## Election to Be Held Next Tuesday

Foard County voters will go to the polls Tuesday, November 2, in the nation's general election and cast their ballots for candidates for the Presidency of the United States to the local level. In addition, they will ballot on two proposed amendments to the State Constitution.

Five political parties, and one independent have columns on the ballot along with a column for write-in candidates.

Heading the ticket on the Democratic column for President and Vice President are Jimmy Carter and Walter Mondale. The Republican ticket is headed by President Gerald R. Ford and Robert Dole. The American Party has Thomas J. Anderson and Rufus Shackelford seeking the presidency and vice presidency, while the candidates for the two top offices in the nation by the Socialist Workers Party are Peter Camejo and Willie Mae Reid. Eugene J. McCarthy is candidate for president on the independent ticket.

Senator Lloyd Bentsen has three opponents: Republican Alan Steelman, American Party's Marjorie P. Gallion and Pedro Vasquez from the Socialist Workers Party.

In the race for Congress from the 13th district, incumbent Democrat Jack Hightower has Republican Bob Price and American Party's William K. Hathcock as opposition. The remainder of the ballot in Foard County has only Democrats, all of whom were selected in the primaries back in the spring.

County Attorney Foster Davis, who has served in this capacity for many years, did not seek re-election in the primary, and there is no candidate listed for that post.

The News has received no word of a write-in campaign for any particular candidate for that office.

There are 1,412 registered voters in Foard County eligible to vote in the general election and a large turnout is expected to go to the polls, which open at 8 a. m. and close at 7 p. m.

A sample ballot appears elsewhere in this issue.

Voting places for the county's eight precincts are: Precinct No. 1, county clerk's office in the court house; Mrs. Hazel Ramsey, election judge; Mrs. Jean Bell, assistant.

Precinct No. 2, county judge's office, L. A. Andrews, judge; Ray Hysinger, assistant.

Precinct No. 3, sheriff's office, Mrs. Eleanor Black, judge; Mrs. LaVoyce Shook, assistant.

Precinct No. 4, county attorney's office, Otis Gafford, judge; Herbert Fish, assistant.

Precinct No. 5, Margaret community house, Mrs. Ed Mechell, judge; Mrs. Annie L. Hudgens, assistant.

Precinct No. 6, Thalia Gin office; Mrs. R. H. Cooper Jr., judge; Mrs. Sim V. Gamble, assistant.

"Resident of the Month" is Bennie Shirley. She was born to Mr. and Mrs. J. A. Wright, and the first baby born in Foard County. Her birthday was observed for several years after. She attended Crowell schools, but quit to go to work in the post office, where her father was postmaster. She attended the First United Methodist Church where she was organist for 60 years. Her father led the singing while she played. She was very active in community and church work until she broke her hip. She married Paul Shirley and they lived together 62 or 63 years until his death. As Mrs. Shirley tells it, Paul told her if she invited anyone to the wedding he wouldn't attend. Needless to say, she didn't. Bennie has never lived further from Crowell than 3 miles and feels she hold some kind of record of moving 13 times in 13 years. She has one daughter, Margaret Claire Raspberry and three granddaughters and one grandson and one great grandson. Bennie is

Lusk, all of Lubbock.  
 Visiting this week with Mr. and Mrs. O. R. Miller were Mr. and Mrs. Roy Fetridge of Rhineland, Colo. Week end visitors were Mr. and Mrs. Jackie Miller of Rotan. Visiting Sunday with Mr. and Mrs. Miller were Mr. and Mrs. Vernon Whatley of Crowell and Mr. and Mrs. Waylon Hardin, Royce and Rhonda of Vera.  
 Visiting this week end with Mr. and Mrs. Arnold Navratil were Mr. and Mrs. Dow Matthews and children of Anson.  
 Mrs. Navratil and Mrs. Matthews attended the pink and blue shower honoring Mrs. Waylon Hardin in the home of Mrs. Claudell Bratcher in Vera. Mr. and Mrs. Navratil also attended the 50th wedding anniversary of Mr. and Mrs. C. C. Caltharp of Seymour.  
 Visiting Sunday with Mr. and Mrs. Emil Navratil were Brother and Mrs. Ted Grause.  
 The Gilliland H. D. Club met Tuesday in the home of Mrs. Emil Navratil.  
 Visiting Sunday with Mr. and Mrs. W. R. Owens was Mrs. Velmeta Lloyd of San Angelo.  
 Mrs. W. R. Owens and Mrs. Elmo Shaw visited with Mrs. W. O. Soloman in the Crowell Hospital Thursday.

loved by all who know her. Gladys Meek coordinated a bicentennial senior citizens covered dish luncheon in Gilliland Wednesday, Oct. 20. Clubs from all the surrounding areas attended. Over 100 were present. She invited the residents of the Crowell Nursing Center. Residents attending were Ida Sellers, Maggie Wheeler, Minnie Everson and Beth Lankford. After the luncheon each club had a part on the program, and us not going to be left out, had Beth read a poem in braille. She was well received as so many people are amazed at this skill and have little contact with it.  
 The Oct. birthday party was sponsored by the Baptist women. They served a beautiful birthday cake and punch to the honorees: Effie Sanders, Mary Womack and Annie Owens, and all the residents.  
 Jo Haynie, Jewell Sallis, Gertrude Scott, Peggy Nichols, Bessie Haynie, Joyce Fielding and son, Chad, were the hostesses.  
 Oct. 29th we will combine our musical with a Halloween party with games, goodies and what ever.  
 The Free Will Baptist Church held services Sunday with Bro. M. L. Crosby officiating. Barbie Dunn led the singing and Billie Crosby played the piano. Next Sunday services will be held by the First Christian Church.  
 A thought to ponder: "Why doesn't medical science figure some way to make our ailments as interesting to others as they are to us?"

Good News For Citrus Lovers... Crop Production Forecasts... Wheat Pasture Outlook.  
 If you like citrus, a report from the Texas Crop Livestock Reporting Service should make you happy. Texas' 1976-77 citrus crop based on Oct. 1 conditions is forecast at 17,700,000 boxes. This year's production is expected to be five per cent more than a year ago and per cent above the small crop of 1974-75.  
 Grapefruit production is set at 11,500,000 boxes, seven per cent above last season's crop. Production of oranges is expected to total 6,200,000 boxes, the same year ago. Early and mid-season oranges are forecast 3,800,000 boxes and Valencia oranges are forecast 2,400,000 boxes.  
 Citrus trees are currently in good condition. Nationwide, grapefruit production is forecast record crop of 75,700,000 boxes; this is a 13 per cent increase over a year ago. Orange production is estimated to be 12 per cent above last year.

