Letters to the Editor

Lubbock, Texas
June 24, 1976

Mr. Bill Klepper,
Crowell, Texas.

Dear Bill,
I think that it is about time to renew my subscription The Foard County News. You please do this and send me statement and I will send check.
Bill, I want to commend you for the excellent job that I think that you and your staff are doing. In my opinion, it is an outstanding paper. I too appreciate the recognition that you give to the public schools, the churches, and the other worth while activities of Crowell and the surrounding communities.

Sincerely,
I. T. Graves.

Crowell, Texas
June 24, 1976

Dear Bill:

I notice that this issue of the Foard County News was the last issue of its 85th year of publication.

My Daddy was here to read the first issue and I am privileged to read this issue.

Congratulations in carrying on the work so faithfully carried on by those who have gone before us. A real service to our citizens has been, and is being rendered in an efficient manner.

Sincerely,
Alton Bell.

Cheerleaders Attend Camp at Cisco

The Crowell High School Cheerleaders returned home last Friday from Cisco Junior College after a week at camp learning new chants and yells and clever ways to keep spirit high for the coming year.

While there, they earned two red ribbons and 3 blue ribbons and the coveted spirit stick on Thursday. A new award was included this year for the squads who wanted to go beyond regular camp activity to achieve outstanding leadership and performance in five out of seven categories of cheering.

The Crowell squad completed all seven and was named as a Super Star Squad. Making up the Crowell squad for 1976-77 are: Anita Vecera, head and Jana Glover, seniors; Beth Graves and Dana Miller, juniors; Hedi Vecera, sophomore; and Rita Glover, freshman.

Copper Breaks Lake Opens Thursday for Fishing

Lake Copper Breaks opening today, July 1, will give anglers their first opportunity for taking "Muskie" in the public waters of Texas.

The 58.2 acre lake, located in Copper Breaks State Park between Crowell and Quana,

opens to the public after three long years in the making, according to Texas Parks and Wildlife officials. The lake, which was filled by heavy rains late last summer, is expected to draw a large crowd for the opening

of fishing. Park Superintendent Bob Martin said the muskie, a northern cold water game fish, was released at the same time black bass, channel catfish and hybrid perch were stocked. "We are experimenting with the

muskie," Martin stated. "We don't know how they will adapt to this part of the country and this is the first public lake stocked with this particular fish."

It should prove to be a good fishing lake and will no doubt be a big attraction to the park, according to Martin.

The new lake also has a spacious swimming beach, concrete boat ramp and paved automobile parking area. Last week a concrete table with water outlets was built as a convenient place to clean fish caught in the lake.

The 2,000-acre scenic park is fast becoming a favorite with campers. It has 25 campsites, 40 picnic sites with shaded shelters, two rest rooms with showers, one without, an amphitheater and two hiking areas.

The park entrance has a modern headquarters interpretation center and is manned by Martin, clerk Sharon Morris, and park rangers George Scott, Fred Gerhardt and Lynn Salmon.

Baptist Youth No Paper Will Be Printed Next Week

With this issue of The Foard County News, the county's oldest business institution begins the eighty-sixth year of continuous publication. The paper was established back in 1891, the same year the county was organized.

There will be no paper printed next week, and the next edition will be published on July 15.

There will be no paper printed next week, and the next edition will be published on July 15.

There will be no paper printed next week, and the next edition will be published on July 15.

Breakfast Set Baptist Church

First Baptist Church Crowell is inviting everyone in the community to a breakfast at the

church on North Main Street Sunday morning, July 4. The breakfast will begin at 7 o'clock.

Wyss Family Moves to Nicaragua

Dr. and Mrs. John Wyss and sons, John A. and Jim, have moved from College Station to Managua, Nicaragua, Central America, where Dr. Wyss will be doing research on animal diseases for the U. S. Department of Agriculture. Dr. Wyss and his family had been making their home in College Station for the past few years while he did animal research for the Texas A&M University.

Mrs. Wyss, the former Miss Sue Bursey of Crowell, and her two sons visited their parents and grandparents, Mr. and Mrs. Moody Bursey, here a few days last week.

