One of the inmates of the
county jail has a disease that
physicians have pronounced
smallpox in a light form. The
victim is Bruton, who has been
in confinement for at least six
months. There is no alarm about
it whatever; a yellow flag flying
at the jail gate gives notice that
the place is quarantined. People
not wanting the disease should
keep out of jail until the new
barracks is completed. It is thought
that Bruton caught the disease
from Mossy, the gent who was
captured at Proctor a week ago
and spent a day or two in the
jail.—Chief.

THE DRY GOODS MAN.

It is to the credit of Hon. Arch
Grinnan, senator from this dis-
trict that he voted against the
passage of the appropriation
bill, which provided for the ap-
propriation of a sum for the
different state departments,
nearly one million dollars in ex-
cess of the estimated revenues
for the next two years.

Hon. C. H. Jenkins, by re-
quest, will on Monday night,
May 18, deliver an address at
the court house, answering the
argument set forth in the circular
being sent over the county by
the anti-prohibitionists. The
leaders of the prohibition move-
ments have decided not to present

a petition to the May term of the
commissioner's court asking for
an election.—News.

LAMPASAS
R. M. Wooley, the photographer
of Bertram, formerly of our city
under the name of Wooley &
Carson, passed through our city
en route to Mills county to spend
a few days.

Some say that cotton and corn
are killed, while others think
that the corn is not hurt. No
one seems to think that the
frees are severe enough to hurt
wheat and oats. J. H. H. Berry
stated that some of his corn had
a heavy dew on it while there
was some that had thin sheets of

ice on it and that the sap in the
stalk was frozen.—Our Paper.

Little Annie, the year old
child of Mr. and Mrs. Robert G.
Vernor, died at their home in
Mounds, Indian Territory, Fri-
day evening at half past six
o'clock. The body was brought
here for interment, and was laid
to rest in the City Cemetery.

Captain Chatham, wife and
daughter, of the salvation army,
came in last week and have
held some services on the streets
during their stay. While they
are ready for business in their
line, their visit is here for the
purpose of seeking health, and
they spend a good portion of
their time at and about the
springs.—Leader.

to Brady this week to continue
his effort to build a Baptist
church at that place.

dent of Mills county, was here
attending probate court Monday
and Tuesday.

The San Saba Chapter, O. E.
S. met Tuesday night and fixed
the regular monthly meeting for
Tuesday night on or before the
full moon.

Dick Sullivan brought a bunch
of fine alfalfa to town Wednes-
day. The stalks were three feet
high, and Dick says the stand
is fine. These stalks were cut
from a quarter acre patch sown
last spring. He has two more
acres sown.

A phone message from Llano
Wednesday announced the death
of Mrs. Dunaway, wife of City
Marshal Dunaway, by suicide.
She took carbolic acid. She was
a sister to Mrs. John Ellis of
Sloan, and a cousin to Mrs. A.
B. Wilson and Mrs. H. K. Ball-
lard.

The frost on the morning of
May 1 scorched the gardens
about town. The heaviest dam-
age reported is by our town
gardener, John Jackson. His 1 1/2
acres of fine vineyard looks like
a fierce fire had swept over it,
and the season is so far advanced
he has no hopes of any new fruit
branches putting out.

Mrs. Polk Oliver of Harmony,
whose leg was broken by a fall
from a horse last November, and
whose life was almost despaired

of for awhile, was able to come
up to San Saba Wednesday. She
cannot walk on the lame foot yet,
but the doctor pronounces it all
right.—News.

HAMILTON
Rev. D. T. Homes and family
have moved in their house in
east Hamilton, recently occupied
by District Clerk Cornelious.

A gang of horse thieves has
been operating up and down the
Central for a good while and the
officers along the line have
just succeeded in locating and
arresting members of the gang.

A. Hudson of McGirk was in
Saturday. The frost did some
damage in his section. They
have had a good school taught
in their neighborhood by Miss
Bula Redford. He has been
working on his pasture near
Pottsville.

A notice of the death of Mrs.
Ben Geeslin of Goldthwaite is
given in another column. She
was a sister to Mrs. Matthias
McGirk, who has been making
her home in Hamilton for the
past six months, for the purpose
of sending the children to school.