**COTTON PRODUCTION FOR TEXAS** is now forecast lower than a month ago due to weather conditions. Sorghum and corn estimates are unchanged from a month ago.  
 Upland cotton production is now estimated 3,000,000 bales, down four per cent from a month ago still above the 1975 production.  
 Sorghum production is unchanged at 318,000 bushels. This is 15 per cent below last year, however. Harvest of the crop is now about 75 per cent complete.  
 Corn production is still set at 161,000,000 bushels with record yields reported.  
 Pecan production is set at 27,000,000 pounds, which is 70 per cent under a year ago.  
 Peanut production is now forecast at 475,850 pounds, which is three per cent more than last year.  
 Rice production is now expected to be four per cent more than a year ago.

**PROSPECTS FOR WHEAT PASTURE** in Texas are good in most areas due to recent rains. Very little grain has been available until recently.

### Brush Control Urged by SCS

Several acres of the native rangeland in Foard County are dominated with brush. Brush has little use in livestock production, but it is important for wildlife management. The desired use of the land should be considered before consid-

ering brush control. One should also study the capability of the land where the brush is located. Several times a producer has removed brush from areas that are not suited for any other type of production.

The major types of brush controlled in Foard County are mesquite, cedar, and salt cedar. Several methods can be considered to control these plants. Spraying with chemicals can be used on especially large areas. Spring time is considered the best time to spray.

Mechanical control of brush can be done in several different ways. Methods of mechanical control include root plowing, dozing, chaining, mowing, or grubbing. These methods are usually more expensive, but are more precise in brush control.

A producer should leave some trees for shade for livestock or as a habitat for wildlife. The areas where the brush is not controlled may be located in one area or scattered throughout the field. In most cases loose brush piles should be left for wildlife use.

Livestock producers can expect more beef production from brush controlled areas. An area that has a high brush content can produce more pounds of grass and therefore more pounds of beef after the brush has been controlled. More land area is available to grow which aids in increased production. Range can produce more and larger calves than cows on a high brush content, low valued range. It is also easier to work cattle after brush has been controlled.

Water retention of the soil and use of water by the plants can be improved by brush control. Mesquite uses 1700 to 1800 pounds of water to produce one pound of forage; whereas several of the high quality range grasses only require 300 to 600 pounds of water to

### Local Teacher Attends Workshop

The Greenbelt Cooperative for Special Services held an all day workshop for the high school resource teachers Monday, October 11, at the headquarters in Quanah. The workshop was led by Joe Green, Secondary Curriculum Specialist of Region 9 Education Service Center and Mrs. Betty White of Childress who is the Vocational Adjustment Coordinator for the Greenbelt Coop.

The group was welcomed by Mrs. Carmen Welch, Director of the Greenbelt Special Services. In the morning session Mrs. White and Mr. Green reviewed the pertinent material gleaned from a two day workshop they had attended a week earlier at Midwestern State University. The topic was EXCEPTIONAL STUDENTS: ALTERNATIVES AT THE SECONDARY LEVEL. A review was given of the agencies who render additional aid to many of these students and the specific services offered.

Helps were given in rewriting materials so that students may better understand it. "Dealing with behavior problems" was discussed and suggestions offered. They continued with the information of possible tracts of student placement and materials used as well as the direction of each tract. The C. V. A. E. (Cordinated Vocational Academic Education) and the V. E. H. (Vocational Education of the Handicapped) units were investigated. Usefulness and ways of obtaining these programs were outlined.

Lists of places where free materials on drivers' education and other subjects can be obtained were passed out. Organizations that aid students who have completed high school, or the equivalent, and who want to obtain further education, whether academic or vocational were discussed and addresses for them passed out.

It costs approximately \$1,200 a year to teach one vocational student. In comparison, it costs \$4,800

per year to maintain one person in a penal institution and \$3,600 to keep a student in a state school; around \$2,400 a year for one person on welfare. Public school education, if we used only this one fact, is a bargain. Besides costing much less than other institutions, when the student completes his schooling, he is prepared for a job and at the time of graduation is employed and returning money back to society in the form of taxes.

The afternoon session was held in the V. A. C. department of Quanah High School, where Mrs. Delight Henderson is the resource teacher. The facilities are large and have multipurpose. There is an academic section, kitchen area, patient care center, a wood working shop and a horticulture section. The students in Mrs. Henderson's afternoon classes are, at present, working on horticulture—propagating plants from cuttings, potting plants and classifying each of them. They also are making decorative as well as useful macrame plant hangers.

These plants, when grown, will be offered for sale and that money will help defray the expenses of the pots, potting soil and hemp. Other materials used in this department were examined and explained. Mr. Green conducted a discussion concerning the successes and problems in each of the units taught by these teachers. A sharing of ideas was helpful and interesting. The meeting ended with the teachers examining and checking out materials from the Greenbelt Coop's materials center.

Those attending were the V. A. C. resource teachers: Mrs. Delight Henderson, Quanah, Mrs. Janet McMurray, Memphis, Miss Helen Smith, Childress and Charles Trull, Crowell and teacher's aid Mrs. Winnie Floyd from Memphis along with Mr. Green from Wichita Falls and Mrs. Betty White from Childress.

### FEEDLOT MANAGERS SHOULD PREPARE FOR WINTER

Feedlot managers should begin getting feedyards in shape for long winter months of poor drying potential, advises an agricultural engineer for the Texas Agricultural Extension Service. With certain maintenance practices, feedyards can be made more "liveable" for cattle during the winter months, odor production can be reduced, and manure can be harvested earlier in the spring.

### Eb Compere Died Oct. 17 in Abilene

Eb Newton Compere, 90, a longtime businessman and a former Foard County resident, died Sunday, Oct. 17, in Hendrick Memorial Hospital in Abilene.

Funeral services were held Tuesday, Oct. 19, in the First Christian Church in Abilene with Dr. Chris Diebel, pastor, officiating, assisted by Rev. Harlie Woolard, associate pastor. Burial was in Elmwood Memorial Park. Mr. Compere began his Abilene business career in 1922 as a salesman of Hudson automobiles. In 1929 he entered the tire business, opening Compere Tire Co. He was the second Texan to operate a dealership for General Tire Co.

Born April 5, 1886, in Navarro County, he attended Crowell High School and the old Simmons College in Abilene for three years. He entered the pharmacy business, opening a drug store at Sylvester in Fisher County.

In 1916 he sold the pharmacy and moved to Sweetwater where he took over a Dodge dealership. He returned to the drug business, opening a drug store in Breckenridge, before moving to Abilene and going into the automotive field.

Mr. Compere was a 32nd degree Mason, a member of the Suez Shrine Temple, a past president of the Abilene Kiwanis Club, a member of the Abilene Chamber of Commerce and a member of the First Christian Church.

He was married to Mary Yeager July 17, 1907 in Sylvester. She died in May of 1964.

Survivors include one daughter, Winnie Lu Bounds, office manager of the Abilene Chamber of Commerce; a son, Arthur of Stephenville; two grandsons, and two great grandchildren.

