VOL. 19.

GOLDTHWAITE, MILLS COUNTY, TEXAS, MARCH 22, 1913.

NO. 32

## We Want to Impress on You

The necessity, the value and benefit you derive by looking before you buy. You might have missed the identical article you were thinking about and bought one similar because you just didn't look or ask enough about this or that. Don't think you are worrying the clerk or proprietor just because you don't happen to see what you want. Ask for it, examine it, then if in doubt look elsewhere. If still in doubt buy the one that is the best value for the price. **IT'S VALUES THAT COUNT.** We don't consider—neither should you—that the lowest price is the cheapest. We consider quality first, then the price. See that every article is worth what you pay for it. It's true the price counts, but quality counts faster, and better quality and satisfaction at the lowest price is the thing to hitch on to. Watch for these and trade where you get them.

White Lingerie Dresses, heavily embroidered, correct style and fit, well made and cheap at the price, at each \$3.75 to **\$12.50**  
 Colored Dresses, well made, with the most desirable trimmings, in Linens, Ratines and Messalines, some of which are extremely beautiful, at each \$3.50 to **\$15.00**  
 Good line Krystal Cloth, English Voiles and Crepes, all of loose weave that's cool and breezy, at per yd. 15c to **25c**

Large showing of Dress Ginghams, fancy and staple patterns, including Tissues, at per yd. 10c, 12½c, 15c to **25c**  
 1000 yds. Apron Check Ginghams, blue and white, black and white, brown and white, worth 7½c and 8½c, special Monday only, at per yd. **6c**  
 See our line of Staples, 9/4 and 10/4 Sheeting, Bleach and Brown Domestics, Prints, etc. You will always find our prices for same quality just a little lower.

Auto Coats at each \$4.00, \$4.50 and **\$5.00**  
 See our line of 45-in. Flouncing. It requires very little yardage for a Dress or a Skirt owing to its length. Beautiful patterns at per yd. 75c, \$1.00 and **\$1.50**  
 Percales and Madras, for Shirt Waists, Shirts and Boys' Waists, especially good patterns and good colors, at per yd. 10c, 12½c, 15c and up to **25c**

## Make Our Store Your Store

When you are in town. Be at home. Feel at home. We are one of you. We want you as a friend, if not as a customer—a looker, if not a buyer—you're just as welcome. We'll see that you are treated courteously. If not, report same to management and accept our thanks.

THE HOUSE THAT SATISFIES

Texas

### THINGS IN GENERAL.

A press report announcing that 700 car loads of wagons had been shipped from Louisville, Kentucky, to Texas points ought to set every member of our legislature, as well as all good citizens, to thinking. Why is it we do not make our own wagons? We have the timber, the labor, the capital and the market and all that is lacking is the "spirit of industry." The legislature, more than any other organized body, is the custodian of our destiny and upon it rests the responsibility of sowing seed-germs of industry into the thought life of the state. Creation is the true test of statesmanship. Any law-maker can punish crime, light a lamp of warning or transfer wealth, but it is a rare genius who is competent to toil at the loom of creation.

Recent statistics compiled by the Texas Commercial Secretaries and Business Men's association, showing that we now have 214 silos in Texas, indicate that the silo has secured a permanent place among the necessary equipment of a modern Texas farm. The majority of these silos were erected during the past 12 months and four manufacturing plants have recently been established in Texas. The results show that butter and beef can be produced cheaper on a ration of ensilage than is possible by any other method of feeding and a silo will increase the efficiency of the feed 15 per cent.

"Co-operative Credit" was the subject discussed by Edwin Chamberlain of the Texas Farm Life Commission before the Applied Economics club of the University of Texas recently in which he appealed to the students of economics to study the question of co-operative credit.

That 68 per cent of the farmers of Texas are tenants and pay exorbitant rates of interest was stated by Mr. Chamberlain. — Commercial Secretaries.

Gaither Ball was here from the McGirk community one day this week.

### COMMERCIAL CLUB.

#### Business of Interest to the Town and County Transacted.

The meeting of the Commercial club Monday night was not well attended, owing to the fact that fresh paint in the Masonic building made it necessary to procure a temporary meeting place elsewhere. The meeting was held in L. E. Miller's jewelry store.

A report from the road work being done under the supervision of Mr. Berry was very encouraging. The sand bed from Rock Springs school house to some distance beyond Mr. Gatlin's farm residence has been clayed and the road otherwise improved. Mr. Berry had a force of men and teams working west toward the Slack crossing bridge and expected to continue the work west of the bayou, making a good road for the people of that section to travel in coming to Goldthwaite.

The fair committee reported having fixed the date for the fair at July 15-17, which date had been accepted by Jeff Davis camp as the time for the Confederate reunion.

The plan to secure a first class minstrel show for the three days of the fair and reunion was endorsed and President Miller was instructed to correspond with a theatrical bureau relative to such contract.

President Miller stated that he would announce at a later meeting the appointment of a committee to prepare premium lists for the fair, to provide an exhibit hall and for other purposes, in order that every detail of the work might receive careful attention and there would be no burden on any committee.