Showers Fall in Crowell Last Week

Scattered sections of Foard County received some light showers two nights last week as clouds which came up from the northwest after dark kept the CB weather watchers busy and made local residents eye storm cellars.

A thunderstorm on Tuesday night brought .17 inch to Crowell and early Wednesday night, the official government gauge recorded .56 inch.

The spotted showers still leave most of the county needing a good soaking rain.

County Gains in Brucellosis Program

In the June 10 issue of the News, there was a story from the United States Department of Agriculture stating that Foard County was dropped in the national brucellosis program from modified-certified status to become noncertified area.

On Saturday, June 26, the News received an announcement from USDA that Foard County has now regained modified-certified brucellosis area status.

No explanation was given as to the reason the county lost the status nor how or why it was regained.

Foard County was one of twenty Texas counties, along with 2 counties in Missouri, which regained the certified brucellosis-free status.

Lemons Receives Promotion

Woody Frank Lemons has been promoted from vice president to executive vice president of the Vernon Savings & Loan Association.

A Crowell High School graduate and 1968 finance graduate of Texas Tech, Lemons joined VS&L in 1972, moving to Vernon from Houston where he was employed as a financial analyst for Shell Oil Co.

He is a director of the Lions Club, the Vernon Chamber of Commerce, the Boys Club of Vernon, and the United Fund, as well as an active member of the First Baptist Church of Vernon.

He is the son of Woodrow Lemons and Mrs. Thelma Lemons of Crowell and is the grandson of Mrs. Mary Moore of this place. He is married to the former Miss Paula Sparks, daughter of Mr. and Mrs. T. D. Sparks, also of Crowell.

Mr. and Mrs. Lemons are the parents of two sons, Bradley S and Lawson S.

Bond Sales in County Total \$4,416

Mrs. Pauline Scott, County Chairman for the Savings Bonds Program in Foard county, reported sales of Series E and H United States Savings Bond in the amount of \$780 for April 1976. Sales for the first four months of the year totaled \$4,416 which represents 7% of their assigned dollar goal.

Sales in Texas during the month amounted to \$21,912,800.

B. C. McCARLEY

Church of Christ Sets Meeting

A gospel meeting is set for July 11 through 14 at the Eastside Church of Christ in Crowell, Don Crafton, Minister, announced this week.

Evangelist for the four-day series of meetings will be B. C. McCarley.

Sunday services will be at 10 a. m. for Bible classes, morning worship at 10:45 and evening worship at 6 p. m. Monday through Wednesday, services will be at 7:30 p. m.

Mr. McCarley is evangelist of the Cedar Bayou Church of Christ in Baytown. "He is well qualified to bring these 'Messages with Meaning' by virtue of about 35 years of studying and preaching," Crafton said.

He added, "Mr. McCarley is known for his long tenure of service in many locations in Texas, some of those being, Dallas, Houston, Conroe, Del Rio, San Angelo and Cleburne.

"You will enjoy this Gospel minister and more than that, you will be benefitted. He will preach the gospel in truth and love. Please make plans to be in attendance at each service and bring a friend."

STAR-SPANGLED HISTORY

HISTORICAL DRAWINGS BY JOSEPH BOGGS BEALE (1841-1926)

"LIBERTY BELL"

The Liberty Bell was first rung on July 8, 1776. It was rung together by the inhabitants of Philadelphia to proclaim the unanimous approval of the Declaration of Independence by the representatives of all 13 Colonies. The bell was rung each succeeding year on July 4. It was rung on July 8, 1835 while being tolled for the funeral of Chief Justice John Marshall, who died in Philadelphia. It is now struck only on special occasions. From a collection of American National Insurance Company, Galveston, Texas.

School Board Interviews More Foreman Applicants

Crowell school board called meeting last night, interviewed more applicants for the bus foreman for the district, replacing Allen Jones, who retired from the district at the end of the 1976 term.

The board had previously interviewed two other applicants. No action was taken last Thursday night. The matter is set for discussion at the regular board meeting which will be July 12.