### AI\* PREGNANCY TESTING CLINICS SET

A series of weeklong clinics to give beef and dairy producers in-depth training on artificial insemination (AI) and pregnancy testing have been slated throughout Texas for the remainder of this year and for 1977. The clinics are being conducted by the Texas Agricultural Extension Service in cooperation with the American Breeders Service, Central Ohio Breeders Association and Curtiss Breeding Service. County Extension agents have a schedule of the clinics as well as the names of the clinic coordinators to contact.

Mr. and Mrs. Clyde Self are frequent visitors of his brother, Roy Self, of Woods Rest Home in Vernon. They also visit his brother-in-law, L. S. Mason, and several other relatives and friends who are patients there.

Mr. and Mrs. Bennie Short and family of Kinsley, Ks., spent the week end visiting his mother, Mrs. Flora Short, his sister, Mrs. Ruth Ellen McBeath, Sherilyn, Marlon and Randa. Other visitors were Mr. and Mrs. Doyle Ford and daughter of Quanah and Mrs. Fred Glover and sons, Wayne and Billy Fred and Billy Short of Crowell.

Mrs. Rocky Wisdom was ill in the Crowell Hospital a few days last week.

Mr. and Mrs. Cecil Carpenter have returned from Ohio where they visited her mother and other relatives.

Everyone interested in our Thalia Cemetery should visit there and see one of the best cared for cemeteries anywhere. It has been a battle with the weeds and grasses, but thanks to last weeks killing frost it is in excellent condition for the winter and our deepest gratitude goes out to the faithful caretakers.

Mr. and Mrs. Sam Kuehn attended funeral services of his brother, Fred Kuehn, of Tomball last week. Fred passed away Thurs., Oct. 21, and funeral services were held Sat., Oct. 23. Our sincere sympathies are extended to Mr. and Mrs. Sam Kuehn and all the loved ones of Fred.

Mr. and Mrs. Mike Priddy and children of Iowa Park were guests at Thalia where Mr. Priddy was guest speaker at the Church of Christ.

Mr. and Mrs. Charles ten Brink of Lockett visited her parents, Mr. and Mrs. Fred Gray, and other relatives here Sunday.

Mr. and Mrs. Glen Swan and Glenna continue their visits with his mother, Mrs. Julia Swan, his aunt, Mrs. Lottie Pittillo, and her uncle, Will L. Johnson, and others in the Woods Rest Home in Vernon.

Mr. and Mrs. Billy Ray Moore and infant daughter, Amanda Rae, of Lockett visited their parents and grandparents, Mr. and Mrs. Jessie Moore and Mr. and Mrs. Joe Cerda and family

## Honored at Bridal Shower

Mrs. Lynn Pruitt, the former Miss Valerie Du Perron of Carlsbad, N. M., was honored with a miscellaneous bridal shower Friday afternoon in the newly remodeled Margaret community center.

Mrs. O. C. Allen greeted the guests and presented them to the bride; Mrs. George Pruitt, mother of the groom, and Mrs. Daisy Thompson, aunt of the groom.

The honoree's chosen colors of blue and white were used in the decorations of the serving table, which was covered with a blue and white lace cloth and centered with an arrangement of blue flowers; flanked by two blue French candelabras holding white candles. Other appointments were of crystal.

Mrs. Leslie Hopkins served fruit punch, dainty cookies, nuts and mints.

The registry table held a blue memory candle and a lovely brides book, a gift of the hostesses. Mrs. Edwina Halencak registered the guests.

Mrs. Robert Hudgens displayed the many lovely and useful gifts. Individual gifts from the hostesses were presented to the bride.

Sharing hostess duties were Mes. O. C. Allen, Edwina Halencak, Robert Hudgens, Tom Smith, Benny Smith, Jimmy Hudgens, Jodie Owens and Ray Hysinger.

## Mrs. Eaton Is Adelpian Club Speaker

The Adelpian Club met on Wednesday, October 20 in the home of Mrs. Henry Borchardt with 12 members present.

Mrs. Warren Haynie gave a report on the Sub-Junior Adelpians. They have been invited to meet with the Senior Club on December 8 in the home of Mrs. Lewis Sloan.

Guest speaker for the club was Mrs. James P. Eaton, wife of a Vernon physician. Mrs. Eaton is a volunteer coordinator for "Outreach" in a fourteen-county area.

"Outreach" is an arm extended to meet the need of any age group with many and varied individual needs.

Volunteers in this fourteen-county area are involved in a "work with others" program which may be no more than helping the elderly with correspondence with their business mail to an active involvement in such problems of drug and alcoholic abuse.

There is a definite need for volunteers to help with the Number 1 Social problem, mental illness. Since passiveness is the cause of 80% of mental illness, volunteers are needed who can help people maintain positive attitudes, to believe in themselves, and to help them develop a state of mind which will enable them to cope with daily problems.

The November meeting will be in the home of Mrs. S. J. Wilson.

## Teachers Convention Set Friday in Vernon

Nationally-known humorist, Grady Nutt, will be the featured speaker at the general session of the District IX Teachers' Convention in Vernon.

Registration for the meeting will be from 9 to 10 a. m., Friday, October 29, in Wilbarger Memorial Auditorium.

Also on the program agenda will be a report from the House of Delegates, recognition of Retired Teachers, and special designated group luncheons.

Mr. Nutt, a native of Texas who was transplanted to Kentucky, received his

bachelor of arts degree from Baylor University, Waco, Texas, and a master of divinity degree from the Southern Baptist Theological Seminary, Louisville, Kentucky. Perhaps he is best known for his unique brand of down-home humor, which he skillfully extracts from every day life around us.

## Museum News

Mrs. Virgil A. Johnson  
Chairman  
Foard County  
Historical Commission

This week, we had visitors from many points in Texas, from Arkansas, Oklahoma and Tennessee.

On Oct. 16, visitor number 4,000 registered at our museum. He is Jeff Whay, Idalou, Texas.

Mrs. Grover Moore brought us two songbooks. One was used by the West Rayland Home Demonstration Club and the other was used by Riverside H. D. Club. They are given by the Riverside club.

We would like for you to come by our store and see the hand-made items that are highly suggestive for inexpensive gifts. The throw pillows are nice, especially the football pillows. The aprons and crochet pot holders are nice, also the knit pin holders.

We still have our history books, bicentennial coins, Foard City Church plates and Luzier Cosmetics. Come by and see for yourself.

It has been impossible for us to publicly acknowledge every thing which has been given to our store even though every item has been deeply appreciated. For the first time, we have received gift items for the store from out-of-state. Mrs. J. M. Glover, Jackson, Tenn., sent a hand-knitted purse kit. Mrs. Glover will be 93 on Nov. 9, and knitting is one of her favorite pastimes.

