NEIGHBORING NEWS.

ITEMS CULLED FROM THE LEADING LOCAL PAPERS.

HAMILTON
Raymond Wilkes is now in Waco, where he has a job with the Katy railroad. His family will follow soon.

Representative Chesley returned to Austin last Friday to resume his duties in the legislature.

Joe E. Williams, G. R. Freeman and F. M. Phelps left Monday for Dallas to meet the directors of the Katy and the Dallas, Cleburne and Southwestern railways, to lay before them Hamilton's claims for the extension.

Owing to the bad condition of his health, Prof. J. J. McCollum, superintendent of the public schools here, has been forced to give up his work for the present.—Herald.

COMANCHE.
Miss Annabel Traylor's class gave a nice home recital at Mrs. E. W. Harris' last Saturday afternoon.

Hon. J. M. Presler has been appointed on the state executive committee of the Good Roads convention which recently met at Dallas.

The street sprinkler began its work this week and did much to allay the provoking dust. E. E. Anthony is superintendent of this department.

A break occurred in the waterworks main Tuesday near the corner at F. E. Adams, and the water shot through the opening forty feet or more into the air.

Rev. Mr. Burnett, the evangelist, delivered a very interesting discourse Wednesday night on the reasons for the establishment of the "Christian" church and the assumption by his church of the name "Christian."

A gentleman living in the vicinity of Pottsville, Hamilton county, has been hunting for a tomahawk which he found in the bed of Cowhouse creek. It is of iron and has done much execution.

A high wind during the closing days of last week made it necessary for the fire company to sprinkle the streets along the business portion of the city in order to lay the dust, which had become quite annoying. The regular street sprinkler is not yet in service but probably will be ere this issue is in press.—Leader.

BROWNWOOD.
J. W. Fortson brought to the News office this week a bunch of

winter turf oats, which contained 412 stalks, all grown from one seed.

A large number of Brownwood people attended the singing convention at Hange Sunday and report an enjoyable time. The attendance was estimated by some at no less than 1500 people.

The Brownwood gun club is making an effort to raise money with which to purchase the Mullins property east of town, the same to be converted into a ball park and shooting grounds for the club. About \$500 will be needed.

Dr. F. D. Shepherd, known more familiarly here as "Prof.,"

who has just graduated from the medical department of the University of Tennessee, has returned to Brownwood. As superintendent of our public schools for a number of years Dr. Shepherd made many staunch friends.

In conversation with the News editor Judge Goodwin said that at the term of district court to be held in Brownwood in May the docket would be the heaviest ever known in the history of the court. There are now on docket something more than twenty-five felony cases and more than one hundred civil suits.

G. N. Harrison started to Austin Tuesday night to lobby against the bill taxing old teachers \$100 per year, which he heard had been introduced in the legislature. At Lampasas he was intercepted by a telegram from Senator Grinnan, saying that it was all a mistake about that bill.

A conference was held at the county judge's office last Saturday with representative teachers from Coleman, Brown and McCulloch counties to discuss ways and means of having a summer normal this year. The three counties through their representatives decided to ask the co-operation of Comanche county and in the event that county joins in the work, have Prof. Evans of Comanche to conduct the normal, assisted by one teacher from each county.—News.

There are some men who will ride a horse to town, tie him to a post in a wet, muddy alley and leave the poor animal there the livelong day without food or water. During all this time the owner of the horse is playing dominoes in some warm room for the beer. He ought to be in the saloon playing checkers with his nose.—Austin Statesman.

It has been for some years a felony in Kansas to steal chickens in the night season. If they can be "swiped" in daylight the act is classed only as a misdemeanor. Here is another Kansas contradiction. As a rule, it is more of a crime in that state to be found out than to do wrong and hide it.—Kansas City Times.

ELECTION LAW.
The new election law as the Terrill act, received the governor's approval and will hereafter be in force in this State. It makes a number of changes in the old system and it is well for the people to commence to study these provisions which make the difference. The Eagle herewith gives a few of the important points and will give others at a later date.

Tax collectors must put a physical description upon tax receipt and if a voter is not subject to a poll tax he must nevertheless get his exemption receipt, which must have his description. In cities receipts on issue to voters only in person. Country people may send a written order and let another get their receipt for them. All ballots shall be official. The county clerk shall have them printed from the list of candidates, officially certified to him by the committee of some political party and the ballots shall be given by the clerk to the election presiding officer, who shall account for every ballot as voted, mutilated or not used. Primaries shall be held in all counties of the State by any political party on the same day, which will result in party nominations for local officers. It is lengthy, embracing 142 sections, and applies to primary, as well as general elections. In primary elections the judges and clerks are to receive compensation to be fixed by the executive committee. An official ballot will be used in primary and general elections.

