For the first time in history, Texas voters will be naming delegates to the national Democratic convention in New York. Voters have a choice of voting for any 3 of the 9 delegates listed on the ballot. Three of the delegates favor Lloyd Bentsen for president, three are for Jimmy Carter, and three are for George C. Wallace.

Nationwide interest in the Texas delegate election is intense, and immediately following the counting of the ballots, the News will be calling the National Election Service primary center in New York City reporting the results of the local election. These figures will be entered in that firm's computer for tabulation with the remainder of the state's results.

Also, for the first time in history, the ballot is printed in both English and Spanish. A recent state law requires that a county having as much as 5 per cent of its population with Latin surnames, that county must print its ballots in both English and Spanish.

tower using an early-day knife presented to the museum by George Self, cut the ribbon officially opening the museum.

In praising all of the many volunteer workers who assisted in making the museum become a reality, Hightower particularly praised two of the leaders; Mrs. Virgil Johnson and Mrs. Otis Gafford. He presented them with plaques of appreciation

for their efforts. The City of Crowell was in a festive mood for the occasion, with many of the store windows decorated with early-day memorabilia of life in this section of Texas. Flags were flying in front of the stores, and the weather was crisp, cool and clear, in sharp contrast to the celebration of the county's 75th birthday in 1966 when a big rain fell during the

parade. This year's parade was exceptionally colorful. It was led by the Crowell High School Honor Band. Local and area residents driving antique cars added flair to the parade and other entries included boys and girls with decorated bicycles, a trailer truck with cheerleaders and district champion CHS athletic teams. The Crowell Riding Club and 4-H Riding Club members participated and three local youths. dressed as Indians, rode

court house. The band, directed by James Streit, opened the program by playing three numbers, Americans We, Battle Hymn of the Republic and Stars and Stripes Forever. Don Welch, Foard County bicentennial chairman, served as master of ceremonies for the day's program. Following an invocation by Jeff Bell and a welcome address by Mayor Robert Kincaid, Mr. Welch introduced State Senator Ray Farabee. Speaking on the founding of Foard County on April 27, 1891, Mr. Farabee pointed out that citizens had chosen an area which was formerly the territory of Comanche, Wichita and other Indian tribes. He discussed explorations in 1852 by Capt. Randolph Marcy for copper and the disappearance of the Indians and buffalo by the 1880's, although the copper deposits

remain in the northwestern part of the county. Other historical events discussed included the organization of Foard from Hardeman county when the county seat was moved from Margaret to Quanah in 1891, donation of land for the site for the town of Crowell, by the late G. T. Crowell and the naming of the county for Major Robert L. Foard, a Civil War veteran.

Farabee noted that Foard County has survived drought, floods, and a devasting tornado in 1942. Following the benediction by Warren Everson, the program was concluded at which

Heatly of Paducah presented the bicentennial flag to County Judge Seth Halbert.

Following bried remarks by the county judge, Congresman Hightower spoke briefly before cutting the ribbon opening the museum. One of the most colorful

Orders Coming in for Truscott Coins

All the towns of Knox County will be featured on the bicentennial coin being issued by the Truscott Bicentennial committee, according to Mrs. Virginia Casey, chairman.

The little farm and ranch community between Benjamin and Crowell undertook the coin as a local project, but when no other group sponsored a Knox County coin, they decided to use one side of the Truscott coin for a Knox County design.

The response to the coin has been very good, according to the coin chairmen Mrs. Vivian Brown and Mrs. June Looney. A tentative order was placed in January, but was increased last week due to the unexpectedly large number of orders. The coins will be available by writing Coins, Truscott, Texas, 79260, at this time. After the order is received in late May, displays will be available at the Munday and Knox City banks also.

The medal was designed by Michael Hutton and John Hernandez of Wichita Falls.

Names of Knox County towns circle the edge, separated by stars, and inside this wheat stalks frame a miniature mural of past and present symbols of Knox County. In the background are the long, flat ridges of Knox County's western horizons and centering the design is a sprawling mesquite. A railroad track is included since the coming of the railroads in the first decade of this century was vital to the county's development. The Wichita Valley arrived at Munday in 1906 and the Orient Railroad at Knox City, Benjamin and Truscott in 1907-08. With a magnifying glass one can see that engine is approaching from far down the line. Other Knox County towns are Gilliland, Goree, Vera and

The other side of the medal represents the part of Knox County which is "between the Wichitas," between the North and South Wichita Rivers that is. This includes the Wichita Divide where Truscott and Gilliland are located. The top of the design represents east and the viewpoint is as if one were standing on the west side of the Wichita Divide and looking east to the point where the two rivers join.