We also have a letter from Mrs. Kenny Bill Ownbey of Hampton, Va., who is sending us some of her painting, macrame and wood carving. We think it is great that our store is attracting out-of-state museum supporters.

Some of you may be interested to know what may be found in the Archives. There are at least 25 Texas-County Histories, several volumes of the West Texas Historical Yearbook, also the Panhandle-Plains Historical Review.

Many books of interest, such as "Interwoven," a Pioneer Chronicle, by Sallie Reynolds Matthews, tells the story of these two pioneer ranch families in and around Albany, Texas. Another interesting book is "The Wire that Fenced the West" by Henry D. and Frances T. McCallum.

Volunteer hostesses have been Ethel Ferguson, June McLain, Elizabeth Grimes, Velma Wilson and Bonnie Johnson.

## HALLOWEEN PARTY

Wesley Cash, son of Mr. and Mrs. Kerry Cash of Truscott, celebrated his 3rd birthday Oct. 23 with a Halloween party. Games were played and Konrad Halbert won a story book playing pin the tail on the donkey. Cup cakes, ice cream, party favors and punch were enjoyed by spooks and goblins: Konrad Halbert, Toni and Bobbi Gene Carpenter, Shane and Kristin Simmons, John Urquizo, Jr., Christopher Hall, Everett Evenson, Shanna and Kerry Borchardt, Jason and Zachery Inman, Lynn and Richie Kubicek, Phaedra Lankford, Lori Elkins and Brenda Henry. Mes. Tommie Carpenter, Seth Halbert, Ronnie Simmons, George Evenson, John Urquizo, Richard Kubicek, Kerry Cash, Trenna Erwin, Jim Cash and J. W. Martin, who are grand parents of the honoree.

HISTORICAL DRAWINGS BY JOSEPH BOGGS BEALE (1841-1926)

"MOLLY PITCHER"

Molly Pitcher became a heroine of the American Revolution on June 28, 1778, in the battle of Monmouth. Molly was married to John Hays, an enlisted man in the 1st Pennsylvania Regiment. She followed the troops into battle and carried water to them in a pitcher, earning her nickname and her place in history. When her husband fell from a heat stroke, she took his position as a fighting soldier for the rest of the battle. From the collection of the National Insurance Company, Galveston, Texas.

## Farm Bureau Has Annual Meeting

The Foard County Farm Bureau elected two new directors at the annual meeting of the organization last Saturday night. The new directors are Henry Faske Jr. and Danny Naylor who were elected to replace Sam Kuehn and Duane Johnson, whose terms on the board had expired.

Following a chili and stew supper at the school cafeteria, FB President H. L. Ayers introduced Miss Bernadette Greening, a student in Crowell High School who told about her experiences at the Citizenship Seminar held in Waco last summer. The seminar is sponsored each year by the

Texas Farm Bureau.

The local Farm Bureau also passed several resolutions to be presented at the state convention in December. One pertained to the national farm program in which the local organization supports legislation to raise loans on all commodities to 80 per cent of the cost of production. Also, disaster payments should be set at 50% of the cost of production and that the target price should not be less than 80% of parity.

Another resolution stated that FB recommends that the public schools be financed by a sales tax and well head tax on oil and gas that is sold out

of state to provide for 90% state and 10% local funding. They also recommended that the school day be changed from 7 to 8 hours and the school year from 180 days to 160 days. "This should in effect not only reduce costs but improve scheduling and quality of education," the resolution stated.

The other resolutions concerned the use of Brucellosis funds for research and membership dues for Farm Bureau members.

Named as delegates to the state convention were Mr. and Mrs. Ayers, Mr. and Mrs. Johnny Kajs and Mr. and Mrs. James T. Moore.

V. A. Johnson and Mrs. Sam Kuehn were awarded the free memberships in a drawing.

Currently, the board of directors of the Foard County Farm Bureau is composed of John C. Kajs, J. A. Marr, Raymond Grimm, Jack Thomas, Melvin Moore, H. L. Ayers Jr., president; David Scott, vice president; and James T. Moore, secretary.

## District Governor Visits Rotary Club

Rotarian Claude Hicks of Abilene, governor of District 579, Rotary International, made his official visit to the Rotary Club of Crowell last week.

Mr. Hicks, who is administrator of Hendrick Home for Children in Abilene, recommended the four "I's" of Rotary: Interest

in Rotary; Introduce Rotary to members of the community; Induct new members; and Involvement in community affairs.

He briefly told about some of the Rotary projects around this district, and said that some \$8 million will be sent by Rotary this year to finance young people studying abroad. He said the Crowell Rotary Club is second in the district in donations to the Rotary Foundation.

Hicks was introduced by Rotarian Grady Halbert, a past district governor.

Newton Huffine, new minister of the First Christian Church, was a visitor at the meeting.

With such a variety of ways to enjoy pork, consumers will want to buy it often.

The Texas Department of Agriculture home economist offers the following tips on short-term storage of various pork cuts.

Fresh pork should be stored in the coldest part of the refrigerator. Prepackaged pork from the store should be either used the same day or the wrapping should be loosened before being placed in the refrigerator.

Cured and smoked pork may be stored in the refrigerator not more than 7 to 14 days in the original wrapper that has been loosened. However, canned hams, unless otherwise stated on the label, can be refrigerated unopened until

## Can we afford four more years without effective leadership?

There is a critical decision to be made on November 2nd. It goes far beyond the question of which Presidential candidate can govern with integrity and honesty. We must determine which candidate has the ability and strength to lead our country out of economic chaos, and the vision to see that all Americans—not just the powerful and influential—have a better future.

During the past two years, the middle class has paid far too dear a price for a President lacking that ability.

Since Gerald Ford took office, the unemployment rate has risen 50%, from 5.5% or 5 million people, to 7.9% or 7-1/2 million jobless Americans.

Today's inflation rate of 6% is higher than it was at any time between the

Korean War and the inauguration of Richard Nixon.

The 1968 food dollar is now worth 57¢.

Mr. Ford's budget will account for the largest single deficit and more than 1/3 of the public debt incurred during our entire 200-year history.

Real GNP has actually declined during each of Gerald Ford's two years in office.

And who is most affected by these distressing statistics? Not the Washington establishment, or the economic elite courted by the Republicans. The burden falls on the person who can least afford it: the average American.

Jimmy Carter means to change all that. As President, he will make government responsive to your needs.

**Tax Reform:** "The average family in this country actually pays a higher proportion of their income in taxes than the average family that makes more than a million dollars a year. That's disgraceful. We need to move toward a truly progressive and simplified tax system, with reduced tax rates for the average American."

**Economy:** "We'll never have a balanced budget nor an end to the inflationary problems as long as we have 7-1/2 million people out of work. Employment needs to be the major thrust of the whole domestic policy of our government."

