## CHS Honor Band Leaves Wednesday for San Antonio

**PREPARE FOR BAND TRIP TO SAN ANTONIO**—Band Director James Streit, seated, center, is pictured above with the section leaders of the 90-member CHS Willcat Band which will be going to San Antonio next week for a performance at the Texas Music Educators Association convention. On the left, seated, is Paul

Whitley, saxophone section leader, and on the right, seated, is Jan Brown, trombone section leader. Standing are Dennis Setliff, percussion leader; Connie Werley, flute leader; Stan Gentry, cornet leader; John Thomas, tuba leader; Carol Sue Scott, French horn leader; and Amie Brasher, clarinet leader.

Chosen last year as the best among the some 225 class A bands entering University Interscholastic League competition, the Crowell High School Band, some 90 members strong, and directed by James Streit, will leave at 6 a. m. Wednesday February 11 for San Antonio where on Thursday night starting at 8:15, the band will perform at the Texas Music Educators Association convention. The convention, which attracts thousands of music educators, is held at the San Antonio convention center which is at the site of the 1968 HemisFair in downtown San Antonio.

The CHS band began the road to "Honor Band" designation when it received a Division I rating in concert last spring at the UIL meet in Vernon. A tape recording of this performance was entered in competition with other Class A bands and last summer at the Texas Bandmasters convention, the Crowell band was chosen as the best. With this award went the honor of performing at the Texas Music Educators Association convention next week.

The band will be presenting five numbers in the performance. They are Concord Overture, Arietta for Winds, Victoria Waltz which features a cornet trio composed of Stan Gentry, Scott Streit and Patsy Williams. Choral and Capriccio, and the George Washington Bicentennial March.

Members of the top state class A band are: Flutes: Connie Werley, Debra Walker, Jo Anna Hord, Delia Santos, Bernadette Greening, Gail Fish, Wanda Brasher, Rita Glover, Brenda Greening, Joyce McGinnis, Christi Aranda and Elizabeth Westover.

B Clarinets: Amie Brasher, Sulema Rensen, Renee Norman, Mollye Wisdom, Jana Glover, Ester Quintero, Debbie Bond, Richard Fish, Jackie Carroll, Simona Field, Cheryl Nichols, Carolyn Halsell, Mary Lozano, Debra Henslee, Yolanda Jimenez, Mae Carol Kuehn, Brenda Dishman, Lela Graf, Risa Winters, Cathy Carroll, Mary Coleman, Inetta Tucker, and Tanja Baize.

Alto Clarinet: Vickie Pharis, Lesley Johnson. Bassoon: Kathy Whitfield. Bass Clarinet: Hedi Vecera, Sylvia Quintero, and Sherri Gray.

Alto Saxophone: Paul Whitley, Jill Bell, Tony Daniel, Leigh Langford, Sherilyn McBeath and Julie Carroll.

Tenor Saxophone: Anita Vecera, Shelia Coleman and Ken Gentry. Baritone Saxophone: Abel Cerda.

Cornets: Stan Gentry, Scott Streit, Patsy Williams, Jody Graves, Chris Thompson, John Klepper, Susan Quintero, Mike Brown, Kay McDaniel, Dan Klepper, Daryl Miller, Carl Field and Richard Westbrook.

French horns: Carol Sue Scott, Tim Garrett, Jonna Naylor and Debra Kajs. Trombones: Jan Brown, Theresa Drabek, Sandra Bachman, Wade Davis, Brenda Taylor, Bobby Dee Powers, Elizabeth Kincaid.

Baritone: Jim Cumley, Jimmy Quintero, Annis Brown and Ray Don Werley. Tuba: John Thomas and

### Filing Deadline Passes; Three Candidates for Sheriff

With the filing deadline for primary election candidates passing Monday, February 2, voters in Foard County will have until Saturday, May 1, to decide for whom they want to vote. May 1 is the date of the first Democratic primary. On the local scene, there

are three candidates seeking the office of sheriff tax assessor-collector. They are Roy M. "Ace" Whitley, Jackie Walker and Paul Glover. The incumbent, Emmitt E. Howard, did not seek re-election.

In Precinct 3, Commis-

sioners race, a total of three candidates filed. Wilson Myers, incumbent, is seeking re-election, while Floyd Ferguson and Billy Ray Dunn are also candidates.

The Commissioners office in Precinct 1 drew only one candidate. That is Billy C. Johnson, the incumbent, who was appointed to the office a year ago when Bill Bell resigned.

Foster Davis, who has served as Foard County attorney since the 1930s, is not a candidate for re-election and there will be no candidates listed on the ballot for that office.

Gene Heatly of Vernon is seeking the district attorney's office, post being vacated at the end of this year by Bill Neal.

W. S. "Bill" Heatly of Paducah is unopposed in his quest for another term as State Representative from the 101st District.

Foard County Democratic Chairman T. L. Tamplen has not received a list of state candidates from the State Democratic Executive Committee, so a complete list of those on the first primary ballot is not yet available.

U. S. Rep. Jack Hightower has announced his intention to seek re-election and on Monday, Bob Price of Pampa, a Republican whom Hightower defeated two years ago, announced his intention to seek the congressional post again. Their names will be showing up on the general election ballot in November.

### Lots of Voters Register In Foard County

Mrs. Mary Borchardt, office deputy in the Foard County tax assessor-collector's office, said a large number of Foard County residents registered to vote in her office last week, and she estimated that over 1,000 Foard County residents have already registered.

There is considerable confusion surrounding the last voter registration law, but one thing is certain: a voter must be registered for at least 30 days prior to any election he votes in.

Mrs. Borchardt said that young people 17 years of age may register 60 days before their 18th birthday, but will not be permitted to vote until they are 18.

### 1976 Vehicle Registration in Progress

Registration for 1976 vehicle registration went on sale in the Foard County sheriff's office Monday, February 2, and they must be on all vehicles operating on public roads in the state by April 1.

For the first time in history those registering vehicles will not get new license plates. They will receive a small tab which will be attached to the present plates. Last year, the license plates were made of heavier material and are to be used for a five-year period.

### Musical Jamboree Set at Gilliland

A musical jamboree is set for Saturday, Feb. 7, beginning at 7 p. m. at the Gilliland community center. Entertainment is free and all musicians and everyone else in the area are invited to attend. Refreshments will be for sale.

Mrs. O. R. Miller, who announced the jamboree, said the acoustics in the gym have been improved and the gym will be warm in case the weather is cold.

### Completion Figures Given on New Well

Completion figures were announced last week by Cities Service Oil of Midland on its new producer two miles southwest of Truscott. Their No. 1 on 680 acres of Brown "L" Lease, D. & W. RR. Survey section 30, block 3, yielded 202 barrels of 44G oil and 169 MCF of gas daily from a pay depth of 6,266-6,269 feet.

The producer is 660 feet from west line and 1,980 feet from south line of section 30.

