Crowell Has Top State Class A Band

Commissioners Vote to Re-District Foard County

Foard County commissioners met in a Monday session re-districted the county for the first time in history. Judge Seth Halbert said most of the changes will be in Precinct No. 2 and he said he hopes to have a city map available shortly for publication which will show the boundaries in Crowell, where practically all of the changes were made.

The court took no action concerning the employment of a firm to collect delinquent taxes. Also discussed was employment of a new shop foreman to replace B. J. Eavenson, Judge Halbert added. He said the court discussed but took no action on furnishing the sheriff's department with autos for use on county business.

and 10. Services will be held each night at 7:30 with Sunday morning services at 11. The Payne family lives in Floydada where Rev. Payne is pastor of Calvary Baptist Church. Everyone is invited to attend these services.

Bloodmobile to Be in Crowell Monday

During the summer months when area residents take to the outdoors, there are traditionally more accidents in which blood is needed for patients. So, when the Red Cross Bloodmobile unit from Wichita Falls visits Foard County next Monday, August 4, at least 60 pints will be needed.

Members of the Assembly of God Church of Crowell are in charge of the bloodmobile visit this time. For the past few visits of the unit, various churches in Crowell have taken on the responsibility of contacting possible donors, and handling other details of the visit.

Hours for the Bloodmobile will be from 2:15 until 6 p.m. at the old community center. Serving as coordinator for the Bloodmobile visit is Mrs. Joe Glover. Putting up posters around town have been Debra Daniel, Jana Glover, Judy Daniel, Rita Glover and Delia de los Santos.

Donor recruiters are Mrs. Allison Denton, Mrs. Fred Glover, Miss Jeanette Bolibruch, Mrs. L. M. Glover, Mrs. Richard Winters, Mrs. Billy Daniel, Mrs. Bobby Argo and Mrs. Joe Glover. In charge of the canteen will be Jana Glover, Debra Daniel, Rita Glover, Judy Daniel, Sulema de los Santos and Penny Winters.

"The outstanding Class A high school band in the State of Texas" is the honor received Sunday by the Crowell High School Wildcat Band following the annual convention of the Texas Bandmasters Association in San Antonio. It was in San Antonio that a panel of six judges heard tapes of 19 class A bands from over the State of Texas and at the conclusion of the playing of the tapes declared the Crowell Band the best in the state.

The tape was made during Crowell's top rated performance in concert and sight reading in Vernon back in the spring. The tape of the CHS band's performance was entered against 12 other class A bands in this region in May where the local band was awarded top honors. Crowell's numbers were Symphonic Overture, Chant and Jubilo and Hometown Boy.

James Streit, CHS Band Director, in a telephone conversation from Colorado Monday morning, said there are 19 music regions in Texas, and the tapes of the top Class A and AAA bands of each of these regions were judged Sunday.

Mr. Streit added that as a winner of the Class A competition, the Crowell Band will be performing in San Antonio in February, 1976, at the Texas Music Educators' convention.

The Crowell band has won numerous honors during the past few years, and this is the top award for the local band. It is comparable to winning a state football championship.

Mrs. Tabor Receives Honor

The board of advisors for the Outstanding Young Women of America Awards Program announced last week that Mrs. Roxiann Tabor of Quanah has been selected for inclusion in the 1975 edition of Outstanding Young Women of America. Mrs. Tabor, wife of Weldon Tabor of Quanah, is the former Miss Roxiann Adkins, daughter of Mr. and Mrs. Houston Adkins of Crowell High School. Mr. and Mrs. Tabor are the parents of two children. Mrs. Tabor was named for selection as an Outstanding Young Woman in recognition of her many civic accomplishments in Quanah.

Another LVN School for Crowell Is Approved Friday

North Texas State Vocational Region Consortium Friday approved a school for the Crowell Independent School District to initiate a Licensed Practical Nurse school to open August 18. The school will have 52 weeks.

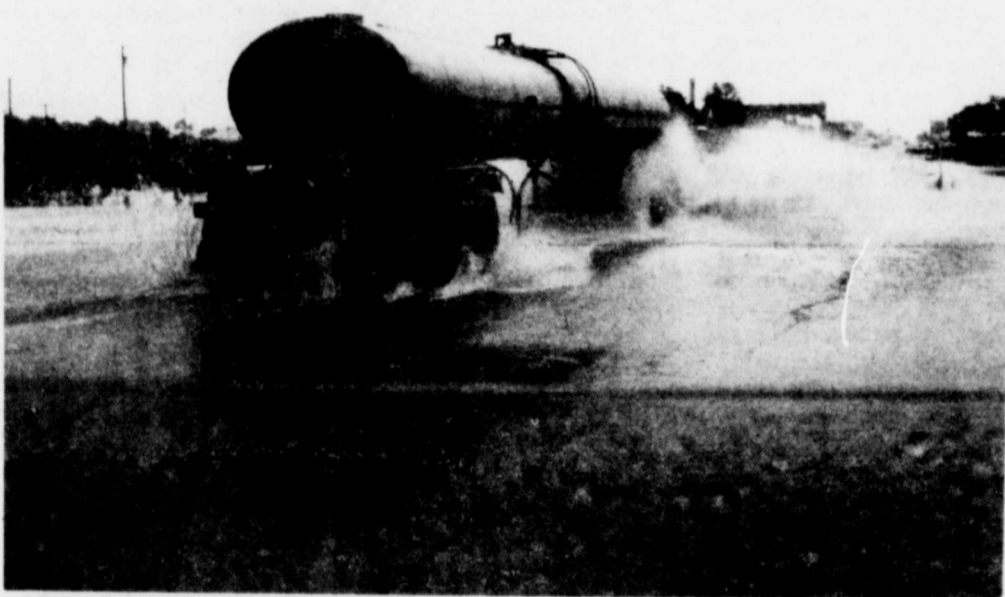

Ed Daniel, executive director of Nortex Regional Planning Commission, discussed with the judges some \$396,000 in additional federal funds allocated to the consortium. An estimated 33 new public service jobs will be provided for with the extra funds, and about 33 existing jobs will be extended through June 30, 1976.

New jobs will be assigned within each county at the discretion of county, city and school district officials. Some public service job enrollees are serving as teachers' aides, while others work in city maintenance, as law enforcement dispatchers and other positions.

Band and Students Return from Camp

Members of the Crowell High School band returned home after two weeks attending the annual Texas Tech Camp at Lubbock. There were 1400 students at camp and a total of 12

Amy Brasher of Crowell was named to the first band and Scott Streit was in the second band. John Thomas and Paul Whitley were in the fifth band, Theresa Drabek and Jan Brown in the sixth band, while Renee Norman was in the eleventh band.

LOTS OF WATER—This picture looking east from about three blocks west of the square, shows a big truck plowing through the water that had covered US 70 for about a 100 yard strip last Friday morning. Water crossed roads in numerous spots Friday as heavy rains inundated the county.

Heavy Rains Fall over Foard County Last Week

Seventeen Musical Instruments Given to Crowell High Band

Interest in music, a generous nature have been in over \$3,000 worth of musical instruments being given to the Crowell High Band.

Palestine, lived in Crowell. Mr. Wallace was interested in music and played an instrument in the local band which was directed for many years by the late Arnold Rucker. Mr. Wallace was an electrician here and when he and Mrs. Wallace, the former Jewel Odum of Crowell, moved to Mesquite, he continued his work as an electrician and maintained his interest in music. A number of years ago, he opened a music store in Mesquite. Later he bought another one in Palestine, and

a while later sold the Mesquite store. Recently, Mr. and Mrs. Wallace sold out the stock of their store and prepared for retirement. However, they have followed the outstanding record of the Crowell Band through the last few years as they have been faithful readers of The Foard County News, and decided they would like to have a part in helping the band.

Brandi Todd to Be Wildcat Band Mascot

Miss Brandi Todd, daughter of Mr. and Mrs. Guy Todd Jr., will be serving as mascot of the Crowell High School band during the coming football season. Miss Todd was winner of a band booster-sponsored contest held last spring to determine a mascot for this year's marching band.

James Streit, CHS band director, said last week that Miss Amy Brasher will be the "Wildcat" this fall. He added that Paul Whitley will be the drum major this year replacing Arthur Cerda who graduated in the spring. John Thomas has been named as assistant drum major.

Big Musical Set at Truscott Saturday Night

Truscott is getting ready for another big country music program Saturday night, Aug. 2, under the sponsorship of the Truscott Community Center Association. Several hundred are expected at this third Saturday musical of the summer. The country and western music programs began last year and are held May through August. Visiting is featured as much as the music and the friendly family atmosphere is reminiscent of a country town Saturday night in the

1930's. This has given rise to the use of the "Country Town Saturday Night" tag in advertising the Truscott jamboree. The August program drew the biggest crowd of the year in 1974 and Truscott residents are hoping for an even bigger crowd this year. Benches and folding chairs are provided for early arrivals, but last year many regular visitors began to bring lawn chairs to be sure of a seat. The musical program is provided by local and area musicians and singers and is entirely free.

Profits from the concession stand are used to help pay the mortgage for remodeling the old drug store into a community center and to maintain the center which is used for recreational purposes almost daily by Truscott and Gilliland youth, residents and their guests. A hot water heater and a foosball table are the most recent purchased additions for the center. Earlier in the summer an area rug was donated for the recreation room by an unknown donor. The musical program will begin at 7 p.m., then at 8

p.m., a brief patriotic program will be presented in honor of Truscott's being named a Bicentennial city. After that the music will continue until midnight. The scrapbook Truscott entered in the Texas Community Improvement Contest, in which the community won second in the district, will be on display at the community center that night. The jamborees were listed as part of the festival plans in the community's application for endorsement.

Band to Begin Practice August 14th

Thursday morning, August 14, at 8:30 o'clock is the announced last week by band Director James Streit for the first meeting of the band for the coming year. The band will also be practicing on Friday morning, August 15 at the same time.

This is the week end before school starts on August 18, and Mr. Streit will begin making preparations for the band's first performance when the season's first football game is played on September 5.

Proper Management of Grass Seedings

All new grass seedings, whether seeded or sprigged, should be followed by proper management for quick establishment. Otherwise, it may take years to get that stand. Experience continues to show that grazing and lack of weed control the first growing season greatly reduces and weakens the grass stand.

David Seitz of SCS stated that weed control is very important for newly planted grass. Weeds not controlled by spraying or shredding reduce needed sunlight to new grass plants besides taking valuable plant nutrients and moisture. Weeds cause new grass runners to grow up (trying to get sunlight) rather than growing laterally for a quick

ground cover. Seitz said spring and summer rains have allowed most spring planted grasses to grow well; but, also have created a major weed problem.

Weeds are "profit robbers". Weed control will often more than double forage production, a heavy infestation of weeds may delay coverage of new plantings or a thin stand for several years.

Anyone interested in additional information on management for spring planted grasses may contact their local SCS office. PICTURE No. 1—This GRASSED WATERWAY sprigged to coastal bermudagrass this year needs weed control. PICTURE No. 2—This

Coca-Cola Announces Wholesale Price Cut

WICHITA FALLS, Earl Denney, Executive Vice President and General Manager of the Wichita Coca-Cola Bottling Company announced today a decrease in the wholesale prices of 16 oz, 32 oz and 64 oz Coke and 16 oz and 32 oz Sprite and Mr. Piibb.