**Efficiency in Government:** "We now have in the

federal government the most bloated, confused, wasteful bureaucracy ever created. There's no way to get an answer out of Washington and no way to understand what's going on there. We need to reorganize completely the executive branch of government, making it fair, efficient, effective, and responsive to our people's needs."

**Housing:** "No government that cared about our neighborhoods would stack the tax deck against them. A landlord can let a building run down and make a good living on tax breaks. But when a home owner spends a little hard-earned money fixing up his home, the assessor raises his taxes. And the FHA no longer

cares about families getting started in their own homes. I intend to restore the FHA to the time when, for a down payment, a family could get a mortgage which the government would insure."

**Health Care:** "We need a nationwide health care delivery system which will make adequate health care a right for all people."

**Jimmy Carter has the strength to take charge of our government. If you are tired of paying the high price of Republican ineffectiveness, you have only one choice on November 2nd, and that choice is for change.**

**Vote for JIMMY CARTER. A leader, for a change.**

**MANAGE REPLACEMENT HEIFERS**

Proper management of replacement heifers is critical if producers expect a high reproductive rate in their beef herds, says a livestock specialist for the Texas Agricultural Service. To overcome late calving and the subsequent lighter calves, virgin heifers should be bred 20-30 days earlier than the regular cow herd and replacements should be kept from those becoming pregnant earliest. For a heifer to be bred at two years of age, she will have to show heat at 13 to 15 months. To do this, she must have adequate weight.

**Crowell Wins 16-0 over Paducah**

The Crowell Wildcats put another notch in their District 7-A belt last Friday night in a hard-fought football game at Paducah which the Wildcats won by a 16-0 score. This brought the Wildcats district record to 3

wins and one tie, and keeps the defending champion Cats in the middle of the race for the 1976 title.

After a scoreless first quarter, the Wildcats got on the board in the second stanza when Oran Carroll

split the upright for a 3-point field goal. Crowell threatened at other times in the first half, but was unable to punch the ball across.

Paducah moved down to the Wildcat 25 as a result of a 44-yard pass play, but the Wildcats stiffened and held the Dragons.

The third period was also scoreless, but the Wildcats exploded for 13 points in the final period. C. B. Sparkman scored on a one-yard run with Carroll kicking the extra point. Willie Bachman scored the last touchdown on a 10-yard run. This time the try for extra point failed.

Crowell quarterback Tommy Tamplen held the ball as Carroll kicked the field goal and extra point.

Crowell completely dominated the statistics for the game making 13 first downs to Paducah's 3. Crowell rushed for 156 yards while holding the Dragons to 46.

In the passing department, Crowell gained 40 yards on 3 completions out of 8 attempts. Paducah gained 72 yards in the air with 3 completions out of 13 attempts. The Wildcats intercepted one Paducah pass.

In the punting department, Carroll kicked 5 times for Crowell averaging 28 yards while Paducah kicked 7 times for a 22 yard average. Crowell lost 2 fumbles and Paducah 1. The Wildcats received 30 yards in penalties and the Dragons 20.

Crowell completely dominated the statistics for the game making 13 first downs to Paducah's 3. Crowell rushed for 156 yards while holding the Dragons to 46.

TEXAS PRESS ASSOCIATION

AUSTIN — Texas goat and sheep raisers cannot hunt golden eagles in Texas, the U. S. Interior Department has ruled.

Gov. Dolph Briscoe's request was rejected last week.

Briscoe stirred up something of a storm last month when he asked Interior Secretary Thomas E. Kleppe to grant blanket authorization for stockmen to hunt the eagles in 31 counties of West Texas.

Lynn Greenwalt, director of the Interior Fish and Wildlife Service replied to Briscoe. He said the request was turned down under a policy of former Secretary of Interior Walter J. Hickel which concluded in 1970 against blanket authorizations.

The golden eagle is protected under a special federal act.

The Interior policy referred to by Greenwalt permits consideration of requests from individual ranchers who can demonstrate that they need to hunt the protected birds.

Briscoe requested authority to shoot the eagles after ranchers complained about increasing numbers of the birds near the October 1 beginning of the lambing season.

Ranchers claimed the migratory birds would cause heavy losses in newborn lambs and kid goats.

An outcry was raised subsequently from groups seeking to protect the golden eagles from wholesale attack by outraged ranchers.

"Scandal" Charged  
Texas Railroad Commission routinely continued the November state oil production allowable at 100 per cent for the 56th consecutive month.

Meanwhile, Commissioner Mack Wallace termed increased dependence on foreign crude oil "the greatest scandal in the nation."

Wallace charged the U.S. is spending \$70,000 a minute importing oil from foreign producing countries.

Major buyers of Texas crude entered requests for more than 3.9 million barrels of oil a day in November.

**Employees Fired**  
House Speaker Bill Clayton fired four veteran House employees last week.

He said they did not fit into his plans to computerize the system of handling legislation.

Discharged were House Chief Clerk Dorothy Hallman, a House employee for 41 years and chief clerk for 20 years; Adele Jacobs, who has been calendar clerk since 1947 and has worked for the legislature since 1931; Assistant Chief Clerk Ruth Rainey, a 10 year veteran; and Assistant Calendar Clerk Cynthia Lewis.

Clayton claimed House members and lobbyists had told him they had been contacted by some of the employees and warned that bills may be lost under the new system or that copies of legislation would not be available. The speaker also said there were just too many employees in the clerk's office.

**Mobile Home Probe Set**  
The Department of Public Safety has launched a statewide probe of mobile home scandals.

**Courts Speak**  
The State Bar of Texas has filed a complaint in district court at Houston seeking to disbar, suspend or reprimand Donald B. Yarborough. Democratic nominee for the State Supreme Court.

The Court of Criminal Appeals affirmed the death penalty for two men who killed an off-duty patrolman.

The same court upheld a trial court decision denying bail for Fort Worth millionaire Cullen Davis in the slaying of his stepdaughter.

The court also reversed the 14 years sentence given a man in the rape of a deaf mute in Bell County.

**Hearing Slated**  
Texas Public Utilities Commission set December 1 as a tentative date for review of the rural rate structure of Central Power and Light Company.

The commission turned down a motion from intervening cities to delay the consolidated hearing until late December after all cities have individually considered rate requests presented to them by CP&L.

Two intervening groups were named by the commission. One consists of 41 South Texas cities. The second combines interested ratepayers in Aransas and Nueces counties, South Padre Island and the Key Alegre Canal Owners Association.

Meanwhile, the commission granted Atty. Gen. John Hill and Texas Municipal League a three-day time extension to intervene in the Southwestern Bell Telephone rate case. The company is seeking a \$272 million annual hike.

**Share \$212.2 Million**  
Texas cities and counties spent a combined total of \$212.2 million in federal revenue sharing funds during the fiscal year ending June 30, 1975, Comptroller Bob Bullock has reported.