The Club meets every Monday night and all citizens who desire to "boost the town" or to have others do such "boosting" are urged to attend the meeting and help to "boost."

J. M. Adams was among the visitors from Star the first of the week.

Will Hiller and his wife of Shive arrived Monday from Temple, where she had been in the sanitarium. They went from there to their home, after making a visit to Henry Martin's family.

Dan Weston has been in southern Texas this week, buying cattle.

District Clerk Booker returned Monday night from a visit to Temple.

Mrs. John Scott and son William returned Saturday from Temple, where the young man had been for treatment in the hospital.

Mrs. Lones has returned to her home at Rock Springs, after spending a few days with her daughter, Mrs. Gatlin, in this city.

Alvin Priddy left Monday for Tyler to enter a business college. He is one of Goldthwaite's most popular and promising young men and we all expect him to make a fine record in the college.

Jimmie Burks, who has held a position for a long time with Geeslin Mercantile Co., left Monday for San Angelo, where he has a position with the Armour Packing Co. as billing clerk. He is a deserving and popular young man.

County Clerk Summy is arranging to build an addition to his residence. Several fresh Jersey cows to sell. —J. C. Street.

Most of the farmers have already planted corn and some of it is beginning to come up.

Get my prices on cane seed before you buy, I can save you money. At Grisham's. (adv)

Mrs. Jas. Sealey, who arrived the first of the week from Dallas, was the guest of Mrs. S. A. R. Smith for several days.

Something new in the way of folding beds at Weems & Burks. See them. (adv)

The public school is progressing nicely and reports indicate that this will be one of the most successful sessions of that institution.

Louie Miller, who is a student in Texas Christian University at Fort Worth, is expected home tomorrow to spend a couple of days with his parents.

Mrs. J. C. Newman went to Santa Anna the first of the week for a visit to her son and his wife and incidentally to see her newly arrived grand-daughter.

We have just unloaded a car of all kinds of cane, millet, kaffir corn and maize seed. All re-cleaned and in first class shape. At Grisham's. (adv)

Fruit was badly damaged by the freeze and reports from all parts of the state are to the effect that fully 50 per cent of the fruit was killed.

—If you intend to buy land be sure and demand an abstract of the title, so you may know its condition, as otherwise you may get a bad title.—E. B. ANDERSON, Abstractor.

The commissioners court held a special meeting Thursday and paid the court house contractors an installment of \$12,300 on the building contract. This makes \$29,800 the county has paid on the contract and rapid progress is being made on the work.

Many sufferers from rheumatism have been surprised and delighted with the prompt relief afforded by applying Chamberlain's Liniment. Not one case of rheumatism in ten requires any internal treatment whatever. This liniment is for sale by R. E. Clements. (Advertisement.)

You judge a man not by what he promises to do, but by what he has done. That is the only true test. Chamberlain's Cough Remedy judged by this standard has no superior. People everywhere speak of it in the highest terms of praise. For sale by R. E. Clements. (adv)

S. W. Burks, who was connected with the Goldthwaite Mercantile Co. for several years, has sold his stock in the company to the president, C. E. Hudson, of Dallas, and has retired from the business. He has already accepted a position as traveling salesman for a wholesale house and will make his headquarters here. His friends and the friends of his family are delighted to know that he has no intention of moving away from Goldthwaite at this time.

#### THE COMING FAIR.

The committees from the Commercial club are at work on arrangements for the county fair, which will be held in connection with the Confederate reunion July 15-17. Many improvements will be made over the last fair and it is likely some changes will be made in the method as well as of the amount in giving premiums. One plan suggested is to exact a fee from those desiring to contest for premiums, the greater portion of the amount thus secured to go to the one receiving first prize. This plan is successful wherever it has been adopted and in this way much better premiums can be provided. Then there will be improved facilities for exhibiting products and in keeping such exhibits on display during the three days of the fair.

Another innovation is to secure minstrel troop or some other good show for entertainments each night during the fair. Of course the entertainment would be required to be well recommended before the Club would contract for it.

The indications now are that the fair this year will be a much greater success than it was last year, which of necessity means that it will be mighty fine.

#### OUR FRIENDS.

A number of our friends have renewed for the Eagle this week and a number of them had kind words to say of the paper. They can all depend that we appreciate their kind expressions of friendship. Those who have renewed since last report are:

- F. F. Henry, Star.
- W. E. Jenkins, Mullin.
- Judge J. L. Lewis, Hamilton.
- S. E. Mayo, Paducah.
- P. G. Palmer, Goldthwaite.
- Rev. G. A. Jarrett, Big Valley.
- J. W. Mason, Center City.
- T. E. Hamilton, Star.
- J. R. Carter, Center City.

#### TOM BESHEARS DEAD.

Tom Beshears of Trigger Mountain community died at Temple sanitarium Monday night and his remains were carried to Mullin on Tuesday morning's train. He was taken to Temple Wednesday of last week suffering with appendicitis, and an operation was performed, with the hope that he could be given relief. His funeral at the North Brown cemetery Tuesday afternoon was largely attended.

