THREE BIG REUNIONS COMING THIS WEEK END

Three reunions are coming up in this area during coming Labor Day week end. Oldest of the reunions is this forty-first gathering of the descendants of Henry

Baker, their friends and relatives, which will be held at the reunion grounds at the Wesley farm on Mule Creek northeast of Margaret. The Vivian community

reunion will be held at the museum at the McAdams ranch Saturday afternoon, August 30, and Sunday, August 31.

The annual Truscott reunion will be held Saturday, August 30, in downtown Truscott, according to Mrs. Vivian Brown, president of the sponsoring home demonstration club.

"We hope it will be our biggest ever and we want everyone to be sure to register. The air conditioned community center will be open at 1 p. m. Saturday and all residents, former residents and those who attended Truscott schools are invited to attend and bring a basket meal for the supper at 6:30 on the east side of the old drug store."

Mrs. Curtis Casey, Truscott bi-centennial chairman, has planned a brief program and sing song for 8 p. m.

Included will be reports of Truscott's achievements and plans in the Texas Improvement Community Program and for the bicentennial celebration. Following the reports, Jim Cash will lead the audience in singing songs of the past. They will have a small display of clothing, pictures and other articles from 4 p. m. to 9 p. m. Anyone wishing to display items is invited to bring them Saturday. On display will be an old wood burning kitchen stove and a variety of irons.

Persons wishing to help with registration, serving or clean up should notify someone at the registration table Saturday. A musical program will follow and visiting will follow the program.

A large crowd of out-of-towners is expected to attend these reunions.

WILDCATS AND VERNON TO SCRIMMAGE HERE

The second and last of the two pre-season scrimmages for Crowell High School football teams will be held at Dick Todd Field Friday night, August 29. Vernon teams will be providing the opposition.

Beginning at 6:30 the

Crowell junior varsity will scrimmage the Vernon freshmen, and following the conclusion of that scrimmage, which is expected to be about an hour, Crowell's varsity will scrimmage the Vernon B team.

Coach Printiss Gidney said Monday that the Wildcats looked "pretty good" against Childress here last week, but they still "have a lot of work to do."

In the first game, the Crowell JV won 6-0 over the Childress B team, while the Crowell varsity battled the Childress varsity to an 0-0 tie.

The Wildcats will open the new season Friday night, September 5, when they go to Quanah for the traditional Indian-Wildcat battle, which is the season-opener for both squads.

SLOWLY IMPROVING

Jack Whitley, who suffered a severe head injury in football practice about ten days ago, is recovering slowly in General Hospital in Wichita Falls, relatives reported Tuesday. He will remain in the Wichita hospital at least for the remainder of this week.

Jack, son of Mr. and Mrs. Roy Whitley, is in room 389 of General Hospital.

Commissioners Approve 1975-76 Budget for County

The commissioners court of Foard County in a meeting Monday morning, heard an auditor's report from Vernon Behner of Lubbock, and adopted a budget for the county for the coming year.

Anticipated revenues from all sources for the county during the next year are \$441,881. This includes some \$87,825 from taxes, license fees for vehicles, \$52,000; \$205,000 hospital

income with the remainder of the expected income being from revenue sharing and state funds which are received for lateral road expenses in the county.

The hospital operated at about a \$20,000 loss last year, County Judge Seth Halbert says, and another deficit year looms again.

The tax rate for the county is 95 cents per \$100

valuation. Five cents of this goes to the jury fund, 10c to road and bridge regular fund; 15c to the road and bridge special fund; general fund is 50c, up 15c over last year; hospital maintenance 10c.

Recently approved by the commissioners was a pay raise for the road crew and maintainer operators. They now receive \$2.50 an hour up from \$2.00 paid per hour in the past.

Nursing Home Sold; Tentative Opening Date Set for Sept. 15

Tentative opening date of the new nursing home is set for September 15 for the Crowell Center has been set for new owners, R. D. Montgomery of Wichita Falls and Jack Burgess of Graham.

Montgomery and Burgess last week purchased the facility from R. W. McDonald of Abilene, builder of the new 80 bed facility. They also own Azle Manor and Villa Haven nursing home in Breckenridge. The men have been operating nursing homes for about 14 years, they said last week in Crowell.

Mrs. Marie Townsend, who is administrator of the Crowell home, is still taking applications for both persons to reside in the home and workers for the various jobs which will be opening up when the rest home goes into operation.