Bullock said cities spent 72 per cent of their \$132.3 million for capital improvements and the remaining 28 per cent on operating expenses.

He said counties spent 62 per cent of a \$79.9 million allotment on capital improvements and 38 per cent on operating expenses. Transportation accounted for 26 per cent of the revenue sharing fund expenditures by both cities and counties.

Bullock reported August state expenditures of \$408.4 million ended the state's 1976 fiscal year at a total expenditure level of \$6.2 billion, an increase of \$826.4 million over the previous year. August revenues were \$633.5 million, closing the fiscal year with total revenues of \$6.6 billion — a \$917.1 million gain.

More than 8,600 Texas coyotes have been killed by gunfire from aircraft since the legislature authorized an aerial hunting program three years ago to protect livestock.

**Sweet Potatoes Doing Well**

AUSTIN—Production of Texas sweet potatoes is forecast to decline somewhat from last year's exceptional harvest, despite good yields and high quality potatoes, according to Agriculture Commissioner John C. White.

Figures compiled by the Texas Crop and Livestock Reporting Service indicate that 1976 production is forecast at 855,000 hundredweight (cwt.), down from 1,150,000 cwt. the previous year.

Acreage is estimated at 9,500 acres, down from 10,000 acres last year. Yield per acre has slipped from 115 cwt. to only 90 cwt.

Harvest in East Texas, the state's largest sweet potato-producing area, has been underway since early September.

In Central Texas, harvest began during the latter part of September.

**COMPONENT PRICING OF MILK NEAR**

Pricing milk to producers according to its components is just around the corner, believes an economist for the Texas Agricultural Extension Service and the Texas Agricultural Experiment Station. The increase in consumer demand for low-fat and skim products indicates the need for a pricing procedure that compensates producers for the nonfat solids and protein components in their milk in a manner

that will encourage production of these components. Should nutritional labels of food become a reality, a nonfat portion of milk will become a factor in the pricing procedure.

## Were you born to fly?

Not everyone is. It takes a blend of brains, drive, and dedication. We're looking for men like this for the Naval Aviation Team. Men who are Doers.

If you measure up, we'll teach you all the skills demanded to handle our sophisticated aircraft. When we're through, you'll have your Wings of Gold. So it works both ways. You get a commission as a Naval Officer and begin a career as a Navy Pilot or Naval Flight Officer. And we get another born flyer. Contact your local recruiter for all the details, or call toll free (800) 841-8000. In Georgia, the number is (800) 342-5855.

### Texas farmers and ranchers have had too few friends in Washington in recent years. Now, it's time to support a friend who's fought for us, Senator Lloyd Bentsen.

**Beef Price Ceiling.** Bentsen opposed Nixon's beef price ceiling, successfully fought for exemption for Texas cattle buyers and voted against controls.

**Grains and Oilseeds.** Bentsen vocally opposed the Administration's export embargos and introduced legislation to create a process to avoid the controls in the future.

**Beef and Dairy Imports.** Bentsen has repeatedly called for restrictions on the increasing imports of beef and dairy products and has introduced legislation to reduce imports.

**Cotton.** Bentsen has supported higher loan and target prices, strongly opposed cotton export controls and stood up against the payment limitations.

**Agricultural Research.** Bentsen launched a two-year effort to reverse the decline in Ag research funding and is credited with an \$11 million increase.

**Federal Land Use Planning.** Bentsen is fighting against the bill his Republican opponent has authored — the Steelman-Udall Land Use Planning Act.

**Federal Permits.** Bentsen fought to protect farmers and ranchers from bureaucratic red tape in making ponds and landfills.

**Personal Experience.** Bentsen understands the problems of the farmer and rancher; he has personally engaged in row crop, cattle and citrus production.

## Revision Proposed in School Financing

The Special House Committee on Alternatives to Public School Financing, of which Representative W. S. "Bill" Healy of Paducah is a member, today proposed sweeping revision of the manner in which Texas public schools are funded.

The proposal, which will be submitted to the 65th Legislature in January, is highlighted by the following provisions:

1. Increase the state share of the Foundation School program to 100%.
2. The committee recommends no new taxes at this time. Money for funding the Foundation School Program should come from the projected available funds.
3. Place a limit, or "cap" on local school districts' enrichment of the Foundation School Program, as discussed during the meeting.
4. Enact a two-year moratorium on local districts' property tax increases, require a mandatory property tax reduction, and allow property tax increases only if approved in a referendum by local voters as discussed, eliminating Subsection (c) (3) on page 6 of the proposed

legislation.

5. Revise the equalization aid formula.

6. Local referendums necessary to raise property taxes will be held on the same day as school board elections.

7. The Committee intends for the proposed legislation to be permanent, not just for the 1977-78 biennium.

The Chairman of the Committee, Representative Tom C. Massey of San Angelo, remarked that "Representative Healy is to be commended for his diligence and dedication on the Committee during the past several months. His contributions have been instrumental in the development of a plan that will benefit the children and taxpayers of this state for years to come."

The Committee, which has held a series of public hearings throughout the state since last February, was appointed by House Speaker Bill Clayton to determine if there were alternative sources of revenue other than the ad valorem property tax for financing Texas public schools. In appointing the Committee, Speaker Clayton

stated that the Committee had the greatest responsibility of any committee in recent legislative history. The blue-ribbon panel included Representatives Massey; Fred J. Agnich of Dallas; Roy M. Blake of Nacogdoches; Wilhelmina Delco of Austin; Frank Hartung of Houston; W. S. "Bill" Healy of Paducah; Dan Kubiak of Rockdale; Camm Lary, Jr. of Burnet; and Ruben Torres of Brownsville.

In the course of the hearings, the Committee found that there is widespread concern that ad valorem taxes are forcing people off their land and out of their homes. At the same time, the State Comptroller has projected a surplus of approximately \$2.6 billion which will be available for appropriations by the Legislature over the next two years. The Committee determined that education should have first call on the available funds for the dual purpose of relieving ad valorem taxpayers and equalizing educational opportunity throughout the state.

### LETTER TO EDITOR

Please renew my subscription for another year—due now I think. Please get some Truscott and Gilliland news in each week.

My paper makes quite a long trip. I pass it on to a Knox County family, then on to my brother, Ralph Randolph, Bentonville, Ark. You Crowell folks have done a great job on the Foard County history and now the museum. Each year I go to the Truscott reunion and am amazed at how many have come so far to really feel at home.

Enclosed is my check. Sincerely,  
Mrs. Polly Crowell,

## Junior High Football Team Defeats Paducah

Page 12  
Foard County News

Crowell, Tx., Oct. 28, 1976

The Crowell Junior High football team took a 40-6 win over the little Dragons from Paducah here last Thursday night in the first district game for the Crowell boys. It was also the first win of the season for Crowell, who had previously lost non-district games to Quanah, Vernon, Childress and Seymour.

