## Grant Made for Study in Foard County

A grant of \$4,800 has been made by the Economic Development Administration to John Grist, consultant management firm in Dumas, for a study in Foard County. The study is designed to determine whether or not an industrial park should be constructed here in Crowell for possible future industry location. County Judge Seth Halbert said last week, in announcing the feasibility study, that several industries in west Texas have indicated interest in moving to Crowell in the event an industrial park can be obtained. He added that Grist is expected to begin his study here next week.

## Jack Welch Is Elected to SCS Board Aug. 14

Jack Welch was elected to a five-year term on the board of supervisors of the Foard County Soil and Water Conservation District in an election held at the local SCS office on West Commerce Street Saturday. A total of eight votes was cast. This is Welch's first elected term on the board of supervisors. He was appointed to the board several years ago upon the resignation of Joe Don Brown. Welch represents Zone 3 on the board. The zone covers the territory south from Crowell between Highway 6 on the west and the Seymour ranch road on the east.

## Truscott Plans Reunion for September 4th

All residents and former residents of Truscott are invited to attend the annual reunion Saturday, Sept. 4, at Truscott. The air-conditioned community center will open at 1 p. m. A historical exhibit at the Truscott Methodist Church annex will open at the same time. All families are urged to bring or send short family histories for the exhibit. This material will then be used as the starting point for the family history section of the proposed local history book. Several people have prepared posters for the exhibit which will show their own families as well as Truscott scenes and activities from the past. Pictures can be attached to white poster board, labeled and displayed at the reunion. Everyone is invited to bring family pictures to display.

## Lions Club Carnival Set for Aug. 23-28

A week of carnival entertainment for area residents is in store August 23 through August 28 as the Crowell Lions Club sponsors a street carnival on the south side of the square in Crowell. The carnival will be resumed this year after missing last year, when a conflict of dates prevented the club from obtaining rides for the carnival. This has traditionally been the local club's principal method of raising money each year to take care of various projects. There will be entertainment for the entire family, including rides, games and refreshments. Joe Ray Settiff is president of the Lions Club this year. More than 40 million Americans have born arms in defense of their country, the Veterans Administration reports.

Brad Stephen Fielding, 4-year-old son of Rev. and Mrs. Gary Fielding of Crowell, was killed Sunday night when he was struck by a passing car on State Highway 6 in front of the First Baptist Church. His father is pastor of the church. Sunday evening services had been concluded when the mishap occurred. Funeral services were held at 9 a. m. Tuesday, August 17 with Milton Gardner of Tyler officiating. Graveside rites were held Tuesday afternoon at Whitehouse, Texas. Burks-Walker-Tippit Funeral Home in Tyler was in charge of the graveside rites. Caskets bearers were O'Neal Johnson of Crowell, James Hutchens and Robert Lockhart of Lendale, Texas and Dr. Ben Ammons of Austin. Brad Stephen was born August 16, 1971, at Tyler. He moved to Crowell with his parents in June of this year. He is survived by his parents; one brother, Chad; grandparents, Mr. and Mrs. Ray Dodd of Tyler and Mrs. Virginia Fielding of Whitehouse; great grandparents, Mrs. Dollie Wade of Tyler, Gordon Dodd of Rusk, and Mrs. Gay Moreland of Whitehouse.

## Jacky Glasscock Receives Scholarship to Sul Ross

Jacky Glasscock, son of Mrs. Ray Glasscock, left last Friday for Sul Ross State University in Alpine where he will be a freshman student during the coming year. He received a four-year athletic scholarship at Sul Ross.

## Local Swimming Pool Closed Wednesday

The Crowell municipal swimming pool closed Wednesday, August 18, for the current season. The pool, operated by Gordon Erwin, was in operation for a shorter time than usual this year, as a pump broke when the pool was being readied for operation back in May, and it took more than a month to secure a replacement for the pump.

## Don Welch Receives 10-Year Pin

Don Welch, vocational agricultural teacher in Crowell High School, attended an in-service education workshop for vocational agriculture teachers August 2-6 in Fort Worth. The conference was held at the Sheraton-Fort Worth Hotel. Mr. Welch received his 10-year membership pin at the session. He taught VA at Avoca High School for several years before assuming the VA teaching position in CHS a few years ago.