They moved to their farm in the
Cassel community Saturday. Mr.
and Mrs. McGirk went to Gold-
thwaite and arrived just in time
to witness the burial of her
sister. These friends are among
the best people of our county,
and we sympathize with them in
their bereavements.—Journal-
News.

Rev. S. W. Wesley, known as
"The Cowboy Preacher," who
went a few years ago to the
"Gathered Brethren," has come
back to the Baptists and has been
restored to the church at Van
Alstyne. This news comes as we
go to press. A fuller account next
week.—Texas Baptist-Herald.

Rev. John Powers, a Baptist
preacher at Burns City, Cooke
county, was killed by a Mexican
The Mexican having a grudge
against Miller, a neighbor of the
preacher, went over to the field
and had a fight with Miller, try-
ing to knock him in the head
with a piece of iron. The Mexi-
can ran away and Miller, taking
his family over to his neighbor's,
asking the preacher's aid. On
returning they found the Mexi-
can in possession of Miller's
house. As the preacher broke
open the door the Mexican hit
him with an ax, almost severing
his head from his body. The
sheriff with a posse soon had the
house surrounded, and after a
hard fight the Mexican was
killed.

MILLER GROVE.

Editor Eagle:

As the wheels of time grind on
and I see so many happenings
and incidents that are called news
from other parts of our bright
clime of flowers and prosperity,
that I decided I would write.
Well, we don't know just yet
about the prosperity here of late,
will tell you more about it this
fall when we gather what crops
we have left since the late rains
that was accompanied with con-
siderable hail that did some dam-
age to several farmers. We were
needing rain, but did not need
the hail. Yet we feel proud that
the hail did no great deal of
damage in our part, but other
parts of the country the damage
was severe and that on top of the
frost.

The rain on the night of the
9th was just in time to save the
wheat and volunteer oats, so you
see the corn will come out and
we can plant cotton again. With
the season we have the prospects
are still favorable.

Now, Mr. Editor, we have no
news to tell you for Bird food.
We just had a nice time on the
second Sunday at Miller Grove.
Prof. Gaines was with the sing-
ing class and gave us some good
advice, or rather a lecture, it was
on the rules and rudiments of
music.

Robert Sheffield's smiling face
was seen at Miller Grove last
Sunday or rather I mean Robert
was all smiles, not by himself.
He is at home from school. We
welcome you home Robert. We
learn that he will stay at home
for a short rest from his studies.

Just say that on the fifth Sun-
day there will be singing all day
at Miller Grove, not the first, but
the fifth as this was the decision
of last Sunday. Prof. Gaines will
be with us. Now, remember that
this is our singing and we look
for an enjoyable time. Singing
all day and dinner on the ground.
Come and spend the day and
have a nice time. Bring your
book and dinner and voice
and stay all day. Don't forget
about the dinner part of this af-
fair. Don't think for a moment
that we won't just have a picnic
time and an old time all day
singing.

As there has been nothing new
happening with us, no one going
to Mexico that we cannot do
without, no one that we are afraid
the frost will kill, as the most of
us are very green, we have no
fears for love affairs. We just
love everybody and no excep-
tions.

Don't think the Miller Grove
correspondent has left home.
We may not come every week,
but we are still here, hoping to
have a nice time on the fifth
and enjoyable for all present.
Will write again when we have
more time.

Success to the old Bird and its
many readers. NEWS GIRL.

THE DEVIDE.

Editor Eagle:

Will you please spare me space
in your good paper for the latest
happenings. As I have not seen
any thing from the neck of the
woods I thought I would give you
the best I had in the news line,
although I am a green hand at
writing letters, especially to the
paper.

On account of the frost killing
the cotton the poor plow boys
had to get up and hustle to plant
their cotton over before their
little stubby corn come out and
got high enough to plow.

We were blessed with a fine
rain Saturday night. Some hail,
but not enough to do much dam-
age I think.

Misses Lizzie Phillips and Etta
Bolton visited the Misses Kelso
Friday.