He leaves a wife and several children and a large number of relatives and friends to mourn his loss.

#### CARNIVAL NEXT WEEK.

There is to be a carnival in Goldthwaite all next week. It will be located on Third street, opposite the Farmers Union warehouse and east of the depot. The advance agent was here this week making the necessary arrangements for the coming of the shows. They come here from Rogers and will go to Coleman, where they will remain a week under the auspices of the fire department.

President Wilson has called an extra session of congress to convene on April 8, to consider tariff revision and other important matters.

Hon. Cato Sells of Cleburne, the Texas member of the national Democratic executive committee, is being prominently mentioned for comptroller of the currency.

A convention of young men and ladies who have volunteered for mission work in foreign fields is to be held in Waco today and tomorrow. Great preparations are being made by the Christian people of that city for the meeting.

Frequent claims are made that the tuberculosis treatment discovered by Dr. Friedman has proven effective, but more time will be required to determine the real merit of the treatment. Some who have received the treatment within the last few weeks announced great improvement.

To preserve and develop the wonderful music of the American Indian, now fast disappearing with the passing of the race, Secretary of the Interior Lane has appointed George F. O'Hara, a composer, as an instructor in music under the bureau of Indian affairs. It will be Mr. O'Hara's duty to record native Indian music and arrange it for use in the Indian schools. He is to live on the reservations with the Indians and obtain a record of the music, and with this as a basis, cultivate the use of the Indian songs in the schools.

King George of Greece was assassinated in Salonika Tuesday afternoon by one of his own countrymen, who is an anarchist and evidently of low mental order. The king was walking with one of his aides in the street of the city when he was fired upon by the anarchist. The bullet passed through his heart and he died in a few minutes. The murderer was overpowered and arrested. King George's oldest son, Constantine, ascended to the throne upon the death of his father. He is said to be a man of fine ability and very popular with the people of the nation.

It is evident that Dr. Friedman believes sincerely in his tuberculosis vaccine. In a speech at Ottawa a few days ago he said: "To eradicate tuberculosis as an endemic disease, it is necessary not only to cure the tubercular individuals now living, but also to protect the future generations from infection by a method following in principle Jenner's vaccination. So far I have vaccinated 250 children varying in age from one hour to three years. Most of these children were living in tubercular environments and much exposed to infection. The earliest immunity treatments were made 17 months ago and all the children are well today and are free from all symptoms of scrofula or tuberculosis. There is a well founded hope, therefore, that this will prove the right way and the one to which our future efforts will have to be directed."

When Woodrow, statesman, good and great, takes up the round of white house chores, he'll long for former low estate, for books and birch and school house floors. The white house lawn will then be filled with men who in the recent race put up a line of talk that thrilled, and who'll demand a good fat place. They will not leave the chief alone, they'll raise eternal howdy-do; they'll call him up by telephone and bellow down the kitchen flue. When he steps out to smoke a torch, some grimy office-seeking chap will crawl underneath the porch and clamor for—a public snap. And when at night he lays his head, worn out, upon the pillow-slip, he'll hear a voice, 'neath the bed, demanding a postmastership. And every man he sees betwixt the white house and the river's shore, e'en tho' he is already fixed, will hold his talons out for more. And Woodrow oft will long to be a pedagogue, as he was planned, a kid inverted on his knee, a good elm sapling in his hand! With yearning of his heart will swell, when office hunters block his way to hear again the school house bell, that calls the students from their play. And some day when his stout heart cracks and he is wearied of his job, I doubt not he will take an axe, and mow a pathway, through the mob.—Walt Mason.

### SHAMROCK SOCIAL.

In honor of St. Patrick Mesdames W. H. Trent and R. M. Thompson entertained the members of the Merry Maids and Matrons club, their husbands and escorts, and a few invited guests with a Shamrock Social at the home of Mr. and Mrs. W. H. Trent on Tuesday evening of this week.

The hostesses presented each one upon arrival with a dainty little silk shamrock. After the company had assembled, Mr. Dana Everly favored them with several beautiful instrumental solos.

Dainty little booklets decorated by hand with Irish harps and shamrocks, were passed for a green contest, which caused much merriment. After the contest Miss Lawrence Thompson sang "Where the River Shannon Flows," with Mr. Everly accompanying at the piano.

Score cards representing large green shamrocks were next passed for the interesting game of Bunco, and eleven games were enjoyed. During the evening Miss Lawrence Thompson played several Irish melodies.

After the games a light luncheon was served, which consisted of tongue salad, sandwiches, potatoe chips, midget pickles, olives, ice cream and cake. The color scheme of green and white was in evidence here, as the white ice cream was served in quaint little shamrock ice cases, while all the accompanying dainties were placed on lettuce leaves. Crystal nappies of white and green mints were placed on each table during the lunch.

This was indeed one of the most pleasant social affairs of the season. A GUEST.

PUBLISHED EVERY SATURDAY

ONE DOLLAR PER ANNUM

Entered at the Goldthwaite post-office as Second class mail matter.