### TWO NEW VEHICLES

Two new vehicles were registered here last week: Jan. 26, Mrs. Woodrow Crisp, 1976 Chevrolet coupe; Jan. 29, Ora Mae Fox, 1976 Oldsmobile coupe.

### RECEIVES CERTIFICATE

Joe Coufal, left, is pictured above with a Certificate of Distinguished Service presented him January 29 by David Seltz, right, head of the Foard County Soil and Water Conservation District work unit. Coufal, after being a part-time employee of the local soil conservation office for the past 12 years, has been promoted and transferred to the Vernon office where he will be a full time employee. He will continue to make his home in the Thalia community. Coufal received the certificate at a gathering of employees and directors of the Foard County Soil and Water Conservation District, and their families at the community center last week.

Terms of Mike Bird and Floyd Borchardt are expiring. Bird has been a member and president of the school board for 24 years and Borchardt was elected to the board for the first time in 1965.

Baxter W. Gentry was the only announced candidate as of Monday morning of this week.

**WANTED TO ALL-STATE TEAM**—David Bell, 6'3" senior in Crowell High School, was named to the second team defense Class A all-state football team last week. Selection was by the Texas Sports Writers Association. Bell, son of Mr. and Mrs. Jeff Bell, was a member of the CHS regional champion football team last fall. He was the only player from this area selected for the all-state award.

### Capping Ceremony Held Here

Nineteen persons, 17 women and two men, were "capped" in special capping ceremonies as Licensed Vocational Nurses in the community center in Crowell Friday, Jan. 30, 1975. New graduates of Betty LaFlower of Knox are: Hazel Marlow of Crowell is assistant instructor of the school.

The 19 have been attending classes of the Greenbelt School of Vocational Nurses in Crowell since last fall.

Those "capped" were: Monty Smith, Betty Borchardt, Connie Doyal and Terri Nelson of Crowell; Gloria Rodriguez of Childress; Sandra Canon, Bobberford Bullye Gilbert, Sharon Fore, Annie Wilder and Eddie Garcia, of Paducah; Lois Richardson, Brenda Eaton, Barbara Edwards, Betty Simmons, Melba James, Betty Farmer, Anna Vaughn and Dianne Minner, all of Vernon.

Last year's graduates who were members of the band at the time the award-winning performance was given were Barbie Scott, April Werley,

Jacquelyn Brown, Karen Stasler, Arthur Cerda, Steve Setliff, Dwain Crosby, Adrian Martinez and Gary Glover.

Adult sponsors who will be accompanying the band to San Antonio are Messrs. and Mmes. Baxter Gentry, J. E. Brasher, George Scott, Joe Don Brown, Glendon Russell and Donald Werley.  
Mrs. Otis Gafford of

Crowell has designed the cover for the 8-page program for the Crowell performance, and these programs are being furnished by Max Kreutz House of Music in Wichita Falls. A reproduction of the cover appears in this issue of the News.

**Many Awards and Honors**

The band and individual members have won many honors in recent years. Last year the Crowell Band placed fourteen seventh and eighth graders on the Junior High All Region Band, and seven high school students on the high school All Region Band. Forty per cent of the band members have at one time or another made All Region or an All District Band. In the past six years, the Crowell Band has produced three All State band members. The band has also produced outstanding performers in solo competition at the state level. Greater Southwest Music Festival at Amarillo, and at the Tri-State Music Festival in Enid, Ok. In 1971 the band earned its first UIL Sweepstakes rating in the history of the school. The band is now working on its third sweepstakes award having earned a Division I rating in the fall marching competition. The band has also made all Division I ratings at Tri-State Music Festival in Enid, Ok., and at the Great Southwest Music Festival at Amarillo. Last year the band was selected as the Outstanding Class A band at the Greater Southwest Music Festival at Amarillo.

Crowell's band director holds a B. A. degree from Midwestern University with a major in violin and a minor in music theory. Mr. Streit played violin in the Wichita Falls Symphony Orchestra

for seven years and cornet in the Midwestern University Band. He was a member of the Fourth Army Show Band where he played violin and cornet during his army affiliation. He is currently a member of the Texas Bandmasters Association, Texas Music Educators Association, Texas State Teachers Association and the National Teachers Association. He taught at Vernon and Lockett before moving to Crowell and is now in his seventh year here.

**District Agent Issues Weekly Crop Report**

District extension agent Ed Garnett has issued the following crop report for this week:

Winter preparation of land for spring planted crops is well underway. Wheat continues to provide minimal grazing, with large numbers of cattle being removed from wheat fields. Cattle on native pastures are being fed. Numerous range fires throughout the district are reported.

The moisture supply continues to diminish, and small grain growth is restricted by inadequate moisture and heavy greenbug infestations. Some spraying is reported for greenbugs as temperatures permit.  
Fertilizer is being applied to both land being prepared for planting and as top-dress on wheat.

# Truscott Taking Orders for Bicentennial Coins

Orders are being taken for the Truscott Bicentennial Coins which will be issued in May, according to Mrs. Vivian Brown and Mrs. June Looney, co-chairmen of the coin sales for the Truscott Bicentennial Committee.

Michael Hutton, Wichita Falls jewelry designer who is in charge of the art work for the coin, is working on a final version of the design. The coin project is part of Truscott's celebration of the national bicentennial. Mrs. Brown points out that it will be issued just about 100 years after the cattlemen first came to the Wichita Divide country. "We have a report on record that cattlemen were still pushing buffalo west in the South Wichita valley to save the grass for their longhorns in 1876."

"This coin will be a cherished family heirloom," Mrs. Looney says. "And persons interested in buying one of these limited series coins should get their orders in early." Pre-paid orders will automatically receive lower numbers while coins which are ordered but not paid for ahead of time will receive numbers according to the time the order is paid for.

Several 4-coin sets and gold and silver coins have already been sold. The four coin sets contain a gold-plated silver coin, a pure silver coin, a brushed silver coin and an antique bronze coin. All coins will have the same design and the coins in a set will all have the same number. The 4-coin set will cost \$100.00 plus tax, and this will include a lucite case which will be inscribed with the name of the series and the number of the set. For \$3.50 extra, or orders pre-paid before March 15, these cases can be personalized with the imprinting of a name or short inscription.

Single gold-plated coins will be available for \$50.00 and single silver coins will be \$25.00. The gold coin is plated over pure silver, since a solid gold coin would cost several hundred dollars. Both these coins can be lucite cases and may be personalized for pre-paid

orders before March 15 for and extra \$3.50.

A charge of a four per cent state tax should be added to all prices, and a \$1.00 charge is requested for each mail order (no matter what number of coins in the mail order.)

Also available in a lucite case will be a two coin set containing a brushed silver and an antique bronze coin. This \$15.00 set will be an ideal graduation gift for a young person with kinship ties to the land between the Wichitas or as a conversation piece for the coffee table or office desk of a person who formerly lived on the Wichita Divide or along the Wichita Breaks.