There was a dance at Elmo
Wilson's Friday night, which
was enjoyed by all present.

Miss Ida Roberts visited Miss
Gertrude Mason last week.

Mr. Stanley says the hurrah
grass is getting tough in the
bayou crops.

Ike Aarons has ordered him a
buggy and has turned old Jack
out to fatten.

Mr. and Mrs. Claude Hollis
paid a visit to Mr. and Mrs.
Bolton Sunday.

That is all right, News Boy
about John Forsythe being bit
by the frost. There are others
that seem to be killed.

Look out Bethel, if you bother
the Six Chickens and get them
Bayou Ducks after you it will be
worse than a hawk after a
chicken.

Well, I will close for fear this
will find its way to the waste
basket, but if I see it in print I
will come again.

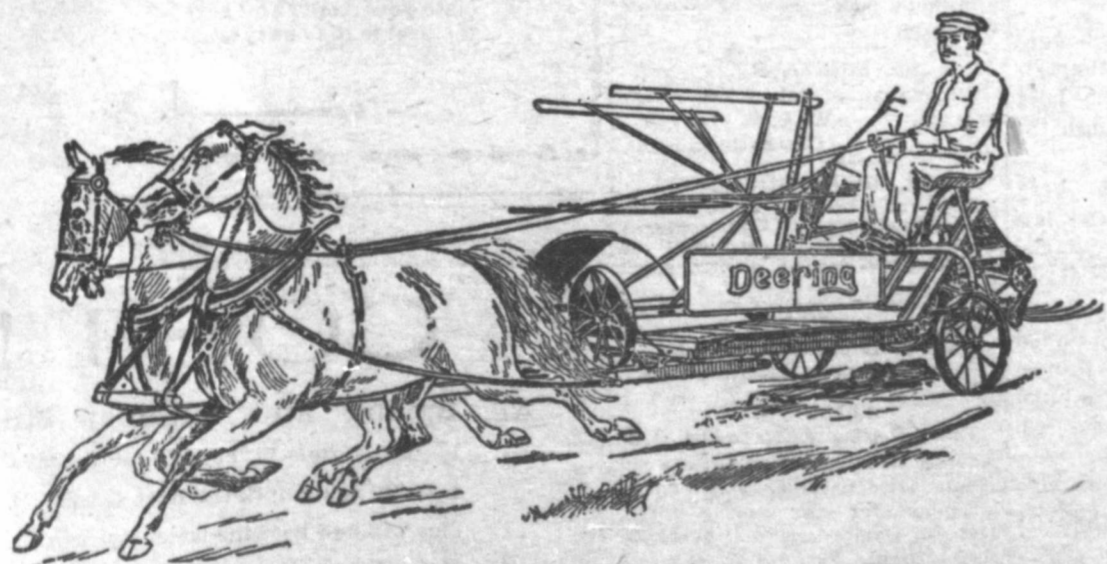

Success to the Great Bird and
its many readers. GORILLA.

When Jesus was cruelly and
brutally persecuted and reviled,
it is said of Him that He answered
not a word. Perhaps the hardest
of all human experiences is the
perfect emulation of this divine
example, and yet our duty is
plain. To be silent under malig-
nant slanders and answer not
when the victim of Satan's pois-
onous shafts, is to exercise great
grace, but the hour for such
silence is in every useful life.
And if this grace had always
been regnant in the hearts of
Christ's disciples we would be
vastly more advanced in the con-
quest of the world than we are.—
Exchange.

An exchange says the
shillless farmer never shelters
his stock, never greases his
wagon, never carries his horses,
leaves his plow in the field, uses
no paint, lets the gate sag and
fence tumble down, then com-
plains that everything goes con-
trary with him."

Postmaster O'Leary of Dallas
died last Friday night. He had
been an invalid for a long time.

COMMISSIONERS COURT.

Court has been in session this week and a considerable portion of the time has been consumed in examining and approving the collector's annual report, making the tax levy for 1903 and hearing petitions for changes in roads.