R. M. THOMPSON, Editor

There is a great deal of building going on in and around Goldthwaite now, which is another indication of the prosperity of the people.

Now that the time for the fair and reunion has been fixed, every citizen should prepare to assist in making this occasion a grand and unprecedented success.

A surgical operation of considerable interest was the nailing of a hip joint by a surgeon in the Wichita, Kas., hospital. The surgeon used a sixteen and an eight penny nail in the operation.

Three college students at Hillsboro, N. C., were convicted of manslaughter last Saturday and given short jail sentences. The trial was the result of one of the hazing escapades of the boys in which a fellow student lost his life.

The next meeting of the head camp of Woodmen in this state will be held in Fort Worth, according to a decision of the meeting at Dallas last week. Fort Worth has the distinction of having the largest Woodmen camp in the world.

The Eagle has heard considerable praise of our county commissioners lately relative to their good road work. The commissioner who proves his advocacy of good roads gets mighty close to the hearts of the people and Mills county's commissioners are all enthusiastic good roads advocates.

A two million dollar hotel is to be built in Chicago for working girls of that city. The hotel will accommodate 1500 guests. The plan was proposed and outlined by the Daughters of the Revolution, who have started a movement for the improvement of the condition of working girls.

Burglars robbed a pawn broker firm in New York last Sunday of jewels, money and securities valued at \$250,000. An entrance was made into the vault by tunneling from an adjoining building. The robbers were evidently expert and experienced, for they reached the valuables without attracting attention and used gloves in their work, to prevent finger print identification.

An unusual case, which is known to the medical fraternity as hysterocatalepsy, is reported from Spokane, Wash. A young lady 17 years of age has been in an apparent unconscious condition for five months. She has had a few wakeful moments, but soon lapses into a cataleptic condition. Her eyes are open, but she sees nothing. The condition is said to be the result of overstudy in preparing for an examination in school last August.

The announcement by President Wilson that he will not see place hunters in person, but that they must make their applications to the heads of various departments, proves that the new president considers that his time is more valuable than a dispenser of pie. Merit and ability to serve the public should govern in these appointments and the public service should not be made to pay private and political debts.

The supreme court of the United States has granted an injunction restraining the postmaster general from enforcing the newspaper publicity law while the court has the constitutionality of the law under advisement. The publisher of the New York Journal of Commerce carried the matter to the supreme court believing the law invalid and burdensome to publishers and there was a disposition upon the part of the outgoing postmaster general and the new official in that position to demand the publication of the private affairs of the newspapers before the court could reach the case, evidently believing that the information must be secured in advance of the court's decision if secured at all.

### BROWNWOOD

Col. Horace A. Morse died this morning about three o'clock at the age of 66 years, after a lingering illness. For the past several days he had been seriously ill with pneumonia.

Sheriff M. H. Denman went down to Zephyr this morning to bring a young man named Van Zandt, who lives about three miles from Zephyr, to Brownwood for trial on a lunacy charge.

Mayor Holland of Santa Anna has received an opinion from the attorney general's department, in which he is advised that the curfew law of that town is absolutely void and can not be amended so that it will be binding upon the youngsters of that city. This opinion is based upon a decision of the higher courts in a similar case in which it is held that such a law usurps the functions of the parent, and therefore has no just reason for existence.

Dr. A. L. Anderson has just returned from New York City, where he met his brother, Dr. H. B. Anderson, on his arrival from London. Dr. Anderson says that his brother's illness began while in Chicago, when he injured his hand. The soreness has remained, and blood poison set in through the wound, the poison slowly permeating his entire system. The doctor says that there is nothing wrong with Dr. Anderson's lungs, the blood poison being his only trouble, but that this is very serious.—Bulletin.

## John D. Rockefeller

Could never have been the great oil king he is if he had carelessly spent his first money. When he entered the oil fields he went there with only \$2,000 that he had saved and with which he was ready to take advantage of a good business chance.

Had Mr. Rockefeller not had this money in the bank when the opportunity of investment came, he probably would never have been able to get into the business that led to his stupendous fortune. As Mr. Rockefeller, so are all other rich men—their great fortunes are the logical result of taking care of their first earnings.

### HAMILTON

A number of representative Hamilton ladies met at the K. of P. hall Saturday afternoon according to appointment for the purpose of entering into permanent organization of a Civic League.

On Saturday afternoon Prof. Carstein Lequarn and his bride arrived in Hamilton from Amarillo, where they were happily married on Monday, March 3. The happy couple received a hearty welcome on their arrival at the station and were accorded a pretty courtesy by the pupils of Prof. Lequarn in a beautiful serenade Saturday evening at the Blakely hotel, where they were guests. Prof. Lequarn has been a successful and popular teacher of music in Hamilton for a number of years.—Record.

### REPELS ATTACK OF DEATH

"Five years ago two doctors told me I had only two years to live." This startling statement was made by Stillman Green, Malachite, Col. "They told me I would die with consumption.

