## Crowell Native Wins 4-H Award in Vernon

Dean Hofmann, Foard County native and senior in Vernon High School, was presented with the Gold Star award at the annual Wilbarger County 4-H Awards banquet in Vernon

Monday night. Dean is the son of Mr. and Mrs. Newell Hofmann of Lockett, former residents of Crowell.

Dean's sister, Kathy, received the horse award in the girls division of the awards program and their grandmother, Mrs. Roy Hofmann, who has been an adult leader 36 years, was presented a flower arrangement.

## Wheat Loan Rate Raised for County

The wheat loan rate for Foard County has been raised from \$1.53 to \$2.28 per bushel, according to information released this week by the Foard County ASCS office.

Anyone interested in a warehouse or farm stored loan should contact the local office for more information. Joe Sabbe, executive director of the Foard, ASCS, says March 31, 1977, is the final day to request a 1976 wheat loan.

## Ron's Radio, TV Sets Grand Opening

The grand opening celebration of Ron's Radio and TV on the south side of the square in Crowell has been set for Thursday, Friday and Saturday of this week.

Mr. and Mrs. Ron Denton, owners of the business, are inviting all area residents to visit them in their new store. The Dentons bought the business from Marion Crowell back in late summer. They have recently redecorated the building.

Mr. Denton is an experienced television and radio repairman and he is assisted by Joe Mark Smith, another experienced TV repairman. The business handles the Zenith line of television and radio sets.

A drawing for free gifts will take place at 2 p. m. Saturday, Mr. Denton says.

## Agenda Set for School Board Meet

A six-item agenda has been announced by Supt. Larry Jones for the regular monthly meeting of the Crowell school board set for next Monday night, November 8, starting at 7 p. m.

The agenda consists of the following: 1. minutes; 2. approve payment of bills; 3. Greenbelt Co-Op. Agreement (special education); 4. curbing and door report; 5. taxes for 1977; 6. bus driver training.

## FOUR NEW VEHICLES

Four new vehicles were registered here last week, as follows:

Oct. 25, Dessa Black, 1976 Chevrolet coupe; Oct. 26, Douglas Rochelle, 1977 Chevrolet El Camino; Oct. 27, Clark Brown, 1977 Chevrolet pickup; Oct. 28, George C. Steele, 1977 Chevrolet sport van.

## 2.56 Inches Here in Crowell

# Heavy Rains Soak County Last Week

## Truscott Area Gets Rain Last Week

Paul Bullion, who operates the U. S. National Weather Service's station at Truscott, told the News Monday morning that last week's rain at Truscott totaled 3.05 inches. He added that the Gilliland area to the east of Truscott received more than was recorded at the weather station.

Bullion added that the total rainfall for October at Truscott was 6.14 inches, while the total for the year there was 17.47 inches. Bullion said that the Gilliland area received from 7 to 11 inches during the entire month of October.

He said that there are still many fields in that area that have not been sowed.

## Cotton Acreage Not Harvested Must Be Appraised by ASCS

Cotton acreage that is not harvested will have to be appraised by someone from the Foard County ASCS office before it can be eligible for a disaster payment, Joe Sabbe, executive director of the Foard ASCS office, told producers Tuesday.

Sabbe added that harvested cotton acreage that the farmer thinks might be eligible for a disaster payment must be reported to his office within 15 days after completion of harvest.

All farms that planted cotton will have to report their production, and Sabbe said, "We have mailed out cards for you to report your production. Take these cards to your gin to be completed. Put all production from one farm on one card, more than one gin can use the same card."

## Two Football Games Set Here Tonight

The Crowell junior varsity and junior high football teams close their 1976 seasons at Dick Todd Field tonight (Thursday) when they host teams from Knox City.

The Crowell junior high game will begin at 6 o'clock. Crowell's Wildkittens are undefeated in district play and can clinch the championship of this north half of the district with a win over Knox City.

## Foard Election Results Due Next Week

On Tuesday, November 2, general election day across the nation, polls closed in Foard County at 7 p. m. The Foard County News must be ready to be turned over to the printer by 4:30 p. m. Tuesday.

With this conflict in deadlines, results of balloting in Foard County in the general election will appear in next week's issue.

Almost a whole week of rain last week brought Foard County land to its wettest since about a year ago, when the county also experienced a wet fall.

Last week's moisture began Tuesday night, continued all day Wednesday, Thursday and Friday, ending sometime Friday night. About 11 a. m. Thursday, a light sleet fell, but was not sufficient to cause any accumulation. The moisture fell extremely slow as after the nearly four days of rain, the official measurement by the government gauge was 2.56 inches.

Most of the county received as much or more than was recorded here and some run-off in scattered sections put some water in stock tanks.

Heavy rains to the northwest of Foard County caused Pease River to rise and the low-water bridge over Pease River north of Crowell was under water for a time Friday, causing traffic from Crowell to Quanah to be re-routed by way of Vernon. The bridge was re-opened Saturday.

October rainfall here in Crowell measured 5.96 inches which is the most moisture for that month here in at least 20 years.

## 101 Foard Residents Vote Absentee

A total of 101 Foard County residents cast absentee ballots in the general election held Tuesday, Nov. 2.

## Wildcats Go to Hamlin Friday

Crowell Wildcats and Hamlin Pipers, the undefeated teams in the line when they met Friday night at 7:30 at a game that will in stability decide the champion.

The Pipers, who only dropped from 2A to 1A, have won 7 of 11 games played, losing only in a 19-20 game to the season. They are currently in the season by a 13-7 and 47-2 in their district game.

The district competition, over Monday 12-0.

defeated Knox City 35-0, blasted Paducah 27-6, defeated Aspermont 49-7 and last week won 17-8 over Haskell.