## Mr. and Mrs. Crowell Move to Artesia

Mr. and Mrs. Marion Crowell, both of whom are life-long residents of Foard County, moved Saturday to Artesia, N. M., where they will make their new home. Mr. Crowell, long-time radio and television serviceman in Crowell, will be teaching electronics in Artesia Christian College. Mrs. Crowell will be employed as a secretary at the college.

## Meeting Set in Clarendon

A Measure-the-Candidate meeting involving Congressman Jack Hightower and former Congressman Bob Price will be held Friday, August 20, on the campus of Clarendon Junior College in Clarendon. The meeting will start at 8 p. m. All residents of this area are being cordially invited to attend the meeting and hear these two men speak.

# Crowell School Opens 1976-77 Term Thursday

Students in the Crowell School will return to classes to begin the 1976-77 term Thursday morning as buses make their regular run and the cafeteria goes into operation. Teachers began the new year Monday, August 16. A number of changes have been made in the faculty and staff this year, and the following is a run-down of teachers and other staff members for the new term:

**Crowell High School**  
L. H. Wall Jr., principal and bookkeeping teacher; Carl Brock, social studies; Mary Brown, home economics; Rachel Dunham, clerical aide; Jim Mack Gafford, math; Printiss Gidney, athletic director and history; Jean Halbert, library and English; Gary Hobson, English; Becky Hudgins, business education; Randall Ryan, basketball coach, science and driver education; James Streit, band director; Don Welch, vocational agriculture; James Welch, science.

**Elementary School**  
Gordon Erwin, principal

and math teacher; Melba McDonald and Margaret Claire Rasberry, first grade; Faye Cates, second grade; Brenda Goodwin and Dixie Hord, third grade; Pat Streit, fourth grade; Virginia Smith and Mary L. Fish, fifth grade; Clara R. Brown, language arts; Margaret Daniel and Martha J. Miller, kindergarten; Larry W. Jeffers, science and coach; Glenn W. Miller, social studies and coach; Randall Ryan, science and coach; Barbara Wall, math and

social studies, and Edith Cash, teacher aide. In special education, there are two teachers, Frances Cook and Billie Crafton, and Betty Pierce is teacher aide in that department. Title I teachers are Myrna Jones, remedial math and Faye Statter, remedial reading, with Wilma Coleman their teacher aide. The maintenance staff is composed of Jose Cerda, Daniel Navarro and Ray Quintero. Cafeteria personnel are Gloria Pierce,

supervisor, and Bertha Brasher, Anna L. Eavenson and Jodie Miller, cooks. Rachel Dunham is manager and secretary of the cafeteria. Bus drivers include Arnold Cox, Ron Denton, Robert Foster, Lupe Santos, Ray Quintero and Daniel Navarro. Mrs. Ruth Daniel is secretary to the school administration and Mrs. Martha Brock is secretary in the business office.

## Program at Truscott Set for Sept. 4th

At 5 p. m. on Saturday, Sept. 4, the Truscott bicentennial committee will sponsor a program in the auditorium of the Truscott Methodist Church. State Senator Ray Farabee will be the guest speaker. A Knox County coin will be given as an attendance prize. A basket supper will be served at 7:30 on the east side of the community center. Each family is to bring food for the meal but plates, cups, drinks and bread will be provided by the Truscott Home Demonstration Club. At 8:30, the monthly "Country Town Saturday Night" will get underway. The concession stand will be open. At 10 p. m. a bicentennial quilt and a proof set of Knox County coins will be given away.

## Emergency Loans Now Available

In a letter received August 11, by County Judge Seth Halbert, the Division of Disaster Emergency Services of the Texas Department of Public Safety advised that Foard County was designated for emergency loans because of the hailstorm of May 25, 1976. The emergency loan applications will not be received after September 29, 1976, for physical losses and May 3, 1977, for production losses. Judge Halbert added that interested individuals should seriously consider applying for these 5% loans. Application for the above designation was made by the Foard County Commissioner's Court with technical assistance being provided by the local A. S. C. S. and F. H. A. representatives. Application can be made with Lee Castleberry, FHA officer in Vernon.