It was up to me then to try the best lung medicine and I began to use Dr. King's New Discovery. It was well I did, for today I am working and believe I owe my life to this great throat and lung cure that has cheated the grave of another victim." Its folly to suffer with colds or throat and lung troubles now. Take the cure that's safest. Price 50 cents and \$1.00 Trial bottle free at R. E. Clements. (adv)

### COLDS AFFECT THE KIDNEYS

Many Goldthwaite People Have Found This to Be True.

Are you wretched in bad weather? Does every cold settle on your kidneys?

Does your back ache and become weak?

Are urinary passages irregular and distressing?

These symptoms are cause to suspect kidney weakness.

Weakened kidneys need quick help. Doan's Kidney Pills are especially prepared for weakened kidneys.

Goldthwaite people recommend them.

Mrs. Robert Urbach, Goldthwaite, Texas, says: "The first symptom of kidney trouble in my case was pain in the small of the back, which gradually grew worse until I was hardly able to move. At night it changed to a dull ache and I could not sleep. If I caught cold, it settled on my kidneys and made my suffering worse. The kidney secretions were unnatural. When a friend told me about Doan's Kidney Pills, I got a supply at R. E. Clements' drug store and they gave me prompt relief. I am never without Doan's Kidney Pills in the house."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

### CLUB MEETING

The Self Culture Club met on March 13 with Mrs. J. C. Street as hostess. Notwithstanding the wind was fearfully high, a goodly number were in attendance.

The committee appointed to get up the year book for the coming year reported the work well under way. It will soon be ready for the printer.

Miss Mamie Kelly read a fine paper. The subject was "The Scotch Crofters."

Mrs. J. H. Randolph read a well gotten up paper, "Scotland from Stoddard."

Miss Kate Fairman played and sang Annie Laurie beautifully.

Mrs. Herbert Brown, one of our members before she moved to Houston, made the club a present of a beautifully bound book, one we will all enjoy reading, called "The Blue Flower."

At the close of the meeting the hostess served delicious cake, strawberries and cream. REPORTER.

**CITATION.**  
The State of Texas.  
To the Sheriff or any Constable of Mills county—Greeting:

You are hereby commanded to summon Eli Dial, B. F. Surnney, Mrs. Agnes A. Surnney, P. H. Dial, J. T. Dial, Railroad Real Estate Building and Saving Association, a private corporation, and Railroad Real Estate Building and Saving Association, a co-partnership, the names of the members of which are unknown, and B. F. Sweeney and Mrs. Agnes A. Sweeney, and the unknown heirs, legal representatives, legatees and devisees of Eli Dial, deceased, B. F. Surnney, deceased, Mrs. Agnes A. Surnney, deceased, J. T. Dial, deceased, P. H. Dial, deceased, B. F. Sweeney, deceased, and Mrs. Agnes A. Sweeney, deceased, by making publication of this citation once in each week for eight successive weeks prior to the return day hereof in some newspaper published in Mills county, to appear at the next regular term of the district court of Mills county, to be holden at the court house thereof on the thirteenth Monday after the first Monday in February, A. D. 1913, the same being the 5th day of May, A. D. 1913, then and there to answer a petition filed in said court on the 20th day of February, A. D. 1913, in a suit numbered on the docket of said court No. 1301, wherein W. E. Nugent is plaintiff, and the above named parties are defendants, said petition alleging that heretofore to-wit: on the 18th day of Feb., 1913, plaintiff was and now is lawfully seized and possessed of the tract of land hereinafter described lying and being situated in Mills county, Texas, formerly in Brown county, Texas, and known and described as 320 acres of land patented to Eli Dial assignee of Jno. M. Meek, by letters patent No. 467, Vol. 8, dated June 26, 1874, survey No. 294 more fully described in plaintiff's petition filed herein, by metes and bounds. That on the day and year last aforesaid the defendants unlawfully entered upon the said premises and ejected plaintiff therefrom and unlawfully withhold from plaintiff the possession thereof to his damage in the sum of One Thousand dollars. (\$1000.00)

And for further cause of action herein plaintiff alleges that he and those whose estate he has, claiming to have good and perfect title to the above described tract of land, now have and have had peaceable the land claimed, and open, notorious and adverse possession of the same, cultivating, using and enjoying the same, and by actual enclosure for a period of more than ten years after the defendants cause of action accrued and next before the commencement of this suit.

Plaintiff further says that the exact nature and extent and character of the defendants' claim to the above described land is unknown to him, except that the same was patented to Eli Dial as assignee.

Plaintiff prays for judgment, title and possession of the above described land and that his title thereto be established and quieted as to the claim of the defendants, for costs of suit, etc.

Herein Fail Not, but have before said court on the said first day of the next term thereof this writ, with your return thereon, showing how you have executed the same.

Witness, L. E. Booker, Clerk of the District Court, Mills County.

Given under my hand and seal of said court in the city of Goldthwaite, on this, the 20th day of February, A. D. 1913.

(Seal) L. E. BOOKER, Clerk, District Court, Mills Co., Tex.