The Hamlin team has a halfback, who Coach Printiss Gidney says weighs about 200 pounds and "has speed to burn."

The Wildcats have District 7-A wins over Rotan, Knox City, Paducah and Aspermont and tied the Munday Moguls 0-0. In non-district action, the Cats are 1-1-1.

A large delegation of Wildcat supporters is expected to follow the team to Hamlin for this battle.

## School to Be Dismissed Early Friday

School will be dismissed at 2:30 p. m. Friday, November 5, Supt. Larry Jones announced Tuesday. The early dismissal is to allow plenty of time for students to attend the football game in Hamlin that night.

The pep rally Friday afternoon is set for 2:10 p. m. in the gym with school to dismiss at the conclusion of the pep rally.

## New President of WSL to Be Installed

Mrs. Gussie Turner will be installed president of the Women's Service League at a covered dish dinner at 6 p. m. Thursday (today) at the community center. Other new officers will include Mmes. Marlene Fox, first vice president; Gladys Ballard, second vice president; Marjorie Oliphant, secretary; Marietta Carroll, reporter and Ruth Andrews, parliamentarian.

New directors are Mmes. Ila Borchardt, Wilma Cates and Cornelia McDaniel. Mrs. Fox is retiring president.

## County Far Short of Bond Sales Goal

August sales of Series E and H United States Savings Bonds in Foard County were reported this week by County Bond Chairman Pauline Scott. Sales for the eighth-month period totaled \$10,504 for 18% of the 1976 sales goal of \$60,000.

Texas sales during the month amounted to \$26,412-532.

**AMBULANCE**—Dr. Walter Stapp, physician, left, and M. M. Welch, chairman of the Foard County board of directors, are pictured above standing in front of the new ambulance for Foard County which was delivered last week.

## Wildcats Rap Aspermont 27-0

	Crowell	Aspermont

Yards rushing	329	67
Yards passing	31	2
Passes intercepted	1-2	1-4
Punts	0	0
Fumbles lost	1-25	4-30
Yards penalized	1	4

The Crowell Wildcats continued their undefeated skid in District 7-A football action last Friday night at Dick Todd field as they defeated the Aspermont Hornets 27-0 in a game played in the rain on a field soaked by nearly four days of continuous downpour.

Terry Glover burst through the Hornet line and galloped 83 yards for Crowell's first touchdown. Try for extra point failed. Still in the first quarter, Oran Carroll blasted in from three yards out for a touchdown and then he kicked the extra point.

In the second period Wildcat quarterback Tommy Tamplen on a keeper went in from 3 yards out. Try for

extra point failed. Just before the half, the Cats trapped an Aspermont back in the end zone for a safety to make the halftime score 21-0.

C. B. Sparkman scored the Wildcats' final touchdown of the night and again the try for extra point failed to make the final score 27-0.

Other Wildcats seeing action in the contest were Willie Bachman, Marvin Coleman, Mark Christopher, Steve Criss, Jerry Daniel, Michael Daniel, Norman Hopper, Erwin Jackson, Rocky Marlow, Ramiro Quintero, Randall Russell, Gilbert Torres Jr. and Jay Wall.

## Band Gets I Rating in Marching Contest Tuesday

The Crowell High School Wildcat Band, under the direction of James Streit, continued its championship ways in Wichita Falls by receiving a Division I rating in the University Interscholastic League marching contest held at memorial stadium Tuesday.

The Wildcat Band, currently the Class A Honor

Band for the State of Texas, performs under the leadership of Drum Major Paul Whitley during the half-time performances at football games and during the marching contest.

Last year, the Crowell band received a Division I in marching and the following spring received Division I in sight reading and concert to attain the coveted

sweepstakes award. A movie of the band's performance in Wichita Falls was made and it will be shown at a future meeting of the local band boosters.

Among the area class A bands in the competition, Holiday and Archer City also received Division I ratings. Munday received a II, Paducah III and Knox City IV.

**STUDENT COUNCIL NEWS**  
Due to inclement weather Friday night, the carnation of the Spirit Queen was postponed until Monday.

The gymnasium was a beautiful setting where a balck and gold canopy accented the elevated throne chair. As the band played "Have You Never Been Mellow", Student Council Secretary, Jonna Naylor, introduced the queen nominees, attendants and escorts. The nominees and attendants were appropriately attired in formals. They were: Senior—Mary Barrera, escort James Aranda. Junior—Ester Quintero, escort David Westover. Sophomore—Susan Quintero, escort Terry Boren. Freshman—Delma Barrera, escort Mike Brown. Michale Daniel, Student Council Vice-President, carried the queen's crown on a pillow, and Bobby Powers, Student Council

**SENIOR OF THE WEEK**  
Jimmy Daniel, son of Mr. and Mrs. R. C. Daniel, is the Senior of the Week. An active member of FFA, Jimmy enjoys listening to all types of music. He is a Scorpio and his pet peeve is "people who comb their hair in class." His family and friends are the most important people in his life, and his future plans are to go to college. His favorite song is "Devil Woman."

**PRIDE OF '77**  
Miss Mary Barrera, attired in a floor length autumn dress, was crowned Spirit Queen by President William Bachman. Congratulations, Mary. Her escort was James Aranda.

**SUPER SOPHOMORES**  
Last week was a fun-filled, but short week, as we took a day off while the teachers attended the TSTA meeting, in Vernon.

Susan Quintero was selected as Sophomore attendant for the 1976-77 Spirit Queen. The band has been working hard these past few weeks for contest on Tuesday. Sophomore band members are: Patsy Williams, Renee Norman, Jill Bell, JoAnna Hord, Jonna Naylor, Hedi Vecera, Debra Walker, Susan Quintero, Carolyn Halsell, Carol Kuehn, Gail Fish, Donnell Banks, Walter Banks, Abel Cerda and John Thomas.