Crowell lost no time in getting started last week. The first time the Kittens had the ball, it took them three plays to travel 40 yards to paydirt. Runs by Robert Newman, Steve White and Dan Klepper moved the ball in for the TD and White carried over for the two extra points.

Howard Sparkman scored the next Crowell touchdown going in from 10 yards out. White again converted for 2 points. Sparkman, a short time later, gathered in a Paducah punt and returned it 30 yards to the Dragon 20. From there, Klepper hit John Henry McGee on a pass play for the TD. The try for extra point failed.

In the second period Jeff Christopher picked off a Paducah pass, but Crowell was unable to capitalize on the interception. Then just before the half, Sparkman on an end-around run scored another Crowell touchdown, making the score 28-0 at half time.

Then in the third period, Klepper on a keeper, went 20 yards for a score.

The try for extra point failed.

Paducah's only touchdown came when a Dragon intercepted a Crowell pass and returned it for the score. The try for extra points failed.

Crowell's last touchdown followed the Paducah kickoff after the Dragon touchdown.

Sparkman gathered in the kickoff and returned it to the Paducah 15 and from that point, White on an end sweep carried the ball in for the score. Try for extra point failed, leaving the final score 40-6.

Crowell junior high coaches are Glenn Miller and Larry Jeffers.

## Roy Meason Killed in Auto Accident

Roy Meason, 76, of Big Sandy and a former resident of Foard County, was killed in an automobile accident Friday, October 15, near Big Sandy.

Funeral services were held at the First Christian Church in Big Sandy Sunday, October 17, with interment in the Big Sandy Cemetery.

Mr. Meason was born in Foard County. He moved to Big Sandy with his parents, the late Mr. and Mrs. J. R. Meason, many years ago. Survivors include his wife, one daughter and three grandchildren.

### BAKE SALE

The Foard County 4-H Junior Leaders will have a bake sale in front of Crowell's post office Friday, October 29, from 7:30 to 10:30 a. m. in order to raise money for a spring skiing trip to Ruidoso, N. M. Also, there will be 4-H Junior Leaders selling chili pies, sandwiches and drinks Friday noon at the Foard County Fix-It Festival in the ag pavilion.

## Rural Texans:

Governor Dolph Briscoe urges Texans in agriculture to vote:

Jimmy Carter  
for President

Jimmy Carter  
for President

Foard Countians who are concerned about the ever-increasing tax burden placed on lower and middle-income families should cast their votes for Jimmy Carter on November 2nd, Bill Bell, Carter-Mondale campaign coordinator for Foard County, said this week.

Bell said that Carter is committed to a drastic simplification of the tax system to lower the taxes for middle and lower-income groups, and that the Republicans have deliberately tried to distort Carter's position on the tax issue, but the record is clear as Carter has consistently come out for a lowering of taxes for the middle and lower-income people and for shifting the tax burden to the large corporations who have been getting away with paying little or no taxes for so long.

Bell added that local tax payers have seen property taxes go up in the past eight years because of the rapid rise of inflation under the Republican administration, and that our local governments are caught in the middle, trying to cope with increased costs of services caused by the Republican inflation, but under a Carter administration, taxes will not only see a drop in Federal taxes but also an easing of the property tax burden because of Carter's commitment to bring inflation down.

## D-DAY FOR DEMOCRATS

# Nov. 2

## Voters of the 101st Legislative District:

You have seen many times the following test sentence for beginning typists: "Now is the time for all good men to come to the aid of their party."

Tuesday, November 2 is it for this year, though it should be amended by substituting "Democrats" for "men," because everybody 18 years of age and older, regardless of sex, is eligible to vote.

# W. S. (Bill) HEATLY

Political advertisement paid for by R. H. Nichols, Box 1979, Vernon, Texas 76384

I have two suggestions:

1. Be sure to vote. In case you plan to be away from home on election day, go to your County Clerk's office and cast an absentee ballot in the period prior to election day prescribed by law.

2. Vote a straight Democratic ticket!

I appreciate your support in the past and solicit your vote in the General Election. Call on me when I can be of service. I can be reached at my office in Paducah, except during sessions of the Legislature when I can be reached at my Austin office.

### 30 Years Ago in The News

News items below were taken from the Thursday, October 17, 1946, issue of The Foard County News:  
Announcement was made this week of the appointment by Mayor Jim Cook of a City Planning and Zoning Commission to study plans for the improvement of the City through various functions. Members are Alton Bell, chairman; James Welch, secretary; Hubert Brown, Leo Spencer and Joe Burkett.

Leo Spencer and F. J. Jonas have bought the old Bank of Crowell building from Mrs. T. N. Bell of Crowell and N. M. Clifford of Electra.

Harry Traweck, who lost a leg while in the service on Luzon, is the first veteran in this area to get one of the new automobiles now being provided by the Veterans Administration. Mr. Traweck received his car, a 1946 Oldsmobile, in September. The car is equipped with hydraulic fluid drive which permits automatic shifting of gears, two gas feed pedals and an extra wide brake pedal.

The Crowell High School football team won its second conference game last Thursday night from the Valley View Warriors at Valley View by the score of 33 to 0. The Wildcats are tied for third in district 12-A standings.

Effective Sunday, Oct. 6, when he preached his last sermon here, Rev. Otis Strickland resigned as pastor of the First Baptist Church in Crowell after serving the church for three full years.

Mrs. Katherine Whitby and Mrs. Ruth Tate opened a sandwich shop in the new building south of Weiss Farm Equipment Saturday.

It was Mark Twain who said "Cauliflower is nothing but cabbage with a college education."

Mrs. H. E. Thomson complimented her son, Karl Wayne, with a birthday party on his ninth birthday, Saturday. Ice cream and birthday cake were served to Billy Smith, C. T. McDaniel, Robert Davis, Gwynn Johnson, Jerry Johnson, Ray Thomson, Kerry Brown, Carolyn Bursey, Roy Gray, Jack Wishon, Lonnie Jones, Jeannie Pendergraft, Frances Kincaid, Robert Kincaid, Jimmy Johnson, Sharon Chatfield and the honor guest.

Bob Hope, "personal court jester" to the millions of U. S. servicemen on battlefronts of World War II, has received the American Legion's highest award, the Legion's Distinguished Medal.

The Leeright Rides and Shows will be located on the softball grounds in the south part of town all next week. Mr. Leeright states that all concessions are clean, legitimate shows and are expected to please.

A meeting for the purpose of organizing an American Legion Auxiliary in Crowell has been set for Monday, Oct. 31, at 7 p. m. in the district court room, it was announced Wednesday by Mrs. Clyde Cobb.

G. V. Walden, depot agent in Crowell for the Panhandle & Sante Fe for the past sixteen years, has been transferred to Chillicothe and took up his duties in that city Tuesday. Mr. Walden has worked for the Sante Fe for the past 25 years.