The committee also plans to offer jewelry for sale so

that the coins can be worn in pendants, key chains, etc.

Truscott is the smallest community to undertake this coin project, according to Don Crocker of Tulsa who is the WNW mint representative. The mint is located in Amarillo.

The chairmen said that the first five sets of the 4-coin sets in the numbered series have been reserved and bids are being taken on these through March 1. Minimum bid is \$100.00.

Bids and checks can be sent to Bids, Truscott Bicentennial, Truscott, Texas, 79260.

For more information about bids or regular orders, see the advertisement in this issue of the Foard County News.

## Students Are Honored at V. R. J. C.

Mrs. George Ann Johnson of Crowell was named to the President's List for the fall term of Vernon Regional Junior College. To qualify for the president's list, a student must take 12 hours or more and score a perfect 4.0 grade average on a 4.0 scale.

Those from Crowell named to the Dean's List were Paul Dean Cash, Stephen Grant Graves, Adrian D. Martinez, Mary Ann Quintero, Karen Sue Statser, Nancy Ruth Stone and Edmond Hal Williams.

On the honor list from Crowell were Debra Gaye McDaniel and Brenda Gay Winters.

To qualify for the dean's list, a student must make 12 or more hours and have an overall average of 3.0. For the Honor list, students must post an overall 3.0 average on from 7 to 11 hours or a perfect 4.0 average on 1 to 6 hours.

State Board of Education postponed until September implementing a ban on collection of certain student fees.

## Two Kinds Pastures in Area

'Pastures grown in this area,' according to Thomas Shinn of the Soil Conservation Service, 'are of two general kinds, perennials and annuals. Perennials such as Kleingrass, bermuda grass, Sideoats grama, Big bluestem, Sand bluestem, blue grama, little bluestem, vine mesquite, western wheatgrass, switchgrass, K. R. bluestem and others are long life grasses. They are deep rooted and can stand lots of dry weather.'

As farm ponds are dug in lightly grazed grassland, we frequently find grass roots of these grasses at a depth of six to eight feet below the surface. On the other hand, when the grass in the pond site area was short from continuous over grazing, the roots are much shorter and all or nearly all of them are in the top two feet. Shinn reports. These grasses also have rather long growing periods of six to eight months each year. Production under proper management is comparatively high.

Annual grasses, such as rescue, rye grass, bromes and others are found in many pastures which are grazed heavily. This indicates that the better permanent grasses have been over used. The annuals produce lots of seed and come up to thick stands on pastures having a thin turf.

Production from annual grasses is mostly during a few weeks in spring and is generally low in amount. Heavy use of soil moisture by annual grasses in the spring, especially during dry years, may cause low production of perennial grasses during the summer months.

As deterioration continues, mesquite, lotebush and pricklypear dominate many pastures. Buffalograss, a perennial, becomes the dominant grass on many sites while annual grasses become primary productive plants.

The state has obtained court judgements for more than \$12.5 million in back sales taxes from 6,500 delinquents. Comptroller Bullock asked newspapers to run the names in their areas.

**Roy Rogers Is Back**

Roy Rogers is back. After a 20-year absence from movie making, the legendary star returns in "Mackintosh and T. J." which will have its world premiere at the Winchester Theatre in Lubbock February 5.

A gala evening is planned for West Texas' first premiere of any major movie. Roy Rogers will be on hand for the event which will benefit the Ranching Heritage Center at The Museum of Texas Tech University.

The center now is planning its formal opening for July 2-5, 1976. It is an authentic outdoor exhibit depicting the history of ranching in America's West.

Those attending the premiere will have a reception at 7 p. m. in the lobby of the Winchester. The film will start at 8 p. m. Those who purchase Golden Row tickets will attend an after-theatre supper party with Roy Rogers. Tickets are \$10, \$25 and \$50. All seats are reserved and may be purchased at the Museum of Texas Tech or by writing Box 4612, Texas Tech University. All proceeds are for the development of the Ranching Heritage Center.

"Mackintosh and T. J." is a contemporary western, filmed at the 208,000 acre 6666 Ranch, 92 miles east of Lubbock near Guthrie. None of the sets were constructed. All are set against the backdrop of the famous 6666. Instead of a 10-gallon hat and buckskin, Rogers' costuming is usually a straw hat and cotton shirt. Instead of Trigger, Roy's transportation is a broken-down pickup truck.

Rogers' co-star is Clay O'Brien who was born six years after Roy's last picture, "Son of Paleface," was released.

O'Brien is no newcomer, however. Now 14 years old, he began his career when he was 9 in "The Cowboys." He followed that with another John Wayne vehicle, "Call, U. S. Marshall." Most recently, he added a Huck Finn appeal to Disney's "Apple Dumpling Gang," and he has played opposite Fess Parker and with James Garner in "One Little Indian."

Rogers, the star of 87 feature films before the long dry spell, chose "Mackintosh and T. J." because of the story.

There's action—bronc busting, brawls, a rabies epidemic, and even murder.

"But it's the relationship between the tough old cowboy and the fatherless boy that gives the picture its 'heart,'" said Roy. Rogers adds understanding to the part as he himself is the father of nine—four of his children adopted and one a foster child.

Director Marvin Chomsky, whose array of film credits includes television's award-winning four-hour special on the Klu Klux Klan, calls Rogers "one of the most unflappable actors I've ever worked with."

Larry Mahan, six-time "All American Cowboy" who holds more rodeo records than anyone, plays one of the 6666 hands. After watching Rogers ride, he offered to "be his agent" if the cowboy star ever wanted to join the rodeo circuit.

**To the Taxpayers of Foard County and Crowell Consolidated Independent School District:**

Each person owning personal and/or real property within the County of Foard or Crowell Consolidated Independent School District, is respectfully requested by Emmett E. Howard and J. H. Gillespie to come by the respective offices at his earliest convenience and render such property for the purpose of taxation.

The law, in effect, provides that all property shall be listed or rendered by the owner thereof, if he is of full age and of sound mind, but when it becomes necessary for the respective tax assessors, their deputies or others who have to be hired for such purpose to seek out each property owner to secure the individual renditions, the expense involved is greatly increased, and this additional expense is borne by the TAXPAYERS.

Your cooperation will be appreciated, AND IT WILL SAVE YOU MONEY. TRY IT!

## Coffee Set Here for MH-MR

The Mental Health and Mental Retardation Center, North, of Vernon annually makes a drive for coffee for its patients each spring and Crowell usually helps in any way it can.

So, on Sunday, February 8, the invitation has been extended for area residents to visit the home of Mrs. Guy

Bounds and bring a pound of percolator coffee. Anytime between 2 and 4 o'clock will be fine, and refreshments will be served.

Mrs. Bounds added, "If two people want to share in bringing the coffee, that is fine. If you need someone to pick it up, call Mrs. Henry Borchardt."