# Hospital Board Discusses Ambulance Service

Foard County Hospital Board discussed the ambulance situation and the problem of ambulance service for Foard County at a meeting Monday night. Board president M. Welch told the board members that he had investigated how two ambulances were handling the ambulance situation and he reported that in Young County, which has Olney and both with hospitals, ambulances were used by the county and with the individual ambulances operating the

and hospital board. Date of the joint meeting will be announced later. Necessity of an ambulance for Foard County has arisen since Womack's Funeral Home has announced intentions of discontinuing ambulance service in the county. At the meeting Thursday, it was announced that the roof of the hospital has been repaired from the hail damage, but the windows which were knocked out by the hail have not as yet been replaced. A statement of the financial condition, and

occupancy information on the hospital was also distributed to board members, for their inspection. Bills were authorized to be paid. Members of the hospital board attending the meeting were Welch, James Sandlin, J. C. Autry Jr. and Thomas L. Tamplin. Other members of the board are A. L. McGinnis and Clinton McLain. Others attending the meeting last week were Dr. Walter Stapp, Mrs. Betty Langford, co-administrator of the hospital, and Bill Klepper.

# Board Adopts School Budget

Shifting of fiscal responsibility from the state to the local district together with always increasing costs of operation have caused the local school system to expect a \$58,840 deficit in the coming year's operations. As the new budget was set up, local maintenance, receipts are expected to total \$429,990. Of this amount, \$200,061 is expected from local funds and \$229,929 is expected to be received from state funds. Anticipated expenditures through the local maintenance fund for the year are expected to be \$488,830, up from the \$451,184.70 spent last year. In addition to built-in pay raises for teachers and administrators, which come up each year, Supt. Larry Jones told the board that with the no-new-taxation policy of the last state legislature, about \$18,000 additional local funds will have to be raised to cover additional costs. A portion of the decrease in state funds is also attributed to the loss in ADA (average daily attendance.) The Crowell

spent in each individual fund. Jones told board members that the school stayed close its budget last year. Crowell's average daily attendance for last school year was 465 with the enrollment at the end of the school year being 478. The preceding year, the average daily attendance was 482 at which time the enrollment was 501. However, Jones said a large kindergarten class coming into school this year should about offset the number who graduated in the spring. The Crowell district has about \$13 million valuations at the present time, secretary J. H. Gillespie said Monday night. This is about a half-million-dollar increase and about \$228,000 of that increase is in oil property valuations, he said. This new budget was adopted at a public meeting held Monday night attended by the six board members, superintendent, school secretary and two visitors, Mr. and Mrs. Bill Klepper. Prior to adoption of the new budget, the board amended last year's budget to conform with the amounts

## Museum News

Mrs. Virgil A. Johnson  
Chairman  
Foard County  
Historical Commission

During the past week, people from six states have braved the heat to visit the museum. They have come from Mississippi, Arkansas, Arizona, New Mexico, Oklahoma, and Connecticut. We appreciate the fact that they took the time to come by to see us.

On Friday, August 20, we will have another Bake Sale for the benefit of the museum. It will be at the Post Office beginning at 9 a. m.

We had two cash donors. They were "a friend", \$5.00 and E. H. Scales \$10. Thank you both for your contribution.

Mrs. W. A. Ragsdale of Bowie, formerly Ruth Smith who lived at Margaret, brought us some valuable books—eight copies of the MacMillan's Pocket Classics.

a First Grade Reader which was issued in 1919, and "Lessons in Spelling", second edition, printed in 1870. Ruth, we appreciate these books.

Our volunteer workers have been Ruth Andrews Ethel Ferguson, Marie Calaway and Bonnie Johnson. We appreciate having George Ferguson come by at his convenience to play the piano for us.

We want to thank those of you who bring saleable items to our store. Also, thank you who come by to see what we have for sale.

We have something new to offer—that is a line of Luziers cosmetics. Come by and see what is available. You'll like it.

Don't forget our bake sale Friday!

## DAIRY SITUATION BRIGHT

The remainder of 1976 appears bright for Texas dairymen, according to an economist for the Texas Agricultural Extension Service and the Texas Agricultural Experiment Station. He lists these reasons—continued tight supply-demand situation, slower rise in feed prices, favorable milk-feed price relationships, large supply of replacement stock on dairy farms, increased value of dairy cows, slower rise in production costs, and general improvement in the overall economy. Milk production per cow is up this year, milk prices remain favorable, and the milk-feed ratio continues to drop.

## Mrs. Helen Higginbotham Died Saturday

Mrs. Helen Higginbotham, 76, a long-time resident of Foard County, died Saturday, August 14, in the Chillicothe hospital after a long illness. She had made her home at Chillicothe for a number of years.