This week we travel to Hamlin, where the mighty "Cats try for another big victory. With lots of support this can be accomplished. Soph. say all the way.

**FAR-OUT FRESHMAN**  
This week the Freshman class would like to give a tribute to our parents. Dear Mom and Dad: We haven't been around long but we've been around long enough to know that life

would be extremely different without you. You gave us our start in this life. We stumbled and fell a lot and sometimes we almost gave up, but you kept us going. We grew physically, mentally, and spiritually with your help. We remember the happiness that we felt when we could finally say to you, "hey, I'm in high school!" We try to make you proud of us. Sometimes we feel as though we fail. We would like to thank you for your love and for life, the best gift you could give us. Thanks again. The class of 1980.

**JIVIN' JUNIORS**  
Last week students attended school only four days. Teachers had a TSTA meeting Friday in Vernon. This Tuesday the band went to marching contest in Wichita Falls. Class officer pictures were taken Thursday of last week. The Wildcats defeated the Aspermont Hornets 27-0. This week the "Cats play the Hamlin Pied Pipers. Juniors say "Penetrate the Pied Pipers."

The 5th and 6th grade G. A.'s of the First Baptist Church brought us a Halloween poster and treats for our residents.

The staff and families, friends and the residents had their Halloween party Friday night. We had games, a fishing pond and a fortune telling booth. The staff had as much fun as the children and residents. There were some pretty wild costumes and get ups. C. C. Browning and Grace McLaughlin won the door prizes. Friday was set aside for tacky day. The staff showed up for work in some pretty far out clothes. The residents enjoyed seeing us, but secretly they probably think we are nuts.

Out of town visitors in the Center were: Mr. and Mrs. G. W. Sikes of Springfield, Mo., who visited his aunt, Jane Bond, Mrs. Glen C. Lewis and Eula Bryant of Lockney visited with Bennie Glover. Mrs. Isla Corley, Jan Corley of Rochester visited E. G. New, Mr. and Mrs. Rex Haynie of Andrews visited with the staff and residents, Mr. and Mrs. Dean Wright of Frich visited

Indians and skydivers will join chili aficionados for the fourth annual Chili Cookoff to be sponsored by the Chillicothe Chili Pod Sunday, November 7, in downtown Medicine Mound.

A "Bowl of Big red" will be the order; if the day—in fact of the week end, as chili lovers from over Hardeman County and north Texas gather for the ceremonial and fun-loving event.

Plans call for a group of Kiowa Indians from the Lawton area to camp Saturday night and entertain the group with ceremonial dances.

As an added attraction and rather unusual attraction the Motley, a sky-diving group from Fort Worth with a penchant for chili, will sky dive into Medicine Mound Saturday and stick around for the competition.

The group won the Wichita Falls cookoff last year and will take part in the Hardeman County event, particularly the showmanship part.

From 20 to 30 contestants are expected to take part in the cookoff this year which will get underway at 11 a. m. and continue through 4 p. m. Sunday.

**VISIT HERE**  
Mr. and Mrs. David Shuit and children, Heather, Robyn and Scott, visited from Wednesday until Sunday in Crowell with her parents, Mr. and Mrs. Henry Fish. The Shuits have made their home on Jacksonville, Fl., for the past six years where he was stationed with the Navy. Mrs. Shuit, the former Martha Fish, a registered nurse, was on the staff at the university hospital for a few years and also worked as a community health nurse and county health nurse.

Mr. Shuit has retired from the Navy and they are moving to the Los Angeles, Ca., area.

Miss Bernadette Greening, who attended the Farm Bureau-sponsored Citizenship Seminar in Waco last July, told members of the Rotary Club about her experiences at the seminar when the Rotary Club of Crowell had its regular noon luncheon Wednesday of last week. Miss Greening said there were 440 young people attending the seminar from over the state. She said discussions and films at the seminar stressed that not only is communism a threat to this nation, but those of us in America who shy away from our responsibilities are also a threat to this nation's well being.

Miss Greening was introduced by Rotarian Roy Whitley. Visitors included three student guests: Gilbert Torres Jr., Erwin Jackson and Rocky Marlow; and Rotarian Ross Hendricks of Vernon.

## Sign Removal Is Costly and Dangerous

It costs the people of Texas some \$750 thousand dollars each year because a few people steal or damage traffic signs, lights, barricades and other traffic control devices. In fact, it seems to be the fashionable thing to do among certain groups of people.

It's very simple to go out at night and steal one of the bright red stop signs that adorn countless bedrooms and dens throughout the state. And it doesn't take much skill to destroy a yellow sign or flashing light when a shotgun or rifle is used at close range. And it only takes a few seconds to ruin a sign when a can of spray paint is used. Of course, anyone with a vehicle that has enough clearance and a strong bumper can just drive right over sign posts and the delineators at the side of the road.

The sad thing is, these things happen frequently throughout the state. In the thirteen-county area of District 25, with headquarters in Childress, some \$36,000 was spent between September 1, 1975 and August 1, 1976, just to replace signs stolen or damaged.

That beautiful 48' stop sign in the bedroom, the one that adds so much to the decor, cost the state a minimum of \$70 to replace when labor and equipment costs are included.

That's not the entire story...there's another side that needs to be told. Not too long ago, in East Texas, a multiple fatality occurred when two cars met in a highway intersection. One of the cars didn't stop for a stop sign...the reason was that the stop sign had been stolen only a short time before. The sign, which probably was used for a wall decoration, cost several human lives.

Persons apprehended in relation to stolen or damaged signs or signals can be fined as much as \$200 for each offense, plus court costs and the cost of replacing the property they took or destroyed.

It just doesn't seem fair, somehow, that the decorating whims of a few should cost the state so much money...and cost fellow Texans so much grief and suffering.