## EXTENSION RETIREES TO BE HONORED

Twenty-two staff members of the Texas Agricultural Extension Service who have retired during the past year will be honored at a special recognition banquet at the Ramada Inn in College Station Oct. 28 at 6:30 p. m. Each retiree will receive a special plaque sponsored by the County Judges and Commissioners Association of Texas. Heading the list of retirees is Dr. John E. Hutchison who retired on Feb. 29 after serving as director for 18 1/2 years.

## FARMERS & RANCHERS—WHO'S PROVIDING FOR YOUR RETIREMENT?

The Individual Retirement Accounts program under the Pension Act of 1974 permits you to set up your own retirement and save money on taxes.

1. Your annual contribution is limited to 15% of your earnings, but not to exceed \$1500.
2. The Contribution is a deductible item on your income tax. The earnings on your investment are tax-free until you receive them starting your retirement at age 59 1/2 through 70 1/2.
3. Your contributions may be invested in several ways including an Annuity or Retirement Income Contract.
4. You may qualify as self-employed or through other employment when not covered by a retirement plan.

Never-the-less you should get the facts on the IRA and how it can help you save money.

Just call your Farm Bureau Insurance Agent for these facts.

### CARD OF THANKS

We wish to thank all our friends and neighbors who were so good to us while I was in the hospital at Wichita Falls for surgery. All that came to see me, and all the flowers, cards and food. And a special thanks to all the nurses, and the doctors, and all my friends that came to see me since I came home and thanks for all your prayers. God bless everyone. Our love,

### COTTON PROSPECTS LOWERED, MARKET STRONG

Prospects for the Texas cotton crop have been lowered by some 250,000 bales due to recent freezing temperatures and frost in the Texas High Plains. This would leave U. S. production at about 10 million bales and the Texas crop at 2.8 million bales. Market conditions remain strong as both foreign and domestic mills need cotton and will compete for it, says an economist for the Texas Agricultural Extension Service. World consumption will exceed world production by about 2 million bales this year.

### PORK TO BE PLENTIFUL

There will be plenty of pork available for the dinner table the remainder of the year, says a livestock marketing specialist for the Texas Agricultural Extension Service. The pork supply has been boosted by increased farrowings, thus upping the number of hogs moving to market. Market barrows should bring \$32-\$37 per hundredweight for the remainder of the year provided other meat situations remain similar to last year. Some 17-18 per cent more hogs will be marketed during the last quarter of this year than a year ago.

### NOTICE TO BIDDERS

Notice is hereby given that the Commissioners' Court of Foard County, Texas, will, on the 8th day of November, A. D. 1976, in its usual meeting place in the Courthouse at Crowell, Texas, proceed to receive and consider competitive bids for the purchase of the following described road machinery:

"Not less than one and one-fourth yard Track Loader, with hydraulic rear ripper, powered by diesel engine of not less than 75 Horse Power, the weight to be in comparison to such Horse Power, fully equipped with Torque converter, power shift transmission, hydraulic track adjustments, lifetime rollers, lights and other standard equipment, together with track roller guards, and fully enclosed cab and heater."

and will at such time let a contract therefor if any bid be accepted; all such bids to be made as required by law, but the Court reserves the right to reject any and all bids received. The successful bidder shall be required to execute a good and sufficient guaranty as to the uniform fitness of such machine and its soundness, and if required, to furnish a good and sufficient bond, executed by some surety company, authorized to do business in this State, in accordance with the provisions of Article 5160, Revised Civil Statutes of the State of Texas, 1925, and amendments thereto.

The Court offers as a trade-in and as part payment one 1967 Case Crawler Tractor Loader Ripper which may be inspected at the County Warehouse in Crowell, Texas; if any bid be accepted by the Court, it is the intention of the Court to pay the balance of the purchase price out of the Revenue Sharing Funds allotted to the County.

**PUBLISHED BY ORDER OF THE COMMISSIONER'S COURT OF FOARD COUNTY, TEXAS,** pursuant to Resolution passed by said Court on the 25th day of October, A. D. 1976, such Resolution being of record in Volume 8, page 565, of the Minutes of the Commissioners' Court of Foard County, Texas.

## Permits Are Required for Sandhill Hunt

The western third of Texas opens to lesser sandhill crane hunting beginning Oct. 30 in Zone A and Dec. 4 in Zone B.

In an effort to learn more about the sandhill cranes and harvest of the big birds, the state and federal governments require each hunter to obtain a permit before hunting the cranes.

Such permits are available at no charge upon written request from the Texas Parks and Wildlife Department, 4200 Smith School Road, Austin, Texas 78744. Those requesting the permits must submit their name and mailing address. One hunter can write the department requesting permits for himself and his friends if each hunter is listed by name and address.

Pull pockets of heavy garments to the outside for faster drying whether drying by machine or on a clothesline, advises Marlene Odle, clothing specialist with the Extension Service.

### AGRICULTURE EXTENSION SERVICE

**FROM OSHA FOR A Y**  
As of Oct. 1, all farms and other enterprises defined as agricultural operations have 10 or fewer employees at any one time are exempt from all requirements of the Occupational Safety and Health Act (OSHA) for the year. The change results from amendments to appropriations bill for the Department of Labor, Health, Education and Welfare; all OSHA operating funds for fiscal 1977 that bill. OSHA restrictions are designed to give relief to small farms, says agricultural safety expert for the Texas Agricultural Extension Service.

## FEEDING T-E LIQUID FEED IS SO EASY IT COULD SPOIL YOU

When you get out of bed in the morning, your supplement feeding chores may already be done for days to come—if you're feeding T-E Liquid Feed Supplement.

Because one refill of the free-choice range feeders will take care of your herd for about ten days, using a T-E feeder for every 75 to 100 head. All you have to do is make the rounds, once every ten days, stopping at each feeder long enough to watch it fill up.

T-E Liquid Feed Supplement cuts out most of the time, labor and equipment connected with dry supplements. . . saves you money.

The proof of T-E Liquid Feed Supplement is in the extra quality your animals will show—extra energy, extra good health, extra gain. And that means extra profits from your range feeding program.

T-E Liquid Feed Supplement along with adequate roughage, minerals and water, is the easy way to be sure your animals are getting the protein, phosphorus, vitamins and trace minerals they need for energy and growth.

Of course, you do have to get out of bed—at least every ten days. Otherwise it could spoil you.

### T-E LIQUID FEED SUPPLEMENT IS MADE FROM A PATENTED FORMULA

The basic ingredients of T-E Liquid Feed Supplement are urea, phosphoric acid, molasses, vitamins A, D and E and trace minerals. The urea is chemically inhibited (by the patented formula) with phosphoric acid and molasses) to control the release of nitrogen and pace its conversion into protein for more efficient use by the animal.