Funeral services were held at 2 p. m. Monday at the First Methodist Church in Chillicothe, with Rev. Tommy Taylor, pastor, and Clarence Price, Minister of the Church of Christ, officiating. Interment was at 4 p. m. Monday in the Crowell Cemetery under the direction of Manard Funeral Home of Chillicothe.

Mrs. Higginbotham was born May 15, 1900, at Memphis, daughter of the late Mr. and Mrs. Howard Franklin Dunn. She married the late Alton (Shorty) Higginbotham in 1920 in Chillicothe. They moved to Crowell and made their home here for a number of years. Following Mr. Higginbotham's death, she moved to Chillicothe in the late 1950s. She was a member of the Methodist Church.

Survivors include a sister, Mrs. Bess Watson of Chillicothe; a brother, Fred Dunn of Chillicothe, several nieces and nephews. Serving as pall bearers were Dick Todd, O. W. Davenport, Foster Davis, Bob Whitaker, Curtis Justin and Jack Meharg.

## Hints for Homemaker

Loretta Hardin, CHDA

Summer means pickling—and following a few important steps ensures a good quality product.

Get ready—with the right equipment:

Select standard canning jars and canning closures. Check the jars to be sure they're free of nicks, chips or cracks. Jars and closures should be thoroughly clean.

For heating pickling liquids, use unchipped enamelware, stainless steel, aluminum or glass utensils. Utensils made of copper, brass, galvanized or iron materials should not be used since the pickling liquid may react with the metal.

Handy small utensils for food preparation include measuring spoons and cups, sharp knives, tongs, colander and wooden cutting board.

A long-handled wooden spoon, cheesecloth for spice bags, rubber spatula, jar lifter and a glass measuring cup are needed for the cooking and filling procedures.

A water bath canner is necessary for processing the pickles.

Get set—with the right ingredients:

Produce: Select top-quality produce, free from blemishes, uniform in size and slightly under-ripe. Remove the blossoms and pickle within 24 hours.

Salt: Use coarse salt, sometimes called dairy or pickling salt. Iodized salt may cause pickles to darken.

Water: Soft water is recommended.

Sugar: Brown or white granulated

Mrs. Don Osborn, Lea and Martin of Fedral Way, Wash. The Osborn family will be visiting the Martins for two weeks.

Jim Cumley will be leaving next week end for Texas A&M University where he will be majoring in geology. Jim will be attending the summer camp for Freshmen at Lake Palestine.

Mr. and Mrs. Q. D. Williams, Joanie and Joan, visited the E. J. Jones family Wednesday.

Mrs. Norma Lee and family returned to their home in Farmington, N. M. Saturday. Monty Williams also returned home to Floydada Saturday after spending the summer here working for Harrold Barry. Monty will attend college in Stephenville this fall.

Mr. and Mrs. Curtis Casey and Mrs. Margaret Todd attended the wedding and reception of Miss Sheryl Swearingen and Buster McLauri Sunday afternoon at the Methodist Church in Crowell. Mrs. Casey was organist. Also visiting in the home of the Casey's Sunday were Mr. and Mrs. Bill Carroll of Abilene. Earlier in the week, Mr. and Mrs. Casey visited in Wichita Falls with Gene Paul Pogue and Judy Derryberry. Also this week, Mr. and Mrs. Casey attended the annual B-K Electric Coop. meeting in Seymour.

Something to think about: Every good gift and every perfect gift is from above. James 1:17

## Ponds Are Constructed in County

This summer in Foard County, there are five ponds under construction on the land of Eldon Whitman, 2 ponds for Jimmy Way, Maggie Barker, and Y Ranch. There also has been one pond reworked and enlarged on Ruth Posey's land. According to SCS records, during the past 30 years, Texas landowners have built more than 350,000 ponds, as part of their Soil and Water Conservation Plans.

The recreation values of ponds, attract people for picnics, swimming, boating, fishing, or just relaxing, but the recreation value of ponds also creates safety problems, which need to be observed. The curiosity of small children around water can lead to almost anything. A helpful leaflet, Make Your Farm Pond Safe PA 396, is available from local Soil Conservation Service Office.

sugar may be used.

Spices: Use fresh spices for best flavor. Whole spices, tied in a cheesecloth bag, are preferred. Remove spice bag from pickling liquid before filling jars.

Vinegar: Use a high-grade cider or white distilled vinegar of four to six per cent acidity (40 to 60 grains.)

Go—with a favorite recipe from a reliable source:

For some tasty pickle recipes, contact the county Extension Agent for pickles and relishes.