**BAPTIST MEETING.**  
Rev. J. C. Newman, pastor of the Baptist church, announces that he will begin a protracted meeting here on June 8. Rev. M. D. Andrews of Hillsboro has agreed to assist in the meeting and he is reputed to be a preacher of fine ability. The date as arranged was named to suit the convenience of Rev. Andrews, who could not assist at a later date, on account of other engagements. It is likely a canopy will be stretched just west of the Baptist church for the meeting.

**ROCK SPRINGS**  
Editor Eagle:

Will send in a few dots for this week, as I have not seen anything from this place in quite a while.

Mrs. Hammett is on the sick list this week.

Our school closed last Friday and we were sorry to see the close, for we can gladly say we have had a fine school and Mr. George McFarland, our teacher, is one of the finest teachers Rock Springs has known in a long while.

We enjoyed a fine sermon by Bro. Joe Frizzell at this place last Sunday. We are always glad to hear Brother Joe preach.

A number of the young folks of Rock Springs attended Sunday school and singing at Miller Grove Sunday afternoon.

There was an entertainment at Mr. Mahan's Wednesday night. There was quite a nice crowd and every one reported an enjoyable time.

The Ladies Aid society met at Mrs. Dan Weston's last Monday afternoon. Their business was to discuss the personal work they had taken up. They will meet at the school house next Monday afternoon.

There will be a cemetery working, also an Easter Egg hunt next Saturday with dinner on the ground. All are invited.

We hope spring has opened now, but we are afraid the cold spell got all the fruit.

Mr. Sugart's little two-months-old infant, which was found dead in bed, was buried here Wednesday afternoon. We extend our greatest sympathy to the bereaved family.

A BUD.

## GOOD ROADS.

It is doubtful if there is a subject of more vital importance to the general welfare of the farmer than that of good roads.

To the soil the whole human race must look for sustenance and the more costly the distribution of the products of the soil, the more pressing upon all consumers becomes the problem of living.

Even if the rail and water transportation question were adjusted so that all people were enabled to participate equitably in the benefits which these great aids to commerce were intended to confer, the problem of better and cheaper living for all of the people would be only half solved. Good roads must be built from the farm to the nearest loading point.

Not only so with respect to the distribution of products needed for man and beast, but the increase of human happiness is more largely involved in good roads than is generally imagined by those who do not take time to reflect on the matter.

The Texas farmer last year marketed approximately 8,000,000,000 tons of produce. It cost on an average of 43 cents per ton mile to reach the market in Texas and the average distance hauled was five miles. The government average for the United States is 23 cents per ton mile. By improving the Texas public highways to the government average there would be saved in Texas \$8,000,000 per annum to the farmers.

The road taxes last year amounted to approximately \$3,250,000 independently of bond issues, which was spent on highways, while the \$8,000,000 lost to the farmer was collected by the mud holes in bad roads.

The fire loss in Texas last year was approximately \$4,000,000 while bad road loss was just twice this amount. The loss against fire was partially covered by insurance, while the loss due to bad roads was total. The only insurance the farmer has against bad roads is to build good ones and the whole state is engaged in a campaign for good roads building that promises to be on a greater scale than during the year 1912.

Miss Myrtle Murrah of Alpine, daughter of Mr. Jake Murrah, was here the first of the week visiting Mrs. Power's family and other relatives. She left Thursday for San Angelo for a visit.

We have as well a line of vehicles as ever came to Goldthwaite. —Cockrum & Rudd.

J. M. Adams of Star has bought T. E. Hamilton's automobile. Thus, another of Mills county's prosperous farmers will ride in an automobile. The great prosperity in this county makes it certain that the time is not far distant when all our farmers can own automobiles, if they so desire.

—Those having trunks to haul to the depot for the morning trains are requested to notify Dad Mullens by phone the previous night, so he can be sure to get the trunks there on time. Rural phone. (adv)

Wilbur Faith, son of Mr. W. H. Faith of Greenfield, Ill., was married a few weeks ago to Miss Lora Alderson of Medora, Ill. The young man lived here for several years during his boyhood and is kindly remembered by his friends here. He is a nephew of Mr. J. D. Faith, formerly of this city and now of Temple. In a letter to the Eagle the young man states that the paper's weekly visits are greatly appreciated by his father's family, who are always glad to hear from their Mills county friends.

Are the glasses you are now using satisfactory, if not, come to Miller's Jewelry Store and have your eyes tested and a new pair of lenses put in your frames. The cost is small compared with the satisfaction you will get with a properly fitted pair of glasses. (adv)

T. E. Hamilton and D. I. Hawkins of Star were pleasant callers at the Eagle office one day this week and informed us that the Commercial club of their town was doing good work for that part of the county. An appropriation had been made by the club for good road work and other enterprises were under way. As soon as the new board of school trustees is elected on April 5, a petition will be filed asking for an election to issue \$6,000 in bonds to build a new school building at that place. Star is a nice town, surrounded by a good country and in the best county on the map.