## Engagement Announced

Mrs. Frances Dishman of Pampa and W. K. Dishman of Nocona have announced the engagement and approaching marriage of their daughter, Kathy Jean, to Thomas E. Gilmer, son of Mr. and Mrs. Edward L. Gilmer of Wheeler.

Rev. M. L. Crosby will officiate for the exchange of vows at 8:30 p. m. Saturday, February 14, at the Free Will Baptist Church in Crowell. The bride-elect is the

granddaughter of Mr. and Mrs. John Odell and Mr. and Mrs. Wayne Dishman, all of Crowell.

## WEST SIDE H. D. CLUB

The Westside Home Demonstration Club met Jan. 26 in the home of Mrs. Vlasta Ilseng. Mrs. Ray Pruet, president, presided and the opening exercise, the THDA creed, was read by the hostess. Ten minutes of fun was a memory game with Mrs. C. M. Carroll in charge.

Mrs. George Riethmayer, secretary, called the roll which was answered with "my latest home improvement." Mrs. Homer Ketchersid was elected nominee for district THDA delegate to the meeting April 6 in Haskell.

Mrs. Ilseng served refreshments and the hostess gift was awarded to Mrs. Oscar Gentry. The next meeting will be in the home of Mrs. Homer Ketchersid.

**EAGLE SCOUT**—Jon David Nichols, pictured above, has received his Eagle Scout award in ceremonies conducted in the Clarendon school cafeteria Jan. 31. Jon David is a member of Boy Scout Troop 33 in Clarendon. He is the 13 year old son of Mr. and Mrs. Duane Nichols of Clarendon. Grandparents are Mr. and Mrs. Clyde James of Clarendon and Mr. and Mrs. Sherman Nichols of Crowell. Great grandparents are Mrs. H. E. Minyard of Crowell and A. L. James of Vernon.

### CARPET BUYING BEST IN FEBRUARY

February with its "birthday sales" is the best time to shop and save on carpets and rugs.

Although often a major furnishings investment, carpets and rugs when chosen carefully are worth the initial expense. In a functional role, they deaden noise, give warmth, provide comfort and reduce floor care. And decoratively, they give individuality and richness to a room, alter the apparent dimensions and relate the floor to other furnishings.

As a guide to help consumers interested in buying a rug or carpet these points should be considered before making the final decision.

### ROOM SIZE

Wall-to-wall carpeting can make a small room appear

Handy 100-sheet packages of St. Regis typing paper only \$1.25 at the News office.

larger, unify adjoining areas, or conceal disfigured flooring. But there is extra cost for installation, it's impossible to shift carpet to distribute wear, professional on-location cleaning is necessary, and to use it in another room usually requires recutting.

Room fit rugs permit visual effect of wall-to-wall because they're cut to the exact room dimensions. Usually they are more economical if the room is large or has architectural breaks and jogs.

Room size rugs permit a border of flooring around the room, but don't provide the spaciousness and unity of the two above. They can help to define living areas in a large room, to prevent a skimpy appearance, plan so the rug reaches within one foot of the wall in a large room and six to eight inches in a smaller room.

Area rugs are used primarily to define accent furniture groupings and to add color and design to a room. More than one can be used in a room but take care to avoid a "patchwork" look.

### TRAFFIC FLOW

For an area receiving much wear (entrance, stairs, hall, family room), it is most important to choose a good grade of carpet and backing.

For areas of little use and traffic (bedrooms and dining rooms and living rooms only in use when company comes), a lesser quality of carpet will usually do the job.

### COLOR AND DESIGN

Color is usually a primary consideration. Select one good for all seasons. Light cool neutrals (off white, beige, tan, brown and gray) can visually enlarge space, calm a bright busy room and provide a restful atmosphere. Furniture in darker wood tones and colors will stand out more.

Deep warm colors in carpeting help unify. Dark colors and light colors more often show soil and stains. Medium color blends, tweeds and patterned styles simplify maintenance and preserve appearance.

### QUALITY AND CONSTRUCTION

Good carpets will feel substantial. Check density—closeness or compactness of the pile. If when you bend the carpet, it "smiles" at you, the pile is sparse allowing backing to show through. Short dense piles wear best in heavy traffic areas.

Pile Height—high piles are luxurious but may mat down. Test for resilience by pressing your fingers firmly into the pile for a moment and observing how quickly the pile springs to its original position.

Yarn Twist—loosely twisted carpet plys may soon look fuzzy and matted. High twists are more durable but will cost more.

Backing Construction—this holds surface yarns in place. It should be tightly woven for

## High School Basketball Teams Still in the Running for Titles

Crowell High School basketball teams remained in the thick of the battle for district titles as they went into the final week of play. The Cats hosted Aspermont on Tuesday night and will close the regular season here Friday night hosting Munday Mogul teams.

In cage action the past week, the varsity boys split their two games while the

girls won both their games. Following is brief accounts of the games.

At Paducah last Tuesday night, the girls won a big one, defeating a strong Dragonette team 55-43. Kim Norman held the hot hand for the Wildcat girls by scoring 25 points. Anita Vecera scored 18, Kathy Whitfield 8 and Cathy Sparkman 4. Outstanding service as

guards was turned in by Beth Graves, Sabrina Kearney and Mary Barrera.

The varsity boys didn't fare as well as they lost a heart-breaker 70-74. Ricky Coleman with 19 points was high pointer for the Wildcats, Melvin Westover had 16, David Bell 14, Marvin Coleman 10, Jack Whitley 8 and Dee Finley 3.

The boys junior varsity team defeated Paducah 52-46 that same night. Dwaine Dishman with 18 points, was high scorer for Crowell, C. B. Sparkman had 11, Steve Criss 9, Mark Christopher 8 and Claudius Coleman 6.

Crowell teams traveled to Knox City last Friday night and the varsity squads won their games while the girls junior varsity lost to the KC Houndettes.

In a low scoring contest, the varsity boys won 48-28. Bell had 14 points for Crowell, Marvin Coleman 8, Westover and Whitley 7 each, Ricky Coleman and Finley 4 each, while Steve Stapp and Rocky Glasscock scored 2 points each.

The Crowell varsity girls won their game 42-28. Norman had 22 in this one, Vecera 11, Whitfield 8 and Sparkman 1. Outstanding guards for Crowell were Kearney, Graves and Shelia Coleman.

Crowell junior varsity girls lost to the KC girls 34-37. Hedi Vecera led the Crowell offensive attack with 24 points, Jill Bell scored 6 and Denise Branch 4.

## Former Thalia Resident Died in California

Funeral services for former Thalia resident Wade M Corzine, 57, of Fresno, Ca., were held Saturday morning Jan. 31 in Fresno. Mr. Corzine died Wednesday Jan. 28 at his home of an apparent heart attack.

He was married to the former Eunice Banister formerly of Thalia and was a brother in law of Mrs. Oliver Holland of Thalia.

Mr. Corzine was owner of the Industrial Scales Company of Fresno for 26 years. He also served in the U. S. Army from 1943 through 1945.