In making the announcement, Mr. Denney stated, "When the price of sugar forced us to raise our prices we made a promise that as soon as our cost went back down we would pass it on to our customers. This is the second decrease we have been able to make this year."

Mr. Denney said, "We are pleased that Coca-Cola can now be purchased for almost a penny an ounce in some

larger packages. This is similar to the price ten years ago. Now you can buy some of the real thing at real old time prices."

The price reduction will be in effect in the following counties, Wichita, Clay, Archer, Wilbarger, Hardeman, Foard, Cottle, Childress and the south half of Hall.

The announcement was made at a special Old Fashion American Picnic Hosted by Coca-Cola. Attending the affair were members of the press and business community. The affair was held to announce the introduction of a new 64 oz bottle with a new wide mouth nick-named Easy Pour 64.

LETTER TO EDITOR

Dear Bill,
Having noted your ad of thanks for family happenings for the news, I decided to relate a touching one of a former family of Foard County, Mr. and Mrs. Clyde V. Ketchersid were residents of Foard County from about 1917 to 1943, eventually moving to Lubbock where they resided until 1975.

In May of 1975, they moved to Farmers Branch, and in a very short time have endeared themselves to their new neighborhood. Mrs. Ketchersid suffers from arthritis; so is not real active in the neighborhood. Mr. Ketchersid, after surgery twice for a broken hip suffered some 6 years ago, makes out fine with a cane.

The neighborhood in which they live is peopled largely by younger couples with children, and Mr. Ketchersid enjoys this immensely. By 10 a.m., he is seated on the front porch, and the children are beginning to come around. At 3:30, the afternoon session begins, and this is a time for story-telling—both his and the children's. He also referees bike races, and is free with his advice on many subjects of interest to the children. There are, on the average, 10-15 in his yard each day, and he enjoys them thoroughly. They are lovely children—well behaved, and range from 1 year to 12 years. All of the children call him "Grandpa".

July 23 was Mr. Ketchersid's 84th birthday, and the children, along with some of their mothers, gave him a surprise birthday party in his front yard. This, without a doubt, was the most thrilling of all his 84 birthdays. Punch, cake and good humor flowed freely, and there were in excess of 28 children, with additional mothers and fathers.

So, you see, old people need not be lonely. Love begets love, at any age!
Sincerely yours,
Ala (Ketchersid) Hays

GRASSED WATERWAY on Cecil Ingle farm which was shredded and fertilized has an excellent stand of coastal bermudagrass.

Coca-Cola Introduces 64-Ounce

WICHITA FALLS—The Wichita Coca-Cola Bottling Company announced today the introduction in the Wichita Falls area of a 64-ounce returnable bottle for Coca-Cola featuring a wide mouth.

Earl A. Denney, executive vice president and general manager of the local bottling company, said Wichita Falls consumers have had a 64-ounce, economy size package available in the past, but that the new container is the first to incorporate the benefit of the wide mouth.

"A bottle's large mouth opening provides easier pouring," Mr. Denney explained, "and helps maintain carbonation levels while the product is being poured." The closure, specially designed by Alcoa for the 38mm wide mouth bottle, enhances consumer advantages available with the new package. In addition to its twist-off resealable feature, the closure's size provides a handier grip for opening and resealing the package.

The new container also displays several unique packaging characteristics for a returnable bottle in addition to its wide mouth. Unlike other returnable packages for Coca-Cola, the new bottle, manufactured by Liberty Glass Company, has a straight-wall design rather than the familiar trademarked contour shape. However, a green tint, long associated with the returnable bottle for Coke, has been retained with the applied color trademarks on the body and neck of the container. For convenience and ease in handling and pouring, the bottle features a specially designed neck grip device.

The package will be available for single bottle purchases and in handy 4-pack carriers allowing the consumer to purchase two gallons of refreshment.

Mr. Denney emphasized that this new container is another example of the long history of packaging innovations for Coca-Cola. The bottle was designed to meet growing consumer preference for greater convenience in handling and greater economy.

Introduction of the wide mouth bottle is being supported by special point-of-sale displays at retail outlets.

LETTER TO EDITOR

Enclosed find a check for Mother's paper. She is 82 and still doing fine. We enjoy reading about the news happenings around Crowell and reading about our dear friends. This former CHS Wildcat is an Amarillo Golden Sandie now as I am teaching English at AHS. By the way, our colors are black and gold too. If you happen to see my former English teacher, Eva Sloan, tell her hello for me.

Kendrick Joy,
Amarillo, Texas.
P.S. We wish the Wildcats the best of luck for this year and we would like to see them win every game they play.

Status Symbol Still

White bread has been a status symbol since the days of the Egyptian Pharaohs, who required slaves to sift flour through silk cloths to get it clean and white. To many people in developing countries, white bread still represents a higher standard of living.

Billy Jones Died

Funeral services for Billy Wayne Jones, 23, were held Friday morning at 10 o'clock at the Bethel Church of Crowell with Rev. Warren Everson, pastor, officiating. Interment was in the Crowell Cemetery with Womack Funeral Home in charge. Bearers were L. G. Simmons, Ricky Garcia, George Clifton, Harvey Aydelott, Loyd Black and Al Sibert.

Jones, a disabled Army veteran who had only recently moved back to Crowell from San Antonio, was pronounced "dead of suffocation" at the Foard County jail Wednesday morning of last week. According to Sheriff Emmitt Howard, the body was found hanging in a jail cell, where he had been placed the night before following his arrest on an out-of-town warrant.

Mr. Jones was born June 2, 1952, in Lubbock to Wayne and Joyce Jones. He served in the United States Army for three years, and part of this time he served in Alaska.

He married Deborah Black in Crowell in June 1974, and they had just recently moved to Crowell to make their home.

He is survived by his wife of Crowell; one son, Kenneth Eugene Jones of Carrollton; one daughter, Joye Michell Jones of Crowell; father, Wayne Jones of Longview; mother, Mrs. Joyce Turner of Fort Worth; one brother, Melton Jones of Midwest City, Ok.; one half-brother, Paul Patterson of Arlington; one sister, Barbara Jones of Fort Worth; five half-sisters, Peggy Jones of Oklahoma City, Ann, Patsy, Donna and Judy Jones of Longview; and grandparents, Mr. and Mrs.

NATIONAL BROILER SHOW

The American Royal Junior Dressed Broiler Show, the first national broiler show in the nation, will be held in Kansas City, Mo., Nov. 12. The show is open to all bonafide 4-H and FFA members between the ages of 9 and 19, according to a poultry specialist for the Extension Service. All birds must be purchased after Sept. 8 and all entries must be submitted by Oct. 24. Entry blanks along with a copy of the rules and regulations for the show may be obtained from local county extension agents.

A big supply of "For Sale" and "For Rent" signs on sale at the News office. Only 50 cents each plus tax.

E. C. Croucher of Crowell and Mr. and Mrs. W. C. Jones of Hallsville, Texas.

INSURANCE OF ALL KINDS

Hughston Insurance Agency

U.S. Farm Exports Climb Value-Wise

U.S. farm exports for the 1975 fiscal year are expected to hit about \$22 billion, a shade higher than last year. However, the USDA says all the gain stems from better prices. Ton-for-ton, shipments

are off by about 15%. Agricultural imports drop under \$10 billion, a favorable trade around \$12 billion.

COUNTRY TOWN SATURDAY NIGHT!

"FORGET YOUR TROUBLES, FORGET 'EM ALL COME ON TO TRUSCOTT AND JOIN US ALL."

Saturday, August 2, is another first Saturday, so it's Country Music Time at Truscott again.

First Saturdays here are like a 1930's Country Town Saturday night and a family reunion all rolled into one. It's lots more fun than watching TV re-runs, so why don't you load up Maw and the kids, put on your biggest smile, and come on down! Help us beat the record for last August's first Saturday when almost 500 came for music and visiting.

[We need help, since Truscott only has about 140 people, even counting dogs, cats, chickens and horned toads.]

IT'S A REAL FOLKSY FESTIVAL. Y'ALL COME!
"YES, DOWNTOWN TRUSCOTT'S THE PLACE TO BE, DOWNTOWN TRUSCOTT WHEN IT'S SATURDAY."

Truscott 7 p. m. Sat., Aug. FREE

Give a little of yourself

The average person has about 10 pints of blood in his body. Giving one won't hurt.

Giving a pint of blood won't hurt you at all, but it will help several people continue to live or save the life of just one.

That one pint of blood can be broken down and the coagulating factor used to stop a hemophiliac from bleeding. It can be used in a transfusion for a person needing open heart surgery. Women hemorrhaging after childbirth. Or a child seriously injured in an accident.

On the other side, donating blood is good for you. It stimulates a healthy person's bone marrow to produce more red cells. And it only takes a few minutes.

Today, visit your nearest hospital, Red Cross center, or volunteer blood center and give a little of yourself.

Give blood. And give life.

GIVE TO YOUR BLOODMOBILE

2:15 to 6:00 P. M.

Community Center

Mon., Aug. 4

Most people's attitude giving blood is, "Let the next guy do it." Unless you're the next guy that needs it.

Half of the population of the U.S. are qualified blood donors, yet only 3% of that half actually donate. 3% of our population is supplying the entire nation with blood. And that's why our blood supply is at a dangerously low level.

Giving blood is easy and it doesn't hurt a bit. In fact, donating blood is good for you. It stimulates a healthy person's bone marrow to produce more red cells. And anyone from 18 to 66 can give.

It all comes down to this, when you or any other person needs blood, not dollars, not well wishes, nothing else will do except blood.

Today, you be the "next guy" and visit your nearest hospital, Red Cross center or volunteer blood center and give a little of yourself.

Give blood. And give life.

Stockyards To Reopen August 1st

Four men have purchased the Seymour Stockyards and be active in the business is a farmer and rancher at Archer City and owns a feed and seed store there. He was also raised at Crowell and is married and has two children.

The new owners are Mike Wishon, who will be general manager and presently lives at Burkburnett but plans to move here in the near future. Wishon was raised at Crowell and is a farmer and rancher at Burkburnett. He is married and has two children.

C. W. Cunningham, Jr., will be the assistant manager. He is a grandson of the late A. B. Martin, Sr., and is currently living south of Olney where he is in the farming and ranching business. He is married and has two children.

C. T. McDaniel, who will be active in the business is a farmer and rancher at Archer City and owns a feed and seed store there. He was also raised at Crowell and is married and has two children.

The other active partner in the business is Don Ash of Wichita Falls, who farms and ranches there and is in the Case Implement business. He is married and has three children.

Billy Gilmore of Bowie will be the auctioneer. Gilmore is auctioneer at Graham, Wichita Falls and his hometown of Bowie. John Finn Caussey of Seymour will write tickets for each sale and will be backup auctioneer.

Other personnel include Pat Wallace, who has worked

at the stockyards when it operation since 1952. Office ladies will be Nita Shumate, Nolly Warren, Jill Davis, Gwen McGuire and Sandra Barron.

Mrs. Ed Vita will be in charge of the lunchroom and hot meals will be served at noon each sale date.

The new owners plan to auction off cattle, hogs, sheep, goats, and horses and mules in the future and for their opening sale Friday, August 1st, they will give away three pair of boots. To qualify, persons bringing the cattle to be auctioned off for this sale will get to register free for these boots.