Students Return to Classes Crowell Schools Last Week

Students returned to the Crowell school and from all schools enrollment is the same as during last year.

Grade school enrollment, as reported by Principal Gordon Erwin, was 317 last Thursday which is a slight dip over last year.

Margaret Daniel is kindergarten teacher with an enrollment of 28 students. There are 30 first graders and two classes which are taught by Anita Phillips and Cheryl Ryan. Second grade enrollment is 43 and Margaret Claire Raspberry and Fay Cates are the teachers. June McLain teaches third grade which has 30 pupils this year. There are two fourth grade classes, with a total enrollment of 39 and Patricia Streit and Martha Thomas are teachers. Virginia Smith has 27 pupils in her fifth grade class. There are 34 students in the sixth grade, 40 in the seventh grade and 46 in the eighth grade. Other teachers in grade

school are Dixie Hord, Zelma Justin, Marvin Field, and Barbara Wall. Edith Cash, Betty Pierce and Wilma Coleman are aides.

Title I remedial teachers are Myrna Jones and Faye Statser. Special education teachers are Frances Cook in elementary school and Billie Crafton in high school.

The high school enrollment of 170 is composed of 37 seniors, 37 juniors, 52 sophomores and 44 freshman. High school instructors are Carl Brock, Mary Brown, Jim M. Gafford, Prentiss Gidney, Jean Halbert, Gary Hobson, Becky Hudgins, Randall Ryan, James Streit, Don Welch and James Welch. Aide in high school is Rachel Dunham.

Secretaries in the school system are J. H. Gillespie, Martha Brock, Idah Pearl Crowell, and Myrtle Taylor.

Post Office Fixtures to Be Moved on Saturday, August 30

Postmaster Ted Reeder said this week that a moving crew is expected to begin work Saturday, August 30, moving the furnishings of the local post office to a building leased on the north side of the square. The building formerly housed Fisch's

Department Store. Mr. Reeder said he did not know exactly how long the move would take, but local post office personnel will be on duty at the new location as soon as possible.

The old building will be either torn down or moved to

make room for the new building to be constructed there. Mr. Reeder said he expects construction will begin in September. Michael Lam Co. of Wichita Falls was the successful bidder for construction of the new post office.

SCHEDULE
 Friday, August 29: magazine salesmen. Scrimmage Crowell vs. Vernon.

SPIRIT OF '76
 The senior officers for the coming year are: Richard Naylor, president; Pam Whitley, vice president; Connie Werley, secretary; Amie Brasher, reporter; and David Bell, treasurer. The class sponsors will be Mr. Wall and Mr. Gafford. Mrs. Naylor, Mrs. Pharis, Mrs. Whitley and Mrs. Norman will serve as class mothers.

Most of the seniors have a pretty busy schedule this year, with civics, English, chemistry, bookkeeping, consumers' education, vocational ag, and shorthand, there's not much time for television, eating or sleeping.

The football boys have been working out for over two weeks so that they will be ready for the coming season. The first scrimmage was played last week against Childress and the game this week will be against Vernon. This year's senior cheerleaders are: head, Kim Norman and Pam Whitley, Amie Brasher will serve as mascot.

Jack Whitley is in the Wichita Falls Hospital because of a football injury. The seniors want to wish him a speedy recovery.

The senior class wants to welcome the freshman class into high school. We hope you will have as much fun giving the teachers a hard time as we did. We also want to welcome to Crowell High School Miss Hudgins who teaches typing and shorthand.

Seniors say: "Wildcats are king of the jungle."

JUNIOR JARGON
 Every school year starts out the same and as usual we elect class officers. President is William Bachman; vice president, Kathy Whitfield; secretary-treasurer, Molly

Wisdom and reporter is Jill Myers. Sponsors this year are Mrs. Halbert and Mr. Hobson. Our room mothers are Mmes. Wisdom, Christopher, Dunham and Field.

Anita Vecera returned to our class Wednesday because she had been visiting in Los Angeles, Ca.

Several juniors are really running tight schedules because of the band and football practices.

SOPHOMORE SCOOP
 To start off the school year, the sophomore class elected officers. They are as follows: president, Jay Wall; vice president, Dana Miller; secretary, Scott Streit; treasurer, Oran Carroll; and reporter, Paul Whitley. We also elected class mothers. They are Mrs. Meri Moore, Mrs. L. H. Wall, Mrs. Billy Johnson and Mrs. George Scott.