Survivors include his wife, Eunice and one daughter, Mrs. Janis Stanley of Modesto, Ca., and two grandchildren; also one brother Ross Corzine of Petaluma, Ca., and one sister, Mrs. Nina Dominguez of Sacramento, Ca.

He was preceded in death by two sisters, Mrs. Vera Young in 1959 and Mrs. Wilma Beal in 1974.

### NEW BOOKLET

How to grow catfish on farms is the subject of a new booklet written by the Soil Conservation Service and is titled "Catfish Farming". The booklet tells how to raise channel catfish, blue catfish, and white catfish in ponds, raceways and cages.

The booklet is available free at the local SCS office on West California St.

## GI Interest Rate Drops Slightly

The maximum interest rate on GI home loans was reduced from 9 to 8.75 per cent effective Jan. 5, 1976. Jack Coker, Veterans Administration regional director, has announced.

An increased supply of mortgage money was attributed to this first reduction in GI loan interest rates since last March, Coker said. The decrease was agreed upon jointly with Department of Housing and Urban Development. The reduced rate also applies to FHA home loans.

The 9 per cent interest ceiling rate on multifamily housing mortgage loans does not apply to VA since the agency guarantees only single family home mortgage loans, including condominiums.

The peak interest rate of 9.5 per cent during the 31-year history of the VA home loan guaranty program was reached in August 1974. This is the 27th change in GI home loan interest rates since this program began in June 1944.

For a veteran buying a home with a \$30,000 GI loan, the quarter per cent decrease in the VA interest rate could mean a savings of about \$2,000 over the life of a 30-year loan, Coker noted.

## Bicentennial Scout Parade Is Planned

A Bicentennial Scout parade has been set for February 7 in Wichita Falls starting at 10 a. m. The parade, the first of a number of bicentennial Scouting events planned for 1976, will have the following route: on Scott from 10th to 7th, then Indiana from 7th to 11th, and 11th from Indiana to Austin. Twenty Scouting units have pre-registered for the parade, which will consist of floats and marching units, and 500 Scouts and Cubs. Trophies will be presented in several categories.

### FILM SHOWN AT ROTARY MEETING

A film on taxes as prepared by the Internal Revenue Service was shown by Ken Graf of Vernon at the Wednesday, January 28, meeting of the Crowell Rotary Club. He was introduced by Rotarian Bud McLain.

Visitors at the meeting, in addition to Mr. Graf, were student guests Ernie Myers, Jack Whitley and Billy Halencak, and Rotarian Newell Hofmann of Vernon and Rotarian Arthur Wey of Quanah.

**FARROWING INTENTIONS SHOW SLIGHT INCREASE**—Although hogs and pigs on Texas farms during December showed a 17 percent drop from a year ago, farrowing intentions from December 1975-May 1976 are expected to increase by two percent from 1974, according to Agriculture Commissioner John C. White.

**SENIOR SPOTLIGHT**  
 Ernie Myers is in the senior spotlight this week. He is the 17 year old son of Mr. and Mrs. Gerald Myers. Ernie is 6'1/2" in height. He has green eyes and brown hair. Some of his favorites are: food-spaghetti; color-blue; song-Barroom Blitz; actor-Clint Eastwood; actress-Linda Blair; hobbies, motorcycles and girls; subject football. Ernie has played football for Crowell for four consecutive years. He is a member of the First Baptist Church of Crowell. Ernie is undecided on what his future plans will be after graduation.

Richard Naylor is also in the senior spotlight this week. He is the 18 year old son of Mr. and Mrs. Duane Naylor of Thalia. He is 6 feet tall, has green eyes and light brown hair. His favorites are: food-chicken fried steak; color-blue; song-Love Will Keep Us Together; actor-James Caan; actress-Ann Margaret; hobbies-sports; subject-Chemistry. Richard is president of the senior class, football co-captain,

MYF member, FFA member, and is active in Junior Leaders. His plans after graduation are to attend West Texas in Canyon.

**JUNIOR J J's**  
 This week's speedster is Timmy Christopher, the 145-pound son of Mr. and Mrs. Jimmy Christopher. This 5'9" forward is #20 on the CHS basketball team. He likes basketball because it is the only sport he can really play well and he feels it builds team spirit. His favorite ball club is the Boston Celtics. As a 'Cat' player, he thinks we have a good team this year and he thinks we can go all the way.

**SOPHOMORE SCOOP**  
 Everybody had been keeping busy lately as we had tests in Algebra, History, and English. In English we have been reading short stories until Friday when we started reading a novel. If you haven't been coming to the ball games lately, you are really missing some excitement. Both the varsity teams are in the running for district title.

There are three sophomores that played in the All-district band Saturday night in Vernon. They are Scott Streit, Jan Brown, and Paul Whitley.

**FANTASTIC FRESHMAN**  
 Several freshmen are trying out for UIL literary and track events this year and have already begun to work.

In P.E. we are going to the gym every other day where we are dividing up into six teams to play volleyball. With basketball season almost over, we are trying to study as much as possible. It's not long until the third semester, so this means more studying.

Freshmen band students are counting the days until the trip to San Antonio next week.

## Local Teams Win

Crowell Junior High basketball teams took a clean sweep of the four games they played at Aspermont Monday night.

The eighth grade boys won 27-19. Sammy Neal scored 19 points to lead the Crowell offense, Bobby Joe Cerda had 6 and Eugene Johnson 2. These boys play at Munday next Monday night and if Crowell wins, they will be tied with Haskell for the district championship.

The eighth grade girls won 42-39 over Aspermont. Jody Graves led the Wildkitten scoring with 19 points, Mary Coleman had 12 and Janie Gerhardt 9. Should Crowell girls win at Munday next week, they too will be tied for the district championship.

The seventh grade girls won their game 24-16. Anetta Dorsey scored 14 points for Crowell, Inetta Tucker had 8 and Pat Gerhardt 2. These girls will close out their season at Munday next Monday night.

Crowell's seventh grade boys won a squeaker 28-27. John Henry McGee scored 8 points, Dan Klepper, Robert Newman and Carl Field each scored 6 and Howard Sparkman 2. This closed out the season for these boys. Printiss Gidney coaches the eighth grade boys team, while Randall Ryan is coach of the other three Crowell grade school teams.

## VA Lists Survivors Benefits

Deaths of 358,000 veterans during fiscal year 1975—209,000 with World War II service—has prompted the Veterans Administration to encourage 29 million living veterans and their families to become familiar with survivor benefits to which they may be entitled.

The FY 1975 death total was 61,000 higher than the total of veterans' deaths recorded in FY 1970. The World War I veteran population fell below the million figure to 963,000 in FY 1975 with the deaths of 108,000 veterans of that era.

Veterans should make dependents aware of survivors' benefits, such as dependency and indemnity compensation for service-connected death or non-service-connected death pensions for widows and certain children, Jack Coker, VA regional director, said.