Texas peach producers harvested 333,000 bushels of peaches valued at \$3,520,000 during 1975, according to Agriculture Commissioner John C. White.

## Museum News

Mrs. Virgil A. Johnson  
Chairman  
Foard County  
Historical Commission

This week, we had visitors from several points in Texas, Florida and California.

When you come to the museum, you will see something new in the kitchen—a little girl churning. The life-size doll was dressed by Bettie B. Gafford and is a real addition in the kitchen.

We have had numerous requests from those who have not seen the museum to tell something of some of the items in the museum.

As one enters the front door, a beautiful quilt may be seen. This quilt was started in January 1928 by the ladies of the Thalia Baptist Church for the purpose of raising money for their new church. Names were embroidered on the quilt and the names were written in a book. \$1,173.70 was raised from the sale of names on the quilt.

On September 24, 1928, the quilt was placed in a chest, buried under the pulpit in the church, there to remain for twenty-five years.

Mrs. C. C. Wheeler was president of W. M. U. when the quilt was buried and when it was taken out. It was brought to the museum by her two daughters, Mrs. Oneal Johnson and Mrs. Loyd Fox.

One of the most interesting displays in the museum is Wilma Cates' private collection of depression glass. More than 200 pieces are displayed in a case given by Mrs. Monroe B. Karcher in memory of her husband.

One of the twenty-two pieces of furniture which were refinished for the museum is an organ which was bought from Sears by Luther and Abigail Flowers Solis in 1908. It was brought to Foard County in 1918 and was given to the museum in honor of their parents by Mae Solomon and Bessie Green.

In the museum is the Commencement Exercise program for 1909, Crowell's second graduating class. A member of this class was Mary Elizabeth Allee (Mrs. R. R. Magee.) Besides it is the program for the 1935 graduating class of which her son, Milton Magee, was a member. He became the first second-generation graduate of Crowell High School.

Mrs. Jim Woodard of Vernon gave us a white dress for a child. We appreciate the dress very much.

Our cash donor this week is Geraldine Smith \$5.00. Volunteer hostesses have been Marie Callaway, Ethel Ferguson, Lillie Mae Copelin and Edna Sanders.

## Fix-It Festival Held Last Friday

The Foard County Fix-It Festival held last Friday at the community center with attendance cut by the rainy weather. The festival, originally set to be held in the ag pavilion, was moved to the community center because of the weather.

The fix-it festival, first of its kind to be held here, featured five different areas of home repair. The first topic was "weatherizing your home" presented by the Quana Builders Supply.

"Electrical repairs" was the second topic and it was presented by E. V. Price from the West Texas Utilities Co. in Childress.

"Faucet repairs" was the topic of Cotton Owens, and "toilet repairs" was presented by Charlie McDaniel. Final subject was wall fastening devices and repairs and it was presented in the form of video tape.

The 4-H junior leaders served lunch at the noon hour, and the program was concluded about 2:30.

The family living sub-committee which sponsored the fix-it festival is composed of Mrs. Thelma Garrett, Bernice Carroll, Virgil Johnson, Willie Garrett, Lee Tucker, Henry Aranda and Glen Jones. Mrs. Thelma Garrett is chairman of the committee and Mrs. Loretta Hardin is the advisor.

### Crowell JV Loses Game at Munday

The Crowell junior varsity football team lost to Munday JV at Munday last Thursday night in a game played in a steady downpour of rain. Fumbles proved most costly to the Wildcats as one of the Cat fumbles gave the Moguls a touchdown. Final score was 12-6 in favor of Munday. Andy Lopez scored Crowell's only points when he returned a kickoff the distance for a touchdown. Randall Ryan is coach of the Crowell junior varsity.

### Questionnaires to Be Sent to Texas Farmers

During the last half of November and in December, 75,000 farmers and ranchers will receive either a survey or livestock questionnaire from the Texas Crop and Livestock Reporting Service. Accurate estimates have always been of great

importance to producers and are even more important in light of the supply-demand situation facing agriculture today. Joe Sabbe of the Foard ASCS office said this week.

Data collected in this survey will provide an accurate picture of agri-

culture for each county and the state of Texas. Sabbe urges each farmer receiving a questionnaire to fill it out carefully and return it promptly to the agricultural statistician in Austin. He added that reports are confidential.

### Comptroller Sets Area Meetings

Comptroller Bob Bullock announced that a representative from his Wichita Falls Field Office will be in Vernon on Tuesday, November 9, and in Quanah on Wednesday, November 10 to answer questions from taxpayers and provide assistance in filing tax returns.

Bullock said Enforcement Officer Georgia Gunter will be at the Court House in Vernon on Tuesday from 1 p. m. to 5 p. m. and at the Court House in Quanah on Wednesday from 1 p. m. to 5 p. m.

"I hope local merchants will take this opportunity to get any questions they have about the sales or franchise taxes answered," said Bullock. "A little straight information can save us both headaches."

The Wichita Falls Field Office, headed by Ronald W. Watkins, serves Montague, Winthorst, Wilbarger, Foard, Hardeman, Young, Throckmorton, Archer, Knox, Baylor, Jack and Wichita Counties.

## Farm-facts

A Weekly Report Of Agri-Business News  
Compiled From Sources Of The  
TEXAS DEPARTMENT OF AGRICULTURE  
John C. White, Commissioner

### Cattle On Feed Declines... From 1867 To 1976... \$3.10 To \$57.70.

The number of cattle on feed in Texas and nationwide is showing a downward trend, according to the latest report from the Texas Crop and Livestock Reporting Service.

Cattle and calves on feed in Texas feedlots totaled 1,460,000 head as of Oct. 1. This is down two per cent below a year ago and is one per cent below the Sept. 1 count.