We have a new sophomore student this year, Toni Holland. The sophomore class would like to welcome her to CHS. Our class sponsors this year are Don Welch, Mrs. Mary Brown and Miss Becky Hudgins.

Don't forget to do your homework!

FRESHMEN
 After a short summer, classes began on Monday for everyone. Things are different, but we are used to our new schedule. The freshman class elected new class officers during a meeting on Monday, August 18. They are, president, John Thomas; vice president, Billy Brown; secretary, Jill Bell; treasurer, David Seedig; and reporter, Terri McDaniel. Class mothers are Mrs. Lorene Carroll, Mrs. Clara Brown, Mrs. Denny Powers and Mrs. Arleta Halencak.

The freshman class says congratulations to the band for making "Honor Band" recently. Freshman band members are Gail Fish, Carolyn Halsell, Jonna Naylor, Jill Bell, Patsy Williams, Debra Walker, Susan Quintero, Hedi Vecera, Walter Banks, Abel Cerda, Wade Davis, Donnell Banks, Mae Carol Kuehn and Renee Norman.

Good luck, freshmen, during your new year in high school!

CHS HONOR BAND NEWS
 The CHS Honor Band elected officers for the 1975-76 year. President is Amie Brasher, vice president is Molly Wisdom; secretary, Kathy Whitfield; reporter, Connie Werley; sergeant at arms, Vickie Pharis and Jan Brown; junior high delegate, Rita Glover and Bobby Joe Cerda.

The class A Honor Band has already begun working on marching music for the football season. Marching

Foard Residents Hear About Water for Rural Sections

About forty Foard County residents were on hand at the community center in Crowell last Thursday to hear Fred Parkey, manager of the Red River Water Authority, explain the various aspects of securing more water lines to rural areas.

Mr. Parkey told the group that one line will be going from Crowell to Truscott, one to what he called the "Shamburger group" northwest of Crowell, one north of Crowell near Pease River on the east side of Highway 283, another nearer

Crowell to the northeast, and still another in the Thalia area.

Mr. Parkey met individually with residents from each of the five new sections to be served by rural water lines.

Traffic over Labor Day Week End Expected to Kill 42

State Public Safety Director Wilson E. Speir estimated that Labor Day Weekend traffic in Texas will claim 42 lives.

The holiday period extends from 6 p. m. Friday, August 29 through midnight Monday, September 1. During a comparable period last year, Texas traffic killed 51 persons.

"Traffic will be particularly heavy near recreational areas such as beaches, lakes and campgrounds. Actually,

in these situations, motorists need to be extra watchful for children playing and other pedestrians.

Also, persons towing recreational vehicles and boats should be mindful of extra stopping distances and other problems unique to trailers," Speir said.

The DPS director called on motorists to cooperate in law enforcement efforts to hold speeds down during the holiday, noting that "excessive speed is still our top accident problem."

He also urged motorists to work with officers to eliminate the serious threat posed by drunk drivers.

In an effort to reduce the toll, Speir said extra DPS troopers will be on duty statewide. He said troopers and local officers will be especially watchful for speeding, reckless and drunk drivers.

Linda Kempf of Vernon, and Mrs. Ethel Ferguson of Crowell visited Mr. and Mrs. James Bowers Sunday.

Ray Smith visited Ronnie Wasia in Crowell Friday

night and Saturday. Mr. and Mrs. Roy Shultz and Mr. and Mrs. Ralph Shultz of Vernon visited in Margaret Sunday.

Mrs. Frankie Halencak and Daryl and Mr. and Mrs. Bill Murphy visited in Tyler last week. Mrs. Halencak and Daryl visited Mrs. Julie Connell and Mr. and Mrs. Murphy visited their daughter and husband Mr. and Mrs. Roy Ferguson. Mrs. Julie Connell of Frankston returned home with them for a weeks visit.

Mrs. Julie Connell of Frankston visited with her brother and family, Mr. and Mrs. Billy Joe Halencak and family Monday.

Social Security Book Available

People responsible for social security benefits paid to them on behalf of another person can get a helpful account book by calling or writing any social security office.

Single copies of 'Social security representative payee account book' are free on request, according to Carl R. Beisner of the Vernon social security office.

The 12-page book can be a useful record for representative payees who make periodic reports to social security, he noted. Representative payees get monthly benefits on behalf of over 1 1/2 million people who can't handle their funds.

The account book is for recording income, including social security payments, and how

practices began Thursday, August 14 at 8:30. The band will meet for practice every Tuesday and Thursday of each week. Morning practices will be held later in the season.