People Invited to Tell State Social Services They Want

This summer people in every county in the United States have a chance, under a new law, to tell their State

governments what social services they want to see offered in their local communities.

This unique Federal law requires each State to advertise its proposed social services program in newspapers every year. The State must also give the public an opportunity to comment before the program is put into effect. The idea is to make these Federally supported, State-operated programs more responsive to local needs and accountable to the local public instead of

the Federal Government.

Each State decides for itself which services to include. Day care services, homemaker services, services to protect children and handicapped adults from abuse, neglect, and exploitation; transportation services, and counseling services are examples of services that States may decide to offer in one or more geographic areas. None of these services is required by the Federal law.

This new law is Title XX of the Social Security Act.

WICHITA RIVER ON RISE—Lots of water for Lake Kemp was going under the bridge on the Wichita River when this picture was

made Friday afternoon on the ranch road to Gilliland.

bicentennial
briefs

Tobacco was the first money-making crop for colonists in America. John Rolfe, who later married Pocahontas, began experiments in growing tobacco in 1612.

Four years later, Virginia colonists were giving so much attention to growing tobacco that they neglected food production.

This led to a regulation known as the "two-acre rule." It required a colonist to plant two acres of corn for himself and for each man servant as a condition for raising tobacco.

Before Virginia-grown tobacco began to be a factor in the British market, Spanish tobacco was such a high-priced product that it was retailed in England by the pipeful.

Tobacco-growing in the Virginia colony was so profitable that some settlers came there to acquire wealth quickly by growing and selling the crop and returning to the mother country to enjoy their wealth.

Colonists' overproduction of tobacco brought on depression, price fixing, and inspection.

Scenes For Rogers Film Will Be Shot In Matador

ROY ROGERS, veteran screen celebrity, is coming to Matador to film scenes for his new movie, "Macintosh and T.J."

The King of Cowboys is returning to the screen after a 21 year absence.

Excitement ran high in Matador last week when representatives of the T. Penland Productions of Fort Worth were here making arrangements to shoot several scenes for the movie.

Setting for most of the production will be the 6666 Ranch in King County. After visiting several area towns, Matador was selected for certain scenes. Places of business selected were C. R. Davis' Conoco, Matador Variety, Household Supply, Bob Stanley Pharmacy, Cowboy Boot Shop and Matador Hotel. A street scene will also be shot on Dundee Street and will feature a duplex dwelling owned by the late Mrs. U. L. Willie, just West of the First State Bank building.

Approximately 20 local persons will be hired as extras. Miss Shari Rhodes, in charge of casting, was here Friday and again Monday.

Rogers arrived in Lubbock Tuesday to go on location at the 6666 Ranch where shooting was scheduled to start. Filming in Matador is scheduled for August 1 and August 5.

Shooting is scheduled to take four weeks, according to David Garland, associate producer. The 125 members of cast and crew, who will stay in Lubbock and Dickens, are to work 12-hour-days, six

days a week, in an attempt to complete shooting on time, stated Garland.

Co-star Clay O'Brien, T. J. of the film, is a young actor who has been in a number of Walt Disney movies.

The film is a modern day story of the adventures of a loner (Rogers) who picks up a stray 13-year-old boy (T.J.).

In an interview Tuesday at the Lubbock Municipal Airport, Rogers said this country could use some good family movies. So he chose to return to the screen to make this film.

Filming set to begin in May was delayed when rains caused ranchland to become too green to fit the rough, sandy terrain setting called for in Macintosh's adventures.

The script was written by Paul Savage, former executive story consultant for the "Gunsmoke" television series.

Directing the \$1 million film will be Marvin Chomsky who has directed two motion pictures including "Evil Knivel" and also several television specials.

(Editor's Note: The above article was taken from the Thursday, July 24, edition of the Matador Tribune.)

Service Center to Get Grant

Region IX Education Service Center in Wichita Falls will get a \$40,000 boost from the new public school finance bill passed in the closing days of the state legislature, but officials say the windfall could be considerably less than it looks, according to an article in the Wichita Falls Times last week.

The Region IX Education Service Center in Wichita Falls is the agency through which all area schools, including Crowell, obtain many of their supplies and other teaching aids such as films for school operation.

Additional money is generated by the \$1 per student increase allocated to the 20 service centers across the country. Centers in each region formerly divided up a total equal to \$2 per student for every public school student in average daily attendance in Texas schools.

The new bill calls for \$3 per pupil. With 40,000 students in the 12-county

region, the new formula should give Region IX an additional \$40,000.

However, Dr. H. M. Fullerton, executive director of Region IX, said actual increase for the center depends on how the state board of education disperses the money.

"The way the legislation is written, it allocates \$3 per student in average daily attendance and then leaves it up to the state board as to how it is to be divided up," Fullerton explained.

"Originally with the \$2 per ADA, the first \$1 was split evenly 20 ways and the second dollar was allocated according to ADA. Under that formula last year, Region IX got \$120,000 base allocation and \$40,000 for its ADA, for a state supported budget of \$160,000.

"Indication is that this additional \$1 per student will also be allocated according to ADA and Region IX will get an extra \$40,000," Fullerton said. "But that still is not definite. We don't know

Peanut Flakes Promise Protein

Peanut flakes may soon be coming on the market, and already they're being hailed as the biggest breakthrough for the lowly goober since the development of peanut butter.

Developed by scientists at Clemson University, the flakes contain 33% protein. Research shows the peanut product can be added to casseroles, scrambled eggs, croquettes, sandwich spread, and even candy for greater nutrition.

In its basic form, the new product resembles potato flakes. However, cheese-flavored peanut flakes for use as a snack food are golden yellow.

The Veterans Administration during fiscal year 1976 plans to spend a record \$3.9 billion on its hospital and medical care program.

SHE KNOWS HER APPLES—Sharon Ray probably saw a lot of apples as a schoolteacher. Now as a specially trained government food grader, she looks them over with an expert eye in Wenatchee, Wash. Sharon rates the fruit on color, firmness, bruises and other obvious defects, and finally samples them for taste.

exactly what the state board will decide." Inflated cost of supplies and increases in teacher salaries could also effect how much the increase will actually mean, Fullerton pointed out.

"We have to keep our salaries competitive with the teachers in the area and even a little higher since we need the best people to act as consultants and resource people for the other teachers," he noted.

Uninsured Motorist in Traffic Accidents May Lose License

AUSTIN—Uninsured motorists involved in traffic accidents resulting in death, personal injury or property damage in excess of \$250 may be subject to suspension of their driving privileges and vehicle registrations under a revision to the Texas Safety Responsibility Law.

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, said the new law—which was enacted during the recent Legislative session—requires DPS to evaluate traffic accident (meeting the above criteria of seriousness) to determine if there is a "Reasonable probability of judgement" against one or more of the drivers. If such a finding is made, and if the driver or owner has no liability insurance meeting the state's minimum requirement of \$10,000/\$20,000/\$5,000, then the DPS must require the uninsured motorist believed at fault to satisfy the security provisions of the law. This

may be done in one of the following ways:

By submitting a written release signed by the other damaged parties.

By filing an installment agreement made with the other damaged parties involved.

By depositing security in a sufficient amount to take care of damages sustained by others and maintain proof of financial responsibility for a period of five years from the date of the accident.

By filing copies of civil damage judgement obtained against other parties involved in the accident, or a judgement of non-liability.

When the security provisions of the law are not satisfied by the uninsured owners and operators, and the DPS determines there is "a reasonable probability of judgement" against such persons, the following provisions of the law become applicable:

driver license and motor vehicle registration suspension must be forwarded to such persons by certified mail. Such a notice will advise that a hearing will be granted upon request.

Upon receipt of a request for hearing, the DPS will notify the persons requesting same to appear before the traffic court judge in their precinct of residence, and it will become the responsibility of the traffic court judge to determine whether or not there is "a reasonable probability of judgement" and, if so, the amount of security to be deposited with DPS by the uninsured persons.

Any suspension invoked by the DPS in motor vehicle accident cases of this type will be stayed by a request for hearing until such time as the matter is finally resolved through administrative hearing or the courts.

Speir said the new law was enacted to enable Texas to comply with a U.S. Supreme

PERSONALS

All are always welcome.—
First Christian Church,
Crowell. 35-tfc

Mr. and Mrs. Robert Taylor and daughter, Kristin, of Bonham visited here last week with Mrs. Taylor's parents, Mr. and Mrs. J. W. Whitley, and her grandmother, Mrs. Coy Payne and Mr. Payne.

Mmes. Ed McDaniel and Floyd Thomas have returned home from a two weeks visit in Winston Salem, N.C., with Mrs. McDaniel's daughter, Mrs. Anton Kajs, and family.

Mr. and Mrs. Howard Bell of Carpinteria, Ca., visited with Mrs. Roy Barker and other relatives recently.

Mr. and Mrs. Leonard Tole and daughter, Vickie, of Crowell and their granddaughter, Miss Donna Tole of Quanah, have returned from a 9-day vacation trip to Cimmarron, N.M. Mr. Tole said Monday that he caught lots of trout while he was vacationing.

Ed Mechell Sr. and Ed Mechell Jr. spent the past few days in West, Texas, visiting friends and relatives and attending the wedding of Miss Joanie Mechell and Michael Watson.

Mr. and Mrs. Fred Barker of Dallas visited with Mrs. Roy Barker Saturday. They were on their way to Colorado on vacation.

Mr. and Mrs. Charles Pendergraft of Del City, Ok., announce the birth of a daughter, Melissa Denise, weighing 6 lbs., 4 oz., on July 24. She joins a brother, Gary Alan 8 and a sister, Mechelle DaLyn 3. Maternal grandparents are Mr. and Mrs. Ed Mechell of the Margaret community. Mrs. Pendergraft's niece, Miss Chris Thompson, has spent the past two weeks there.

Eugene and Ricky Ford of Balwin Park, Ca., are here visiting their grandparents, Mr. and Mrs. John Wheeler.

Mr. and Mrs. Gerald Wayne Roberts and sons of Dallas visited Mr. and Mrs. Leotis Roberts Tuesday of last week.

Recent visitors of Mr. and Mrs. Marion Crowell have been Mr. and Mrs. Tom Crowell and sons, John, Dan and Rob, Misses Barbara Newman of London, England, and Isabel Murphy of New Brunswick, Canada. All are Wycliffe Bible translators stationed in Brazil and have been studying at Norman, Ok. They will be returning to Brazil, August 17.

\$168,000,000 in 1950-51 and in 1975-76 the cost will be \$1,850,000,000. This has traditionally been funded 80 per cent by the state and 20 per cent locally. As the total rises, and the proposed funding changed from 60 state and 40 per cent locally, the smaller schools of the state will have to dramatically increase taxes or consolidate with larger districts.

Baker showed the group that stocks, bonds and cash which comprise 58 per cent of total resources in Texas pay less than 1 per cent of the cost of government while tangible personal property (cars, tractors, etc.) comprise 15 per cent of total resources statewide and account for 85 per cent of all statewide tax collections. He added that of every tax dollar collected in Knox City, 60 cents goes to operate the school. The county gets 15 cents, the city 14 cents, hospital 6 cents and the water authority 5 cents.