Nationwide, cattle and calves on feed were down less than one per cent from a year ago.

Feedlot operators in Texas intend to market 800,000 cattle through the rest of this year. This would be 55 per cent of the number on feed as of Oct. 1 and represents an increase of four per cent from marketings during the same period a year ago.

Cattle and calves placed on feed during the July 1 to Sept. 30 quarter totaled 921,000 head; this is seven per cent below the corresponding quarter last year.

Marketings of fed cattle from Texas feedlots totaled 1,001,000 during the July 1 to Sept. 30 quarter; this is up 36 per cent from the same period in 1975.

In the October totals, steers accounted for 62 per cent of the cattle on feed and heifers made up 48 per cent.

**IF YOU THINK LIVESTOCK PRICES ARE LOW** now, consider prices of 40 years ago and even a century and more ago.

A hundred years ago, the average cattle price was less than \$9 per head; the year of 1868 was apparently the lowest ever, with an average value of slightly more than \$4 per head.

These and a host of other figures about the Texas livestock industry from 1867 through 1975 are contained in a report titled Texas Historic Livestock Statistics.

On a price-per-pound basis, the report begins with the year 1924. And as you might expect, the low years were in the Great Depression of the 1930's.

Cattle prices in 1932, 1933, and 1934 ranged from \$3.10 per hundredweight to \$3.30. Calf prices ranged from \$3.60 to \$3.90 per hundredweight.

The highest average price per pound for cattle came in 1973 with a 44 cent figure. The highest price for calves was also in 1973 with a 57.70 cent average.

The year of 1873 records the lowest total number of cattle in Texas, with 4,600,000 head. Last year, the record number of cattle and calves in the state was set with 16,600,000 head.

Hog prices had their ups and downs, too. In 1867, the value of a hog was placed at just under \$2. The highest hog price came in December of 1975 with an average value of \$67.50 per hundredweight.

Lamb prices have varied from a low of \$2.35 in 1932 to \$16.40 in 1973.

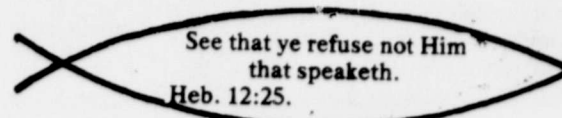

Milk cows ranged in value from a low of \$6.70 per head in 1869 to a high of \$380 in 1974.

**FEED ADDITIVE TESTED IN BREEDING HERDS**  
Research conducted by Texas Agricultural Experiment Station scientists shows that monensin, a new feed additive cleared only for feedlot rations, may be profitably fed to the beef breeding herd with no ill effects. The research conducted at Overton by Dr. R. D. Randel tested the effect of monensin on growth and reproductive

performance of heifers as well as its effect upon lactation and calf and cow performance.

Mr. and Mrs. Jerry Crouthers of Chillicothe, Ill., are here visiting Mr. and Mrs. Leotis Roberts.

**HOW NATURAL POLLUTION STYMIES JOBS**

Large sections of the United States, particularly industrialized areas, are virtually foreclosed to future economic development because pollution in the atmosphere violates federal air quality standards. But rigid regulations bar development in less developed regions as well. The culprit: Mother Nature. Nature creates its own form of smog. In Virginia, for example, a federal permit has been denied for an oil refinery near Portsmouth because of excessive hydrocarbons created by the process of vegetation in the Great Dismal Swamp, a 750-square mile marsh tract stretching 30 miles from Virginia into North Carolina. The federal regulations do

not distinguish between these hydrocarbons and those produced by automobile exhausts. Once in the atmosphere hydrocarbons create pollution by interacting chemically in sunlight with other oxidants over the vast swamp. The phenomenon poses a serious threat to economic development and creation of new jobs. The Chamber of Commerce of the United States believes variances from the standards or exceptions, should be made to permit new or expanded industry, otherwise natural pollution will arbitrarily shut out further economic activity in large areas of the country.

The Great Dismal Swamp in Virginia, a major source of natural air pollution, which stands in the way of construction of a new oil refinery. Striped areas on the map, above, indicate areas where pollution levels — federal standards do not distinguish between natural or man-made pollution — violate federal regulations and therefore choke off future economic development.

There are 100 billion stars in our galaxy. From the earth only about 6,000 of these are visible to the naked eye.

# Series Begins on Child Abuse

This is the first in a series of articles on child abuse and neglect. It is part of a regional design sponsored by the Department of Public Health. This week's article is on how to identify child abuse and neglect. It was late on a wintry night and six-month-old Barbara was crying. She wasn't a whisper or a sob. It was a full wailing that wound up in the air raid siren. She was hungry. After all the crying and pain that followed, it didn't seem to matter

much what it was that Barbara was trying to say. Her mother, already pregnant with her second child, remembers lying in bed and beginning to hate. She hated Barbara for her crying and herself for her hate. As the cries from the nursery crossed that line into shrill screams, Barbara's mother also crossed a line in her mind. First, she went to the kitchen assuming that the baby was hungry. She plopped a bottle into a saucerpan filled with water and turned the flame on full. After the water had come to a

boil, she tested the formula on her forearm to make sure it wasn't too hot. But she wasn't sure of this, and that didn't really matter either. Because what Barbara's mother did was set the bottle aside on a counter and walk into the nursery with the pan of scalding water. She stood over the crib and poured the water on Barbara, the child she had so desperately wanted through three barren years of marriage. Barbara's screams changed, becoming higher, louder, more urgent. Her father roused himself, went into the nursery and found his critically burned child writhing in her crib. Nearby was his wife, pan held limply at her side, eyes blank.

Barbara's bed clothing kept enough of the scalding water from reaching her skin that she survived to join a sad army of children attacked and grievously hurt by their parents each year in America. So how do you identify child abuse and neglect? The American Humane Association's Children's Division suggests some key signals of abuse and neglect which may be present in a child's appearance or behavior.