The upper classmen of the CHS band extend a welcome to our new 7th grade members. If each band member will give 100 per cent, at all times, we will be able to live up to our name, "Class A Honor Band." The director of the C. H. S. Honor Band is James Streit.

Your owner's manual will explain in detail the parts of the range.

When using an electric or gas range, clean the oven each time it is used. Turn the oven off and let it cool. Wipe any crumbs or spilled food out of the oven with a damp cloth.

To thoroughly clean burned-on food off the oven walls, pour about 1/2 cup ammonia in a bowl. Place the bowl in a cold oven. Leave the door closed for four hours or overnight. Remove the ammonia. Take the racks out and wash them. Add the ammonia in the bowl to 1 qt. warm water. Dip a rag in the solution to clean the oven and oven door. Rinse with a clean rag and wipe dry.

Wipe the metal trim with a damp cloth. Dry it with a soft clean cloth to make it shine.

These make dull spots on the range—vinegar, milk, tomato juice, any fruit juice—clean them off as soon as they're spilled.

COUNCIL TRAINING SESSION

On Thursday August 21st at 11 a.m., the H. D. officers for the new club year attended a training meeting at the First Christian Church annex.

Mrs. Homer Ketchersid, council chairman presided. Miss Sally Sowell, extension agent, explained the duties of each officer, and suggested ways in which each one could assist the chairman to make the club more vital to the community.

Representatives present from Gambleville were Mmes. Clarence Garrett, Elton Carroll, James Sandlin and Milburn Carroll; those from Riverside were Mmes. Allen Shultz, John S. Ray and Grover Moore; those from Westside were Mmes. Claudius Carroll, Melvin Moore and Homer Ketchersid.

At noon a delicious covered dish luncheon was enjoyed by all those present.

Immediately after the meal and a brief social period, the council chairman, Mrs. Ketchersid, called the meeting to order.

After some discussion it was decided to have the first meeting of the new club year at the community center September 5th at 2 p. m. so that all clubs will get the demonstration on the Metric System by Miss Sowell to save her from having to give it three times.

It was also announced that on September 8th at 8 a. m. the Safety Chairman of all three clubs will meet with Miss Sowell in her office for a leadership training lesson on Safety.

Mrs. R. D. Pruet joined the group for the afternoon session.

REDDY'S REFRIGERATOR SAVINGS TIPS

- Return fresh foods to the refrigerator and frozen foods, such as ice cream, to the freezer as soon as possible. Measure and remove the quantity needed for cooking or for the table, and refrigerate the remainder at once.
- Use cold controls efficiently by selecting the settings that provide about 36° F. in the refrigerator and 0° F. in the freezer.
- Fill the refrigerator with food, but be careful not to overfill. Make sure that food packages don't block air vents in the freezer or refrigerator section.
- Clean the condenser surfaces of the refrigerator; dirt restricts air flow and acts to insulate the condenser, forcing the refrigerator to work harder and longer to maintain proper temperatures.

Local Water Poses No Health Hazard

The disagreeable smelling and tasting water which has been coming from water taps in Crowell homes presents no health hazard and should clear up shortly, says the manager of the Greenbelt Water Authority, Crowell's water supplier.

The sour taste and smell is caused by the use of activated charcoal at the lake in Clarendon, said Jimmy Kuhn, Greenbelt manager, but testing by the Authority confirms that the water is absolutely safe.

Activated charcoal is a filtering agent used to kill the fishy taste which the water has acquired after the recent heavy rains, Kuhn said.

CLUB TO MEET

The Riverside Home Demonstration Club will meet at 2 p. m., September 2, at the home of Mrs. John S. Ray.

Former Crowell Family Mentioned

The October 1975 issue of True West, published in Austin by Western Publications, Inc., carries a story about this area entitled The House in Moncus Canyon by C. Ray Boston. According to

the magazine, the Moncus family left Foard County in 1902 and headed west.

This magazine has national distribution, as well as many readers in foreign countries. It is devoted to the life and times of the frontier days in this country. Copies are available by order from Austin at 75 cents per copy: Western Publications, Inc., Box 3338, Austin, Tx. 78764.

Engineers Attend Austin Workshop

District engineer Lewis H. White and assistant district engineer George R. Wall have concluded an intensive three-day workshop in Waco on Texas' public transportation needs and technology.