At the conclusion of the program it was announced that a steering committee of about 90 persons will be meeting at Munday September 3 to further the organizational efforts of the group. Suggested names for the organization as submitted by Mr. Baker last week are "Texas Association for Children and Taxpayers" or "Texas Association for Communities and Taxpayers." Adoption of a suitable name will probably be made at the September meeting.

Mr. and Mrs. Don Crafton have returned home from a two weeks vacation. They visited their son, Tom Crafton, and family in Searcy, Ark., and also visited their daughter, Mrs. C. E. McCoy Jr. and husband in Marble Falls. Their son, David, a junior in Crowell High School, is spending the summer in Marble Falls. Rocky Marlow of Crowell went to Marble Falls last week to visit David.

Mr. and Mrs. Garth Cluff of Safford, Ariz., are visiting her mother, Mrs. Jennie Hanks, this week. Mrs. Cluff is the former Frances Hanks.

Visiting during the week end with Mr. and Mrs. S. H. Ross were her sister, Mrs. Rebecca Burne of Arlington; Mrs. J. C. Prosser, Lessley and Stephanie, of San Angelo; Mr. and Mrs. Les Smith of Garland, and Mrs. Pat Werley, Dean and Jo, of Crowell. Stephanie Prosser and Mrs. Burne remained for a longer visit with Crowell relatives.

Anna Garrett of Houston and Mr. and Mrs. Bruce Golemon of Ranger visited Mr. and Mrs. Willie Garrett Sunday. Allison Garrett of Houston spent last week here with her grandparents, Mr. and Mrs. Willie Garrett.

Mr. and Mrs. Willie Garrett and granddaughter, Allison Garrett of Houston visited Mrs. Garrett's parents, Mr. and Mrs. Frank Gamble, in Vernon Wednesday of last week. They also visited their son, Dennis Garrett, in Wichita Falls Thursday.

Index cards, 3x5, 4x6 and 5x8. News office.

VISIT AT SCHOOL MEETING—Rep. W. S. Bill Healy of Paducah (center) is shown above visiting with two area newspapermen at the small school tax meeting at Munday last Friday night. On the left is Marion Waggoner, publisher of the Munday Courier, and on the right is Bill Klepper, publisher of The Foard County News.

Meeting on Ad Valorem Taxes Held in Munday Last Friday

A meeting of school boards, superintendents and principals, commissioners courts and property owners of the 101st Legislative District served by Rep. W. S. (Bill) Healy of Paducah drew over 400 persons to Munday last Friday night to study the problem of taxation as it relates to the financing of public school education in Texas. The only persons from Foard County attending were News publisher Bill Klepper and his family.

Rep. Healy, who initially planned the meeting back during the last session of the legislature, furnished the beef for a barbecue dinner served to the group in the new Munday gym. Hosting the meeting were the school districts of Munday, Knox City, Benjamin, and Goree, along with the Knox County commissioners court.

Supt. W. R. Baker of Knox City was master of ceremonies for the program. On the program in addition to state officials were John Crowover, president of the Knox City school board, James Smith, president of the Munday school board, and Supt. Douglas Myers of the Munday school. State officials attending were Rep. Healy, Speaker of the House Bill Clayton of Springlake, Rep. Elmer Martin of Snyder, Senator Ray Farabee of Wichita Falls, Sen. Ken Hanse of Lubbock, and Judge Raymon Thompson of Graham, president of the Texas County Judges Association.

Rep. Healy in opening remarks stated that small schools of Texas won a battle in the last session, but the war "is still to come" in the next session of the legislature, with the ever-increasing costs of school operation calling for more and more taxes. Healy said that in spite of the vast sums spent now on education, he didn't think present-day young people get any better education than he did back in the 20's. He added that anyone "not interested in the schools and in children is not interested in his community, his state or his nation."

Speaker Clayton advised those present to "get into politics or get out of business." He said he will within the next few weeks appoint a committee to study school finance and added that "the ad valorem property tax may be on its way out if it can't be administered effectively." Clayton added that the Texas Education Agency has appointed a 5-member committee in another study of school finances.

Senator Farabee in his brief remarks said school finances are a big problem in a diverse state like Texas. He said better legislation just doesn't happen and he urged those present to make their desires pertaining to school legislation known to their legislators.

Senator Hanse predicted a big fight in 1976 in the legislature and predicted that schools with 500 or less students will be hard put to stay in business. He added, "We don't need buses going 50 or 60 miles a day to pick up students," something that will happen if the legislature forces the consolidation of small schools to their larger neighbors.

Another speaker of interest at the meeting was Buck Douglas, executive director of the Texas Association of Counties. He pointed out that a bill introduced in the last session would have provided for ad valorem tax reform by giving the state complete supervision. The comptroller would have had absolute control over valuations over the state, and valuations would be made by appraisers which would have been appointed by the comptroller.

He illustrated the inequities of the ad valorem tax by the following example. A man invested \$100,000 in farm land and each year paid ad valorem taxes on this land to all government entities. Another man invested \$100,000 in stocks and bonds and paid not one cent in ad valorem taxes. Douglas concluded by saying that "if the ad valorem tax can't be equitable, we should look at another way of taxation."

Mr. Baker showed how the costs of schools in Texas have risen. He said it cost

Truscott Named Bicentennial Community

Truscott has received both state and national endorsement and is now recognized as an official Bicentennial Community by the American Revolution Bicentennial Commission (ARBC) of Texas.

Truscott is now eligible to fly the official Bicentennial flag. The flag and certificates of state and national endorsement will be presented to local officials in about 60 days, according to Virginia Casey, chairman of the Truscott Bicentennial Committee.

Every one of the more than 300 Texas Bicentennial communities had to meet several rigid guidelines to receive the endorsements. Goals are divided into three thematic areas including: Heritage '76, Festival USA and Horizons '76. The Horizons project is permanent in nature so that Truscott will have some lasting value left at the end of 1976. Heritage projects are tied into America and Truscott history. Festival projects are the celebrations of our country's 200th anniversary.

Others on the local committee include Joan G. Daniel, Horizons chairman; Ila Mae Bullion, Festival chairman; and Vivian Brown and June Looney, co-chairmen of Heritage projects.

Visitors of Mr. and Mrs. Milburn Carroll Jr., and Trey last week were her grandfather, Mr. Floyd Smith of Carter, Ok.; an aunt, Mrs. Russell Wilson of Oklahoma City; and a cousin, Rae Londa Wilson of Oklahoma City.

Mr. and Mrs. Mack Conant of Port Charlotte, Fla., are here visiting Mrs. Conant's sister, Mrs. Homer Zeibig, and Mr. Zeibig.

Mrs. Joe Hudgens has returned to her home at Spring Branch after a two weeks visit here with Mrs. Cornelia McDaniel.

Mr. and Mrs. Randy Adkins and daughter, Shelly, have returned from a vacation trip to Sante Fe, N.M., Durango and Silverton, Colo. The Adkins' baby daughter, Jeri Ann, stayed with her grandparents, Mr. and Mrs. Houston Adkins in Crowell and Mr. and Mrs. Cecil Carpenter at Thalia while her parents and sister were vacationing.

Mr. and Mrs. A. J. Morris and son and Mrs. S. O. Turner of Amarillo were all week end visitors here with Mrs. Cornelia McDaniel.

Mrs. Virgil Johnson and Mrs. A. R. Sanders spent Saturday and Sunday at Ceta Canyon attending a mini-school of missions.

Mrs. F. J. Burian of Balwin, Mo., is here visiting her brother, Dee Adams, and family. She has been visiting her mother, Mrs. Dave Adams, in Lubbock.

Mr. and Mrs. Roy Hukill of Dallas spent the week end here visiting Mr. and Mrs. Charlie Cavin.

Mrs. A. R. Sanders visited in Pampa last week with her daughter, Mrs. Bob Echols, and family. Also visiting in the Echols home were Mr. and Mrs. Dirk Stiggins and two daughters, Julie and Monica, of Stravanger, Norway. Mrs. Stiggins is the former Miss Susan Carr.

Hunting Bigger Bargains

MOST OF US are always on the trail of better values... more for our money.

It's an entertaining habit, and—if we play it right—it gets us more of the comforts and conveniences of modern living.

Of course, the first principle of successful hunting is... do it where the fattest game is... even if it's on your own doorstep. Being away off somewhere else doesn't make a rabbit... nor a dollar... any bigger.

That's why Hunting Bargains at home pays off best. Because that is where the biggest bargains are... even if we do get lured off to other fields sometimes by the siren calls of big-city operators.

Why are the Biggest Bargains in our own home stores and service establishments?

It's fundamental economics:

A dollar spent at home gets you the same goods at about the same prices... but in addition it also helps to support the growth of your own community... for more vigorous schools and churches and other community services... for YOUR enjoyment and profit.

It Pays to Buy Where You Live

Couple Wed in Quanah

Miss Patricia Elise Tidmore became the bride of James Brent Posey in a double ring ceremony Saturday, July 26 at 7:00 p.m. in the First Baptist Church chapel, Quanah. William L. Posey, father of the groom and minister of First Christian Church of Crowell, presided.

The bride is the daughter of Mr. and Mrs. Thad W. Tidmore of Quanah and granddaughter of Mrs. Fern McKown of Crowell. The bridegroom is the son of Mr. William L. Posey and the late Mrs. Posey of Crowell.

A fifteen branch candelabra with white tapers, greenery and white flowers centered the altar. Flanking the arch on both sides were baskets of white gladioli, seven branch candelabra and three branch candelabra connected by garlands of greenery.

"Color My World" was played by Kim Henderson on the flute accompanied by Jana Kozell before the ceremony and the traditional wedding march was played as the bride entered. Lodi Foster sang "The Wedding Song" and "The Wedding Prayer".

Given in marriage by her father, the bride wore a white silk organza over peau de soie gown trimmed with chantilly lace. The A-line skirt extended into a chapel train. She wore a lace edged chapel length veil held by a face headpiece. For something old she wore a cameo

brooch which belonged to her maternal great grandmother; something new was her gown; something borrowed was a sixpence; and something blue was her garter made by her grandmother. She carried a cascade bouquet of white miniature carnations and stephanotis.

Maid of honor was Cynthia Macon and bridesmaid was Sheri Keith of Mineola. Cindy McCain was flower girl. The attendants wore blue flocked sheer gowns and white picture hats trimmed with blue ribbon and streamers. They carried a nosegay of white miniature carnations and yellow and white daisies. The flower girl wore a pale blue dress and carried a basket of flowers matching the attendants.

David Green of Malden, Missouri served his cousin as best man. Groomsman was Rondall Tidmore, brother of the bride. Rex Driver and Terry Templen of Crowell, and Allen Wynn of St. James, Missouri, were ushers.

For her daughters wedding, Mrs. Tidmore chose a dress of turquoise blue chiffon. The dress featured a V-neckline and long sleeves. She wore matching accessories and a corsage of white miniature carnations and stephanotis.

The reception was held at the Fellowship Hall. The bride's table was covered with a light blue cloth overlaid with white net cloth featuring silver wedding bells. The table was centered with an arrangement of miniature carnations and stephanotis. The three-tiered wedding cake was decorated with blue flowers and separated by columns. The cake was topped by a bride and groom under an archway of lace. Appointments were

MRS. DANNY DYSON

Couple Wed at Eastland

Rev. and Mrs. Wallace Pierce of Thalia have announced the marriage of their daughter, Pamela Joe, to Danny Dyson. The double ring garden ceremony was performed at the country home of Mr. and Mrs. J. B. Arthur of Eastland. Officiating was the bride's father, who is pastor of the Thalia Baptist Church.