WE GIVE Premium Stamps

We give one premium stamp with each 10c Cash Purchase.

Premium Stamp Rules

The 30 day business is one of the rules that we mostly desire our patrons to fully understand. What is meant by 30 days is purchases during the month, it matters not whether your purchase is on the first day of the month or the last day it becomes due promptly on the first day of the month and all who pay their accounts on 1st of each month will receive stamps, but those who do not will receive none. Those of you who are collecting stamps we urge you to pay promptly on first of each month as our rules in the matter will not permit us to give premium stamps to delinquent customers and we positively will not give stamps on 30 day accounts unless paid on 1st of each month, and if your account is not paid in full and part left delinquent you will receive no stamps, as our purpose in giving premium stamps is to induce cash trade.

DEERING BINDERS!

I have the sole of the celebrated Deering Binders in the Territory. These machines are known to the farmers all over the United States, and it is useless for me to use space telling of the merits of these binders. If you are thinking of buying a binder and have not decided about the kind, your neighbor will tell you the Deering is the best. We will take pleasure in explaining to you the merits of the machine. Terms are as liberal as are allowed on any of the best makes of binders.

You know the medicine that makes pure, rich blood—Ayer's Sarsaparilla. Your mother, grandmother, all your folks, used it. They trusted

It. Their doctors trusted it. Your doctor trusts it. Then trust it yourself. There is health and strength in it.

There was a very sad accident about three miles north of Cameron. A German farmer undertook to saw down a tree. He cut into it on what is termed the upper side, and the tree split up and bent over to the ground. He had his little daughter, four-years-old, with him. He unthoughtfully sawed the top off the tree, and the body, or leg, sprang back, almost to its natural position. The little girl had slipped up on the sawed stump, and was caught in the cleft and fearfully bruised. The serious hurt was about her neck and

PRIDDY.

Editor Eagle:
Well, I thought I would write to the dear old Bird.
Health of this community is good.

Farmers are all planting cotton and plowing their corn.
A number of young and old people made a trip to Rock Springs last Sunday. They had dinner on the ground, and report having a nice time.

E. M. Meyer, Richard Naundert and Charley Seiders and family took a fishing trip down to the Cowhouse the other day. Charlie Seiders caught a good many fish. Well, I think they did better on a bachelor's hook any way than they would on any other hook.

George Nieman is building a new residence. He said he would give the young folks a dance when the house is completed. We will certainly make father Nieman dance, too, wont we?

Albert Brunsky has been on the sick list for the last week. Mr. Brunsky is working too hard. It is no use for a man killing himself and then have to pay a doctor bill.

TRIGGER MOUNTAIN.

Editor Eagle:
If you will allow me space in your valuable paper I will give you a few dots.

Health of our community is very good at present.
Cotton planting is the order of the day.

Wheat and oats look fine.
Wesley Millard, who has been visiting home folks, left Sunday morning for Paris, Texas.

Dave Goodman and Sid Bohers attended singing at Pickett Springs Sunday evening.
The young folks enjoyed a singing at Mr. Hillard's Sunday night.

Trigger is on the boom. The young folks are going to meet Sunday evening, April 19 for the purpose of organizing a singing class. Every body invited.

Cecil Whitten made a trip to the bayou the other day.
Norman Wetherby and Dave Goodman are talking of going to Colorado City.

RABBIT TWISTER.

Editor Eagle:
As I haven't seen any news from this part of the county I will give the old Bird a few dots.

The farmers are all smiling over so much rain.
Health of this community is very good.

Alon Gatlin returned from the Indian Territory Saturday night, where he has been tending to his father's cattle. He says he is glad to get back to Mills county once more.

Rev. Hays filled his regular appointment here last Saturday and Sunday.

Several of the Jones Valley and Big Valley people attended preaching at Rock Springs last Sunday.

Miss Flora Gatlin, who has been teaching the Washboard school, returned home Sunday. We are glad to see her at home again.

The dance at Henry Morris' Monday night was enjoyed by a nice crowd.
Will Perkins, one of the Hanna Valley's good looking young men, was in the Rock Springs community last week.

