewear are "everywear." These lacy, sexy, feminine and functional garments can be worn almost everywhere, Beverly Rhoades, with the Extension Service notes.

Marks-a-Lot. 59c at News office.

Crowell, Tex., July 24

In addition to being a source high in protein, peanuts contain amounts of Vitamin B iron, according to the Department of Agriculture home economists.

## Abnormal Watermelon Seeds

AUSTIN—Short supplies brought on by poor weather conditions have caused watermelon prices to rise this summer.

"It has been an abnormal season for watermelon," said Agriculture Commissioner John C. White. "Harvest was late in the Lower Rio Grande Valley because of the drought there."

He added that the Dilly-Pearsall area was hurt by hail.

White said watermelon supplies peaked and supplies are declining. He said probably would be between now and mid-August when commercial season ends.

visiting his uncle, Thomas  
Black, and family and other  
relatives. Also visiting in  
the Black home are his daughter  
and family, Mr. and Mrs.  
Billy Jones and daughter,  
Michelle, of San Antonio.

Mr. and Mrs. Tom Jones  
of Milton, Delaware, have  
been here visiting Mrs.  
Jones' sisters, Mrs. Samuel  
J. Wilson and Mrs. Bud  
McLain, and Mr. McLain.

Mrs. Otis Moye and Mrs.  
Hubert Brown returned  
home last week from visiting  
Mrs. Moye's granddaughter  
and husband, Mr. and Mrs.  
McClintic in Pueblo, Colo.,  
and Mrs. Brown's daughter  
and husband, Mr. and Mrs.  
Thomas Johnson of Colorado  
Springs, Colo.

Mrs. Jake Wisdom, Cindy,  
Mollye, and Karen Wisdom  
took Pollye to Wichita Falls  
Monday for a medical  
check-up.

Miss Cathy Borchardt of  
Duncanville is here this week  
visiting her grandmother,  
Mrs. Mary Borchardt.

Mr. and Mrs. Eugene  
Monkres and daughters,  
Lauri and Lisa, of Pompano  
Beach, Florida, have  
returned home after a week's  
visit with their parents, Mr.  
and Mrs. Harvey Aydelott of  
Crowell and Mr. and Mrs.  
Hulen Monkres of Quanah.

Mr. and Mrs. William  
Wisdom, Phyllis Ann and  
Tammie Patterson visited  
the Jake Wisdoms, Mrs. A.  
B. Wisdom and Frank  
Sunday.

Mr. and Mrs. Louis J.  
Urac of Mohave Valley, Az.,  
visited Mrs. Urac's aunt,  
Mrs. A. B. Wisdom and  
Frank, and the Jake Wisdom  
family, Rocky and Karen,  
Thursday. Mrs. Urac is the  
former Emma Wisdom, the  
daughter of the late Mr. and  
Mrs. Monty Wisdom, former  
residents of Thalia. Emma  
graduated from Thalia in  
1935. It has been 29 years  
since her last visit to  
Thalia—quite a change she  
commented. She still enjoys  
her Foard County News and  
even though this was the first  
time her husband visited this  
section of the country he  
commented that he read the  
News from cover to cover.

Mr. and Mrs. C. T. Blevins  
and daughters, Beth, Lisa  
and Lori, of Corpus Christi  
were week end visitors here  
with his grandmother, Mrs.  
Myrtle Murphy.

Mayme Lee Collins of  
Crowell and Estelle Powers  
of Lockney have returned  
home after a two weeks  
vacation at the summer home  
of Mr. and Mrs. Hershel  
Carthel at Ruidoso, N.M.

Mr. and Mrs. Vernon  
Cardin and sons of Burk-  
burnett spent the week end  
with Mrs. Cardin's mother,  
Mrs. Maudie Golden.

Mr. and Mrs. J. W.  
Golden Jr. of Stamford are  
the proud parents of a baby  
girl born July 21, weighing 5  
lbs., 7 oz. Her name is  
Stephanie Delaine. Mr.  
Golden is a former Crowell  
resident. Paternal grand-  
mother is Mrs. J. W. Golden  
Sr. of Crowell.

Mrs. J. W. Golden Sr. and  
Mrs. Mary Foster visited Mr.  
and Mrs. J. W. Golden Jr.  
and family in Stamford  
Monday night.

Mr. and Mrs. Homer  
Zeibig and Mrs. W. F.  
Statser visited Mr. and Mrs.  
Clark Hitt in Dallas over the  
weekend. Other visitors in  
the Hitt home were Mrs.  
Zeibig's sisters and  
husbands: Mr. and Mrs.  
Mack Conant of Port  
Charlotte, Fla., and Mr. and  
Mrs. Vernon Pyle of Wichita  
Falls.

Mrs. J. H. Stark of Sand  
Springs, Ok., is here visiting  
her mother, Mrs. W. B.  
Carter.