Following are a few recipes from this publication you may want to try.

## BREAD AND BUTTER PICKLES

25 large cucumbers  
12 medium white onions  
1/2 cup salt  
1 quart vinegar  
2 tablespoons white mustard seed  
2 tablespoons celery seed  
2 tablespoons tumeric  
2 cups sugar

Soak unpeeled cucumbers in water overnight. Slice cucumbers and onions and place in pan and sprinkle with salt; let stand one hour and rinse. Add vinegar, sugar, mustard seed, celery seed and tumeric powder. Bring to a boil. Pack pickles in boiling water bath five minutes. Start to count processing as soon as water returns to boiling.

## DILLED OKRA

3 pounds uncut and washed young okra pods  
celery leaves  
6 small hot red peppers  
cloves of garlic  
1/2 cup salt  
large heads of dill and stems or 1/2 teaspoons dill seed per pint

1 quart jar water  
1 pint white vinegar  
Pack okra into hot pint jars with a few celery leaves, pod of pepper, clove of garlic and head of dill or dill seed in each jar.

Make brine of water, vinegar and salt; heat to boiling. Pour over okra. Close jars. Process in boiling water bath 20 minutes. Start to count processing time as soon as hot jars are placed in actively boiling water. Makes six pints.

## CHOW-CHOW RELISH

1 peck or 12 1/2 pounds green tomatoes  
8 large onions  
10 sweet green peppers  
3 tablespoons salt  
6 small hot peppers, chopped  
2 teaspoons tumeric  
4 cups vinegar  
1 1/4 cups sugar  
3 tablespoons salt  
4 tablespoons dry mustard  
3 tablespoons celery seed  
2 tablespoons mustard seed

Chop tomatoes, onions and sweet green peppers, and sprinkle with salt. Let stand four to six hours in cool place. Drain well, add hot peppers, vinegar, sugar, salt, and spices tied in thin cloth bag. Boil 15 minutes. Remove spice bag. Pack into hot jars. Close. Process in boiling water bath 15 minutes. Begin counting time as soon as water returns to boiling.

Canning probably offers greater money-saving opportunity than other methods of home food preservation. But the most economical methods depend on the family's eating habits. Money is not saved by canning green beans, for example, if the family only likes frozen ones.

**Last Rites  
 Held for Skeet  
 Rasberry**

Funeral services for J. B. "Skeet" Rasberry, 68, a native of Foard County, were held Saturday at 10 a. m. at the First Baptist Church in Crowell. Mr. Rasberry died in the Foard County Hospital Thursday, August 12, following a long illness.

Officiating were Rev. Warren Everson, pastor of the Bethel Church, and Rev. Gary Fielding, pastor of the First Baptist Church. Interment was in the Crowell Cemetery with Womack Funeral Home in charge. Crowell Masonic Lodge, with Pat Pittillo serving as worshipful master, conducted graveside rites.

**Wheat Now \$2  
 Below Current  
 Parity Index**

"Wheat prices to farmers in Texas today at \$2.90 and less are a full \$2.00 per bushel below the current wheat parity index of \$4.91 which would make wheat comparable to other goods and services and cover growers cost of production", President Ford was told today. The facts were stated in a joint letter to the President from Winston Wilson, President, Texas Wheat Producers Association and Dwight Hamilton, Chairman of the Texas Wheat Producers Board.

The duo indicated that "Producers attribute these low prices, including the 25% drop the past ten days, directly to government action". They detailed four specific actions: (1) The encouragement of all-out production to meet assured world needs; (2) The assurance of open and free access to world markets when the President vetoed the Congressional-passed Emergency Farm Bill; (3) The imposition of temporary embargo of U. S. wheat sales to the USSR and Poland and their resulting smaller than expected purchases; and (4) The announced increase in the 1977 wheat allotment to 62.2 million acres giving the false impression of increased need even in the face of a USDA projected June 1977 record free stock carryover of over a billion bushels.

**Former  
 Resident  
 Died**

Former Foard County resident James Francis McCurley, 50, a retired military serviceman who had been disabled since World War II, died Monday of last week in the veterans administration hospital in Shreveport, La. He had resided in Haughton, La.

Funeral services were conducted Tuesday afternoon in Boone Funeral Home Chapel in Bossier City, La., with interment in Hillcrest Cemetery in Haughton.