Burial benefits for wartime and certain peacetime veterans include a maximum \$250 burial or cremation allowance plus a plot allowance not exceeding \$150 for veterans buried outside national cemeteries. In lieu of these benefits, an \$800 burial allowance is authorized if the veteran's death is service-connected. Claims must be filed within two years after burial or cremation.

Burial flags and headstones or grave markers also are available for many deceased veterans. The VA processes about 800 applications daily for headstones and grave markers, Coker said.

Veterans service organizations, veterans county service officers, and local VA offices should be contacted for complete information and assistance in applying for burial benefits. Such documents as military separation papers, divorce decrees, guardianship or child custody evidence, birth, marriage and death certificates should be accessible to validate claims.

## "The Bible and The Presidents" Just Released by ABS

'The Bible and The Presidents', a series of four color sound filmstrips on George Washington, Thomas Jefferson, Abraham Lincoln, and Theodore Roosevelt has just been released by the American Bible Society. The series lifts up the role of the Bible and its influence in the lives and actions of the four presidents.

'The purpose of these filmstrips,' according to Dr. James Z. Nettinga, Director of Advance Programs for the American Bible Society, 'is to show the impact of the Bible on the lives of these four presidents. All of them were human like everyone else, but on many different occasions during times of challenge and change, the inspiration of the Scriptures undergirded their actions and writings.'

Produced for the American Bible Society by Cathedral Films, 'The Bible and The Presidents' is appropriate for all ages. Study and discussion guides accompany the four filmstrips and 33 1/2 rpm records. The filmstrips and records are packaged in a special Bicentennial edition for use during this year of national celebration.

They can be ordered directly from the American Bible Society, Order #19030, 1865 Broadway, New, N. Y. 10023 or from Cathedral Films, Inc., 2921 W. Alameda Avenue, Burbank, Ca. 91505. The cost for the entire set is \$45.00 or \$15.00 per individual subject.

A new foam-bonded process for producing fabrics achieves the look of crevel embroidery without the time-consuming handwork, Beverly Rhoades, clothing specialist with the Extension Service, says.

## TEXAS 1876

January 31 - February 6, 1876

**AUSTIN** — The grain growing capabilities of Texas are just beginning to be understood. Three years ago cultivation of wheat was begun in earnest, but only as an experimental crop. Last year in Texas there were over 7,800,000 bushels in 13 counties — averaging \$1.50 a bushel. Average yield in the U.S. is 15 bushels. Average yield in Texas in those 13 counties is 45 bushels per acre.

**TARRANT COUNTY** — The Tarrant County Construction Company has made application for the remaining portion of the work on the Texas Pacific Railroad between Fort Worth and Eagle Ford and there is no doubt but that they will get it.

**JACKSBORO** — Town remarkably quiet for the past month, except that about thirty ponies have been stolen from the neighborhood. Some were recovered at Fort Griffin recently.

**HOUSTON** — Some thieves in want of fashionable clothes entered the small tailor shop on the corner of Congress and Fannin streets and carried away some half a dozen pants patterns, much to the disgust of the tailors.

**DE KALB** — The U.S. Mail was robbed today 15 miles west of this place, en route from Clarksville to Texarkana. One man did the work, having his face disguised. No clue as yet.

**JACK COUNTY** — The ECHO reports that rain, cold, wind and fuel are in demand, likewise intelligent voters. Candidates are active in pursuit of the aforesaid, and we hear one precinct in this county, which contains but one voter who is not a candidate.

**COMANCHE COUNTY** — The latest production of the poet laureate of the COMANCHE CHIEF is as follows: "If you want to find relief, send two dollars for the Chief." (That would buy the printer beef.)

**MCCULLOCH COUNTY** — McCulloch County has lately been organized. The county seat will be located at the mouth of Post oak Creek. Quite a strong effort is being made to fix Camp San Saba as the seat, but this effort will undoubtedly fail, according to the SAN SABA NEWS.

Advertised in Leading Texas Newspapers — The "Type-Writer," an elegantly constructed machine intended to abolish the use of old-fashioned pen and ink, is attracting much attention. It is about the size and shape of the ordinary sewing machine; is easily operated, and prints the letters required in bold, clear characters. The inventors claim for it a capacity of sixty words per minute. It is so simple in construction that its operation is readily acquired with only a few hours practice.

## INTEREST INCREASING IN NEW I. R. A.

Many people are interested in the new Individual Retirement Accounts, commonly called "I.R.A.", according to Carl Beisner of the Vernon Social Security Office. A number of people have inquired about how an I.R.A. would affect receipt of Social Security.

An I.R.A. may result in savings on personal income tax, and it may offer security

in future retirement. It does not, however, affect Social Security one way or the other. Using the proceeds from an I.R.A. at some future date will not keep a person from drawing Social Security. On the other hand, neither can it be used to reduce the amount of earnings that a person has for Social Security purposes.

## PLANNING YOUR VEGETABLE GARDEN

Time spent planning your vegetable garden will provide fresh vegetables for eating and preservation with more fun and less work.

The first important consideration is to choose vegetables that the family likes best. If only one or two family members like a particular vegetable, it may be cheaper to buy it at the supermarket and use the garden space for those vegetables enjoyed by all.

Secondly, choose those vegetables that have a superior taste and flavor when freshly harvested as compared to the usual store-bought produce. Tomatoes, sweet corn, peas and snap beans are good examples of vegetables that taste better when harvested

garden-fresh.

Space is another consideration. A small garden can provide fresh vegetables for many meals if the crops chosen do not require a lot of space. Also, dwarf varieties of many popular vegetables are available.

The inexperienced home gardener start with a small garden and select vegetables that are easy to grow. If properly managed, a garden 20 feet by 20 feet can provide abundant fresh produce for a family of three or four.

Beans, green onions, tomatoes, radishes, leaf lettuce and squash are good vegetable crops for beginning gardeners.

Finally, a frequently overlooked consideration is the planned date of the family vacation. If at all possible, plant crops to mature before or after the vacation. Or perhaps a neighbor or friend will be willing to take care of the garden during your

absence for a small part of the crop.

So, take time now to begin planning the home garden. Sketch out the garden plot, list the crops to be grown, and indicate the number of rows, distance between rows and anticipated plants dates of each vegetable.

In developing a garden plan, keep these points in mind:

1. group crops according to height to prevent shading lower growing plants.
2. plant taller growing plants on the north side of the garden so they will not shade smaller ones.
3. if the garden is on a slope, run the rows across the slope, not up and down, to help hold moisture and reduce erosion.
4. group together quick maturing crops.
5. make successive plantings to increase productivity (remove early maturing crops as soon as they are harvested and plant a second crop in the same space).
6. practice crop rotation if possible.

Planning prior to planting a garden will go a long way to avoiding a lot of unnecessary work and possible problems later in the year.

**SEEDS FROM THE SOWER**

By Michael A. Guido, Metter, Georgia

A young father came to see me. He needed someone to confide in. "I've got some trouble," he said. "But don't worry about me. The Lord and I can handle it."