Other matters, the board approved the payment of \$28.85 in current bills. A representative of Rock steel door firm to submit bids for outside work on both the high school and grade school with a bid expected to be made at the July 12 meeting.

Heard Supt. Larry Jones said on the regular yearly meeting, he expects the school to be about \$7,000 in debt, and this is in addition to the more than

\$8,000 the school will be in the red in completing the Crowell Ag Pavilion. Donations totaling \$14,984.50 were made toward construction of the pavilion and the school has spent an additional \$8,147.23 in finishing the building. The school money spent on the building was not a part of this year's budget.

—Signed a contract with the RC&D to begin construction of curbing and pipe on the school grounds. RC&D funds will construct the 1480 feet of curbing around the school grounds and the school will install 1640 feet of underground pipe for irrigation of the shrubs and grasses that will be planted. The RC&D contract signed is estimated to cost some \$25,720 in landscaping and planting of vegetation on the school campus to prevent wind and water erosion. The RC&D funds are expected to amount to \$21,420 with the school's cost to be about \$4,300. Jones is the liaison

man between the school and soil conservation officials in implementing the program.

—Took no action on installing guttering around the edges of the high school building.

—Heard Supt. Jones read a letter from the Health, Education and Welfare Department in which it was stated that a distinction between boys and girls hair lengths, and prohibiting mustaches and sideburns is a violation of the civil rights of the individual involved.

—Heard Mr. Jones read budgets adopted by several area schools for their athletic department.

He was authorized to get a list of the local district's expenditures and income for the past year, with the possibility that the local board will place the athletic department under a budget form of operation.

Museum News

Mrs. Virgil A Johnson
Chairman
Foard County
Historical Commission

The tourist season continues to bring a flow of people to our museum. Last week, most of them were from various points in Texas and Oklahoma.

One of our guests was Billie Billington O'Flaherty of Fort Worth who lived for

many years with her family in the apartment at the Fire Hall while her father, the late Tanner Billington was city Secretary. We are glad that she liked what has been done to her childhood home.

We have had many items brought to our store. We deeply appreciate the gift of each of these as the sale of them helps with our operational expenses. We have some really nice things and are expecting many more within the next few days. Come by and see what we have. Our museum is open week days from 10 to 5 and on Sunday from 1 to 5. We would like to thank

Frank and Hazel Cooper for their \$5 donation.

We appreciate our volunteer workers last week. They were Ellen Wells, Lillie Mae Copeland, Vera Fox, Marie Callaway, Ruth Andrews and Myrtle Murphy. Toni Ranjel worked two days. Mrs. J. E. Ingle came by the museum one day last week and left us three books which we appreciate greatly. She also gave us a brick from the Old Margaret Jail.

Mr. Ingle farms over the area that was once Old Margaret, the County seat of Hardeman County, so we were glad to get the brick.

In a letter, dated Feb. 14, 1974, Mrs. Bertie Talley of Seguin, Texas, tells us that her grandfather, Daniel Lambert Cox worked for the R2 Ranch and lived at a crossing on Pease River where he helped people make the crossing with cattle and wagons. She said, "Grandpa made brick there for the old jail. They weren't adobe brick either. He dried them with heat some way."

It could well be that the brick for the jail were made on the banks of Pease River. We are expecting many people to visit us over the holidays. We will tell you about them in our next report which will be in two weeks.

We have received a \$10 cash donation from Mrs. J. M. Glover of Jackson, Tenn.

THE GOOD OLD DAYS

Remember what July 4th week end was like when you were a kid in a little country town?

It was a warm and friendly time back in those days, a pleasant time, a happy time.

There was music and singing and laughter in the streets. Sun bronzed men in boots traded lies about drouths and cows and the mean kid things they did 20 years ago that their sons had better not do. At the concession stand, smiling, motherly women fed friends and neighbors and gave back country courtesy with the change.

The little kids played chase up and down the sidewalk, and the big ones clustered around a store front—with grins and sparkling eyes and joking.

It was a warm and friendly time, a pleasant time, a happy time. It was back in the good old days when people had time to visit together. It was.....