1. Clothing inappropriate for the weather.  
2. Unusual fatigue or listlessness.  
3. Lack of proper nourishment.  
4. Physical injuries or complaints.  
5. Unattended medical problems, such as glasses or dental work.  
6. Unusual shyness or aggressiveness.  
7. Frequent tardiness or absence from school, or early arrival and delayed departure from school.

The Texas Department of Public Welfare divides child abuse into three categories: 1) physical abuse, or inflicting physical injury on a child; 2) sexual abuse, or forcing a child to engage in sexual activities; and 3) emotional abuse, which is regularly and over an extended period of time, demanding that a child do more than he is capable of doing and criticizing and humiliating him for not living up to the demand; or making such unclear requirements that the child simply cannot understand what he is supposed to do.

Child neglect is divided into two categories: 1) physical neglect, or the failure to provide sufficient food, clothing, shelter, medical care, education, guidance and supervision; and 2) emotional neglect, or the failure to provide a child with love and affection. Doctors, emergency hospital staff members, social workers and judges usually list a number of methods when referring to child abuse and neglect. These include beating both with hands and weapons, kicking, torture, strangling, incest, rape, other sexual abuses, suffocation, drowning, shooting, stabbing, scalding, burning, poisoning, dismemberment, starving, imprisonment, freezing or crushing.

"There is no act too violent or sadistic that has not been carried out on some child, somewhere," an intern in a children's ward said. No national statistics exist for child abuse and neglect, but many experts believe at least two million children are seriously abused each year by adult attacks. About 25 per cent are said to be seriously, sometimes permanently, injured. Perhaps 6,000 are killed. According to CANRIS (Child Abuse and Neglect Report and Inquiring System of DPW), there were 34,828 reported cases of child abuse in Texas in the last annual reporting period (March 1975-March 1976), including 20,112 cases which were proven. At least 86 Texas children died as a result of abuse last year. It is one of the leading causes of infant mortality in the United States. "The most startling statistic of all," said Barry Fredrickson, regional administrator in Abilene for the State DPW, "is the number of situations involving abused children which are not reported. Abused children range in age from infants to adolescents, with 50 per cent of the abused being six years of age or younger. We've also found that there is not a socio-economic barrier for child abuse and neglect. The upper income, the middle income and the lower income have all been reported for child abuse and neglect. "We encourage everyone to call their local welfare office or the state-wide hotline number if they know of any case of possible child abuse and neglect," said Fredrickson. "The hotline number is 1-800-292-5400. In any case, you may save a life."

(Next week: What are the characteristics of a child abuser?)

**SEEDS FROM THE SOWER**  
By Michael A. Guido, Metter, Georgia

One night the sea lashed into fury as a man rowed his small boat across the churning billows in a desperate struggle for his life. The skies were dark and angry except for one bright star, and the man fixed his gaze upon it as his only hope for survival. There was an artist who captured this scene and he chose for his caption: "If I lose that, I'm lost!" What a dramatic picture for us in these days of storm and stress. And Living Psalms 145:15, states, "The eyes of all mankind look upon You for help." While our Lord was here on earth He fixed His eyes on His heavenly Father. He exercised constant and complete dependence on Him. He said, "I live by the Father."

Every Christian is a dependent man. "Without Me," said our Lord, "you can do nothing." The original language is stronger than this: "Without Me - nothing!" The moment we take our eyes off the Lord and stray from this dependence, we lose contact with the source of life and power. As the moon keeps looking to the sun for every gleam of reflected radiance, as the branch keeps looking to the vine for its life, blossom and fruit, so we must constantly look up to our Lord for help.

TEXAS PRESS ASSOCIATION

AUSTIN — Texas legislators will be heading back to Austin next January for another historic session.

One of their priority items — public school finance — already has been laid out for study and opinion sizeups.

A House sub-committee submitted a \$1 billion plan for the state to assume 100 per cent of school costs. Gov. Briscoe unveiled his long-awaited 1977 school finance proposals, together with cost estimates and district ability to pay data, this week.

Fortunately, lawmakers will have another windfall surplus estimated at from \$2 billion to \$3 billion.

They can afford a school plan and still have cash left over, but inflation and increasing demands of state agencies will make budget-making as difficult a task as ever.

Legislators, apparently, are in an economy-first frame of mind. Certainly, state leaders — including Gov. Dolph Briscoe, Lt. Gov. Bill Hobby and House Speaker Bill Clayton — are

Briscoe, Hobby, Clayton, Comptroller Bob Bullock and others will offer their assessments of the 1977 session and its problems at the Texas Press Association's legislative briefing at the

Hilton Inn in Austin November 5.

**Unemployment Drops**

The jobless rate in Texas dipped slightly to 5.4 per cent in September, representing the third straight month of decline, according to Texas Employment Commission.

In August, the rate was 5.5 per cent and in July 5.8 per cent.

TEC Chairman Harold Dudley said the Texas rate is well below the national level of 7.4 per cent for September.

"This pattern of decline is traditional for the season," Dudley said. "The fact that monthly unemployment rates are following seasonal trends indicates we can remain optimistic about Texas' future."

Rates vary widely by areas.

**Air Service Recommended**

A Texas Aeronautics Commission hearing examiner has recommended approval of Southwest Airlines' application to add Austin, Corpus Christi, El Paso, Lubbock and Midland/Odessa to its system.