The State Department of Highways and Public Transportation executives joined colleagues from districts with similar population density in the study. The workshops were planned in the light of the department's new role in transportation planning and implementation, which was given it when the act merging the former state highway department and mass transportation commission was signed into law in June.

**State Park Use
Fees Going Up**

The inflationary spiral has
finally hit the Texas state
park system. Come Septem-
ber 1, 1975, use fees will be
increased to assist in
generating more revenue to
offset rising park operation
and maintenance costs.

Entrance fees will remain
unchanged at \$1 per vehicle
per day at most parks, with
the option of a \$12 annual
permit or a \$5 restricted
annual permit.

Park entrance is free for
persons 65 years of age and
older through the State
Parklands Passport.

According to Parks and
Wildlife Department execu-
tive director Clayton Garri-
son, among fees to be raised
are those for regular
campsites, from the present
\$1 to \$2 per vehicle;

campsites with electricity,
from \$1.50 to \$3 for the first
motor vehicle and \$2 for all
others; campsites with elec-
tricity and sewerage, from
\$1.75 to \$3.50 for the first
motor vehicle and \$2 for all
others; and screened shel-
ters, from \$3.50 to \$5 for the
first motor vehicle and \$2 for
all others.

TSA urges motorists to
plan their trips realistically
over the holiday, allowing
enough time to get to and
from their destinations while
driving at posted speed
limits.

It's also a good safety
policy to take a rest break or
change drivers every two
hours, as drowsiness can be
temporarily remedied by
coffee or fresh air.

The Texas Department of
Public Safety predicts that 42
lives will be lost on Texas
highways from 6:00 p. m.
Friday, August 29, through
midnight Labor Day, Mon-
day September 1. Texas
Safety Association feels a
little more planning and
concern on the part of the
Texas driving public can
reduce this figure signifi-
cantly.

For an older person's
maximum safety, the interior
of a home requires a
minimum of one permanent
lighting unit per room. It
should be switch-controlled
at each room entrance, Mrs.
Vivian Blair with the
extension service reminds.

**News from...

Mrs. T. R. Cates took her
mother, Mrs. Clyde Self to
Seymour Monday where she
took a bus for Barstow where
she will spend the week with
her sister, Mrs. Ora Spence
and son Howard and family.
Mrs. Spence is ill there.

Mrs. Maggie Capps was ill
over the week end. She is
improving slowly at this
time.

Mr. and Mrs. Joe Laird of
Iowa Park were guests of Mr.
and Mrs. Sam Kuehn
Sunday.

Several from Thalia atten-
ded the funeral of young Jim
Eaton in Vernon on Sunday
and our sincere sympathy is
extended to the Dr. James
Eaton family in the death of
their son, brother and

number of visitors from the
South Side Baptist Church
in Crowell and extend a
hearty invitation for other
visits in the future.

Mrs. Pearl Gray spent last
week visiting in the home of
her son, Norman Gray and
wife in Hereford. They also
visited relatives in Lubbock.

John Warren of Crowell
visited Roy Self one day last
week.

Week end visitors of Mr.
and Mrs. Clyde Self and Mr.
and Mrs. T. R. Cates were
Mrs. Beverly Rainsback and
son Scott and family of
Amarillo.

**Failed Crops
Must Be
Reported**

Failed cotton or feed grain
must be reported to the local
ASCS office within 15 days
after the crop is abandoned.
Joe Sabbe, executive director
of the Foad ASCS office,
told producers Monday. He
added, "Do not plow or
graze the failed crop before
someone from this office has
verified the acres."

Sabbe says his office has
order forms available for
pine and windbreak seed-
lings, for spring 1976
planting. The seedlings are
made available by the Texas
A&M University system and
will come from the Indian
Mound nursery at Alto.

The Meeting is scheduled
for Thursday, September 4
and will take place at the
Crowell Community Center
at 7:30 p.m. All persons
interested are welcome to
attend.

**Care Urged in
Labor Day
Trip Plans**

Careful trip planning can
make Texas highways safer
over the upcoming Labor Day
holiday weekend, the Texas
Safety Association advises.

According to TSA, the last
holiday of the summer
season is, for many motor-
ists, the occasion to pack
three days of vacation into
one final automobile outing.
This "last chance" mentality
may prompt motorists to try
to drive too great distances in
too little time. The result is
often a deadly combination of
driver fatigue and excess
speed.

TSA urges motorists to
plan their trips realistically
over the holiday, allowing
enough time to get to and
from their destinations while
driving at posted speed
limits.