The importance of cattle and ranching is emphasized by the cowboy and steer and the use of four brands in the design. These brands are placed in approximation of the directional location from Truscott of the ranches.

The brands were chosen for major roles played by these ranches in the development of the land between the Wichitas and include the Masterson, JY, Angus Wynne's Big Four Ranch, the Waggoner Ranch

and the old L Bar of the Wichita and Brazos Stock Company whose owners were among the founding

fathers of Knox County. The coins are available in coins of gold plated silver, silver, brushed silver and antique bronze. A four coin set in a lucite case is priced at \$104, two coin set of brushed silver and antique bronze \$15.60, single gold coin \$52, single silver coin \$26, brushed silver \$5.20, antique bronze \$3.64. The price includes tax. One dollar should be added to each mail order for handling. The four coin set, two coin set, single gold and single silver come in lucite cases which will be suitable for use as desk sets or to frame in a shadow box. Jewelry is also available.

Collectors are invited to inquire about bidding on the first five four-coin sets in the numbered coins. There will be a limited number of artist proof sets available.

LEADING JOURNALISTS AGREE:

"The public will expect and demand of the commission a performance more judicious and exacting than ever before in its 85-year history. Of all the candidates in this important race, we believe Jon Newton is best qualified to meet the needs of this new day for the commission." Dallas Morning News, April 19, 1976.

"Jon Newton is an unusually well-qualified candidate for this office which today is of tremendous and growing importance to our state and nation." Kilgore News Herald, April 18, 1976.

"He has worked successfully for consumer and environmental causes, he is for a realistic and wise use of our state's resources and he has spoken out in federal forums for adequate energy policies." Port Arthur News, April 20, 1976.

"If a voter wants to do something about solving energy and transportation problems, one effective way would be to vote for Jon Newton for Texas Railroad Commission." Houston Chronicle, Feb.

"Newton talks common sense on energy and is ready to go to bat for all Texans . . . (his) views are sound, his goals admirable and his qualifications superior." Victoria Advocate, Feb. 15, 1976.

"We need men like Jon in every capacity in state government." Beeville Bee-Picayune, Jan.

FERTILIZER EFFICIENCY FOR FORAGES

Two requirements are necessary for forage fertilization to be profitable: each nutrient in the fertilizer must increase production more than the nutrient's cost, and the increased yield must be efficiently converted to a marketable product. Efficient use of plant nutrients means using soil tests and other information to identify the need for the nutrient before it is applied. It also means harvesting forages for maximum quality and applying nutrients at a rate below that needed for maximum yield, says a soil chemist for the Texas Agricultural Extension Service.

General rains of up to three inches blanketed the Rolling Plains and set the stage for spring planting of grain sorghum and cotton. Cattle prices rallied accordingly and, by late in the week, stocker cattle had advanced as much as \$5 per hundred while cow-calf pairs were up \$20 to \$30, with most of decent quality going back to the country.

The rains were of limited benefit to already headed wheat, except to increase bushel weights.

Scattered grain sorghum plantings are emerging. Planting is 20 per cent complete in Jones County, while Knox County reported 35 per cent complete.

LOST YOUR SOCIAL SECURITY CARD?

Lost your social security card? You can get a duplicate by notifying any social security office, according to Carl Beisner, of the Vernon social security office.

"You can usually get duplicate card faster if you've kept a record of your social security number and give it to us when you report your loss," Beisner said. 'Your duplicate card will have the same social security number on it. Your social security number is yours alone and remains the same for life," Beisner added.

Program Presented at AME Church

"The Soul Seekers" and "The Gifts of God" were on program as previously announced at the Brooks Chapel AME Church. The singers were greeted as usually by friends of the church and community.

The Brooks Chapel Mission Society furnished the meal for the singers and out-of-town visitors and guests. The program was enjoyed by all present and they look forward to hearing the singers again in the near future.

Brooks Chapel would like to thank all the visitors from out of town who came and helped them support the singers and also a special thanks to the members of the Hopewell Baptist Church who prepared dishes for the

Miss Massie Is Bride of Lane Simmons

Miss Cynthia Leah Massie of Lawton, Ok., became the bride of Allen Lane Simmons of Crowell in a wedding performed Saturday afternoon, April 24, at the Park Lane Church of Christ in Lawton. The single ring ceremony was performed by L. G. Simmons, Minister of the West Side Church of Christ in Crowell and father of he bridegroom.