An archway centered under a grove of oak trees was decorated with greenery and spring flowers. Organ music for the occasion was presented by Charlene Thackerson and guitar vocalist, James Tension of Arlington sang "You're My Best Friend." "There Is

Love" and ended the ceremony with a prayer "Whither Thou Goest."

Nancy Werley, bridesmaid wore a yellow taffeta gown, and Laura Pierce, sister-in-law of the bride, wore a blue taffeta gown overlay with spring floral nylon. The bride wore a soft white crepe gown with a full length floral nylon lace. She also wore a cathedral veil and carried a bouquet of spring flowers and baby breath. The gown was designed and made by the bride's mother.

Receiving and seating guests prior to the ceremony were the bride's brother, Troy Bruce Pierce of Odessa and Gregg Boles of Eastland. The couple will reside in Eastland where she is bookkeeper for G. & H. Electric Co. and the bridegroom is employed with Vasseritt of Munsingwear of Eastland.

Twirlers Complete Clinic

Crowell High School's four twirlers for the coming school year have just completed a week-long clinic under the direction of Mrs. Fauncine Stubblefield of Fulton, Miss. Mrs. Stubblefield, the former Miss Fauncine Fairchild, was in Texas visiting her parents, Mr. and Mrs. J. B. Fairchild of Crowell, and conducted the clinic for the local twirlers.

CHS twirlers for the coming year are Cathy Whitfield, head twirler; Mollye Wisdom, Carol Sue Scott and Gail Fish.

Rehearsal Dinner A rehearsal dinner was held Friday, July 25, in the home of Mr. and Mrs. Floyd Borchardt Jr. of Crowell, with the bridegroom's father, Mr. William L. Posey as host.

Gifts were presented by the bridal couple to members of the wedding party. Out of town guests attending were: Mr. and Mrs. S. O. Green and David, Mrs. C. O. Green of Malden, Mo.; Mr. and Mrs. George Wynn of St. James, Mo.; Mr. and Mrs. Allen Wynn of Rolla, Mo.; Mrs. Brenda Buntun, LaMar, Mo.; Mr. and Mrs. Tom Posey, Mrs. Pace and children of Memphis; Mr. and Mrs. H. M. Cooper and Harry of Fort Worth; Mr. and Mrs. W. B. McMichael, Bryan, Cathy, Tera and Lance of Hurst; Miss Donna Waltersheid of Hereford; Mr. and Mrs. George Tidmore of Dumas.

Mr. and Mrs. Floyd C. Borchardt, Mr. and Mrs. Harold Fish and family, Mr. and Mrs. James Sandlin, Mrs. Mary Borchardt, Mrs. Faye Bell, Mrs. Jimmy Henry and children, and Mrs. Fern McKown all of Crowell attended.

of crystal and silver.

Presiding at the cake were Mrs. Teddy Gillam and Lawana Marquart, Miss Kim Vaught presided at the wedding book. Other members of the houseparty included Mrs. Sterling Clark, Mrs. Thomas Hawkins, Mrs. R. C. Craven and Mrs. Frank Fenoglio.

The bride is a 1975 graduate of Quanah High School. The bridegroom is a 1972 graduate of John F. Hodge High School, St. James, Mo., and a student at West Texas State University.

For the wedding trip to Missouri, the bride chose a suit of mint green with white accessories and white corsage. Following the honeymoon the couple will make their home in Canyon.

Rehearsal Dinner A rehearsal dinner was held Friday, July 25, in the home of Mr. and Mrs. Floyd Borchardt Jr. of Crowell, with the bridegroom's father, Mr. William L. Posey as host.

Gifts were presented by the bridal couple to members of the wedding party. Out of town guests attending were: Mr. and Mrs. S. O. Green and David, Mrs. C. O. Hints for Homemaker

SALLY SOWELL
Assistant County
Extension Agent

Why not freeze it? That's what many homemakers are saying today about food preservation and storage. Americans are using more freezers now than ever before.

Purchase of a freezer is a major investment both in initial cost and operating cost. By using a freezer to the fullest advantage, one

can make the investment profitable. Keep the freezer about two-thirds full. A rapid rate of turnover is recommended. Practice the "first foods in should be the first foods out" rule.

The size of freezer you purchase depends on how much freezer space is needed, how much floor space is available, and how much money can be spent on the appliance.

One cubic foot of freezer space will hold about thirty-five (35) pounds of frozen food. A good guide is to plan four to six cubic feet per person, but if the freezer is depended on for total food supply, ten cubic feet per person may be more appropriate.

A freezer being a long-term investment, it is important to select a well-known reliable brand.

Locate the freezer in an easily accessible place—next to a table top or countertop. A freezer will not function well in direct sunlight, near a heat source or in an unventilated area. For maximum safety the freezer must be grounded.

Be careful about adding too much "new" or unfrozen food at one time. Three pounds of food for every cubic foot of storage space is a reasonable addition. For fast freezing place new food near the walls or bottom of the freezer.

Residents of Area Invited To Lubbock

Residents of area counties are invited to attend a reunion scheduled for August 3, it was announced last week by Clyde and Gladys Martin of Lubbock. The reunion will begin with registration at 10 a.m. in the Slide Road Community House, Precinct 1 Club House at 5012 50th Street in Lubbock.

"Residents and former residents of Foard, Childress, Hardeman, Cottle, Wilbarger and adjoining counties are invited to attend", Mrs. Martin said.

Those who attend are invited to bring along pictures and historical items of interest.

"You may bring a picnic lunch or there are lots of places nearby where you may have lunch. Just please come to this event," Mrs. Martin said.

MOISTURE LEVEL KEY TO STORING GRAIN

Producers planning to store grain after harvest must give close attention to its moisture content, cautions an agricultural engineer for the extension service. An aeration system is needed if grain is to be held more than two to three months. Harvesting efficiency is increased with grain at a moisture content of 18 percent or above. However, harvesting grain at a higher moisture content than recommended for safe storage

means mechanical Moisture percentage safe storage includes: flax, 8; rice, 12.5; 12-14; soybeans, sunflowers, 8; and 12-14.

A big supply of "For Rent" signs at the News office. cents each plus tax.

A way to save up to \$1500 of your taxable income

It's your choice. You can go ahead and pay income tax on your earnings. Or you can create your own Individual Retirement Account (IRA), and pay little, or no, come tax on the amount you save... up to \$1500. You under the new Pension Reform Act, if you do not participate in a pension plan where you work, you can establish your own individual retirement plan with tax deductible contributions. That could mean up to \$15,000 in deductible savings the next ten years.

This is important and valuable enough to be worth a little of your time... so Kansas City Life, The Lioness, would introduce you to one of our people who can help. Our people have an IRA Planning kit which provides you with a way to make your plans. So just give one of our people a call or drop us a line, and we'll make sure you get a copy.

The Foard County Agent Says... Food Prices

Lesley Johnson, Fredrick Henry, Jay Wall, Jodi Gafford, Billy Henry, Dan Wall, and Jeff Wright. Others attending included Polye and Mollye Wisdom and Tommy Russell.

The members were given instructions by three program assistants of the Texas Agricultural Extension Service. The program began with the basics of how to use the feet, hands, and balance along with other general riding skills. Correct biting, lunging, starting, stopping, bits, spurs and bats and how to and how not to use them was also covered.

Warrant Look At Nutrition

Group sessions on horseback included instructions on reining, western pleasure, western horsemanship, showmanship, barrels, and poles. A wiener roast and swimming party were also held for the 4-H participants. Time was also devoted especially for adult leaders and parents in teaching horsemanship. The clinic was very beneficial to all the members attending. Special thanks goes to those parents and leaders who devoted their time in assisting and transporting these 4-H members to the clinic.

News from... Truscott Gilliland Jim Cumley

Truscott has been named a bicentennial city! The bicentennial chairman, Mrs. Curtis Casey, received a letter of congratulations from Senator John Tower, Thursday. A short program will be given at the next musical.

The next Truscott jamboree is August 2. Everyone come and hear the great country music.

The gregarious congregation of the Gilliland Baptist Church served ice cream Saturday night and had a dinner Sunday. There were 3 conversions at the revival last week.

Farm-facts

A Weekly Report Of Agri Business News

Compiled From Sources Of The Texas Department of Agriculture John C. White, Commissioner

This Increase Is Bad... Up A Point... Screwworms Increasing... Sheep and Lamb Feeding Down But Increases... Just To Make It Official.

Agriculture is one of the most hazardous of all occupations, and this fact points up the necessity of constant vigilance against accidents. Texas Farm and Ranch Safety Week officially will be held July 25 to 31, but don't wait until then to practice farm and ranch safety.

It's a job that needs to be looked after every day and night of the year. In Texas in 1974, a total of 285 persons lost their lives due to farm and ranch accidents. This is a 33 per cent increase over the year before.

Accidents involving traffic were the largest cause of farm and ranch fatalities with 97. Next were tractors (34), drownings (34), firearms (24), fires and burns (21), falls (18), machinery (15), animals (13), electric current (10), and miscellaneous (19).

Now is the time to practice farm and ranch safety, not just during Farm and Ranch Safety Week, but every week throughout the year.

SCS Office Gives Information Foard County Landowners

Wheat Producers
The 1975 wheat crop for Foard County was above average. This would be a good time to turn in your production evidence for a future proven wheat yield. This production evidence will be kept in your folder and will be used when you decide to prove your wheat yield.

Filled Acres or Prevented Planting
Any cotton or grain sorghum that has failed must be reported to this office within 15 days after abandonment. Do not plow or graze the crop until after we have looked at it.

Grain sorghum that you were unable to plant because of a natural disaster or reasons beyond your control must be reported by Aug. 1, 1975.

Producers that have been approved for a 1975 conservation practice should report the completion as soon as possible. If for some reason you are not going to complete the practice or you are not going to do as much as you signed up for, let us know. Any unearned funds will be used for other producers.

Around Town
Mrs. Idoma Chowning visited her sister in Abilene Wednesday through Friday.

Kay Gray of Vernon stayed with Mrs. Guynn Hickman, Saturday.

Guests of Mr. and Mrs. W. R. Owens this week were Mr. and Mrs. Dick Van Dyke of Detroit, Mich.

Mrs. Donald Hinkle and Albert returned Sunday from a week's stay in San Antonio.

Wahoo and Mackerel Records Broken

Waters off Port Aransas yielded two saltwater state fish records in July: a wahoo and a mackerel.

Laden of Rockport set the record wahoo at 112 1/2 inches long and weighed 112 1/2 pounds. It was six feet one inch long with a girth of 35 1/2 inches.

The 1969 record for Spanish mackerel was six pounds 13 ounces.

Fruit or vegetable's color relates to its nutritional value. For example, cantaloupes are melons whose flesh color is an index of vitamin A value. Mrs. Mary Sweeten, with the extension service, says.

A fruit or vegetable's color relates to its nutritional value. For example, cantaloupes are melons whose flesh color is an index of vitamin A value. Mrs. Mary Sweeten, with the extension service, says.