Examiner John G. Soule's recommendation will go to the commission which has a tentative meeting date set

**STAR-SPANGLED HISTORY**  
HISTORICAL DRAWINGS BY JOSEPH BOGGS BEALE (1841-1926)

"GRANT'S CHARGE AT SHILOH"  
Union Gen. Ulysses S. Grant and his 42,000 troops were ordered to proceed down the Tennessee River. Gen. Don Carlos Buell was ordered to join Grant's forces. Commanding the 40,000 Confederate troops, Generals Joseph E. Johnston and Pierre Beauregard decided to attack before the two Union armies joined. The battlefield was Pittsburg Landing, Tennessee. (The battle is named after a church that stood on the background.) On April 6, 1862, the first day of the battle, Grant was almost overrun. The next day Buell and his 20,000 troops arrived, forcing the Confederate troops to retreat. From the collection of American National Insurance Company, Galveston, Texas.

for December 1.

Southwest now offers economy air service between Dallas, Harlingen, Houston and San Antonio.

If new routes are approved, non-stop service will be added to the following city-pair markets: Austin-Corpus Christi; Austin-Dallas; Austin-Harlingen; Corpus Christi-Houston; Dallas-Lubbock; Dallas-Midland/Odessa; El Paso-Midland/Odessa and El Paso-Lubbock.

Soule said the service would save passengers an average of 34 per cent compared to local service and trunk carrier fares over the same or comparable routes.

**AG Opinion**

A city governing body may spend public funds to defend an elected city official or employee sued in official and individual capacities if the suit involves an action within his scope of authority in the public interest, Atty. Gen. John Hill held.

In other recent opinions, Hill concluded:

The Terry County commissioners court is not required to have an annual independent audit of tax assessor's records, although it may call for one when the public interest would be served.

Imported beef cannot be purchased for governmental purposes.

Legal rate of interest to judgment in an eminent domain case is six per cent a year prior to Sept. 1, 1975, and nine per cent thereafter.

The Structural Pest Control Board may not issue a pest control business license or renew one if the amount of property damage liability coverage by the applicant is

less than \$30,000.

**Funds Redistributed**

Texas Board of Mental Health and Mental Retardation approved redistribution of \$4.1 million in unused funds to its facilities.

Money comes from unexpended balances in construction and operating funds during the 12-month period which ended last August 31.

Money goes to facilities in Austin, Big Spring, Kerrville, Rusk, San Antonio, Terrell, Vernon, Wichita Falls, Abilene, Brenham, Corpus Christi, Denton, Fort Worth, Lubbock, Lufkin, Leander, Mexia, Richmond, San Angelo, Harlingen, Amarillo, Beaumont, El Paso and Houston.

Mattresses were replaced throughout the TDMHMR system in the redistribution due to a recent fire in which a patient was fatally injured. New mattresses will contain borax-treated cotton rather than highly-flammable man-made fibers.

**Courts Speak**

Millionaire Tommy Manville's ninth wife, who accepted \$31,871 on a suit over a screenplay, cannot appeal for more, the State Supreme Court held.

The high court, in another case, set a review of an intermediate court decision directing State Comptroller Bob Bullock to refund \$20,000 in sales taxes collected from a computer firm.

Court of Criminal Appeals reversed a 20-year sentence given a Dallas man for threatening a woman with a faulty B.B. gun.

The court upheld the death penalty for a Harrison County man in a 1973 shooting.

It reversed a Dallas

County marijuana conviction.

**Sales Up**

Comptroller Bob Bullock reported a total of \$33.9 billion in gross retail sales in Texas during the second quarter of 1976, a 17 per cent jump over the same period last year.

Bullock said the growth exceeds all estimates of inflation and demonstrates an improving Texas economy. The analysis showed \$31.5 billion in sales by Texas firms and \$2.4 billion by out-of-state firms. Harris County sales increased 11 per cent to \$8.2 billion and Dallas County sales by 16 per cent to \$5 billion.

**Short Snorts**

Thirteen industries announced new locations in Texas during September, adding nearly \$20 million and 446 jobs.

Operating standards of state and local government pension plans in Texas may come under federal regulation.

**Wildkittens Win in Rain over Munday**

The Crowell Junior High football team, coached by Glenn Miller, took a hard-fought win 16-14 over the Munday Junior High Moguls in a game played in a heavy down-pour of rain at Munday last Thursday night.

Crowell got a bad start when they received the ball. Munday stopped them on three plays and Crowell was forced to punt. The punt was blocked setting up Munday with great field position. It took them only four plays to score, and the try for extra points was good.

Later in the second quarter, Crowell had the ball on the Munday 10 yard line, fourth down and goal. John Henry McGee, Crowell halfback, took a sweep around left end for the 10 yards and touchdown. Robert Newman and Steve White both made key blocks to spring McGee loose.

White added the two extra points with a simple dive play. Halftime score was

8-8. Early in the third quarter, White broke through the middle of the Mogul line and rammed some 45 yards for Crowell's second touchdown. White then added the 2 extra points.

Later in the third quarter, Munday made a long run for 6 points. The try for extra points failed to leave the score 16-14 in favor of Crowell.

The fourth quarter was a see-saw affair with both teams having the ball many times. The rain poured all game long. It was a very miserable night for football but a great night for Crowell. The final score—16-14.

### 30 Years Ago in The News

News items below were taken from the Thursday, October 24, 1946, issue of The Foard County News.

"Sleeping sickness in horses is now with us," says County Agent Joe Burkett. Numerous cases have been reported throughout the state. To date, there have been two cases reported in Foard County.

The Crowell High School football team lost a heart-breaking game here last Friday night to the Seymour Panthers by the score of 12 to 7. Crowell was leading 7 to 6 up until the last 35 seconds of the game when the Panthers scored a touchdown.

Mrs. Audie Brown is the president, Mrs. E. R. Roland first vice president, and Mrs. Glen Shook second vice president of the newly-reorganized Auxiliary of the American Legion here.