**Agronomist
Sets Foad
County Talk**

Dr. Dale Lovelace, area
agronomist with the Texas
Agricultural Extension Ser-
vice, will present a program
on wheat production prac-
tices. The program is being
planned by the local County
Extension Agent.

Emphasis during the
meeting, will be placed on
fertilization. Placement and
method of application of
fertilizer either broadcast
and plowed in puplant or a
drill fertilizer combination
will be covered. Variety
comparisons will also be
briefly discussed.

Many producers are be-
coming more aware of the
benefits from the use of
fertilizer. Proper fertilization
not only increases yields, but
also prompts good plant
growth which in turn will
assist the plant in tolerating
insects and diseases.

The Meeting is scheduled
for Thursday, September 4
and will take place at the
Crowell Community Center
at 7:30 p.m. All persons
interested are welcome to
attend.

**Softball Team
Winding Up
Season**

The Crowell Rangers
softball team will be winding
up a successful season this
week end as they play in the
Vernon invitational tourna-
ment. Coach Jim Christo-
pher said Tuesday that the
Rangers have won 27 of the
44 games played this year
and the locals are presently
in first place in the Quanah
league. They defeated
Carpenter of Quanah 2-0 in
their last game.

Crowell will be playing the
Quanah Braves Thursday
night at 8:30 and on Friday
night will play the Quanah
Braves at 8:30. Following
those games the Rangers will
go to Vernon to play games
later in the night.

Christopher says anyone
wishing to see the local
softball team play should do
so this week end.

30 Years Ago in The News

News items below were taken from the Thursday, August 16, 1945, issue of The Foard County News:

After a seemingly endless period of waiting, the world was thrilled on Tuesday, August 14, at 6 o'clock by the official statement from the President of the United States that Japan had accepted the terms of surrender extended to them by the Allied Nations and that a new era of peace was being ushered in by that surrender. Throughout the Allied world, which has been torn by war and its ravishing consequences since Germany struck Poland on September 1, 1939, there was rejoicing and celebration never equalled before in the lives of those taking part.

Hubert Brown has sold his grain elevator in Knox City to the Kimbell Milling Co. of Fort Worth. Mr. Brown erected the elevator last summer and immediately worked the plant to full capacity during the grain harvesting season.

This is an outstanding year for fruit in Foard County as there are trees in orchards and back yards yielding a crop which is unusual for this county. J. W. Sollis brought two peaches to the News office Monday. One measured nine inches in diameter.

Mr. and Mrs. Clint Simmons received a letter from their son, M-Sgt. Lois G. Simmons who is in the Philippine Islands. This is the first news they have had from him in more than two months.

J.F. Hardin of Durant, Okla., assumed his duties as manager of the Rialto Theatre last Sunday.

David O. Selznick's "Since You Went Away," which opens at the Rialto Theatre Wednesday, stars Claudette Colbert, Jennifer Jones, Shirley Temple, Monty Woolley, Lionel Barrymore and Robert Walker.

Construction of a 14 x 36 foot addition to the Foard County Hospital was started Tuesday by John Banister, contractor. The new structure will be joined up to the main building on the east side of the south wing and will be veneered with native rock. The new addition to the hospital will be used as a Negro ward and will be divided into two rooms with complete bath room equipment.

Born Monday, August 13, to Mr. and Mrs. Robert Choate in the Crowell hospital, a girl named Laurel Janette, weight 7 pounds.

The Ben Franklin Store, owned and to be operated by Mr. and Mrs. Jack McCoy, will be open Saturday, August 18, for the marking of goods making ready for their opening for business at an early date.

Pvt. Marion Gentry has arrived overseas and is located at Manila in the Philippine Islands, according to a letter to his parents, Mr. and Mrs. Oscar Gentry.

Sgt. Ernest Spears and wife and small son, Larry, are here visiting her mother, Mrs. P. H. McLain. Sgt. Spears returned to the States from Germany on August 5.

Crop Report

Heavy boll weevil damage ranging from 31 to 60 percent punctured squares was reported from cotton fields in Foard, Fisher and Hardeman counties, Emory P. Boring, area entomologist, said in his Rolling Plains Insect Report issued Monday. He added that bollworm damage has been reported in Foard County.

Light infestations of the gall midge that attacks guar was observed in a guar field in Foard County, Boring added.