Monday and Tuesday, the Tom Westbrook family visited Mr. and Mrs. Edwin Tolleson in Mineola. Mr. and Mrs. Jack Tolleson of Stinnett, and James Mathis of Lexington, South Carolina, visited the Westbrooks, Friday.

Nancy Looney went to Lubbock, Saturday.

Guests of Mr. and Mrs. Bayers Saturday were Mrs. Harry Traweek and Mrs. Oliver Ilseeng, both of Crowell.

Farm Changes
If you have broken out any permanent pasture let us know so we can change the cropland acres for the farm.

If your farm operation has changed (bought or sold, leased more or less land) please let us know so we can update our records.

PARITY CREEPT UP A POINT in June compared to a month ago. But looking at it from a year ago, you find parity down a point at 73. Some individual farm prices did show some increases during the month, especially hogs. But generally, farm commodities continue at below parity levels.

COTTON, for example, averages about 34 cents while parity is 77.86 cents per pound. When you are checking your price for grain sorghum this year, remember parity is \$5.11 per hundredweight.

Calf prices were up slightly this June compared to a month ago averaging around 26 to 27 cents, but parity is 67.70 cents per pound. In poultry, eggs averaged slightly more than 52 cents a dozen while parity is 76 cents a dozen. Mohair is above parity, but wool at 70 cents compares with a parity price of \$1.37 per pound.

SCREWORMS ARE INCREASING throughout many areas of the state. Officials at the fly lab at Mission request livestock producers to check their livestock regularly, treat wounds on livestock with approved screwworm-control remedies, delay surgery on livestock as long as possible, and submit suspected samples of screwworms to the fly laboratory at Mission.

SHEEP AND LAMB FEEDING as of July 1 is down 35 per cent from a month ago, but it's not quite all that bad. Feeding is up 60 per cent from June 1 levels, the Texas Crop and Livestock Reporting Service notes.

Current intentions to market include 30,000 this month; 33,000 in August, and 12,000 in September. The August and September intentions are incomplete at this time.

IN CASE YOU MISSED IT earlier, here are the acreage estimates for major commodities for Texas:

Cotton, 4,550,000 acres, down 12 per cent from the 5,200,000 acres planted in 1974.

Sorghum, 8,000,000 acres, up seven per cent from the 7,500,000 acres planted in 1974.

Corn, 1,200,000 acres, an increase of 33 per cent from the 1974 acreage.

Wheat, 5,500,000 harvested acres, a 67 per cent increase compared to 1974. Wheat production in Texas this year is estimated to be 132,000,000 bushels, the largest on record.

Soybeans, 365,000 acres, a 33 per cent increase from 1974.

Rice, 555,000 acres, only about 10,000 acres less than 1974.

Peanuts, 310,000 acres, essentially the same as last year.

Boll Weevils Continuing To Increase

Boll weevils continue to increase in older cotton throughout much of the Rolling Plains area. Emory P. Boring III, area entomologist, reports in his fifth insect report of the growing season.

Fleahoppers are causing light to moderate damage in scattered fields and greenbug infestations increased rapidly during the past week, according to Mr. Boring.

Following are excerpts from Mr. Boring's weekly report:

Cotton Insects
—Moderate fleahopper infestations with eight to 20 per 100 terminals were reported from fields in Wilbarger, Childress, Fisher, Hall, Jones, Kent, Knox and Wichita Counties.

—No bollweevils were captured on Leggett traps in Baylor, Knox or Wilbarger during the past week. Heavy boll weevil infestations causing from 20 to 60 per cent square damage were reported from several older fields in Knox and Wilbarger.

Sorghum Insects
—Greenbug infestations are increasing in sorghum fields, with heavy infestations reported from fields in Dickens and Jones Counties. Light infestations can be found throughout the area.

—Corn earworms are feeding on heads of sorghum in fields in Baylor, Dickens, Fisher and Knox Counties.

—Light false chinch bug infestations were reported from fields in Baylor County.

Guar Insects
—Light guar midge infestations were observed in a field of older guar in Knox County. Most of the guar in the area has not begun to bloom.

Pecan Insects
—Increased yellow pecan aphid activity was reported from pecan trees in Wilbarger, Knox and Wichita Counties. Several homeowners are applying control measures.

Vegetable Insects
—Spider mites and tomato hornworms continue to be the major tomato pests, with spider mites reported attacking tomatoes in home gardens in Wilbarger, Dickens, Wichita and Young Counties. Tomato hornworms are stripping foliage from tomato plants in gardens in Dickens and Wilbarger County.

Ornamentals
Moderate to heavy elm leaf beetle damage was reported on Chinese elm trees in Kent, Wilbarger and Young Counties.

Heavy bagworm infestations are causing damage to arbutus and other shrubs in Young and Wichita Counties.

SENIOR CITIZENS
The senior citizens met Tuesday, July 29 for a regular meeting with 19 members and two visitors. Kelly and Troy Shrode of Canadian, present. The program consisted of songs sung by the group.

The group will be going to Quanah Thursday, July 31, for a fish fry with the senior citizens there. The local group will leave the center at 10:30 a. m. Anyone that would like to go should be at the center at that time. That night, an ice cream supper will be held at the center at 7. Senior citizens are invited.

SIX NEW VEHICLES
Six new vehicles were registered here last week, as follows:

July 21, Joe Warren Haynie, 1975 Avondale house trailer; July 22, L. E. Painter, 1975 Chevrolet 4-door; July 22, C. W. Miller, 1975 Chevrolet coupe; July 23, J. L. Henry, 1975 Chevrolet pickup; July 25, Clyde B. Russell, 1975 Chevrolet pickup; July 25, Debra Cay Coffey, 1975 Chevrolet coupe.

Last year, 24 of Japan's 43 fast-food chains were serving Western-style foods like chicken, pizza, and hamburgers.

Finger-Lickin' In Japan May Aid Farm Exports

The fast-food business is on the rise in Japan, and it could mean a big increase in exports for U.S. farmers.

Fast-food sales in Japan reached \$237 million last year, and Japanese predict a five-fold increase by 1979.

When this occurs, USDA's Foreign Agriculture Service says American farmers could expect about a \$100 million increase in exports of farm products to Japan.

Beetles Go For Shorter Hair

Beetles don't take to long hair, especially when the beetles are insects and the hairs are the kind that grow on the leaves of some wheat plants.

Plant breeders working to develop insect-resistant wheat varieties have discovered that the longer the tiny hairs are on wheat leaves, the less cereal leaf beetles like them.

Long leaf hairs interfere with adult beetles' egg-laying and with larvae feeding.

By using this knowledge, plant breeders hope to develop varieties that will control the insect in an environmentally safe manner and with little cost or effort.

Williams. They all went to Fort Worth Sunday and met their daughter and family. Mr. and Mrs. Kenneth Walkers of Waco and visited Mr. and Mrs. J. D. Sewell. Mr. and Mrs. Classcock's granddaughter, Cynda, returned home with them to spend a week.

The Louis Baty family spent the weekend at Lake Kemp.

IS UNITY POSSIBLE?

A reader asks this question—"Is unity of believers possible?"

Unity of believers is possible! It may seem as though it is not with all the different denominations and teachings of today.

However, we know that unity is possible because the apostle Paul wrote to the church at Corinth saying, "Now I beseech you, brethren, by the name of our Lord Jesus Christ, that ye all speak the same thing, and that there be no division among you; and that ye be perfectly joined together in the same mind and in the same judgment." I Corinthians 1:10.

Then the apostle Peter wrote in I Peter 3:8, "Finally, be ye all of one mind, having compassion one of another; love as brethren, be pitiful, be courteous."

Jesus, you may remember, prayed for unity of believers in John 17:20, 21. He said, "Neither pray I for these alone, but for them also which shall believe on me through thy word; That they all may be one; as thou, Father, art in me, and I in thee, that they also may be one in us; that the world may believe that thou hast sent me." Jesus prayed for unity of all believers.

What we see in these verses is that Paul and Peter pleaded for unity of the church and that Christ fervently prayed for unity of all believers.

Jesus said, "And ye shall know the truth, and the truth shall make you free." John 8:32. The truth is the word of God—it is the standard. If every man followed the Book, would not unity exist?

You are invited to send your Bible questions to Don Crafton at the address below.

SEEDS FROM THE SOWER

By Michael A. Guido, Metter, Georgia

Little Jeannie went on an errand to a wealthy home. Because she was so excited over its beauty and bigness, the kind woman took her on a tour.

She showed Jeannie the luxurious furniture, the imported carpets, the priceless paintings, and asked, "Don't you think these things are lovely?"

"I do," answered Jeannie. "What a beautiful home for Jesus to visit. Does He ever come here?" "I'm afraid not," confessed the woman.

"We have a small apartment," continued Jeannie. "We don't have any carpets or pretty things. But Jesus comes and makes us very

happy." The woman told her husband what Jeannie had said. He replied, "I have often thought we ought to thank the Lord for His goodness and ask Him to come and live with us. But I haven't done it."

Every one should. For one thing the Lord wants to do is to dwell with man and in him. He stands knocking at the door of the heart, saying, "If anyone hears My voice and opens the door, I will come in."

Receive Him into your life now. And He will say, "Here will I dwell, for I have desired it." - Psalm 132:14.

News from...

THALIA

Maggie Capps

This area has certainly had an abundance of rain, from 5 to 9 inches have been reported. Some fields will be water logged for some time and much damage has been reported of land washing in many areas. We have been fortunate not having any stormy weather and for that we are thankful.

Visitors in the home of Mr. and Mrs. W. C. Self included their son, Mr. and Mrs. Coleman Self and Mark and Tricia of Amarillo. They also visited in the T. R. Cates home. Mrs. Maggie Capps visited them in the Cates home Saturday night.

Visitors of Mr. and Mrs. W. A. Johnson in the Woods rest home where Mrs. Johnson is a patient, included their son, Waldon Johnson, Mrs. Johnson and Alesha of Amarillo. Mr. and Mrs. Doyle Callaway of Crowell and several other area visitors.

Mr. and Mrs. Beverly Gray spent the weekend with their son-in-law and daughter, Mr. and Mrs. Pat Woodard and son of Hereford.

Mr. and Mrs. Glen Swan and Glenna visited her parents, Mr. and Mrs. John Haggard of Jay, Ok., a few days last week. They reported much rain all the way.

At this time Lee Sims remains in serious condition in General Hospital in Wichita Falls. Many relatives and friends have visited there. Mrs. Sims remains there and spends some time in the home of her sister, Mrs. Fay Britt.

Mr. and Mrs. Barney Tucker of Grand Prairie returned from a vacation trip Friday and visited his mother, Mrs. Flora Short and other relatives and picked up their daughter, Nanette, who

had been visiting here.

Nelson Abston and children of Mt. Pleasant visited Mrs. Flora Short one day last week.

Mr. and Mrs. Joe Laird of Iowa Park were guests of Mr. and Mrs. T. R. Cates, Sunday.

Mr. and Mrs. O. C. Holland and Mr. and Mrs. Judy Tole are visiting Mr. and Mrs. John Banister at their south Texas ranch.

Word was received this week of the death of Tucker Matthews of Vernon. He had spent many years in this community.

Coleman Self of Amarillo visited his uncle, Roy Self, Saturday.