News from the Nursing Center

By Mrs. Deanie Powers
Activities Director

Aside from our regular activities such as crafts, exercises and games of all sorts, we had a rousing week at the Center. A scenic bus ride was taken Wednesday

by Muriel Hendricks, Ida Sellers, Charlie Sue Thompson and Clyde Beesinger. Vickie Tole assisted me on this tour. It concluded with our outing to the Fire Hall Museum. Muriel Shirley Hendricks especially enjoyed seeing the bed in the museum in which she was born. Several of her relatives used the bed. All the residents enjoyed viewing the relics they could relate to. Thanks for the elevator, otherwise they couldn't have mastered the stairs.

Wednesday night Lucy McGee and Wilma Coleman brought a group of youngsters to the Center. Gospel music was their program. John Henry McGee played the piano. Their program was outstanding!

Our monthly country and western musical was held Friday night. Playing and singing were Jim Cash, Truscott, Jake Miller and Glenda Moerbe of Vernon. Due to illness the other band members were unable to attend. Our guests and residents had a good time dancing and listening.

Visitors at the Center this week were Mrs. Fred Dennis and Mrs. Fred Swindell of Quanah who visited their great-grandmother Bennie Glover. Mr. and Mrs. Jack Lankford visited his sister Elizabeth Lankford. Mr. and Mrs. Arvil Tate Jr. of Grapevine, Tx. visited her aunt Maggie Wheeler. Mrs. Clyde Bullion of Truscott visited C. C. Browning and Irene Gerral and other Truscott residents. R. C. and Roy Daniel visited C. C. Browning. Mrs. Homer White of Quanah, sister-in-law of Jane Bond visited Jane and Muriel Hendrick. Mr. and Mrs. George Jeffers and Linda visited his

mother Susan Jeffers. The First Christian Church held services Sunday with Rev. Bill Posey officiating. Next Sunday services will be held by the Thalia Baptist Church.

Holiday Death Toll Is Forecast

The director of the Texas Department of Public Safety said today indications are that some 42 persons will be killed in Texas traffic accidents during the Fourth of July weekend, and called upon Texas drivers to "prove our estimate is too high."

Colonel Wilson E. Speir said his department expects "unusually heavy traffic" throughout the state, especially around recreational areas and where Bicentennial celebrations are scheduled.

He said the estimate covers a 78-hour period which starts at 6 p. m. Friday and continues until midnight Monday, July 5th.

During a comparable period last year, the department estimated that 54 persons would be killed during the holiday period. At the conclusion of the July 4th holiday last year, statewide statistics indicated 44 lives lost and rose to 49 with late reports.

In a concerted effort to keep deaths down, the DPS and local law enforcement agencies will be cooperating in an all-out effort to make the streets and highways as safe as possible.

All available DPS troopers will be on duty. Speir indicated, and they will be especially watchful for drinking drivers, speeders and persons driving in a reckless manner.

In addition, the DPS will be working with the news media in a special public education program termed "Operation Motorcide"

ROTARY CLUB SPEAKER

Wylie McGee of Gainesville, Mo., who conducted a revival meeting at the First Christian Church here last week, was the speaker at the June 23 meeting of the Rotary Club of Crowell.

Mr. McGee used Rotary's Four-Way Test to emphasize the importance of the Christian faith. He was introduced by Rotarian Bill Posey.

Another visitor at the meeting was James Erwin of Vernon.

The club will install new officers at a meeting set for Thursday night, July 1, starting at 7:30 in the community center. Jeff Bell will be the new president replacing Ike Everson who has concluded a year as president.

Burial with Masonic graveside rites were held in the Crowell Cemetery under the direction of Womack Funeral Home. Crowell Lodge No. 840, AF&AM, had charge of the Masonic rites.

Mr. Youree was born Feb. 29, 1904, in Philadelphia, Pa., son of the late Mr. and Mrs. J. D. Youree. He moved to Texas as a youth and married the former Miss Christine Owens June 4, 1933, in Clovis, N. M.

He moved from Lubbock to Crowell in 1947, where he joined in partnership with Ray Shirley in Shirley-Youree Drug. The drug store remained in operation until about a year ago when he and Mr. Shirley sold the drug store to Theford Pharmacy.