John Mills went to Big Valley Sunday.
Elder Perkins of Hanna Valley will preach for us again the third Sunday.

THE SAME ONE—CRYER.

Editor Eagle:
Is I haven't seen any thing from this part in some time will try to give a few dots from our community.
John Roberson is the proud father of a fine boy.

her sister, Mrs. Morris at Blanket.
Rev. French will preach here next Sunday. Every body come. Misses Lura and Clara Quinn and Lizzie Ryan visited Grandma Brown last week and reported a nice time.

BIG VALLEY.

Editor Eagle:
If you will allow me space as news is plentiful, I will drop a few lines from this part of the vineyard.

Health of our community is very good.
E. W. Ligon and family attended church at the other Valley last Sunday.

Corn plowing and cotton planting is the order of the day.
A fine rain fell here Sunday.

Weeds, weeds; we all have plenty of weeds.
Grass is fine, stock is doing well.

Hogs are scarcer than I ever saw, the most of the people of Big Valley have hog pens in Kansas City.

A herd of Frank Bull's cattle passed through here Tuesday from his ranch at Brady en route for home.

Good yearling buyers are scarce down here.
M. V. Nowell and wife and J. W. Young and wife were out at church Sunday.

Rev. Hicks filled his regular appointment Sunday.
Singing at Jim Johnson's, Sunday evening was enjoyed very much.

The attendance at the Young People's Union Sunday was small.
The party at brother Johnson's Monday night was a success.

I will say to your correspondent of Trigger Mountain, that I am one that had rather not hear of a dance, but cannot agree with him that it is no news.

It is very sad news to me and I think all the events of a community should be published so the sister communities could know what they are and who they are, for there is no secret in this world, for it is written, "what is whispered in the ear, in the closet shall be proclaimed on the house top."

Bees are humming and working hard, and people are beginning to go fishing by the wagon and buggy loads. Say Mr. Editor, is it right for people to go fishing and turn their horses loose to eat just a little of Mr. Jones' grass, or to tear down Mr. Smith's fence, kill Mr. Johnson's squirrels or to be shooting reckless at birds flying through Mr. Moore's field.

As a general thing people on the river are comparatively poor and their wives and children work in the cotton patches to buy their little homes and it seems to me that they are entitled to what few luxuries they have of their own.

SCHOLARSHIP CONTEST.

The board of regents of the Denton Industrial College has made it my duty to appoint one young lady to that college from this county. The advantages to be derived by the appointed students are that the incidental fees of \$15 per annum are remitted to them; they will be given preference in the new dormitory when it is completed and their expenses for board will, therefore, be much less than where they pay regular rates for board in the town. In case more students apply than can be accommodated the appointed students will be given preference.

I have decided to hold a competitive examination in order to make a selection of a student from this county. This examination will be made in the common school studies by a board to be appointed by me. Those who wish to compete for the appointment must come before the examining board in my office on May 9, between the hours of 10 a. m. and 2 p. m. Young ladies under 18 years of age are not eligible.

ROBBERY IN THE GRAVE. A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim."

WALKS WITHOUT CRUTCHES. I was afflicted with sciatica, writes Ed C. Nud lowville, Sedgewick Co., Kan., "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 60c bottles. It is the greatest liniment I ever used; have recommended it to a number of persons, all express themselves as being benefited by it. I perform a great deal of labor on the farm 25c, 50c and \$1.00 at Dr. J. H. Logan."

The Eagle appreciates to the fullest extent the good work of its correspondents in all parts of the county. Without their aid the paper would be of very little interest to people in the interior of the county and it would not reflect as much credit upon the county as a paper representing all neighborhoods and communities. It is our constant desire to make the paper better and we always assist the correspondents by cutting out objectionable items and paragraphs that might wound the feelings of some of the friends of the correspondents and it is sincerely hoped that the correspondents who we have assisted in this way will understand the omission of some of the paragraphs from the letters received is a reflection on their ability as writers.

SAVED THE LOVED ONES. Mrs. Mary A. Viet, Newcastle, Colo., writes: "I believe Ballard's Horchord syrup is superior to other cough medicine and will cure it."

CAUTION. This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and readily had that has the largest sale of any medicine in the world since 1865 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Bosche's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe cough, bronchitis, croup—and especially for consumption, where there is difficult expectoration and coughing during the night and morning, there is nothing like German Syrup. The 25 cent size has just been introduced this year. Regular size 75 cents. At all druggists.