Mr. McCurley was born June 26, 1926, in Pauls Valley, Ok., son of the late Mr. and Mrs. Virgil McCurley. The family moved to the Rayland community in the early 1940s. He was a Baptist.

Survivors include three daughters, Mrs. Denise Honeycutt of Crowell and Mrs. Darline Lopez and Mr. Pamela Harris of Pampa; four brothers, Vernon McCurley of Tyler, William McCurley of Forney, Alton McCurley and Fred McCurley of Vernon; five sisters, Mrs. Carl Allard of Paris, Ar., Mrs. Jim Brooks of Vernon, Mrs. William Duncan of Bronson, Iowa, Mrs. J. B. Nelms of Haughton and Mrs. Joe Fox of Oxnard, Ca.

Attending the services from Crowell were Mrs. Honeycutt and Mrs. Mildred Ferguson. Those from Vernon attending were Mrs. Ragna Brooks, Freddy and Alton McCurley.

Mrs. Phyllis Johnston of Lubbock visited here last Thursday and Friday with her grandmother, Mrs. Fred Traweck.

Having charged government with perpetrating the low prices and excess stocks build up, the wheat organization leaders said that, "It is now requested that all available forces of government be activated which might reverse the downward trend in prices" which they said "Began with the limits imposed by the long-range Russian Grains Agreement and continue downward".

Specific government actions requested—all already provided by Congressional legislation and requiring only administrative action—are: (1) Expanding program authorization for Public Loan 480 (Concessional) export sales; (2) Assistance in financing Commodity Credit Corporation export sales (aide); (3) Increase in loan rates to a usable level to relieve pressure on local bank funds and loan limits as farmers continue to "Orderly Market" this years crop while borrowing to begin production costs on the 1977 crop; (4) An announced uniform acreage set-a-side program which would reduce the projected billion bushel carryover expectations for next June and strengthen demand and prices now.

 Late Farm  
 Leader's Talk**

Congressman Jerry Litton of Missouri, who was killed along with his family in a plane crash as they were en route to a victory celebration following his nomination for U. S. Senate, was a strong advocate of the American farmer. Mr. Litton was a farmer and was eloquent in his plea to the American farmers to quit bickering among themselves and sell their product to the American housewife. He had made many speeches over the country advocating this policy of the farmer pushing his products, and a film of one of his talks was made by a major farm machinery manufacturer.

This film was shown at last Wednesday's meeting of the Crowell Rotary Club by Joe Don Brown. Rotarian Hubert Brown was in charge of the program.

It was the last meeting for Rotarian Marion Crowell with the local club and he was recognized by club president Jeff Bell. Mr. Crowell and his wife are moving to Artesia, N. M. to make their new home.

Rotarian Roy Whitley spoke briefly on the new baseball field just south of the community center and he urged the Rotary Club to take the initiative in providing \$3,000 cash to complete the field.

Visitors at the meeting included Miles Welch of Memphis, Tenn., a former member and past president

## Miss Swearingen Wed to Mr. McLaury

In a double ring ceremony solemnized at 3 p. m. Sunday, August 15, at the First United Methodist Church in Crowell, Miss Sheryl Swearingen became the bride of Buster McLaury. Rev. Aaron Mitchell, pastor, officiated. The bride is the daughter of Mr. and Mrs. Freddy Prather of Paducah. The parents of the groom are Mary Lou McLaury of Abilene and Royce McLaury of Floydada. On the pulpit rostrum, the altar table was centered by a gold cross lighted candles with an open Bible in front.

The chancel rail was covered in English ivy and draped with large white bows and ribbons centered with an arrangement of blue and white carnations and stephanotis. Two arrangements of greenery, blue carnations and white rose buds flanked the back of the chancel rail. The vows were repeated before this setting.

The bride presented her mother and the grooms

mother with a long stemmed white rose. Mrs. Curtis Casey of Truscott played the traditional wedding music and accompanied Miss Susan Jones of Paducah as she sang "The Twelfth of Never". At the conclusion of the ceremony, "I Honestly Love You", was sung by Miss Susan Jones, accompanied on the piano by Miss Leslie McClendon of Paducah.

The bride was attired in a formal length gown. The A line gown was of candle-light linen with elbow-length sleeves bonded in heavy Italian lace. The back of the dress was three tiered, gathered at the low batteau neck line with two Dior bows. The waist, dress and floor-length softly gathered tiers, were banded in heavy Italian lace. The chapel length veil of sheer illusion, edged in front to the floor in Italian lace, was caught by a small linen pill box hat. She carried a bouquet of white rose buds and a blue stephanotis atop a white Bible centered by a linen hankiechief in handmade Bedfordshire lace sent to her by her late grandmother of Bedford, England. Maid of honor was Miss Tammy Gilbert of Paducah and

bridesmaid was Miss Mayme Lou McLaury, sister of the groom.