Record Budget Approved for Crowell School System

The Crowell schools will be operating during the coming year under a \$592,522 budget which was adopted Monday night by the local board of trustees. Of this total, \$193,835 is anticipated revenue from taxes and possible sale of property during the coming year. The state is expected to furnish \$256,778 with the remainder coming from the various title programs funded by the federal government, including the LVN school.

Teacher and administration personnel raises are costing the school about \$40,000 more this year than last, while other costs of

operation are continuing to rise. The new budget does not provide any money for plant maintenance, no intercom system for high school, no funds for the RC&D drainage and tree planting project at the school nor for a 45% expected rise in natural gas rates, Supt. Larry Jones said.

The district finished the current year with a \$1455 deficit, and the proposed new spending program calls for a balanced budget at the end of next year.

Under the new education bill passed by the last legislature, the Crowell system is not hiring any teachers above the founda-

tion program. Under the old law, the local system had two teachers above state, but with the new law, all local teachers are now paid under the state foundation program.

In addition to approving the budget, the board okayed the payment of \$1,808.65 in current bills.

Several residents of the Thalia community met with the board concerning bus routes through that town.

In other business, the board voted to:

Buy a new vacuum cleaner for the carpets in the special education building.

Hire Stella Frances Cook of Gilliland as elementary education teacher. Mrs. Cook has been employed by the Vernon school the past two years, Jones said.

Pay Region 9 Service Center \$430 as Crowell's part in funding the crime and drug education program in this area.

Hire Betty LaFlower of Knox City as instructor for the proposed new LVN school. The previously-hired instructor did not meet state requirements as to instructional qualifications, Jones told the board.

Authorize VA instructor Don Welch to investigate the cost of a show barn for the school and community proposed to be constructed just east of the VA building.

"GOD DWELLS NOT IN TEMPLES MADE WITH HANDS"

In Old Testament times, under the law of Moses, worship was centered in the tabernacle. Here were priests, altars, incense, sacrifices, ritual, gold, jewels, and the most holy place. The temple built by Solomon in Jerusalem was costly, beautiful, and elaborate.

But when Christ came "to fulfill the law," this was the end of the old order. In talking to the woman of Samaria about the proper place to worship, Jesus said, "Neither in this mountain nor in Jerusalem, shall ye worship the Father...but, true worshippers shall worship the Father in spirit and truth." (Read John 4:19-26)

It was fortunate indeed that followers of Christ were not required to worship in one temple, for bitter persecution soon scattered them. In their travail they had Christ's promise that "where two or three are gathered together in my name, there am I in the midst of them." Matthew 18:20. So they worshipped God in spirit and truth from house to house, in upper rooms, and caves and catacombs. The place was no longer important as long as they "forsook not the assembling of themselves together." In the most humble surroundings "they continued steadfastly" in their devotions. Acts 20:7, 2:42

Centuries later, misguided worshippers began to give emphasis to the place of meeting. Years were spent in decorating the walls of church buildings. Thinking they were serving God, they added gold, jewels and costly ornaments. While great wealth was poured into the construction of towering cathedrals, surrounding multitudes were starved for bread and spiritual food. They had forgotten Christ's teaching that true service consisted in following his teachings, spreading his gospel, loving one's neighbor, relieving suffering and caring for the poor.

As centuries passed with continued emphasis on architecture and art and continued neglect of Christ's teachings, we see the result today in these ancient nations with their many cathedrals and dire poverty, guiled saints and ragged humans, ritual and incense, filth, immorality, ignorance and superstition.

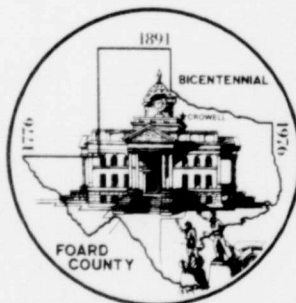

As new and costlier spires pierce our skies, may God help us to avoid the mistakes of the past. "God dwells not in temples made with hands." May we rather emphasize the essence of Christianity in loving God, loving our neighbor, and worshiping in spirit and truth.

Rest from Your Hiway Labors

What are you planning on doing for the rest of your life? If your immediate future includes a Labor Day week end highway trip, Texas Safety Association advises that a stop at one of the nearly 200 Texas Jaycee holiday rest stops may just provide you with the "rest of your life"; it can be the pause that defeats driver problems like highway hypnosis, delayed reaction time, and traffic tedium.