Parents of the couple are Mr. and Mrs. Richard Massie of Lawton and Mr. and Mrs. Simmons of Crowell.

Grecian pedestals holding arrangements of white daisies, pink carnations and greenery beautified the altar area of the church.

Miss Sandy Massie, sister of the bride, vocalist, sang nuptial selections.

An overlay of lace adorned the bodice of the bride's

Curley Hays of Abilene, one of the Southwest Conference football officials and a frequent visitor in Crowell in the past, will serve as master of ceremonies for the affair.

Principal speaker will be Jess Stiles, defensive football coach at Texas Tech. Stiles moved up to the varsity under Coach Steve Sloan in January 1975 after leading Texas Tech's freshman teams to four unbeaten seasons in five years. Stiles, who compiled a winning record of 56-38-3 during his high school coaching career, joined the Tech staff in 1969.

A 1954 graduate of Midwester University, Stiles went to Tech from Borger High School where he was head coach. Before going to Borger, Stiles rolled up an impressive 39-23-2 mark at Wichita Falls Hirschi, winning the district title in 1963 and was the state semi-finalist in 1964. Stiles also won a district championship at Bowie High School and had the regional finalist in 1959 with an 11-1 mark.

May 1 Is Loyalty Day

Mayor Robert Kincaid has proclaimed May 1 as Loyalty Day in Crowell. The proclamation signed by Mr. Kincaid follows:

Whereas, the citizens of this city are extremely proud of this Nation's 200 year Heritage of Freedom and are loyal to the ideals, traditions and institutions which have made our nation so great,

Whereas, their obvious dedication to our way of life

WSL to Make at City Park

Swings have been installed and a basketball goal is soon to be erected in the city park by the Women's Service League.

Neil Armstrong of Wichita Falls, who is employed by the Texas State Department of Public Welfare, explained the "Food Stamp Outreach" meeting he was conducting in Crowell at last Thursday's WSL luncheon. Working in conjunction with the Community Action Agency, the guest speaker explained that of their eligibility.

Although any one can make application for food stamps, the elderly and those with low incomes usually qualify. Consideration is given to family size, income, bills and resource limitation. A person can have \$1500 in cash assets plus their home, car and some personal items and still be eligible. Not over 30% of the family income should be spent on food. Armstrong noted those with whom he was working will assist persons in preparing

applications. Mrs. Marlene Fox, WSL president, will conduct a business session at this week's meeting.

Program on **Home Planned** at Quanah

"Our Home-Its Heritage" is a popular subject during this bicentennial year. The family living section of the Rolling Plains Economic Program and the extension service have a fresh and exciting program for those interested in learning about popular subjects relating to the home. Monday, May 3rd will be the day and the Quanah community center will be the place.

The day will be filled with programs and exhibits. Starting at 10 a. m. 30 minute programs will be given until 3 p. m. on such things as quilting, food preservation, bread making and horticulture. A person can come during any two-hour period and participate in all four programs. Everyone will want to allow time to see exhibits and receive additional instructions. Exhibits will include cookbooks and utensils, weaving, homemade remedies and soap, churning, fabrics, trunks, handwork, fashions, etc.

The meeting is open to everyone.

Those popular Flair pens are available in black and red at the News office.

MANAGING PONDS FOR MORE FISH

Most farm ponds in Texas are producing fish far below their potential because they are not managed properly, says a fisheries specialist for the Texas Agricultural Extension Service. Texas has about one-half million acres of small farm ponds, and these can produce up to a thousand pounds of fish per acre annually under proper management. Channel or blue catfish offer the best potential. In lieu of a commercial ration, fertilizer should be applied in the spring at the rate of 100 to 150 pounds per acre to help produce food for the fish. Control of aquatic weeds is

also important.

COMMUNITY EVENTS

This will be a very busy week in Truscott. The biggest event, of course, is the Community Improvement Contest (the judges came Tuesday, so I will give details next week.) The town really looked great and everyone has done a good job, so lets keep our fingers crossed. Another important event is the Truscott Jamboree this Saturday. Everyone try to be there because it promises to be a good one.

Two of our churches have held revivals this week and last week. The Truscott United Methodist Church held their's last week, which was very successful. The Truscott Baptist Church is having their's this week, so ya'll try to be there.

Concerning the coins, PLEASE have your orders in within the next few days for the gold or silver coins as they have to know the amount soon. The lead proof came in this week and it OL really looks fantastic. Mrs. Clara Brown reported that the sales are going real well.