Very few people have eyes alike. Most people have one eye much stronger than the other and some people have defects in one eye while the other may be normal. Unless you get these defects properly fitted with the right kind of glasses you fail to get satisfaction. We correct these defects and fit your eyes with glasses that are right and you will be pleased with results. We guarantee it and we are right here to make good at any time. Come to Miller's Jewelry Store, where you can have your eyes tested and fitted correctly with spectacles. (adv)

**Studebaker**

**"I would rather sell you a Studebaker"**

When your dealer tells you that you know he's honest.

He may have cheaper wagons in stock, but he knows the Studebaker is the best.

And so do you.

He wants to give such good wagon value that you will come back and demand a buggy made by the same people.

Studebakers have been building wagons for sixty years and they have won the confidence of dealer and farmer by building—not the cheapest—but the best wagons.

Whether you live in city, town or country, there's a Studebaker to fit your needs. Farm wagons, trucks, business and delivery wagons, surreys, buggies and runabouts, with harness for each of the same high quality as Studebaker vehicles.

See our Dealer or write us.

L. R. Everly has installed a new motion picture show in this city. It is known as the Hippodrome and the entertainments are given in the opera house. The new show receives a liberal patronage.

Our stock of furniture will be attractive to you, even though you are not yet ready to buy. Come and see. —Bodkin, Hurdle & Co.

It pays to buy from your home dealers every time. Occasionally there is apparently a slight saving in the prices named by the mail order houses, but in the long run the goods bought from the home merchants are more satisfactory and the price is never unreasonable.

I deliver flour, meal and all kinds of feed to any part of city. Both phones.—W. E. Pardue.

Miss Bessie Hubbert came over from Lometa Wednesday morning and accompanied her brother, Mr. F. N. Hubbert, and family to San Saba county to attend the marriage of Miss Fannie Hubbert to Arthur Taff, son of Mr. J. B. Taff, at the home of the bride's parents Wednesday night.

Just received a fresh car of Coleman Flour. Try a sack. There is none better.—W. E. Pardue.

**COURT HOUSE CORNER STONE**

The corner stone of the new court house will be laid by the Masonic lodge on Thursday, April 3, at 3 o'clock in the afternoon. Mr. T. C. Yantis of Brownwood and Hon. Jewel P. Lightfoot of Austin will both be here to assist in the ceremonies and deliver addresses. Arrangements will be made for seating the building for the comfort of the audience and the general public will have a cordial invitation to attend the ceremonies.

May you have a bright and happy and peaceful Easter.

Children are much more likely to contract the contagious diseases when they have colds. Whooping cough, diphtheria, scarlet fever and consumption are diseases that are often contracted when the child has a cold. That is why medical authorities say beware of colds. **FROM COTTLE COUNTY.**

Editor Eagle: I thought I would drop a few lines to the paper from this part of the moral vineyard and send in my subscription to the dear old Eagle.

The health of this country is good, with the exception of a few cases of mumps and some bad colds. We have been having some right cold weather here and there is snow on the ground at this time.

Farmers have commenced to prepare their land for another crop, while some are not yet through picking cotton, and the gin still runs.

I think we have a good country and we have raised good crops every year since we have been here. I gathered 80 loads of corn and headed maize last year.

Well, I will write again some time. With best wishes for the Eagle Editor and my other Mills county friends.

S. E. MAYO.

**TEXAS INDUSTRIAL CONGRESS.**

Entries in the \$10,000 crop contest of the Texas Industrial Congress will not be accepted after April 1, and those who desire to compete for prizes offered should send in their applications immediately. Over 3000 contestants from 180 counties have enrolled to-date. Ellis county has the largest number of entries, there being 217 contestants. This is due largely to the active interest of the county school superintendent, E. G. Grafton, who has visited a number of his schools within the past two weeks and spoken upon the great value of the work the Congress is doing. Jack county ranks second with 145 entries; Van Zandt county is third, having 97 contestants and Grayson county with 81, is fourth. The Congress has recently issued bulletins on fertilizers and their use, seed selection, soil preparation, etc., all of which are sent to contestants free of charge. Full particulars and application blanks for entering the contest may be obtained by writing to the Congress at Dallas before April 1.

The man who "sends off" for his merchandise, whether it be dry goods, furniture, hardware, groceries or printing, is more than likely to get stung. An instance is told of one man who saw an alluring advertisement of four pair of socks for \$1.00. He sent the dollar and the package finally arrived. He looked them over and then wrote the advertiser: "Socks received. The patterns are vile. I wouldn't be seen on the street with them on." An answer came promptly and it was as follows: "What are you kicking about? Didn't we guarantee that you wouldn't wear them out?"—Brownwood Bulletin.

Prof. Evans and R. S. Bell were on the river fishing Friday night. They caught more cold than fish.

The musical entertainment at Mr. Gilley's Saturday night was one of the most pleasant occasions of the season. —UNCLE JOHN.

**ELECTION NOTICE.**

Notice is hereby given that on the first Saturday in April, which this year is the 5th day of the month, an election will be held in each common school district in Mills county for the purpose of electing two common school trustees to serve for the ensuing two years.