For over 15 years, the Jaycees of Texas, in cooperation with the Royal Globe Insurance Companies and local merchants, have provided free coffee and refreshments to highway travelers on long holiday weekends. The campaign was originally begun as the Labor Day rest stop program, but with the shift of many major holidays to Mondays, the emphasis was expanded to all holiday week ends by many Jaycee chapters.

HEAVIER FRUITING IN COTTON

Researchers with the Texas Agricultural Experiment Station are aiming for a cotton plant that fruits more heavily. The idea is to get the optimum amount of food to the bolls of the plant by reducing competition between bolls and vegetative parts for leaf energy produced by photosynthesis. Researchers hope to develop a plant that has more fruit and fewer vegetative parts and that can more effectively use water and fertilizer.

SOLID WASTE GUIDES PROPOSED

The disposal of solid wastes from residential, commercial and institutional sources may soon be regulated by the U. S. Environmental Protection Agency (EPA), announces an agricultural engineer in waste management for the Texas Agricultural Extension Service. Guidelines were published in the Federal Register July 11 that concern methods of storing and collecting solid wastes of homes, businesses and various institutions. The guidelines will become mandatory for all Federal facilities and are recommended for adoption by local and state agencies. All comments must be submitted to the EPA, 401 M. St. S.W., Washington, D.C. 20460, before Sept. 9.

LEADER IN BREEDING CATTLE EXPORTS

Texas was the leading exporting state of beef breeding cattle in 1974, reports a livestock marketing specialist for the Texas Agricultural Extension Service. About a third of all the beef breeding cattle shipped from the U. S. last year came from Texas. Texas led in exports of Angus, Beefmaster, Brahman, Brangus, Charolais and Santa Gertrudis cattle. Canada was the leading market for all U. S. breeding cattle, accounting for 47 per cent of the exports. Crossbreeds led the list of exports. Charolais were second, and Brahman were third. Mexico and South Africa were also leading export markets.

Screwworm Program Forced to Change Sterile Fly Procedure

"Great numbers of screwworm cases in Texas are forcing some changes in our methods of releasing sterile screwworm flies," reports Dr. M. E. Meadows, director of the U. S. Department of Agriculture Screwworm Eradication Program at Mission.

"It has always been program policy to 'hotspot' each confirmed screwworm case three consecutive weeks with releases of 50,000 or more sterile flies per week," says Meadows. (Hotspotting is the actual release over the ranch where the case was found.)

"This year the first 'hotspot treatment' has been by ground delivery of the flies, followed by aerial delivery the succeeding two weeks.

"With more than 500 cases from Texas ranges being confirmed by laboratory identification specialists each week, this policy is no longer practical for all cases. We will rely on aerial dispersal of flies for all three treatments when:

"The time involved in long shipments of flies to far distant ranches will result in our delivering an ineffective

sterile fly that won't mate successfully with fertile wild flies; and,

"When costs of having state or federal personnel convey sterile flies to ranches for ground delivery is prohibitive."

Meadows explains that when it is possible to get a good, healthy, sterile fly delivered to the ranch where the case occurred, ground release procedures will continue to be followed. Discussing the current screwworm situation in Texas, Meadows says "tremendous amounts of moisture on Texas ranges this year have provided ideal environmental conditions for the screwworm fly." He expects case numbers to continue to increase until cold weather arrives.

Adding to the problem this year is the heaviest and most widespread population of Gulf Coast ticks since the Screwworm Eradication Program began in 1962. Bites these ticks make in ears of large animals make ideal wounds on which the female screwworm fly can lay her

eggs. Eggs hatch about 12 hours after being deposited on the wound and the tiny larvae immediately enter the wound to feed on live flesh. They remain in the wound for about five or six days while they grow to about half an inch in length.

Ear ticks can be expected to remain a problem until late September or sometime in October when the annual die-off occurs.

The female screwworm fly usually mates only once in her lifetime. The Screwworm Eradication Program, administered by the Animal and Plant Health Inspection Service (APHIS), raises millions of flies which are sterilized by use of nuclear energy before they are released in the area of known screwworm populations.

Any eggs a female fly produces after mating with a sterile male will not hatch. When enough sterile matings occur, eradication is achieved.

Sixteen Texas counties recorded their first screwworm infestations of the year during the first 20 days of August. They are Ector, Martin, Howard, Coke, Kent, Callahan, Stephens, Throckmorton, Jack, Wichita, Bosque, Burleson, Grimes, Houston, Travis, and Brazoria.