One exciting report given to me was that Mrs. Virginia Casey will be appearing on television soon. She will be on Channel 3-Wichita Fallsprogram, FOCUS, which is on about 12:20 p. m. on May 24. She will talk about the fact that Truscott is one of only five unincorporated towns in Texas to have the honor of being a be-centennial city and the only town in Knox County to have a coin.

Mr. Clark Brown of Crowell gave an interesting program on tornado warnings Sunday evening in the home of Mr. and Mrs. R. C. Daniel. Truscott is included in the Foard County early warning system and a siren for Truscott is on the way. Mr. Brown showed a film and gave many important pointers on tornadoes. The Truscott Co-op meet-

ing was held April 24. AROUND TOWN

NEW ROSES TAKE TIME

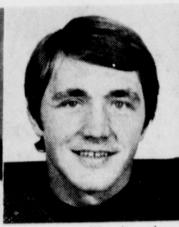

A lot of time and money goes into the development of a new rose variety, points out a horticulturist for the Texas Agricultural Extension Service. It can take as long as 10 years to produce a single new rose and can cost up to \$100,000. Selecting plants for color, shape, firmness and scent is a long, enduring process, not to mention testing for strength, disease resistance and beauty. Tests are made in gardens throughout the United

DAIRY COWS PRODUCING MORE MILK

9,237,055.26

Dairy production has increased in Texas in recent years, thanks to careful attention given to herd management and record keeping which are a major part of the Dairy Herd Industry (DHI) program. From 1961 to the present, annual milk production per cow has increased more tham 3,600 pounds-or more than 424 gallons, says a dairy specialist for the Texas Agricultural Extension Service. Also, butterfat production has increased well over 100 pounds per cow. Despite these increases, only about 14 per cent of the state's dairy cows are enrolled in the DHI program.

30 Years Ago in The News

News items below were taken from the Thursday, April 25, 1946, issue of The Foard County News:

Drew C. Nichols, Travis County war veteran who was born in Crowell Feb. 17, 1915 will open his campaign for lieutenant governor on the square in Crowell next Saturday, April 27. He will be introduced by Dr. R. L. Kincaid, who was the attending physician at his birth. Mr. Nichols is a nephew of Mr. and Mrs. L. I. Saunders of Childress, former Crowell residents.

Jimmy Rasberry's "Chubby", a junior calf bred by Allen Fish of Vivian, was named grand champion of the Foard County 4-H Project Show here Saturday, barely nosing out "Chungo," the senior champ shown by Glyndon Johnson.

The downtown parade for the two-day rodeo to be staged in Crowell by the Crowell Roping Club April 26 and 27 will be formed at the football field and will go around the square and through the main streets of Crowell.

All acreage of crop land from which no crop is harvested in 1946 will be eligible for payment as summer-fallowed acreage, the AAA has announced.

The first carload of Plymouth automobiles to reach Crowell by way of the Santa Fe Railroad since 1941 was unloaded by Speer Motor Co. Monday. Two of the autos were for the local dealer, one for the Truscott dealer and one for the dealer at Munday.

A total of seven residents have announced this far as candidates for sheriff, taxassessor collector of Foard County. They are: Ernest Breedlove, Robert (Ed) Dunn, R. R. Magee, J. L. (Pete) Gobin, Jimmie Franklin, Howard Gamble and E. H. (Ebb) Scales.

Mr. and Mrs. Tom Smith, Mrs. J. S. Smith, Ruby and Edgar Lee of Vernon spent Easter at Lake Kemp.

We have come to the conclusion that what we need in our foreign relations committee is several good horse traders. They are, in our opinion, the only group of people equipped to match wits with the foreigners. We should not be too

discouraged that the Russians are proving hard to handle. Hitler found them that way too.

Mr. and Mrs. R. C. Johnson entertained a large number of relatives and friends at their home southwest of Crowell Sunday with a picnic dinner and Easter egg hunt.

Miss June Hickman of John Tarleton College at Stephenville spent the week end visiting her parents, Mr. and Mrs. Guynn Hickman.

Mr. and Mrs. C. L. Gray had all of their twelve children present Sunday when Mr. and Mrs. Gray celebrated their fifty-first wedding anniversary.

CARD OF THANKS

I would like to express my appreciation to Dr. Stapp, the nurses and entire hospital staff for the excellent care I received while I was a patient in the Foard County Hospital.