Mrs. R. H. Hammonds and nephew, Otis Hammonds spent a few days last week with Mr. and Mrs. Louis Pyle and family and Mr. and Mrs. Weldon Hammonds of Floydada.

Mr. and Mrs. Charles ten Brink and family, formerly of Electra, have purchased and moved to a farm near Lockett. Mrs. ten Brink is the former Miss Beverly Ann Gray, daughter of the Fred Grays.

Pat Cates of Lubbock, who had recently returned from a visit to Hawaii, visited his parents, Mr. and Mrs. T. R. Cates and other relatives a few days last week. Pat returned to Lubbock, Saturday.

Mrs. E. H. Capps and Mrs. F. A. Brown visited Mrs. Stella Gray in Munday one day last week.

Mr. and Mrs. Jake Wisdom and girls visited her parents, Mr. and Mrs. George Streit of Lockett Sunday.

Mrs. Pearl Gray, Mrs. Bernice Huskey and Mrs. F. A. Brown visited Mrs. S. J. Boman of Vernon Wednesday.

Mr. and Mrs. Duane Capps of Vernon visited his mother, Mrs. Maggie Capps Sunday.

John Warren of Crowell visited Roy Self one day last week.

Subject To Zoning
Rural land in three-fourths of the nation's 3,000 counties can now be zoned by some unit of local government.

John Zak Placed on Dean's List at California University

John Zak, son of Mr. and Mrs. Ed Zak of Canyon Country, Ca., and grandson of Mr. and Mrs. Hubert Brown of Crowell, has been notified by Dean Charles Speroni of the College of

Fine Arts at the University of California Los Angeles that he has been placed on the Dean's Honor List because of his outstanding academic performance during his junior year. Dean Speroni

stated in a personal letter of congratulations that this is a great honor since only a very small number of students in the College of Fine Arts have been found deserving of it.

Majoring in Cinema-TV, and carrying 16 units each quarter, John made a perfect 4.0 grade point average in his junior year. He has been named as one of the three top television students at UCLA for the 1974-75 academic year. John is a member and former vice president of Alpha Mu Gamma, the collegiate foreign language honor society, and also a member of Sigma Delta Pi, the Hispanic Honor fraternity.

John is working this summer in the film industry. On one assignment, he is employed as assistant cameraman for Paulist Productions, producers of the nationally syndicated TV series Insight, who are making educational films this summer with shooting schedules on week ends. On another project, with shooting schedules during the week, he is employed as assistant producer-director Larry Stewart who is making a documentary film for the Public Broadcasting System about the renowned blind jazz pianist George Shearing. They have been shooting some of the scenes on location at the Guide Dogs for the Blind Institute near San Francisco. This documentary will be broadcast at Christmastime by educational TV stations throughout the nation and overseas.

In the film industry, John is a member of AFTRA and also a student member of the National Academy of Television Arts and Sciences.

Mrs. E. Lawhon Died

Mrs. Mary Ella Lawhon, 89, died Tuesday of heart failure in a Paducah hospital. Mrs. Lawhon was an aunt of Glen Shook of Crowell. Funeral services were held at 10 a.m. Thursday at First Baptist Church, Paducah with Rev. H. Lancaster officiating. Burial was in the Crowell Cemetery under the direction of Funeral Home.

Mrs. Lawhon was born July 18, 1896, in Foard County, Texas, and was the daughter of C. C. and Mrs. M. J. Reynolds. She was 42 years old.

Survivors include daughters, Mrs. C. H. Mulkey of Paducah and Mrs. J. P. Littlefield, J. M. De Microndo City, Texas, L. Denton of Rupert, three step-daughters, D. D. McBride of Dallas, H. C. Compton of Dallas, Mrs. Joe Parks of Paducah, and two sons, Mrs. Lee Lefevre of Falls and Mrs. Reynolds of Clovis, N.

Some mail order advertisements show only number, making it hard to know the advertiser's identity. Write to the post office at the advertiser's post office and he'll have to tell name and address of advertiser. Mrs. Lillian C. Weth of the extension explains.

Copper Breaks Park Still Shy Of Local Visitors

With its new water based recreational facilities, Copper Breaks State Park is becoming known to out-of-state and even foreign visitors, but local visitation is less than had been expected said Park Superintendent Bob Martin.

Martin told the Quanah Rotary Club, Thursday, that the local slowdown might be because local people "desire more water based recreation, but we're just not ready yet," he said.

The park has just accepted a new dam which will eventually cover 60 surface acres and offer both fishing and swimming, but the lake was just stocked with fish so fishing will be held off until next year.

But the lake is filling up and swimming parties can use the facilities now, said Martin.

The lax local visitation also creates another problem in that new recreational facilities such as camp sites, and picnic areas are funded based on the number of potential users which is inferred from present visitation.

On the positive side, Martin said the park has been listed with the American Automobile Association and that a park brochure is emerging from the planning to erect signs directing people to Copper Breaks off 287, said Chamber president Roy Sanson.

Locally, a year long pass to Copper Breaks costs only \$5.00 and senior citizens may enter the park free, along with any guests who accompany the senior citizen.

High School Registration Set

With the summer vacation for school students rapidly ending, the dates for registration of Crowell High School students has been announced.

CHS Principal L. H. Wall said Tuesday that seniors will register Monday, August 4. Juniors will register on Tuesday, August 5 and sophomores on Wednesday, August 6. Freshmen will be signed up on Thursday,

August 7. Wall added, "Anyone not being able to register on these days can come by Friday, August 8 or the following week. The office will be open at 8 each morning. School starts Monday, August 18."

3 Minutes with the Bible

ST. PAUL AND THE RESURRECTION

The Apostle Paul, in discussing the resurrection of the dead, came to the simple and valid conclusion: "If there be no resurrection of the dead, then is Christ not risen." (I Cor. 15:13).

But the Apostle does not stop here. Hear him as he presses a further argument home: "And if Christ be not risen, then is our preaching vain, and your faith is also vain." (Vers. 14).

And this leads to yet another conclusion: "If Christ be not raised, your faith is vain; ye are yet in your sins. Then they also which are fallen asleep in Christ are perished." (Vers. 17, 18).

These are frank words about stern realities. If there is no such thing as bodily resurrection of the dead, then Christ has not been raised from the dead, and if this is the case, we have no living Savior.

But granting all this, can we believe in what is palpably impossible? Ah, but is resurrection palpably impossible? Paul answers this question quite simply in this same discussion in I Corinthians 15:

"But some man will say, 'how are the dead raised up? And with what body do they come?'" (Ver. 35).

This is not an interested question, but a challenge meant to prove that resurrection is possible, and the Apostle answers it as such:

"Thou fool, that which thou sowest is not quickened except it die." (Ver. 36).

What a devastating reply! We may point out all the reasons why resurrection is "impossible," but after all is said and done we are still surrounded by overwhelming evidence that it is a fact. Every blade of grass, every ear of corn, every beautiful flower bears witness to the fact of resurrection.

Yes, Christ is alive from the dead, and "able to save them to the uttermost that come unto God by Him..." (Heb. 7:25.)

Rubber bands, assorted sizes. 25c per pkg.—News office.

Who bailed out the Navy in 1798?

We were still paying off the Revolutionary War. Then we were faced with yet another war, this time on the seas.

How could we afford to build up our Navy?

Well, Congress called for help through the issuance of government securities. And the citizens came through to the tune of \$711,700. Enough to make the down payment on 10 new ships.

Their investment paid off. And you can follow their example today.

When you buy U.S. Savings Bonds at your bank or through the Payroll Savings Plan at work, you're investing in your country.

And as if that weren't enough, you're helping yourself to a safe and generous return.

What better way to stay afloat?

Series E Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Take stock in America.

200 years at the same location.

30 Years Ago in The News

News items below were taken from the Thursday, July 19, 1945, issue of The Foard County News:

Roy Cooper has erected a new building, 18x30 ft., on the south side of the highway in the east part of town, 4 blocks east of the square, where he will operate his vulcanizing business in the future.

Hospital Notes: Patients dismissed—Mrs. Raymond A. Bell, and infant daughter.

The following new officers have been elected for the Crowell Masonic Lodge for the new year: J. L. (Bill) Bell, worshipful master; Hubert C. Brown, senior warden; Lee Black, junior warden; Merl Kincaid, treasurer; D. R. Magee, secretary; G. V. Walden, senior deacon; A. L. Davis, junior deacon; Jack Seale, senior steward; Wm. F. Bradford, junior steward; Rev. R. S. Watkins, chaplain; and W. L. Callaway, tiler.

Mr. and Mrs. W. R. Ferguson of the Foard City community are building a new home in the north part of town, across the street north from the Clint White home.

Pfc. Thomas (Tommy) Westbrook, son of Mr. and Mrs. T. M. Westbrook of Truscott, has been awarded the Bronze Star Medal for heroic achievement in action Feb. 28, 1956, in Germany.

Capt. Weldon Cogdell recently arrived in the Philippine Islands, according to late letters received by his parents, Mr. and Mrs. W. A. Cogdell.

Some 1,400,000 gallons of concentrated citrus juice will be shipped from California this month to the starved victims of Nazi occupation in Europe. Another 2,000,000 gallons will be shipped by November 1. Shipments are being made under lend-lease.

T-Sgt. Jack Sauls, nephew of Mrs. Pete Holcombe, who had been in Italy for three years, arrived at Fort Sam Houston Monday.

Miss Dorothy Hall and William H. Dodd, SM 2-C were united in marriage Thursday evening, July 12, at 9 o'clock at the home of the bride, Rev. Otis Strickland, pastor of the Crowell Baptist Church, performed the double ring ceremony in the presence of relatives and friends. Mrs. Dodd is the daughter of Mr. and Mrs. C. D. Hall of Crowell and the groom is the son of H. W. Dodd of Slaton.

Capt. Robert Milton Magee, who returned to the States from Germany last week, arrived at the home of his parents, Mr. and Mrs. R. R. Magee, Tuesday on a 30-day leave.

Servicemen of Foard County returning from military duty and interested in establishing themselves on family-type farms may apply at the Farm Security Administration office for a government loan covering full cost of land and improvements, according to Julian Wright, FSA supervisor.