He was a member of the First Methodist Church, Crowell Masonic Lodge and the Rotary Club, where he had a 28-year perfect attendance record until poor health over a year ago forced him to stop attending Rotary meetings.

He is survived by his wife of Crowell; one son, Fredrick Youree of Dallas; a daughter, Mrs. Maurine Leggett of Houston; one brother, Edgar Youree of Louisville, Ky.; and two grandsons, both of Houston.

Bearers were Ray Shirley, Bud McLain, Roy Whitley, Ray Brown, Ike Everson and W. F. Statser.

Ranching Center Sets Opening

History will echo at the July 2-5 formal opening of the Ranching Heritage Center at The Museum of Texas Tech University when visitors will hear a multitude of sounds, from the beating hoofs of a trail drive to German lullabies and gospel singing.

There will be a cannon-like sound of anvil shoots, black powder weapons being fired, guitar and fiddle playing, the Singing Plainmen, bluegrass and country music, dancing feet, the bleating of sheep, the lowing of cattle, a snorting buffalo, children at play, the sound of croquet mallet striking the ball, and the sound of households and ranch workers pursuing daily chores.

The center, a 12-acre exhibit of historic buildings authentically restored to depict the history of ranching in America, will be open Friday, July 2, from 10:30 a. m. to 3 p. m., with hosts in the various buildings to interpret for visitors. On-site activity-demonstrations start Saturday, July 3. On that day they will take place from 11 a. m. to 6 p. m., on Sunday from 1 to 6 p. m. and on Monday, July 5, from 10 a. m. to 5 p. m.

All events, but meals and a tent show, are free to the public during the opening.

Showers Fall In County Sunday

A thunderhead which built up in the southeast part of the county and traveled in a northwesterly direction brought rain and hail to a narrow strip of Foard County Sunday afternoon. In Thalia, a small amount of rain was reported, and Mrs. Cecil Carpenter said high wind blew a tree down across the car belonging to her son, David, of Wichita Falls.

Mrs. Benny Smith, who lives on the Minnie Hlavaty farm between Margaret and Crowell, said an inch of rain accompanied by some hail, fell there.

Most of the remainder of the county received no moisture whatever from the small cell of activity.

Americans place little prestige on growing older—but a positive attitude about aging relieves concern and anxiety about old age, the Extension Service says.

Parallel Terraces Are Being Built

By Foard Soil Conservation Staff

Bud McLain, Jeff Bell, Duane Capps, W. F. Statser, and D. M. Prince will be constructing parallel terraces on their farms this summer. Many other local farmers are rebuilding their terraces under the ECM program.

With wheat harvest drawing to an end in this area, some farmers are starting to think about installing terraces systems on their farms.

Several miles on terraces will be installed in Foard County this year by conservation minded farmers.

Terraces aid the farmers in several ways. A terrace is a structure run across a slope in a field to intercept run off waters and control soil erosion. Soil loss or erosion is the reason for installing parallel terraces.

Terraces help hold valuable topsoil on a farm by intercepting runoff water before it has a chance to erode the soil or cut gullies in a field. With rising production costs of today, farmers have to produce high crop yields and high quality crops to make any money.

Terracing fields helps hold fertile topsoil. Without fertile topsoil, farmers cannot produce a high yielding or high quality crop.

The reason for using parallel terraces is that they are usually easier to farm than the old type standard terraces.

The terraces are laid parallel to one another so big equipment can fit between them easily. Parallel terraces help to eliminate odd areas and point rows that older systems had.

Area farmers practice conservation measures such as terracing because it conserves their land and makes them money in the long run.

Statement on Mentally Retarded

DECLARATION OF GENERAL AND SPECIAL RIGHTS OF THE MENTALLY RETARDED

In 1776 the people of these United States declared their independence and later passed a Bill of Rights outlining the freedom of all Americans. Liberty and Justice for all has not always been true for many Americans disenfranchised by the attitudes of their fellow countrymen.