Mrs. Margaret Reynolds  
and son, Gary Don, of  
Colleyville were week end  
visitors here with their  
mother and grandmother,  
Mrs. Daisy Thompson. Mrs.  
Reynolds attended the bridal  
shower for her niece, Miss  
Susan Autry, Saturday after-  
noon.

Mrs. W. B. Taylor and  
Mrs. Ben Whitfield spent  
Monday with Mr. and Mrs.  
Melvin Moore. They were  
en route home after  
attending the Middlebrook  
reunion in Fort Worth. Mrs.  
Middlebrook is from  
Amarillo and Mrs. Whitfield  
from Chama, N.M.

Mrs. W. B. Taylor of  
Amarillo and Mrs. Mozetta  
Middlebrook Whitfield of  
Chama, N.M., visited Mr.  
and Mrs. A. B. Owens  
Monday.

Mrs. Howard Reid of  
Lubbock visited her aunt,  
Mrs. Delia Fox, and Ora Mae  
Wednesday of last week.

Mrs. A. B. Owens spent  
Sunday night with Mr. and  
Mrs. Ray Tamplen and Cindy  
in Vernon.

Mrs. Delia Fox and Ora  
Mae and Mr. and Mrs. C. E.  
McAdams of Vernon visited  
Miss Johnnie Short in  
Plainview over the weekend.

**Hunting  
Guides Soon  
Available**

AUSTIN—Information on  
game and fish laws for  
upcoming seasons is  
contained in the new "Guide  
to Texas Hunting Sport  
Fishing Regulations, 1975-76" soon to be available  
where hunting and fishing  
licenses are sold.

This year's 24-page  
booklet from the Texas Parks  
and Wildlife Department  
features county-by-county  
listings of seasons and bag  
limits for popular game  
species along with fishing  
regulations.

Also included is a county  
locator map to pinpoint any  
one of the state's 254  
counties with specific notes  
on special game animals and  
birds which may be hunted in  
the counties under the Parks  
and Wildlife Department's  
regulatory authority.

More detailed information  
is listed for licenses, tags and  
permits, minnows, fur-  
bearing animals and general  
freshwater sport fishing and  
hunting rules.

Regulations for migratory  
birds and commercial and  
saltwater fishing have yet to  
be established by the Texas  
Parks and Wildlife Commission  
and are not included in the  
"Guide".

P&W officials say the  
guide will be mailed to all  
license sales deputies July 25  
and should be available to  
the public by the first of  
August.

**CARD OF THANKS**

To our many friends, we  
wish to express our sincere  
thanks for the memorials,  
flowers, cards, prayers and  
other kind acts of sympathy  
shown us during the loss of  
our mother and loved one,  
God bless each of you.  
The E. M. Burkhart  
Family.

FINANCE SEMINAR FOR  
AG FIRMS

The second annual  
Management Seminar for  
Agribusiness Firms is  
scheduled for Oct. 21-24 at  
Texas A&M University.  
Businesses engaged in  
producing, marketing or  
processing agricultural  
products or that supply or  
serve agribusiness firms are  
invited to participate, says an  
economist for the Texas  
Agricultural Extension  
Service. The seminar will  
offer tools and methods to  
evaluate the feasibility and  
profitability of investments and  
to analyze current or  
forthcoming financial  
problems. Special learning  
situations based on actual  
questions and problems  
faced by participants will be  
an important part of the  
overall seminar.

**DO YOU HAVE A BIBLE QUESTION?**

It has been my pleasure to comment on some of the teachings of the Bible from week to week in this column.

I believe the Bible to be God's Word, inspired by the Holy Spirit, and profitable to us today.

This column will be continued with a little different format. IF YOU HAVE A BIBLE QUESTION THAT YOU WOULD LIKE TO HAVE ANSWERED, ADDRESS ME—DON CRAFTON—THE ADDRESS BELOW. YOUR NAME WILL NOT BE USED.

Please be sincere in your question and expect a like answer. Then my only plea is that you carefully study the Word of God, and accept it as His.

You are invited to worship and study with us at every opportunity you have. If you would like a Bible study in your home, I will be happy to study with you.

ACCORDIAL WELCOME AWAITS YOU.

**NOTICE**

**6 HOURS FOR SWIMMING IN THE CROWELL SWIMMING POOL ARE FROM 10:00 until 6 P. M. Each Day!**

**PLEASE OBSERVE THESE OPERATING HOURS.**

It's unlawful to enter the swimming pool premises and use the facility any other time, except for pre-arranged private parties.

**CITY OF CROWELL**

**SORGHUM SITUATION UNCERTAIN**

Sorghum prices will remain under pressure much of the summer due to the large harvest in prospect in the United States, says a grain marketing specialist for the Texas Agricultural Extension Service. However, rumors of pending large foreign purchases may be sufficient to override the negative price effects of a large crop. Unless such large exports develop, Central Texas prices should average near \$3.60 per hundred-weight in late July and August while prices in the Panhandle could range from \$3.95 to \$4.20 for the same period.