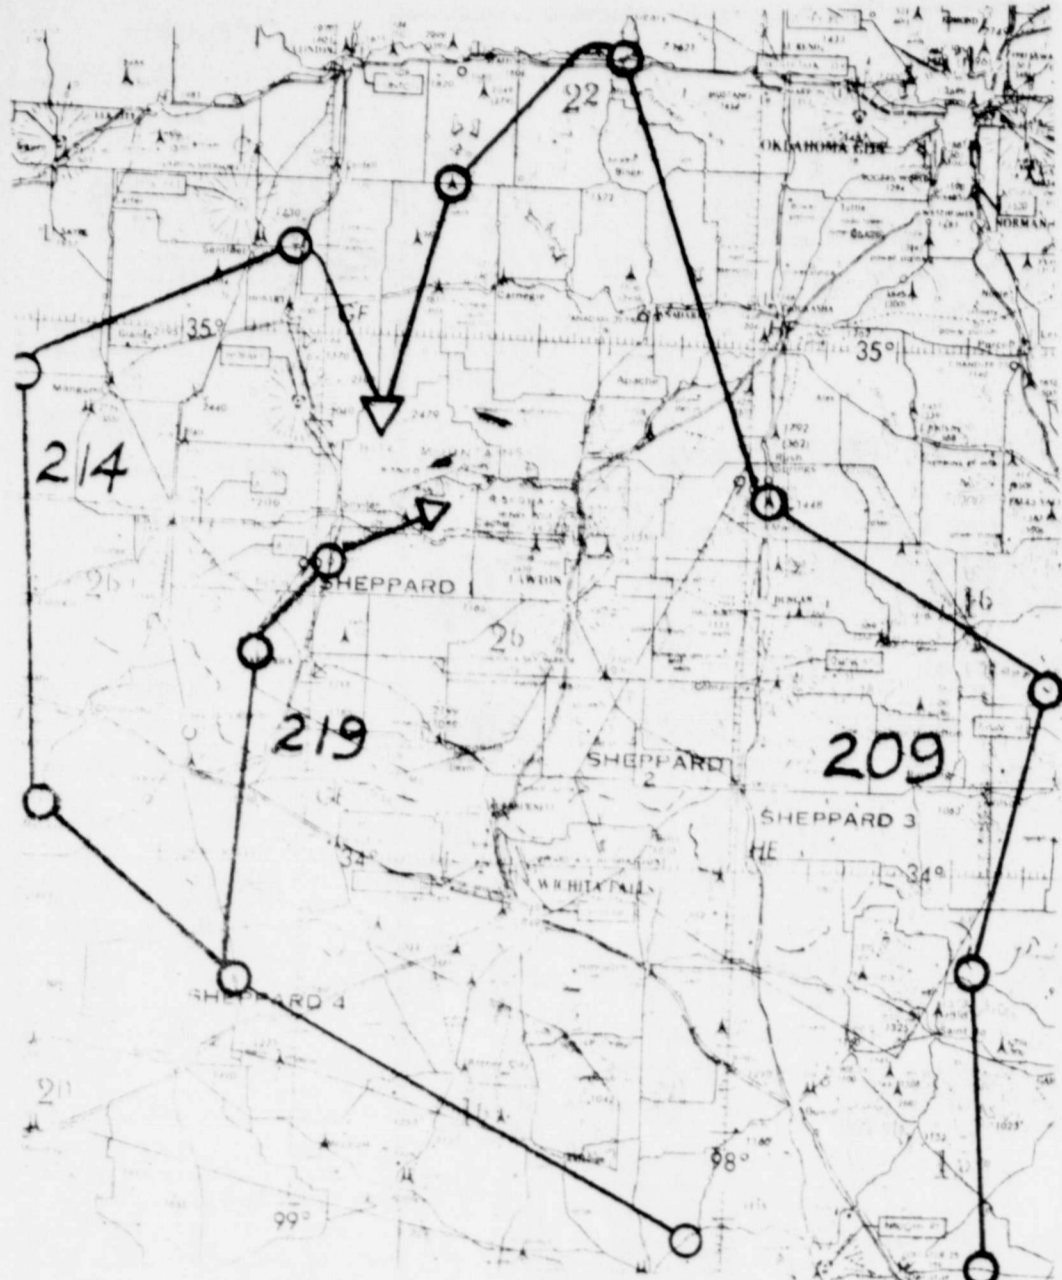

The U. S. now has 2,500,000 men in the various branches of its air force.

Pfc. J. H. Gillespie, who has been overseas for eight months, arrived at home last week on a 30-day furlough.

STATE MEETING FOR COUNTY AGENTS

The Texas County Agricultural Agents Association will hold its annual meeting Aug 3-5 in the Ko Ko Inn at Lubbock. Seven county agents will be recognized as winners of the Distinguished Service Award and one as winner of the National Achievement Award. Six outstanding agricultural leaders will each be honored as a "Man of the Year in Texas Agriculture."

WANT ADS

Low Altitude Missions Are to Continue

301ST TFW, Carswell AFB, TX—(July 24) F-105 tactical fighters of the 301ST Tactical Fighter Wing's 457th Tactical Fighter Squadron based at Carswell AFB, will continue to fly low altitude training over northwest Texas and southwest Oklahoma.

The low altitude missions, which started in December, 1972, are part of the wing's training program to assure that the F-105 pilots maintain their proficiency to fly at high speeds low enough to get under enemy defenses and reach target areas.

The 301st, commanded by Brig. Gen. John E. Taylor

Jr., is an Air Force Reserve wing located at Carswell AFB.

Three routes are used for the low level flights. Route 214 starts seven miles northeast of Jacksboro, Tx.; travels west to Lake Kemp; north over Margaret to a point west of Mangum, Ok., and then loops east to a stimulated target area about 20 miles west of Lawton, Ok.

Route 209 starts about 20 miles west of Denton, Tex.; passes north to Lone Grove, Ok., where it swings northwest to a point some 30 miles west of Oklahoma City. It then makes a loop and

swings south to the Wichita Mountains in Oklahoma, about 20 miles west of Lawton.

Both of these routes make a lazy sickle shape pattern, ending near Fort Sill, Ok. The third flight pattern, route 219, which recently went into effect, follows route 214 to Lake Kemp, where it swings north to Fredrick, Ok., and then northeast to Fort Sill.

According to General Taylor, two flights of four aircraft each, use the routes daily, Tuesday through Saturday. These routes will continue indefinitely, he said.

No sonic boom will result from the flights, which are flown at 420 knots 500-1500 feet above ground level.

In keeping with Tactical Air Command regulations, pilots will not fly low level over known hospitals, mink farms, large poultry farms, or congested areas.

The 301st was reactivated as an Air Force Reserve unit in July, 1972. Other detachments of the wing are at Tinker AFB, Ok., and Hill AFB, Utah.

Pilots of the 457th Tactical Fighter Squadron from Carswell fly the "Thunderstick II" a specially modified version of Fairchild Republic's F-105 "Thunderchief" series D model. The F-105 is a mach 2 multi-purpose all weather tactical fighter.

Crowell Rangers Play in Paducah Tourney Last Week

The Crowell Rangers slow pitch softball team participated last week in an invitational tournament at Paducah in which 8 men's and 4 women's teams were entered.

Crowell defeated the Paducah Hounds 5-2 early last week, and the local team was scheduled to play on Friday night. However, heavy rains delayed action and on Sunday afternoon, Crowell, playing without starters, lost 5-9 to a strong Quannah team. Vernon went

on to win the tournament. Gary Cates and Roy Whitley of Crowell were named to the tourney's all-star team and each received a trophy.

Crowell is now a member of the Quannah slow pitch league and played Tuesday night there. Jim Christopher said Tuesday that beginning next week, the Rangers will be playing three times a week in Quannah league action.

Most Useful Fiber Plant
Of the estimated 700 plants used for fiber throughout history, cotton has proved to be the most suitable for large-scale economic development. Its versatile qualities make it useful for a wide range of clothing, household, and industrial products.

THREE NEW EMPLOYEES

Joe Mike Fish is new in our parts dept. He grew up on a farm in the Vivian community, and is the son of Mr. and Mrs. Harold Fish. A farm boy with a college education is an ideal combination for our computerized system, especially designed for farm machinery. Joe is learning it fast.

Freddie Matysek is new in our Service dept.—a farm boy who recently finished a diesel mechanics school in Dallas. He is very young and energetic, and wants to learn tractor mechanics. He'll be useful in other areas too, such as plows, drills, truck driving, etc.

Henry Aranda is also new in our service dept., with some previous experience in mechanics. Henry is not afraid of work, and capable of doing it, as Foard County people know. He wants to be a tractor mechanic. You'll find him pleasant and helpful.

We're proud of these additions, which makes us a total of twelve people. Some summer help will soon be going back to school, and will help part time.

Our area farmers have made our dealership grow, and we are trying to have enough personnel to meet our needs—and grow some more.

McLain Farm Equip.

CROP to Ship Wheat in India and Bangladesh

8,000 metric tons of wheat pledged by CROP, the Community Hunger Appeal of Church world Service, will be sent to India and Bangladesh in the last six months of 1975. This pledge was made by the CROP Staff at the climax of their Annual Conference just ended in Dayton, Ohio. In addition, the staff has promised 756 metric tons of shelled corn for India, Indonesia and Niger yet this year.

These totals, the largest amount of commodities ever pledged by CWS/CROP, are part of a dramatic, worldwide effort to stem the tide of immediate starvation while building for a future free from hunger. CROP is appealing to people from all walks of life, all denominations and persuasions, to join with them in this effort.

These foodstuffs will be used in India and the other nations as wages on food-for-work projects—projects that represent the very "heart" of development for the future.

Job Applications Being Taken for New Nursing Home

Marie Townsend of Rule, who will be the administrator of the new nursing home under construction in Crowell, will be in a trailer at the home Friday, August 1 to take applications for employees and residents.

Tentative opening date for the new facility is September 1.

The nursing home under construction southwest of the square in Crowell is owned and will be operated by Mr. and Mrs. E. L. McDonald and Mr. and Mrs. R. W. McDonald.

IRS Sets Examination Dates

Dallas, Texas—Application forms for the annual examination which qualifies persons to practice before the Internal Revenue Service (IRS) are now available at the Dallas District Office of the IRS at 1100 Commerce St., Dallas, Texas.

The two-day examination is scheduled for September 29 and 30, and is for persons who professionally prepare tax returns (tax practitioners) and who are not attorneys or certified public accountants (CPAs). The examinations will be held in Dallas and Lubbock.

Application blanks for the examination can be obtained from the IRS, Chief, Training Branch, 1100 Commerce St., Mail Code 405, Dallas, Texas 75202.

Where It All Began
When the U.S. constitution was adopted, eight or more of every 10 Americans lived on farms. By 1920, the census revealed for the first time that the majority of the nation's citizens were living in urban areas.

SCS Slides Shown to Rotarians

Thomas Shinn, technician with the local Soil Conservation Service, showed slides and spoke on soil conservation at the Wednesday, July 23, meeting of the Rotary Club of Crowell. He showed pictures of dust storms in the county and also several pictures of damage done by excess water. All of the pictures were taken here the past few months, and dramatically illustrated how erosion, both from wind and water, damages fields and roads alike. He also showed some recent pictures of the effectiveness of terraces in preventing erosion.

He was introduced by Rotarian W. F. Statter. Other visitors were Jake Wisdom of Thalia, Rotarian Fred Carpenter of Vernon and Rotarians Chris Bissett, Bob Knowles and Howard Bartley of Quannah.

New Farm Trend
"Pick-your-own-produce" farms are on the increase in Maryland, for example, there are 97 such farms in 20 of the state's 23 counties.

Texas Talk

by Bud McLain

Employees make a business go—or not go. It's been said a business is like a wheel barrow. It stands still until somebody pushes it. Contrary to some beliefs today, there are still people who are willing to work and take pride in it. No matter how modern the machines to work with, people still have to operate them—if only to push a button.

We have recently added three new employees to our group—one in parts and two in service dept making a total of twelve people. Some summer time help will soon be starting to school, and then work part time.

Joe Mike Fish, a local boy who has been living in Paducah, is in parts dept. Freddie Matysek of Rayland is a recent diesel school graduate and is in service dept. Henry Aranda of Crowell is also added to our service dept.

We appreciate farmers in our four county area who have caused us to grow.