They were dressed alike in formal empire style gowns of light blue crepe edged in white lace with matching white lace picture hats. Each carried a long stemmed white rose. Best man for the groom was Danny Slover of Guthrie and groomsman was Pancho Marrow of Abilene.

For her daughter's wedding, the bride's mother wore a formal soft blue floral dress with laced bodice and smocked elbow length sleeves laced to the wrists in heavy cream lace. Her corsage was of white carnations. The groom's mother was attired in a formal cream A line gown with a floral bodice. Her corsage was of white carnations.

The bride's table was laid with a white gathered satin cloth centered with a three tiered cake topped with a cluster of blue roses and wedding bells flanked by lighted candles, crystal and crystal appointments completing the decor. Miss Leah Thompson of Paducah, attired in a formal floral gown of pale blue, distributed rice bags. For her wedding trip to East Texas, the bride chose a blue crepe dress with a white edged lace balero; her corsage was of white carnations and rose buds. Upon their return, they will make their home at the Floyce Masterson Ranch south of Paducah. Mrs. McLaury is a graduate of Paducah High School and the groom is a graduate of McAdoo High School.

**Junior High Pep Squad News**

The Crowell Junior High School pep squad has chosen black overalls for uniforms this year, according to the pep squad president, Debra Kajs.

The uniforms for 1976-77 are the same as for last year. The Simplicity pattern number for young teen is 7329; and the children's size pattern is 7032.

The material may be either black cotton or double knit. Both the pattern and material are available locally. The overalls will be trimmed with white long-sleeved white blouses with the overalls.

Pep squad officers were elected last spring and include Debra Kajs, president; Stephanie Riethmayer, vice-president; Annis Brown, secretary; and Lela Graf, reporter.

Junior high pep squad members are in the sixth, seventh and eighth grades.

There will probably be less than 5 out-of-town football games for junior high school.

Fabric-stuffed dolls, animals and pillows for infants should be washable. Check for holes or weak seams and repair them before laundering. These kinds of toys absorb much moisture during washing and require a long drying time. If items are machine dryable, use the highest drying temperature setting. Stop the appliance occasionally and shake toys to redistribute stuffing—the items will then dry more evenly, says Mrs. Linda McCormack, with the Extension Service.

Knee-high socks are popular for the young set. Favorites are bright space dye patterns, ethnic embroidered looks and heat-transferred prints, reports Beverly Rhoades, clothing specialist with the Extension Service.

## FARMERS & RANCHERS—WHO'S PROVIDING FOR YOUR RETIREMENT?

The Individual Retirement Accounts program under the Pension Act of 1974 permits you to set up your own retirement and save money on taxes.

- Your annual contribution is limited to 15% of your earnings, but not to exceed \$1500.
- The Contribution is a deductible item on your income tax. The earnings on your investment are tax-free until you receive them starting your retirement at age 59½ through 70½.
- Your contributions may be invested in several ways including an Annuity or Retirement Income Contract.
- You may qualify as self-employed or through other employment when not covered by a retirement plan.

Never-the-less you should get the facts on the IRA and how it can help you save money.

Just call your Farm Bureau Insurance Agent for these facts.

### Pecan Weevil Is Damaging Insect

The pecan weevil, one of the most damaging pecan pests, will soon begin to lay eggs in developing pecans. To prevent pecan weevil damage the adult female weevils must be controlled before they deposit eggs in the developing pecan. Once the eggs have been deposited, control measures will not be effective.

Each year in mid-August pecan weevil adults emerge from the soil and move into pecan trees to mate and deposit their eggs. After an egg has been deposited, the larva will develop inside the pecan, cut a hole in the shell about 1/8 inch in diameter and emerge from the pecan as a fully grown larva in late October or November.

Larvae will tunnel into the soil 4 to 12 inches. Much of the pecan weevil's 2 to 3 year life cycle is spent as a larva in the soil. Larvae that enter the soil this fall will emerge in August of 1978 with the exception of about 10% these larvae which will emerge as adults during August of 1979.

County agent Garland Wiemers has information on treatment of trees.