He was triumphant in trouble. And so was David. He spoke of "my trouble" in Psalm 142:2. He was in distress; and those who were with him were in debt, and everyone was discontented. What a crew.

What did David do? Did he sulk over his troubles? No! Like a rocking chair, brooding keeps you moving, but it does not get you anywhere. Worse than that, it tortures your mind without solving the problem or cleansing the conscience.

Did he give in to self-pity? No. A self-pitying person is a pitiable person. The more you complain, the more you will have to complain about.

He called on the Lord. He said, "I showed Him my trouble." So did a young wife. She was crippled by disease, but not by despair. She was a happy Christian.

"What is your secret?" said a friend. "I have God's telephone number," she said. "I can call on Him anytime. His line is never busy. He always answers. It's Jeremiah 33:3, 'Call unto Me, and I will answer thee, and show thee great and mighty things which thou knowest not.'" Why not call Him now!

## Winter Weeds Do Damage

Most of the Rolling Plains area had good fall and winter moisture for good wheat growth. However, this was also good for winter weed growth.

Dale Lovelace, area agronomist, says these weeds are small and cannot be seen by windshield surveys and many fields throughout the area have weeds and many fields throughout the area have heavy populations of several species. However, the

primary specie is tansey mustard, and Lovelace says these plants are presently in the rosette stage—a tuft of fern-like lacy gray-green leaves. When mature, tansey mustard grows to about 1½ feet, has yellow flowers and forms a long cylindrical pod containing many small orange seeds.

Lovelace says that research shows that 1 mustard weed per square foot can reduce yields up to 10 per cent. He adds that the tansey mustard can easily be controlled by applying ½ pound of 2,4-D per acre while the weeds are still small, and he cautions that now is the time. He cautions that spraying should not be done after March 1 as stem elongation has already started in most fields at that time.

He added that another money saving idea would be to include the 2,4-D when applying an insecticide application to control greenbugs. "The herbicide is compatible with most insecticides, but be sure to check this out before combining the two. It also can be applied when top-dressing with liquid fertilizer. The more trips you save, the more net profit you make," Lovelace concluded.

The state's rental bill to house agencies across Texas is \$15 million a year.

Flowers at a funeral service greatly soften and soothe the stark reality of death. Some will say, "I prefer to send flowers to the living rather than to the dead."

These people should realize that funeral services are for the living, and that flowers at this time are most important to sustain the bereaved family, as well as a respectful tribute to the one whom God has taken.

## The New Alchemists

WASHINGTON—Over the years, people have believed some frightfully silly things about economics.

In the Middle Ages, people called alchemists thought they could change base metals into gold.

They were wrong.

In more recent times, people called "Keynesians" thought governments could spend more money than they take in in taxes without doing anyone any harm.

They were wrong, too.

Keynesians are the disciples of the famous British economist, John Maynard Keynes (1883-1946). He was the high priest of deficit spending.

In his *General Theory of Employment, Interest and Money*, published in 1936, Keynes said there was no harm in deficit spending because people "owed the money to themselves." Not only was deficit spending harmless, he said, but it was a positive boon to mankind. Deficit spending could serve as "pump-priming" to get a sluggish economy moving again during times of recession. It would even out the peaks and valleys of the business cycle, and provide for the steady growth of the economy.

Keynes' theory exploded like a bombshell in the economic and political world of his day. At that time, for an economist to say what he'd said was like a preacher telling his congregation it was all right to sin.

Politicians were especially delighted with Keynes' theory. He'd told them they could have their cake and eat it, too. They could vote for the spending programs their constituents wanted without having to vote the taxes to pay for them. And everything would be just fine.

Well, not quite everything. The politicians ignored an important warning that Keynes had issued. He said that deficit spending was a good thing during times of recession, but that in times of prosperity, governments should run budget surpluses, to make up for the previous deficits.

But spending programs are popular and taxes are unpopular in good times as well as bad. And politicians run for re-election in good times as well as bad. So budget deficits have been growing ever larger, without regard to economic conditions.

Keynes had said it was impossible to have inflation and recession at the same time. We all have learned to our sorrow that he was wrong.

The truth is there are no shortcuts to national wealth. Governments can no more spend a nation into prosperity than base metals can be changed into gold. Governments must live within their means. Spending must be tied to income. It is time that Keynesian economic policies were put on the shelf, next to the charms and potions of the alchemists.

## Land's 'health' Important

Do you ever worry about the physical condition of your soil? Just as good body health is important in performing your daily work, so is the correct physical condition of your land important to crop production. Soil is constantly changing for better or worse. It is the duty of every landowner and tenant to safeguard the soil if we expect it to provide for us.

Soil cannot be in good physical condition unless it contains the proper amount of organic matter. Farmers who have winter cover crops on the land now, stand an excellent chance of improving the tilth of their soil another year, both by the root action of these plants and by returning the residue of these crops to the soil.

Legumes are especially adapted to improving the soil structure as well as being a source of nitrogen.

Soil that is in good tilth will absorb and hold more water for plant use in dry periods of the year than will a soil that has been compacted. High organic matter content in a soil will cause it to act much like a sponge. It increases the water and fertility holding capacity.

Plowing and cultivating the soil should be done when the soil is dry if soil compaction and plow pans are to be avoided. One wet plowing can destroy as much soil structure as has been developed in a year with cover crops. Soils in poor physical condition will run together during rains and tend to crust badly afterward. This does not permit good movement of air, water and roots, all of which are essential for good plant growth.

Fertilization favors conservation of soil and water from the beginning of the growing season right on through the entire year. With the proper nutrients available, plants have the opportunity to make a fast start and to provide early soil cover. Healthy plants pro-

## Sales Tax Receipts Skyrocket

Comptroller Bob Bullock released information last week showing how collections by Texas cities of the city sales tax—which has always been one per cent—have skyrocketed in recent years.

Bullock released a list comparing each city's 1975 sales tax rebates with the rebates during the first full calendar year that city collected the sales tax.

Of the 810 Texas cities collecting the sales tax, 780 showed increases ranging up to 1,539 per cent. Only 30 cities showed a decline in rebates.

"It shows what we've known all along," Bullock said, "that the city sales tax has become a cornerstone of the City Hall budget."

Crowell residents will be voting on whether or not to adopt the one per cent city sales tax in an election set for Saturday, April 3.

## Ernest Patton Retired Jan. 1

Ernest B. Patton, a long-time resident of Foard County, retired from the Ada Resources, Inc. in December following some 22 years employment with the firm.

He was one of those honored Dec. 17 at a retirement luncheon the company hosted at the APC Club, at which time he was presented a Bulova Acutron watch.

Mr. Patton was employed by Ada Feb. 10, 1954, as a district sales representative over the Victoria territory. He remained in that area for about five years. While there he built warehouses, five big stations, picked up Gulf consignee, bought Cities Services, and more than doubled the sales volume in cities such as Bay City, Daymon, Rosenberg, Eagle Lake, Weimer, Schulenburg, Nixon and Edna.