Notice is given further that in each of commissioners precincts No. 2 and No. 3 there will be elected one member of the County Board of Education to succeed W. G. Welch and Z. D. Kemp respectively, which elected members shall also serve two years.

This notice is given pursuant to an order of said elections made on the 24th day of February, 1913.

S. H. ALLEN, County Judge, Mills county, Texas.

**RUMOR OF NEW DEPOT.**

While there is nothing authentic to be made public at present, it is understood that the Santa Fe will soon begin the erection of a new and modern brick depot west of the site occupied by the old depot. Surveyors have been here recently looking over the ground and making investigations and the rumor seems to be well founded. Certain it is that a new depot is needed, both for the accommodation of the company's business and in keeping with the progress of the town. The move to place the depot on the west side of the track is also a good one, for there is not enough platform room between the depot and the track as the building now stands and people of the business part of town have to cross the track to get to the depot, which incurs extra hazard and inconvenience.

—If you are buying land require the seller to furnish you an abstract of his title, so you may know you are getting a good title. If you contemplate selling your land, have an abstract thereto prepared first, so you will know what kind of title you can make to it, as the purchaser is almost sure to want to know. I have the only complete set of abstracts of the land titles of Mills county and will make your abstracts for a reasonable charge and will help you cure your titles if defective.—E. B. Anderson.

**SOME SNAKES.**

A remarkable rattle-snake story was told the News reporter last week by C. E. Anderson. He works on the Nored ranch and does some trapping. While riding the pasture last week his attention was attracted to what appeared to be the mouth of a cave. Dismounting to make some investigations, he saw a large rattler in a bush near the cave. He proceeded to kill the snake and the disturbance brought a whole cavalry charge of snakes from the near-by brush. He says there could not have been less than 25 to 50 rattlers. Backing off a safe distance, Mr. Anderson permitted them all to take refuge in the cave, after which he approached the cave again and says he could not begin to count the snakes he saw.

What the News man has wondered about is, which time did this man see the most snakes, that evening in the pasture or the night following in his dreams?—San Saba News.

**MOTHERS AND TEACHERS CLUB.**

The Mothers and Teachers club met at the public school building Friday, March 14.

Plans for raising money were discussed.

This being the time for election of officers, the following officers were elected: Mrs. Sam Allen, president; Mrs. Aaron Moore, first vice president; Miss Clyde Lowie, second vice president; Miss Zella Prater, secretary; Mrs. Edgar Martin, assistant secretary; Mrs. J. C. Street, corresponding secretary; Miss Helen Woody, treasurer; Miss Mamie Kelley, reporter.

The next regular meeting will be at the school building April 11. Every one interested in the improvement of the school has a special invitation to be present. —REPORTER.

**GOOD ROAD WORK.**

Mr. J. D. D. Berry and force of men and teams have made rapid progress on the Hanna Valley and Ebony road and have crossed the bayou going west. The work they are doing will make that road one of the best in the county and will be of great benefit to that portion of the county, as well as bring a great deal of trade to Goldthwaite. Many of the people of the section of the county reached by this road have been unable to come to Goldthwaite to do their trading on account of the condition of the road, but this will no longer be a hindrance to them. Not only will this road be made good, but the work being done is of a permanent nature. The commissioners court and Commercial club are entitled to the gratitude of all the people interested in this good road work.

**ESTATE FOR SALE.**

Occasionally there is a flurry among the revolutionists in Mexico and the overthrow of the government seems possible, according to the visionary ideas of those who want the government overthrown. The wise thing for the rebel leaders to do is to make a get-away from the cactus land and do it quick. The old veteran Diaz will soon be the power behind the throne in that nation and his record proves that he gives mighty little comfort to his opponents. The rebels in Mexico have about as much chance of success as a sheep would have in making an attempt to kill a butcher.

### LEGISLATIVE NOTES

The house committee has reported favorably on bill by Humphrey and Fuller to supplement the Webb liquor bill. The Texas bill forfeits the charter of any common carrier transporting interstate shipments of liquor into Texas local option territory and provides felony punishments for all employees participating in such shipment.

The woman's property rights bill finally passed the senate and is now in the hands of the governor. It will become a law unless the chief executive exercise the veto power. An effort on the part of opponents of the bill is being made to bring about this result.

The Wagstaff bill, providing that vendor's lien notes shall lapse four years after becoming due and cease to be a cloud on land titles, was passed by the house to engrossment.

The Collins senate bill, providing for an employer's liability and workmen's compensation has been reported favorably by the house committee. It provides for a commission of three, the elimination of the contributory negligence feature, the administration of the law and provides for a general fund supported by manufacturers, factory owners, etc., out of which all claims shall be paid. Railroads are the only class of industries exempted under the bill.

During the present session of the legislature the governor has signed sixty-four bills and vetoed one—the Katy merger—which was afterwards repassed. Among those signed was the anti-club bill making it a felony to sell liquors outside of certain prescribed limits.

The House bill authorizing counties to issue bonds for hospital purposes was finally passed by the senate.—Commercial Secretaries.