C. F. Blanton was granted \$27.88 from the county for the unused portion of his liquor license.

Special tax of 17 1/2 cents on the \$100, valuation to pay the debt to Brown county, was levied in the portion of the county, which was taken from Brown county. This year's taxes will provide a sufficient fund to liquidate the Brown county debt.

CLOSING EXERCISES.

THREE ENTERTAINMENTS BY MILLS COUNTY INSTITUTE PUPILS.

The closing exercises of the Mills County Institute have been held this week, and the entertainments have been interesting to the people and have reflected much credit upon the teachers in this institution of learning, who have worked faithfully with their pupils in every branch of their studies as well as in the preparation for these entertainments. While there were too many pupils in the school to give all of them places on the program, those who were selected to take part in the renditions succeeded admirably and have caused the general public to have a very high opinion of them and their school.

The audiences Wednesday and Thursday nights were very large and some who would have attended were unable to do so because of all the available space in the hall being taken.

Every person taking part in these entertainments deserves great credit and had we sufficient space we would gladly publish the programs as rendered and give every one of the pupils a special mention, with a lengthy article complimentary to the splendid teachers, but under the circumstances we can only say that this entertainment was well up to the high grade already established by the Mills County Institute.

The Eagle was put to press last night before the entertainment commenced.

BAYOU.

Editor Eagle:

I will try to give a few dots of the latest happenings.

Health is good, and the same old excuse of news scarce, but the readers ought not expect anything extra from a greener like me. Its true I hear the name of a news boy, but nevertheless the name doesn't apply to the personage. However I'll make the attempt just for the benefit of those few who have been very liberal in their compliments toward me.

The frost, which fell one night last week did considerable damage in our midst, killing our corn to the ground, so I guess our roasting ears will be very late this season, but the frost didn't seem to check the growth of the weeds any.

Brother Hays preached an excellent sermon to a very large and attentive congregation at Williams Ranch Sunday, we were glad to see such a good turnout.

Frank Keley of Limestone county is visiting in our midst. At present he anticipates a trip to New Mexico in the near future.

The party given by Mr. and Mrs. E. E. Wilson last Friday night was a grand success and many thanks to Kenneth and Marney Mason for their excellent music which they were kind enough to furnish. The writer did not fail to go and enjoy his part of the fun and amusement.

Since our last writing we have learned that Bill Eimerson left with Mollie Bailey show.

Some of the girls of our community are desirous of saying to the boys of Miller Grove that they are not such flirts as they think they are. Now the girls and never would stoop so low as to flirt with two boys of the same family.

Miss Lizzie Phillips and Etta Bolton were visitors at Mrs. Kelso's one day last week.

As the News Girl ran such a narrow escape in being driven in the sack with the rest of those snakes and was kind enough to show her anxiety for the News Boy, we will say give yourself no uneasiness News Girl for Joe has followed that trade long enough to know a snake when he sees one.

Mr. Townsen of Brownwood was on the bayou last week buying cattle.

Manuel Williams is still ahead with his crop. Manuel is an up to date farmer and there isn't one that can equal him in that capacity.

Ike Aaron is offering to sell his crop cheap. He says, better give it away than have it taken away from him, for in spite of his resisting efforts the weeds continue to flourish.

We are glad that Miller Grove is getting along so nicely socially. Say, why let all the adjoining communities out strip us so, why not organize some kind of a society, are we not just as intelligent and haven't we all just as sound seasoning faculties? If some of you more experienced person will take hold to raise our community to a better standing, never fear but that the News Boy will be a faithful and energetic participant. It is a duty that we owe to ourselves, we could organize some kind of a society either at Williams Ranch or Cheslar Valley. Think this matter over some of you more qualified persons.

John Forsyhe has been seen since the late frost, but we trust there is no serious results. Miss Ora Quinn was visiting on the bayou last week.

Henry Forsythe attended the party, very much to the delight of all the girls.

We would be glad to see a letter in the Eagle from Evans. Come all you correspondents and help make the already welcome paper more welcome.

Well, Mr. Editor, if your usual flow of correspondents come in this week, of course, you will from this inferior letter, but remember this is the best that can be done by the News Boy.

WANTED.