Three Girl Scouts, Bobbie Ruth Abston, Rondyn Self and Marcia Kincaid, and their leader, Miss Frankie Kirkpatrick, were visitors and also furnished the program for the Wednesday noon meeting of the Crowell Rotary Club at the De-Luxe Cafe.

World War II service books containing 414 pictures and brief write-ups of Foard County men and women who served in the armed forces are ready for delivery.

Pfc. Travis J. Vecera, son of Mr. and Mrs. Tom Vecera, has been transferred from Keesler Field, Miss., to Chanute Field, Ill.

The marriage of Miss Audrey NeSmith and Fred Collins was solemnized at the parsonage home of Rev. and Mrs. D. D. Denison Thursday evening, Oct. 17, with Rev. Denison performing the double ring ceremony.

In a ceremony solemnized at the Presbyterian Church in Monahans Saturday evening, Oct. 12, Miss Shirley Myers became the bride of James Erwin. Bill Bell of Crowell, uncle of the groom, served as best man.

The Crowell Methodist Church held a welcome service for its new members last Wednesday evening, Oct. 16, in the church basement. Rev. D. D. Denison, pastor, said there had been 96 additions to the church since December, 1945. Singing of hymns was directed by Sam Mills, choir leader.

Louis Pyle left Saturday for Kansas City where he will attend a meeting of Future Farmers.

The county committee of Foard County Agricultural Conservation Association has ruled that October 31, 1946, will be the last day for producers to secure approvals for seeding drilled crops on the contour, according to A. V. Sheppard, secretary of the county committee.

Mrs. Virgil Johnson, Mrs. W. L. Johnson, J. Vance Barker, Betty Guthrie, Billy Johnson and Evelyn Barker attended the sub-district meeting of the Methodist Youth Fellowship at Thalia Thursday night.

Virgil Johnson has returned home after spending several days deer hunting in Colorado.

## FARMERS & RANCHERS—WHO'S PROVIDING FOR YOUR RETIREMENT?

The Individual Retirement Accounts program under the Pension Act of 1974 permits you to set up your own retirement and save money on taxes.

- Your annual contribution is limited to 15% of your earnings, but not to exceed \$1500.
- Your contributions may be invested in several ways including an Annuity or Retirement Income Contract.
- The Contribution is a deductible item on your income tax. The earnings on your investment are tax-free until you receive them starting your retirement at age 59½ through 70½.
- You may qualify as self-employed or through other employment when not covered by a retirement plan.

Nevertheless you should get the facts on the IRA and how it can help you save money.

Just call your Farm Bureau Insurance Agent for these facts.

### CHECK THOSE 1977 SEED TAGS

Farmers buying certified seed to plant their 1977 crop should pay particular attention to the labels on the seed bag—there's been a change. Certified seed sold after January 1 must bear two labels—one certifying the variety and the other indicating a number of seed quality factors, points out a cotton specialist for the Texas Agricultural Extension Service. Farmers must check both labels to get the complete story on the seed. In the past seed was certified for both variety and quality factors.

### Legal Notice

**NOTICE TO BIDDERS**  
Notice is hereby given that the Commissioners' Court of Foard County, Texas, will, on the 8th day of November, A. D. 1976, in its usual meeting place in the Courthouse at Crowell, Texas, proceed to receive and consider competitive bids for the purchase of the following described road machinery:

"Not less than one and one-fourth yard Track Loader, with hydraulic rear ripper, powered by diesel engine of not less than 75 Horse Power, the weight to be in comparison to such Horse Power, fully equipped with Torque converter, power shift transmission, hydraulic track adjustments, lifetime rollers, lights and other standard equipment, together with track roller guards, and fully enclosed cab and heater."

and will at such time let a contract therefor if any bid be accepted; all such bids to be made as required by law, but the Court reserves the right to reject any and all bids received. The successful bidder shall be required to execute a good and sufficient guaranty as to the uniform fitness of such machine and its soundness, and if required, to furnish a good and sufficient bond, executed by some surety company, authorized to do business in this State, in accordance with the provisions of Article 5160, Revised Civil Statutes of the State of Texas, 1925, and amendments thereto.

The Court offers as a trade-in and as part payment one 1967 Case Crawler Tractor Loader Ripper which may be inspected at the County Warehouse in Crowell, Texas; if any bid be accepted by the Court, it is the intention of the Court to pay the balance of the purchase price out of the Revenue Sharing Funds allotted to the County.

PUBLISHED BY ORDER OF THE COMMISSIONER'S COURT OF FOARD COUNTY, TEXAS, pursuant to Resolution passed by said Court on the 25th day of October, A. D. 1976, such Resolution being of record in Volume 8, page 565, of the Minutes of the Commissioners' Court of Foard County, Texas.

SETH HALBERT, County Judge, by order of the Commissioners' Court, Foard County, Texas 17-2tc

## FEEDING T-E LIQUID FEED IS SO EASY IT COULD SPOIL YOU

When you get out of bed in the morning, your supplement feeding chores may already be done for days to come—if you're feeding T-E Liquid Feed Supplement.

Because one refill of the free-choice range feeders will take care of your herd for about ten days, using a T-E feeder for every 75 to 100 head. All you have to do is make the rounds, once every ten days, stopping at each feeder long enough to watch it fill up.

T-E Liquid Feed Supplement cuts out most of the time, labor and equipment connected with dry supplements... saves you money.

The proof of T-E Liquid Feed Supplement is in the extra quality your animals will show—extra energy, extra good health, extra gain. And that means extra profits from your range feeding program.

T-E Liquid Feed Supplement along with adequate roughage, minerals and water, is the easy way to be sure your animals are getting the protein, phosphorus, vitamins and trace minerals they need for energy and growth.

Of course, you do have to get out of bed—at least every ten days. Otherwise it could spoil you.