In October 1968, the International League of Societies for the Mentally Handicapped adopted the following Declaration of General and Special Rights of the Mentally Retarded.

The document was published nationally in the "MR 69" report of the President's Committee on Mental Retardation. The content of the "Rights" has had great effect on many of the litigation decisions and rulings that pertain to the mentally retarded, their care, education, services and training. In the Declaration of Independence, Thomas Jefferson listed only three examples of inalienable rights: Life, Liberty and the Pursuit of Happiness. If these inalienable human rights are given by God, and as the Bicentennial year official birthday approaches, let us acquaint ourselves with the "Special Rights" as we review and renew our knowledge of the Declaration of Independence...written with the expressed intent that it would effect ALL the people.

Whereas the universal declaration of human rights, adopted by the United Nations, proclaims that all of the human family, without distinction of any kind, have equal and inalienable rights of human dignity and freedom;

Whereas the declaration of the rights of the child, adopted by the United Nations, proclaims the rights of the physically, mentally or socially handicapped child to special treatment, education and care required by his particular condition;

NOW THEREFORE:
The International League of Societies for the Mentally Handicapped expresses the general and special rights of the mentally retarded as follows:

ARTICLE I-The mentally retarded person has the same basic rights as other

citizens of the same country and same age. ARTICLE II-The mentally retarded person has a right to proper medical care and physical restoration and to such education, training, habilitation and guidance as will enable him to develop his ability and potential to the fullest possible extent, no matter how severe his degree of disability. No mentally handicapped person should be deprived of such services by reason of the costs involved. ARTICLE III-The mentally retarded person has a right to economic security and to a decent standard of living. He has a right to productive work or to other meaningful occupation. ARTICLE IV-The mentally retarded person has a right to live with his own family or with fosterparents; to participate in all aspects of community life, and to be provided with appropriate leisure time activities. If care in an institution becomes necessary, it should be in surroundings and under circumstances as close to normal living as possible. ARTICLE V-The mentally retarded person has a right to a qualified guardian when this is required to protect his personal wellbeing and interest. No person rendering direct services to the mentally retarded should also serve as his guardian. ARTICLE VI-The mentally retarded person has a right to protection from exploitation, abuse and degrading treatment. If accused, he has a right to a fair trial with full recognition being given to his degree of responsibility. ARTICLE VII-Some mentally retarded persons may be unable, due to the severity of their handicap, to exercise for themselves all of their rights in a meaningful way. For others, modification or denial of rights must contain proper legal safeguards against every form of abuse, must be based on an evaluation of the social capability of the mentally retarded person by qualified experts and must be subject to periodic reviews and to the right of appeal to higher authorities. ABOVE ALL—THE MENTALLY RETARDED PERSON HAS THE RIGHT TO RESPECT!

MAKE BRIEF STOP HERE
Two truck loads of Belgian horses, owned by Owens Sausage Co., stopped in Crowell a short time Sunday morning when one of the trucks had a flat tire. The trucks were stopped at Toles Service Station on East Commerce.

The horses, 6 to a truck and their trainers were returning to Dallas from Plainview where they had performed. Leonard Toles, station owner, said one of the trainers told him that the smallest horse in the group weighed 2,200 pounds.

Traweck Is Subject of Feature Story

Rikk Traweck, son of Mr. and Mrs. Harry Traweck of Crowell, and his wife, both of whom are artists, were the subjects of a feature story in the Friday, June 18, issue of the Tallahassee (Florida) Democrat.

Mr. and Mrs. Traweck live in a house situated on 23 acres of land near Monticello, Fl. At the time the story was written, Mr. Traweck was showing his paintings at the Paul Lynn & Associates Fine Arts Gallery in Tallahassee. Four of his paintings sold within the first 15 minutes after the show opened May 15.

The story pointed out the difference in the backgrounds of the couple: Traweck having been reared in West Texas and his wife a city girl from New York.

Traweck graduated from Crowell High School and received a bachelor of fine arts degree from Texas Tech University in 1969. After a stint in California, Traweck received his master of fine arts degree from Florida State University. He also taught drawing at FSU for two years. His wife has been an art teacher in a day school.