**Santa Fe**

**Wheat Report-1975**

**New Harvest:** During recent weeks the harvest of more than 680 million bushels has been underway in the five major wheat states served by Santa Fe. That's almost half of all the winter wheat grown in this country.

**Car Supply:** Santa Fe's part of the harvest job will be about 29,000 carloads. Our fleet of jumbo hoppers along with regular hoppers and box cars are now rolling throughout the harvest areas handling this big load.

**Santa Fe Operations:** The millions invested each year to improve Santa Fe's facilities, cars and locomotive fleet, makes it possible for us to get the job done in the most efficient way. We are ready to do even more than our share in wheat-growing states along the Santa Fe where problems may arise from inadequate transportation services.

Wheat train of new 100-ton jumbo hoppers

Under normal conditions the railroads plan their operations to move with the harvest as it advances across the wheat belt.

This year, old man weather has upset the timetable. Rain has delayed the new crop about two weeks, and the wheat became ripe and ready in all growing areas of the Midwest, at the same time!

Santa Fe has a long and proud record of moving wheat. We do our best to prepare for each year's harvest. For example, we have almost 13,000 jumbo hoppers in service, including 1,000 brand new ones just received from the builders. That's the largest fleet in the nation.

1975 will be a near-record wheat harvest year along the Santa Fe; and, although the weather has created problems, we are doing our best to move each bushel. We are about to complete the harvest movement, and we appreciate the cooperation of growers, shippers, elevator operators and government inspectors which has helped Santa Fe handle another big wheat job.

*Rail cost is only a thin slice of the price you pay for bread. It averages about—*

**1/2¢ a loaf**

Moving wheat for making bread is an example of how a modern railroad handles volumes of foodstuff at low costs.

This is one way Santa Fe works to hold down the price of food where it counts the most for family shoppers, at the checkout counter.

Give new life to your budget

## 30 Years Ago in The News

News items below were taken from the Thursday, July 12, 1945, issue of The Foard County News:

Deposits in the Crowell State Bank were \$1,907,840.55 at the close of business March 20.

Rev. Joe W. English, pastor of the Baptist Church at Truscott, preached his fiftieth anniversary sermon Sunday morning, July 8. Fifty years ago, he preached his first sermon as a boy preacher at Bailey, Texas.

Mrs. Overton Neal of Medicine Mound has been employed as a teacher in the local school system.

The first model of the post war Ford has been completed. It was made by hand and will be used as a pattern for assembly line production.

W. M. Merrill, manager of the new White Auto Store, announces that his store will officially open for business in Crowell Saturday morning, July 14.

The City Council voted last meeting to lower the mayor's salary from \$50 to \$35 a month and the aldermen from \$25 to \$15 per month.

Foard County has received the greatest downpour of rain within the past week that has visited this area in the past two years. The rivers and creeks have been up to a high point and dirt tanks for stock water have been filled to overflowing.

The number of farms in the County of Foard, State of Texas, as shown by the preliminary count of returns of the 1945 Census of Agriculture was 511, as compared with 561 in 1940 and 830 in 1935. Total land in farms in the county is 412,714 acres as compared with 368,167 acres in 1940, and 430,737 in 1935.

Miss Jean Orr left last week for San Diego, Ca., where she will spend some time visiting her sister-in-law, Mrs. John Lee Orr.

Misses Bobbie McDaniel and Nannie Belle Whitley returned Saturday from a two weeks visit with relatives in Chickasha, Ok.

Cecil Parkhill, S2C, was a member of the USS Napa, attack transport ship, when she was damaged in a collision off Iwo Jima. The ship was carrying 284 wounded from the Iwo Jima fight to Guam hospitals for treatment. The hole was 15 feet wide, 15 feet deep and 60 feet high, however, the stalwart ship continued on her mission and is now being repaired at a Seattle repair dock.

Adoption of a 44-hour week will cause the Foard County War Price and Rationing Board to close at noon each Saturday. Previously the office had been open all day Saturday.

The State Medical Association of Texas will actively oppose passage of the Wagner-Murray-Dingell bills now before Congress on the grounds that these measures would socialize American medicine and impose a needless burden of taxation on the public.

### CARD OF THANKS

We would like to express our sincere gratitude for each of your expressions of sympathy during the loss of our loved one, Mrs. George Mapp. Your visits, floral contributions and food offerings meant so much to each of us. May God bless each of you.

Mr. and Mrs. Jack Mapp and Sue, Mr. and Mrs. Bill King, Mr. and Mrs. Richard Winters and family, Mr. and Mrs. Bob King and family, Mr. and Mrs. Randy Foster.