In 1959 he was transferred to the Houston East territory where he expanded that area from Pasadena to the Gulf Freeway over to South Park and developed the Pearland and Friendswood areas.

In 1964 he was transferred to the Bryan area as territory manager. That area now includes more than 200 miles of territory. When he went to Bryan the service stations were closed, but it didn't take him long to get acquainted with the people there and build up business again for Ada. At each of the locations where Mr. Patton worked he more than doubled the contracts and sales.

He was born Dec. 7, 1910, in Stephenville. The Patton family moved to Foard County and he graduated from Crowell High School in 1930 and went on to West Texas State College in Canyon. He then came back to Crowell to work for W. R. Womack in sales and then for Cicero Smith Lumber Co., here, in sales also. From

here he went to Orange to work for Consolidated Steel as a purchasing agent. After World War II he went to work for the A&M Bookstore and then on to Ada Oil Co. in 1954.

He and Mrs. Patton were married in 1937 at Vernon. They have two sons, Donald, who lives in Minneapolis, Minn., and Dean of Austin.

Mr. Patton has been active in the Boy Scouts of America as Scoutmaster in Crowell and a director in Bryan. He is also a member of the A&M Quarterback Club and an enthusiastic fan of the Aggie football team.

He and Mrs. Patton plan to continue to reside in College Station.

## FREE ENTERPRISE for 200 years America's strength!

What is Free Enterprise? It is a system that must be honorable to succeed, it rewards hard work, encourages the profit incentive that built an American economy which has given an unexcelled standard of living to Americans, requires a government that exists to serve, not to rule, puts personal liberty and freedom of choice as an inalienable human right and believes that pride in my country, and love for it, can never become old fashioned.

## 30 Years Ago in The News

News items below were taken from the Thursday, January 31, 1946, issue of The Foard County News:

There were 6,892 bales of cotton, counting round as half bales, ginned in Foard County from the crop of 1945 prior to January 16, 1946, as compared with 9,328 bales ginned to January 16, 1945, according to figures released by the Department of Commerce in Washington.

Hon. Ed Gossett, representative in Congress from this district, will discuss the FEPC on the NBC hookup from Washington, D. C., Friday night, Feb. 1, at 9:45, according to a telegram received from him Tuesday.

Dale Evans, niece of Mrs. Gordon Bell of Crowell, has the feminine lead in the picture, "Man from Oklahoma" to be seen at the Rialto Theatre on Friday and Saturday, Feb. 1 and 2.

S-Sgt. Clyde Eddy has returned from San Antonio where he received his discharge from the service last week. He has served in both the ETO and in the Pacific theaters. He was in Europe for one year and from there went to the Pacific where he has been for the past six months.

Pfc. Charles Nelson, son of Mr. and Mrs. H. D. Nelson, arrived at home Tuesday night having received a discharge at Camp Fanning. He served in New Guinea and the Philippines, having been in the service since November 1943.

Pfc. Doris Gentry arrived at home on Jan. 20 after receiving his discharge from the Army at Fort Sam Houston. He served 14 months with the Army engineers in England, France, Alsace, Belgium, Holland and Germany. He was wounded in action and spent three weeks in the hospital. Mrs. Gentry has been living in Crowell during his absence, being employed by the Hughston Insurance Agency.

S-Sgt. Kenneth Halber, and his wife arrived at home Monday from Camp Fanning where he received his discharge from the Army. He arrived in the United States from Manila Jan. 13 after serving in the Pacific 31 months.

Guy Gladstone Crews Whitfield, AMM 2-C, received his discharge from the Navy at the separation center at Norman, Okla., on January 3.

A general advance in prices of all commodities is scheduled to follow the increase in wages which it is generally believed will be granted labor.

All farmers who will have any row crops farmed on contour in 1946 must call at the AAA office within the near future to obtain a prior approval if they expect to be paid for contour farming this year.

Bobbie Ruth Abston of Crowell spent Friday night with Mary Alice Rader at Foard City and attended the social at the church.

The demand for DDT, the new insecticide is still out running production. Heavy shipments are still going abroad to areas where insects are one of the major problems.

Douglas Adkins went to Lubbock Monday where he will enroll as a student in Texas Tech.

## Former Resident Succumbed

James Halford (Jack) Wallace of Alamogordo, N. M., a native of Foard County, died Tuesday, Jan. 27, in an Alamogordo hospital following a long illness.

Mr. Wallace was the son of the late Mr. and Mrs. Hillard Wallace of Thalia. He was born Feb. 5, 1913, in Baylor County. He served in the U. S. Army in World War II. He was married to Louise Rutherford of Demming, N. M.

Memorial service was held Thursday, Jan. 29.

A retired contractor, Mr. Wallace spent most of his life in Foard County.

He is survived by his wife; three brothers, Shelby Wallace of Crowell, and Pat and Tom Wallace of Seymour; and one sister, Mrs. Ethel Jones of Cloudcroft, N. M. Also surviving are four nieces, Mrs. Flodel Washburn of Kilgore, Mrs. Ruth Forrester of Dallas, Miss Jolyne Wallace of Gaza, Vias Israel (a Baptist missionary) and Mrs. Joyce Ann Simon of Santa Fe, Ca.

## Farm Show Set for March 5-7

The 1976 Southwest Farm Show will open on March 5 and run through March 7, according to W. O. Irvin Jr., of Daingerfield, president of the Southwest Hardware and Implement Dealers Association.

The Tarrant County convention center in Fort Worth will again be the location for the event, which annually attracts over 50,000 Southwest farm-oriented people.

## Billy Ray Dunn in Commissioners Race in Precinct 3

Billy Ray Dunn, 41 year old Foard County farmer, this week authorized the News to announce that he is a candidate for the office of Commissioner of Precinct 3, subject to action of the Democratic primary.

Mr. Dunn and his wife, the former Dee Ann Christian, are both life time residents of Precinct 3. The couple has three children, Barbara, David and Toni, all of whom are students in the Crowell school. Both Mr. and Mrs. Dunn attended the local school.

Son of Mrs. Cecil E. Dunn and the late Mr. Dunn of Crowell, he is a veteran of 16 months active duty in the Army, 12 months of which were spent in Europe.

Mr. Dunn said in his announcement, "I will, if elected, discharge the duties of the office of commissioner to the best of my ability. I will greatly appreciate the vote and influence of all Precinct 3 residents in the primary to be held May 1."

## Out of County Hunters Need License

Deer season is a thing of the past; as is quail season and only limited dove hunting remains.

This is the time of year when many hunters turn to the animal which they first stalked with .22s and a dog years ago—cottontails.

Law enforcement officials at the Texas Parks and Wildlife Department say even though rabbits are not considered "game" animals by Texas law, a license is required if hunted out of the county of residence.
